This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B- BBEE) Status Level of Contribution

NB:

Before completing this form, bidders must study the general conditions, definitions and directives applicable in respect of B-BBEE, as prescribed in the Preferential Procurement Regulations, 2017.

GENERAL CONDITIONS

The following preference point systems are applicable to all bids:

the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

- a) The value of this bid is estimated to not exceed R200 000 (all applicable taxes included) and therefore the 80/20 preference point system shall be applicable; or

Points for this bid shall be awarded for:

Price; and

B-BBEE Status Level of Contributor.

The maximum points for this bid are allocated as follows:

	POINTS
Price	80
B-BBEE status level of contribution	20
Total points for Price and B-BBEE must not exceed	100

Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

DEFINITIONS

“**B-BBEE**” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

NAME OF BIDDER

CERTIFICATE OF INDEPENDENT BID DETERMINATION

This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

- a. take all reasonable steps to prevent such abuse;
- b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
- c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:-

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by Stellenbosch Municipality do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:-
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:-
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

8. Inducements, rewards, gifts and favours to municipalities, officials and other role players
No person who is a provider or prospective provider of goods or services, or a recipient or prospective recipient of goods disposed or to be disposed of may either directly or through a representation intermediary promise, offer or grant any inducement or reward to the Stellenbosch Municipality for or in connection with the award of a contract;
9. The accounting officer must promptly report any alleged contravention of subparagraph (1) to the National Treasury for considering whether the offending person, and any representative or intermediary through which such person is alleged to have acted, should be listed in the National Treasury's database of persons prohibited from doing business with the public sector.
10. The bid must clearly indicate quotation number, properly sealed and deposit in the bid box on or before closing date and time.
11. A valid tax clearance certificate or valid Tax Compliance System (TCS) PIN numbers must be submitted with the bid. Bidders who are registered on the municipality's supplier database whose tax matters are in order, do not need to submit a valid tax clearance certificate with their bid. However, the onus is on the bidder to confirm with the Supply Chain Unit whether or not his/ her tax clearance certificate and / or TCS PIN number that was submitted with their supplier application form will be valid at the time of bid closing and award.
12. Bids shall be declare invalid, and shall be endorsed and recorded as such in the bid opening record by the responsible official to open the bid, in the following instances:
 - (a) if the bid is not completed in non-erasable ink; or
 - (b) if the name of the bidder is not stated, or is indecipherable
13. The official bid document must be fully completed in indelible ink. Where information requested does not apply to the bidder and the space is left blank, the bidder must provide written clarification.
14. All requested relevant and/ or additional documentation such as compliance certificates, professional registration, artisan qualification, etc., must be attached behind the bid document.
15. The bidder must be in good standing to do business with the public sector in terms of Regulation 38 of the Municipal Supply Chain Management Regulations (Government Gazette 27636 of 6 May 2005).
16. If the entity submitting a bid is a joint venture or consortium or partnership, each party to that formation must submit all the above information.
17. The bidder must adhere to the pricing instructions.
18. The Bidder's details must be provided.
19. The necessary document authorising the representative to sign and submit the bid on the bidder's behalf must be completed and signed.
20. The declaration of interest by the bidder must be completed and signed.

21. The bid must comply with all the minimum technical specifications.
22. The MBD 8 (bidders past supply chain management practices) must be completed and signed.
23. The MBD 9 (certificate of bid determination) must be completed and signed.
24. Alternative offers may be submitted by the bidder. The municipality is under no obligation to accept alternative offers.
25. EVALUATION OF BIDS
All bids received shall be evaluated in terms of the Municipal Supply Chain Management Regulations, the Preferential Procurement Policy Framework Act no 5 of 2000 and the Preferential Procurement Regulations of 2017.
26. The municipality reserves the right to accept all, some, or none of the bids submitted — either wholly or in part — and it is not obligated to accept the lowest bid.
27. The municipality reserves the right to downward adjust the scope of work to stay within its budgetary constraints

THE SERVICE SPECIFICATION

The equipment as specified in the Scope of Services is to be robust, aesthetically pleasing but fit for high traffic areas. Suppliers must give due consideration to solutions that will reduce product abuse, theft and deter vandalism pertaining to a public environment.

PERFORMANCE LEVELS REQUIRED AND PENALTIES

Maintenance must include the supply of all labour and maintenance apparatus necessary to complete all listed activities below:

- Monitoring and repair of the irrigation system;
- Checking and replacing of tree stakes and ties;
- Disease and insect pest control;
- Pruning and shaping;
- Weeding and forking over;
- Fertilizing of plants;
- Litter removal and sweeping of roads;
- Maintenance of the fountain as well as filling up the water/cleaning the fountain and provision of chemicals for the maintenance of the fountain and pump station once a month for the following:
 - Maintain water fountain and pump station by:
 - Checking electrical wiring for burning wires.
 - Check cage if locks are in proper order.
 - Check cage itself for roof attachment and overall cage.
 - Check water reversal tap for smooth operation.
 - Check paint work inside water fountain features and repair if necessary.
 - Check feature lights for smooth operation.
- Replacement of dead plants and final inspection; and
- Control of weeds

A proposed schedule for maintenance must be submitted for approval with the necessary tender documentation. Maintenance personnel with a trained foreman must visit the site at least once per week or as many times to complete the work to satisfaction of the Centre Management. The bidder must indicate in the proposed schedule the number of personnel that will be present on site during the maintenance visits and which specific day/s of the week will be allocated for the maintenance.

Monthly inspections must be held between the Centre Management and the successful bidder. Thereafter the Centre Management must compile a defects list for the bidder to rectify. These defects must be rectified within two (2) weeks to the satisfaction of the Centre Management. Should the work not be completed within this time frame, a pro rata sum must be deducted from the monthly payment certificate.

WATERING, MONITORING AND REPAIR OF THE IRRIGATION SYSTEM

The bidder must inspect the irrigation system during each maintenance visit. The bidder must ensure that all parts of the system are functioning properly, that sprinkler nozzles are not blocked and that the nozzles are spraying in the correct direction. Any malfunction or damage must be immediately reported to the Centre Management in order to obtain approval for the rectification thereof. Should the malfunction / damage not be immediately

rectifiable, the bidder must hand water all areas until such time as the irrigation is fully operational again. Such hand watering must be of a sufficient volume and frequency to maintain the healthy vigorous growth of the plants.

STAKES AND TIES

The bidder must ensure that all stakes are rigid, vertical and in good condition and that ties are intact. Where a tie or stake is causing damage to a tree, the bidder must remove and immediately replace the tie/stake. Where stakes are found to have rotted, or have broken but are still required, these must be replaced by the bidder at his own expense. When it becomes apparent that a tree no longer requires staking, this must be agreed with the Centre Management and the stake removed.

DISEASE AND INSECT PEST CONTROL

CHECKING

The bidder must inspect all plants twice a month for disease or insect attack. The following recommendations regarding checking and/or common pests and diseases on specific plants are applicable:

Trees: In Autumn, monitor for bud mite. Control ants at all times as this will restrict pests and diseases. Monitor and Control Psylla. Additional pests and diseases include American bollworm, aphids, Australian bug, codling moth, nematodes, scale insects, thrips, black spot and powdery mildew.

Trees: olive beetle, olive fly, olive tingitid, scale, leaf roller, anthracnose, olive leaf spot
Aphids, chafer beetles, CMR beetles, fruit beetles, tip wilters, black spot, mosaic and powdery mildew.

CONTROL

On discovery and identification of any disease or insect pest infestation on any plant other than the olives, the bidder must submit the proposed method of control to the Centre Management for approval prior to its application. Where the disease or pest affects any of the olive trees, the bidder must contact an independent olive consultant who then inspect the trees and recommend a course of action. However, the bidder must allow for spraying the olives against beetle once a month in the growing season. After pruning in August, the roses must be sprayed with lime sulphur at a ratio of 1L lime sulphur to 10L water (back pack sprayer = 2L lime sulphur to 20L water). Herbicides and pesticides must be used in strict accordance with the manufacturer's instructions. Payment to the Contractor for this item must only be made if and when spraying is undertaken.

PRUNING AND SHAPING

GENERAL

Plant material must be kept free from dead wood, broken branches, dead flower heads or otherwise harmful or objectionable branches or twigs. Only sharp tools, designed for pruning, must be used, i.e. secateurs and / or loppers.

WEEDING AND FORKING OVER

All planted areas must be maintained in a weed free condition and the beds must be regularly forked over. Care should be taken not to damage existing services or disturb the root system of the plants but to adequately break up the soil to allow water penetration, and to remove all weeds including both aerial and sub-surface parts. Care should be taken not to bury groundcovers or shrubs or to damage them in any way. Any plants damaged in this manner must be replaced at the bidder's own cost.

Weeds and stones or other deleterious material exceeding 50mm in diameter that is brought to the surface during the forking must be removed from site to a licensed dumpsite at the end of the day. The planted beds must be left neat and tidy after each weeding operation.

FERTILIZING OF PLANTS

GENERAL

The bidder must supply and spread 3:1:5 at a rate of 60g/sqm to all planted areas other than the Citrus, Olive trees and Roses once during the maintenance period. The bidder must water the planted areas thoroughly after the fertilizer application.

The bidder must apply the fertilizer on wind-free days during the early morning or late afternoon.

LITTER REMOVAL AND SWEEPING OF ROADS

The bidder is not responsible for the daily removal of litter, but should remove litter accumulating on paving or in shrub areas during normal maintenance operations. All litter and rubbish collected in this manner must be removed from site.

On each maintenance visit, the bidder must inspect the roads for soil which may have been washed onto them from the plant beds. Where this has occurred, the bidder must sweep the roads.

MAINTENANCE OF LAWN AREAS

Mowing of Lawn

Lawn must be cut regularly with acceptable and modern petrol, electric or diesel lawnmowers fully equipped with a bin. Blades must be sharpened regularly. Blades must not be set higher than 30mm and all grass cuttings must be removed from the site unless the Landscape Architect determines otherwise.

Any form of stone or other deleterious material on the surface should be picked up and removed from the site before mowing the lawn. Grass must only be mowed when dry, except if rainy weather continues and mowing becomes essential.

If incorrect or inefficient methods or machinery, in the Centre Management's opinion, are used, without relieving the bidder from his obligations and without additional cost, instructions must be given to use the correct mowing machines.

Grass may only be mowed during normal acceptable working hours, unless permission was granted, in advance, by the Centre Management for mowing after normal working hours.

Grass must be mowed, for the first time, when shoots are 100mm long, unless otherwise specified on the drawings or elsewhere.

Cutting of edges

All lawn edges must, where bordering paving, paths, structures, kerbs, poles and fences, planted areas, etc., be cut or trimmed neatly with secateurs or edge cutters.

In case of shrub beds, the Contractor must ensure that the original shape of the beds is maintained, and that the edges are kept true to line and level. The Contractor must be expected to repair edging damage due to careless trimming.

MULCHING AND TOP DRESSING

The material used as the top layer must be weed-free topsoil. Grass must be mown first and all grass cuttings must be removed before the top dressing is applied.

The top dressing must be applied in a layer not more than 20mm thick and preferably not less than 5mm. The top layer must be neatly finished off by mixing it into the grass runners with a drag and then with a rake and straightedge. No ridges or hollows must be present when tested. If necessary, fertilizer specified by the Centre Management must be mixed into the top layer before application.

The Contractor must, for tender purposes, make provision for the mixing and application of top layers, material being in accordance with the Bill of Quantities for the contract.

REMOVAL OF WEEDS

Unless otherwise determined by the Centre Management, any weed on lawns must not be removed with normal mowing but must be pulled out by hand and removed from the site.

Weeds of any description in beds and other areas must regularly be hoed or pulled out by hand and removed from the area.

Weed-killer must be used only with the written permission of the Centre Management.

The Contractor must take precautions against weeds or foreign grasses being brought on site with organic material.

SUPPLEMENTARY PLANTING OR SOWING OF GRASS

Any bare patches larger than 0,25m must be corrected by the supplementary planting of additional roots of existing species. Such bare patches, before planting or sowing, must be broken up and thoroughly fertilized in accordance with the specifications applicable to the relevant areas. This must be done at the Contractor's cost.

Any bare patches arising as a result of instructions by the Centre Management to correct work must be planted or sown by the Contractor in accordance with specifications.

The Contractor must make provision for the aeration of planted areas as necessary.

Aerating must be by means of garden forks or other approved apparatus. Established services must not be damaged.

MAINTENANCE OF WATER FEATURES

The Contractor must inspect all water features during each maintenance visit. Any malfunction or damage must be immediately reported, in writing, to the Centre Management.

PLANT REPLACEMENTS AND FINAL INSPECTION

During the maintenance period, all plant material found dead or not in a healthy, satisfactory growing condition or which in any other way does not meet with the requirements of the specifications, must be replaced by the Centre Management at the client's expense. This excludes all damages due to vandalism, theft or public negligence. All required replacements must be with plants of the same size and species as specified and must be supplied and planted in accordance with the drawings and specifications.

All surplus materials, waste, etc. must be removed from site. Every part of the work is to be left in a sound condition, free from any defects whatsoever, and to the entire satisfaction of the Centre Management.

MAINTENANCE STAFF

All staff must wear suitable, neat uniforms that clearly indicate the company name. In addition, all staff members must, at all times, possess an identification tag which includes a photograph of the staff member, the staff member's name and the bidder's company name. This is essential for purposes of security control and staff without proper identification will be refused entry to the site. Workers must be provided with whatever protective clothing is necessary, of a size that suits each individual best. Staff must bring raincoats to work during the rainy season.

Staff must be overseen at all times by a supervisor with suitable horticultural knowledge. Staff may not enter any area which is not clearly work-related and their movement on the site must at all times be supervised. No staff must be allowed to stay on the site after working hours.

Employees need to be appointed from the local unemployment database that resides within the area on an Expanded Public Works Programme basis. The total of three employees needs to be appointed on an EPWP basis on the following criteria:
