3. DISCUSSION

3.1 Public Participation Process

Before the Council can make a final decision whether rights to municipal property can be transferred, the Municipal Manager must first conduct a public participation process in terms of the Asset Transfer Regulations, Regulation 35.

3.2 Information Statement

In terms of Regulation 35, when the Municipal Manager makes the proposal to grant the relevant long term right(s) for the potential leasing of the Van der Stel Facility, the Information Statement referred to in Regulation 34 must be publicly advertised.

In terms of Regulation 34 an Information Statement must consist of the following:

- a) the reason for the proposal to grant a long-term right to use, control or manage the relevant capital asset.
- b) any expected benefit to the municipality that may result from the granting of the right.

- c) any expected proceeds to be received by the municipality from the granting of right; and
- d) any expected gain or loss that will be realised or incurred by the municipality arising from the granting of the right.

3.2.1 Reason(s) for the proposal to grant a long term right to use, control or manage the Van der Stel Sport Facility

- a) The daily management and maintenance of the various municipal sport facilities requires dedicated maintenance staff and maintenance funds to ensure the operational viability of these facilities. Currently, the Stellenbosch Municipality does not have the required operational infrastructure to deliver this standard of service.
- b) The proper maintenance of the Van der Stel Sport Facility is in the best interest of Council and the Stellenbosch Sport Community.
- c) The management and utilisation of the sport facility as a centre of service excellence to the sport and business industries presents the municipality with an opportunity to make the Van der Stel facility self-sustainable in terms of its maintenance requirements as well as additional infrastructure investment as and when required.
- d) A professionally managed facility has the potential to attract new customers, new sport codes and international sport tourists to Stellenbosch.

3.2.2 Expected benefits to the municipality that may result from the granting of the rights

- a) The management and development of the Van der Stel Sports facility will result in savings on maintenance costs and staff, while at the same time providing the broader Stellenbosch Community with a world class sport facility.
- b) The optimal utilization of the properties may produce additional income for the municipality which may enable the municipality to repair and maintain the properties to an acceptable standard.
- c) The professional management of this facility may attract potential investors.
- d) Possible capital investment will improve the facility and raise the service offerings to potential customers.
- e) A professional management company will be appointed.
- f) The facility will have the ability to attract world class sport men and women.
- g) A facility of international standard will attract more sport tourists to Stellenbosch.
- h) An income at Van der Stel sport facility will be generated that can be used to upgrade and maintain other sports facilities within Stellenbosch (WC024).

3.2.3 Expected proceeds to be received by the Municipality form the granting of the rights

- a) The municipality will receive a monthly market-related rental income for the properties and negotiate a profit-sharing agreement on non-sport events and activities
- b) Community-based sport will be guaranteed access to the improved sport infrastructure at Van der Stel.
- c) Economic activities will be encouraged and stimulated.
- d) There will be an opportunity to stimulate sport tourism.

3.2.4 Expected gain or loss that will be realised or incurred by the municipality arising from the granting of the rights

- a) Valuable assets in the ownership of the municipality will be upgraded at no or a reduced cost to the municipality.
- b) The buildings will be properly and adequately maintained in accordance with acceptable standards, at no cost to the municipality.
- c) Less financial pressure on the municipality's capital and operating budgets.
- d) Stimulus of economic activities for the sport community.
