Meeting Date: 20 June 2018

1. SUBJECT: ADOPTION OF COMMUNICATION POLICY

2. PURPOSE

It further provides a summary of the Communication Policy’s purpose and addresses financial, legislative and staff implications.

3. DELEGATED AUTHORITY

4. EXECUTIVE SUMMARY

The Municipality has made steady improvements in its attempts to streamline and formalise its communications with residents, businesses and other stakeholders. Ensuring that the right messages reach the intended audiences on the most appropriate platforms is an on-going task, which we aim to execute successfully with the guidance of this policy.

The aim of this Policy is to ensure that all forms of communication takes place in a well-coordinated and professional manner. This will allow us to consistently design clear and uniform messages that are able to support the realisation of the Municipality’s Strategic Objectives.

The Communication Policy seeks to ensure that the Stellenbosch Municipality acknowledges the importance of Communication as a strategic management function and a fundamental part of its daily functioning. The Policy will guide all communication efforts, ensuring that they are always aligned to our vision, mission and values. The new policy is a newly drafted policy and not a review of the current Policy.

The Policy will provide clear procedural direction for the Communication Department and streamline communication efforts. It furthermore aims to provide direction and guidance on how the Stellenbosch Municipality conducts both internal and external communication, to promote –

• an informed and empowered workforce;
• public participation and effective two-way communication between the Municipality and all external stakeholders; and

• the Stellenbosch Municipality brand as a whole.

The policy served before the Executive Mayoral Committee meeting in May 2018 and was referred to the portfolio committee for consideration and to make recommendations to the Executive Mayor before it is recommended to Council.

RECOMMENDATIONS FROM CORPORATE AND STRATEGIC SERVICES COMMITTEE MEETING TO THE EXECUTIVE MAYOR: 2018-06-20: ITEM 5.1.1

(a) that the Mayoral Committee adopts the new Communication Policy; and

(b) that the new policy replaces the Communication Strategy approved in June 2015.

Collaborator No: 
IDP KPA Ref No:  Good Governance 
Meeting Date:  2 September 2019

1. SUBJECT: ADOPTION OF REVISED SYSTEM OF DELEGATIONS

2. PURPOSE

To submit the proposed amended System of Delegations for discussion at the Section 80 committees to provide feedback to MAYCO and Council on any inputs on the delegations that affects the functions of the specific section 80 committees.

3. DELEGATED AUTHORITY

Council to approve.

4. EXECUTIVE SUMMARY

In terms of section 59 of the Local Government: Municipal Systems Act, 32/2000, a Municipal Council must develop a System of Delegations that will maximize administrative and operational efficiency and provide for adequate checks and balances, and, in accordance with such system, may:

(a) delegate appropriate powers excluding the powers referred to in section 160(2) of the Constitution, the power to set tariffs, to decide to enter into a service delivery agreement in terms of section 76(b), to approve or amend the Municipality’s IDP, and any other provision in legislation conferring the powers to Council alone. The delegations may be made to any of the Municipality’s political structures, political office bearers, councillors or staff members;

(b) instruct any such political structure, political office bearer, councillor, or staff member to perform any of the Municipality’s duties; and

(c) withdraw any delegation or instruction.

Section 59(2)(f) provides, inter alia, that the system of delegations developed in terms of section 59(1) by Council must be reviewed when a new council is elected.
The current system of delegations was approved by the previously elected Council. The current Council did not adopt the System of delegations – the Speaker ruled on 15 August 2016 to “Note the existing System of Delegations”. Council has not fulfilled its obligation in terms of section 59(2)(f) to review the system of delegations after its election in 2016. A revised system of delegations has been tabled after the election but was not considered.

The Delegations have been revised in its totality and a new format was used in an attempt to link legislation and the different authorities to whom delegations are made. The changes as discussed at the workshop on 13 February 2018 are included in the attached document.

Council considered the delegation on 28 August 2019 and the following ruling was made by the Speaker:

**30TH COUNCIL MEETING: 2019-08-28: ITEM 11.2.3**

(b) that the section 80 committee consider the provisions of delegations in regard to the functions relevant to the committee and provide input at the meeting for consideration.

6. **DISCUSSION / CONTENTS**

6.1 **Background**

In terms of section 59 of the Local Government: Municipal Systems Act, 32/2000, a Municipal Council must develop a System of Delegations that will maximize administrative and operational efficiency and provide for adequate checks and balances.

6.2 **Discussion**

In terms of Section 59(2)(f), such System of Delegations must be reviewed when a new Council is elected.

The Local Government elections took place on 3 August 2016 and a System of Delegations was tabled at the first Council meeting on 15 August 2016. The recommendation to adopt the delegations was not approved and the Speaker ruled that Council NOTED the existing System of Delegations. The last time that the delegations were reviewed was in 2015.

In terms of section 59 of the Local Government: Municipal Systems Act, 32/2000, a Municipal Council must develop a System of Delegations that will
maximize administrative and operational efficiency and provide for adequate checks and balances, and, in accordance with such system, may:

(a) delegate appropriate powers excluding the powers referred to in section 160(2) of the Constitution, the power to set tariffs, to decide to enter into a service delivery agreement in terms of section 76(b), to approve or amend the Municipality’s IDP, and any other provision in legislation conferring the powers to Council alone. The delegations may be made to any of the Municipality’s political structures, political office bearers, councillors or staff members;

(b) instruct any such political structure, political office bearer, councillor, or staff member to perform any of the Municipality’s duties; and

(c) withdraw any delegation or instruction.

The current system of delegations was approved by the previously elected Council in 2015. The current Council did not adopt the System of delegations – the Speaker ruled on 15 August 2016 to Note the existing System of Delegations.

The Delegations must be reviewed in order to align with, amongst others:

- Municipal Assets Transfer Regulations;
- Preferential Procurement Regulations; and
- Cost Containment Regulations.

The Delegations have been revised in totality and a new format was used in an attempt to link legislation and the different authorities to whom delegations are made in order to make it more user friendly. It is therefore not possible to show individual changes as it was changed as a whole.

The Directors all made their inputs in regard to their functional fields. To comply with the legal directive of maximizing administrative and operational efficiency, a high degree of sub-delegations to Directors, Managers, Heads of Departments and other senior employees are provided for. Although every effort was made to ensure that the new proposed system of delegations is accurate and incorporates the delegations, it may be that certain minor administrative overlaps and omissions can be identified.

There are policies and by-laws that are currently under review and those have not been included in the System of Delegations. It is therefore recommended that when a new policy or By-law is approved, the delegations are approved with it and then administratively added to the System of Delegations.

A workshop with Councillors took place on 13 February 2018. The changes as discussed at the workshop are included in the attached document.

6.3 Financial Implications

As per the approved budget.

6.4 Legal Implications

Compliance with Section 59(1) of the Systems Act and various other legislative measures as listed in the definitions and interpretations contained in part 1 of the System of Delegations.
6.5 **Staff Implications**

If any additional staff has to be appointed permanently it will only be done within the framework of a Council-approved structure and with the necessary budgetary provisions.

6.6 **Previous / Relevant Council Resolutions**
