CASE NUMBER: 14092313CH0925E

NID: PROPOSED CLOSURE AND REHABILITATION OF LANDFILL SITE LOCATED ON REM FARM 183, FARM MORGENSTER PTN 2 OF 203, REM FARM VELDWAGTERS RIVER FOUND OFF THE R310 AND DEVON VALLEY ROAD, STELLENBOSCH

The matter above has reference.

Your NID received on 25 September 2014 was tabled and the following was discussed:

1. HWC will require further studies as per the recommendation of the specialist.
2. A visual impact study, cultural landscape study as well as the mapping of heritage resources, particularly the historic structures, to inform contextual impacts.

1. Since there is reason to believe that heritage resources will be impacted upon, HWC requires an HIA in terms of S. 38(3) of the NHRA (Act 25 of 1999) assessing the impacts on the following heritage resources which it has identified; Visual impact, cultural landscape and historic structures.
2. An HIA is required consisting of a visual impact assessment, a cultural landscape study and a built environment study consisting of mapping the historic structures in the area as well as any other heritage resources.
