**NOTICE NUMBER: 1/2022**  
**NOTICE FOR ADENDORFF, GORRIDON, BLOEKOM AND MARTIN STREET**

Dear Client

Stellenbosch Municipality will be upgrading the electrical overhead network in your area. We will be replacing overhead lines with aerial bundle conductors. We apologise for any inconvenience caused by these upgrades. The upgrading entails the replacement of old open lines with new insulated aerial bundle conductors.

You will be notified in advance of any power interruptions in your area.

All driveways damaged by us for cable installation will be repaired by the Municipality.

The overhead service connections are unfortunately the owner's responsibility. To accommodate the owners, the Municipality will supply and install new cables free of charge up to the erf boundaries as part of the project.

**The project is estimated to be completed within 3 months from date of this notice**

Contact person: Superintendent: Greg Nimb  
Contact no: 021 808 8300 or Whatsapp 0769510768  
Email: engineering.services@stellenbosch.gov.za

Please accept our apology for any inconvenience.

**Municipal greetings**

  
Deon Louw (Pr Eng)  
DIRECTOR: INFRASTRUCTURE SERVICES

**KENNISGEWING NOMMER: 1/2022**  
**KENNISGEWING RAKENDE ADENDORFF, GORRIDON, BLOEKOM AND MARTIN STRAAT**

Geagte Inwoner

Stellenbosch Munisipaliteit sal binnekort begin met die opgradering van die oorhoofse elektriese netwerk in u area. Die oorhoofs bedrading sal met nuwe geïsoleerde bondel geleiers vervang word.

U sal vroegtydig in kennis gestel word indien daar enige onderbrekings in die kragtoever na u area gaan wees.

Alle opritte wat deur ons beskadig word, sal deur die Munisipaliteit herstel word. Indien u reeds hulse (pype) onder opritte het, kontak asb ons ondergenoemde Superintendent.

Die opgradering behels die vervanging van oop uit gediende en onooglike oorhoofse geleiers met nuwe geïsoleerde bondel geleiers.

Die oorhoofse huishoudelike aansluitings is ongelukkig die eienaar se verantwoordelikheid. Om eienaars te akkommodeer sal die Munisipaliteit nuwe toevoer kables gratis tot op die erf grens verskaf en installeer as deel van die projek.

**Die projek sal ongeveer 3 maande duur vanaf datum van hierdie kennisgewing.**

Verskoning vir enige ongerief word hiermee aangebied.
