TOTAL COST OF COUNCILLOR, DIRECTOR and EXECUTIVE REMUNERATION	10	9	27 326 862	936 729	2 791 242	1 398 959		32 453 792

References

1. Pension and medical aid

2. Total package must equal the total cost to the municipality

3. List each political office bearer by designation. Provide a total for all other councillors

4. Political office bearer is defined in MFMA s 1: speaker, executive mayor, deputy executive mayor, member of executive committee, mayor, deputy mayor, member of mayoral committee, the councillor designated to exercise powers and duties of mayor (MSA s 57)

5. Also list each senior manager reporting to MM by designation and each official with package >= senior manager by designation

6. List each entity where municipality has an interest and state percentage ownership and control

7. List each senior manager reporting to the CEO of an Entity by designation

8. Must reconcile to relevant section of Table SA24

9. Must reconcile to totals shown for the budget year of Table SA22

10. Correct as at 30 June

References

1. Positions must be funded and aligned to the municipality's current organisational structure

2. Full Time Equivalent (FTE). E.g. One full time person = 1FTE. A person working half time (say 4 hours out of 8) = 0.5FTE.

3. s57 of the Systems Act

4. Include only in Consolidated Statements

5. Include municipal entity employees in Consolidated Statements

6. Include headcount (number fo persons, Not FTE) of managers and staff only (exclude councillors)

7. Managers who provide the direction of a critical technical function

8. Total number of employees working on these functions

9. Correct as at 30 June

10. Must account for all budgeted positions, as per the municipal organogram

References

1. Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTREF it is now directly linked to A7.

STELLENBOSCH MUNICIPALITY

PROPERTY TAX RATES FOR THE PERIOD 1 JULY 2022 TO 30 JUNE 2023

For the applicable provisions refer to the approved Rates Policy and Special Rating Areas Policy of the Municipality

PROPERTY RATES:

Property rates are levied in terms of Section 14(1) of the Local Government : Municipal Property Rates Act 6 of 2004 (the MPRA)

Category of Property		Tariff
Residential	R	0.004759
Industrial	R	0.010469
Business and Commercial	R	0.009993
Agricultural	R	0.001189
Mining	R	0.010945
Public Service Purposes	R	0.009993
Public Service Infrastructure	R	0.001189
Public Benefit Organisation	R	0.001189
Heritage	R	0.003807
Vacant Residential	R	0.009518
Vacant Other (not Residential nor Agricultural)	R	0.019035
Multiple Use Purpose (Each Component is categorised and rated as per above)		Multi Tariff

SPECIAL RATING AREAS (SRA):

Additional rates, for each SRA as approved by Council, are levied in terms of Section 22(1) of the MPRA

Special Rating Area		Tariff (Excl VAT)		Tariff (Incl VAT)
Jonkershoek	R	0.0008713	R	0.001002
Technopark	R	0.0015060	R	0.001732

Relief measures for Special Rating Areas may be granted according to the approved Special Rating Area Policy.

RELIEF MEASURES:

Relief Measures are generally described in paragraph 8 of approved Rates Policy, and will be granted according to the approved Rates Policy. This includes the specific undermentioned relief measures:

1. Gross Monthly Household Income (Qualifying Senior Citizens & Disabled Persons)

A rebate as per the table below may be granted as per paragraph 8.3 of the approved Rates Policy

Gross Monthly Household Income (Income bands)				% Rebate
Up to			R 8 000	100%
From	R 8 001	To	R 10 000	75%
From	R 10 001	To	R 12 000	50%
From	R 12 001	To	R 15 000	25%

2. Municipal Valuation Threshold

On qualifying residential properties, up to a maximum valuation of R 250 000, which amount includes the R15 000 as per Section 17(1)(h) of the MPRA and the R 235 000 Reduction granted as per paragraph 8.2.1(ii) of the approved Rates Policy.

3. Stellenbosch Special Rebates

A rebate of 20% may be granted as per paragraph 8.6 of the approved Rates Policy.

STELLENBOSCH MUNICIPALITY

Industrial Medium Voltage (IND 2.1): Renewable Energy - Generation for own use and export		
Tariff similar as IND2		
Fixed Charge per month	4 230.48	**4 564.69**
Reading cost R/pm	96.34	**103.95**
Import		
Energy Rate (c/kWh)	117.39	**126.66**
Notified Maximum Demand Charge (R/kVA)	53.59	**57.82**
Maximum Demand Charge (R/kVA)	300.15	**323.86**
Reactive Energy Rate (c/kVArh)	-	**-**
Export		
Low Season		
Peak c/kWh	126.02	**135.98**
Standard c/kWh	86.72	**93.57**
Off Peak c/kWh	55.02	**59.37**
High Season		**-**
Peak c/kWh	386.34	**416.86**
Standard c/kWh	117.05	**126.30**
Off Peak c/kWh	63.56	**68.58**

	Approved 2021/2022	Application 2022/2023
PLEASE NOTE, FOR ALL TARIFFS WHERE THERE IS A MAXIMUM DEMAND CHARGE AS PART OF THE TARIFF: In the event that the access demand or Notified Maximum Demand is exceeded more than once in a municipal financial year, the following additional charges will apply		
1. A 10% of the total Access Demand Charge/Notified Maximum Demand will be added to your municipal account on the 2nd occasion.		
2. A 20% of the total Access Demand Charge/ Notified Maximum Demand will be added to your municipal account on the 3rd occasion.		
3. A 30% of the total Access Demand Charge/ Notified Maximum Demand will be added to your municipal account on the 4th occasion.		
4. On the 5th occasion the municipality reserves the rights to disconnect your electricity supply and only when the electricity supply has been upgraded and bulk levy contribution paid will the supply be restored.		
* Occasion refers to the number of times/events the Access Demand/ Notified Maximum Demand has been exceeded		
5. Municipal		
Municipal: Street and Traffic lights (MUN1)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	271.77	**293.24**
Municipal: Low Voltage <80 Amp (MUN2)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	247.03	**266.55**
Municipal: Low Voltage >80 Amp (MUN3)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	113.23	**122.18**
Maximum Demand Charge (R/kVA)	335.20	**361.68**
6. Non Profit Organisations		
Non Profit Organisations : Single Phase 20 Amp Prepaid (NPO1)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	272.51	**294.04**
Non Profit Organisations : Low Voltage Max 60 Amp Prepaid SARS Approved (NPO2)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	261.44	**282.09**
7. Sport		
Sport: Low All Consumers (<80A) and Prepaid (SPO1)		
Fixed Charge per month	-	**-**
Energy Rate (c/kWh)	231.62	**249.92**
Sport: High Consumers (>80A) Maximum Demand (SPO2)

* Occasion refers to the number of times/events the Access Demand/ Notified Maximum Demand has been exceeded

9. External Wheeling

Customer received power at low voltage (<400V) in c/kWh	25.95	**28.00**
Customer received power at medium voltage (>400V) in c/kWh	22.48	**24.26**

10. Generation for Own Use

Customers that want to connect an Own Generation for Own Use only system to the municipal electrical grid without being compensated for reverse power flow can remain on their current tariff and continue to use their current meter.

11. Generation for Own Use and Export

Customers that want to connect an Own Generation for Own Use and Export system to the municipal electrical grid and who want to be reimbursed will have to do the following:

1 The Municipality shall provide and install the requisite meters at the customer's cost.
2 The customer will stay on the existing purchase tariff.
3 For reimbursement the basic charge will be increased to include the automated meter reading cost.
4 The reimbursement will only be for the export energy.
5 Customer not allowed to generate more than his total consumption per financial year.

12.Availability Fees (Per Annum)

Availability	**3 580.74**	**3 863.62**

Waar 'n familie as behoeftige geregistreer is by die Munisipaliteit, kan die familie (slegs naaste familie) kwalifiseer vir 50% afslag, na goedkeuring van die relevante Direkteur, op die tarief vir 'n grafperseel. Die familie of delegasie moet skriftelik aansoek doen en rig aan die betrokke Direkteur. Hierdie vergunning is slegs van toepassing Maandae tot Saterdae- Vakansiedae uitgesluit. Plaaswerkers: brief ter bevestiging van plaaseienaar. When a family has been registered as an indigent beneficiary at the Municipality, the members of the family (not including extended members) qualifies for 50% discount, after approval by the relevant Director, on the tariff of a gravesite. The family or a delegate must apply in writing to the relevant Director. This concession is only applicable Mondays to Saterdays, excluding Public Holidays. Farm workers: must provide written confirmation from the farm owner.

The following groups have been identified for the discounted tariffs:

(i) Schools located within the WC024 for an official school function: discounted tariff of 30% on the rental of a hall for the function to a maximum of one (1) function per financial year. Deposit fees must be paid in full.

(ii) Churches located within WC024 for an official church function: discounted tariff of 30% on the rental of a hall for the function to a maximum of one (1) function per financial year. Depost fees must be paid in full. Proof of location/residence will be required.

(iii) Churches using a hall on a regular basis:

a Sermons are limited to 2 (two) hours per Sunday to accommodate other denominations/religious groups at the venue.

b The two Town Halls (Stellenbosch and Franschhoek), are excluded.

c The grant is subject to availability of the hall.

d A formal agreement will be entered into between the parties.

e A once-off deposit fee per financial year applies as per the approved tariffs. If forfeited due to damage, etc, this will have to be repaid before access for the next event/ service will be granted. In addition, a rental fee equivalent to the tariff for 1 day (weekday tariff) applies as a monthly fee. The fee specific to the specific hall will apply.

f To accommodate churches during the week, the halls may be used for a maximum of two (2) additional bookings during the week over and above the Sunday sermon. This will be at no additional charge (included in e) above).

g Furniture will be free of charge, but must be arranged and put back after the sermon by the hirer.

h Due to the constraints on municipal overtime, no municipal officials will be available on weekdays or weekends to perform any supervisory functions or assistance.

(iv) Non-Governmental Organisations: 30% discount on rental of a hall or facility excluding the relevant deposit fees (which must be paid in full). Furniture, kitchen and utensils are free of charge.

(v) Government Departments in other spheres of Government: 30% discount on rental of a hall or facility excluding the relevant deposit fees (which must be paid in full). Furniture, kitchen and utensils are free of charge.

(vi) The six recognised vulnerable groups namely Aged, Disabled, Children, Youth, Women and People living on the Streets: 30% discount on rental of a hall or facility excluding the relevant deposit fees (which must be paid in full). Furniture, kitchen and utensils are free of charge. This discount is not available to individuals but is focused on interest groups representing the vulnerable groups.

(vii) Individual families registered as indigent at the Municipality will be entitled to a 30% discount on rental of a hall or facility excluding the relevant deposit fees (which must be paid in full): Furniture, kitchen and utensils are free of charge. This rebate is for a maximum of one (1) booking per financial year per indigient family and the two Town Halls (Stellenbosch and Franschhoek are excluded).

(viii) Organisations promoting the Greater Stellenbosch: 30% discount on rental of a hall or facility excluding the relevant deposit fees (which must be paid in full). Furniture, kitchen and utensils are free of charge. The following are examples of rebates that will be approved:

Van Der Stel Festival
Wine Festival (Previously Food and Wine Festival)
Flower Show (Stellenbosch and Pniel)
Stellenbosch Festival
Bastille Festival
CANSA sub-organizations within the WC024.

(ix) Free access to municipal halls for youth activities. Provided that prior arrangement is made with the relevant staff.

(x) Free access to municipal halls for Ward Councillors fro functions such as: Meetings, Workshops or any other Ward-related activities. This access will only be granted to a maximum of 2 (two) events per month. This is not transferable for any other festivals, parties, dances, fund raisers, etc.

(xi) The rebates mentioned in paragraphs i), ii), iv), v), vi) and vii) will only be considered for weekdays. All applications must be in writing and submitted to the Director: Community and Protection Services.

(xii) The Director: Community and Protection Services may consider motivated applications for discount in line with the abovementioned and approve rebates.

BRANDWEERDIENSTE/ FIRE SERVICES

BY LAW	OFFENCE	FINE 2021/2022	FINE Excl. VAT 2022/2023	No VAT applicable	FINE 2022/20223
34(1) read with 62(1)	Storage/transport/use/display or permission thereof inside or outside any premises of combustible material or flammable substances in quantities or positions or manner likely to cause a fire hazard or other threatening danger.	R1 600.00	-	0.00	**R 1 600.00**
34(2) read with 62(1)	Permit vegetation to grow/accumulate or other combustible material to accumulate on a premise in a manner likely to cause fire hazard or other threatening danger (owner/person in charge).	R1 600.00	-	0.00	**R 1 600.00**
Lighting of fires and burning of combustible material					
35(1) read with 62(1)	Lighting of fires/disposal of combustible material by burning.	R1 600.00	-	0.00	**R 1 600.00**
35(3) read with 62(1)	Failure to ensure that a cooking fire or flame-emitting device is placed in designated areas in places of entertainment/public assembly so as to prevent a fire hazard or other threatening danger by the owner/person in charge	R1 600.00	-	0.00	**R 1 600.00**
35(4) read with 62(1)	Allowing burning to take place on state land, a farm, a small holding, or land within a proclaimed township that is not utilised for residential purposes, provided that the prior approval is obtained from the controlling authority by the owner/person in charge	R1 600.00	-	0.00	**R 1 600.00**
35(5) read with 62(1)	Entering a municipal nature reserve area, whilst in possession of any flammable substances, fireworks, lighters or matches	R1 600.00	-	0.00	**R 1 600.00**
Dealing in Fireworks					
38(1)(a) read with 62(1)	Dealing in fireworks without possessing the required fireworks license and written authority from the South African Police Services and the Chief Fire Officer.	R1 600.00	-	0.00	**R 1 600.00**
Approval of Fireworks Displays					
40(a) read with 62(1)	Presenting any fireworks display without written authorisation from the Fire Chief	R1 600.00	-	0.00	**R 1 600.00**
40(c) read with 62(1)	Presenting any fireworks display without supervision and control of person in charge at all times	R1 600.00	-	0.00	**R 1 600.00**
40(d) read with 62(1)	Presenting any fireworks display without attendance of suitably qualified explosives expert from the South African Police Services during its entire duration	R1 600.00	-	0.00	**R 1 600.00**
40(e) read with 62(1)	Presenting a fireworks out of a clearly demarcated area of a of at least 50 metres radius for the launching of fireworks, measures been taken to prevent any person not involved in the presentation of the display from entering such launching area and the presence of a pyro technician at all times and is responsible for the discharge of fireworks at such display.	R1 600.00	-	0.00	**R 1 600.00**
CHAPTER 9: FIRE SUBSTANCES					
Storage and use of a flammable substance					
44(1) read with 62(1)	Failure of the owner or person in charge to submit a building plan in accordance with the National Building Regulations to the municipality, prior to the construction of a new installation/alteration of an existing installation either temporary or permanent for the storage of a flammable substance	R1 600.00	-	0.00	**R 1 600.00**
44(1)A read with 62(1)	Failure of the owner or person in charge of an installation for the storage of a flammable substance to produce a copy of the municipal approved plan available at the site where the installation is being constructed	R1 600.00	-	0.00	**R 1 600.00**
44(3) read with 62(1)	Failure to pressure test storage tank/liquid petroleum gas installations/ associated pipework on request from the municipality prior to commissioning (owner/person in charge).	R1 600.00	-	0.00	**R 1 600.00**
44(5) read with 62(1)	Failure to notify controlling authority of alteration that impacts on fire safety of storage tank installation.	R1 600.00	-	-	**R 1 600.00**
44(6)(i)	Storage/use of flammable gas in excess of 19kg flammable gas of a danger group without obtaining flammable substance certificate.	R1 600.00	-	-	**R 1 600.00**
Flammable substance certificate					
45(1) read with 62(1)	Failure to submit application for flammable substance certificate	R1 600.00	-	-	**R 1 600.00**
45(4) read with 62(1)	Failure to renew flammable substance certificate (annual/quantity or class of substance changed)	R1 600.00	-	-	**R 1 600.00**
45(7) read with 62(1)	Supply of flammable substance in respect of premises which is not in possession of a valid flammable substance certificate	R1 600.00	-	-	**R 1 600.00**
45(9) read with 62(1)	Failure to have flammable substance certificate available on premises for inspection.	R1 600.00	-	-	**R 1 600.00**
Permanent or temporary above ground storage tank for a flammable liquid					
46(2)(a) read with 62(1)	Temporary above ground storage tank in excess of 9000 litres/ on premises for period exceeding 6 months/without submitting necessary written application.	R1 600.00	-	-	**R 1 600.00**
46(3) read with 62(1)	Failure to submit rational design for above ground storage tank in excess of 9000 litres	R1 600.00	-	0.00	**R 1 600.00**
46(5) read with 62(1)	Permanent/temporary tank with insufficient ullage to permit expansion by reason of temperature rise during storage.	R1 600.00	-	0.00	**R 1 600.00**
46(6) read with 62(1)	Erection of permanent/temporary tank less than 3,5 metres from boundaries/buildings/other flammable substances/combustible materials.	R1 600.00	-	0.00	**R 1 600.00**
46(7) read with 62(1)	Permanent/temporary tank not located on firm ground level/ground not adequate strength to support mass of tank and contents	R1 600.00	-	0.00	**R 1 600.00**
46(8) read with 62(1)	No bund wall or permanent/temporary tank.	R1 600.00	-	0.00	**R 1 600.00**
46(9) read with 62(1)	Inadequate precautions to prevent spillage during filling of tank.	R1 600.00	-	0.00	**R 1 600.00**
46(10 read with 62(1))	Failure to provide sufficient fire extinguishers in weather proof boxes	R1 600.00	-	0.00	**R 1 600.00**
46(11) read with 62(1)	Failure to provide necessary symbolic safety (above ground tanks)	R1 600.00	-	0.00	**R 1 600.00**
46(12) read with 62(1)	Failure to clearly identify flammable liquid contents with Hazchem placards (above ground tanks).	R1 600.00	-	0.00	**R 1 600.00**
46(13) read with 62(1)	Electrical/internal combustion-driven pump not equipped/positioned to eliminate danger of flammable liquid igniting	R1 600.00	-	0.00	**R 1 600.00**

FORMULA FOR THE CALCULATION OF EFFLUENT DISCHARGE CHARGES (Schedule C of Bylaws)

Discharge Cost = Basic Tariff + COD Surcharge + Substance Limit Surcharge

Discharge Cost = (Vw) (SVC) + (Vie) (T) ((COD - 1000)/1000) + (Vie) (T) (SF)

SVC = Sewerage Volumetric Charge (T + C) in terms of above tariffs (Conveyancy and Treatment)

Surcharge Factor (SF) = ((X - L) / L)

X = Concentration in discharge of one or more of parameters listed in Schedule A of Bylaws

L = Limit of applicable parameter as listed in Schedule A of Bylaws

* Special agreements to be approved by council

DIRECTORATE: INFRASTRUCTURE SERVICES

ASSET MANAGEMENT AND SYSTEMS SECTION WAYLEAVE ADMINISTRATION TARIFFS	Unit	Tariff 2021/22 (Incl. VAT)	Excl. VAT 2022/23	VAT 15%	Tariff 2022/23 (Incl. VAT)	VAT
1.1 Administration fee for a miscellaneous wayleave to use the road reserve for a period of one month or less other than to install an underground service	per application	R 522.50	R 470.24	R 70.54	**R 540.78**	Included
PLUS: Inspection Fee (once-off) For the temporary use of the road reserve for less than one month other than for the installation of an underground service, including for: the placement or storage of an item such as a chemical toilet, container, ladder, scaffolding, mobile crane or materials, pumping of concrete, excavation of trial holes. The fee is payable in advance. PLUS: The cost of all inspections during the course of the wayleave from services verification to the site rehabilitation after construction. The fee is payable in advance	per application	R 1 045.00	R 940.50	R 141.08	**R 1 081.58**	Included
1.2 Administration fee for a wayleave or permit to use the road reserve to install an underground service (total construction duration is less than ten working days)	per application	R 1 045.00	R 940.50	R 141.08	**R 1 081.58**	Included
PLUS: Inspection Fee (once-off) For the use of the road reserve to install a pipe, tunnel, cable or duct for water, electricity, communication, or any other service – where the total construction duration is less than ten working days. The fee is payable in advance. PLUS: The cost of all inspections during the course of the wayleave from services verification to the site rehabilitation after construction. The fee is payable in advance	per application	R 2 090.00	R 1 881.00	R 282.15	**R 2 163.15**	Included
1.3 Administration fee for a wayleave or permit to use the road reserve to install an underground service	per application	R 3 135.00	R 2 821.50	R 423.23	**R 3 244.73**	Included
PLUS: Inspection Fee (per month, based on the total construction duration) For the use of the road reserve to install a pipe, tunnel, cable or duct for water, electricity, communication, or any other service. The fee is payable in advance. PLUS: The cost of all inspections during the course of the wayleave from services verification to the site rehabilitation after construction. The fee is payable in advance	per month of construction, per application	R 2 090.00	R 1 881.00	R 282.15	**R 2 163.15**	Included
1.4 Tariff for authorised trenching across a municipal roadway (per metre of trenching) For using an open trench to cross a roadway to install a pipe, cable or duct for water, electricity, communication or any other service. This tariff applies if the municipality grants written authorisation for a roadway trench before digging of the trench commences. The applicant may not begin roadway trenching before paying the roadway open trench fee and the Municipality issues written authorisation. The fee is payable when the written authorisation is issued. The roadway open trench fee is for the increased maintenance and reconstruction costs and inherent degradation of the roadway caused by roadway trenching. It applies even if the trench is reinstated in compliance with the Municipality's requirements and standards	Per m measured from 0.5m behind the kerb or road edge	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
1.5 Tariff for unauthorised use of the road reserve for a period of more than one month other than to install an underground service (100% of admin & inspection fee under tariff 1.1) For the use of the road reserve beyond the one month allowed by the miscellaneous wayleave application. This is for holders of an approved miscellaneous wayleave that has expired and has not been renewed.	per month	R 1 567.50	R 1 410.75	R 211.61	**R 1 622.36**	Included
1.6 Tariff for unauthorised commencement of use of the road reserve For the commencement of use of the road reserve (i.e. encroachment) without an approved wayleave or before Stellenbosch Municipality issues a wayleave	per month	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
1.7 Tariff for unauthorised use of the road reserve to install an underground service						
Where construction perriod was 10 working days or less (200% of admin & inspection fee under tariff 1.2)	per application	R 6 270.00	R 5 643.00	R 846.45	**R 6 489.45**	Included
Where construction period was more than 10 working days (200% of admin & inspection fee under tariff 1.3) For the commencement of an installation of an underground service without an approved wayleave or before Stellenbosch Municipality issues a wayleave. Includes a 100% surcharge which applies regardless of whether Stellenbosch Municipality issues a wayleave.	per application	R 10 450.00	R 9 405.00	R 1 410.75	**R 10 815.75**	Included

1.8 Tariff for unauthorised trenching across a municipal roadway (per metre of trenching) (200% of tariff 1.6) For commencement of a roadway trench without written authorisation or before the Municipality issues written authorisation for the roadway trench. Includes a 100% surcharge. The surcharge applies regardless of whether the Municipality issues a written	Per m measured from 0.5m behind the kerb or road edge	R 10 450.00	R 9 405.00	R 1 410.75	**R 10 815.75**	Included
1.9 Tariff for unauthorised after-hours use of the road reserve for the installation of an underground service For the commencement of use of the road reserve to install an underground service outside of business hours. Work performed under an approved wayleave can only be performed in regular working hours (Mondays – Thursdays 08:00-17:00 and Fridays 08:00-15h00). Working after hours, on public holidays or the weekend is not permitted.	per occasion	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
1.10 Tariff for excavations being left open for longer than ten working days On completion of the Work, all trenches and excavations in the public road reserves must be backfilled and reinstated as soon as possible in accordance with the technical specifications. Failure to do so represents an unacceptable safety hazard.	per occasion	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
1.11 Tariff for unauthorised site abandonment for a period exceeding 14 days The wayleave holder may not leave the site for more than fourteen days without permanently reinstating the site.	per occasion	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
1.12 Tariff for not cleaning or reinstating the road reserve within 14 days of completion The construction site's cleaning up, and the reinstatement to its previous condition is considered part of the Work. It must be completed within 14 days after the construction work has been completed.	per occasion	R 5 225.00	R 4 702.50	R 705.38	**R 5 407.88**	Included
WAYLEAVE ADMINISTRATION REFUNDABLE DEPOSITS						
2.1 Services Deposit A services deposit is required where there is a risk of damage to municipal services. It is determined by the service co-ordinator and is based on the replacement value of the services in close proximity to the Works e.g. Cost of cable repairs: LV – R 40 000, MV – R 240,000, HV – R 1,250,000, 66 KV R – R 2,500,000, etc. This deposit is paid into the recoverable cost account of Stellenbosch Municipality. After completion, damages will be assessed, the site will be inspected, and all additional costs will be communicated to the applicant. Stellenbosch Municipality will refund the balance of the deposit once all works are complete, and upon final inspection where the Municipality's engineers are satisfied that the reinstatement meets the Municipality's standard and requirements.	per application					
2.2 Bank Guarantee / Appropriate Business Insurance Another acceptable form of partial deposit is a bank guarantee as surety in favour of Stellenbosch Municipality or appropriate business insurance. NB: The first R25,000 of the Services Deposit must be paid into the recoverable cost account of Stellenbosch Municipality. A Bank Guarantee or appropriate business insurance can cover the balance of the required Services Deposit.	per application					
WAYLEAVE ADMINISTRATION TARIFF NOTES						
3.1 Unless the context indicates otherwise, 'road reserve 'includes a roadway, sidewalk footway and verge. 3.2 Suppose Stellenbosch Municipality incurs any costs resulting from Work in or use of the road reserve including remedying substandard or non-compliant reinstatement repairing damage, 3rd party claims, or cleaning of the site. In that case, the actual costs will be offset against the deposit (plus 10% administration fee, including VAT). The Municipality will refund the balance if any. 3.3 All internal Departments or State Funded Projects (National or Provincial), where Stellenbosch Municipality will take over the infrastructure, will be exempted from paying the Administrative Fee, Refundable Deposits Non-Refundable Payments and/or Penalties. 3.4 No micro trenching is allowed in the WC024.

TARIFF RULES
BUILDING DEVELOPMENT MANAGEMENT TARIFF STRUCTURE FOR 2022/2023

1. EFFECTIVE DATE

1.1 Fees are effective from 1 July 2021.

1.1. These tariffs replace all previous tariffs charged by the Building Development Management branch of Council.

2. METHOD OF PAYMENT

2.1 Fees can be paid in cash or electronically.

3. TIME OF PAYMENT

3.1 Fees are due on submission of the building plan application.

3.2 Building plan applications will only be deemed to have been submitted and no processing of applications will commence until receipt of payment of the fee/s is verified by finance.

4. PROOF OF PAYMENT

4.1 A receipt must be issued to the applicant for all fees received. A copy of the receipt must be attached to the application.

5. REFUNDS

5.1 All fees payable is set fees and are not deposits.

5.2 Applications are valid for 12 months from date of payment and building plan fees on lapsed plans are not refundable.

6. SUBJECT TO CHANGE

6.1 All fees and business rules are subject to change.

6.2 The fees applicable at the time of submission of the application are payable.

7. EXEMPTIONS

7.1 The following applications are exempt from the payment of scrutiny fees:

● Applications from Central or Provincial Government for work funded by the Government and for use by Government Departments. Building plan applications must however still be submitted and approved prior to commencement of any building works.

● Building Plans for all buildings and structures erected for and by the Local Authority. Building plan applications must however still be submitted and approved prior to commencement of any building works.

● All applications required to address / give effect to successful resettlement claims in terms of the Restitution of Land Rights Act, as well as in cases where land has been allocated to a successful claimant, such claimant is allowed to submit only one application (building plan), for residential development only, which application(s) will be exempted from building plan fees as per normal fees.

● Applications from Orphanages and Homes for the Aged registered under the **National Welfare Act 79 of 1965 (As amended), as well as any welfare institutions in the discretion of the Director.** Building plan applications must however still be submitted and approved prior to commencement of any building works.

● The Director: Planning & Economic Development may grant or refuse applications for the exemption of some or all the applicable Building Development application fees of a particular application which are necessitated due to changes to developments made at the request of the Spatial Development Planning department of the Stellenbosch Municipality in the interests of environmental or heritage conservation.

● In cases where a successful land claimant submits a building plan for a purely non-residential development (which does not include any residential development) on land so obtained, such non-residential application is subject to all the fees applicable to any other similar application which was not obtained by way of the Restitution of Land Rights Act.

● If a successful land claimant submits a building plan for a mixed use development (which includes non-residential development) on land so obtained, such non-residential building plan gets charged the normal fees as specific for such application as if the non-residential part of the application is a separate application from the residential part of the development.

8. OTHER FEES

8.1 Requests for information: if information is specifically requested in terms of the "Access of Information Act," the relevant fees as prescribed in terms of that Act apply.

8.2 Printing fees:

a) Printing fees are charged per page according to size in accordance with the applicable tariffs. Copies will only be made in the sizes that are available at a particular office.

9. APPLICATION OF THE TARIFFS

9.1 Minor Building Work: As defined in the Building Regulations:

Each item charged for separately even if part of a full plan submission.

- Aviary
- Solid fuel store not exceeding 10m^2 in area and 2 m in height
- Tool shed not exceeding 10m^2 in area
- Child's playhouse not exceeding 5m^2 in area
- Cycle shed not exceeding 5m^2 in area
- Greenhouse not exceeding 15m^2 in area
- Open sided car, caravan or boat shelter or a carport where such shelter or carport does not exceed 40m^2 in area
- Any pergola
- Private swimming pool
- Change room, not exceeding 10m^2 in area, at a private swimming pool
- Lapa's and gazebos (with any type of roof covering) under 40m^2 in area
- Any free-standing wall

- Reconstruction of fire and natural disaster damaged buildings at applicable rate as per single/other/non-residential categories

- Any other structure, not being a Minor Building Work as per definition, are charge per meter square of the applicable category

9.2 Applications for Alterations and Additions: Plans will be assessed as follows:

- Additions: assessed on the area (square metres) per category
- Alterations: assessed on the QS/Architect estimated value and calculated at 0.008% of the value

9.3 Applications for Provisional Authorisation to Commence with the erection of a Building:
Applications for provisional authorisation to proceed with the erection of a building prior to final building plan approval will be considered on condition that:

- The application has been formally submitted (the full scrutiny fees paid) and the plans have been circulated to the applicable service branches.
- The application for provisional authority is in writing and is fully motivated.
- The prescribed provisional authorisation fee is paid. This fee is not refundable.
- The application is for specific items of work clearly defined on the working drawings accompanying the building plan submission.
- The architectural area of the building under consideration (as defined in Section 1 of Act 103 of 1977) is greater than 500 square metres.
- Full Planning (Zoning) approval has been obtained or is otherwise in compliance with all applicable zoning provisions.
- The property must be not encumbered by private restrictive title deed conditions.
- Provisional authorisation may be subject to applicable conditions and may include to limit the extent to which the subject building works may be implemented under such provisional authorisation prior to final approval of the building plan application.
- Any work done prior to the approval the building plans is entirely at the applicant's risk and should the plans require amendments or should the application be refused for any reason the work already completed will have to altered or removed as the case may be at the applicant's expense.

These business rules must be read in conjunction with the "BUILDING DEVELOPMENT FEES TARIFF STRUCTURE FOR 2022/2023".

TARIFF RULES
LAND USE MANAGEMENT & SPATIAL PLANNING, HERITAGE AND ENVIRONMENT
TARIFF STRUCTURE FOR 2022/2023

1 GENERAL

Period applicable

1.1 Fees effective from 1 July 2022.

1.2 The fees replace all previous fees charged by Council.

Method of payment

1.3 Fees can be paid in cash or electronically.

Time of payment

1.5 Applicants must pay the fee/s when an invoice for the submitted application/s is/are presented for payment, except in the case of Impact statements and assessments, which become payable when the need for such an Impact statement / assessment becomes known to Council. The applicant must then be notified in writing of further payments and processing of the application may then only commence once payment is made which must be clearly stipulated in the notification.

1.6 An application will only be deemed valid and the processing thereof will only commence once receipt of payment for the application is verified by Finance.

1.7 All application fees are payable in the case of multiple applications.

Proof of payment

1.8 A receipt must be issued to the applicant for all fees received. A copy of the receipt must be filed on the relevant file.

Refunds

1.9 All fees payable are set fees and not deposits.

1.10 In the case of the withdrawal of applications, refunds will be paid as follows:

a) Before advertising or circulation takes place (in the case where the municipality undertakes the advertising) – the full advertising component/fee and 50% of the total of all the other application fees is refunded.

b) After advertising has taken place – no refund.

1.11 If an exemption or reduction of fees is granted in terms of the provisions of subsection 10, refunds will be given as per the decision.

Subject to change

1.12 All fees and business rules are subject to change.

1.13 The specific fee applicable at the time when the application is accepted by Council, is payable

LAND USE MANAGEMENT

2 APPLICATION FEES

Description

2.1 Application fees are the minimum fee payable for submitted applications.

2.2 All fees are payable per item applied for (each consent, departure, rezoning, etc, charged separately) per property in line with the Stellenbosch Land Use Planning By-law (2015), where applicable. Unless application is simultaneously made for the consolidation or subdivision of more than one property, which is directly adjacent, cadastrally bounded to each other, owned by the same property owner and submitted as one application for consideration. Only one application fee will be applicable for all erven included in the application.

Rezoning & Determination of a zoning

2.3 Rezoning fee is payable per application.

2.3.1 Determination of a zoning is payable per application.

Permanent Departure fee

2.4 The departure fee must be charged per application per property (i.e. if a building departs from the street and lateral building lines, coverage as well as from height, then the applicable fee must be charged as a single fee per property). In the case of registered indigent owners, as well as subsidised housing schemes, no departure fee at all would be payable.

Temporary Departure, Permission in terms of the Zoning Scheme (Additional Uses/ Technical Approvals), Permission in terms of condition in the Title Deed, Occasional Use of Land, Consent in terms of the Zoning Scheme

2.5 Temporary departure, Permissions, Occasional use of land, Consent uses and Technical approvals, etc. are charged separately per application per property in addition to any departures (regulations) applied for.

2.5.1 A separate fee is applicable in respect of applications for temporary departure, consent use or special development in order to establish a house shop and/or early childhood development centres (ECD's) / home day care centres or day care centre and all Occasional use of Land applications.

Subdivision & Consolidation & Amendment or Cancellation of subdivision plan (inclusive of general plan/diagram)

2.6 Application fee is payable per application submitted.

Exemption Certificates (subdivision/consolidation)

2.7 This fee is payable for subdivisions/consolidations which are exempted in terms of the applicable legislation. This fee is payable per application submitted.

Removal, Relaxation, Suspension and Amendment of Restrictive Title Deed conditions

2.8 This fee is payable per application per property submitted.

Amendment, Deletion or Imposition of conditions in respect of an existing approval

2.9 This fee is payable per application submitted.

Extension of validity period of approval

2.10 Fees should be paid as depicted on the tariff schedule. For all applications for extension the fee will be 50% of the current application fee, for the financial year in which the application for extension is submitted, inclusive of VAT.

Permission in terms of condition of approval or Administrative permission or approval inclusive of but not limited to: Site Development Plans; HOA Constitutions; Architectural / Design / Aesthetic Manuals or Guidelines, Landscaping Plans & Phasing Plans.

2.11 This fee is payable per application submitted. All permissions or approvals that is required and originates from a condition of an approval attached to a land use application granted by the municipality, will be exempted from this tariff. Any subsequent applications for the amendment to such permissions/ approvals on the initiative of the applicant will not be exempted.

Closure of Public Place / Roads or part thereof

2.12 This fee is payable per application submitted.

Disestablishment of Home-Owners Association

2.13 This fee is payable per application.

Rectify failure of a Home-Owners Association to meet its obligations

2.14 This fee is payable per application.

Permission for reconstruction of existing building constituting a non-conforming use

2.15 Permission required for the reconstruction of an existing building that constitutes a non-conforming use that is destroyed or damaged to the extent that it is necessary to demolish a substantial part of the building. This fee is payable per application.

Naming and numbering of Streets, Places and Buildings

2.16 This fee is payable per application submitted.

Renaming of Streets, Places and Buildings

2.17 This fee is payable per application submitted.

3 ADVERTISING FEES

Advertising framework

3.1 Advertising: is required in terms of the relevant land use legislation.

3.2 Advertising will be done in accordance with the land use legislation and fees will be charged accordingly.

3.3 Advertising in the press and advertising which consists of the serving of notices to interested and affected parties are charged independently (with different fees being applicable). No 'serving of notice' fee is applicable when notifying the applicant of the outcome of an application or notifying any objectors of the right of appeal.

Advertising in the press

3.4 The fee for advertising in the press is applicable whenever press advertising is required in a local weekly newspaper or daily newspaper and/or Provincial Gazette. This fee is only payable when Council undertakes the advertising.

3.5 Advertising in the press is a basic advertising fee. Should the actual costs be more, the applicant is liable for such extra costs upon receipt of a quote.

3.6 Composite applications for the same property when advertised collectively in the press carry a single advertising fee.

Serving of notices

3.7 The fee for serving of notices is payable when Council conducts the serving of notices. This fee is not applicable when the applicant conducts the advertising.

3.8 The fee applicable for every 10 notices or part thereof to be served by Council is depicted in the schedule.

3.9 The 'serving of notices' fee is also applicable when notices are delivered by Council to interested and affected parties.

4 OTHER

Deviation from Council Policies and By-laws

4.1 Deviation from Council Policies and By-laws are charged per application per property.

Appeal

4.2 Appeal fees are charged and are payable per appeal submitted in respect of any decision taken by Council.

Intervener Status

4.3 This fee is payable per application submitted.

Transfer clearance

4.4 Transfer clearance fees are payable per erf for which application is made for clearance in terms of the applicable land use legislation and includes a Power of Attorney (POA) and a Certificate of Registered Title (CRT).

Zoning Certificate

4.5 This fee is payable when a formal zoning certificate is issued. Payment of this fee is required in respect of each erf for which a zoning certificate is requested.

Business Licence

4.6 This fee is payable in respect of each application received for the issuing of a business licence.

5 CONTRAVENTION PENALTY

5.1 Contravention penalty is applied in accordance with a Council Policy, By-law and/or any such enabling planning legislation and associated provisions.

5.2 A contravention penalty as stipulated in terms of section 88 (1) (g) of the Stellenbosch Municipal Land Use Planning By-Law, dated 20 October 2015, is payable within 30 days after approval of the utilization of the land and/or construction activity.

5.3 The Contravention penalty is payable within 30 days from date of approval of the land use application that was submitted as a result of a contravention notice that was served.

5.4 If the property is to be transferred, the Municipality will only issue a certificate in terms of section 28 of the Stellenbosch Municipal Land Use Planning By-Law dated 20 October 2015, upon proof of payment of the contravention penalty.

5.5 No occupancy certificate for the building construction will be issued unless proof of the payment of the contravention penalty is submitted by the applicant.

5.6 Formula for Contravention Penalty: **((actual area/m² multiply by penalty rate A) + (indirect area /m² multiply by penalty rate B)) x (valuation/m²) = R/m²**

The area of the construction activity (actual area per square meter x penalty rate A) and/or land area (indirect area per square meter x penalty rate B) that is unlawfully utilised in terms of the relevant zoning of the property) multiplied by (the municipal value per square meter (m²) of the land and/or building as stipulated in the current valuation roll of the municipality as on the date that is indicated on the contravention notice)

5.7 ***Definitions:***

5.7.1 *"Area"* refers to the utilisation of the land and/or work on the land and/or construction activity on the land and/or any building on the land and/or structure on the land that is being utilised in a manner other than permitted in the zoning scheme without the prior approval of the municipality.

5.7.2 "*Valuation"* refers to the municipal valuation of any land and/or building as indicated in the current Municipal Valuation Roll.

5.7.3 *"Date"* refers to the date as indicated on the contravention notice.

5.7.4 "*Property value"* refers to the Value of property as reflected in the most recent municipal valuation roll.

5.7.5 "*Valuation year*" refers to the year of the last municipal valuation.

5.7.6 "*Annual adjustment*" refers to the Value adjustment (if any) on house price index or any other approved by the municipality.

5.7.7 *"Size of property"* refers to the area in square meters of the property as indicated on the title deed.

5.7.8 *"Direct area of contravention"* refers to the area in which the contravention occurs, e.g. rooms, floor area, coverage, and contravention measured in square meters.

5.7.9 *"Indirect area of contravention"* refers to the area complementary to the contravention, e.g. area used for parking, storage, outdoor activities or purposes.

5.7.10 *"Penalty Rate A"* refers to the rate at which penalty amount will be calculated on area of contravention as approved annually by Council.

5.7.11 *"Penalty Rate B"* refers to the rate at which penalty amount will be calculated on indirect area of contravention as approved annually by Council.

5.7.12 *"Amount payable"* refers to the total amount payable as a contravention penalty in terms of the relevant bylaw.

6 PRINTING FEES

6.1 Printing fees are charged per page according to size and colour. The three types of copies/prints are mono (black & white), Colour line prints and Full Colour prints (photo). Copies will only be made in the sizes that are available at a particular office.

6.2 The fee charged for electronic information does not include the CD, which must be supplied by the applicant.

6.3 If information is specifically requested in terms of the Access of Information Act, the relevant fees as prescribed in terms of that Act applies.

SPATIAL PLANNING, HERITAGE AND ENVIRONMENT

7 PLANNING ADVISORY COMMITTEE SCRUTINY FEE

7.1 Planning Advisory Committee Scrutiny fees (Aesthetics Committee) are charged when a matter needs to be submitted to the Planning Advisory Committee (Heritage/Aesthetics Committee) for scrutiny, when buildings are older than 60 years or situated in the historical core. The fees are payable per application and are categorized as follows:

7.1.1 Minor alterations to existing buildings <500m²;

7.1.2 Major alterations to existing buildings >500m² and new developments.

8 COMPLEXITY FEES (ADDITIONAL FEES FOR HIGH IMPACT APPLICATIONS) AND AMENDMENT OF URBAN EDGES.

Description

8.1 Additional fees are charged on top of the basic application fees when a Heritage Impact Assessment (HIA), Environmental Impact Assessment (EIA) and Traffic Impact Statement / Assessment (TIA/S) are required, since such applications are more complex and involve more work. The complexity fees are charged to cover additional expenses due to the processing of complex applications, resulting from the fact that such applications normally are more complicated to process and due to the fact that it requires input from specialised staff which would not normally be involved in the assessment of applications which doesn't require an impact statement/assessment. The EIA and HIA fees are charged up front like all other fees if the application requires assessment in terms of the NEMA and/or NHRA. If an EIA and/or HIA fee has been paid when the SPLUMA/LUPA/By-law application was submitted and it turns out in the end that it did not lead to a full EIA / HIA, the EIA/HIA fee is not refundable. Complexity fees are charged per assessment/study.

9 APPLICATIONS FOR SIGNAGE

9.1 Application fees for signage (including flags) are paid in respect of each sign applied for. A minimum fee for signs smaller than 1m² is in place, but when signs are larger than 1m², the minimum fee plus the enhancement fee will be payable for every additional m².

10 EXEMPTIONS

10.1 All indigent residents which are registered as such with the Municipality and with proof submitted together with all applications for all permanent Departures will be exempted from the application fees applicable to permanent Departures.

10.2 All applications submitted by or on behalf of Council are exempt from all the application, advertising and other fees in the attached table. This exemption only applies to applications made by Council or where Council is the developer. All other government institutions must pay the normal fees.

10.3 All applications for a zoning certificate from provincial or national government are exempted from the application fees applicable to zoning certificates for state owned land.

10.4 Applications for the establishment of state, provincial and/or council subsidised housing schemes are exempt from all the application and other fees in the attached table. Advertising fees are payable in this regard. Application fees are, however, applicable in subsidised housing areas after the establishment of the areas has been completed; subject to the conditions in the establishment of any of the less formal townships.

10.5 All applications required to address / give effect to successful resettlement claims in terms of the Restitution of Land Rights Act, as well as in cases where land has been allocated to a successful claimant, such claimant is allowed to submit only one application, for residential development only (but including subdivision, removal of restrictions, etc, related to such residential development), which application(s) are exempt from all the application and other fees in the attached table. Advertising fees are payable in this regard. If a successful land claimant submits a mixed-use development application (which includes non-residential development) on land so obtained, such non-residential development gets charged the normal fees as specified for such application, including advertising and service of notice fees, as if the non-residential part of the application is a separate application from the residential part of the development. In cases where a successful land claimant submits a purely non-residential development application (which does not include any residential development) on land so obtained, such non-residential development application is subject to all the fees applicable to any other similar application which wasn't obtained by way of the Restitution of Land Rights Act/Rural Act 9.

10.6 The above fees, if not specifically exempted, also applies to applications in the BCDA areas where Council is the commenting authority.

10.7 The Director: Planning & Economic Development may grant or refuse applications for the exemption of some or all the applicable fees of particular applications which are necessitated due to changes to the developments made at the request of the Environmental Management Services in the interest of environmental or heritage conservation.

These business rules must be read in conjunction with the "LAND USE MANAGEMENT & SPATIAL PLANNING, HERITAGE AND ENVIRONMENT TARIFF STRUCTURE FOR 2022/2023".

STELLENBOSCH
STELLENBOSCH • PNIEL • FRANSCHHOEK
MUNICIPALITY • UMASIPALA • MUNISIPALITEIT

TARIFF STRUCTURE: PROPERTY MANAGEMENT: 2022/2023

	DESCRIPTION	APPLICATION FEE	RENTAL/TARIFF
1.	**Lease Agreements (on encroachment basis)**		
1.1	For commercial purposes, other than outdoor dining and parking purposes	R2 500.00	To be determined by an independent valuer: on an *ad hoc* basis
1.2	For commercial parking purposes*	R1 200.00	
	(a) Stellenbosch CBD, Franschhoek CBD and Technopark		R310-00/parking bay/month
	(b) Other Areas		R210.00/parking bay/month
	*Up to 10 parking buys, thereafter 50% of the approved tariff		
1.3	For residential parking purposes*	R600.00	R165.00/parking bay/month
	*Up to 3 parking buys, thereafter 50% of the approved tariff		
1.4	Tertiary Institutions, schools and pre-schools	R1 200.00	R100.00/parking bay/month
1.5	For outdoor dining purposes*	R1 200.00	
	(a) Stellenbosch CBD and Franschhoek CBD		R110.00/m²/month
	(b) Other areas		R45.00/m²/month
	*Up to 50m², thereafter 50% of the approved tariff		
1.6	For non – commercial purposes (such as garden purposes, gates, ect.)*	R600.00	
	Up to 50m²		R65.00 per month
	51 m² to 100 m²		R90.00 per month
	More than 100 m²		R160.00 per month

	DESCRIPTION	APPLICATION FEE	RENTAL
1.7	Projections and projecting structures	R2 500. 00	
	(a) Onto street reserves/side walks		**Once of payment of**:
	Up to 50 m²		R450.00 per m²
	51 m² to 100 m²		R400.00 per m²
	More than 100 m²		R350.00 per m²
	(b) Onto other council – owned property, where such projection has an impact on development value of council – owned property	R3 000. 00	To be determined by an independent valuer (should the estimated value be more than R100 000.00, then the weighed average of 2 independent valuations must be obtained)
1.9	For temporary use of Council-owned property for construction work		
	(a) Stellenbosch CBD and Franschhoek CBD & Technopark	R3 000.00	
	Up to 20 m²		R600.00 per month
	20 m² - 100 m²		R1 200.00 per month
	101 m² – 1000 m²		R6 000.00 per month
	More than 1000 m²		R12 000.00 per month
	(b) Other areas	R 500.00	
	Up to 20 m²		R300.00 per month
	20 m² - 100 m²		R650.00 per month
	101 m² – 1000 m²		R3 500.00 per month
	More than 1000 m²		R7 500.00 per month
	Deposit:		An amount to be determined by MPM in relation to the potential risk to infrastructure/improvement with a minimum amount of R2 000.00

*__Please note__: Where a new owner of a property want to apply for a change in name, 20% of application fees will be payable

2. Lease Agreements*

2.1	Temporary use of Council-owned property to a maximum of 30 days	R600.00	
	Daily tariff:		
	a) Up to 100m²		R225.00 per day
	b) Between 100m² and 1000m²		R570.00 per day
	c) More than 1000m²		R2 500.00 per day
	Deposit:		To be determined by MPM, depending on the possible risk associated with the event.
2.2	Short term lease agreements (up to 10 years)		
	(a) monthly rental not exceeding R2 000.00		To be determined by CFO
	(b) monthly rental not exceeding R5 000.00		To be determined by an independent valuer
	(c) monthly rental in excess of R5 000.00		To be determined by two independent valuers (weighed average)
2.3	Long term lease agreements (longer than 10 years)		
	(a) monthly rental not exceeding R2 000.00		To be determined by CFO
	(b) monthly rental not exceeding R10 000.00		To be determined by an independent valuer
	(c) monthly rental in excess of R10 000.00		To be determined by two independent valuers (weighed average)
2.4	Long term lease agreements concluded before 2003 (pre-MFMA)		To be determined by Council from time to time as per individual contract(s).
2.5	Telecommunication structure		
	- Application/Power of Attorney	R2 000.00	
	(a) Antennae only (on existing structure)		R7 000.00/pm
	(b) Site for mast and antennae		
	-up to 100m²		R7 500.00/month
	-more than 100m²		R75.00/m²/month for each m² in excess of 100m²
	(c) Mobile antenna		R3500.00/pm
2.6	Temporary use of vacant Council-owned buildings*		
	*Not covered by approved tariff structure		
	To be considered by: MPM: To a maximum of 1 month D:CS: To a maximum of 3 months MM: To a maximum of 6 months EM: To a maximum of 12 months		Per day: R12.00/m²/day

	Tariff :		Per week: R10.00/m²/day Per month: R9.00/m²/day
	NPO's and individuals, for non-commercial purposes		20% of approved tariff

*** Please Note: -**

- All contracts with an annual contract value exceeding R1M: To be approved by Council, based on independent valuations being obtained.
- Non – profit organizations: 20% of fair market value

3.	**Servitudes***		
3.1	In urban areas	R2 500.00	Once-off payment of 80% of municipal valuation of land
3.2	In rural areas	R2 500.00	Once-off payment of 60% of municipal land.

*** Please note:**

Where estimated servitude value exceeds R100 000.00, the fair market value is to be determined by an independent valuer.
Where estimated servitude value exceeds R1M, the fair market value is to be determined by two independent valuators (weighed average)

4.	**Posters**	
4.1	Political parties 85% of tariff refundable on removal of posters as per conditions.	R5 000.00 (deposit)
4.2	For Commercial purposes	
	(a) Up to 30 posters	R50.00 per poster
	(b) Between 30 and 60 posters	R60.00 per additional poster
	(c) Between 60 and 100 posters	R80.00 per additional poster
	(d) More than 100 posters	R100.00 per additional poster
4.3	Non-commercial purposes	
	(a) Up to 30 posters	R20.00 per poster
	(b) Between 30 and60 posters	R30.00 per additional poster
	(c) Between 60 and 100 posters	R40.00 per additional poster
	(d) More than 100 posters	R50.00 per additional poster
4.4	Woordfees: Individual artists	
	(a) Per poster (to a maximum of 20 posters)	R55.00
4.5	Local Theaters	
	(a) Up to 500 posters for a season	R4 000.00
	(b) Up to 1000 posters for a season	R8 000.00
	(c) More than to 1000 posters for a season	R12 000.00

4.6 Newspapers

Local

a)	Up to 1000 posters per annum:	R3 000.00
b)	Up to 2000 posters per annum:	R5 000.00
c)	More than 2000 posters per annum:	An additional amount of R7.50 per poster

Other

a)	Up to 1000 posters per annum:	R5 000.00
b)	Up to 2000 posters per annum:	R8 000.00
c)	More than 2000 posters per annum:	An additional amount of R8.00 per poster

*__Note__: The term posters include flags.

Please note:-

a) Application fees listed in this tariff structure exclude professional fees such as legal fees, valuation fees, survey costs, publication of notices, etc. Where such costs are incurred, it is payable by the applicant, over and above the application fee as listed in this tariff structure.

b) All fees include VAT

Exemption

The Municipal Manager may at his or her sole discretion, and after taking into consideration the merits of a specific application, exempt an applicant from paying the tariffs as set out above, or at a reduced rate.

1. DEFINITIONS

In this policy, unless the context indicates otherwise -

1.1 '**Amendment Bill**' means the Fiscal Powers and Functions Amendment Bill, 2020;

1.2 '**applicant**' means a person or entity contemplated in section 45(1) of the SPLUMA who submits a land development application;

1.3 **'bulk service'** means the capital infrastructure assets associated with that portion of an external engineering service which is intended to ensure provision of municipal infrastructure services for the benefit of multiple users or the community as a whole, whether existing or to be provided as a result of a development in terms of the MSDF – the relevant Municipal Master Plan shall be used as a guide to identify such bulk services;

1.4 **'capacity'** means the extent of availability of a municipal infrastructure service, based on the capital infrastructure asset or combination of capital infrastructure assets installed for provision of such municipal infrastructure services;

1.5 **'capital infrastructure asset'** means land, property, building or any other immovable asset, including plant and equipment that accede thereto, which is required for provision of a municipal infrastructure service, limited to immovable;

1.6 **"community facilities"**, including play equipment, street furniture, crèches, clinics, sports fields, indoor sports facilities or community halls;
conservation purposes, energy conservation, climate change; or engineering services.

1.7 **'developer'** means a person or entity intending to implement or implementing undertaking land development;

1.8 **'development charge (DC)'** means a charge levied by a Municipal Planning Tribunal in terms of section 40(7)(b) of, and contemplated in section 49 of, the SPLUMA, which must-

(a) contribute towards the cost of capital infrastructure assets required to meet increased demand for existing and planned external engineering services; or

(b) with the approval of the Minister, contribute towards capital infrastructure assets required to meet increased demand for other municipal engineering services not prescribed in terms of the SPLUMA;

1.9 **'Engineer'** means an engineer employed by the Municipality or any person appointed by the Municipality from time to time to perform the duties of the Engineer envisaged in terms of this Policy, including the Director: Infrastructure Services;

1.10 '**engineering services**' means a municipal engineering service as defined in section 1 of the SPLUMA;

1.11 **'engineering services agreement'** means a written agreement concluded between the Municipality and a developer, recording their detailed and specific respective rights and obligations regarding the provision and installation of the external engineering services required for an approved land development, and regarding the associated development charge;

1.12 **'external engineering service'** means an engineering service situated outside the boundaries of a land area and which is necessary to serve the use and development of the land area concerned; provided that in circumstances where the characteristics

of a specific area or the design of the relevant engineering service so requires, such services can be located within the boundaries of a land area;

1.13 **'impact zone'** means a geographical zone within which the capital infrastructure assets or system of capital infrastructure assets required to provide bulk services to an approved land development are located (the impact zones are Stellenbosch Town, Klapmuts, Dwars River, Franschhoek, Koelenhof, Polkadraai and Raithby);

1.14 **'internal engineering service'** means an engineering service within the boundaries of a land area which is necessary for the use and development of the land area concerned and which is to be owned and operated by the Municipality or service provider;

1.15 **'land development'** means the erection of buildings or structures on land, or the change of use of land, including township establishment (provision of engineering services infrastructure), the subdivision or consolidation of land or any deviation from the land use or uses permitted in terms of the Zoning Scheme;

1.16 **'land development application'** means an application for approval of land development as contemplated in section 41 of the SPLUMA;

1.17 '**land use'** means the purpose for which land is or may be used lawfully in terms of a the municipal land use scheme or of any other authorisation, permit or consent issued by a competent authority, and includes any conditions related to such land use purposes;

1.18 **'link engineering service'** means the capital infrastructure assets associated with that portion of an external engineering service which links an internal engineering service to the applicable bulk service, and which is not shared by multiple users or the community generally;

1.19 **'LUPA'** means the Western Cape Land Use Planning Act, 2014, Act. 3 of 2014 (PN 99/2014 of 7 April 2014);

1.20 '**MSDF**' means the current Stellenbosch Municipal Spatial Development Framework contained in the Municipality's approved Integrated Development Plan;

1.21 **'Municipality'** means (a) the Stellenbosch Municipality (WCO24) established in terms of Provincial Notice 489 of 22 September 2000 in terms of the Local Government: Municipal Structures Act, 117 of 1998, and (b) includes all political structures or office bearers, the Municipal Planning Tribunal and municipal staff members to whom authority has been delegated to take decisions in terms of the Municipality's delegation system;

1.22 **'municipal infrastructure service'** means any of the following municipal services, namely potable water, sewerage and wastewater treatment, electricity distribution, municipal roads, street lighting, storm water management, solid waste disposal and public transport, including non-motorised transport. Community facilities, including play equipment, street furniture, crèches, clinics, sports fields, indoor sports facilities or community halls. Conservation purposes, energy conservation, climate change; or engineering services.

1.23 **'Municipal Planning Tribunal'** means a Municipal Planning Tribunal as defined in the SPUMA, and includes a municipal official authorised to determine land use and land development applications, in terms of section 35 of the SPLUMA;

1.24 '**Planning By-Law'** means the Stellenbosch Municipality: Land Use Planning By-Law published in the Western Cape Provincial Gazette Extraordinary of 20 October2015;

1.25 **'SPLUMA'** means the Spatial Planning and Land Use Planning Act, 16 of 2013;

1.26 **'Systems Act'** means the Local Government: Municipal Systems Act, 2000, Act 32 of 2000 ("MSA"); and

1.27 '**Zoning Scheme**' means the Stellenbosch Municipality: Zoning Scheme By-Law published in the Western Cape Provincial Gazette Extraordinary of 27 September 2019.

2. INTRODUCTION

2.1. The Constitution enjoins local government not just to seek to provide services to all its inhabitants, but to be fundamentally developmental in orientation and to play a key role in promoting justifiable social and economic development. To this end it *inter alia* has to perform regulatory functions in respect of land use planning and development and ensuring lawful, reasonable and fair administrative government practices.

2.2. Socio-economic development is generally regarded as the passport to reduced poverty, reduced inequality and improved social well-being. New economic development generally also has a positive impact on the municipality's finances. It increases revenue from property rates and service charges by expanding the base of ratepayers. But development associated with economic growth has an impact on the demand for essential engineering services, which are needed to support sustainable social and economic development. Without available infrastructure of adequate capacity, public and private sector investment in Stellenbosch will decline.

2.3. Stellenbosch is as an attractive destination for economic investment. Working towards the MDSF vision of Stellenbosch as the "Valley of Opportunity and Innovation", a number of principles are key, including that future opportunity be allowed to build on existing infrastructure investment. Engineering services infrastructure (water, sewerage, stormwater, roads, street lighting, solid waste and electricity) represents substantial assets for enabling individual and communal development opportunity of different kinds.

2.4. The creation and promotion of an enabling environment for business to grow and create jobs, is fundamental to a competitive and vibrant economy. The potential for large scale upliftment and development may be severely hampered by the lack of attention to necessary infrastructure. The Municipal Council aims to create an economically enabling environment in which investment can grow and jobs can be created while still being able to provide basic services to all its citizens. The equitable and efficient financing of the cost of infrastructure to accommodate new developments is key in this regard.

2.5. Additional engineering services infrastructure must be provided to create additional services capacity to cater for growing needs, and it comes at a high cost. The rationale for DCs needs to be understood in relation to how this particular funding mechanism fits within the municipal fiscal framework. Municipal service delivery is generally financed through a fiscal framework that is based on a clear assignment of fiscal powers and functions that empower municipalities to raise property rates and used charges on electricity distribution, water and sanitation services and solid waste collection.

2.5.1. These primary sources of revenue are supplemented by intergovernmental transfers that support the operating costs of basic service delivery to poor households, as well as related national development priorities. Municipalities may use any operational surpluses generated from this revenue to finance

capital investment programmes, again supplemented by intergovernmental transfers, as well as funds that have been borrowed to finance infrastructure investment programmes.

2.5.2. Municipal development charges complement these sources of capital finance, by providing a direct charge to beneficiaries of existing and planned infrastructure installed to enable an intensification of land use. Development charges are thus an additional source of capital finance, which enhance the efficiency and volume of municipal capital financing through -

- ensuring that the beneficiaries of infrastructure pay a fair share of the costs of installing it, relative to other residents;
- releasing resources that a municipality would otherwise have dedicated to meeting these needs to be spent on other development priorities; and
- providing an additional revenue stream to support municipal borrowing programmes, where applicable.

2.6 For both municipalities and developers to budget and plan efficiently, requires a robust legal basis on which development charges are levied, linked to long term spatial and infrastructure planning systems. Local government may only act within the powers lawfully conferred upon it.

2.7 After the country's first democratic elections, the Legislator was tasked to translate the electoral dream of a "Better Life For All" into legislation. It put the public sector at the heart of the challenge to reduce poverty. Legislation such as the SPLUMA and LUPA followed, both which empowers, qualifies and constrains municipal powers to levy development charges.

2.8 The Municipal Fiscal Powers and Functions Amendment Bill 2020, published for public comment during 2020, provides for a uniform, consistent, transparent and equitable basis on which municipalities can calculate and levy development charges on developers. The Amendment Bill requires that development charges are paid by both the public and private sectors, in order to ensure that a substantial portion of municipal bulk infrastructure investment can be financed on a 'user pays' principle, with the needs of poor households directly and transparently supported through public subsidies, including intergovernmental transfers.

2.9 A Development Charge ('DC') is a once-off capital charge to recover the actual cost of external infrastructure required to accommodate the additional impact of a new development on engineering services. A DC calculation is triggered by a land use change/ development application that will, if approved, intensify the municipal infrastructure demand. The threshold is the level up to which a new land use is deemed to have the same infrastructure impact as the existing permissible use and is determined based on a technical assessment.

2.10 The DC policy is an important tool to provide economic infrastructure and to ensure sustainable infrastructure investment in all the required engineering services. It provides the key details of the Municipality's Development Charges for Engineering Services, covering water, roads, stormwater, sewerage, solid waste and electricity.

2.11 A motivation for DCs is that the incidence of the cost is more accurately and equitably assigned to those who directly benefit from the infrastructure, rather than being spread amongst all ratepayers. The key function of a system of DCs is to ensure that those who benefit from new infrastructure investment, or who cause

off-site impacts, pay their fair share of the associated costs. A primary role of a system of DCs is to ensure the timely, sustainable financing of required urban infrastructure.

3. LEGISLATIVE (REGULATORY) FRAMEWORK

3.1 Source of empowerment

A municipality derives its power to levy development charges from legislation, not from policy. Policy determinations cannot override, amend or be in conflict with laws (including subordinate legislation). **[1]**

In *Fedsure* the Constitutional Court said that '*[i]t seems central to the conception of our constitutional order that the Legislature and Executive in every sphere are constrained by the principle that they may exercise no power and perform no function beyond that conferred upon them by law*'. It is trite that "*a local government may only act within the powers lawfully conferred upon it*". **[2]**

> "*A municipality under the Constitution is not a mere creature of statute otherwise moribund save if imbued with power by provincial or national legislation. A municipality enjoys 'original' and constitutionally entrenched powers, functions, rights and duties that may be qualified or constrained by law and only to the extent the Constitution permits.*" **[3]**

It is also a well-established principle of South African law that powers given to a public body for one purpose cannot be used for ulterior purposes which are not contemplated at the time when the powers were confirmed. **[4]** Good intentions and public benefits are insufficient. As *Baxter* mentions: "*It does not help that the improper purpose which the public authority sought to achieve was well intentioned, or even that it would benefit the public.*" **[5]**

The powers lawfully conferred upon the Municipality in relation to development charges have been qualified and constrained in terms of national, provincial as well as municipal legislation. A study into this rather dense legislative environment was undertaken to ensure that this policy document will be in line with the current and proposed empowering legislation.

3.2 Relevant legislation

Attention is invited to the provisions of the following legislation.

- The National Constitution.
- Local Government: Municipal Systems Act, 32 of 2000 – ('MSA').
- Stellenbosch Municipality: Zoning Scheme By-Law 2019 – ('Zoning Scheme').

2 *Fedsure Life Assurance Ltd and Others v Greater Johannesburg Transitional Council and Others* 1999 (1) SA 374 (CC) par 56.

3 *City of Cape Town v Robertson* 2005 (2) SA 323 (CC) at par 60.

4 See Baxter, Lawrence. 1984. *Administrative Law*. Juta & Co, Ltd: Cape Town on p. 508 and 511.

5 See *Administrator, Cape v Associated Buildings Ltd* 1957 (2) SA 317 (A) at 329). Also see *South Peninsula Municipality and Another v Malherbe NO and Others* 1999 (2) SA 966 (C) at 981D.

- Municipal Fiscal Powers and Functions Act, 12 of 2007 – ('Fiscal Powers Act').
- The SPLUMA.
- The LUPA.

For ease of reference some of the relevant provisions therein contained, are quoted *verbatim* further below and in Appendix "A".

3.2.1 The National Constitution – ('Constitution')

The Constitution enjoins local government to seek to provide services to the citizens, to be fundamentally developmental in orientation, to *promote* justifiable social and economic development and, together with other organs of state, to contribute to the progressive realisation of the fundamental constitutional rights.

Municipalities derive their fiscal powers from section 229 of the National Constitution. Section 229(1)(a) empowers a municipality to impose rates on property and surcharges on fees for services provided by or on behalf of the Municipality.

It is necessary to distinguish between '*services charges*' and '*development charges*'.

- A service charge is ongoing contributions (usually levied monthly), required to recover the ongoing costs reasonably associated with rendering the service (e.g., refuse removal), including capital, operating, maintenance, administration and replacement costs, and interest charges.
- A Development Charge ('DC') is a once-off capital charge to recover the actual cost of external infrastructure required to accommodate the additional impact of a new development on engineering services. Development charges fall in the section 229(b) category and is not a service fee.

3.2.2 Local Government: Municipal Systems Act, 32 of 2000 – ('MSA')

See Appendix "A" for relevant sections of the MSA. Essentially it deals with the empowerment of local authorities to provide municipal services for the benefit of the local community and the funding thereof by charging service charges or fees for covering the costs thereof. This is achieved by applying tariffs that must reflect the costs reasonably associated with rendering the service, including capital, operating, maintenance, administration and replacement costs, and interest charges. DCs are not intended to fund municipal services being rendered.

3.2.3 Spatial Planning and Land Use Management Act, 16 of 2013 – ('SPLUMA')

- Section 40(7)(b) empowers a municipal Planning Tribunal, in the approval of any land development application, to impose any reasonable conditions, including conditions related to the provision of engineering services and the payment of any development charges.

- Section 49(4) provides that an applicant may, in agreement with the Municipality or service provider, install any external engineering service instead of payment of the applicable development charges, and the fair and reasonable cost of such external services may be set off against development charges payable.

- According to section 49(5), if external engineering services are installed by an applicant instead of payment of development charges, the provision of the Local Government: Municipal Finance Management Act, 56 of 2003 pertaining to procurement and the appointment of contractors on behalf of the Municipality, does not apply.

[NOTE: 'Applicant' to be read as a 'developer' as defined.]

3.2.4 Western Cape: Land Use Planning Act, 3 of 2014 – ('LUPA')

- Section 40(1) of LUPA empowers a municipality, when approving a land use application, to do so subject to conditions, which conditions the must be reasonable conditions and must arise from the approval of the proposed utilisation of land.

- In terms of section 40(2) such conditions may include, but are not limited to, conditions relating *inter alia* to the provision of engineering services and infrastructure; and the cession of land or the payment of money.

- Section 40(3) empowers a municipality to require in a condition relating to the provision of engineering services and infrastructure that a proportional contribution to municipal public expenditure be made according to the *normal need* therefor arising from the approval, as determined by the Municipality in accordance with norms and standards as may be prescribed. Section 40(12) provides that a municipality may, if appropriate, depart from contributions so determined.

- Section 40(4) provides that such municipal public expenditure includes, but is not limited to, municipal public expenditure for municipal service infrastructure and amenities relating to—

    - community facilities, including play equipment, street furniture, crèches, clinics, sports fields, indoor sports facilities or community halls;

    - conservation purposes, energy conservation, climate change; or engineering services.

- Section 40(5) requires that, when determining the contribution contemplated in subsections (3) and (4), a municipality must have regard to at least—

    - the municipal service infrastructure and amenities for the land concerned that are needed for the approved land use;

    - the public expenditure on that infrastructure and those amenities incurred in the past and that facilitates the approved land use;

- the public expenditure on that infrastructure and those amenities that may arise from the approved land use;
- money in respect of contributions contemplated in subsection (3) paid in the past by the owner of the land concerned; and
- money in respect of contributions contemplated in subsection (3) to be paid in the future by the developer of the land concerned.

- Section 40(6) requires that, except for land needed for public places or internal engineering services, any additional land required by the Municipality arising from an approved subdivision must be acquired subject to applicable laws that provide for the acquisition or expropriation of land.

3.2.5 Stellenbosch Municipality: Zoning Scheme By-Law 2019 – ('Zoning Scheme')

20. Development charges in terms of this Scheme

(1) The calculation of development charges and whether a development charge is payable, shall be subject to the Municipality's adopted policy.

*(2) Where the provision in a particular zone identifies that a development charge is payable for **intensified** primary development **rights which came into operation as a result** of this Scheme, and where the owner intends to develop according to such intensified rights, such development charge shall be calculated when the building plan is submitted and shall be paid prior to the approval of said building plan.*

(3) Where an application is made in terms of Planning Law, or where application is made for technical approval in terms of this Scheme, the Municipality may impose a condition related to development charges payable where said approval leads to the intensification of land use beyond the primary rights which has been originally approved on the land unit.

(4) Unless an alternative agreement is reached in writing between the owner and the Municipality, no building plan shall be approved on any land unit where an outstanding development charge is payable.

(5) If the Municipality fails to calculate a development charge at the appropriate approval stages as set out in this section, it is deemed that there are no charges related to that development.

[NOTE: 'Owner' to be read as a 'developer' as defined.]

NOTES:

1. 'Landowner' to be read as a 'developer', as defined.

2. Other relevant sections of the Zoning Scheme are quoted *verbatim* in Appendix "A" for ease of reference (i.e. 89, 102, 115, 128, 140, 151 162, 172 and 219 – development charges in the Multi-Unit Residential zone, Mixed-Use zone, Industrial zone, Education zone, Community zone Utility Service zone, Transport-facilities zone, and Agricultural and Rural zone)

3.2.6 (a) Municipal Fiscal Powers and Functions Act, 12 of 2007 – ('Fiscal Powers Act')

This Act was adopted to regulate the exercise by municipalities of their power to impose surcharges on fees for services provided under section 229 (1) (a) of the Constitution; to provide for the authorisation of taxes, levies and duties that municipalities may impose under section 229 (1) (b) of the Constitution; and to provide for matters connected therewith. The date of its commencement is 7 September 2007.

This Act applies to municipal surcharges and municipal taxes referred to in section 229 of the Constitution, *other than* rates on property regulated in terms of the Local Government: Municipal PropertyRates Act, 2004, and municipal base tariffs regulated under the Municipal Finance Management Act, 2003, the Municipal Systems Act, 2000, or sector legislation.

(b) Municipal Fiscal Powers and Functions Amendment Bill

During 2020 National Treasury published the Amendment Bill for public comments (Government Gazette Notice No. 3 of 2020) and awaited comments until the 31st March 2020. Since then, it refined the Amendment Bill in line with the public comments received.

As part of the Cabinet protocols, the Amendment Bill had to be presented to the Directors-General Clusters and Cabinet Committees for their inputs and recommendations before submitting it to Cabinet for approval to table in Parliament for scrutiny. According to National Treasury as of November 2021 these processes were far advanced, and the Amendment Bill is likely to be submitted to Parliament during the first quarter of 2022.

National Treasury previously published various draft *Policy Frameworks* for Municipal Development Charges since the commencement of the 2007 Act. According to those frameworks the guiding principles in relation to development charges were equity and fairness, predictability, spatial and economic neutrality and administrative ease and uniformity. 'Fairness' to ensure that developers pay only for the infrastructure investments which they benefit from. 'Predictability' to enable developers to accurately estimate their liability and hold municipalities to account for the timely delivery of required infrastructure.

Those Policy Frameworks have since been converted into a memorandum of objects to the Amendment Bill. It was part of the document that was published for public comments in the 2020 Government Gazette. Therefore, in the formulation of this policy

document, the focus has been to bring it in line with the underlying thinking encountered in the Amendment Bill and in the '*Memorandum of Objects*' concerned.

The purposes of the Amendment Bill *inter alia* include to amend the 2007 Act, so as to regulate the power of municipalities to levy development charges; to set out the permissible uses of income from development charges; to provide for the basis of calculation of development charges; to provide for municipal development charges policies, community participation and by-laws; to provide for the installation of external engineering services by developers instead of payment of development charges; to provide for the consequences of non-provision of infrastructure by a municipality; to regulate reductions to the obligation to pay development charges through subsidies; to provide for matters relating to the budgeting of and accounting for development charges; to establish an entitlement on the part of municipalities to withhold other approvals or clearances due to non-payment of development charges; and to amend the SPLUMA.

Essentially the Amendment Bill seeks to regulate the power of municipalities to levy development charges in respect of a land development application submitted to the Municipality in terms of section 33(1) of SPLUMA or a municipal planning by-law. Clause 4 of the Amendment Bill proposes the insertion of **Chapter 3A**, which deals with development charges and *inter alia*:

- provides for a power for municipalities to levy development charges and establishes the basis on which they are calculated (Clause 9A);

- allows a municipality which decides to levy development charges to subsidise a land development or category of land developments through reducing the development charges payable where it has set out a criteria for such subsidy in its policy on development charges (Clause 9E);

- permits a municipality to set off the cost of infrastructure installed by the developer against a development charge (Clause 9G);

- deals with the consequences of a municipality not providing infrastructure for which a developer has paid a development charge (Clause 9H)

- provides for mechanism to resolve dispute for a person whose rights are affected by a decision regarding development charges (Clause 9K).

The Amendment Bill proposes amendments to SPLUMA, including *inter alia* the deletion of the definition of ''engineering service'' and inserting the following definitions:

- ***'**bulk engineering services**'** means capital infrastructure assets associated with that portion of an external engineering service which is intended to ensure delivery of municipal engineering services for the benefit of multiple users or the community as a whole, whether existing or to be provided as a result of development in terms of a municipal spatial development framework.*

- *'link engineering services' means the capital infrastructure assets associated with that portion of an external engineering service, which links an internal engineering service to the applicable bulk engineering services.*

- *'municipal engineering service' means a system for the provision of water, sewerage, electricity, municipal roads, stormwater drainage, gas and solid waste collection and removal required for the purpose of land development management, referred to in Chapter 6.*

The Amendment Bill restricts the scope of engineering services to those already covered in the current definition of engineering services provided in the SPLUMA. These are the provision of water, sewerage, electricity, municipal roads, storm water drainage, gas and solid waste collection and removal required for the purpose of land development. However, some level of flexibility has been provided for municipalities to levy development charges on other engineering services not specified in the SPLUMA, by providing for a municipality to apply to the Minister of Finance for an extension of services to be included in the calculation of development charges.

The Amendment Bill also proposes the following amendments to the SPLUMA.

- The amendment of the empowering provision (section 40(7) of the SPLUMA), by the substitution for paragraph *(b)* of the following paragraph:

  (*A Municipal Planning Tribunal may ...)*

  in the approval of any application, impose any reasonable conditions, including conditions related to the provision of engineering services and the payment of any development charges: Provided that the Municipal Planning Tribunal endorses the Municipality's calculation of development charges and, where applicable, the timing for payment thereof as a condition or conditions of approval.

- The amendment of section 49 by the substitution for subsection (2) of the following subsection:

  A municipality is responsible for the provision of external engineering services: Provided that link engineering services are installed by an applicant and that the municipality may require that such services are installed to provide a greater capacity than the land development itself needs, subject to the municipality reimbursing the applicant accordingly, unless the applicant waives his or her claim to reimbursement or the value of installing the additional capacity is set off against the applicable development charges liability.

- The amendment of section 49 by the addition of the following subsection:

> *A municipality may agree to contribute towards the cost of link engineering services, where the applicant's provision of link engineering service that meet the minimum standards of the municipality shall result in capacity that exceeds the requirements of the land development itself: Provided that the maximum contribution of the municipality does not exceed the amount which represents the difference between the cost associated with meeting the minimum standard and the cost of the actual requirements of the land development in question.* (Emphasis added).

[NOTE: 'Applicant' refers to a 'developer' as defined.]

If the amendments to SPLUMA (as proposed in the Amendment Bill) go through unamended and the Amendment Bill (unamended) becomes law, the following is noteworthy.

- A **development charge** will mean a charge levied by a Municipal Planning Tribunal in terms of section 40(7)*(b)* of, and contemplated in section 49 of, SPLUMA, which must-
  - contribute towards the cost of capital infrastructure assets required to meet increased demand for existing and planned **external engineering services**; or
  - with the approval of the Minister, contribute towards capital infrastructure assets required to meetincreased demand for other municipal engineering services not prescribed in terms of SPLUMA.
- Section 9A(1)(a) will empower a municipality to levy a development charge in respect of a **land development application** as contemplated in section 33(1) of SPLUMA or a municipal planning by-law.
- Section 9A(4) will require that the amount of a development charge must be-
  - **proportional** to the extent of the demand that theland development is projected to create for **existing or planned bulk** engineering services; and
  - calculated on the basis of a **reasonable assessment of the costs** of providing existing or planned **bulk** engineering services.
- According to the new SPLUMA definition, "**bulk engineering services**" will mean *capital infrastructure assets associated with that portion of an **external engineering service** which is intended to ensure delivery of municipal engineering services for the **benefit of multiple users** or the community as a whole, whether existing or to be provided as a result of development in terms of a municipal spatial development framework.*

- According to the SPLUMA **"external engineering service"** means an engineering service situated outside the boundaries of a land area and which is necessary to serve the use and development of the land area.

3.3 Interpretation

Our higher Courts in recent times have repeatedly stated that when it comes to the interpretation of statutes, the fundamental rule is that the words in a statute must be given their *ordinary grammatical meaning*, unless to do so would result in an absurdity.

There are *three interrelated riders*: the provisions should be interpreted purposively; the provision must be property contextualised and statutes must be construed consistently with the Constitution so that where reasonably possible the provisions should be interpreted to preserve their constitutional validity. It is also well recognised that it is wrong to ignore the clear language of a statute under the guise of adopting a purposive interpretation, as doing so would be straying into the domain of the legislature.

When attributing meaning to the words used in legislation, regard must be had to the context provided by reading the particular provisions in the light of the Act or by-law as a whole and the circumstances attendant upon its coming into existence. The '*inevitable point of departure is the language of the provision itself*', read in context and having regard to the purpose of the provision and the background to it landing on the statute books. It is therefore useful, when looking at the question of the legal requirements to be satisfied when imposing development charges in the context of present-day legislation, to have a historical perspective.

It is therefore important to take cognisance of the Legislative Background provided in Appendix "A" for a proper understanding of the Legislature's intention with DCs'.

4. OBJECTIVES

4.1. The objectives of this policy are to provide a sustainable and equitable framework for the financing of capital infrastructure assets and to ensure that:

4.1.1. The Municipality is able to provide capital infrastructure assets in a timely and sufficient manner to support land development;

4.1.2. Development charges complement other sources of capital finance available to the Municipality and are not utilised as a general revenue source;

4.1.3. Development charges are managed in a predictable, fair and transparent manner; and

4.1.4. Unnecessary litigation in the administration of development charges is minimised.

5. KEY PRINCIPLES OF THE POLICY

5.1. Principles to be applied must be in accordance with the current legislation, as well as Chapter 3A of the Amendment Bill, and further expounded in this policy.

5.2. Development Charges will be levied based on the increased demand that utilisation of intensified land use rights, which came into operation as a result of the Zoning Scheme or approval of new land development applications, are reasonably expected to have on existing and planned external engineering services capacity, irrespective of the geographical location of the development. For example, the traffic generated by a development located along a provincial road, will ultimately end up on the municipal road network that link to the provincial roads. The same applies to the additional stormwater run-off that ends up in downstream municipal networks and river courses, increase in demand and the bulk supply of water, and sewer and solid waste disposal. Factors are allowed in the calculations to reflect actual usage of infrastructure for these cases.

5.3. Four key principles underlie the system of development charges. These are:

5.3.1. ***Equity and Fairness***: Development charges should be reasonable, balanced and practical so as to be equitable to all stakeholders. The key function of a system of development charges is to ensure that those who benefit from new infrastructure investment, or who cause off-site impacts, pay their fair share of the associated costs.

This implies that:

5.3.1.1. The Municipality should recover from developers a contribution that is as close as possible to be full and actual costs of the capital infrastructure assets that are needed to mitigate the impacts of their land developments and to provide external engineering services to their developments;

5.3.1.2. Development charges are levied to recover the infrastructure costs incurred or to be incurred due to land development, and are thus not a form of taxation;

5.3.1.3. Costs which should be covered by development charges can be determined both in relation to the value of pre-installed capital infrastructure assets resulting from historical investments, and the provision of new capital infrastructure assets to meet new capacity requirements; and

5.3.1.4. Development charges are not an additional revenue source to be used to deal with historical backlogs in provision of services, such as backlogs that exist in some historically disadvantaged areas.

5.3.2. **Predictability:** Development charges should be a predictable, legally certain, and reliable source of revenue to the Municipality for providing external engineering services and should be clearly and transparently accounted for. In order to promote predictability in municipal finance systems the costs associated with municipal capital infrastructure assets provided expressly to benefit poor households should be established before subsidies are applied in a transparent manner to fund the liability.

5.3.3. **Spatial and Economic Neutrality:** The primary role of a system of development charges is to ensure the timely, sustainable financing of required capital infrastructure assets.

This implies that:

5.3.3.1. Development charges should be determined based on identifiable and measurable costs so as to avoid distortions in the economy and in patterns of spatial development;

5.3.3.2. Development charges should not be used as a spatial planning policy instrument;

5.3.3.3. Costs recovered should be dedicated only to the purpose for which they were raised; and

5.3.3.4. Development charges should be calculated where possible on a sectoral or geographic scale to more accurately approximate costs within a specific impact zone.

5.3.4. **Administrative ease and uniformity:** The determination, calculation and operation of development charges should be administratively simple and transparent.

6. OBLIGATION TO IMPOSE A DEVELOPMENT CHARGE

6.1. Development Charges Apply

When the Municipal Planning Tribunal approves a land development application which will or may result in intensified land use with an increased demand for external municipal engineering services infrastructure, it may, by imposing a condition of approval in terms of section 66 of the Planning By-Law, levy a development charge proportional to the calculated municipal public expenditure that has or may be incurred to satisfy the increased demand according to the normal need arising from such approval.

6.2. Development Charges do not apply

Development Charges do not apply to land development restricted to the exercise of current primary land use rights obtained or approved prior to the commencement of the Zoning Scheme, **unless 13.6 is applicable**.

It also does not apply to the following types of land use applications, as the impact of those land uses have an insignificant impact on engineering services infrastructure and those uses have a social and/or economic benefit to the Municipality and/or the community:

6.2.1. Home / non-commercial early childhood development centres that serve the surrounding community.

6.2.2. Community based churches and places of religious worship (it must be clear that such development will not lead to a significant additional service usage that will have an increased demand on municipal services)

6.2.3. House shops up to the lesser of 30% of the floor area of the buildings on the site or 50m^2 per erf.

6.2.4. Second dwellings – up to a total maximum of five bedrooms per erf will not trigger a Development Charges payment.

6.3. A development charge will be determined by the Municipality in terms of and on the basis of the applicable statutory provisions referred to in paragraph 3.2 above read with this policy.

6.4. A developer must pay to the Municipality the full amount of the applicable development charge due prior to the exercise of any rights to use, develop or improve the land arising from the approval of a land development application, unless in the case of a phased land development –

6.4.1. The Municipality authorises phased payments in the conditions of approval of land development applications, to take into account the timing of the proposed phases of the land development; and

6.4.2. The Municipality agrees that the developer must provide an acceptable written guarantee from a registered financial institution, in an amount due and subject to written terms and conditions imposed by the Municipality.

6.4.3. The Municipality may approve payment of the outstanding development charge into an attorney's trust account, in cases where this will enable the completion of infrastructure projects in lieu of Development Charges that are not yet completed at the time that clearance is sought and if such withholding of clearance is deemed to be unfair towards the developer. An example of this is where the Municipality has requested the upgrade or installation of a service in-lieu of Development Charges, of which the upgrade was not an original condition of approval, or which is not specifically triggered by the development, but of which the immediate upgrade will be of benefit to the Municipality and/or the greater public. The conditions for the utilisation of the funds in this trust account shall be stipulated in a letter of undertaking issued by the trust attorney and as agreed to in writing by the Municipality.

6.5. When approving a land development application, the Municipality must stipulate at least the following matters relating to the development charge –

6.5.1. The total amount of the development charge;

6.5.2. The dates/development milestones on which the payment or payments must be made and the amount of such payments;

6.5.3. Whether the Municipality and the developer have agreed that the developer will install any bulk services, as contemplated in paragraph 9; and

6.5.4. Where the developer is to install bulk services instead of the payment of some portion or all of a development charge –

6.5.4.1. The nature and extent of the bulk services to be installed by the developer;

6.5.4.2. The timing of commencement and completion of the bulk services to be installed by the developer;

6.5.4.3. The amount of the developer's fair and reasonable costs of installation, or the process for determining that amount, including the process, after installation, for making any adjustments to an amount specified as determined by the Municipality; and

6.5.4.4. The engineering and other standards to which the installed external engineering services must conform.

6.6. The Municipality and a developer may, and in the circumstances provided for in paragraph 9 must, conclude an engineering services agreement to give detailed effect on the arrangements contemplated in this paragraph 6, provided that an engineering services agreement may not permit any intensification of land use beyond that which was approved.

7. CALCULATION OF DEVELOPMENT CHARGES

7.1. Subject to the provisions of this policy, a development charge shall be calculated with reference to the estimated increased load placed on the external engineering

services networks that results from the development in a specific impact zone.

7.2. The capital cost of internal engineering services is for the account of the developer.

7.3. Subject to paragraph 6.3 above and for purposes of calculation of the bulk services component of a development charge, the Municipality must –

7.3.1. Determine a unit cost for each municipal infrastructure service, which unit cost must include all land cost, professional fees, materials, labour and reasonable costs of construction, but must exclude the value of any debts incurred by the Municipality for purposes of funding existing capital infrastructure assets, to the extent that such debt has not been repaid by the Municipality;

7.3.2. Apply a formula, which formula will –

7.3.2.1. Be aimed at determining the impact of the proposed land use on municipal infrastructure services, taking into account current and planned capacity, relative to the impact of the land use occurring at the date of approval of the land development application; and

7.3.2.2. Calculate the amount payable by multiplying the unit cost referred to in paragraph 7.3.2.1, by the estimated proportion of the municipal infrastructure services, including current and planned capacity, that will be utilised by the proposed land development.

7.4. The basis upon which development charges unit costs of the civil services and community services will be determined, as envisaged in paragraph 7.7, shall be consistent with Chapter 3A of the Amendment Bill.

The methodology for calculating unit costs can be summarised as follows, per service and for each impact zone thereof:

- Use an appropriate planning horizon in the future for that service (e.g. 20 years).
- Use town-planning scenarios and engineering master planning to determine what new services are required, such that at that point in the future, the joint capacity of existing and future services matches the number of consumption units that will be in place, being the existing amount plus the future development amount.
- Estimate the costs of the existing and future infrastructure, as though it was all being constructed at the present day, i.e. replacement cost for existing infrastructure or present-day cost for future infrastructure.
- Establish the number of consumption units that the total infrastructure will cater for i.e. existing consumption plus future consumption.
- From the above calculate the cost per unit consumption factor.
- The DC for the development in question is then calculated by multiplying the nett additional consumption needed for that development, by the cost per unit consumption factor.

In this manner the new development is paying its fair share of the infrastructure that it uses in that impact zone, and not financing an existing shortfall nor financing a surplus being created.

7.5. The basis upon which development charges will be determined i.t.o. electricity will be as per NRS 069: Code of practice for the recovery of capital costs for distribution network assets.

7.6. The Municipality must adjust the unit cost for each municipal infrastructure service on an annual basis during the budget preparation process referred to in Section 21 of the Local Government: Municipal Finance Management Act 56 of 2003, to take account of inflationary impacts and must publish the adjusted unit costs within two months of approving the municipal budget. The Municipality will use the Contract Price Adjustment Factor as prescribed in the SAICE General Conditions of Contract for Construction Works (as amended) to determine the annual effect of inflation.

7.7. Where possible, unit costs for each municipal infrastructure service should be re-calculated every five years to take into account the current and planned capacity for each municipal infrastructure service at the date of re-calculation, and any other relevant factors.

7.8. In the event of the Municipality discovering that a gross error has occurred in the determination of the development charges, or if there are justifiable reasons to review the charges, it may, by means of a council resolution, correct such error or review the charges.

8. ADJUSTMENT FOR ACTUAL COSTS OR USAGE

8.1. Notwithstanding the provisions of paragraph 7.3, the Municipality may at its own instance or on request by a developer, increase or reduce the amount of the bulk services component of a development charge so as to reflect the actual cost of installation of the required bulk services, where:

8.1.1. exceptional circumstances, as motivated by the developer and if accepted by the Council, justify such an increase or reduction; or

8.1.2. a particular land development significantly exceeds the size or impact thresholds set out in the applicable Development Charges tariff tables.

8.1.3. the actual usage of a particular land development varies significantly from the usage of the approved Development Charges tariff tables and of which the actual usage is motivated by a professional engineer and can be justified by means of recognised engineering guidelines and/or industry norms and standards.

8.1.4. Where a development is situated outside the urban area, and it is not connected to or uses the bulk infrastructure allowed for in the Development Charge calculation, because it is providing its own bulk services (e.g. water supply and waste water package plant) or its reduced usage is not already allowed for in the calculation, then that portion of the Development Charge must be adjusted by means of calculations by a professional engineer in terms of this section, and the developer must pay for his own bulk infrastructure to the approval of the Engineer.

8.2. Where the Municipality adjusts the amount of the bulk services component of a development charge on the basis of actual costs in terms of this section:

8.2.1. the developer is responsible for the costs of performing the calculation of such adjustment, which must be carried out by a registered professional civil

engineer appointed by the developer with appropriate experience and expertise having regard to the nature and extent of the proposed land use; and

8.2.2. the actual cost must include, where applicable and without limitation, land costs, professional fees, materials, labour, the reasonable costs of construction and any tax liabilities: provided that all such costs would otherwise have been borne by the Municipality, in the provision and installation of the bulk services concerned.

9. INSTALLATION OF EXTERNAL ENGINEERING SERVICES INSTEAD OF THE PAYMENT OF DEVELOPMENT CHARGES

9.1. The Municipality may agree with a developer that the developer installs all or part of the external engineering bulk services required for an approved land development instead of the payment of the applicable development charge.

9.2. Where a developer installs external engineering services to the technical standards required by the Municipality, as reflected in the applicable conditions of approval of the land development application or as agreed with the Municipality in writing, the developer may set off the fair and reasonable cost of such installation, as determined by the Municipality, against the applicable development charges.

9.3. Any capital infrastructure assets forming part of an external engineering service installed by a developer instead of payment of any part of a development charge shall, upon installation, become the property of the Municipality, and-

9.3.1. the developer shall bear the responsibility of ensuring that ownership or other relevant rights to the affected capital infrastructure assets is or are transferred to the Municipality;

9.3.2. the Municipality must include the applicable capital infrastructure asset gain in its next adjustments budget, in accordance with regulations relating to asset gains, made in terms of the Local Government: Municipal Finance Management Act 56 of 2003.

9.4. The Municipality may require that a developer installs external engineering services to accommodate a greater capacity than that which would be required for the proposed land use alone in accordance with any master plan approved by the Municipality, in order to support planned future development in the vicinity of the approved land development. Where the total fair and reasonable cost of installation of such required external engineering services exceeds the development charge payable by the developer, the Municipality may reimburse the developer the amount in excess of the development charge, in accordance with a written agreement, provided that such infrastructure has been provided for in accordance with an approved master planning programme for such service and which has been approved as a capital project in terms of the budget of the Municipality. This reimbursement is to be within an agreed payment schedule not exceeding three years from the date of installation unless the developer waives his right to the applicable reimbursement.

9.5. If the developer elects to develop outside the Municipality's approved capital expenditure programme, he or she will have to fund the provision of services to enable such development. There is no obligation on the Municipality to provide services to land simply because an owner wants to develop his/her land and the Municipality is not obligated to re-imburse the developer for such expense. Section 152 of the

Constitution emphasises the fact that the Municipality must structure its administration and budgeting and planning processes to give priority to the basic needs of the community.

9.6. When a developer installs external engineering services instead of payment of a development charge, he or she must adopt the most cost-effective and efficient approach to meet the Municipality's technical standards. The principles of procuring the most cost–effective and efficient services must be followed. Therefore, the installation of engineering services must be provided at costs based on a competitive procurement process and evaluated by the developer's consultant with a recommendation for appointment. Such recommendation must be approved by the Municipality before the appointment of a contractor for this purpose.

9.7. "Upon the "Developer" having complied with all the terms and conditions of an engineering services agreement the "Municipality" undertakes to value the total cost of "Municipal Services". The total value as per the final payment certificate of the project will be used to determine the total cost of "Municipal Services". If the project has been completed in a previous financial year, the total completion value (as normally indicated on the final payment certificate) can be escalated to the year at which time DC payment is to be made. The escalation rate will be the same as the DC annual escalation as approved by council. The outstanding amount of development contributions payable as concluded with the "Developer" will be reduced by the value of such "Municipal Services" as provided in terms of this Agreement. The outstanding amount will be payable before a clearance certificate is issued by the Municipality, or before an occupation certificate is issued (where clearance certificate is not applicable)."

10. NON-PROVISION BY THE MUNICIPALITY

10.1. Where the Municipality has agreed to install the required external engineering services and fails to do so within a period of twelve months from the date for completion stipulated in such agreement, the Municipality must return the applicable portion of the development charge paid by the developer, to the developer, with interest charged at the applicable rate for debts owed to the State.

10.2. Notwithstanding the provisions of paragraph 10.1, the Municipality and the developer may agree to:

10.2.1. an extension of the time period for the installation of the required external engineering services by the Municipality: provided that such extended time period may not exceed twenty-four months and provided further that where the Municipality completes the installation within such extended time period, it has no obligation to return the development charge paid by the developer, to the developer; or

10.2.2. an engineering services agreement, or such a revised agreement, in terms of which the developer agrees to install the required external engineering services in whole or in part and, where agreeing to install in part, the time period within which the Municipality will install those external engineering services for which it remains responsible: provided that the extended time period for installation by the Municipality may not exceed twenty-four months and provided further that where the Municipality completes its portion of the installation within such extended time period, it has no obligation to return that portion of the development charge paid by the developer which pertains to the external engineering services installed by the Municipality, to the developer.

11. WITHHOLDING CLEARANCES AND APPROVALS.

11.1. The Municipality shall be entitled to withhold any consent, clearance or approval in respect of a land development in the event where development charges owed by the developer remain unpaid or the developer fails to install external engineering services in accordance with an engineering services agreement entered into with the Municipality.

11.2. The Municipality shall not be obliged to allow any internal or link services to be connected to the bulk services of the Municipality until all development charges have been paid by a developer.

12. SUBSIDIES AND EXEMPTIONS

12.1. The Municipality may only subsidise a land development or category of land developments through reducing the development charge payable in respect thereof if it meets any of the following criteria.

- The land development must be for purposes of providing low-income and subsidised housing (i.e. those who qualify for the Financial Linked Individual Subsidy Programme). Proof of sale must be submitted, and the proposed residential development must be located on land with a "Less Formal Residential" zoning in terms of the Zoning Scheme.

- The beneficiaries of the land development must primarily be indigent persons, persons dependent on pensions or social grants for their livelihood, or persons temporarily without income.

- The land development must be for purposes of serving community, conservation, educational, institutional or public purposes as defined in Schedule 2 to the SPLUMA.

- The applicant for a subsidy must be a registered non-profit or charitable community organisations undertaking social development projects that is beneficial to the community and where the applicant is able to demonstrate how the proposed development will have a social and/or economic benefit to the Municipality. The use of any land or buildings, or any part thereof, shall not be for the private financial benefit of any individual, including as a shareholder in a company or otherwise.

- If the bulk engineering services for the land development concerned have been budgeted to be funded through a fiscal transfer from another sphere of government, a subsidy may be granted to the extent of that grant funding.

12.2 Examples of land uses that may potentially qualify for subsidies, are the following:

- Breaking New Ground (BNG) housing projects implemented by the Municipality. These projects are approved by council prior to implementation and such approval should include financial commitments regarding the provision of bulk services for these projects. It is thus not necessary for development charges if the provision of bulk services is to be funded by alternative funding sources.

- Public schools, hospitals, clinics and other public infrastructure projects developed and funded by government which provides a service to especially the poorer communities. These projects will have a social and economic benefit to these communities and the Municipality in its whole and in so doing will alleviate some institutional and financial pressure on the Municipality in terms of providing social infrastructure and social development programmes.

12.2. Applications for subsidies must be in writing and addressed to the Director: Infrastructure Services for evaluation, calculation of the applicable development charge as if it were payable, and submission of a recommendation to the Stellenbosch Municipal Council for consideration.

12.3. If a subsidy is granted, the Municipal Council must set out the reasons for its decision, must identify the alternative funding source for the required bulk engineering services to the value of the subsidy, and must budget for and/or obtain funding from an alternative source to the value of the subsidy.

12.4. Before the Municipality grants an individual exemption, it must:

12.4.1. ensure that the revenue to be forgone as a result of any exemption approved by the Municipal Council is reflected in the Municipality's budget (Finance);

12.4.2. must provide for budgetary provision for the realisation of the revenue forgone to be made, from another realistically available source of revenue (Finance);

12.4.3. ensure that the monetary value of the exemption, together with the amount of any other payment or payments received by the Municipality towards the capital costs of external engineering services for an approved land development, is at least equal to the development charge calculated in accordance with paragraph 12.4.1.

13. SPECIAL ARRANGEMENTS

13.1. Rural areas/farms: Development Charges will not be levied in respect of buildings as are reasonably connected with the permissible main farming activities on the farm (e.g. cellar and bottling facilities on a wine farm or a fruit packaging and storage facility on a fruit farm). Development Charges according to the applicable tariff will be levied for any other development on farms requiring approval of land use applications, e.g., a farm stall, function venue, tourist accommodation facilities, conference facilities or other commercial activities. A scientifically calculated reduction factor of 50% will be however be applied to the trip generation rates as specified for such land uses in urban areas.

13.2. Gross Leasable Area ("GLA"): When at the time of the Development Charges calculation being done, the GLA figure is not known, it will be deemed to be 15% less than the permissible total bulk (i.e. based on 85% of the total permissible bulk).

13.3. Development Charges In lieu of Parking bays: If the development is located in an area where in the opinion of the Municipality the lack of sufficient on-site parking is currently causing problems, payment of Development Charges in lieu of providing parking bays will not be permitted. Some or all of the following criteria must be met before a Development Charges payment in lieu of parking will be favourably considered:

- If located in the historical CDB core where buildings were approved with limited parking provision;
- When a development is situated within a 500m radius of a public transport hub or facility;
- When a development is situated along a primary functional public transport route – provided that the necessary embayment required, is provided;
- When a development is situated along a primary Non-Motorised Transport. route (as defined by the Non-motorised Transport Masterplan) – provided that the necessary facilities are in a good state;
- Where a public parking garage has been constructed that, in the Municipality's opinion, adequately caters for the demand created by the shortfall of on-site parking.

13.4. Provincial roads outside of the urban boundaries are not allowed for. For provincial Roads within the urban boundaries, 20% of the value thereof has been allowed for in the determination of the Development Charges tariffs and therefore this percentage will be allowed to be offset from Development Charges where constructed by the Developer in terms of an engineering services agreement. The offsetting of Development Charges against the full cost of provincial road upgrades would result in an under-recovery of Development Charges for municipal roads. Exception is upgrades to intersections between municipal and provincial roads, where the full amount can be offset from Development Charges.

13.5. Non-motorised transport facilities: A functional and safe non-motorised transport and public transport network will reduce the dependence on private motor vehicles and therefore relieve road congestion and free up capacity on the roads and intersections. The developer may set off its fair and reasonable cost of providing such facilities, as determined by the Municipality, against the applicable development charges if the Municipality is satisfied, based on its non-motorised transport master plan, that those facilities are for the benefit of multiple users/developments and/or the community as a whole.

13.6. Handling of properties with historical land use rights: If a property (especially business and industrial zoned property) has an existing zoning right, it does not necessarily mean that DCs have been paid on the full development potential of the property when such zoning was approved. A DC credit can only be granted if a DC for a specific development or building has been paid in the past, or if there are existing permanent, legal buildings (has building plan approval) on the site which service demand has already been absorbed into the bulk service networks. Otherwise there is no justification for granting such a credit. The onus to prove that DCs have been paid is on the Developer/Applicant. DC's will be payable before building plan approval.

13.7. Temporary Departures: No Development Charges will be levied in respect of temporary departure approvals; provided that:

13.7.1. If, in the Municipality's opinion, any external engineering services upgrades are required to meet increased demand due to the impact of the temporary land use concerned, even if of a temporary nature, the developer must construct such upgrade at own cost; and

13.7.2. if an application for an extension of a temporary departure is granted, Development Charges will be levied.

Appendix "A"

Legislative background and relevant statutory provisions

Legislative background

1. The Townships Ordinance, 33 of 1934 – ('Townships Ordinance')

Before 1 July 1986 (i.e., the commencement date of the Land Use Planning Ordinance, 15 of 1985), land use applications in the Province of the Cape of Good Hope were dealt with in terms of the Townships Ordinance, 33 of 1934.

It *inter alia* provided in section 35 *ter* that an enhancement levy was due to the local authority concerned by the owner of any land of which the *value* is or has increased in consequence of '*provisions*' being or having been '*prescribed*' (i.e., zoning rights granted). The intention clearly was that the levy would serve as the developer's contribution towards the cost of providing or upgrading municipal services infrastructure required to serve development undertaken, based on the approved enhanced rights.

2. The Venter Commission

Under the Townships Ordinance, however, the settling of the question of a basis on which engineering services should be provided by the township establisher and the local authority concerned, was one of the biggest single factors that retarded the township establishment process and the rapid and effective production of new residential sites.

On 26 June 1982 the State President therefore appointed a commission to inquire into and make recommendations *inter alia* regarding methods which may promote the provision of sufficient residential erven and reduce the cost thereof. The commission became known as the Venter Parliamentary Commission (the 'Venter Commission').

At that stage the regulation of costs of township establishment in the Cape Province was based on the recommendations of the 1970 Niemand Commission. These included the basic principle that the existing municipality rate payers should not be expected to carry the burden of services for the new township but that the arrangements between the township owner and the municipality should be such that the municipality did not make a profit out of the township owner or the purchaser of his erven either. In short, the basis for cost liability was supposed in all cases to be the principle of equal treatment, in accordance with which the inhabitants of the old town should not subsidise the new township and neither should the old derive benefit from the new township.

The Venter Commission published three reports, respectively dated 29 March 1983, 16 June 1983 and 30 November 1983. It assumed, for purposes of those reports, that the concept of '*internal services*' referred to the engineering services network that was internal to the township concerned, but that it did not include the higher order services situated within the area of the township concerned that were generally classified as '*external services*' and were able to serve adjacent areas as well. It recommended **[1]** that '*the township establisher should accept responsibility for the installation and*

---

1 Par 3.6 Venter Commission 2nd Report sub-paragraph 10.

financing of all engineering services that are internal to the township, and the local authority should accept responsibility for the installation and financing of external engineering services.'.

3. The Land Use Planning Ordinance, 15 of 1985 – ('LUPO')

Many of the recommendations of the Venter Commission were adopted by the then Cape Province Provincial Government and served as points of departure for the drafting of the Land Use Planning Ordinance, 15 of 1985 ('LUPO').

Section 42(1) of (the now repealed) LUPO, empowered the competent authority to grant a land use application, subject to '*such conditions as he may think fit*'. Section 42(2) of LUPO is particularly noteworthy. It read as follows:

> '*Such conditions may, having regard to-*
>
> *(a) the community needs and **public expenditure which** in his or its opinion **may arise** from the authorisation, exemption, application or appeal concerned **and** the public expenditure **incurred in the past** which in his or its opinion facilitates the said authorisation, exemption, application or appeal, and*
>
> *(b) the various **rates and levies** paid in the past or to be paid in the future by the owner of the land concerned, **include conditions** in relation to the cession of land or the **payment of money which is directly related to requirements** resulting from the said authorisation, exemption, application or appeal in respect of the provision of necessary services or amenities to the land concerned*.' [Emphasis added].

LUPO no longer catered for enhancement levies but introduced an arrangement in terms of which local authorities could require, as a condition of approval, a contribution towards specified public expenditure. The qualification was that such expenditure (incurred in the past or that may arise) should (a) in the opinion of the authority, facilitate the land use approval; and (b) had to be directly related to requirements *resulting* from such approval, *in respect of the provision of necessary services or amenities to the land concerned.*

The reason why local authorities were required to take into consideration '*the various rates and levies paid in the past or to be paid in the future by the owner of the land concerned*', relates to how *loans,* as mechanism to finance infrastructure investment programmes, fits within the municipal fiscal framework. When loans are taken up for this purpose, municipalities repay same *inter alia* by using income from those sources. In other words, even the owners of vacant land contribute towards the cost of existing infrastructure that was or new infrastructure that will be provided with borrowed funds. To disregard their previous and future contribution would therefore be in conflict with the requirement that municipality should not make a profit out of the developer.

4. Conclusion

Development charges are nor a new revenue source or tax for municipalities, but a once-off infrastructure access charge imposed by a municipality on a developer as a condition of approval of a land development that will result in intensification of land uses and an increase in the use of or need for municipal engineering infrastructure.

All the new order local government and planning legislation and language used therein, can easily induce an exaggerated sense of the extent of the substantive shift that it is brought about. Actually, the new order regime very much replicates that which

previously subsisted in terms of the old order legislation and provides for the substantive continuity of the regulatory structure.

The new order legislation merely refined statutory arrangements relating to development charges whilst the underlying principles in respect thereof, remained the same. People working with the legislation shall appreciate the pattern today is not something essentially different to what it was yesterday and because different language is used in the legal framework one shouldn't allow that to confuse oneself into thinking of it as some sort of a legal revolution. The underlying principles still represent an equitable division of development costs between the local authority and the developer.

Relevant statutory provisions

The National Constitution – ('Constitution')

- Section 229(1)(b) empowers a municipality, if authorised by national legislation, to impose other taxes, levies and duties.
- According to section 229 (2) the power of a municipality to impose rates on property, surcharges on fees for services provided by or on behalf of the Municipality, or other taxes, levies or duties-
  - may not be exercised in a way that materially and unreasonably prejudices national economic policies, economic activities across municipal boundaries, or the national mobility of goods, services, capital or labour; and
  - may be regulated by national legislation.

Stellenbosch Municipality: Zoning Scheme By-Law 2019 – ('Zoning Scheme')

20. Development charges in terms of this Scheme

(1) The calculation of development charges and whether a development charge is payable, shall be subject to the Municipality's adopted policy.

(2) Where the provision in a particular zone identifies that a development charge is payable for intensified primary development rights which came into operation as a result of this Scheme, and where the owner intends to develop according to such intensified rights, such development charge shall be calculated when the building plan is submitted and shall be paid prior to the approval of said building plan.

(3) Where an application is made in terms of Planning Law, or where application is made for technical approval in terms of this Scheme, the Municipality may impose a condition related to development charges payable where said approval leads to the

intensification of land use beyond the primary rights which has been originally approved on the land unit.

(4) Unless an alternative agreement is reached in writing between the owner and the Municipality, no building plan shall be approved on any land unit where an outstanding development charge is payable.

(5) If the Municipality fails to calculate a development charge at the appropriate approval stages as set out in this section, it is deemed that there are no charges related to that development. (0)

89. Development charges in the Multi-Unit Residential zone

(1) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

(2) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(3) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(4) The Municipality shall consider additional development charges in at least the following instances where building plans for primary rights are submitted:

(a) any new development where a group housing or retirement village scheme exceeds the density per hectare as indicated below for the various former scheme areas:

(i) 20 units per hectare in former Stellenbosch scheme area and former Section 8 scheme area;

(ii) 30 units per hectare in former Franschhoek scheme area;

(b) any new development where the total floor area exceeds the following:

(i) in former Stellenbosch and Franschhoek scheme areas:

- *40% for erven up to 1499m2 (factor of 0.4)*
- *50% for erven op to 1749m2 (factor of 0.5)*
- *60% for erven up to 1999m2 (factor of 0.6)*

(ii) in former Section 8 areas: (0)

- *100% of the land unit (factor of 1.0)*

(c) where consolidation is undertaken which results in a greater floor area threshold applying than set out above for the original land unit size;

(d) any new development where a direct or indirect limitation applied on the development potential of the land unit by a condition of approval or the provisions of the former zoning scheme.

102. Development charges in the Local Business zone

(1) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

(2) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation as a result of this Scheme.

(3) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(4) The Municipality shall consider additional development charges in at least the following instances where building plans for primary rights are submitted:

(a) any development which exceeds the previously approved development extent or land use on a land unit which was zoned "Restricted Business", "Specific Business" or "Minor Business" in the former Stellenbosch or Franschhoek schemes;

(b) any development where the floor area exceeds 150% of the area of the land unit (factor of 1,5);

(c) any development where consolidation is undertaken which results in the intensification of land use which is greater than that applicable on the individual erven; and

(d) any new development where a direct or indirect limitation applied on the development potential of the land unit by virtue of a condition of approval or the provisions of the former zoning scheme.

115. Development charges in the Mixed-Use zone

(1) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

(2) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(3) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(4) The Municipality shall consider additional development charges in at least the following instances where building plans for primary rights are submitted:

(a) any new development where the total floor area exceeds the following:

(i) in former Franschhoek scheme area:

- *255% of the area of the land unit (coverage of 85% on 3 floors) for business related buildings;*
- *150% (coverage of 50% on 3 floors) for flats and any other residential buildings;*

(ii) in former Section 8 scheme areas:

- *300% of the area of the land unit (floor factor of 3,0) for business related buildings;*

- *100% of the area of the land unit (floor factor of 1,0) for flats and any other residential buildings);*

(iii) in former Stellenbosch scheme areas:

- *425% of the area of the land unit (coverage of 85% on 5 floors) for business related buildings;*

- *185% of the area of the land unit (coverage of 85% on ground and 50% on 2 more floors) for flats and any other residential buildings (excluding hotel and guest house);*

- *285% (coverage of 85% on ground and 50% on 4 more floors) for hotels and guest house.*

(b) any new development where a direct or indirect limitation applied on the development potential of the land unit in terms of a condition of approval or the provisions of the former zoning scheme.

128. Development charges in the Industrial zone

(1) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

(2) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(3) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(4) The Municipality shall consider charging development charges in at least the following instances where building plans for primary rights are submitted:

(a) any new development where the total floor area exceeds the following:

(i) in former Franschhoek and Stellenbosch scheme areas:

- *225% of the area of the land unit (coverage of 75% on 3 floors);*

(ii) in former Section 8 scheme areas:

- *150% of the area of the land unit (floor factor of 1,5);*

(b) any new development where a direct or indirect limitation applied on the development potential of the property by a condition of approval or the provisions of the former zoning scheme.

140. Development charges in the Education zone

(1) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(2) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(3) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

151. Development charges in the Community zone

(1) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(2) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(3) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law. (0

162. Development charges in the Utility Services zone

(1) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation because of this Scheme.

(2) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(3) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

172. Development charges in the Transport Facilities zone

(1) The Municipality shall, prior to approval of a building plan for a primary right, determine whether the building to be approved constitutes an increase in development rights which is greater than the rights which existed in the former scheme, and should this be found to be the case, require that a development charge in accordance with section 20 of this Scheme.

(2) The Municipality shall at least consider imposing development charges in the following instances:

(a) any new development or expansion of business-related ancillary uses to passenger transport uses;

(b) any new petrol filling stations or expansion of existing filling stations;

any new development where a direct or indirect limitation applied on the development potential of the land unit by a condition of approval or the provisions of the former zoning scheme.

219. Development charges in the Agriculture and Rural zone

(1) A development charge is payable in terms of section 20 in instances where a building plan is submitted to utilise intensified primary development rights which came into operation as a result of this Scheme.

(2) The Municipality shall, prior to approval of such a building plan, determine the extent of such additional rights and calculate the required levy, which shall be paid by the landowner prior to the approval of said building plan.

(3) The Municipality may impose development charges for any additional use or consent use application in accordance with Planning Law.

Local Government: Municipal Systems Act, 32 of 2000 – ('MSA')

According to the MSA a **'***municipal service***'** means a service that a municipality is empowered to provide and which it provides or may provide to or for the benefit of the local community. Irrespective of whether such a service is provided (or to be provided) by the municipality through an internal mechanism or by engaging an external mechanism.

- Section 4 (1)l provides that the council of a municipality has the right to finance the affairs of the municipality by

o charging fees for services; and

o imposing surcharges on fees, rates on property and, to the extent authorised by national legislation, other taxes, levies and duties.

- Section 4(2) provides that the council of a municipality, within the municipality's financial and administrative capacity and having regard to practical considerations, has the duty *inter alia* to-

o exercise the municipality's executive and legislative authority and use the resources of the municipality in the best interests of the local community;

o strive to ensure that municipal services are provided to the local community in a financially and environmentally sustainable manner; and

o promote and undertake development in the municipality.

- According to section 11(3) a municipality exercises its legislative or executive authority *inter alia* by imposing and recovering rates, taxes, levies, duties, service fees and surcharges on fees, including setting and implementing tariff, rates and tax and debt collection policies.

- Section 74 of the MSA requires that a municipal council must adopt and implement a tariff policy on the levying of fees for municipal services provided by the municipality itself or by way of service delivery agreements, and which complies with the provisions of the MSA and any other applicable legislation. In terms of section 74(2) a tariff policy must *inter alia* reflect at least the following principles, namely that-

o tariffs must reflect the costs reasonably associated with rendering the service, including capital, operating, maintenance, administration and replacement costs, and interest charges;

o tariffs must be set at levels that facilitate the financial sustainability of the service, taking into account subsidisation from sources other than the service concerned;

- o the extent of subsidisation of tariffs for poor households and other categories of users should be fully disclosed.

- Section 75A of the MSA deals with the general power of municipalities to levy and recover fees, charges and tariffs. It provides that a municipality may-

- o levy and recover fees, charges or tariffs in respect of any function or service of the municipality; and

- o recover collection charges and interest on any outstanding amount.

1. BACKGROUND

In 2007, Stellenbosch Municipality initiated a process to prepare a General Valuation (GV) Roll of all property situated within the geographical boundaries of Stellenbosch Municipality (WC024) in terms of the requirements of the Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004) including any subsequent amendments and consequential regulations (the MPRA) which became effective on 1 July 2009 at Stellenbosch Municipality.

This Policy is formulated in terms of Section 3 of the MPRA.

2. LEGISLATIVE CONTEXT

2.1 In terms of Section 229 of the Constitution, 1996 (Act 108 of 1996), a municipality may impose rates on property.

2.2 In terms of Section 4 (1) (c) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), a municipality has the right to finance the affairs of the municipality by imposing, *inter alia*, rates on property.

2.3 In terms of Section 2 (1) of the MPRA a metropolitan or Local municipality may levy a rate on property in its area in accordance with the provisions of the MPRA.

2.4 This Policy must be read together with and is subject to the provisions of the MPRA.

2.5 In terms of Section 62 (1) (f) (ii) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (the MFMA), a municipality must have and implement a rates policy as may be prescribed by any applicable national legislation.

2.6 In terms of Section 8(1) of the MPRA, the Municipality will, as the primary instrument, levy rates on the use of property, but implemented as per paragraph 5.5 of this Policy.

2.7 All citations to applicable Acts as referenced in this Policy shall include all amendments and regulations to such as promulgated.

3. GUIDING PRINCIPLES

3.1 The rating of property will be implemented impartially, fairly, equitably and without bias, and these principles also apply to the setting of criteria for exemptions, reductions, and rebates contemplated in Section 15 of the MPRA.

3.2 The rating of property will be implemented in a way that:-

- is developmentally oriented;
- supports sustainable local government by providing a stable and buoyant revenue source within the legislative ambit of the Municipality;
- supports local and socio-economic development;
- promotes simplicity, uniformity, and certainty in the property rates assessment process;

- gives due consideration to the need for simple and practical process of billing and collection of property rates;
- promotes sustainable land management, especially that which reduces the risk from natural disasters;
- achieves national and local environmental management objectives; and
- balances the affordability by ratepayers versus the financial sustainability of the Municipality.

3.3 Other principles that will steer the processes of this Policy:

- All ratepayers within a specific category will be treated equally and reasonably.
- The Municipality will, when levying property rates for each financial year, take cognizance of the aggregate burden of rates on property owners in the various categories of property ownership.
- Rates Increases/Decreases will be guided by the budget requirements of the Municipality, and by Section 20 of the MPRA.
- In dealing with the poor/indigent ratepayers the Municipality may provide relief measures through exemptions, reductions or rebates.

3.4 Further determinants that will guide the processes of this Policy:

- The Zoning Scheme of the Municipality determines, via the provisions therein, the zoning and thus the legally binding use of a given property.
- However, the rating of said property is governed by the MPRA which determines a collection of rules that by implication sets the conditions by which the use of a property is categorised. It is therefore possible that even though an owner is using a property within the set rules of the Zoning Scheme, said property would not be rated on the same basis due to the definitions and provisions as applied according to the MPRA and this Policy.
- Moreover, such categorisation instituted according to the MPRA or this Policy does not condone any unlawful use of a property regardless of circumstances.

4. DEFINITIONS

In this Policy, a word or expression derived from a word or expression as defined, has a corresponding meaning unless the context indicates that another meaning is intended.

The following four definitions in the MPRA are only shown for clarity:

"***Exclusion***", in relation to a municipality's rating power, means a restriction of that power.

"***Exemption***", in relation to the payment of a rate, means an exemption granted by a municipality.

"***Reduction***", in relation to a rate payable on a property, means the lowering of the amount for which the property was valued and the rating of the property at that lower amount.

"***Rebate***", in relation to a rate payable on a property, means a discount granted on the amount of the rate payable on the property.

In addition to the definitions contained in the MPRA, the following definitions apply for the purpose of the application of this Rates Policy.

Furthermore, specific terms or phrases used, but not defined in the MPRA are defined herein to describe said term or phrase for a specific perspective of the MPRA by the Municipality:-

"**the Municipality**" means Stellenbosch Municipality (WC024).

"**MPRA**" refers to the Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004) including any subsequent amendments and consequential regulations.

"***Accommodation Establishment***" means a property used for the supply of overnight sleeping facilities to transient guests at a fee.

"***agricultural activities***" means the intensive cultivation of soils for purposes of planting or growing, and gathering of trees or crops in a managed and structured manner; the intensive rearing of livestock or aquaculture. In addition, all the provisions as detailed in the definition of "*Agricultural Property*" in the MPRA persist in this Policy.

"***agricultural purposes***" refers to the active pursuit by a *bona fide* farmer to derive the principle source of income, which is commercially sustainable, from agricultural activities exclusively on Agricultural Properties.

"***bed & breakfast***" in relation to *Accommodation Establishment* means:

- an initiative on a property of which the residential character is maintained,
- where the owner or operator permanently resides in the same dwelling,
- where normally only breakfast is served, and
- sleeping accommodation to transient guests is limited to no more than 3 guest bedrooms.
- This property will be deemed to be a Residential Category.

"***bona fide farmer***" is a person or legal entity that is a legitimate farmer whose primary income originates from agricultural activities.

"*business and commercial property*" means a property that is used for the purpose described as the activity of buying, selling or trade in goods, commodities or services and includes any office or other buildings on the same property, the use of which is incidental to such business. This definition excludes the business of mining and agriculture activities.

"***Chief Financial Officer (CFO)***" means a person designated in terms of Section 80(2) (a) of the Local government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

"***Conservation Area***" means:

- a Protected Area as defined in Section 1 of the MPRA and listed in the "Protected Areas Register" as stipulated in Section 10 of the Protected Areas Act defined in the MPRA as the National Environmental Management: Protected Areas Act, 2003 (Act 57 of 2003); nevertheless, specifically those parts of properties as described in Section 17 (1) (e) of the MPRA; or

- a mountain catchment area as described in Section 9 of the *Protected Areas Act* and declared in terms of the Mountain Catchment Areas Act, 1970 (Act 63 of 1970).

"***Guesthouse***" in relation to *Accommodation Establishment* means:

- an initiative that is operated on a property of which the residential character is maintained; and
- where the sleeping accommodation to transient guests exceeds 3 but limited to 16 guest bedrooms, or
- if any services are offered beyond the limited services of a *Bed & Breakfast* establishment.
- This property will be deemed to be a Business Category.

"household income" means the gross sum of all monthly income from all sources. Income sources may include wages, salaries, profits, dividends, pensions, rentals, board & lodging, interest received, grants or investment income and other forms of financial contributions.

"*industrial property*" means a property that is used for the purpose described as the branch of trade or manufacturing, production assembling or processing of finished or partially finished products from raw materials or fabricated parts, typically via a high-volume production process and on such large scale that capital and labour are significantly necessitated; and includes any office or other buildings on the same property, the use of which is incidental to such business.

"***Open Space***" means a property, but specifically land that is used as a park, garden, for passive leisure or maintained in its natural state and which is zoned as open space. These properties may either be publicly owned being commonly open to public access; or privately owned and used without financial gain.

"***ratepayer***" means a person or legal entity that is liable in terms of the MPRA for the payment of rates on property levied by the Municipality. The term "Ratepayer" is herein considered to be synonymous with the MPRA definition of the term "owner".

"***residential* purposes**" in relation to the use of the property means improved property primarily intended for human habitation and inhabited as such; subject to paragraph 7.9 of this Policy and provided that:

- the following properties are specifically excluded from this definition: hostels, old age homes, and vacant land;
- the predominant use of a property with not more than two dwelling units on said property, must be 80% or more (based upon a percentage of the total area of buildings and structures) for this purpose; or
- properties registered in terms of the Sectional Title Act, 1986 (Act 95 of 1986) must solely be used for this purpose; or
- properties owned by a share-block company must solely be used for this purpose; or
- a block of flats must solely be used for this purpose; or
- a dwelling used for this purpose must be situated on property used for or related to educational purposes; or

- the predominant use of a retirement scheme or life right scheme must be 60% or more for this purpose.

"**SARS**" means the South African Revenue Service.

"***vacant land***" means a property:

- without any buildings or structures; or
- where immovable improvements have been erected but deemed incomplete and unoccupied.

"***valuation roll***" means a valuation roll drawn up in terms of Section 30 of the MPRA or a supplementary valuation roll drawn up in terms of Section 78(6) of the MPRA.

5. IMPOSITION OF RATES

5.1 The Municipality shall as part of the annual budgeting cycle, set for each category a rate, (being a cent amount in the Rand) that will be imposed, in accordance with the MPRA, on the market value of a property, for all rateable properties as recorded in the Municipality's valuation roll, drawn up in terms of the MPRA. The amount so determined together with any relief measures as described in this Policy shall be the Rates due and payable by the owner of said property.

The levying of rates forms part of the Municipality's annual budget process as set out in Chapter 4 of the MFMA.

Details of the resolution pertaining to the rate for each of the various property categories are to be published in the *Provincial Gazette* as set out in Section 14 of the MPRA.

5.2 The rates charged as a cent amount in the Rand for the residential property as per paragraph 6.1 (a) of this Policy is the base rate and the rate charged to all other categories of properties are reflected as a ratio to the residential rate if so prescribed by Regulations promulgated in accordance with the MPRA.

5.3 The Municipality will be guided by the definition of "ratio" in the MPRA and directed by Regulations pertaining to rate ratios as promulgated in terms of Section 19 of the MPRA and as applicable to the prescribed non-residential properties.

5.4 For properties used for multiple purposes, the Municipality may apply the category of multiple use. For such properties, the Municipal Valuer will apportion a value to each distinct use and apply the appropriate category for billing at the applicable rate.

5.5 For the purposes of determining a property's category, the Municipality will determine such as per Section 8 of the MPRA. It should be noted that the Municipality considers permitted use to be appropriate on vacant properties and that all other properties would be categorised according to the actual use of said property.

5.6 Building Clause references

Obligations pertaining to Building Clauses as per the development agreements or contracts will under the obligation or constraint of Section 19(1)(d) not be administered as part of the valuation nor the rating processes.

5.7 Period for which rates are levied

The Valuation Roll will, according to Section 32(1) of the MPRA, remain valid for a General Valuation cycle of four years.

5.8 Valuation value constraints

(a) For the purposes of valuing a property, no valuation value shall be less than R1 000 unless the valuer determines that said property's valuation value must be zero.

(b) For administrative purposes all valuation values exceeding R1 000 may be rounded to the nearest R1 000 interval.

6. CATEGORIES

6.1 Categories of Property

Property Categories, each of which correlates to a distinct use of a property, have been determined as described below.

The codes that have been associated with each property Category are listed in paragraph 18.1 of this Policy. In addition, paragraph 18.1 identifies the attributes and criteria that determines the basis for application.

The Municipality will apply the following property Categories:

Item	Category (of property)	Purpose/Use
(a)	Residential	Refer Section 1 (*"Definitions"*) in the MPRA and the defined term "*Residential Purposes*" as per paragraph 4 in this Policy.
(b)	Industrial	Refer the definitions as per paragraph 4 in this Policy.
(c)	Business and commercial	Refer the definitions as per paragraph 4 in this Policy.
(d)	Agricultural	Refer Section 1 (*"Definitions"*) in the MPRA and the defined term "*Agricultural Purposes*" as per paragraph 4 in this Policy.
(e)	Mining	Refer Section 1 (*"Definitions"*) in the MPRA.
(f)	Public Service Purposes	Refer Section 1 (*"Definitions"*) in the MPRA.
(g)	Public Service Infrastructure	Refer Sections 1 and Sub-sections 17(1)(a) and 17(1)(aA) in the MPRA.
(h)	Public Benefit Organisation	Refer to Section 8(2)(h) in the MPRA.
(i)	Multiple Use	Refer paragraph 7.2 in this Policy.
(j)	Heritage	Refer Section 15(2A)(b) in the MPRA.
(k)	Vacant Residential	Vacant and Permitted use set as Residential.
(l)	Vacant Other	Vacant and Permitted use not set as Residential.

6.2 Categories for Relief Measures

The Municipality will consider relief measures on rates, being Exemptions, Rebates and/or Reductions on properties, according to various criteria as described in this Policy.

The codes (referred to as the Rebate Codes), associated with the specific relief measure, are listed in paragraph 18.2 of this Policy.

7. APPLICATION OF RATING

The Municipality will, in addition to the various criteria referenced above, apply the following criteria when rating a property:

7.1 Vacant Properties

The Category of Vacant properties will be determined according to the property's permitted use and these properties will not qualify for any relief measures.

Vacant property of which the permitted use has been set as residential will be rated as per the Vacant Residential Category.

Vacant property of which the permitted use has not been set as residential will be rated as per the Vacant Other Category.

Any vacant property registered in the name of the Municipality will be categorised as a Vacant Other Category and exempted from paying property rates.

Normally, Agricultural properties will not be considered as being vacant, however this consideration lapses if the ambit (scope) of either of the terms "*agricultural activities*" or "*bona fide farmer*" as defined in this Policy is not relevant or cannot be applied to said property.

7.2 Multiple use Properties

Properties with multiple uses as per Section 9 of the MPRA may be categorised for each distinct use as determined by the Municipality and which category will be applied for billing at the appropriate and applicable rate.

The different uses will be grouped into two or more components. The first component, which will be determined by the largest apportioned area of the property will be the primary component; the other components (sub-components) will be identified by their generalised functional name.

The category of the primary component of such a property will be directed in the first instance by the dominant use of the property, but at the sole discretion of the Municipality.

A multiple use property may qualify for the valuation exclusion as per paragraph 8.2.1 (i) of this Policy, provided that at least one of the components has been categorised as residential. Sub-components will not be eligible for the reduction as per paragraph 8.2.1(ii).

Sub-components may not be categorised for any of the following categories: Public Service Purposes, Public Benefit Organisation nor any vacant category.

7.3 Public Service Purposes Properties

Properties used for Public Service Purposes will be categorised as per paragraph 6.1 (f) of this Policy and will be rated at the applicable rate. The exclusions, exemptions, rebates and reductions relating to the usage of properties as detailed in this Policy and the MPRA, will apply if applicable.

7.4 Public Service Infrastructure properties

The Municipality will apply the rate ratio as set out in the MPRA to public service infrastructure.

The Municipality acknowledges that Sections 17(1)(a) and 17(1)(aA) of the MPRA provides for the distinct grouping of kinds of public service infrastructure as in the "public service infrastructure" definition in Section 1 of the MPRA.

These groups will be processed respectively as either a PSI formulae code or a PSIE formulae code as referenced by the table in paragraph 18.1. For such properties for which the Municipality is the owner the formulae code MUNP will be used.

The Municipality will impose the 100% exclusion under the PSIE formulae code as directed by Section 93B of the MPRA.

For properties under the PSI formulae code the Municipality will impose the 30% exclusion as directed by Section 17(1)(a) of the MPRA and grant on the 70% remainder a further 100% exception.

7.5 Rural Properties

The categorizing and/or qualification of all rural properties will be dealt with at the sole discretion of the Municipality.

7.5.1 *Agricultural Use*

The Municipality will apply the rate ratio as set out in the MPRA to properties that are used for agricultural purposes by *bona fide* farmers. These properties will however not qualify for any relief measures.

For a property to be categorised as agricultural, processes and structures fundamental to agricultural activities on that farming unit, will be considered. Structures such as a dwelling used by the farmer and farm employees will be considered integral to such processes.

The Municipality may consider applying multiple use categorisation as per paragraph 7.2 if any structures are not used exclusively for agricultural purposes, or the structures are used for delivering or selling services or products to/for customers.

The Municipality deems property with extent less than one hectare not to be agricultural property.

7.5.2 *Alternate Criteria and Use*

(a) Where a property in a rural area is being used for business, mining, or industrial purposes, such as truck depots, construction yards, restaurants, functioning venue, guesthouses, and/or factories, said property will be valued and rated according to the category for business, mining or industrial properties as applicable. The Municipality may however, consider valuating said property as a Multiple Use Property (refer to paragraph 7.2 of this Policy).

(b) Properties in rural areas that are primarily used for residential purposes will be valued and rated as residential properties and may thus qualify in terms of the

definition of residential property for the applicable relief measures (refer to paragraph 8 of this Policy).

(c) Owners of a property in rural areas which is not categorised as agricultural, but which in the opinion of the owner should be agricultural, must apply (refer to paragraph 14.1 of this Policy) for a revaluation, submit documentation as required by the CFO and declare in an affidavit, that no contraventions of the criteria for agricultural activities are taking place on the property. The application will be dealt with according to the supplementary valuation process.

7.6 Municipal Properties

Municipal-owned properties which are leased in terms of a lease agreement or those properties which are allocated to beneficiaries but not yet transferred, will be rated as per the provisions of this Policy. The exclusions, exemptions, rebates, and reductions relating to the usage of properties as detailed in this Policy and the MPRA, will apply if applicable. The rates of said non-exempted property will be passed on to the lessee or the allocated beneficiary.

All other Municipal-owned properties as described in Section 7 (2) (a) (i) of the MPRA, will be exempted from paying property rates and Special Rating Area rates.

For administrative purposes it should be noted that by 1 July 2023 all exemptions as applied to municipal owned properties will be changed to exclusions.

7.7 Special Rating Area (SRA)

The Municipality may consider the application for a Special Rating Area (SRA) provided that the owners of the predefined demarcated area have approved the budget and the specifics relating to such SRA. The process must adhere to Section 22 of the MPRA and to the Municipality's Special Rating Area Policy and By-Law.

The budget for such SRA will be raised via a pre-determined tariff applied on the municipal valuation of each property. This pre-determined tariff is linked to the annual budget proposal and would therefore be unique to a specific SRA and for a given financial year.

7.8 Land Reform Beneficiary properties

The Municipality will determine a Land Reform Beneficiary that corresponds to the use of such property. The said determination will be applied for billing at the appropriate and applicable rate.

The Municipality will however exclude such properties from rates for a period of 10 years subject to Section 17(1)(g) and phase-in the rates as per Section 21(1)(b) of the MPRA.

7.9 Adjoining properties

The Municipality acknowledges that there are residential properties, registered in the name of the same owner, which are used basically as if such properties were one property.

For the above, the deemed secondary component [the adjoined property] shall be classified as a RESA formula code and will therefore not be eligible for the reduction as per paragraph 8.2.1(ii).

The Municipality will apply the RESA formula code for units in a Sectional Title scheme such as a garage or a storage unit. Consequently, these properties or units will not be eligible for the reduction as per paragraph 8.2.1(ii).

The Municipality will not consider any notarial links between any property.

Administratively a link between the adjoining property and its associated parent property must be set so as to facilitate tracking of such pairing.

8. RELIEF MEASURES

8.1 Applying relief measures on Rates

Notwithstanding that the Municipality is obligated as per the MPRA to exclude specific properties or parts thereof from rating, the Municipality will consider applying relief measures on property rates, being Exemptions, Rebates and/or Reductions as described in this Policy.

(a) The Municipality may grant exemptions, rebates and/or reductions to the categories of properties and/or categories of owners that meet the specified criteria as indicated in sub-paragraphs of paragraph 7 above or as indicated below.

(b) The Municipality will exclude specific properties or parts thereof as indicated in sub-paragraphs of paragraph 7 above or as indicated below.

(c) The Municipality will not grant relief in respect of payments for rates to any category of owners or properties other than that as provided for in this Policy, nor to owners of properties on an individual basis.

(d) Any application (when required or as requested) for a relief on rates must be submitted as per paragraph 14.1 of this Policy.

8.2 Residential Property

8.2.1 The Municipality will not levy a rate on the initial portion of the valuation of a residential property being the sum of:

(i) the first R15 000 exclusion on the basis set out in Section 17 (1) (h) of the MPRA; and

(ii) on a further R235 000 reduction, provided it does not exceed the remaining valuation in respect of a residential property, or the primary component of a multiple use property, that is categorised for *residential purposes*, as per the definition in paragraph 4 of this Policy.

- This reduction will only apply if the total valuation of said property does not exceed R 5 000 000.

- All sub-components of a multiple use property as per paragraph 7.2 of this policy, and the secondary component of adjoining properties or units of a sectional title scheme as per paragraph 7.9 of this policy, do not qualify.

The above where applicable, will be applied once only per property.

8.3 Senior Citizens and Disabled Persons

Designated owners being registered owners of properties or allocated beneficiaries as per paragraph 7.6 of this Policy who are senior citizens or who are disabled persons may qualify for a rebate according to their *household income*.

To qualify for the rebate referred to above, the designated owner must be a natural person, registered as a South African citizen. If not a South African citizen, the designated owner must be the registered owner of the property within the jurisdiction of the Municipality and must submit proof of his/her permanent residency in South Africa. The property in question must satisfy the residential property requirements as per this Policy and in addition to the above-mentioned, the designated owner must also:

8.3.1 Occupy the property as his/her normal residence; and

(a) be at least 60 years of age, or in receipt of a disability grant; and

(b) be in receipt of a monthly *household income* not exceeding the highest income amount as referenced in the table of paragraph 8.3.4 of this Policy; and

(c) when being the designated owner of more than one property, a rebate will be granted only on the occupied property; and

(d) where the designated owner is unable to occupy the property due to no fault of his/her own, the spouse or minor children may satisfy the occupancy requirement; and

(e) where the occupant of a residential property is a senior citizen or a disabled person and is the usufructuary of the property, he/she may satisfy the occupancy requirement.

8.3.2 Apply as per paragraph 14.1 of this Policy with proof of income, which may include proof of a SARS assessment, or any other relevant document as requested.

8.3.3 If the property in question is alienated by the designated owner, then that owner would be liable for the *pro rata* rates, inclusive of the pension rebate. The new owner will be liable for the full *pro rata* portion of the rates excluding any pension rebates.

8.3.4 The percentage rebate granted to different monthly *household income* levels will be determined according to the schedule below. The income bands and rebates for the effective financial period of this Policy are as follows:

Gross Monthly *Household Income*				**% Rebate**
Income bands				
Up to			8 000	100%
From	8 001	to	10 000	75%

From	10 001	to	12 000	50%
From	12 001	to	15 000	25%

8.4 Conservation Area

The Municipality will exclude those portions of a property within the ambit of a conservative area as defined in this Policy.

The apportioned value of any portion of such property, utilized for any purpose other than that used for such conservation purposes, or developed and used for commercial, business, agricultural or residential purposes will be categorised accordingly and rated at the applicable rate as described in paragraph 7.2 of this Policy.

The Municipality will apply Section 17 (2) of the MPRA upon withdrawal of said property from the conservation agreements inferred in Section 17 (1) (e) of the MPRA.

8.5 Religious Organisations

In terms of Sections 1 and 17 (1) (i) of the MPRA, the Municipality will not levy a rate on a property used primarily as a place of public worship by a religious community, including the official residence which is occupied by the office bearer of that community who officiates at services at that place of worship.

The Municipality will apply Section 17 (5) of the MPRA if as per Section 17 (5) (a) of the MPRA said property is no longer used or has been disposed by the religious community.

8.6 Stellenbosch Special Rebate

The Municipality may, for the organisations not meeting all the criteria for public benefit organisations as described in paragraph 8.7 below, nor the criteria for NPO organisations as described in paragraph 8.8 below, consider a rebate of 20% which shall be identified as “Stellenbosch Special Rebate” (SSR).

This rebate will only be applicable to said organisations that apply as per paragraph 14.1 of this Policy for such rebate.

8.7 Public Benefit Organizations (PBO)

The Municipality will apply the rate ratio as set out in the MPRA to public benefit organisations.

As per the MPRA the specific public benefit activity listed in Item 1 (Welfare and Humanitarian), Item 2 (Health Care), and Item 4 (Education and Development) of Part I of the Ninth Schedule of the Income Tax Act will be applicable and must be conducted/executed on said property.

All Public Benefit Organisations must annually submit, according to paragraph 14.1 of this Policy proof of their status as per the above criteria. A SARS TAX Clearance Certificate may be required as well.

8.8 Non-Profit Organizations (NPO)

An organisation must be registered as a Non-Profit Organisation (NPO) under the Non-profit Organisations Act, 1997 (Act 71 of 1997) to be considered as a candidate for the relief measures described below.

Organizations listed in paragraph 8.8.1 below that are operated as not-for-gain (declared or registered by law) or organisations that execute activities as per Item 6 (Cultural), item 7 (Conservation, Environment and Animal Welfare) and Item 9 (Sport) of Part 1 of the Ninth Schedule to the Income Tax Act may receive a rebate. All abovementioned organisations being privately controlled must be the owner of said properties.

These rebates are not applicable to any vacant land irrespective of its zoning or intended usage unless stated otherwise in this Policy.

All NPO must annually submit, according to paragraph 14.1 of this Policy proof of their status as per the above criteria. A SARS TAX Clearance Certificate may be required as well.

Abovementioned organisations which have a total revenue/income as defined in the schedule of paragraph 8.8.2 of this Policy will receive a rebate as set in said schedule.

8.8.1 Prescribed not-for-gain organisations

(a) *Health and welfare institutions*

Privately owned properties used exclusively as a hospital, clinic, mental hospital, orphanage, non-profit retirement village, old age home or benevolent institution, including workshops used by the members or patients, laundry or cafeteria facilities.

(b) *Charitable institutions*

Properties used solely for the performance of charitable work.

(c) *Agricultural societies*

Property owned by agricultural societies used for the purposes of the society.

(d) *Cemeteries and crematoria*

Privately owned properties used as cemeteries and crematoria.

(e) *War veterans*

Property registered in the name of a trustee or organisation in terms of the Social Assistance Act, 2004 (Act 13 of 2004), maintained for the welfare of war veterans and their families.

8.8.2 The percentage rebate granted to different total revenue/income levels (expressed as being the revenue/income before any expenses, operating costs or any deductions have been applied) will be determined according to the schedule below. The revenue/income bands and rebates for the effective financial period of this Policy are as follows:

Total Revenue/Income		**% Rebate**
Revenue/Income bands *(Rands)*		
Up to	2 000 000	80%

From	2 000 001	to	5 000 000	50%
More than			5 000 000	20%

8.9 Properties affected by Disaster or adverse Economic Conditions

The Municipality may consider additional relief measures as envisaged in Section 15(2)(d) of the MPRA and as approved by Council.

8.10 Exceptional General Valuation Rates Increases: Phasing in

The Municipality may consider a relief measure for owners of property adversely affected by exceptional rates increase of a new General Valuation (GV) cycle. This incentive will only be implemented as from the implementation date of a GV and on proviso that:

(a) for a property to qualify, the Rates for the first financial year of the GV cycle for the property, as result of the property valuation of a GV cycle, must be at least four (4) times more than that of the rates for said property during the financial year preceding the start of the GV cycle.

(b) the rates for the financial year preceding the start of the GV cycle must be greater than R1 000 per annum;

(c) the rebate granted would be phased-out over two financial years;

(d) the rebate for the first financial year will be 50% and during the second year it will be 25% rebate on the rates applicable for that year;

(e) this incentive will not be cumulative on any other rebate that may be granted to said owner;

(f) the most beneficial rebate between this incentive and any other rebate which said owner may receive in each financial year will prevail;

(g) improvements or errors of valuations to said property that could have influenced the GV valuation will be reviewed during the application approval;

(h) applications will only be considered until the end of the initial 6 months of a GV cycle; and

(i) owners of such property must apply as per paragraph 14.1 of this Policy.

9. LIABILITY FOR AND PAYMENT OF RATES

9.1 Liability for and payment of rates

Liability for and payment of rates is governed by criteria in this Policy, by the MPRA, the Municipality's Credit Control and Debt Collection Policy, By-Laws and any other applicable legislation. Actions as per the applicable By-Laws and/or Policies shall be taken against defaulters.

There are one of two methods of payment that the owner of the property must agree upon, namely (i) paying the rates on a monthly basis or (ii) paying the rates in one amount every annum.

The paying of rates on a monthly basis will be the preferred method unless the owner has selected the annual method of payment via a written request before 31 May preceding a financial year.

(i) When paying on a monthly basis the amount due shall be paid not later than the date as specified on the monthly accounts. The cycle of such payments will start on the first day of July (the start of a financial year) and extend to the 30th of June the following year.

(ii) When paying a once-off amount (the full rates for that financial year), then that amount shall be paid in full not later than the date as specified on the account. Please note that additional annual payments may be triggered during a financial year by a supplementary valuation on said property.

Changes to the preferred method of payment must be exercised by the owner before 31 May of a financial year and once set the method of payment will not be changed during a current financial year.

9.2 Rates in arrears for longer than 90 days

When an owner's rates account is in arrears for longer than 90 (ninety) days, then the Municipality may initiate the proceedings as described in Sections 28 or 29 of the MPRA.

A notice to this effect will be forwarded to the tenant, occupier or agent providing the required legal information regarding their payments to the owner, which are to be redirected to the Municipality so as to cover the arrear rates account.

A notice will be forwarded to the owner in question to indicate the legal proceedings and the actions that the Municipality has initiated.

10. QUANTIFICATION OF COSTS TO MUNICIPALITY AND BENEFITS TO COMMUNITY

The cost to the Municipality and benefit to the local community in terms of exemptions, rebates, reductions and exclusions referred to in the MPRA and rates on properties that must be phased-in in terms of the MPRA will be reflected in the Municipality's budget.

11. OBJECTION AND APPEALS

(a) Any person may lodge an objection to a valuation subject to Section 50 of the MPRA but within the period stated in the notice referred to in Sections 49(1)(a) and 78(5)(b) of the MPRA.

(b) An appeal to an appeal board against a decision of a municipal valuer in terms of section 51 of the MPRA may be lodged in the prescribed manner subject to Section 54 of the MPRA. The appeal must be lodged (as a guideline), within a period of 30 days nonetheless, as set out in Section 54(2) of the MPRA.

(c) The administrative actions or processes as described in the MPRA for the handling of objections or appeals will be the basis that the Municipality will follow.

(d) The lodging of an objection or appeal: -

(i) In terms of Section 50 of the MPRA does not defer liability for the payment of rates in terms of this Policy; or

(ii) In terms of Section 54 of the MPRA does not defer liability for the payment of rates in terms of this Policy.

12 CLEARANCE CERTIFICATES

All monies collected by the Municipality, specifically in respect of Special Rating Areas and any estimated amounts in terms of Section 118(1A) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) (the Systems Act), or Section 89 of the Insolvency Act, 1936 (Act 24 of 1936), are for the purpose of Section 118 of the Systems Act, deemed to be due and must be paid in order to facilitate the transfer of immovable property:

(i) All amounts that are due must be paid in full prior to the issuing of any clearance certificate in terms of Section 118, of the Systems Act; and

(ii) No interest shall be paid by the Municipality to the registered seller in respect of these payments which are deemed to be due.

(iii) The Municipality will not be responsible for the apportionment of rates and/or services due or paid in respect of any rates clearances and registrations.

(iv) The Municipality may issue only one clearance certificate for properties deemed to be in an adjoined state as per paragraph 7.9 of this Policy.

13 ADJUSTMENTS OF RATES PRIOR TO SUPPLEMENTARY VALUATION

13.1 If the owner of a property which has been subdivided or consolidated after the last general valuation wishes to sell the consolidated erf, or one or more of the erven which have been subdivided from the parent erf, as the case may be, applies to the Municipality for a clearance certificate in terms of Section 118 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), and if the Municipality has not yet included such valuation of the relevant property(ies) in a supplementary valuation:-

(a) the Municipal Valuer shall conduct a valuation of the relevant property(ies) for purposes of a supplementary valuation; and

(b) the valuation shall be submitted to the CFO for approval of the levying of rates on such property(ies) in accordance with such valuation, with effect from the date on which the relevant subdivision or consolidation (as the case may be) was registered in the Deeds Office.

13.2 Any valuations performed in terms of paragraph 13 shall be included in the next supplementary valuation process as per the provisions in Sub-sections 78 (1) to (5) of the MPRA.

14. GENERAL

14.1 Applications for Relief Measures

(a) All applications, required in terms of this Policy for a specific relief measure must be submitted to the Municipality by 30 November of each year, which date precedes the financial year in which the rate is to be levied. If the relief measure applied for is granted, the relief measure will apply for the full financial year. All successful applicants are bound by all the criteria as per paragraph 14.1 of this Policy.

(b) Any applicant who, during a financial year, for the first time, meets all the criteria other than (a) above, may apply to receive the relief measure initiated from the month following the approval by the Municipality of said application for the remainder of that financial year, thereafter all the criteria as per paragraph (a) above will apply to applications for subsequent financial years.

(c) Late applications received after 30 November of a given year may be considered by the Municipality, in which case, if the relief measure applied for is granted, a *pro rata* rebate for the remainder of the next (new) financial year may be applicable.

(d) Persons who have submitted false information and/or false affidavits will have the relief measure withdrawn with effect from the commencement of the financial year in question.

(e) All applications for relief measures will require the applicant's municipal accounts to have been paid up to date or the conclusion of a suitable arrangement with the Municipality as provided for in the Municipality's Credit Control and Debt Collection By-Law and Policy.

(f) The Municipality reserves the right to request current and/or previous audited financial statements or to inspect all properties before or after implementing the applicable rate and to revoke or amend any decision made prior to such investigation or financial review.

(g) The Municipality reserves the right to recover any rates and/or relief measures from owners of properties after the status of said properties have changed.

(h) The Municipality reserves the right to request any additional information as may be deemed necessary.

14.2 Regular policy review processes

This Policy will be reviewed on an annual basis to ensure that it complies with the Municipality's strategic objectives and with legislation.

14.3 Language Interpretation

The legal interpretation of the English version of this Policy only shall prevail above all other language translations of this Policy.

14.4 Severance

If any provision of this Policy is struck down as invalid by a court of law, such provision shall be severed from this Policy, and shall not affect the validity of the remaining provisions.

15 BY-LAWS

The principles contained in this Policy will be reflected in the By-Law as promulgated and adjusted by Council from time to time.

16 CONTACT OF RESPONSIBLE OFFICE

The contact details for Property Rates enquiries:

E-mail Address: enquiries.navrae@stellenbosch.gov.za

Telephone Numbers: See Municipal Account for relevant telephone numbers

Postal Address: PO Box 17, Stellenbosch, 7601

Any Municipal Office in the jurisdiction of Stellenbosch Municipality

17 SHORT TITLE

This Policy is the Rates Policy of the Stellenbosch Municipality.

18. CATEGORY AND REBATE CODES

18.1 Category Codes

The Formulae Codes (Derived from the Categories listed in paragraph 6.1 of this Policy) as listed below will be used in the Valuation Roll and supporting letters or Notices to reflect by association the applicable Category (as indicated in the "Category (of property)" column).

Council shall on an annual basis during the budget approval cycle set the cent amount in the Rand values (being the Category Tariff) for each of the Categories in the table below.

Category (of property)	Category Code	Formulae Code	Supporting references
Residential	RES	RES	MPRA Sections 8(2)(*a*); 17(1)(*h*) and the Policy paragraph 8.2.1
	RES	RESA	Adjoining residential; the Policy paragraph 7.9
	RES	RESM	MPRA Section 17(1)(*h*) i.e. ONLY Policy paragraph 8.2.1 (i)
	RES	RESIF	Municipal Owned: Informal settlements, 100% exclusion will apply
	RES	RELI1	MPRA Section 17(1)(i) – the official residence; the Policy paragraph 8.5
	RES	MUNRR	Municipal Owned: Rented or Leased property; the Policy paragraph 7.6
	RES	MUNR	Municipal Owned: Section 8(2)(*h*) and the Policy paragraph 7.6
	RES	LRBR	Land Reform Beneficiary: MPRA Section 17(1)(g); the Policy paragraph 7.8
Industrial	IND	IND	MPRA Section 8(2)(*b*); Policy Definitions for "industrial"
Business	BUS	BUS	MPRA Section 8(2)(*c*); Policy Definitions for "business"
	BUS	RELIG	MPRA Section 17(1)(i) – the place of worship; the Policy paragraph 8.5
	BUS	MUNBR	Municipal Owned: Rented or Leased property; the Policy paragraph 7.6
	BUS	MUNB	Municipal Owned: Section 8(2)(*h*) and the Policy paragraph 7.6
	BUS	POS	Public Open Spaces
	BUS	PROS	Private Open Spaces
Agricultural	AGR	AGR	MPRA Section 8(2)(d); (Not considered to be a vacant property); the Policy paragraph 7.5
	AGR	PROT	Protected Areas: MPRA Section 17(1)(*e*); the Policy paragraph 8.4
	AGR	MUNAR	Municipal Owned: Rented or Leased property; the Policy paragraph 7.6
	AGR	MUNA	Municipal Owned: MPRA Section 8(2)(*h*) and the Policy paragraph 7.6
	AGR	LRBA	Land Reform Beneficiary: Section 17(1)(g); the Policy paragraph 7.8
Mining	MIN	MIN	MPRA Section 8(2)(e).
Public Service Purposes	PSP	PSP	MPRA Section 8(2)(*f*); the Policy paragraph 7.3
Public Service Infrastructure	PSI	PSI	MPRA Sections 8(2)(g); 17(1)(*a*) and the Policy paragraph 7.4
	PSI	PSIE	MPRA Sections 8(2)(g); 17(1)(*aA*) and the Policy paragraph 7.4
	PSI	MUNP	MPRA Sections 7(2)(*a*)(ii) and 8(2)(*h*); the Policy paragraphs 7.4 and 7.6
Public Benefit Organisation	PBO	PBO	MPRA Section 8(2)(h) and the Policy paragraph 8.7
Multiple purposes	*Multi tariff*	MULTI	MPRA Sections 8(2)(i) and 9 and the Policy paragraph 7.2
Heritage	HER	HER	MPRA Section 15(2A)(b)
Vacant Residential	VACR	VACR	the Policy paragraph 7.1
Vacant Other	VACO	VACO	NOT agricultural properties; the Policy paragraph 7.1
		MUNV	Any vacant property registered in the name of the Municipality

18.2 Rebate Codes

The Rebate Codes in the table below serves to indicate the rebate if any that could be applicable to a property.

Rebate Code	Purpose	Supporting references
NONE	No rebate is applicable	
INDP	Indigent and 100% Pension rebate	Rates Policy paragraphs 8.3 and the Indigent Policy
INDIG	Indigent only rebate	Indigent Policy
PENS	100% Pension rebate	Rates Policy paragraph 8.3
PENS1	75% Pension rebate	Rates Policy paragraph 8.3
PENS2	50% Pension rebate	Rates Policy paragraph 8.3
PENS3	25% Pension rebate	Rates Policy paragraph 8.3
NPO	Non-Profit Organisation (80% rebate)	Rates Policy paragraph 8.8
NPO1	Non-Profit Organisation (50% rebate)	Rates Policy paragraph 8.8
NPO2	Non-Profit Organisation (20% rebate)	Rates Policy paragraph 8.8
SSR	Stellenbosch Special Rebate	Rates Policy paragraph 8.6
EGVI	Exceptional General Valuation Rates Increases	Rates Policy paragraph 8.10

1. PREAMBLE

(1) Section 229(1) of the Constitution authorizes a municipality to impose rates on property and surcharges on fees for services provided by or on behalf of the municipality.

(2) Section 13 of the Systems Act read with Section 162 of the Constitution requires a municipality to promulgate municipal by-laws by publishing them in the gazette of the relevant province.

(3) In terms of Section 3 of the Property Rates Act, a municipal council must adopt a policy consistent with the Property Rates Act on the levying of rates on rateable properties in the municipality.

(4) In terms of Section 6(1) of the Property Rates Act, a municipality must adopt by-laws to give effect to the implementation of its rates policy.

(5) In terms of Section 6(2) of the Property Rates Act, by-laws adopted in terms of Section 6(1) may differentiate between different categories of properties and different categories of owners of properties liable for the payment of rates.

(6) To that effect the Council of Stellenbosch Municipality has enacted a Property Rates By-law, as follows:

2. DEFINITIONS

In this By-Law, any word or expression to which a meaning has been assigned in the Local Government: Municipal Property Rates Act, (Act 6 of 2004) shall bear the same meaning unless the context indicates otherwise.

"***Municipality***" means the Stellenbosch Municipality (WC024).

"***Rates Policy***" means the Municipality's Property Rates Policy adopted by the Council of the Municipality by a resolution for a specific financial year in terms of Section 3(1) of the Property Rates Act and in terms of this By-Law.

"***Constitution***" means the Constitution of the Republic of South Africa.

"***Council***" means the Council of the Municipality.

"***Credit Control and Debt Collection Policy***" means the Municipality's Credit Control and Debt Collection Policy as stipulated by sections 96(b) and 97 of the Systems Act.

"***Systems Act***" means the Local Government: Municipal Systems Act, (Act 32 of 2000).

"***Property Rates Act***" means the Local Government: Municipal Property Rates Act, (Act 6 of 2004) including the amendment Acts and Regulations pertaining to the same.

"***Rates***" means a municipal rate on property as envisaged in Section 229(1)(a) of the Constitution.

3. OBJECTS

The object of this By-Law is to give effect to the implementation of the Rates Policy as contemplated in Section 6 of the Property Rates Act.

4. ADOPTION AND IMPLEMENTATION OF RATES POLICY

(1) The Council has adopted and implemented a Rates Policy as contemplated in terms of the provisions of Section 3(1) and consistent with the Property Rates Act on the levying of Rates on rateable properties within the jurisdiction of the Municipality.

(2) The Rates Policy outlines the Municipality's rating practices; therefore, it is not necessary for this By-law to restate and repeat same.

(3) The Rates Policy applicable to a financial year is hereby incorporated by reference in this By-law. All amendments to the Rates Policy as the Council may approve/adopt from time to time, shall be deemed to be likewise incorporated.

(4) The Municipality shall not be entitled to levy Rates other than in terms of the Rates Policy for an applicable financial year and the annually promulgated resolution which reflects the cent amount in the Rand rate for each category of rateable property.

(5) The Rates Policy is available at the Municipality's head office, satellite offices, libraries and website.

5. CONTENTS OF RATES POLICY

The Municipality's Rates Policy, inter alia:

(1) Apply to all the Rates levied by the Municipality pursuant to the adoption of the Municipality's annual budget.

(2) Comply with requirements for;

(a) the adoption and contents of a Rates Policy specified in Section 3 of the Property Rates Act.

(b) the differentiation of categories of properties and categories of owners of properties as provided for in Sections 6, 8 and 15 of the Property Rates Act.

(c) the process of community participation specified in Section 4 of the Property Rates Act.

(d) the annual review of a Rates Policy specified in terms of Section 5 of the Properly Rates Act.

(e) the implementation of norms and provisions as directed by this By-law as approved by Council.

(3) Specify principles, criteria, and implementation measures for categories of rateable properties in terms of Section 8 and consistent with the Property Rates Act for the levying of Rates which the Council may wish to adopt.

(4) Specify principles, criteria, and implementation measures for the judicious granting of relief measures by means of Exclusions, Exemptions, Reductions and/or Rebates consistent with the applicable sections of the Property Rates Act which the Council may wish to adopt.

(5) Include such further administrative, control and enforcement mechanisms if any that are consistent with the Property Rates Act and the Systems Act, as the Council may wish to impose in addition to those contained in the Credit Control and Debt Collection By-Law and its associated Policy.

6. ENFORCEMENT OF RATES POLICY

The Municipality's Rates Policy is enforced through the Municipality's Credit Control and Debt Collection By-Law and its associated Policy and any further enforcement mechanisms stipulated in the Property Rates Act and the Municipality's Rates By-Law.

7. REPEAL

The provisions of any By-laws relating to Property Rates by the Municipality are hereby repealed insofar as they relate to matters provided for in this By-Law.

8. INTERPRETATION

If there is a conflict of interpretation between the English version of this By-Law and a translated version, the English version prevails.

This By-Law must be read in conjunction with the Rates Policy.

9. SHORT TITLE and COMMENCEMENT

This By-Law is called the Stellenbosch Municipal Property Rates By-Law and shall take effect on 01 July 2022.

PREAMBLE

The Stellenbosch Municipal Council accepts and acknowledges its Constitutional duties and mandate relating to indigent support in terms of Sections 152 and 153 of the Constitution of the Republic of South Africa, 1996 (Act 108 of 1996) towards the community/consumers within the jurisdiction of Stellenbosch Municipality (WC024).

Council further acknowledges that because of the level of unemployment and consequential poverty in the municipal area, that correlated households are incapable of paying for basic municipal services.

Indigent relief measures are thus a fundamental requirement that is achievable only within sustainable budgets set by Council as well as support and direction via National Government.

Concomitantly, indigent households equally have the responsibility of managing their levels of consumption and that they are responsible for the payment of municipal services that are consumed in excess of the reduced cost or Free Basic Service levels as described in this Policy.

The effective implementation of such a program depends principally on affordability and is supported by the socio-economic analysis of various areas as included in the Council's Integrated Development Planning. The Council's mandate regarding affordability of basic services to poor households is directed by mechanisms in Section 74(2)(c) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) and Section 15 of the Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004).

Council's mandate is further extended by Section 96 of the aforementioned Systems Act requiring a municipality to adopt, maintain and implement a credit control and debt collection policy which according to Section 97 must *inter-alia* make provision for indigent debtors consistent with national policy.

In order to give effect to the foregoing, the Council of Stellenbosch Municipality has adopted a policy relating to indigence as set out hereinafter.

1. DEFINITIONS

In this Policy, a word or expression derived from a word or expression as defined, has a corresponding meaning unless the context indicates that another meaning is intended:

"***Municipality***" means Stellenbosch Municipality (WC024).

"***Basic Services***" means that level of services delivered by the Municipality at a reduced cost or at no cost to the Indigent consumer and which the Council has considered reasonable and sustainable within budget constraints.

"***Child-headed household***" means a household of only minors under the age of 18 years, being a child as defined in Section 28 of the Constitution, and in which a minor has assumed the role of caregiver in respect of the other minor(s) in the household. This is further described in paragraph 5.2(e) of this Policy.

"***Constitution***" refers to the Constitution of the Republic of South Africa, 1996

"**Gross household income**" means the total combined earnings of the head of the household and his or her spouse(s) who are not alienated from the household. Any other financial contribution towards the household income by any means, by other dependent(s) or occupant(s) must be taken into consideration. Government grants as received by or for dependent minors or disabled occupants (excluding spouses) will be ignored and not be added as a financial contribution towards the household income.

"***Household***" means a family unit comprising a head of the family, being a natural person. The family unit may include spouse(s), blood related or adopted dependents. The household may be further extended by other occupants with or without children who reside on the same premises. All the above (including the extended members) will be deemed to be members of such a household. This is further described in paragraph 5.2 of this Policy.

"***Indigence***" means the lack of necessities of life such as sufficient water, basic sanitation, refuse removal, environmental health, basic energy, health care, housing, food, and clothing.

"**Indigent consumer**" means the person identified as the head of the household and as described in paragraph 5.2 who makes a formal written application on the prescribed form required for the indigent subsidy.

"**Indigent household**" means a household that has applied for, has qualified, and continues to qualify for indigent support as per this Policy.

"**Indigent subsidy**" means that portion of the overall support or financial assistance to indigent households that has been allocated to a specific indigent household.

"***Indigent Income Threshold***" means the qualifying monthly income as described in paragraph 5.5 and as set in paragraph 5.5(b) of this Policy.

"**Pre-payment electricity meter**" means a type of electricity meter that requires consumers to pay for energy before using it and which will allow the flow of the pre-purchased amounts of energy in an electrical circuit.

"**Pre-payment water meter**" means a type of water meter that requires consumers to pay for water before using it and which will allow the flow of the pre-purchased amounts of water.

"***Valuation Threshold***" means that value of municipal valuation as set for residential properties in paragraph 8.2 of the Municipality's Rates Policy.

"**Water management device**" means a device designed to manage or restrict the water flow, water consumption or water needs of a residential property.

2. POLICY OBJECTIVES

The objectives of this Policy are to:

(a) provide a framework within which the Municipality can exercise its executive and legislative authority regarding the identification of indigent households and the implementation of financial aid to such.

(b) ensure the provision of basic services to indigent households within the jurisdiction of the Municipality in a sustainable manner and within the financial and administrative capacity of the Municipality.

(c) ensure the establishment of procedures and guidelines for the effective subsidisation of basic services charges to such approved indigent households within budgetary and national grant guidelines.

3. POLICY PRINCIPLES

The following guiding principles for the formulation of this Policy, are to:

(a) ensure that the portion for free basic services allocated as part of the equitable share received annually, be utilised for the benefit of indigent households.

(b) promote an integrated approach to subsidised basic service delivery.

(c) optionally use external services and/or references to verify the information provided by the applicants.

(d) optionally use various classification criteria to direct the different processes.

(e) maintain the relief measures to indigent households for as long as such indigent household remains registered on the municipality's indigent data base or register and the municipality continues to receive equitable share for this purpose.

(f) review the relief measures by random sampling to ensure *bona fide* indigent support.

(g) engage the community in the development and implementation of this Policy.

4. LEGISLATIVE CONTEXT

4.1 This policy is implemented within the framework of the following legislation:

All citations to applicable Acts as referenced in this Policy shall include all amendments and regulations to such as promulgated.

(a) The Constitution of the Republic of South Africa, 1996, in particular Sections 152 and 153.

(b) Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), in particular Sections 74, 96 and 97.

(c) Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

(d) Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004), in particular Section 15 and/or.

(e) any other legislation that may be applicable

4.2 This Policy was developed using the following guideline(s):

(a) National Framework for Municipal Policies.

(b) National Indigent Policy Assessment tool, 2018 - COGTA

5. QUALIFICATIONS AND SCOPE

The introduction of reduced cost or free basic services will ensure that indigent consumers have access to basic services.

5.1 Subsidy:

Subsidies are granted from external funds, allocated by the National Government as an Equitable Share allocation, to subsidize Indigent households with specified levels of basic services. This is based on a:

(a) Level of income enabling Indigent households to pay for a basic package of municipal services; and/or

(b) Municipal property valuation value that sets the level at which indigent support may be granted.

(c) Subsidy scheme that is promoted through the press and by means of personal referral, but principally via referrals by the credit control and debt recovery section of the Municipality.

5.2 Household:

(a) The head of the household, or his/her spouse(s) who are not alienated from the household, must indicate if said person is:

(i) a state official in any capacity; or

(ii) a director of a company, a member of a Closed Corporation or Trust, or

(iii) involved in any state tender processes.

(b) The head of the household must be a South African citizen with valid South African identity documentation and have permanent residency.

(c) The head of the household should be:

(i) the registered owner or part owner of the property; or

(ii) the registered lessee of a Council housing unit; or

(iii) the registered lessee of an Organ of State - (as defined in Section 239 of the Constitution) owned housing unit; or

(iv) a person, being the head of the household, who is incapable of paying for basic municipal services and who resides in said property/unit.

The head of the child-headed household shall be deemed to meet these criteria.

(d) To register as an indigent consumer the head of the household must personally complete and sign the registration form.

(e) Child-headed households will only be approved based on the following criteria:

(i) both parents of the household are deceased, or one parent and/or guardian is deceased, and the other is totally alienated from the household;

(ii) a minor has assumed the role of caregiver in respect of the other minor(s) in the household. This caregiver is the head of the household and shall be deemed to meet the criteria as per paragraph 5.2(c);

(iii) such minors reside permanently on the property;

(iv) such minors, and exclusively only minors occupy the property as their normal residence;

(v) such minors are scholars or unemployed and if income is derived, the household earns less than the qualifying income as envisaged by the defined Indigent Income Threshold;

(vi) the situation pertaining to the household has been verified by the Municipality; and

(vii) the situation pertaining to the household will be reviewed when the caregiver as per (ii) above reaches the age 18 years or older.

(f) Indigent households living in homes for senior citizens shall be eligible to qualify for assistance and support under this Policy, subject to the following rules and procedures:

(i) For the purposes of passing/issuing the free basic electricity units to such indigent household, the onus will be on the unit owner or lessee to apply and submit proof that the electricity connection is in the name of the Indigent consumer and not in the name of the organization providing the accommodation.

(ii) In the event of the unit being occupied by a single individual without any dependents as per the definition of a household above, the level of income to qualify shall be equal to or less than 50% (fifty percent) of the defined Indigent Income Threshold per month.

5.3 Basis of Subsidy:

(a) Only formal or informal housing units utilized for residential purposes will be taken into consideration for the purpose of this subsidy, being the provision of free basic services.

(b) All informal structures where a pre-payment electricity meter has been installed by the Municipality will qualify for the electricity subsidy. In the cases where off-grid electricity is supplied by an authorised service provider appointed in terms of paragraph 5.7.2(b) of this Policy such households will also qualify for a subsidy, which subsidy will be paid directly to the authorised service provider.

(c) Applications deviating from the above will only be considered after a detailed investigation and evaluation by the Municipality.

5.4 Liability for payment of municipal accounts:

(a) Subsidies will only be granted to households liable for the payment of municipal service fees.

(b) Subsidies will only be granted by means of a credit on municipal accounts and free basic electricity vouchers or in the form of subsidy paid directly to the authorised service providers of off-grid electricity as envisaged in paragraph 5.7.2(b) of this Policy. No subsidy will be paid directly to any Indigent consumer or household in the form of cash or any such disbursement.

(c) Households are liable for the payment of fees, as stated on the monthly account, for any service in any given month that exceeds that service's subsidy.

(d) Monthly accounts, as well as the instalments arranged in respect of the repayment of debt, must be paid punctually and in full. If required, and after reasonable alternatives have been exhausted, the process to recover debt from indigent consumers will be dealt with in terms of the Credit Control and Debt Collection Policy and procedures of the Municipality.

(e) Pre-payment electricity meters may be installed on all properties of formal households before receiving indigent subsidies to prevent escalation of debt.

(f) Water management devices or Pre-payment water meters may be installed on properties of formal households before receiving indigent subsidies to prevent escalation of debt.

5.5 Qualifying income:

(a) The total Gross Household income for a household will be taken into account when considering the application for Indigent support.

(b) The maximum qualifying income level defined as the Indigent Income Threshold for a household as described in paragraph 5.2 of this Policy will be equal to or less than R 6 500 per month. Proof must be produced in the form of pay slips, unemployment certificates, income certificates or other acceptable proof of income.

(c) Should proof of income not be available, income may be declared by means of a sworn statement. Such applications may be verified by means of a full investigation and a socio-economic survey.

5.6 Targeting mechanisms:

The following principles for the granting of free basic services apply:

(a) Properties in respect of which property tax is levied on a municipal valuation amount will qualify as follows:

(i) The municipal valuation of a property being less than or equal to the defined Valuation Threshold will be used as the guiding threshold.

(b) Indigent subsidies will only be considered by the Municipality upon application on a prescribed form by households which consider themselves as being indigent.

5.7 Basic services :

The Municipality will provide the following basic services at reduced or at no cost to the Indigent consumer:

5.7.1 Formal Households

Free basic services for Formal households will consist of the following:

(a) 100 kWh electricity per household per month subject to it being supplied via a prepayment metering system as the qualifying criteria for a registered indigent household to be placed on the Lifeline Electricity Tariff. Free electricity units will not be applicable should the Indigent Household choose not to install a pre-paid meter;

(b) a basic charge for water and a maximum of 6 kl water per household per month;

(c) a service subsidy not exceeding the cost of one refuse unit in respect of a single residential property;

(d) a service subsidy not exceeding the cost of one sewerage service unit supplied to residential properties with a maximum area of 250m^2; and/or

(e) 50% of the applicable tariff for clearances of septic tanks.

5.7.2 Informal Settlement Households

Free basic services for Informal Settlement Households will consist of the following:

(a) 100 kWh electricity per household per month; or

(b) a maintenance and operations subsidy (equivalent in Rand value to 100kWh electricity per household per month) for off-grid solar home systems, operated by a municipal approved service provider or Energy Service Company (ESCo).

(In the case of off-grid electricity subsidies as contemplated above, the Municipality may, subject to a detailed review by the Revenue Section appoint an authorised service provider to provide the maintenance and operations function for a group or groups of indigent recipients of off-grid electricity at a maximum rand equivalence of the value of 100 kWh electricity per household per month.)

(c) Other services (specifically water, sewerage and refuse removal services) are not billed for.

5.7.3 Indigent households residing in homes for senior citizens

Free basic services for qualifying households residing in homes for senior citizens as per paragraph 5.2(f) of this Policy will consist of 100 kWh electricity per household per month.

5.8 Free bulk services

Free Bulk Services shall be the provision of services (water standpipes, high mast lighting, ablution facilities and refuse removal) to informal settlements.

The cost of the provision of free bulk services will be recovered from the Equitable Share Allocation from National Government and processed monthly.

5.9 Other concessions

(a) Registered indigent consumers limited to the immediate occupants of the household occupying the property excluding any extended members could qualify for a discount of up to 50% (fifty percent) on the approved fees and tariffs for non-trading services (refer paragraph (d) below) as set by Council from time to time subject to application to the relevant Director.

(b) Proof of registration as an indigent consumer must be obtained from the Credit Control Section of Financial Services prior to the application for the discount being made.

(c) For the purposes of clarity, other categories of consumers (other than registered indigent consumers) such as back yard dwellers, farm workers and lessees of other property earning equal to or below the Indigent Income Threshold per month, may also qualify for the concessions (i.e. a discount of up to 50% (fifty percent) on the approved fees and tariffs, limited to the services envisaged in paragraph (d) below.

(d) Discounted non-trading Services; refers to:

(i) Community hall discounts.

(ii) Burial fees in sections of cemeteries without head stones (i.e. crosses or flat stone areas only) and cremations when available. This concession is only applicable for burials on Mondays to Saturdays, excluding Public Holidays. Farm workers must provide written confirmation regarding the burial site from the farm owner.

6. ALLOCATION OF SUBSIDIES

(a) The subsidy in any given month and service will be an amount not exceeding the amount as reflected in the Council's approved Tariff Schedules for services for Indigent households as per paragraphs 5.7 and 5.9 of this Policy.

(b) Only one subsidy per service per property/household may be allocated in any given month.

(c) Subsidy levels may be adjusted from time to time, depending on the availability of funds or any adverse conditions.

(d) Lessees of subsidized housing units already receiving a municipal subsidy for the alleviation of municipal service costs included in rentals will not qualify for an Indigent subsidy. Should the latter subsidy be more advantageous, such a lessee may request that the Indigent subsidy replace the rental subsidy.

7. APPLICATIONS FOR INDIGENT SUBSIDIES

(a) Applications (i.e. applications submitted by individuals) will be required by any household which considers themselves to be an indigent household.

(b) Only applications lodged by means of the prescribed application form will be considered by the Municipality.

(c) Such households may be visited by employees of the Municipality or approved service providers, where after a written recommendation would be considered.

(d) The maximum subsidy may be granted to households with no income, even if the corresponding accounts are not paid in full.

(e) Indigent assistance will be applicable for as long as an indigent household remains registered as such on the indigent data base or register and the Municipality continues to receive equitable share for this purpose.

(f) The Municipality may disclose a list of Indigent households for public inspection, which may include the publication thereof.

(g) In a case of misrepresentation or any other transgression of the conditions for the provision of subsidies, the subsidy will be withdrawn with immediate effect and not be reconsidered for a period of at least 12 months. The Municipality may recover such subsidies up to a maximum period of three years.

(h) Indigent relief will not apply in respect of property owners with more than one property, whether such property is situated inside or outside the area of jurisdiction of the Municipality.

(i) Subsidies will not be granted on a *pro-rata* basis and applications approved after the twentieth day of a month will be granted in the following month.

(j) The onus is on the recipient of indigent subsidy to inform the Municipality immediately of any changes in personal circumstances that may warrant a review of his/her indigent status. For example, the status of any change of employment or to the Gross Household income as per paragraph 5.5 above must be reported to the Municipality.

(k) The municipality reserves the right to review and/or to conduct home visits on a random basis with the view of assessing whether a household would still qualify for receiving indigent assistance.

(l) Upon cancellation of indigent assistance normal credit control procedures will be applicable on arrear accounts of such cancelled applications.

8. PROPERTY TAX REBATES BASED ON MUNICIPAL VALUATION

This Policy only addresses indigent subsidies, and any form of rates relief is addressed as provided for in the Rates Policy of the Municipality.

9. INDIGENT REGISTER

(a) The Municipality shall draw up and maintain a register in respect of formal properties and households receiving indigent assistance.

(b) The register may be open for inspection by the public during office hours.

(c) The Municipality may at regular intervals review the register and apply randomly selected checks as to the status of an application.

10. CONTACT OF RESPONSIBLE OFFICE

The contact details for Indigent enquiries:

E-mail Address: Indigent.office@stellenbosch.gov.za

Telephone Numbers: 021 808 8501
021 808 8579
021 808 8597

PREAMBLE

In accordance with Section 74 of the Local Government Municipal Systems Act, Act 32 of 2000, Stellenbosch Municipal Council must adopt and implement a tariff policy on the levying of tariffs for municipal services which complies with the provisions of the Municipal Systems Act and with any other applicable legislation.

Tariffs represent the charges levied by Council on consumers for the utilization of services provided by the Municipality and rates on properties. Tariffs will be calculated in various ways, dependent upon the nature of the service being provided.

In furtherance of reusable energy, Council may consider tariffs pertinent to the purchase of surplus energy from consumers.

1. OBJECTIVE

The objective of this Tariff Policy is to ensure the following:

(a) Tariffs must conform to acceptable policy principles;

(b) Municipal services must be sustainable;

(c) Tariffs must comply with the applicable legislation; and

(d) Tariffs should take indigent consumers into consideration.

2. LEGAL FRAMEWORK

The following legislation is applicable for the determination of tariffs for municipal services delivered or for the purchase of surplus energy:

The Constitution of the Republic of South Africa, 1996 (Act 108 of 1996)

Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003)

Local Government: Municipal Systems Act, 2000 (Act 32 of 2000)

Water Services Act, 1997 (Act 108 of 1997)

Electricity Regulation Act, 2006 (Act 4 of 2006)

Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004)

3. TARIFF PRINCIPLES

The following principles will apply in the Stellenbosch Municipal Area of jurisdiction (WC024):

(a) Users of municipal services are treated equitably in the application of tariffs;

(b) The amount individual users pay for services are generally in proportion to their use of that service;

(c) Indigent households have access to basic services through:

  (i) Special or lifeline tariffs for low levels of use or consumption of services or for basic levels of service; or

  (ii) Any other direct or indirect method of subsidisation of tariffs for poor households.

(d) Tariffs reflect the costs reasonably associated with rendering the service, including capital, operating, maintenance, administration, replacement costs and interest charges;

(e) Tariffs are set at levels that facilitate the financial sustainability of the service, taking into account subsidisation from sources other than the service concerned. A service is financially sustainable when it is provided in a manner that would ensure its financing from internal and external sources is sufficient to cover the costs of the initial capital expenditure required, operating the service, maintaining, repairing, and replacing the physical assets used in its provision;

(f) Provision is made in appropriate circumstances for a surcharge or a rebate on the tariff for a service;

(g) Provision is made for the promotion of local economic development through special tariffs for categories of commercial and industrial users;

(h) The economical, efficient, and effective use of resources, the recycling of waste and other appropriate environmental objectives are encouraged;

(i) The extent of subsidisation of tariffs for poor households and other categories of users are fully disclosed; and

(j) The safeguarding of the integrity of the electrical distribution network and the continued economic viability for the purchasing of surplus energy from consumers.

It is further stated that tariffs, rates, and the employment of resources, in general, take into account the Council's Integrated Development Plan (IDP) principles and goals.

4. CLASSIFICATION OF SERVICES

Traditionally, municipal services have been classified into five groups based on how they are financed. The five groups are as follows:

(a)	Trading services	Water and Electricity Services These services must generate a surplus which will be used to subsidize community services other than economical services.
(b)	Economical services	Refuse Removal and Sewerage Services These services' charges must cover the cost of providing the services, i.e. it must at least break even. In the event of the latter not being possible within a period, the shortfall will be financed from the Municipal Property Rates revenue.

(c)	Rates Services	The revenue from Municipal Property Rates is utilized for Rates related services.
(d)	Housing Services	Housing Schemes These services are ring-fenced in the Housing Development Fund and the net operating balance is set off as a contribution to/from the Housing Development Fund.
(e)	Sundry Services	Various Services All Services not defined in paragraphs (a) to (d) above.

5. CALCULATION OF TARIFFS FOR MAJOR SERVICES

5.1 Water Tariffs

Although a fairly large proportion of the water needs is supplied from own sources, water is also purchased from external suppliers, such as the City of Cape Town. The increase in water tariffs is largely influenced by the changes in the Consumer Price Index (CPI), the purchase price of water and the need for financing bulk water infrastructure expansion.

Water is bought at a one-part tariff expressed in Rand per kilolitre. For this reason, it is found that water tariff structures for end-users follow the same trend. In order to manage consumption, an inclining block rate tariff structure is applied in the Stellenbosch Municipal area of jurisdiction.

The first block rate for domestic consumers represents the Lifeline volume in kilolitres (kl) per month (considered to be the lowest sustainable water volume per household), which is supplied at a rate targeted to be below cost. Losses incurred in this tariff category may be recovered by contributions from the higher tariff categories, conforming to the principle of cross-subsidisation.

Tariff structures for water supply are applied in the form of a sliding scale or a flat tariff in the area of jurisdiction of Stellenbosch Municipality. This is reflected in the Tariff Schedule approved by Council.

The specific sliding scale(s) linked to each consumer group, or the service charge types and the applicable tariffs, including any specific tariffs that would be applicable when Council adopts water restriction strategies, are reflected in the Water Tariff Schedule as approved by Council.

The following table illustrates the principals for tariff charges applied to various consumers or the specialised water service charge types for water consumption in the Stellenbosch Municipal Area:

(a) Domestic:

Includes residential erven, Sectional Title Units, as well as residential erven managed by legal entities, each being served by an individually metered water connection.

(b) Domestic Cluster:

Refers to a cluster (block of flats) served by a single water connection.

(c) MASO:

A MASO tariff for the affected parties will be applied.

(d) Bulk Users:

A sliding scale tariff will be applied on water consumption for irrigation of sports grounds of schools, irrigation of Council property by sports clubs, as well as irrigation of parks and other grounds or properties serviced by Council's Parks and Recreation Department.

(e) Business, Commercial and Industrial:

A single tariff for all business, commercial and industrial consumers will apply.

(f) All other consumers and Miscellaneous cases:

A single tariff for all other consumers and miscellaneous cases including schools, sport bodies, charity organizations and churches or any other user as determined by the relevant Director, may apply.

(g) Leakages:

Different tariffs may apply to Municipal, Domestic, Business, Commercial or Industrial consumers.

(h) Basic Charge:

A Basic (a fixed monthly) charge will be applied to each domestic consumer, a domestic cluster consumer and all other non-domestic consumers, irrespective whether a gated/non-gated development is supplied via a bulk meter.

The Basic charge will be applied to Indigent Households as per the Indigent Policy of the Municipality.

(i) Availability Fee:

An availability fee may be charged on properties not connected to the water network, should it be available. This fee aims to recoup capital and

maintenance costs of networks as well as certain fixed administrative costs in respect of such properties. The applicability of such fee shall be determined by the relevant directorate.

5.2 Electricity Tariffs

In addition to general cost factors, the following is taken into account when determining a tariff structure for electricity:

(i) Electricity is primarily supplied by Eskom and distributed by the Municipality.

(ii) Minimum standards for distribution are determined nationally and must be adhered to in order to conform to both safety and continuity of supply norms.

(iii) Due to the fact that a large part of the operating expenditure consists of bulk electricity purchases, tariff structures and levels are very sensitive to any change in the cost of supply by Eskom.

(iv) Electricity is supplied under a distribution license, granted by the National Electricity Regulator of South Africa (NERSA) for a specific area of jurisdiction. All tariff structures and tariffs must be approved by NERSA prior to application thereof by a distributor on an annual basis.

Electricity is distributed by Stellenbosch Municipality in the areas of Stellenbosch, Johannesdal, Pniel and Franschhoek.

Eskom distributes electricity in the areas of Jamestown, Raithby, Kylemore, Klapmuts and the rural areas. In these areas, the distribution is managed, operated, and controlled by the applicable service provider.

Export of surplus energy from an approved and certified consumer to the Municipality's distribution network shall be subject to special and specific agreements embracing in broad terms the operational and financial imperatives for a sustainable and economically viable alliance.

In order to manage consumption, inclining block rate tariff structures are applied in the Stellenbosch Municipal areas of distribution, or any part or area incorporated where due course was followed. In these areas, different tariff structures may be implemented for consumers using renewable energy for own use and/or where the export of surplus energy is approved under the proviso of specific conditions, limits on energy export and reimbursement of exported energy.

Additional fees may be levied on consumers for which maximum demand charges are in effect and who have exceeded specific limits.

The specific inclining block rate(s), any other charges linked to the tariff structure and the applicable tariffs are reflected in the Electricity Tariff Schedule as approved by Council.

The following table illustrates the principals for tariff charges applied to various consumers or the service charge types for electricity consumption or export in the Stellenbosch Municipal Area:

(a) Domestic Lifeline (PP):

Domestic Lifeline Tariffs will apply to prepaid Indigent consumers in order to promote the affordability of the service. A fixed monthly charge will not be applied to this category of consumers.

(b) Domestic Regular:

Domestic Regular tariffs will apply, in various service charge types, to other domestic consumers other than Indigent consumers on either conventional or prepaid metering systems. A fixed monthly charge may be applied to this category of consumers.

(c) Commercial Lifeline Low energy rate:

A Commercial Lifeline energy rate tariff will apply in respect of prepaid commercial low consumers. A fixed monthly charge will not be applied to this category of consumers.

(d) Commercial Low energy rate:

Commercial Low energy rate tariffs will apply, in various service charge types, in respect of conventional and prepaid commercial low consumers. A fixed monthly charge will be applied to this category of consumers.

(e) Commercial Regular energy rate:

Commercial Regular energy rate tariffs will apply, in various service charge types, in respect of conventional and prepaid commercial regular consumers. A fixed monthly charge is applied to this category of consumers.

(f) Agricultural energy rate:

Agricultural energy rate tariffs will apply, in various service charge types, in respect of agricultural use. A fixed monthly charge is applied to this category of consumers.

(g) Industrial energy rate:

Industrial energy rate tariffs as well as various types of energy demand tariffs will apply, in various service charge types, in respect of Industrial use. A fixed monthly charge is applied to this category of consumers.

(h) Municipal energy rate:

Municipal energy rate tariffs will apply, in various service charge types, for municipal consumption for street and traffic lights and for municipal buildings. A fixed monthly charge will not be applied to this category of consumers.

(i) Non-profit Organisations (NPO) energy rate:

Non-profit organisation's tariffs will apply, in various service charge types, to Non-profit Organisations in order to promote the affordability of the service for Non-profit Organisations. A monthly fixed charge will not be applied for this category of consumers.

(j) Sport Organisations energy rate:

Sport energy rate tariffs will apply, and a Maximum Demand Charge may apply on sports fields as per approved contracts being classified as either Low Consumers or High Consumers. A fixed monthly charge will not be applied to this category of consumers.

(k) Time-of-Use energy rate:

Different fixed monthly tariffs as well as various types of energy demand tariffs will apply during the low demand and the high demand tariff periods (also referred to as the summer and winter periods respectively) in respect of low and medium voltage consumers. For the purpose of these tariffs the low demand period shall be defined as being the summer period and the high demand period as the winter period.

(l) Availability fee:

An availability fee may be charged to properties not connected to the electricity network, where it is available. This fee aims to recoup capital and maintenance costs of networks as well as certain fixed administrative costs. The applicability of such fee shall be determined by the relevant directorate.

5.3 Refuse (Solid Waste) Removal Tariffs

The specific services rendered, any other charges linked to the service and the applicable tariffs are reflected in the Solid Waste Tariff Schedule as approved by Council.

(a) Residential properties:

Residential refuse (solid waste) will be removed once a week. Households are allowed 3 bags or one "Otto"-type container per week.

Refuse removal tariffs are based on a flat rate per household.

A specific tariff for Indigent consumers in respect of single residential properties will apply as per the approved Solid Waste Tariff Schedule.

(b) Business and industries:

Business and industry refuse (solid waste) are removed by means of “Otto”-type or bulk containers. Each container (size in volume) is accepted as a refuse unit at a specific tariff and number of removals per week.

(c) Availability Fee:

An availability fee may be charged to vacant properties, businesses, flats, and developments not permanently using the municipal collection services. The applicability of such fee shall be determined by the relevant directorate.

5.4 Sewerage Tariffs

Tariff structures for sewerage are applied uniformly in the area of jurisdiction of Stellenbosch Municipality.

The tariff structures for specific services rendered, any other charges linked to the service and the applicable tariffs are reflected in the Sewerage Tariff Schedule as approved by Council.

(a) Residential properties:

A tariff structure utilizing plot sizes is applied to allocate the sewerage costs to a specific property.

(b) Business and industries:

A tariff structure utilizing plot sizes, as well as floor areas per usage is applied to allocate the sewerage costs to a specific property.

The removal of industrial effluent is charged at a cost as per the applicable tariffs.

(c) Septic Tanks:

The clearance of septic tanks is charged per 5 000 litre or part thereof.

(d) Availability Fee:

An availability fee based upon a tariff structure utilizing plot sizes may apply to all vacant properties. The applicability of such fee shall be determined by the relevant directorate.

6. CALCULATION OF OTHER TARIFFS

6.1 Sundry Tariffs

(a) Tariff Structure:

(i) The tariff structure as reflected in the Sundry Tariffs Tariff Schedule as annually approved by Council will be used to determine regulatory community and subsidized services.

(b) Method of calculation:

(i) Existing tariffs will be revised annually, for application during the next financial year, by adjusting the tariff that applied during the current financial year by a percentage (suitable rounding will be applied) to recover increased costs or to compensate for any cost reductions where appropriate.

(ii) New tariffs will be calculated based on the estimated actual cost where appropriate or to recover some costs depending on the type of community service.

(c) Building Clause references:

(i) Obligations pertaining to Building Clauses as per the development agreements or contracts will be dealt with according to the contract obligations.

6.2 Rates Tariffs

The Stellenbosch Municipality's Rates Policy describes the process for imposing property rates for the various categories of owners and properties.

The tariff structures for the applicable categories and the applicable provisions for relief measures are reflected in the Property Rates Tariff Schedule and Rates Policy as approved by Council.

7. SHORT TITLE

This policy is the Tariff Policy of the Stellenbosch Municipality.

APPENDIX 9

STELLENBOSCH MUNICIPALITY

TARIFF BY-LAW

Effective from 01 July 2022

STELLENBOSCH MUNICIPALITY

1. PREAMBLE

(1) Section 229(1) of the Constitution authorizes a municipality to impose:

(a) rates on property and surcharges on fees for services provided by or on behalf of the municipality; and

(b) if authorized by national legislation, other taxes, levies and duties.

(2) In terms of section 75A of the Systems Act a municipality may:

(a) levy and recover fees, charges or tariffs in respect of any function or service of the municipality; and

(b) recover collection charges and interest on any outstanding amount.

(3) In terms section 74(1) of the Systems Act, a municipal council must adopt and implement a tariff policy on the levying of fees for a municipal service provided by the municipality or by way of service delivery agreements and which complies with the provisions of the Systems Act, the Municipal Finance Management Act and any other applicable legislation.

(4) In terms of section 75(1) of the Systems Act, a municipal council must adopt by-laws to give effect to the implementation and enforcement of its tariff policy.

(5) In terms of section 75(2) of the Systems Act, by-laws adopted in terms of section 75(1) of the Systems Act may differentiate between different categories of users, debtors, service providers, services, service standards and geographical areas as long as such differentiation does not amount to unfair discrimination.

(6) In furtherance of reusable energy, Council may determine tariffs pertinent to the purchase of surplus energy from consumers, subject to regulations issued and approved by the National Electricity Regulator of South Africa (NERSA).

2. DEFINITIONS

"***Municipality***" means the Stellenbosch Municipality (WC024).

"***Tariff Policy***" means the Tariff Policy adopted by the Municipality in terms of this By-Law.

"***Constitution***" refers to the Constitution of the Republic of South Africa, 1996.

“***Council***” means the Council of the Municipality.

"***Credit Control and Debt Collection Policy***" means the Municipality's Credit Control and Debt Collection Policy as stipulated by sections 96(b) and 97 of the Systems Act.

"***Systems Act***" means the Local Government: Municipal Systems Act, (Act 32 of 2000).

"***Finance Management Act***" means the Local Government: Municipal Finance Management Act, (Act 53 of 2003).

"*Tariff*" means fees, charges or any other tariffs levied by the Municipality in respect of any function or service provided, or surplus energy purchased, by the Municipality including rates levied by the Municipality in terms of the Local Government: Property Rates Act, (Act 6 of 2004).

"***Tariff List***" or "***Tariff Schedule***" means the list of the Tariffs applicable and in respect of any function or service provided, or surplus energy purchased, by the Municipality. This list, effective for a specific financial year, is approved by Council during the annual budget process.

3. OBJECTIVES

The objective of this By-Law is to give effect to the implementation of the Tariff Policy as contemplated in section 74(1) of the Systems Act, and of the Tariff Schedule for a given financial year as approved by Council during the Municipality's annual budget process.

4. ADOPTION AND IMPLEMENTATION OF TARIFF POLICY

(1) The Municipality shall adopt and implement a Tariff Policy on the levying of fees for a municipal service provided by the Municipality or by way of service delivery agreements which complies with the provisions of the Systems Act, the Municipal Finance Management Act and any other applicable legislation.

(2) The Municipality shall not be entitled to impose tariffs other than in terms of the valid Tariff Policy.

5. CONTENTS OF TARIFF POLICY

The Municipality's Tariff Policy shall, inter alia:

(1) Apply to all the tariffs fees (as per the Tariff List) imposed by the Municipality pursuant to the adoption of the Municipality's annual budget.

(2) Reflect the principles referred to in section 74(2) of the Systems Act and specify any further principles for the imposition of Tariffs which the Municipality may wish to adopt.

(3) Specify the manner in which the principles referred to in paragraph 2 above are to be implemented in terms of the Tariff Policy.

(4) Specify the basis of differentiation, if any, for tariff purposes between the different categories of users, debtors, service providers, services, service standards and geographical areas as long as such differentiation does not amount to unfair discrimination.

(5) Include such further enforcement mechanism, if any, as the Municipality may wish to impose in addition to those contained in the Credit Control and Debt Collection By-Law.

(6) Provide tariffs for the export of surplus energy from approved and certified consumers, within the jurisdiction of the Municipality, into the Municipality's distribution network.

6. ENFORCEMENT OF TARIFF POLICY

The Tariff Policy shall be enforced through the Credit Control and Debt Collection By-Law and any further enforcement mechanisms stipulated in the Municipality's Tariff By-Law.

7. REPEAL

The provisions of any by-laws relating to Tariffs by the Municipality are hereby repealed insofar as they relate to matters provided for in this By-Law.

8. INTERPRETATION

If there is a conflict of interpretation between the English version of this By-Law and a translated version, the English version prevails.

9. SHORT TITLE and EFFECTIVE DATE

This By-law is the Tariff By-Law of Stellenbosch Municipality and shall take effect on 01 July 2022.

PREAMBLE

In terms of Section 96 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) a Municipality shall-

(a) collect all money due and payable to it, subject to the provisions of said Act and any other applicable legislation and By-laws; and

(b) for this purpose, implement and maintain a credit control and debt collection policy which is consistent with its Rates and Tariffs policies and which complies with the provisions of said Act.

(c) In order to give effect to the afore going provisions of said Act, the Council of the Stellenbosch Municipality (WC024), herein after refer to as the Municipality, has adopted a policy relating to credit control and debt collection as set out hereinafter.

1. PRINCIPLES

This Policy supports the following principles:

(a) Human dignity must be upheld at all times.

(b) This Policy must be implemented with equity, fairness and consistency.

(c) Endeavours shall be focused such that data related to owners/debtors/consumers and accounts are correct at all times.

(d) The implementation of this Policy shall be based on sound business principles, which may include credit worthiness checks and assessments of the credit risks involved.

(e) New services will only be provided if supported by the relevant service contract(s) being duly completed. Payment of the applicable consumer deposit will be the primary means to cover said contract obligation.

Any deviation from the payment of the consumer deposit will be directed by the sole discretion and due consideration/approval by an accountant or more senior official in the Municipality's Revenue Department.

Alternatively, to the payment of a deposit a bank guarantee in a form acceptable to the Municipality's Chief Financial Officer will be considered.

(f) Interest on overdue accounts will be charged at the South African Reserve Bank's prime interest rate plus one percent and will be levied on applicable accounts outstanding after the relevant due dates thereof. For the purposes of calculation, a portion of a month will be deemed to constitute a full month.

(g) Deposits/Bank guarantees will be utilised to proactively mitigate the potential of unnecessary credit risk exposure to Council.

(h) An administration fee and/or collection fee will be charged on overdue accounts, according to Council's approved tariffs and the By-laws of Stellenbosch Municipality (WC024).

(i) The rates components on overdue accounts may be processed in terms of Sections 28 and 29 of the Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA) and as described in the Rates Policy of Stellenbosch Municipality.

2. MUNICIPAL ACCOUNTS and ADDITIONAL MECHANISMS

2.1 Notices and Demands

The Owner's/Debtor's/Consumer's attention is drawn to the note on the municipal account, which states that the supply of services will be discontinued/restricted without further notice if the accounts are not settled in full. This serves as a warning to a defaulting owner/debtor/consumer that services will be discontinued/restricted upon defaulting on payments.

Notices, e-mails, cell phone text messages (SMS) or any available informative actions will however be issued to account holders as a first attempt (first notice) after the due date as a means to recover debt and to remind consumers/debtors/owners of their obligation to pay for services.

The aim of such reminders is to urge co-operation to settle accounts without the necessity to employ more drastic steps and to offer the opportunity to make arrangements to pay off such debt where the financial position of a consumer is such that relief is possible as per criteria in the Municipality's Rates or Indigent Policies.

Failure to respond to the aforesaid first notice will result in the disconnection and/or restriction of services and a final demand being issued where applicable.

Failure to respond to a final demand and in the event of arrears not being settled within the period stipulated in the final demand, or an arrangement not being concluded, legal action may be instituted (with the Municipality's rights reserved, notwithstanding the fact that services were disconnected/restricted or not) to recover the full outstanding debt.

In this regard the Municipality may consolidate any separate accounts of a debtor, credit a payment by a debtor against any account of that debtor and implement any of the measures provided for in this policy or the Credit Control and Debt Collection By-law in relation to any arrears of any of the accounts of such a debtor.

In the case of housing rental contracts, the Municipality may consider procedures for eviction or right sizing.

2.2 Additional Mechanisms

2.2.1 Electricity Services:

In the event of an owner/debtor/consumer, failing to pay for electrical services due and payable, and in the event of such consumer having been placed on the disconnection list 3 times within a twelve (12) month period prior to such event, then Stellenbosch Municipality will have the right to install pre-paid electricity meters in a

bid to limit credit risk. The Municipality may also consider upward adjustment of the relevant consumer deposit/bank guarantee.

2.2.2 Water Services:

The Stellenbosch Municipality may in the event of an owner/debtor/consumer exhibiting a trend of non-payment of accounts during a twelve (12) month period prior to a non-payment event (i.e. 3 times or more non-payment events) consider the installation of water demand management devices with pre-paid functionality in a bid to limit credit risk. The Municipality may also consider upward adjustment of the relevant consumer deposit/bank guarantee.

2.2.3 Rental Services:

Actions against defaulters are regulated to a degree by the contracts involved.

All contracts must at minimum and where appropriate, include the following criteria/requirements:

(i) Due date for payments.

(ii) Applicable procedures upon the defaulting of payments.

(iii) Handover procedures.

(iv) Eviction or right sizing actions.

3. ARRANGEMENTS

Should owners/debtors/consumers wish to make arrangements to pay off accounts in arrears, the following guidelines shall apply:

(a) The main aim of arrangements should be to ensure that current accounts (which may include penalties/interest and/or any admin fees) are at least paid in full, before entering into acceptable arrangements to pay off arrears.

(b) The Municipality may enter into an arrangement with a tenant or occupier of a property which is linked to an account in arrears, on proviso that:

(i) a written affidavit is received which certifies that the registered owner of said property, at which such tenant or occupier resides; is:

- untraceable;
- not contactable;
- of unknown whereabouts; or
- not co-operating with said tenant or occupier.

(ii) such tenant or occupier has substantiated the ability to pay and the right to occupation stating the rental due and the time period of such

occupation and providing the last known address of the registered owner;

(iii) such tenant or occupier undertakes to advise the registered owner, at the first reasonable opportunity, of the current situation and further agrees to obtain the consent of the registered owner to condone the process as described in this paragraph 3 (b); and

(iv) where applicable, such tenant or occupier provides comprehensive details of the non-co-operation of the registered owner.

(c) Care must be taken to ensure that all reasonable financial and social assistance, as provided for in various Municipality's Policies, is rendered to assist owners/debtors/consumers before drastic action is taken to recover debt e.g. subsidies for Free Basic Services and relief measures on property rates.

(d) All arrangements must be concluded in writing and the debtor must be provided with a copy thereof. Arrangements will be invalid unless signed by the debtor and one or more delegated representative(s) of the municipality.

(e) Arrangements must be entered into that are both affordable to the consumer and protect the Municipality's interest by ensuring the most cost-effective debt recovery.

(f) Arrangements must be final, and debtors will not be allowed to re-arrange debt repayments. The Municipality may for a meritorious case, upon presentation of proof of current difficulties, consider delaying the receipt of the arranged instalment. This delay may not exceed 3 months.

(g) It is of vital importance to ensure that the settlement of current accounts (which may include penalties/interest and/or any admin fees), together with the debt repayment instalment, is seen as the minimum requirement for any agreement.

(h) Arrangements must be compiled in a format that facilitates legal action, upon breach of contract. Written arrangements must as far as possible be in the form of agreements in terms of Section 57 of the Magistrate's Courts Act, 1944 (Act 32 of 1944) and as amended by the Jurisdiction of Regional Courts Amendment Act, 2008 (Act 32 of 2008) (hereinafter referred to the Section 57 Agreements).

All debt repayment arrangements will be logged on the financial system to ensure maximum accessibility and to enable the effective administration of such repayments.

(i) Arrears of Councillors and other Municipal Officials must be settled in full or arrangements to pay off such amounts, by means of salary deductions, may

be entered into. This includes the seizure of bonuses or any other additional allowances (this paragraph (i) must be read in conjunction with the relevant sections of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000)).

The Stellenbosch Municipality is entitled to recover all arrears more than ninety days by means of salary deductions and proportionally from increases and/or the official's bonus/performance bonus. In this regard, all temporary contract workers are also regarded as municipal officials.

(j) No interest will be levied on outstanding amounts for which arranged agreements have been entered into.

(k) It is a preferable that a water demand management device, pre-payment water meter and/or a prepaid electricity meter be installed when any arrangement is entered into.

(l) Arrangements may only be concluded upon submission of the following documentation:

(i) Proof of identification;

(ii) Proof of Income;

(iii) Supporting documentation relating to expenses;

(iv) Three-month bank statements and/or payslips; and/or

(v) Any other relevant documentation as may be requested by the Credit Control Section.

4. ADJUSTMENT OF DEPOSITS/BANK GUARANTEES

Deposits/Bank guarantees may be increased to cover the additional risk as regulated in terms of the Municipality's By-Laws.

Increases in deposits/bank guarantees shall be utilised to cover the additional risk resulting from default payments. Deposits/Bank guarantees may be increased by an amount up to three times or more of a monthly average consumption as determined by the Municipality.

The necessity for any deviation of said payment will be directed by the sole discretion and due consideration/approval by an accountant or more senior official in the Municipality's Revenue Department.

The latter deposits will be utilised only after closing of account by debtor or transfer of property. Should the account remain unpaid, such deposit will be utilised for the unpaid portion. Any credits will be refunded to the consumer.

The Stellenbosch Municipality will not pay any interest on any deposits.

5. FURTHER ACTIONS

(a) Should arrangements not be concluded or adhered to, services will be discontinued or restricted. The Municipality must ensure that a fair and equitable procedure, including reasonable notice of the intention to discontinue or limit has been followed.

Where legislation does not allow for the complete termination of services, the Credit Control Section will determine the applicable minimum level of service provision, where after, all amounts owing become due and must be paid in full before services are restored to full capacity.

(b) Should amounts owed not be settled by the final date, i.e. after the date for payment set out in a final demand, such accounts and the relevant Agreements, where applicable, will be handed over to the Municipality's Collection Attorneys for recovery and/or to consider instituting further legal action.

(c) The Municipality shall at its own discretion in compliance to the measures provided for in the Municipality's By-Laws, be entitled to withhold or limit the supply of services until the total costs, penalties, other fees, services, and rates due to the Municipality have been paid in full.

This may include the restriction of supply of water or electricity to a debtor who is found guilty by the Municipality or any Court of Law:

(i) of fraud or theft of water and electricity,

(ii) any another criminal activity relating to the supply or unauthorised consumption of water and electricity, or

(iii) if it is evident that fraud, theft or any other criminal activity has occurred relating to such supply or consumption.

(d) Stellenbosch Municipality may consider an auxiliary levy of up to 50% on the purchase of pre-paid electricity/water to recover arrear debt.

(e) Stellenbosch Municipality may consider black-listing consumers in cases where the consumer was handed over to institute legal proceedings.

(f) The Municipality may attach the rental income in whole or in part from a tenant or occupier of a property which is left unpaid by the owner thereof, provided that Section 115 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) is adhered to.

(g) Once the Municipality has exhausted all reasonable and practicable debt recovery measures, in an effort to recover outstanding debt, the Municipal Manager will have sole discretion to approve the litigation process for the disposal of the movable and/or immovable assets of defaulting owners/debtors/consumers by means of a Sale in Execution order.

6. NEW APPLICATIONS FOR SERVICES

6.1 No transfer of services from an owner to a tenant (Organ of State property excluded) will be allowed. The status quo of contracts signed before 01 July 2011 will be maintained, provided that the tenant does not default on payments.

6.2 The owner or his/her proxy applying for a service to be rendered must be positively identified by means of a generally acceptable means of identification as used by financial institutions. A copy of the identification details (such as a copy of the person's ID and proof of residence (for business users)) must be kept for reference purposes.

6.3 The amount of a service deposit/bank guarantee will be based on tariffs as determined by the Council.

6.4 Adjustments to deposits/bank guarantees will be determined by the debtor's payment record of municipal accounts and consumption levels.

6.5 The provision of all services will be subject to the signing and acceptance of the conditions of supply contained in a service contract.

6.6 Where the consumer is not the owner of a property, the owner must on his/her request, regularly be served with a copy of a statement of the amount due.

6.7 The Municipality may utilize any services in order to enhance the effectiveness of credit checks.

7. THE RENDERING OF ACCOUNTS

7.1 Accounts must be rendered regularly and timeously to all property owners and consumers utilising municipal services.

7.2 Accounts must be consumer friendly and must clearly reflect the following minimum information:

(a) the name, address and contact numbers of Stellenbosch Municipality;

(b) the name and postal address of the account holder;

(c) details of the property in respect of which the account is issued;

(d) the contents of the account will be reflected in at least one of the three official languages of the Western Cape province;

(e) the balance brought forward from the previous account, as well as a summary of transactions for the present period;

(f) all services for which the account is rendered, as well as amounts billed for such services;

(g) the final amount payable;

(h) the final date for payment;

(i) soft reminders in respect of interest levies and discontinuation of services; and

(j) the situation of payment facilities, and modes of payment accepted and office hours for payment.

8. ACCOUNT QUERIES

8.1 Consumers have the right to query accounts. In order to ensure the correctness of accounts and the satisfaction of consumers, all queries must be attended to swiftly and effectively.

8.2 Claims of not having received an account do not constitute a valid reason for non-payment of accounts.

Queries regarding such non-receipt must be followed up with the Revenue Section in order for same to be addressed.

A consumer liable for any services rendered by, or rates due to the Municipality must furnish the Municipality with an address where correspondence can be directed to.

Consumers should be encouraged to provide the Municipality with e-mail addresses where accounts could be sent to, rather than traditional postal addresses.

8.3 Duplicate accounts shall be available upon request at a prescribed fee.

8.4 Accounts in Dispute

8.4.1 Should an account in respect of water or electricity consumption be disputed, the concerned consumer must at minimum pay the average amount of the previous 12 (twelve) month's accounts. This shall be applicable only for the month in which the dispute was raised. Subsequent accounts issued in months thereafter (barring any new dispute raised) shall be considered unrelated to the dispute in question.

All other Municipal services or rates disputed will be dealt with at the discretion of the Municipality.

8.4.2 The dispute in question shall be considered to be resolved after all actions have been taken by the Municipality; including but not limited to the following:

(i) determining the correctness of the account;

(ii) relevant procedures were taken to adjust the account accordingly; and

(iii) a written notice or a telephonic confirmation to such effect has been given to the concerned consumer.

8.4.3 In the event that a consumer declaring a dispute, does not adhere to paragraph 8.4.1 above, the disputed account will be subject to the normal Credit Control and Debt collection procedures.

8.5 Errors or Omissions

8.5.1 The Municipality strives to ensure the accuracy of consumer accounts. The onus of the consumer is however to verify that the services as stipulated on the account statement has been delivered and is correct. Upon detection of any errors or omissions the consumer should raise the dispute and notify the Municipality soonest and preferably in writing.

8.5.2 Accounts will only be rectified at the sole discretion of the Municipality after considering and verifying all aspects and conditions affecting the amount due and deemed to be in error. The adjustment (if applicable) to the account will be processed as per paragraph 8.4 above and applied after the date of inspection or confirmation by the specific Services Department.

8.5.3 Upon the sole discretion of the Municipality serious nonconformities or discrepancies of an account may be adjusted based upon the actual tariffs and legislation applicable.

9. DUE DATES OF ACCOUNTS

Accounts are payable by the 7th (seventh) day of each month or the first working day thereafter, should the 7th (seventh) day fall on a weekend or public holiday.

Upon extraordinary circumstances the date above may be temporary amended by the Municipal Manager to a reasonable date.

10. ALLOW SUFFICIENT TIME TO SETTLE ACCOUNTS

In order to allow sufficient time to settle accounts, the account should, where possible, be ready for delivery at least two weeks before the due date.

This necessitates proper scheduling of all processes leading to the issuing of accounts to meet the Municipality’s commitment to its consumers.

11. CONSOLIDATION OF ACCOUNTS

In order to reduce cost and to enhance credit control and debt collection measures, separate accounts for services rendered in respect of a property or separate accounts of a debtor will be consolidated as far as possible. This will not be limited to consumer accounts only but may be extended to any other amount payable arising from any liability or obligation due to the Municipality.

12. PAYMENT OF ACCOUNTS – GENERAL

12.1 In order to promote the payment of accounts, payment facilities and hours for payment must be convenient to consumers, but the establishment of such facilities should still be subject to normal business principles and the economy of the provision of such services.

12.2 The following facilities are presently available – with the office hours (usually between 08h00 - 13h00 and 13h30 - 15h30) and modes of payment indicated. Facilities are extended on an on-going basis.

Facility	***Hours***	***Payment methods accepted***
Cash offices at Stellenbosch, Kayamandi, Franschhoek and Pniel	Office hours: Monday to Friday	Cash, debit cards
Cash offices at Klapmuts	Office hours (to be announced)	Cash, debit cards
Debit orders	Application during office hours	Bank transfers
Third Party Service Providers: Countrywide outlets of Pick 'n Pay, Shoprite/Checkers, Pep Stores, Ackermans and other stores	Trading hours: 7 days per week	Cash, credit cards, debit cards
Internet payments	All hours	Bank transfers
Direct bank deposits	Banking hours	Bank transfers
Personnel deductions	Office hours	Direct deductions from earnings
24-hour Utility shops at petrol stations	All hours	Cash, credit cards, debit cards
Approved Pre-Paid Vending Agents	Trading hours	Cash

12.3 The use of correct account references for electronic payments and/or direct deposits is a requirement to ensure correct allocation of payment and to avoid any

penalties and administration costs. It is the responsibility of the consumer making the payment to ensure that the correct reference number is made known to the Municipality.

12.4 All payments by means of Electronic Funds Transfer (EFT) or payments via the facilities as approved must be made in time so as to reflect in the Municipality's bank account before close of business on the due date.

12.5 Payment prioritisation of payments received will be allocated in the following order:

(i) Penalties.
(ii) Municipal Rates.
(iii) Special Rating Area Levies.
(iv) Sewerage.
(v) Refuse.
(vi) Rentals.
(vii) Sundries.
(viii) Water.
(ix) Electricity.

13. DISHONOURED PAYMENTS

13.1 Receipts issued in respect of dishonoured payments must be written back upon receipt of such notices. Interest on arrears must be raised where applicable and administration costs be debited to debtors account. Debtors must be notified and debt recovery actions be instituted where necessary.

13.2 Should payments be dishonoured twice, the financial system must be encoded not to accept debit order transactions of such a debtor and he/she must be informed thereof in writing.

13.3 If payments are dishonoured twice in a financial year, consumer deposits/bank guarantees may be adjusted to mitigate increased financial risk.

14. PENDING LEGAL ACTIONS AGAINST CONSUMERS

Legal actions, such as notices of intended sales in execution, press releases regarding pending insolvency's, etc. may be followed up to evaluate the credit rating of such debtors in order to take steps to minimize the risk of financial loss for the Municipality.

15. INTEREST

15.1 Interest will be raised monthly, on a reasonable time after due date, to allow finalization of EFT payments, journal processing, system updates, etc. The latter interest raising will be on all arrear balances of all services (excluding housing services), property rates or arrangements as per paragraph 3 of this Policy, remaining unpaid.

15.2 A portion of a month is deemed to be a full month for the purposes of calculation of interest payable.

15.3 Interest on outstanding arrear accounts will be calculated and charged at the South African Reserve Bank's prime interest rate plus one percent.

16. GENERAL AND OTHER SERVICES

16.1 Monthly Consumer accounts:

16.1.1 Debtor's records must be coded correctly and timeously to ensure the rendering of accurate accounts to consumers.

16.1.2 The supply of water and electricity must conform to the conditions of supply set out in the By-Laws for Stellenbosch Municipality, as promulgated in the *Provincial Gazette*.

16.1.3 Due to the inclined block tariffs employed for these services, care must be taken to ensure meter readings are taken accurately and at intervals as close as possible to 30 days. Should this not be possible, consumption may be estimated as set out in the Municipality's By-Laws. As a general rule it is accepted that deviations in consumption periods exceeding 10% should be guarded against.

16.2 Sundry Services:

16.2.1 Accounts for recovery of cost encountered by the Municipality in respect of sundry services rendered are issued if and when such services are rendered to consumers.

16.2.2 As these services are usually not based on formal service contracts, it is essential that it be billed as soon as possible, and the recovery of such debt must receive priority, as the risk of loss to the Municipality is more eminent than in the case of other services.

16.2.3 Care should be taken to obtain full and accurate information of such debtors and to obtain prepayment for such services where possible.

16.2.4 Actions applied to follow up unpaid accounts will be determined by the nature and extent of the debt and the cost effectiveness of such actions.

17. CONDITIONS RELATING TO RENTAL AND PURCHASING OF MUNICIPAL PROPERTY

17.1 Municipal property may only be leased or sold after approval of such transactions and the signing of a rental or purchase agreement. Such approvals may be by way of specific Council resolutions or in the form of delegations.

17.2 The conditions for payment of instalments and deposits are regulated by the contents of the rental and purchase agreements and the Municipality explicitly reserves its rights to discontinue services for non-payment not only limited to the leased property but any other property of the lessee within the jurisdiction of Stellenbosch Municipality (WC024).

17.3 Other specific rental and purchase agreements are tailored to the specific nature and requirements of such transactions.

17.4 Full details of remedies for defaulting lessees and purchasers and procedures to address such defaults must be contained in the relevant contracts, but must not have the effect of limiting the Municipality in terms of this or any other Policy regulating arrears.

17.5 These remedies usually commence with written reminders, leading to the cancellation of the contracts and the institution of further legal action where necessary.

17.6 Rental and purchase agreements represent formalised individual contracts that form the basis of all actions by the parties involved. Both parties are bound to such conditions, failing which may lead to the cancellation of such contracts by the parties involved and claims for damages.

17.7 Lessees whom may qualify for rental subsidies must be referred to the housing office to apply for such subsidies in an effort to make rentals more affordable.

18. RENTALS IN RESPECT OF MUNICIPAL EMPLOYEES

Apart from the general conditions applicable to general rental the following conditions will also be applied:

(a) Rent will be based on the principle of market related rentals as required by Municipal Supply Chain Management (SCM) Regulation 40.

(b) Rent, and optionally rates and service charges, where applicable, may only be paid by means of salary deductions. A specific clause to this effect must form part of the contract.

(c) The relevant Director, or his/her delegated official, must co-sign rental agreements of employees to ensure that financial conditions are met.

19. INDIGENT CONSUMERS

19.1 The Stellenbosch Municipality supports the principle of providing support to indigent consumers by way of providing Free Basic Services in accordance with the provisions of the Municipality's Indigent Policy. All effort must be made to limit the re-occurrence or accumulation of indigent debt of such consumers.

1. Definitions

(1) In this By-law, any word or expression to which a meaning has been assigned in the Local Government: Municipal Systems Act, 32 of 2000, has that meaning, unless the context, indicates otherwise-

"account" means a municipal account rendered specifying an amount or amounts payable for assessment rates, metered services, municipal charges, levies, fees, fines, taxes or any other amount or amounts payable arising from any other liability or obligation due to the Municipality;

"arrangement" means a written agreement entered into between the Council and the debtor in terms of which specific repayment parameters are agreed to;

"arrears" means any amount due and payable to the Municipality and not paid by the due date;

"Council" means the Municipal Council of Stellenbosch Municipality as referred to in section 157 of the Constitution;

"**Credit Control and Debt Collection Policy**" means the Credit Control and Debt Collection Policy adopted by the Council in terms of Section 96 of the Local Government: Municipal Systems Act, 32 of 2000;

"customer" means any occupier of any premises to which the Municipality has agreed to supply or is actually supplying services, or if no occupier can be identified or located, the owner of the premises and includes any debtor of the Municipality;

"day/days" means calendar days, inclusive of Saturdays, Sundays and public holidays;

"debtor" means any person owing money to the Municipality;

"due date" in relation to-

(a) *When paying an annual account, that account shall be paid and received by the Municipality in full not later than the date as specified on the account*; and

(b) *when paying a monthly account, that account shall be paid and received by the Municipality in full not later than the date as specified on the account*.

Should such day fall on a Saturday, Sunday, or public holiday the due date shall be the next working day.

"Electricity By-law" means the Stellenbosch Municipality: Electricity Supply By-law as promulgated in the *Provincial Gazette*;

"estimated consumption" means the deemed consumption of a customer, that was not measured for the specific period, but estimated by taking into account factors that are considered relevant by the Municipality and which may include consumption data for a specific time in its possession and where applicable, having made due allowance where possible for seasonal or other variations which may affect consumption;

"immovable property" includes-

(a) an undivided share in immovable property, and

(b) any right in immovable property.

"Indigent Policy" means the Indigent Policy adopted by the Council of the Municipality;

"**interest"** means a charge levied on all arrear monies as stipulated in the Municipality's Credit Control and Debt Collection Policy;

"month" means a calendar month;

"monthly average consumption" means the monthly average consumption in respect of that property calculated on the basis of consumption over the preceding twelve months taking seasonal variances and exceptional circumstances into consideration;

"Municipality" means Stellenbosch Municipality (WC024);

"Municipal Manager" means the person appointed as such in terms of section 54A of the Local Government: Municipal Systems Act, 32 of 2000;

"**municipal pay point"** means those payment facilities set out in the Credit Control and Debt Collection Policy;

"municipal service" means a "municipal service" as defined in the Systems Act;

"occupier" means any person who occupies any premises or part thereof without regard to the title under which the person occupies, and includes -

(a) any person in actual occupation of those premises;

(b) any person legally entitled to occupy those premises;

(c) in the case of those premises being subdivided and let to lodgers or various tenants, the person receiving the rent payable by such lodgers or tenants whether on the person's own account or as agent for any person entitled thereto or interested therein;

(d) any person having the charge or management of those premises, and includes the agent of any such person when the person is absent from the Republic of South Africa or his or her whereabouts are unknown; or

(e) the owner of those premises.

"official" means an "official" as defined in section 1 of the Local Government: Municipal Finance Management Act, 56 of 2003;

"owner" means:

(a) a person in whom the legal title to a premises is vested;

(b) in a case where the person in whom the legal title is vested is insolvent or dead, or is under any form of legal disability whatsoever, the person in whom the administration of and control of such premises is vested as curator, trustee, assignee, executor, administrator, judicial manager, liquidator or other legal representative, as the case may be;

(c) in the case where the Municipality is unable to determine the identity of the person in whom the legal title is vested, the person who is entitled to the benefit of such premises or a building thereon;

(d) in the case of premises for which a Municipal lease has been entered into, whether the lease is registered or not, the lessee thereof;

(e) the occupier of immovable property occupied under a service servitude or right analogous thereto

(f) in relation to -

(i) a piece of land delineated on a sectional plan registered in terms of the Sectional Titles Act, 1986, and without restricting the above, the developer or the body corporate in respect of the common property; or

(ii) a section or unit as defined in the Sectional Titles Act, the person in whose name such section or unit is registered under a sectional title deed and includes the lawfully appointed agent of such a person;

(iii) a right as contemplated in section 25 or 27 of the Sectional Titles Act, the holder of such right.

(g) any legal person including, but not limited to -

(i) a company registered in terms of the Companies Act, 71 of 2008 noting the transitional arrangements as per Schedule 5 of said Act, Trust *inter vivos*, Trust *mortis causa*, a close corporation registered in terms of the Close Corporations Act, 69 of 1984, a voluntary association;

(ii) any Department of State;

(iii) any Council or Board established in terms of any legislation applicable to the Republic of South Africa; and

(iv) any Embassy or other foreign entity; and

(h) a lessee of municipal property who will be deemed to be the owner for the purposes of rendering a municipal account;

(i) Upon any contradiction of this definition to the definition of “owner” as per section 1 of the Rates Act, the Rates Act definition of “owner” shall prevail.

“paid by the due date” means actual receipt of the funds paid in the bank account of the Municipality before or on the due date and **“payable by the due date”** shall have a corresponding meaning;

“person” means natural and juristic persons, including any state department and

statutory bodies;

"premises" includes any piece of land, the external surface boundaries of which are delineated on:

(a) a general plan or diagram registered in terms of the Land Survey Act, 8 of 1997 or in terms of the Deed Registry Act, 47 of 1937; or

(b) a sectional plan registered in terms of the Sectional Titles Act, 95 of 1986, which is situated within the area of jurisdiction of the Municipality;

and includes any other land and any building or structure above or below the surface of any land;

"rates" means the rate imposed on property by the Municipality; including but not limited to the municipal property rate envisaged in section 229(1) of the Constitution of the Republic of South Africa, 108 of 1996;

"Rates Act" refers to the Local Government: Municipal Property Rates Act, 2004.

"Rates Policy" means the Rates Policy adopted by the Council in terms of section 3 of the Local Government: Municipal Property Rates Act 6 of 2004 and as amended from time to time;

"responsible person" means any person other than the owner of an immovable property who is legally responsible for the payment of municipal service charges;

"service charges" means the fees levied by the Municipality in terms of its Tariff Policy for any municipal services rendered and includes any penalties, interest or surcharges levied or imposed;

"service delivery agreement" means an agreement between the Municipality and an institution or persons provided for in section 76(b) of the Local Government: Municipal Systems Act, 32 of 2000;

"sundry debtor accounts" means accounts raised for miscellaneous charges for services provided by the Municipality or charges that were raised against a person as a result of an action by a person and which was raised in terms of the Municipality's policies, By-laws and decisions;

"Systems Act" refers to the Local Government: Municipal Systems Act, 2000.

"tariff" means any rate, tax, duty and levy or fee which may be imposed by the Municipality for services provided either by itself or in terms of a service delivery agreement;

"Tariff Policy" means a Tariff Policy adopted by the Council in terms of section 74 of the Local Government: Municipal Systems Act 32 of 2000;

"user" means the owner or occupier of a property in respect of which municipal services are being rendered;

"working day" means a calendar day excluding Saturdays, Sundays and public holidays,

(2) The headings and titles in this By-law are for reference purposes only and shall not affect the construction thereof.

(3) In this By-law, a word or expression derived from a word or expression defined in subsection (1) has a corresponding meaning unless the context indicates that another meaning is intended.

2. Duty to collect debt

All debt owing to the Municipality must be collected in accordance with this By-law and the Credit Control and Debt Collection Policy.

3. Applications for provisions of municipal services and service agreements

(1) All applications for the provision of Municipal services in respect of any immovable property shall be made by the owner of the said immovable property in writing and on the prescribed form.

(2) The owner of an immovable property in respect of which application for the provision of municipal services has been made, shall prior to the date on which the services are required to be connected, enter into a written agreement with the Municipality on the prescribed form.

(3) The written agreement referred to in subsection (2) shall, amongst others, make provision for the following:

(a) an undertaking by the owner/tenant that he or she will be liable for collection costs including administration fees, interests, disconnection and reconnection costs, and any other legal costs occasioned by his or her failure to settle accounts by the due date;

(b) an acknowledgement by the owner/tenant that accounts will become due and payable by the due date notwithstanding the fact that the owner did not receive the account; and

(c) that the onus will be on the owner/tenant to ensure that he or she is in possession of an account before the due date.

(4) The Municipality may, upon the written request of the owner of an immovable property, enter into a written agreement with both the owner and occupier of the immovable property in respect of which application for the provision of municipal services has been made. The agreement shall be on the prescribed form.

(5) The Municipality shall cause a reading of the applicable credit-meters to be taken on the working day preceding the date of occupation of the property so as to facilitate the correctness of the prior and new owner’s accounts.

(6) The Municipality may require owners or occupiers of immovable properties in respect of which municipal services are being rendered, to enter into written agreements with the Municipality in accordance with the form referred to in subsection (2).

4. Deposits and guarantees

(1) An applicant for the provision of municipal services may be required to pay a consumer deposit prior to the provision of any municipal services. Payment of the applicable consumer deposit will be the primary means to cover said contract obligation. Any deviation from the payment of the consumer deposit will be directed by the sole discretion and due consideration/approval of an accountant or more senior official in the Municipality's Revenue Department.

(2) The Municipality may, in its sole discretion, and upon written notice to the owner of a property and after the conclusion of the agreement referred to in section 3(2) and subject to subsection (3), either increase or decrease the deposit payable. Deposits/Bank guarantees may be increased by an amount up to three times or more of a monthly average consumption as determined by the Municipality.

(3) The Municipality shall before any decision to increase the deposit, give an owner or responsible person notice of any intention to increase the minimum deposit payable by the owner or responsible person, and shall, in the aforesaid notice, state full reasons for the envisaged increase and allow the owner or responsible person an opportunity to make written representations in this regard.

(4) On termination of the supply of services the amount of such deposit, less any payments due to the Municipality, may be refunded.

(5) The Municipality may, in its sole discretion accept a bank guarantee in lieu of a deposit .

5. Accounts and billing

(1) The Municipality shall provide every person who is liable for municipal charges, fees levies, property rates or taxes, with an account in respect of such municipal charges, fees levies, property rates or taxes.

(2) Accounts will be rendered on a monthly basis in cycles of approximately 30 (thirty) days.

(3) All accounts rendered by the Municipality shall be payable before or on the due date as indicated on the account.

(4) Any amount which remains due and payable after the due date shall attract interest as more fully set out in section 11.

(5) Payments shall be deemed to be late unless received on or before the due date.

(6) Electronic payments or payments made through agents must be received and reflected in the municipal bank account on or before the due date.

(7) All accounts shall be payable by the due date regardless of the fact that the person responsible for the payment of the account has not received it and the onus shall be on such person to make the necessary inquiries to obtain a copy of the account before the due date.

6. Restriction or disconnection of supply of services

(1) The Municipality may restrict or disconnect the supply of any municipal service in any manner including but not limited to blocking the purchase of electricity on the prepayment system and/or restricting or disconnecting the supply of water if a user of any such service:

(a) fails to make full payment on the due date or fails to make an acceptable arrangement for the repayment of any amount due in respect of an account rendered;

(b) fails to comply with an arrangement;

(c) is placed under provisional sequestration, liquidation or judicial management, or commits an act of insolvency in terms of the Insolvency Act 24 of 1936 or any other applicable law but fails conditions of same;

(d) becomes subject to an order granted in terms of section 74 of the Magistrates Court Act, 32 of 1944 but fails adherence thereto.

(2) The Municipality shall, before limiting or discontinuing any municipal services to any premises or user ensure that a fair and equitable procedure is followed, and the Municipality shall provide reasonable notice of its intention to limit or discontinue services and grant the affected person an opportunity to make written representations.

(3) The right to restrict, disconnect or terminate a service pertains to all municipal services and shall not be limited, in the case of arrears, by the fact that payment may have been made in respect of any specific municipal service or the fact that the person who entered into an agreement for the supply of services with the Municipality and the owner are different persons, as the case may be.

(4) After disconnection for non-payment of an account the prescribed fees may be required for payment before reconnection is effected.

7. Measurement of metered municipal services

(1) Refer to the Stellenbosch Municipality: Electricity Supply By-law for the purposes of determining the criteria or provisions of any matter related to electricity.

(2) Refer to the Stellenbosch Municipality: Water Services By-law for the purposes of determining the criteria or provisions of any matter related to water.

8. Payments and settlement of amounts due

(1) Payments on accounts rendered may be effected at/via approved municipal payment facilities.

(2) The Municipality may at its discretion, designate certain payment methods which will be acceptable to the Municipality.

(3) Any payments made to the Municipality will be allocated by the Municipality entirely within its discretion; provided that any part payment on an account shall be allocated firstly to reduce any penalty charges which may have accrued on the account.

(4) The Municipality will appropriate payments received in respect of any municipal services provided by the Municipality in accordance with the Credit Control and Debt Collection Policy.

(5) Where the amount due and payable to the Municipality has not been paid in full, any lesser amount tendered to and accepted by any municipal official, shall not be deemed to be in final settlement of such an amount unless the Municipality in writing consents to or confirms that such amount is accepted in full and final settlement of a debt.

(6) The acceptance of a lesser payment in full and final settlement shall be in terms of the Irrecoverable Debt Policy.

9. Procedures for and matters relating to the recovery of debt

(1) Annual rates and service charges are levied during July of each year and the annual account shall be paid in full not later than the date specified on the account.

(2) Rates and service charges which are paid on a monthly basis shall be paid in full not later than the date specified on the account.

(3) Accounts rendered by the Municipality in respect of electricity and water shall be paid in full not later than the date specified on the account.

(4) Interest on arrears may accrue on all amounts not paid by the due date and where applicable, not received and reflected in the Municipality's bank account on the due date.

(5) In the event of an account not paid in full by the due date, the Municipality shall take the necessary steps including any legal action to collect the arrears in accordance with the debt recovery procedures prescribed in terms of the Credit Control and Debt Collection Policy.

(6) When the Municipality restricts or disconnects the supply of any municipal services in any manner including but not limited to blocking the purchase of electricity on the prepayment system and/or restricting or disconnecting the supply of water in respect of an account which has not been paid by the due date, this shall be done with due regard for any mandatory minimum levels of supply of municipal services.

(7) Any additional charges or costs incurred by or on behalf of the Municipality with regard to the recovery of debt as outlined in this By-law and the Credit Control and Debt Collection Policy including but not limited to legal and administration costs shall be debited to the account of the defaulting debtor. The latter charges may include a revisit of deposits paid.

(8) Owners who concluded arrangements to settle their annual rates accounts on a monthly

basis shall ensure regular payments..

(9) The Municipality may recover outstanding rates after the due date as provided for in sections 28 and 29 of the Local Government: Municipal Property Rates Act, 6 of 2004.

(10) The Municipal Manager may, in order to recover debt, institute the necessary proceedings in a competent court and attach a debtor's movable and immovable property.

(11) In the event that a juristic person including but not limited to a company, close corporation, trust or body corporate in terms of the Sectional Titles Act, 95 of 1986 is liable for the payment of any arrear rates and service charges to the Municipality, the liability of such entity is extended to its directors, members and trustees, as the case may, jointly and severally in their personal capacity.

(12) The Municipality may notwithstanding the above and upon good cause shown, allow any defaulting owner or occupier of a property, to enter into a written agreement for the payment of the outstanding balance by way of instalments, on such terms and conditions as determined by the Credit Control and Debt Collection Policy and when such an agreement has been entered into, all actions against the defaulting owner or occupier of a property in terms of the Credit Control and Debt Collection Policy and in respect of such outstanding balance shall be suspended provided that the terms of this written agreement is strictly complied with.

10. Rates clearance certificates

(1) Applications for the issuing of certificates required for the transfer of immovable property in terms of section 118 of the Local Government: Municipal Systems Act, 32 of 2000 must be lodged with the Municipality in the prescribed manner.

(2) The certificate mentioned in subsection (1) will only be issued if all amounts that became due in connection with that property for municipal service fees, surcharges on fees, property rates and other municipal taxes, levies, and duties during the 2 (two) years preceding the date of application for the certificate have been fully paid, irrespective of whether such amounts have been accumulated by the owner or not.

(3) Nothing in this section precludes the subsequent collection by the Municipality of any amounts owed to it in respect of such immovable property at the time of transfer.

11. Interest

(1) The Municipality may charge and recover interest in respect of any arrears, as prescribed in this By-law and the Credit Control and Debt Collection Policy.

(2) No interest shall be charged on any outstanding amounts in respect of which an arrangement has been made as envisaged in section 9(8) provided that the debtor complies with the terms of the arrangement.

(3) For the purposes of this section the interest shall be calculated for each month for which such arrears remain unpaid, and a portion of a month shall be deemed to be a full month.

12. Consolidation of accounts

(1) The Municipality may-

(a) consolidate any separate accounts of a debtor;

(b) credit a payment by a debtor against any account of that debtor;

(c) implement any of the measures provided for in this By-law and the Credit Control and Debt Collection Policy, in relation to any arrears on any of the accounts of such debtor.

(2) The provisions of subsection (1) do not apply where there is a dispute between the Municipality and the debtor referred to in that subsection concerning any specific amount claimed by the Municipality from such debtor.

13. Agreements with employers

(1) The Municipal Manager may -

(a) with the consent of a debtor enter into a written agreement with that person's employer to deduct from the salary or wages of that debtor:

(i) any outstanding amounts due by the debtor to the Municipality; or

(ii) such regular monthly amounts as may be agreed; and

(b) provide special incentives for –

(i) employers to enter into such agreements; and

(ii) debtors to consent to such agreements.

14. Indigents

An indigent consumer shall be dealt with as prescribed in the Indigent Policy and if required and after reasonable alternatives have been exhausted, processes in terms of the Credit Control and Debt Collection Policy will be implemented.

15. Right of access to premises

(1) A duly authorised representative of the Municipality shall for any purpose related to the implementation or enforcement of this By-law, at all reasonable times or in an emergency at any time, have access to and enter any premises, request information and carry out any inspection and examination as he or she may deem necessary, and for purposes of reading, installing or repairing any meter or service connection for reticulation, or to disconnect, stop or restrict the provision of any service.

(2) If the Municipality considers it necessary that work needs to be performed to enable an official to perform a function referred to in subsection (1) properly and effectively, it may:

(a) by written notice require the owner or occupier of the premises at his own expense to do specific work within a specified period; or

(b) if in its opinion the situation is a matter of urgency, without prior notice do such work

or cause it to be done at the expense of the owner.

(3) If the work referred to in subsection (2) above is carried out for the sole purpose of establishing whether a contravention of this By-law has been committed and no such contravention has taken place, the Municipality shall bear the expenditure connected therewith together with the expense of restoring the premises to its former condition provided that in the event that it is established that a contravention of this By-law has taken place the owner or occupier shall, in addition to the loss or damage referred to in section 18(2), also be liable for the expenditure connected therewith.

16. Process for grievances and queries

(1) An aggrieved person may lodge a grievance or query regarding service charges to the Municipality in writing and which may be on a prescribed form.

(2) The aggrieved person shall clearly state the basis of his or her dissatisfaction and the desired outcome.

(3) The lodging of a grievance or query shall not relieve the aggrieved person of the responsibility to settle the account, provided that the Municipal Manager may, on application in writing and in his or her sole discretion, direct that interim payments may be made pending the finalisation of the grievance or query.

(4) The Municipality shall respond to such grievance or query in writing within 30 (thirty) days from the date of the lodgement of the grievance or query.

17. Appeal

(1) A person aggrieved by any decision taken in terms of this By-law and in terms of a power or duty delegated or sub-delegated, may appeal against such decision in terms of section 62 of the Local Government: Municipal Systems Act, 32 of 2000 by giving written notice of the appeal and the reasons to the Municipal Manager within 21 (twenty-one) days of the date of the notification of the decision.

(2) The Municipal Manager shall consider the appeal and confirm, vary, or revoke the decision.

(3) The Municipal Manager must commence with an appeal within 6 (six) weeks and decide the appeal within a reasonable period.

18. Offences

(1) Any person who

(a) fails to give the access required by an official in terms of this By-law;

(b) obstructs or hinders an official in the exercise of his or her powers or performance of functions or duties under this By-law;

(c) uses or interferes with Municipal equipment or consumption of services supplied;

(d) tampers or breaks any seal on a meter or on any equipment belonging to the Municipality, or for any reason as determined by the Municipal Manager causes a meter not to properly register the service used;

(e) fails or refuses to give an official such information as he or she may reasonably require for the purpose of exercising his or her powers or functions under these By-laws or provides the Municipality or such an official with false or misleading information knowing it to be false or misleading;

(f) fails to comply with the terms of a notice served upon him or her in terms of this By-law;

(g) contravenes or fails to comply with any provision of this By-law -

shall be guilty of an offence and be liable upon conviction to a fine or imprisonment or both such a fine and imprisonment and, in addition, may be charged for usage, as estimated by the Municipality.

(2) Every person committing a contravention or breach of the provisions of this By-law shall also be liable to compensate the Municipality for any expenditure incurred and any loss or damage suffered or sustained by the Municipality in consequence of such breach.

19. Notices and documents

(1) A notice or document issued by the Municipality in terms of this By-law, shall be deemed to be duly issued if signed by an official duly authorised by the Council.

(2) If a notice is to be served on a person in terms of this By-law, such service shall be effected by:

(a) delivering the notice to such person personally or to the duly authorised agent of such person or:

(b) by delivering the notice at such person's residence or place of employment to a person apparently not less than 16 (sixteen) years of age and apparently residing or employed there;

(c) if such person has nominated an address for legal purposes, by delivering the notice to such an address; or

(d) by registered or certified post addressed to such person's last known address;

(e) in the case of a body corporate, by delivering it to the registered office or the premises of such a body corporate; or

(f) if service cannot be effected in terms of the aforesaid subsections, by affixing it to the principal door of entry to the premises, or displaying it on a conspicuous place on the premises to which it relates.

20. Authentication of documents

(1) Every order, notice or other document requiring authentication by the Council shall be sufficiently authenticated, if signed by the Municipal Manager or by a duly authorised official of the Municipality;

(2) Delivery of a copy of the document shall be deemed to be delivery of the original.

21. Certificate of indebtedness

(1) A certificate under the hand of the Municipal Manager certifying the amount due and payable to the Municipality shall be binding upon the debtor; shall be *prima facie* proof of the amount of the debtor's indebtedness and shall be valid as a liquid document against the debtor in any competent court for the purpose of obtaining provisional sentence or judgment against the debtor in respect thereof.

(2) Should the debtor at any time in defence of any action based on this By-law allege that there is no reason or cause for the debtor's obligations to the Municipality or that errors have been made in the calculation of the amount claimed, then the onus of proving such a defence will rest on the debtor.

22. Conflict of By-laws

(1) The provisions of the Electricity Supply By-law and Water Services By-law in force immediately before the commencement of this By-law continue in force regarding the application of service tariff matters and insofar as they are not inconsistent with the provisions of this By-law.

(2) Subject to subsection (1), in the event of any conflict between this By-law and any other By-law of the Municipality, this By-law will prevail.

23. Partial invalidity

In the event of any one or more of the of the provisions of this By-law being declared invalid by a final and unappealable order, decree or judgment of any court after being found to be inconsistent with any provision of the Constitution of the Republic of South Africa, 108 of 1996, such inconsistency or invalidity shall not affect the remaining provisions of this By-law and this By-law shall be construed as if such provisions had not been inserted.

24. Repeal of By-laws

The provisions of any By-laws relating to credit control debt collection by the Municipality are hereby repealed insofar as they relate to matters provided for in this By-law.

25. Application

This By-law shall be binding on all persons who own and/or occupy immovable property or any premises within the area of jurisdiction of the Municipality, or to whom a Municipal account is rendered.

26. Short title

This By-law is called the Stellenbosch Municipality: Credit Control and Debt Collection By-law.

1. DEFINITIONS

In this Policy, words or expressions shall bear the meaning assigned to them and, unless context otherwise indicates: –

"additional rate" means an additional rate contemplated in sections 19(1)(d) and 22(1)(b) of the Property Rates Act and in section 12(2) of the By-Law;

"applicant" means any owner who makes an application for the determination of a special rating area in accordance with provisions of Chapter 1 of the By-Law, or if a management body is established in terms of section 10 of the By-Law, any reference to **"the Applicant"** means the management body;

"By-Law" means the Stellenbosch Municipality's Special Rating Area (SRA) By-Law;

"CFO" means the Chief Financial Officer of Stellenbosch Municipality, or his or her nominee;

"Council" means Council of Stellenbosch Municipality;

"implementation plan" means an Implementation Plan as contemplated in section 6 of the By-Law;

"majority" means the majority of properties represented by the members of the local community in the proposed special rating area who will be liable for paying the additional rate;

"management body" means the management body of a special rating area to be established in accordance with the provision of section 10 of the By-Law;

"motivation report" means a motivation report as contemplated in section 6 of the By-Law;

"**the Municipality**" means Stellenbosch Municipality (WC024),

"owner" has the meaning assigned to it in section 1 of the Property Rates Act;

"Policy" means the policy for the determination of special rating areas and will be referred to as this Policy;

"Property Rates Act" means the Local Government: Municipal Property Rates Act, 2004 (Act No.6 of 2004);

"rateable property" has the meaning assigned to it in section 1 of the Property Rates Act;

"special rating area" means a special rating area approved by the Council in accordance with the provisions of section 22 of the Property Rates Act and section 8 of the By-Law.

2. INTRODUCTION

2.1. This policy for the establishing of special rating areas must be read together with the Local Government: Municipal Property Rates Act, 2004 (Act 6 of 2004) and the Municipality's Special Rating Area (SRA) By-law, as in force from time to time.

2.2. This policy is strictly applicable to Special Rating Areas that have been established in terms of sub-sections 22(1) to 22(4) of the Property Rates Act. Therefore, this policy does not deal or apply to internal municipal service districts as envisaged in section 85 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) and in sub-section 22(5) of the Property Rates Act.

2.3. All words and phrases defined in the Property Rates Act and the By-Law have the same meaning in this Policy.

2.4. In the event of any conflict between the provisions of the By-Law and the provisions of this Policy, the By-Law prevails.

2.5. This Policy needs to be read together with the Municipality's Rates Policy.

3. AIM OF THE POLICY

This Policy aims to –

3.1. Set out Council's position on special rating areas and the factors that will influence Council's decision whether or not to institute a particular Special Rating Area.

3.2. Provide guidance to members of the local community and to decision-makers within the Municipality in relation to the establishment of special rating areas; and

3.3. Strike an appropriate balance between facilitating self-funded community initiatives that aim to improve and/or upgrade neighbourhoods by –

(a) making use of Council resources and structures; or

(b) making use of a Non-Profit (previously known as a Section 21) company structure (refer paragraph 8.12.5 of this Policy); and to

(c) ensure commitment to good, fair and transparent governance by the managing body, by implementing a transparent process when appointing service providers to improve and/or upgrade the special rating area in the public areas and ensuring that these improved and/or upgraded services are not provided on private properties.

4. POLICY STATEMENT

4.1. The special rating area model is aimed at preventing the degeneration of towns and the consequential urban decay, and facilitating their upliftment, economic growth and sustainable development.

4.2. The purposes of a special rating area are to –

(a) enhance and supplement the municipal services provided by Stellenbosch Municipality;

(b) facilitate investment in the special rating area;

(c) facilitate a cooperative approach between Stellenbosch Municipality and the private sector in the provision of municipal services;

(d) halt the degeneration and facilitate the upliftment of distressed business and mixed-use areas; and

(e) promote economic growth and sustainable development and in this way, assist the Council in the fulfilment of its objects and developmental duties as set out in its Integrated Development Plan ("IDP").

4.3. Stellenbosch Municipality regards special rating areas as a potential tool for allowing it to fulfil its constitutional and statutory obligations to promote;

(a) social and economic development; and

(b) a safe and healthy environment in a way which balances the guiding principles underlying its Rates Policy.

4.4. Special rating areas allow property owners within an explicitly defined geographical area to improve and upgrade their area by means of a property rate in addition to the standard property rate.

4.5. Special Rating Areas do not give property owners or the management structures of the Special Ratings Area the right to infringe on any of the constitutional rights as enshrined in the Bill of Rights, Chapter Two of the Constitution of South Africa, 1996 of any juristic or natural person in any way. Specifically, the right to freedom of movement and residence of any juristic or natural person referred to in Section 21 of the Constitution must be guaranteed by the Special Rating Area as a pre-requisite for approval by the municipality.

5. FACTORS CONSIDERED WHEN DETERMINING A SPECIAL RATING AREA

The Council will consider instituting a special rating area where the requirements of Section 22 of the Property Rates Act are complied with, including that –

5.1. the purpose of the special rating area is to allow an additional rate to be levied on property in the defined area to raise funds for improving or upgrading the area;

5.2. the special rating area will not be used to reinforce existing inequities in the development of the Stellenbosch Municipality's (WCO24) area of jurisdiction;

5.3. the determination of the special rating area is consistent with Stellenbosch Municipality's IDP;

5.4. residential special rating area refers to an area in which more than 40% (forty percent) of the rates based municipal valuation consists of Residential Property as defined in the Rates policy.

5.5. any residential special rating area must comply fully with the provision of the By-Law, save that, with reference to the majority support the applicant must provide written proof to the Council that owners of rateable property within the boundary of the special rating area who own not fewer than 60% (sixty percent) in number of such properties, approve the formation of the special rating area. Subject to paragraph 6.3, municipal-owned properties will be excluded from such voting procedures.

5.6. the majority of members of the local community who will be liable for paying any additional rate in the special rating area, other than residential special rating areas, have consented to its

establishment. Subject to paragraph 6.3, municipal-owned properties will be excluded from such voting procedures.

5.7. the procedural requirements of Section 22 of the Property Rates Act as well as the By-Law and this Policy are complied with, which include the community consultation requirement as determined by the Municipality's Chief Financial Officer (CFO);

5.8. the proposed improvement or upgrade has been clearly and fully defined;

5.9. the proposed improvement or upgrade can be clearly and logically linked to a geographical area, the boundaries of which must be clearly determined;

5.10. there is evidence that it will be financially viable to use a special rating area to raise funds for the proposed improvement or upgrade;

5.11. Stellenbosch Municipality is satisfied with the institutional arrangements proposed in respect of the special rating area; and

5.12. Ultimately, the decision whether or not to determine a special rating area rests with the Council in its sole discretion.

6. APPLICABILITY OF STELLENBOSCH MUNICIPALITY'S RATES POLICY AND OTHER POLICIES

6.1. When Stellenbosch Municipality grants any measure of relief to Senior Citizens, Disabled Persons and Non-Profit Organisations in terms of the Rates Policy, or registered indigents in terms of the Indigent Policy, the relevant property owner will be granted a full (100%) discount in relation to the additional special rating area rate.

6.2. The granting of the above discount as per paragraph 6.1 will however not in any way modify the voting rights in relation to said property as described in paragraphs 5.5 and 5.6.

6.3. Subject to paragraph 6.4, municipal-owned properties will be exempted from the additional special rating area rates and will not participate during any voting procedures as described in paragraphs 5.5 and 5.6.

6.4. The occupants of municipal-owned properties which are leased in terms of a lease agreement or the occupants of those properties which are allocated to beneficiaries but not yet transferred will be liable for the additional special rating area rates and will retain the voting rights as described in paragraphs 5.5 and 5.6.

7. PROCESS

This Policy sets out –

(a) the institutional arrangements for special rating areas (paragraph 8 of this Policy)

(b) the establishment requirements which must be followed (paragraph 9 of this Policy);

(c) the information which needs to be submitted to Stellenbosch Municipality in order to motivate a request for determination of a special rating area (paragraph 10 of this Policy);

(d) the annual requirements which must be followed (paragraph 11 of this Policy);

(e) the amendments and/or extension of term for a special rating area (paragraph 12 of this Policy);

(f) the dissolution requirements which must be followed (paragraph 13 of this Policy)

(g) financial arrangements (refer paragraph 14 of this Policy).

8. INSTITUTIONAL ARRANGEMENTS

Section 22 of the Property Rates Act is not prescriptive as to the structural arrangements which need to be put in place to administer a special rating area. The structural arrangement that will be considered by the municipality is the following:

8.1. Administration by a Non-Profit Company

8.1.1. Stellenbosch Municipality will require the ratepayers within the special rating area to establish and participate in an appropriate structure to carry out planning, contracting, financial control and administrative functions within the special rating area.

8.1.2. This does not entail ratepayers setting the additional rate, which under law can only be done by Stellenbosch Municipality (paragraph 14 of this Policy).

8.1.3. This places funds collected by government in the hands of the private sector, thus the requirements set out in this Policy must be met.

8.1.4. The functions of the Non-Profit Company would include:

(a) Determining the funding required each year (refer paragraph 14.2 of this Policy);

(b) Appointing contractors or service providers to effect the improvement/s or upgrade/s;

(c) Receiving the additional rate collected by Stellenbosch Municipality and expending the funds in accordance with the approved Business Plan.

8.1.5. Structural requirements of the Non-Profit company:

(a) Before Stellenbosch Municipality will consider allowing ratepayers in a special rating area to carry out administrative and other functions in relation to the area, the Steering Committee must establish a Non-Profit company (company not for gain) as per the Companies Act, Act 71 of 2008 (as amended or replaced) (“the Companies Act”) for that purpose. The provisions of the Companies Act must be complied with, particularly those relating to non-profit companies (which effectively replaced Section 21 companies as per the old Companies Act, Act 61 of 1973), subject to the transitional provisions contained therein;

(b) The founding documentation (“the Memorandum of Incorporation”) in relation to the structure established by ratepayers (this is equivalent to the Memorandum and Articles

of Association, as per the old Companies Act, Act 61 of 1973), must be as per the prescribed format determined by the CFO;

(c) The Non-Profit company must be managed under the Companies Act, and also comply with any other legislation as a result of the financial connections to Council; and

(d) The Non-Profit company must give a written notice by the most effective manner to all the property owners within the special rating area of the intention to hold an Annual General Meeting (AGM) on the date stated in the notice;

(e) A Special General Meeting ("SGM") must be called within 6 months of the establishment of the Non-Profit Company. The purpose of the SGM is to:

(i) Accept new members;

(ii) Appoint directors;

(iii) Amend the Memorandum of Incorporation if required; and

(iv) Approve the following year's Budget and Implementation Plan (refer paragraph 14.2 of this Policy).

9. APPLICATION FOR THE ESTABLISHMENT OF A SPECIAL RATING AREA

9.1. The process for establishing special rating areas as set out in Chapter 1 of the By-Law must be followed.

9.2. The special rating area application must be submitted by end of September of the financial year preceding the establishment of the special rating area.

9.3. Further to section 7.2 of the By-Law the applicant must hold another public meeting within 30 days after submitting the application to confirm that it was lodged and to discuss details with the community.

10. MOTIVATING A SPECIAL RATING AREA

The Motivation Documentation must comprise of the following:

10.1. Business Plan –

The Business Plan must clearly define and indicate all the required improvements or upgrades and must contain -

10.1.1. Introduction;

(a) an executive summary of the improvement or upgrade proposed for the special rating area as set out in the Implementation Plan;

(b) An explanation of how the proposed improvement or upgrade is linked to the geographical area of the proposed special rating area;

(c) An explanation of why the proposed special rating area will not reinforce existing inequities in the development of Stellenbosch Municipality;

(d) An explanation of how the special rating area, if instituted, will be consistent with Stellenbosch Municipality's IDP as per the Service Departments' Business Plans;

(e) An explanation of the institutional arrangements proposed in relation to the special rating area.

10.1.2. Vision;

10.1.3. Mission;

10.1.4. Goal;

10.1.5. A diagram clearly indication the boundaries of the proposed special rating area;

10.1.6. Management;

(a) Administrative policies of the Non-Profit company;

(b) Proposed management structure:

- Composition of the management body including allocation of portfolios and;
- Operational Arrangements

10.1.7. Services;

Service providers must be appointed as per paragraph 3.3(c) and 10.1.1(d) of this Policy.

10.1.8. Financial Impact;

(a) Provide details regarding the calculation of the cent-in-the-rand and as acted on the municipal valuation value of each property;

(b) Provide details of criteria to qualify for exemption of additional rate;

10.1.9. A list of all rateable properties within the proposed special rating area, contact details of owners and the value of each property as set out in the Council's municipal valuation role. Differentiation between categories of properties, as provided for in Section 8 of the Property Rates Act and used in the valuation role, must be considered;

10.1.10. Proof of the consent of the majority of the members of the local community as per paragraph 5.5 of this Policy, in the proposed special rating area who will be liable for paying the additional rate;

10.1.11. Proof of the notice of the public meeting or meetings contemplated in the By-Law;

10.1.12. Minutes of the public meeting or meetings; and

10.1.13. Compilation date.

10.2. Implementation Plan

The Implementation Plan is a schedule of goals to implement improvements or upgrades as per the motivation report and must at least address the following:

10.2.1 Milestones;

10.2.2 Tasks per milestone;

10.2.3 Start and finish date per task;

10.2.4 Assign responsibility per goal, milestone & task; and

10.2.5 Performance indicators per milestone.

10.3. Budget Plan

The Budget Plan for the proposed improvements or upgrades must at least address the following:

10.3.1 a budget line item should be set for each milestone or task and grouped in such a way that there is a clear indication how the Implementation Plan is financially structured;

10.3.2 an annual budget per line item commencing on 01 July of the first year and end on 30 June of the last year of the term; and

10.3.3 a budget split for the provision of improvements or upgrades between the different categories of properties.

11. ANNUAL REQUIREMENTS

11.1. Confirm property data base (Register of properties and owners in the special rating area);

11.2. Submit an audited financial Statement and Trail Balance as approved/accepted at a SGM called for that purpose and

11.3. Submit an annual budget and an Implementation Plan as approved at the Annual General Meeting (AGM) by 31 January (refer paragraph 14.2 of this Policy).

12. AMENDMENT AND/OR EXTENSION OF TERM

In the event that a special rating area seeks to extend the term over which it will operate or amend the goals as per its Implementation Plan, then the procedures set out in Chapter 3 of the By-Law must be followed and submitted by the end of October.

13. DISSOLUTION

The special rating area may be cancelled by resolution of the Council, subject to the provision of section 16 of the By-Law.

14. FINANCIAL CONTROL

14.1. As stated in the By-Law, the amount of any additional rate levied in a special rating area is determined by the Council. The additional rate as imposed by the Council, is debt owing to

Stellenbosch Municipality and is payable and collected in the same manner as other property rates imposed by the Council.

14.2. The management structure must recommend the annual budget amount of the additional rate to the Stellenbosch Municipality by 31 January, with appropriate motivation including an Implementation Plan and a Budget Plan for the next financial year, and the Council will consider the recommendation during its budgeting process.

14.3. Before Stellenbosch Municipality will pay over any additional rate collected to the management structure, the management structure and Stellenbosch Municipality must have concluded a written finance agreement regulating, amongst other things;

(a) the mechanisms and manner of payment;

(b) how the additional rate is to be held by the management structure;

(c) any parameters relating to expenditure; and

(d) any obligations on the management structure to take out and maintain appropriate insurance.

14.4. The financial year of the Municipality shall be deterministic and shall be applied to the Budget plan and all financial transactions.

15. COMMENCEMENT AND IMPLEMENTATION

15.1. Implementation of this Policy will commence on 01 July 2020.

15.2. Where Stellenbosch Municipality is legally empowered to do so, requirements set out in this Policy may be imposed as conditions attached to the determination of a special rating area.

15.3. This Policy and its implementation will be reviewed annually.

16. COST

Stellenbosch Municipality shall not be liable for any costs incurred by ratepayers within the relevant proposed special rating area in respect of the implementation of the steps set out in this Policy and in the By-Law.

17. SHORT TITLE

This policy is the Special Rating Area Policy of the Stellenbosch Municipality.

PREAMBLE

The Stellenbosch Municipal Council accepts and acknowledges its Constitutional duties and mandate towards the community/consumers of Stellenbosch Municipality (WC024).

Council further acknowledges that in order to deliver services in a sustainable manner, that same be managed in terms of Council's Credit Control and Debt Collection Policy having due regard of its limited financial resources and the need to manage cash flows.

Council therefore is aware of its duty to prepare financial statements that gives a true reflection of the financial position for a given period.

In order to give effect to the foregoing, the Council of Stellenbosch Municipality has adopted a policy relating to the management of irrecoverable debt as set out hereinafter.

1. Requirements before writing-off debt

All applicable actions must have been executed/implemented before any debt, owed to Stellenbosch Municipality will be considered for writing-off.

However, in special cases where all applicable actions were impossible/impractical to implement, the administration must motivate such write-off for consideration.

The abovementioned applicable actions are those as contained in the approved Credit Control and Debt Collection Policy of Stellenbosch Municipality.

2. Bad Debt Recovered

Bad debt recovered after having been written-off will be treated in terms of the Municipality's Accounting Policy.

The approval for the write-off of any debt does not mean that actions to recover the debt will be terminated. Conditionally, further actions may be instituted, depending on the costs involved. Should the debt be recovered, it will accordingly be recorded in the financial records of Stellenbosch Municipality.

3. Thresholds for writing-off of debt

3.1 The writing-off of debt per individual case may be considered as follows:

(i) Above thirty-five thousand rand (R35 000) will be effected after Council approval.

(ii) Amounting to thirty-five thousand rand (R35 000) and below may be effected after motivation to and approval by the Chief Financial Officer (CFO) or his/her delegate.

(iii) Amounting to twenty thousand rand (R20 000) and below may be effected after motivation to and approval by the Senior Manager: Revenue and Expenditure.

(iv) Amounting to ten thousand rand (R10 000) and below may be effected after motivation to and approval by the Manager Revenue.

3.2 The writing-off of any interest (or part thereof) component of debt, providing that the debt excluding the interest component, is paid in full, may be considered as follows:

(i) Above one hundred and twenty thousand rand (R120 000) will be effected after Council approval.

(ii) Amounting to one hundred and twenty thousand rand (R120 000) and below may be effected after motivation to and approval by the Chief Financial Officer (CFO).

(iii) Amounting to ten thousand rand (R10 000) and below may be effected after motivation to and approval by the Senior Manager Revenue and Expenditure or Manager Revenue.

4. Provision for irrecoverable debt

Provision for bad/irrecoverable debt will be dealt with in terms of the Municipality's Accounting Policy.

5. Rescission of Judgments

Stellenbosch Municipality will consider applications for the consent to rescission of judgments, obtained by the Stellenbosch Municipality for the recovering of debt, provided that the following conditions are applicable:

5.1 All outstanding debt accrued on all accounts of the said property have been settled in full, and

5.2 A period of at least five years has lapsed since the date of the applicable judgment, in the case where the Stellenbosch Municipality has written off any debt.

6. Short Title

This Policy is the Irrecoverable Debt Policy of the Stellenbosch Municipality.

12.	**SHORT TITLE**	**10**

1. OBJECTIVE

It is essential that representatives of this municipality from time to time travel in order to establish and maintain links and relationships with other municipalities, government bodies, and other parties, institutions and organizations operating in the sphere of local government. It should also be read together with paragraph 2 of MFMA Circular 82 of 30 March 2016 as well as the Cost Containment Regulations as far as it is applicable to travel and subsistence issues.

This policy sets out the basis for the payment of a subsistence travel allowance, hourly rate when applicable and for the purpose of such official traveling.

In the event of any conflict between a provision of this policy and the Cost Containment Policy, the latter policy shall apply.

2. TRAVEL

2.1 *Responsibilities of Representatives who travel on Business of the Municipality*

a) Every representative who travels on the business of the municipality must comply with this policy in letter and in spirit.

b) Representatives who travel on the business of the municipality must take note that their actions, conduct and statements must be in the best interest of the municipality, and they must comply with any specific mandates they have been given.

2.2 Air Travel

a) **The Accounting Officer in respect of all officials or political office bearers and the Executive Mayor in respect of the Accounting Officer only approve the purchase of economy class tickets for air travel.**

b) All flights by representatives of the municipality shall be in economy class, unless another class of travel is specifically authorized by-

(i) the executive committee, with regard to Holders of Public Office and the Municipal Manager, or

(ii) The Municipal Manager, with regard to officials and applicants for interviews

2.3 International Travel

a) International travel for any official or political office bearer can only be approved by the municipal council in a meeting open to the public with a supporting vote of the majority of the members of the municipal council present.

b) The report to council for approval of international travel must include:

(i) A motivation why the international travel is seen as critical and fully setting out the anticipated benefit that the municipality will derive from attending the event, meeting or function;
(ii) If international travel to the destination or event was previously undertaken, state what benefits if any derived from the previous attendance;
(iii) The full cost of the international travel including travel allowances and visas if applicable to be paid; and
(iv) The proposed officials and political office bearers, not exceeding three, to travel and why they have been identified.

c) The following events will not be considered critical to justify international travel whether the full cost of the travel is paid by another institution or not:

(i) Attendance of international sporting events;
(ii) Attendance of international social events;
(iii) Attendance of international party-political events;
(iv) The opening of another country's parliament or any other country's government's celebration events.

d) The accounting officer or delegated official must ensure that requirements for international travel by officials or political office bearers are not inserted into bid documents, whether it is for inspection of products at source of construction/assembly or for any other reason.

2.4 Car Rental, Travel Costs and rates

a) Only “A” or “B” category vehicles may be rented, unless it is more cost-effective to hire any other category (for example, when the number of representatives involved could justify the hire of a micro-bus).

b) Car rental must be approved as part of the travel package before the trip is embarked on. A representative who rents a vehicle whilst traveling on the business of the municipality without having received prior authorization will only be reimbursed for the cost of the vehicle rental if proof of expenditure can be produced and the representative can demonstrate that vehicle rental was reasonably but unexpectedly necessitated by the circumstances.

c) Parking and toll fee – actual cost will be reimbursed via Petty Cash after the submission of proof of expenditure.

d) If a representative has to utilize his or her personal motor vehicle, he or she will be reimbursed at the tariffs listed below. The distance to which the reimbursement applies, must be the shortest distance via tarred road between the municipality’s offices and the location where the official business is to be transacted.

- Councillors:

  Will be reimbursed in terms of the Private Column of Department Transport monthly circulars pertaining to Tariffs for the Use of Motor Transport to a maximum of R4.18 per kilometer.

- Officials with vehicle/car allowance:

  Will be reimbursed at a flat rate of R4.18 per kilometer where motor vehicles are used and R2.00 per kilometer where motor cycles are used. Where it is possible to fly to a destination, but the official prefers to drive with his own vehicle, the lower value between kilometer claim and a flight ticket will be used as basis for reimbursement.

- Officials who are in receipt of an Essential User Transportation Allowance:

  Will be reimbursed according to the official Cost Tables contained in the “Essential User Scheme: Transport Allowance” circulars of the South African Local Government Bargaining Council – Western Cape Division applicable.

- Officials without a car allowance and Members of a Committee: established in terms of applicable legislation, as per the Rate per kilometer fixed by the Minister of Finance under section 8(1) (b) (ii) and (iii) of the Income Tax Act, 1962. . If the total number of kilometers for which such reimbursement is received exceeds 8 000 in any tax year, reimbursement for the excess kilometers over 8 000 must be taxed for PAYE purposes. If the cost of any one trip exceeds that of an air ticket, the lesser amount will be paid.

The number of employees travelling to conferences or meetings on official duty for the same matter is limited to three (3) employees, unless otherwise approved in advance by the relevant Director, or Accounting Officer in the case of Directors travelling.

e) Similar to the above, the number of employees travelling by air to other centers to attend an official engagement on the same matter is also limited to three (3) employees, unless otherwise approved in advance by the relevant Director or Accounting Officer in the case of Directors travelling.

f) For the purpose of this policy, domestic travel shall mean travel within South Africa, and international travel shall mean travel to any country other than South Africa.

g) The Accounting Officer will when appropriate determine an hourly rate for the different committees serving Council.

h) Notwithstanding the above provisions, all employees must make use of shuttle services if the cost of such services is below the cost of hiring a vehicle.

3. SUBSISTENCE

3.1 Subsistence Allowance

a) A representative may claim a daily subsistence allowance as provided in this policy with the understanding that all authorized personal expenses are covered by the subsistence allowance. No further expenses, with the exception of certain business expenses (see below), may be claimed.

b) In line with SARS guidelines on Subsistence Allowances and Advances, A daily subsistence allowance will only be applicable where-

(i) The representative is obliged to spend at least one night away from his or her usual place of residence on business; R493 per day, or

(ii) The representative will be on official business for a period exceeding 12 consecutive hours per day, without having to spend a night away from his or her usual place of residence; R152 per day.

c) A representative of the municipality must claim his or her subsistence allowance, as provided in this policy before embarking on any official trip, with the exception where such claim reaches the creditors section at least three days before the trip; in which case such claim must be submitted after the event. Such a claim must be accompanied by details of the conference or workshop or emailed/faxed invitation.

d) No subsistence allowance will be paid, and no representative will be entitled to a subsistence allowance, if the trip or travel is not related to the official business of the municipality. All travel on business of the municipality must be approved as such before a representative is entitled to a subsistence allowance.

e) For the purpose of a subsistence allowance, a representative shall mean-

(i) mayor or executive mayor, as the case may be
(ii) deputy-mayor
(iii) speaker
(iv) members of the executive committee or mayoral committee, as the case may be
(v) other councillors specifically authorized to represent the municipality on a particular occasion
(vi) municipal manager
(vii) directors
(viii) any other official/representative specifically authorized to represent the municipality on a particular occasion
(ix) any official or councilor who is a member of a recognized professional institution and is granted permission to attend meetings and conferences of such institution.

f) The subsistence allowance of international travel will be the lesser of:

(i) an amount equivalent to the rates as determined by SARS, at the beginning of 1 July every year.

Or

(ii) US$190 per day where the exchange rate of ZAR is more than 5:1 in relation to the currency of the destination country; and

(iii) US$100 per day where the exchange rate of ZAR is less than, or equal to 5:1 in relation to the currency of the destination country;

4. ACCOMMODATION

4.1 Accommodation Costs

a) Overnight accommodation may only be booked where the return trip exceeds 500 kilometres.

b) Notwithstanding the provision in paragraph 4.1(a) overnight accommodation where the return trip is 500 kilometres or less, may be booked where in the view of the Accounting Officer or delegated official the limitation may be impractical and any of the following instances are present:

(i) The road or any other conditions could jeopardise the safety, health and security of officials or political office bearers;

(ii) The trips are to be undertaken over a number of consecutive days provided that a return trip is in excess of 200 kilometres;

(iii) The starting time of the meeting or event would require the official or councillor to leave his/her place of residence before 05h00 in order to be punctual.

(iv) Should the circumstances as stated in paragraph 4.1 (b)(i) – (iii) not be applicable, but an official still prefers to sleep over and not travel every day, the relevant director may approve travelling and accommodation expenses to be paid in the following manner:

- The cost of one return trip at the applicable rates stated in this policy to be claimed and reimbursed to the official, plus
- The Daily Allowance referred to in paragraph 3.1 (b) (ii) of this policy for every night the official spends away from the work place to be claimed and paid to the official and
- Accommodation paid directly to the relevant establishment equal to the monetary value of R4.50 per kilometer, the potential travel claim for every night that officials sleep over instead of travelling. In cases where more than one official was to travel together, the travel claim will be equally divided between the accommodation costs of the respective officials. Any excess accommodation costs must be borne by the official concerned.

c) Any request for overnight accommodation and/or travel must be motivated on a prescribed form and approved by the municipal manager or delegated official prior to the arrangement for overnight stay or travel.

d) The actual cost of accommodation will be borne by the municipality, subject to a maximum of 3- to 4-star rating for the accommodation itself in respect of domestic travel. Where such accommodation is available, the rate for a single room will be payable.

e) If no such accommodation is available, higher rating accommodation can be used subject to the prior approval of the Municipal Manager.

f) If a representative stays with a relative or friend, no accommodation allowance may be claimed, but the representative may claim a subsistence allowance of R493 per day.

g) The recoverable cost of accommodation for international travel may not exceed US$350 per day.

h) The municipality will at all times firstly consider accommodation where the National Treasury has negotiated discounts for rates as per MFMA circular 97. In the absence of such accommodation or failure to secure space, only then will the municipality consider accommodation outside the “NT negotiated accommodation”.

i) Notwithstanding the provisions of 4 (1) (c), the procurement of all accommodation services will be subjected to the municipality’s SCM policy and preferential procurement policy. The written approval in terms of paragraph 4.1(c) must be filed with the relevant supply chain documents for the accommodation booking.

5 CONFERENCES, MEETINGS AND STUDY TOURS

5.1 Applications for conferences, meetings and conferences, both within or outside South African borders, must be done on the prescribed form. Applications for conferences, study tours and similar events must be accompanied by a motivation that takes the under mentioned aspects into account:

a) The official’s or political office bearer’s roles and responsibilities and the anticipated benefits of the conference or event;

b) Whether the conference or event addresses relevant concerns of the institution;

c) The appropriate number of officials or political office bearers, not exceeding three, attending the conference or event;

d) The availability of funds to meet expenses related to the conference or event.

5.2 The accounting officer may consider appropriate benchmark costs with other professional bodies or regulatory bodies prior to granting approval for an official to attend a conference or event within and without the borders of South Africa.

a) Such benchmark costs may not exceed an amount as determined from time to time by the National Treasury through a notice.

b) The costs exclude costs related to travel, accommodation and related expenses, but include conference or event registration expenses and any other expenses in relation to the conference or event.

c) When considering costs for conferences or events these may not include items such as laptops, tablets or other similar tokens that are built into the price of such conferences or events.

d) The accounting officer must grant the approval for officials and in the case of political office bearers and the accounting officer, the mayor for attendance of conferences and events.

5.3 The accounting officer must ensure that meetings and planning sessions that entail the use of municipal funds are, as far as may be practically possible, held in-house.

a) Municipal or provincial office facilities must be unitized for conference, meeting, strategic planning sessions, *inter alia* where an appropriate venue exists within the municipal jurisdiction.

5.4 The municipality must, where applicable, take advantage of early registration discounts by granting the required approvals to attend the conference, event or study tour, in advance.

6. TRAVEL AND SUBSISTANCE ALLOWANCES FOR APPLICANTS INVITED FOR INTERVIEWS

(a) If an invited for an interview has to utilize his or her personal motor vehicle he or she will be reimbursed at the same rates as stipulated in paragraph 2.4 (d) of this policy. The actual cost of air travel will be reimbursed subject to the prior approval of the Municipal Manager or the Director Corporate Services.

(b) Candidates residing outside the boundaries of Stellenbosch municipality will be reimbursed for reasonable costs of travelling as provided for in this policy. Where the distance to travel and interview circumstances is such that a candidate requires accommodation, suitable accommodation may be pre-authorized by the relevant director and the candidate may be reimbursed.

(c) If a candidate is made an offer of appointment and declines the offer, no reimbursement of costs will be made.

(d) Where necessary the User Department in consultation with Human Resources will make suitable travelling and accommodation arrangements and provide budget for the costs.

7. AUTHORISATION

7.1 For purposes of implementing this policy

a) Only the Municipal Manager may authorize any travel to be undertaken by Directors, but provided the expenses to be incurred are on the approved budget of the relevant department. Claims by other officials to be authorized by directors concerned.

b) Only the Director Strategic and Corporate Services or the Municipal Manager may authorize payments to be made for persons invited for interviews, but provided that the expenses to be incurred are on the approved budget.

c) Only the Executive Mayor together with the relevant director may authorize any travel to be undertaken by Holders of Public Office, or the municipal manager, but provided the expenses to be incurred are on the approved budget of the municipality.

d) Only Directors may authorize any travel to be undertaken by employees in the respective Directorate, but provided the expenses to be incurred are on the approved budget of the municipality.

e) As far as is practically possible, authorization for the above must be obtained prior to the occasion by any representative who travels on the business of the municipality.

An invitation to attend a workshop, meeting or related event is not an automatic authorization to attend such workshop or event. The required authorization must still be obtained from the municipal manager or executive mayor, executive committee or director as the case may be.

8. COUNCIL DELEGATES

Council delegates or representatives to any conference, workshop or meeting must ensure that they arrive on time and attend until the conclusion of such event. If any representative fails to do so, the executive mayor or executive committee, the municipal manager or director as the case may be, may recover all allowances and disbursements paid to enable such delegate or representative to attend such event, provided that such delegate or representative is afforded the opportunity to submit reasons for not being able to be present from the commencement to conclusion of such event.

9. COMMITTEES ESTABLISHED AS A RESULT OF PRESCRIBED LEGISLATION

Any committee established as a result of prescriptions in relevant legislation, will for the purposes of application of this policy, qualify for an allowance equal to that paid to Holders of Public Office.

10. AUTHORITY

Any deviation from this policy for whatsoever reason must be authorized by the Municipal Manager and in the case of the Municipal Manager, the Executive Mayor will authorize.

In any instance where a delegate did not attend business as approved in accordance with this policy, any expenditure incurred by the council should be refunded by the representative. All deviations in this regard must be approved by council.

11. TRAVEL AND SUBSISTANCE ALLOWANCE CLAIM FORM

The official Travel and Subsistence Allowance claim form, as prescribed by Chief Financial Officer must be used with regard to Travel and Subsistence Allowance applications. The approved form should reach the creditors office 3 days before the intended day of departure in order for allowances to be paid to the representative timeously.

12. SHORT TITLE

This Policy will be known as the Travel and Subsistence Policy.

APPENDIX A		**12**

PREAMBLE

Whereas Section 13 of the Local Government: Municipal Finance Management Act, 2003 (No. 56 of 2003) (the Act) determines that a municipality must introduce an appropriate and effective cash management and investment arrangement;

and whereas a bank, in accordance with the provisions of Section 13 of the Act, has to disclose details regarding a municipalities' investments;

and whereas councillors and officials, as trustees of public funds have an obligation to ensure that cash resources are managed as effectively, efficiently, and economically as possible;

now therefore the Stellenbosch Municipality adopted the Cash and Investment Management Policy set out in this document.

1. LEGAL FRAMEWORK

a) Legislation – Local Government: Municipal Finance Management Act 56 of 2003 (As amended).
b) Treasury regulations in terms of Section 13(1) of the Act (As amended).

In this Policy, the terms "*the Act*" or "*MFMA*" refers to the Local Government: Municipal Finance Management Act, 2003 (No. 56 of 2003).

2. OBJECTIVES

a) To maximize returns from authorized investments, consistent with the secondary objective of minimizing risk.
b) To ensure compliance with all legislation governing the investment of funds.
c) To maintain adequate liquidity to meet cash flow needs.
d) To undertake the investment of funds not immediately required for operational purposes in a prudent financial manner.
e) To ensure diversification of permitted investment.

3. CASH MANAGEMENT

3.1 Guiding Principles

It is recognised that from time to time, Council has cash flow surpluses and borrowing requirements due to daily receipts and payments.

Council maintains a daily cash position summary and a yearly cash flow projection is prepared during the annual planning process and is updated monthly. This determines Council's borrowing requirements and surpluses for investment. Cash invested "outside" the bank account is covered by paragraph 5 of this Policy.

3.2 Bank Accounts

Council operates one primary bank account for its day to day operational activity requirements and two secondary accounts specifically for service charges and revenue derived from fines.

All monies due to Council and due by Council emanating from Council activities must pass through this primary account, therefore secondary accounts are swept daily, and all balances are transferred to the primary bank account.

3.2.1 Revenue Management

Revenue Management Section 64 of the Act clearly states that all moneys received must be promptly deposited in the Municipality's primary and other bank accounts, therefore:

- all revenue received by the Municipality, including revenue received by any collecting agent on its behalf, is recorded at least on a weekly basis.
- all monies collected by the Municipality on behalf of another organ of state must be transferred to that organ of state at least on a weekly basis.

3.2.2 Cheque Management

Cheques are printed in batch format. To prevent the removing of cheques, cheques are delivered in sealed boxes where strict control is exercised over the numerical sequence of cheques on the expenditure system by means of a cheque register.

3.2.3 Delegation/Rights

The incumbents of the following posts are authorized to sign cheques on behalf of Council:

3.2.3.1 Cheques

A-Signatories:	Chief Financial Officer
	SNR Manager: Financial Management Services
	SNR Manager: Revenue and Expenditure
	Manager: Expenditure Management
	Manager: Revenue
	SNR Manager: Supply Chain Management
	Manager: Budget and Costing
	Manager: Financial Statements, Compliance and Reporting
	Manager: Financial Asset Management
B-Signatories:	Chief Accountant: Consumer Accounts and Valuations
	Senior Accountant: Cash Management and Credit Control
	Chief Accountant: MFMA Reporting and Compliance
	Chief Accountant: Financial Statements and Reconciliations
	Chief Accountant: Asset Management
	Senior Accountant: Creditors and Payroll

Each cheque needs to be signed by at least two A-Signatories, or one A-Signatory and one B-Signatory.

3.2.3.2 Electronic Funds Transfer (EFT)

A-Signatories:	Chief Financial Officer
	SNR Manager: Financial Management Services
	SNR Manager: Revenue and Expenditure
	Manager: Expenditure
	Manager: Revenue
	SNR Manager: Supply Chain Management
	Manager: Budget and Costing
	Manager: Financial Statements, Compliance and Reporting
	Manager: Financial Asset Management
B-Signatories:	Chief Accountant: Consumer Accounts and Valuations
	Senior Accountant: Cash Management and Credit Control
	Chief Accountant: MFMA Reporting and Compliance
	Chief Accountant: Financial Statements and Reconciliations
	Chief Accountant: Asset Management
	Chief Accountant: SDBIP Monitoring and Budget Control x2
	Senior Accountant: Creditors and Payroll

Each electronic payment needs to be authorized by at least two A-Signatories, or one A-Signatory and one B-Signatory.

3.3 Bank Overdraft

3.3.1 Council made the decision to not request an overdraft facility with its primary banker. as the general policy is to avoid going into overdraft.

In the instance that short-term debt is incurred based on expected income it must be repaid within the same financial year. (Section 45 of the MFMA)

3.3.2 Any overdrawn bank account at any date must be reported without avail to Council supported by reasons therefore.

3.3.3 Any short-term facility that requires review must first be approved by the Accounting Officer.

4. CASH MANAGEMENT PROCEDURES

4.1 Internal Controls

The supervisor and/or Accountant do a monthly audit on the cashier floats, manual receipt books and the compilation of daily cash-up and banking documents.

4.2 Issuing of Receipts

The cashier will only issue an official enumerated receipt when a client pays his/her municipal account in full or partially.

4.3 Cancellation of Receipts

An official enumerated receipt will only be cancelled whilst the client is still at the cash office and only for the following reasons;

a) cashier made an error.
b) client made an error.

The cashier will re-issue a correct receipt and the cancelled receipt will be signed by the incumbent and the supervisor. In cases where the client wants his money back a prescribed official document must be completed and signed by the Client, Cashier and the Supervisor stating the reason(s) for cancelation.

4.4 Cash Balancing

After the end of each shift, the cashier will count the monies received, and do a daily end of day cashier procedure. The supervisor will then re-count the money to ensure that the cashier's daily takings balances with the supervisor's end-of-day totals. The cashier will do a final end-of-day procedure when he/she balances, and the supervisor will do a receipting end of day shut-down procedure.

4.4.1 Cashier surplus and shortage

If the cashier is short, he/she will then pay the monies in immediately. If there is a surplus the cashier will receipt the surplus on the same day. Management discretion can be used should there be substantial evidence and motivation that it was out of the control of a cashier to avoid a shortage the Manager can exonerate the cashier from paying the shortfall and in such an instance the shortage should be allocated to an expense line item.

4.4.2 Cashier resources

The Cashier will be supplied with the necessary tools and equipment to perform a proper cashier function. (E.g. Ultra violet lights, etc.)

4.5 Deposit Books

Each cashier has an enumerated deposit book, as each pay point has a number. The Senior Clerk: Cashier orders books from the bank when needed.

4.6 Other payment methods

4.6.1 Direct Deposits and ACB

Direct deposits can be made into Municipal bank account via the Internet or by deposit slip via their bank, using the applicable Municipal account number as reference. This information is extracted and uploaded on a daily basis from the bank and is then credited against the client's accounts. Accounts are also paid by means of a debit order (ACB) payment.

4.6.2 3rd Party

Payments can be made at any EasyPay and Pay@ pay points. This information is extracted and uploaded on a daily basis from EasyPay and Pay@ and credited against the client's accounts.

4.6.3 Cheque Deposit (Only bank guaranteed cheques will be accepted)

The cashier will issue an official enumerated receipt when a client pays his/her Municipal account with a bank guaranteed cheque. Bank guaranteed cheques that are dropped into the cheque deposit box at the Municipal office are taken out of the box on a daily basis, receipted by the cashier and the receipt is posted to client on request.

4.6.4 Mailed Bank Guaranteed Cheques

Bank guaranteed cheques attached to the Municipal account are collected from the post office on a daily basis and is recorded in a register at the Records department. It is then collected by the Supervisor: Cashiers who will write all the bank guaranteed cheques up in a register. The supervisor will hand it to the cashier to be receipted and the receipt details will be entered in the register.

4.6.5 Returned Cheques and Debit Orders

If cheques and debit orders are returned and marked as "Refer to Drawer", the full balance will immediately become payable.

4.6.5.1 The cost that is payable by the consumer must be equal to the prescribed fee that has been approved by Council in all cases where a cheque bears the status of "Refer to Drawer".

4.6.5.2 Bank charges in this regard will be payable by the consumer. In the event of a customer having tendered a "refer to drawer cheque" for the second time, no further cheques will be accepted from him/her, excluding bank guarantee cheques.

4.6.5.3 A cashier must not accept a cheque that was issued by a Consumer in the event the cheque bears the status as a post-dated cheque, altered and/or an unsigned cheque. In the event this occurs and notwithstanding the aforementioned provisions, all bank charges that would arise and be incurred by Stellenbosch Municipality will then be

recovered from the said cashier. The cashier will be required to pay back the bank costs as approved by Council within 24 hours for recovery of the said amount.

4.6.6 Private Money

No Municipal employee is allowed to:

- Use Council's cash funds at any stage to be replaced at a later stage.
- Use his/her own money as cashier float.
- Change a Municipal official's cheque for cash.
- Safeguard private money amongst Council's cash (e.g. Cashier drawers, petty cash boxes, safes etc.)

5. INVESTMENTS

5.1 Guiding Principles

Generally, Council will invest surplus funds with deposit taking institutions registered in terms of the Bank's Act, 1990 (Act 94 of 1990) for terms not exceeding one year in anticipation of cash flow expectations. From time to time, with prior Executive Mayoral Committee approval, investments can exceed 1 [one] year and be made at other institutions/instruments as approved in the National Treasury regulations from time to time.

5.2 Permitted Investments

The Account Officer must ensure that only the following investment types are utilized in terms of Section 6 of the Municipal Investment Regulations (No. R. 308) dated 1 April 2005:

a) Securities issued by national government.
b) Listed corporate bonds with an investment grade rating from a recognized credit rating agency.
c) Deposits with banks registered in terms of the Banks Act (Act 45 of 1984).
d) Deposits with the Public Investment Commissioners.
e) Deposits with the Corporation for Public Deposits.
f) Banker's acceptance certificate or negotiable certificates of deposits of registered banks.
g) Guaranteed endowment policies with the intention of establishing a sinking fund.
h) Repurchase agreements with registered banks.
i) Municipal bonds issued by a municipality.
j) Any other investment type as identified by the Minister of Finance in consultation with the Financial Services Board.

5.3 Diversification

Council will only make investments, as prescribed by Section 6 of the Municipal Investment Regulations, with approved institutions which have a rating as defined per Appendix A. Excluding investments made per Executive Mayoral Committee resolution not more than 50% of available funds will be placed with a single institution. The discretion of management should be used when investing funds into the institution quoting the highest rate versus diversification of investment portfolio. Should the difference between the investment quotes be minimal, a decision can be made to invest in the lower quote for the diversification of investment portfolios.

5.4 Investment Managers

5.4.1 In the event of the appointment of an external Investment Managers

Where the above means a natural person or legal entity that is a portfolio manager registered in terms of the Financial Markets Control Act, 1989 (Act 55 of 1989), and Stock Exchanges Control Act, 1985 (Act 1 of 1985), contracted by a municipality or municipal entity to-

a) advise it on investments;
b) manage investments on its behalf; or
c) advise it on investments and manage investments on its behalf.

The External Investment Manager will be appointed in terms of Supply Chain Management Policy and a service level agreement will govern the functions and responsibility of the service provider. All investments made by the External Investment Manager on behalf of the Council of Stellenbosch Municipality must be made within the ambit of this Policy and with National Treasury's investment regulations.

5.5 Internal Controls Over Investments

5.5.1 Delegations

5.5.1.1 In terms of Section 60(2) of the Local Government: Municipal Systems Act, (Act 32 of 2000) (the MSA), the Council may only delegate to the Municipal Manager (MM) the power to make decisions on investments on behalf of the Municipality.

5.5.1.2 In terms of section 79 of the Act, the Accounting Officer has delegated to the Chief Financial Officer (CFO), in writing, his duty under section 65(2) (h) to manage the Council's available working capital effectively and economically in terms of the prescribed cash management and investment framework.

5.5.2 Obtaining quotations and concluding deals

Request are emailed to all approved institutions the day before, or the morning thereof a cut-off is requested to ensure timeous processing of transactions. Quotes are captured on the decision report rates are compared and chosen in terms of the policy. Writing mandates, signed by the CFO and MM, shall be issued to all investees with whom the Council of Stellenbosch Municipality invests funds setting out the following:

5.5.2.1 Authorised dealers: name and particulars of the Council's officials who are authorised to transact investments deals with the investees;

5.5.2.2 Authorised signatories: name and particulars of the Council's officials who are authorised to sign written confirmations or any other correspondence in respect of investments transactions.

5.5.2.3 A dealing sheet, signed by an authorised dealer, shall be prepared in all instances for each individual investment, detailing the quotations received and the recommended investee. The CFO shall advice the MM to approve the transaction.

A written confirmation of the terms of each investment transaction shall be prepared, and signed off by the CFO and MM.

5.5.3 A monthly investment register should be kept of all investments made. The following information must be recorded:-

- name of institution;
- capital invested;
- date invested;
- interest rate;
- maturation date;
- interest received;
- Investment balance;
- total withdrawal amount;
- total interest earned.

5.5.3.1 The investment register and accounting records must be reconciled on a monthly basis.

6. OWNERSHIP

All investments must be made in the name of the Council of Stellenbosch Municipality.

Written proof of investments made must obtained from the institution where the investment is made and must be kept on file.

7. DUE CARE

In dealing with financial institutions, the following ethical principles must be observed:

7.1 The Chief Financial Officer and all staff in his/her directorate shall not accede to any influence by or interference from Councillors, investment agents, institutions, or any other outsiders;

7.2 Under no circumstances may inducements to invest be accepted;

7.3 Interest rates quoted by one institution must not be disclosed to another institution; and

7.4 The business ethics of any controlling body of which the relevant financial institution is a member must be observed by such institution or body at all times.

8. PERFORMANCE MEASUREMENT

Measuring the effectiveness of Council's treasury activities is achieved through a mixture of subjective measures. The predominant subjective measure is the overall quality of treasury management information. The Chief Financial Officer has primary responsibility for determining this overall quality.

Objective measures include: -

(a) Adherence to policy.

(b) Timely receipt of interest income.

9. REPORTING

9.1 Reports

The following reports are produced:

REPORT NAME	FREQUENCY	PREPARED BY	RECIPIENT
Bank Balance report	Daily	Senior Clerk: Electronic Payments	Chief Finance Officer
Investments	Monthly	Chief Accountant: Financial Statements and Reconciliations	Manager: Financial Statements and Reporting

10. ANNUAL REVIEW OF POLICY

This Policy will be reviewed annually or earlier if so required by legislation.

Any changes to this Policy must be adopted by Council and be consistent with the applicable Acts and any National Treasury Regulations.

11. EFFECTIVE DATE

The effective date of this Policy is 1 July 2020 and will be reviewed on an annual basis to ensure that it is in line with the Municipality's strategic objectives and with legislation.

12. SHORT TITLE

This Policy is the Cash Management and Investments Policy of the Stellenbosch Municipality.

APPENDIX A

LONG-TERM RATINGS - FITCH

AAA - Obligations which have the highest rating assigned by Fitch IBCA on its national rating scale for that country. This rating is automatically assigned to all obligations issued or guaranteed by the sovereign state. Capacity for timely repayment of principal and interest is extremely strong, relative to other obligors in the same country.

AA - Obligations for which capacity for timely repayment of principal and interest is very strong relative to other obligors in the same country. The risk attached to these obligations differs only slightly from the country's highest rated debt.

A - Obligations for which capacity for timely repayment of principal and interest is strong relative to other obligors in the same country. However, adverse changes in business economic or financial conditions are more likely to affect the capacity for timely repayment than for obligations in higher rated categories.

SHORT-TERM RATINGS - FITCH

F1 – Obligations assigned this rating have the highest capacity for timely repayment under Fitch Ratings Ltd national rating scale for that country, relative to other obligations in the same country. This rating is automatically assigned to all obligations issued or guaranteed by the sovereign state. Where issues possess a particularly strong credit feature, a "+" is added to the assigned rating.

F2 – Obligations supported by a strong capacity for timely repayment relative to other obligors in the same country. However, the relative degree of risk is slightly higher than for issues classified as 'A1′ and capacity for timely repayment may be susceptible to adverse changes in business, economic or financial conditions.

F3 – Obligations supported by an adequate capacity for timely repayment relative to other obligors in the same country. Such capacity is more susceptible to adverse changes in business, economic, or financial conditions than for obligations in higher categories.

LONG-TERM RATINGS – MOODY'S

AAA – Obligations rated "AAA" have the highest rating assigned by Moody's -Ratings. The capacity of the issuer to pay interest and repay capital is extremely strong, relative to other South African obligors.

AA – Indicates very strong capacity of the issuer to pay interest and repay capital relative to other South African obligors.

A – Indicates strong capacity of the issuer to pay interest and repay capital, relative to other South African obligors, although it is slightly more susceptible to adverse changes in economic conditions and circumstances than debt in categories rated higher.

SHORT-TERM RATINGS – MOODY'S

A-1 – Indicates that the degree of safety regarding timely payment is either overwhelming or very strong, relative to other South African obligors. Issues determined to possess overwhelming safety characteristics are denoted with a plus (+) sign designation.

A-2 – Indicates that capacity for timely payment on issues with this designation is strong, relative to other South African obligors.

A-3 – Indicates satisfactory capacity for timely payment, relative to other South African obligors. They are, however, somewhat more vulnerable to the adverse effects of changes in circumstances than obligations carrying the higher designations.

55. Right of appeal

56. Notification of bid decisions

57. Unsuccessful bidder debriefing

58. Condonation of Policy contraventions

59. Short title

Definitions

1.1. In this Policy, unless the context otherwise indicates, a word or expression to which a meaning has been assigned in the Act has the same meaning as in the Act, and

1.1.1. **"Act"** means the Municipal Finance Management Act, No. 56 of 2003;

1.1.2. **"Bid"** means a written offer in a prescribed or stipulated form in response to an invitation by the municipality for the provision of goods, services or construction works through price quotations, advertised competitive bidding process or proposals;

1.1.3. **"Bidder"** means any person submitting a competitive bid or a quotation;

1.1.4. **"Closing time"** means the time and day specified in the bid documents for the receipt of bids;

1.1.5. **"Competitive bidding process"** means a competitive bidding process referred to in paragraph 12(1)(e) of this Policy;

1.1.6. **"Competitive bid"** means a bid in terms of a competitive bidding process;

1.1.7. **"Contract"** means the agreement which is concluded when the municipality accepts, in writing, a competitive bid or quotation submitted by a supplier;

1.1.8. **"Contract manager"** means an official of the Municipality who is responsible for the planning for the planning and execution of a transaction involving the procurement of goods, services or works;

1.1.9. **"Contractor"** means any person or entity whose competitive bid or quotation has been accepted by the municipality;

1.1.10. **"Delegated authority"** means any person or committee delegated with authority by the municipality in terms of the provisions of the Municipal Finance Management Act;

1.1.11. **"Department"** means a section within a specific directorate in terms of the municipal organigram;

1.1.12. **"Electronic format"** means a bid submitted by a bidder via email or made available through a cloud storage services;

1.1.13. "**Emergency dispensation"** means emergency as referred to in paragraph 36(1)(a)(i) of this policy under which one or more of the following is in existence that warrants an emergency dispensation;

(a) The possibility of human injury or death;

(b) The prevalence of human suffering or deprivation of rights;

(c) The possibility of damage to property, or suffering and death of livestock and animals;

(d) The interruption of essential services, including transportation and communication facilities or support services critical to the effective functioning of the municipality as a whole;

(e) The possibility of serious damage occurring to the natural environment;

(f) The possibility that failure to take necessary action may result in the municipality not being able to render an essential community service;

(g) The possibility that the security of the state could be compromised; or

(h) The prevailing situation, or imminent danger, should be of such a scale and nature that it could not readily be alleviated by interim measures, in order to allow time for the formal procurement process. Emergency dispensation shall not be granted in respect of circumstances other than those contemplated above.

1.1.14. **"Final award"**, in relation to bids or quotations submitted for a contract, means the final decision on which a bid or quote is accepted;

1.1.15. **"Formal written price quotation"** means quotations referred to in paragraph 12 (1) (d) of this Policy;

1.1.16. **"Green procurement"** means the procurement of environmentally friendly products and services;

1.1.17. **"in the service of the state"** means to be –

(a) A member of –

(i) Any municipal council;

(ii) Any provincial legislature; or

(iii) The National Assembly or the National Council of Provinces;

(b) A member of the board of directors of any municipal entity;

(c) An official of any municipality or municipal entity;

(d) An employee of any national or provincial department, national or provincial public entity or constitutional institution within the meaning of the public Finance Management Act, 1999 (Act No.1 of 1999);

(e) A member of the accounting authority of any national or provincial public entity; or

(f) An employee of Parliament or a provincial legislature;

1.1.18. **"Long term contract"** means a contract with a duration period exceeding one year and does not have the same meaning as contracts of a long term nature referred to in paragraph 22(1)(b)(i)) of this policy;

1.1.19. **"Long term nature contract"** means a contract as defined by section 33(1) of the Municipal Finance Management Act imposing financial obligations on the Municipality beyond the first three years covered in the approved annual budget;

1.1.20. **"List of accredited prospective providers"** means the list of accredited prospective providers in terms of Central Supplier Database (CSD) of National Treasury;

1.1.21. **"Other applicable legislation"** means any other legislation applicable to municipal supply chain management, including but not limited to the following –

(a) The Preferential Procurement Policy Framework Act;

(b) The Broad-Based Black Economic Empowerment Act; ~~and~~

(c) The Construction Industry Development Board Act;

(d) The Local Government: Municipal Systems Act;

(e) The Competition Act; and

(f) The Promotion of Administrative Justice Act.

1.1.22. **"Policy"** means the Supply Chain Management Policy of Stellenbosch municipality as amended from time to time;

1.1.23. "**Parent municipality"** has the meaning assigned to it in section 1 of the Municipal Systems Act;

1.1.24. **"Petty Cash",** means the procurement of goods and services through the supply chain management requisition and order system by means of one verbal and written quotation below a determined amount in relation with the Petty Cash Policy;

1.1.25. **"Single source":** refers to when the competition exist in the market, but from a selected few suppliers due to technical capabilities and abilities comply with the requirements of the municipality;

1.1.26. **"Sole Supplier:"** It refers in instances where there is no competition and only one service provider exist in the market, with sole distribution rights and/or patent rights or manufacturer;

1.1.27. **"Strip and quote:"** When the repairs and maintenance on our machines, vehicles are done by one supplier and/or strip-and-quote, for example a municipal vehicle that needs repairs enters the workshop, however to do the repairs, the vehicle has to be send to a supplier that determines what repairs should be done;

1.1.28. **"Supplier database"** means the list of accredited prospective providers which the municipality or municipal entity must keep in terms of the Regulation 14 of the Supply Chain Management Regulations;

1.1.29. **"Treasury guidelines"** means any guidelines on supply chain management issued by the Minister in terms of section 168 of the Act;

1.1.30. **"Trust"** means the agreement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person;

1.1.31. **"Trustee"** means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person;

1.1.32. **"The Act"** means the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003);

1.1.33. **"The Regulations"** means the Local Government: Municipal Finance Management Act, 2003, Municipal Supply Chain Management Regulations published by Government Notice 868 of 2005;

1.1.34. **"The PPPF Regulations"** means Preferential Procurement Policy Regulations, 2017 Published under Government Notice R32 in Government Gazette 40553 of 20 January 2017; and

1.1.35. **"Written or verbal quotations"** means quotations referred to in paragraph 12(1)(b) & (c) of this Policy.

1.1.36. **"Unconditional Award" means an award made by the delegated authority and whereby any person or supplier who intended to appeal should approach the Court**

CHAPTER 1

IMPLEMENTATION OF SUPPLY CHAIN MANAGEMENT POLICY

2. SUPPLY CHAIN MANAGEMENT POLICY

(1) All officials and other role players in the supply chain management system of the Stellenbosch Municipality must implement this Policy in a way that –

(a) Gives effect to –

(i) Section 217 of the Constitution; and

(ii) Part 1 of Chapter 11 and other applicable provisions of the Act;

(b) Is fair, equitable, transparent, competitive and cost effective;

(c) Complies with –

(i) The Regulations; and

(ii) Any minimum norms and standards that may be prescribed in terms of section 168 of the Act;

(d) Is consistent with other applicable legislation;

(e) Does not undermine the objective for uniformity in supply chain management systems between organs of state in all spheres; and

(f) Is consistent with national economic policy concerning the promotion of investments and doing business with the public sector.

(2) The municipal entity must, in addition to complying with subparagraph (1), apply this Policy, to the extent determined by the parent municipality, in a way that is consistent with the supply chain management policy of the parent municipality.

(3) This Policy applies when the Stellenbosch Municipality –

(a) Procures goods or services;

(b) Disposes goods no longer needed;

(c) Selects contractors to provide assistance in the provision of municipal services otherwise than in circumstances where Chapter 8 of the Municipal Systems Act applies; or

(d) Selects external mechanisms referred to in section 80(1)(b) of the Municipal Systems Act for the provision of municipal services in circumstances contemplated in section 83 of that Act.

(4) This Policy, except where provided otherwise, does not apply in respect of the procurement of goods and services contemplated in section 110(2) of the Act,

including –

(a) Water from the Department of Water Affairs or a public entity, another municipality or a municipal entity; and

(b) Electricity from Eskom or another public entity, another municipality or a municipal entity.

3. AMENDMENT OF THE SUPPLY CHAIN MANAGEMENT POLICY

(1) The Accounting Officer must –

(a) At least annually review the implementation of this Policy; and

(b) When the Accounting Officer considers it necessary, submit proposals for the amendment of this Policy to the Stellenbosch Council.

(2) If the Accounting Officer submits proposed amendments to the Stellenbosch Council that differs from the model policy issued by the National Treasury, the Accounting Officer must -

(a) Ensure that such proposed amendments comply with the Regulations; and

(b) Report any deviation from the model policy to the National Treasury and the relevant provincial treasury.

(3) When amending this supply chain management policy, the need for uniformity in supply chain practices, procedures and forms between organs of state in all spheres, particularly to promote accessibility of supply chain management systems for small businesses must be taken into account.

4. DELEGATION OF SUPPLY CHAIN MANAGEMENT POWERS AND DUTIES

(1) The Stellenbosch Council hereby delegates all powers and duties to the Accounting Officer, which are necessary to enable the Accounting Officer –

(a) To discharge the supply chain management responsibilities conferred on Accounting Officers in terms of –

(i) Chapter 8 or 10 of the Act; and

(ii) This Policy;

(b) To maximize administrative and operational efficiency in the implementation of this Policy;

(c) To enforce reasonable cost-effective measures for the prevention of fraud, corruption, favouritism and unfair and irregular practices in the implementation of this Policy; and

(d) To comply with his or her responsibilities in terms of section 115 and other applicable provisions of the Act.

(2) Sections 79 and 106 of the Act apply to the sub-delegation of powers and duties delegated to an Accounting Officer in terms of subparagraph (1).

(3) The Accounting Officer may not sub-delegate any supply chain management powers or duties to a person who is not an official of Stellenbosch Municipality or to a committee, which is not exclusively composed of officials of the Stellenbosch Municipality.

(4) This paragraph may not be read as permitting an official, to whom the power to make final awards has been delegated, to make a final award in a competitive bidding process otherwise than through the committee system provided for in paragraph 26 of this Policy.

5. SUB-DELEGATIONS

(1) The Accounting Officer may in terms of section 79 or 106 of the Act sub-delegate any supply chain management powers and duties, including those delegated to the Accounting Officer in terms of this Policy, but any such sub-delegation must be consistent with subparagraph (2) of this paragraph and paragraph 4 of this Policy**.**

(2) The power to make a final award –

(a) Above R 10 million (VAT included) may not be sub-delegated by the Accounting Officer;

(b) Above R 200,000 (VAT included), but not exceeding R 10 million (VAT included), may be sub-delegated but only to –

(i) The Bid Adjudication Committee of which the Chief Financial Officer or a senior manager is a member; or

(ii) Accounting Officer of the municipality, after due consideration of all facts was done; and

(c) Below R 200,000 (VAT included) to be disposed by delegated official according approved delegatory power and functions issued by Accounting Officer.

(3) The Bid Adjudication Committee to which the power to make final awards has been sub-delegated in accordance with subparagraph (2) must within five days of the end of each month submit to the official referred to in subparagraph (4) a written report containing particulars of each final award made by such official or committee during that month, including –

(a) The amount of the award;

(b) The name of the person to whom the award was made; and

(c) The reason why the award was made to that person.

(4) A written report referred to in subparagraph (3) must be submitted –

(a) To the Accounting Officer, in the case of an award by –

(i) The Bid Adjudication Committee of which the Chief Financial Officer or a senior manager is a member; or

(b) To the Chief Financial Officer or the senior manager responsible for the relevant bid, in the case of an award by –

(i) The Bid Adjudication Committee of which the Chief Financial Officer or a senior manager is not a member.

(5) Subparagraphs (3) and (4) of this policy do not apply to procurements out of petty cash.

(6) This paragraph may not be interpreted as permitting an official to whom the power to make final awards has been sub-delegated, to make a final award in a competitive bidding process otherwise than through the committee system provided for in paragraph 26 of this Policy.

(7) No supply chain management decision-making powers may be delegated to an advisor or consultant.

6. OVERSIGHT ROLE OF COUNCIL

(1) The Stellenbosch Council reserves its right to maintain oversight over the implementation of this Policy.

(2) For the purposes of such oversight the Accounting Officer must –

(i) Within 30 days of the end of each financial year, submit a report on the implementation of this Policy and the supply chain management policy of any municipal entity under the sole or shared control of the municipality, to the council of the municipality; and

(ii) Whenever there are serious and material problems in the implementation of this Policy, immediately submit a report to Council.

(3) The Accounting Officer must, within 10 days of the end of each quarter, submit a report on the implementation of the supply chain management policy to the Executive Mayor.

(4) The reports must be made public in accordance with section 21A of the Municipal Systems Act.

7. SUPPLY CHAIN MANAGEMENT UNIT

(1) A supply chain management unit is hereby established to implement this

Policy.

(2) The supply chain management unit operates under the direct supervision of the Chief Financial Officer or an official to whom this duty has been delegated in terms of section 82 of the Act.

8. TRAINING OF SUPPLY CHAIN MANAGEMENT OFFICIALS

(1) The training of officials involved in implementing this Policy should be in accordance with any Treasury guidelines on supply chain management training.

CHAPTER 2

SUPPLY CHAIN MANAGEMENT SYSTEM

9. FORMAT OF SUPPLY CHAIN MANAGEMENT SYSTEM

(1) This Policy provides systems for –

(i) Demand Management;

(ii) Acquisition Management;

(iii) Logistics Management;

(iv) Disposal Management;

(v) Risk Management; and

(vi) Performance Management.

PART 1: DEMAND MANAGEMENT

10. SYSTEM OF DEMAND MANAGEMENT)

(1) The Accounting Officer must establish and implement an appropriate demand management system in order to ensure that the resources required by Stellenbosch Municipality support its operational commitments and its strategic goals outlined in the Integrated Development Plan.

(2) The demand management system must –

(a) Include timely planning and management processes to ensure that all goods and services required by Stellenbosch Municipality are quantified, budgeted for and timely and effectively delivered at the right locations and at the critical delivery dates, and are of the appropriate quality and quantity at a fair cost;

(b) Take into account any benefits of economies of scale that may be derived in the case of acquisitions of a repetitive nature;

(c) Provide for the compilation of the required specifications to ensure that its needs are met; and

(d) To undertake appropriate industry analysis and research to ensure that innovations and technological benefits are maximized.

(3) Green procurement must be incorporated as far as reasonably possible for all specifications of goods, services and construction works.

(4) In the development of bid specifications, innovative mechanisms should be explored to render the service or product more resource and energy efficient.

PART 2: ACQUISITION MANAGEMENT

11. SYSTEM OF ACQUISITION MANAGEMENT

(1) The Accounting Officer must implement the system of acquisition management set out in this Part to ensure –

(a) That goods and services are procured by Stellenbosch Municipality in accordance with authorised processes only;

(b) That expenditure on goods and services is incurred in terms of an approved budget in terms of section 15 of the Act;

(c) That the threshold values for the different procurement processes are complied with;

(d) That bid documentation, evaluation and adjudication criteria, and general conditions of a contract, are in accordance with any applicable legislation; and

(e) That any Treasury guidelines on acquisition management are properly considered.

(2) Unless otherwise indicated in the bid documents, the Municipality shall not be liable for any expenses incurred by prospective bidders in the preparation and / or submission of a bid or quotation.

12. RANGE OF PROCUREMENT PROCESSES

(1) Goods and / or services may only be procured by way of –

(a) Cash purchases administered by the Expenditure Division up to a transaction value as defined in Council's Petty Cash Policy;

(b) Petty cash purchases through one verbal request and or verbal /written quotation for the procurement of goods through the supply chain management requisition and order system of a transaction value between R 0 and R 2,000 (VAT included);

(c) Written or verbal quotations for procurement of goods and/or services of a transaction value between R 2,000 and R 10,000 (VAT included);

(d) Formal written quotations for procurement of goods and/or services of a transaction value between R 10,000 and R 200,000;

(e) Procurements above a transaction value of R 200,000 (VAT included); and

(f) The procurement of long-term contracts.

(2) The Accounting Officer may, in writing-

(a) Lower, but not increase, the different threshold values specified in subparagraph (1); or

(b) Direct that –

(i) Written quotations are obtained for any specific procurement of a transaction value lower than R 2,000;

(ii) Written price quotations be obtained for any specific procurement of a transaction value lower than R 10,000; or

(iii) A competitive bidding process be followed for any specific procurement of a transaction value higher than R 200,000.

.

(3) Goods or services may not deliberately be split into parts or items of a lesser value merely to avoid complying with the requirements of the policy. When determining transaction values, a requirement for goods or services consisting of different parts or items must as far as possible be treated and dealt with as a single transaction.

13. GENERAL PRECONDITIONS FOR CONSIDERATION OF WRITTEN QUOTATIONS OR BIDS

(1) A written quotation or bid may not be considered unless the provider who submitted the quotation or bid –

(a) Has furnished that provider's –

(i) Full name;

(ii) Identification number or company or other registration number; and

(iii) Tax reference number and VAT registration number, if any;

(b) Has authorised the Stellenbosch Municipality to obtain a tax clearance by means of the Tax Compliance Status Pin from, from the South African Revenue Services and Central Supplier Database Number (CSD) that the provider's tax matters are in order; and

(c) Has indicated –

(i) Whether he or she is in the service of the state, or has been in the service of the state in the previous twelve months;

(ii) If the provider is not a natural person, whether any of its directors, managers, principal shareholders, or stakeholder is in the service of the state, or has been in the service of the state in the previous twelve months; or

(iii) Whether a spouse, child or parent of the provider or of a director, manager, shareholder or stakeholder referred to in sub-paragraph (ii) is in the service of the state or has been in the service of the state in the previous twelve months.

14. LISTS OF ACCREDITED PROSPECTIVE PROVIDERS

(1) The Accounting Officer must –

(a) Keep a list of accredited prospective providers of goods and services that must be used for the procurement requirements through written or verbal quotations and formal written price quotations;

(b) At least once a year through newspapers commonly circulating locally, the website and any other appropriate ways, invite prospective providers of goods or services to apply for evaluation and listing as accredited prospective providers;

(c) Specify the listing criteria for accredited prospective providers as stated within the database registration forms; and

(d) Disallow the listing of any prospective provider whose name appears on the National Treasury's database as a person prohibited from doing business with the public sector.

(2) The list must be updated at least quarterly to include any additional prospective providers and any new commodities or types of services.
Prospective providers must be allowed to submit applications for listing at any time.

(3) The list must be compiled per commodity and per type of service.

(4) Stellenbosch Municipality make use of Central Suppliers Database as the official database of the Municipality.

15. PETTY CASH PURCHASES

(1) The Accounting Officer must establish the conditions for the procurement of goods by means of cash purchases and petty cash purchases referred to in paragraph 12(1)(a) and (b) of this Policy, which must include conditions –

(a) determining the terms on which a manager may delegate responsibility for cash purchases and petty cash purchases to an official reporting to the manager;

(b) limiting the maximum number of cash purchases and petty cash purchases or the maximum amounts per month for each manager;

(c) excluding any types of expenditure from cash purchases and petty cash purchases, where this is considered necessary;

(d) requiring a monthly reconciliation report from each manager to the

Chief Financial Officer, including –

(i) the total amount of cash purchases and petty cash purchases for that month; and
(ii) receipts and appropriate documents for each purchase; and

(e) any other conditions determined by the Chief Financial Officer.

(2) Cash purchases will be dealt with in terms of the Petty Cash Policy of Council.

(3) Petty cash purchases will be dealt with in terms of the Supply Chain Management Policy of Council.

16. WRITTEN OR VERBAL QUOTATIONS

(1) The conditions for the procurement of goods or services through written or verbal quotations are as follows –

Quotations must be obtained from at least three different providers preferably from, but not limited to, providers whose names appear on the list of accredited prospective providers of the Stellenbosch Municipality, provided that if quotations are obtained from providers who are not listed, such providers must meet the listing criteria set out in paragraph 13 of this Policy;

(b) Where no suitable providers are available from the list of accredited prospective providers, quotations may be obtained from other possible providers;

(c) To the extent feasible, providers must be requested to submit such quotations in writing;

(d) If it is not possible to obtain at least three quotations, the reasons must be recorded and reported quarterly to the Accounting Officer or another official designated by the Accounting Officer;

(e) The Accounting Officer must record the names of the potential providers requested to provide such quotations with their quoted prices; and

(f) If a quotation was submitted verbally, the order may be placed only against written confirmation by the selected provider.

17. FORMAL WRITTEN PRICE QUOTATIONS

(1) The conditions for the procurement of goods or services through formal written price quotations are as follows: -

(a) Quotations must be obtained in writing from at least three different providers whose names appear on the list of accredited prospective providers of the Stellenbosch Municipality. Quotations may be obtained from providers who are not listed, provided that such providers meet the listing criteria set out in paragraph 13 of this Policy;

(b) Where no suitable providers are available from the list of accredited prospective providers, quotations may be obtained from other possible providers not registered on the municipal supplier database;

(c) If it is not possible to obtain at least three quotations, the reasons must be recorded and approved by the Chief Financial Officer or an official designated by the Chief Financial Officer;

(d) The Accounting Officer must record the names of the potential providers and their written quotations; and

(e) For the obtaining of quotations for services, Stellenbosch Municipality will utilize their notice boards.

(2) A designated official referred to in subparagraph (1)(c) must within three days of the end of each month report to the Chief Financial Officer on any approvals given during that month by that official in terms of that subparagraph.

18. PROCEDURES FOR PROCURING GOODS OR SERVICES THROUGH WRITTEN OR VERBAL QUOTATIONS AND FORMAL WRITTEN PRICE QUOTATIONS

(1) The procedure for the procurement of goods or services through written or verbal quotations or formal written price quotations is as follows –

(a) When using the list of accredited prospective providers the Accounting Officer must promote on-going competition amongst providers by inviting providers to submit quotations on a rotation basis;

(b) Where no suitable providers are available from the list of accredited prospective providers, quotations may be obtained from other possible providers not registered on the municipal supplier database;

i. All requirements in excess of R 30,000 (VAT included) that are to be

procured by means of formal written price quotations must, in addition to the requirements of paragraph 17, be advertised for at least seven days on the website and an official notice board of the Stellenbosch Municipality;

ii. The municipality will follow a preferred bidding process in the event that the market did not respond in terms of the sourcing of quotations on the website for seven (7) days and if no responsive bids was received.

(c) Offers received must be evaluated on a comparative basis taking into account unconditional discounts;

(d) The Accounting Officer or Chief Financial Officer must on a monthly basis be notified in writing of all written or verbal quotations and formal written price quotations accepted by an official acting in terms of a sub-delegation;

(e) Offers below R 30,000 (VAT included) must be awarded based on compliance to specification and conditions of contract, ability and capability to deliver the goods and services and lowest price;

(f) Acceptable offers, which are subject to the preference points system (PPPFA and associated regulations), must be awarded to the bidder who scored the highest points; and

(g) Stellenbosch Municipality will maintain a proper record keeping system.

19. COMPETITIVE BIDS

(1) Goods or services above a transaction value of R 200,000 (VAT included) and long term contracts may only be procured through a competitive bidding process, subject to paragraph 11(2) of this Policy.

(2) No requirement for goods or services above an estimated transaction value of R 200,000 (VAT included), may deliberately be split into parts or items of lesser value merely for the sake of procuring the goods or services otherwise than through a competitive bidding process.

20. PROCESS FOR COMPETITIVE BIDDING

(1) The procedures for the following stages of a competitive bidding process are as follows:-

(a) Compilation of bidding documentation as detailed in paragraph 21;

(b) Public invitation of bids as detailed in paragraph 22;

(c) Site meetings or briefing sessions as detailed in paragraph 23;

(d) Handling of bids submitted in response to public invitation as detailed in paragraph 23;

(e) Evaluation of bids as detailed in paragraph 28;

(f) Award of contracts as detailed in paragraph 29;

(g) Administration of contracts;

(h) After approval of a bid, the Accounting Officer and the bidder must enter into

a written agreement;

(i) Proper record keeping; and

(j) Original / legal copies of written contracts agreements must be kept in a secure place for reference purposes.

21. BID DOCUMENTATION FOR COMPETITIVE BIDS

(1) The criteria to which bid documentation for a competitive bidding process must comply, must –

(a) Take into account –

(i) The general conditions of contract and any special conditions of contract, if specified;

(ii) Any Treasury guidelines on bid documentation; and

(iii) The requirements of the Construction Industry Development

Board, in the case of a bid relating to construction, upgrading or refurbishment of buildings or infrastructure;

(b) Include the preference points system to be used, goals as contemplated in the Preferential Procurement Regulations and evaluation and adjudication criteria, including any criteria required by other applicable legislation;

(c) Compel bidders to declare any conflict of interest they may have in the transaction for which the bid is submitted;

(d) If the value of the transaction is expected to exceed R 10 million (VAT included), require bidders to furnish –

(i) If the bidder is required by law to prepare annual financial statements (AFS) for auditing, their audited AFS –

(aa) For the past three years; or

(bb) Since their establishment if established during the past three years;

(ii) A certificate signed by the bidder certifying that the bidder has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days;

(iii) Particulars of any contracts awarded to the bidder by an organ of state during the past five years, including particulars of any material non-compliance or dispute concerning the execution of such contract;

(iv) A statement indicating whether any portion of the goods or services are expected to be sourced from outside the Republic, and if so, what portion and whether any portion of payment from the municipality or municipal entity is expected to be transferred out of the Republic; and

(e) Stipulate that disputes must be settled by means of mutual consultation,

mediation, adjudication (with or without legal representation), or, when unsuccessful, in a South African court of law;

(f) The period for which bids are to remain valid and binding must be indicated in the bid documents; and

(g) A provision for the termination of the contract in the case of non- or under-performance and objections and complaints must be included in the bid documentation.

22. PUBLIC INVITATION FOR COMPETITIVE BIDS

(1) The procedure for the invitation of competitive bids is as follows –

(a) Any invitation to prospective providers to submit bids must be by means of a public advertisement in a newspaper commonly circulating locally, the website of the Stellenbosch Municipality or any other appropriate ways (which may include an advertisement in the Government Tender Bulletin); and

(b)The information contained in a public advertisement, must at least include

(i) The closure date for the submission of bids, which may not be less than 30 days in the case of transactions over R10 million (VAT included), or which are of a long-term nature, or 14 days in any other case, from the date on which the advertisement is placed in a newspaper, subject to subparagraph (2) of this policy; and

(ii) A statement that bids may only be submitted on the bid documentation provided by the Stellenbosch Municipality

(iii) Contact details for further enquiries.

(2) The Accounting Officer may determine a closure date for the submission of bids which is less than the 30- or 14-days requirement, but only if such shorter period can be justified on the grounds of urgency or emergency or any exceptional case where it is impractical or impossible to follow the official procurement process.

(3) Bids submitted must be sealed and must clearly indicate the bid number on the outside of the envelope for which the bid is being submitted.

(4) Where bids are requested by the Municipality in electronic format, such bids must be supplemented by sealed hard copies.

(5) The municipality may require bidders to submit section(s) of their bid in electronic format, but only after the bid closing date. If the electronic copy differs from the original hard copy, the original hard copy will be binding.

23. PROCEDURE FOR HANDLING, OPENING AND RECORDING OF COMPETITIVE BIDS AND FORMAL WRITTEN PRICE QUOTATIONS IN EXCESS OF R 30,000

(1) The procedures for the handling, opening, and recording of bids are as follows

(a) Bids –

(i) Must be opened only in public;

(ii) must be opened at the same time and as soon as possible after the

period for the submission of bids has expired; and

(iii) Received after the closing time should not be considered and returned unopened immediately; and

(b) Any bidder or member of the public has the right to request that the names of the bidders who submitted bids in time must be read out and, if practical, also each bidder's total bidding price;

(c) No information, except the provisions in subparagraph (b), relating to the bid should be disclosed to bidders or other persons until the successful bidder is notified of the award;

(d) The Accounting Officer must –

(i) Record in a register all bids received in time;
(ii) Make the register available for public inspection; and
(iii) Publish the entries in the register and the bid results on the website.

(e) The bidder shall choose a *domicilium citandi et executandi* in the Republic and unless notice of the change thereof has duly been given in writing, it shall be the address stated in the bid.

(f) Opening of bid procedures –

(i) At the specified closing time on the closing date the applicable bid box shall be closed;

(ii) The bid box shall be opened in public as soon as practical after the closing time by at least two officials from the Supply Chain Management Unit and the Security Officer on duty;

(iii) It is the responsibility of the bidder to ensure that their bid is placed in the correct bid box. The municipality will not on its own initiative redirect any bid if it is placed in an incorrect bid box before the closing time of submissions.

(iv) Immediately after the opening of the bid box all bids shall be opened in public;

(v) At the official opening of the bids, the bids shall in all cases be read out in terms of the name of the bidder and, if practical, the amount of the bid;

(vi) As soon as a bid or technical proposal has been opened the bid / proposal shall be stamped with the official stamps, and endorsed with the opening officials' signatures;

(viii) The name of the bidder, and where possible, the bid sum shall be recorded in a bid opening record kept for that purpose; and The responsible officials who opened the bidding documentation received shall forthwith place their signatures on the bid opening record (register) and shall ensure that the bid opening record, indicating at least the bid price of each bidder, the BBBEE status level contribution of each bidder and where applicable the local content percentages of the goods offered are made available for public inspection and are published on the municipality's website.

(g) Site Inspections / clarification meeting –

(i) Site inspections / clarifications meeting, where applicable, will be compulsory.

(ii) If site inspections / clarification meeting is to be held, full details must be included in the bid notice. Service providers that are late for the commencement of the site inspection/clarification meeting will be disqualified.

(iii) Minutes of all site inspection/clarification meetings must be kept for record purposes

(iv) Any proposed Addendums to the advertised bid document must be tabled at the Bid Specification Committee Meeting for consideration and approval.

(h) Bid validity periods

(i) The validity period is calculated from the bid closure date and bids shall remain in force and binding for a period of six (6) months as indicated in the invitation to bid and the bid documents, subject to any other applicable legislation and instructions from the National Treasury for specific types of procurement.

(ii) The period of validity may be extended by the SCM Department, provided that the original bid validity period has not expired and that all bidders are given an opportunity to extend such period.

(iii) Any such extension shall be agreed to by a bidder in writing.

Bidders who fail to respond to such a request before the validity of their bid expires, or who decline such a request shall not be considered further in the bid evaluation process.

(iv) All bidders who indicated the acceptance of the extension of the bid validity period, bids will be considered for evaluation purposes.

(v) If the validity of all bids expired without it being awarded within the bid validity period, including any extensions thereof allowable in terms of applicable legislation, the bid must be cancelled and published in the same media in which the original bid invitation appeared.

(vi) All bidders must be notified in writing of the cancellation of a bid.

(i) Samples

(i) The call for samples should be limited to where samples are called for in the bid documents, samples (marked with the bid and item number as well as the bidder's name and address) shall be delivered separately (to the bid) to the addressee mentioned in the bid documents by no later than the closing time of the bid.

(ii) Bids may not be included in parcels containing samples.

(iii) If samples are not submitted as required in the bid documents, then the part of the bid for which no sample is provided shall be declared invalid.

(iv) Samples shall be supplied by a bidder at his / her own expense and

risk. Stellenbosch Municipality shall not be obliged to pay for such samples or compensate for the loss thereof, unless otherwise specified in the bid documents, and shall reserve the right to return such samples or to dispose of them at its own discretion.

(v) If a bid is accepted for the supply of goods according to a sample submitted by the bidder, that sample will become the contract sample. All goods/materials supplied shall comply in all respects to that contract sample.

(j) Bid Sum

(i) A bid will not necessarily be invalidated if the amount in words and the amount in figures do not correspond, in which case the amount in words shall be read out at the bid opening.

24. NEGOTIATIONS WITH PREFERRED BIDDERS

(1) The Accounting Officer may negotiate the final terms of a contract with bidders identified through a competitive bidding process as preferred bidders, provided that such negotiation –

(a) Delegations and threshold values for negotiating by the Accounting Officer;

(b) Does not allow any preferred bidder a second or unfair opportunity;

(c) Is not to the detriment of any other bidder; and

(d) Does not lead to a higher price than the bid as submitted.

(2) Minutes of such negotiations must be kept for record purposes.

25. TWO-STAGE BIDDING PROCESS

(1) A two-stage bidding process is allowed for –

(a) Large complex projects;

(b) Projects where it may be undesirable to prepare complete detailed technical specifications; or

(c) Long term projects with a duration period exceeding three years.

(2) In the first stage technical proposals on conceptual design or performance specifications should be invited, subject to technical as well as commercial clarifications and adjustments.

(3) In the second stage final technical proposals and priced bids should be invited.

26. COMMITTEE SYSTEM FOR COMPETITIVE BIDS

(1) A committee system for competitive bids is hereby established, consisting of the following committees for each procurement or cluster of procurements as the Accounting Officer may determine as issued within the directive and stating the terms of reference of each bid committee –

(a) A Bid Specifications Committee;

(b) A Bid Evaluation Committee; and
(c) A Bid Adjudication Committee.

(2) The Accounting Officer appoints the members of each committee, taking into account section 117 of the Act; and

(3) The committee system must be consistent with –

(a) Paragraph 27, 28 and 29 of this Policy;

(b) Any other applicable legislation; and

(c) The Accounting Officer may apply the committee system to formal written price quotations.

27. BID SPECIFICATIONS COMMITTEES

(1) A Bid Specifications Committee must compile the specifications for each procurement of goods or services by the Stellenbosch Municipality.

(2) Specifications –

(a) Must be drafted in an unbiased manner to allow all potential suppliers to offer their goods or services;

(b) Must take account of any accepted standards such as those issued by Standards South Africa, the International Standards Organisation, or an authority accredited or recognised by the South African National Accreditation System with which the equipment or material or workmanship should comply;

(c) Must, where possible, be described in terms of performance required rather than in terms of descriptive characteristics for design;

(d) May not create trade barriers in contract requirements in the forms of specifications, plans, drawings, designs, testing and test methods, packaging, marking or labelling of conformity certification;

(e) May not make reference to any particular trademark, name, patent, design, type, specific origin or producer unless there is no other sufficiently precise or intelligible way of describing the characteristics of the work, in which case such reference must be accompanied by the word “equivalent”;

(f) Must indicate the preference points system set out in the Preferential Procurement Regulations 2017;

(g) Must be approved by the Accounting Officer prior to publication of the invitation for bids in terms of paragraph 22 of this Policy; and

(h) The Accounting Officer may sub-delegate the requirements in sub-paragraph 2(g) above to the Chairperson of the Bid Specifications Committee.

(3) A Bid Specifications Committee must be composed of one or more officials of the Stellenbosch Municipality preferably the manager responsible for the function involved, and may, when appropriate, include external and / or internal specialist advisors.

(4) No person, advisor or corporate entity involved with the Bid Specifications Committee, or director of such a corporate entity, may bid for any resulting contracts.

28. BID EVALUATION COMMITTEES

(1) A Bid Evaluation Committee must –

(a) Evaluate bids in accordance with –

(i) The specifications for a specific procurement; and

(ii) The points system set out in terms of paragraph 27(2)(f);

(b) Evaluate each bidder's ability to execute the contract;

(c) Check in respect of the recommended bidder whether municipal rates and taxes and municipal service charges are not in arrears; and

(d) Submit to the adjudication committee a report and recommendations regarding the award of the bid or any other related matter.

(2) A Bid Evaluation Committee must as far as possible be composed of

(a) Officials from departments requiring the goods or services; and

(b) At least one supply chain management practitioner of the Stellenbosch Municipality.

(3) The relevant user department's official shall carry out a preliminary evaluation of all valid bids received and shall submit a bid evaluation report to the Bid Evaluation Committee for consideration.

(4) Any evaluation of a bid shall consider the bids received and shall note for inclusion in the evaluation report, a bidder –

(a) Whose bid does not comply with the provisions of paragraph 38 of this Policy;

(b) Whose bid does not comply with the provisions of paragraph 13 of this Policy;

(c) Whose bid is not in compliance with the specification;

(d) Whose bid is not in compliance with the terms and conditions of the bid documentation;

(e) Who is not registered and verified on the municipality's supplier database within seven days of the closing time for bids. In this regard bid documentation shall state that the responsibility for registration and verification rests solely with the bidder;

(f) Who, in the case of construction works acquisitions, does not comply with the requirements of the Construction Industry Development Board Act regarding registration of contractors. Verification of compliance with this requirement shall be by means of Stellenbosch Municipality's Supplier Database;

(g) Whose tax status are non-compliant and cannot be verified with the South African Revenue Services (SARS) certifying that the taxes of the bidder are in order or that suitable arrangements have been made with SARS; and

(h) Who fails to comply with any applicable Bargaining Council agreement.

(5) Bids shall be evaluated according to the following as applicable –

(i) Bid price (corrected if applicable and brought to a comparative level where necessary);

(ii) The unit rates and prices;

(iii) The bidder's ability to fulfil its obligations in terms of the bid documents;

(iv) Any qualifications to the bid;

(v) The bid ranking obtained in respect of Preferential Procurement as required by Stellenbosch Municipality's Preferential Procurement Policy;

(vi) The financial standing of the bidder, including its ability to furnish the required institutional guarantee, where applicable; and

(vii) Any other criteria specified in the bid documents.

(6) The Bid Evaluation Committee shall check in respect of the recommended bidder whether municipal rates and taxes and municipal service charges are not in arrears.

(7) The evaluation of bids on an equitable basis may be considered during the evaluation process.

(8) Additional information or clarification of bids may be called for if required.

(9) Alternative bids may be considered, provided that a bid free of qualifications and strictly in accordance with the bid documents is also submitted. Stellenbosch Municipality shall not be bound to consider alternative bids. The alternative offer is to be submitted with the main offer together with a schedule that compares the specifications of the bid documents with the alternative offer.

(10) If a bidder requests in writing, after the closing of bids, that his/her bid be withdrawn, then such a request may be considered and reported in the bid evaluation report.

(11) If, after bids have been brought to a comparative level, two or more scores equal total adjudication points, regulation 11(5) of the Preferential Procurement Regulations of 2017 will apply.

(12) If two or more bids are equal in all respects after applying regulation 11(5), the

Bid Evaluation Committee shall draw lots to decide on the recommendation for award.

(13) All disclosures of conflict of interest shall be considered by the Bid Evaluation Committee and if the conflict of interest is of a material nature, this shall be reported to the Bid Adjudication Committee.

(14) The relevant User Department in consultation with the SCM Unit may, before the bid is considered by the Bid Evaluation Committee, provide a reasonable opportunity to a bidder who made an innocent error and / or omission in their bid document, to correct the innocent error and / or omission, provided that such opportunity will not unduly prejudice any of the other bidders.

(15) In an event as described in sub-paragraph 14, bidders shall be afforded a minimum of two (2) working days up to a maximum of five (5) working days (in consultation

with the relevant User Department or the BEC Committee) from time of notification to correct such innocent errors and / or omissions. If no response is received from such bidders at the deadline the bid may be deemed to be non-responsive.

29. BID ADJUDICATION COMMITTEES

(1) A Bid Adjudication Committee must –

(a) Consider the report and recommendations of the Bid Evaluation Committee; and

(b) Either –

(i) Depending on its delegations, make a final award or a recommendation to the Accounting Officer to make the final award; or

(ii) Make another recommendation to the Accounting Officer how to proceed with the relevant procurement.

(2) A Bid Adjudication Committee must consist of at least four senior managers of the Stellenbosch Municipality, which must include –

The Chief Financial Officer or, if the Chief Financial Officer is not available, another manager in the budget and treasury office reporting directly to the Chief Financial Officer and designated by the Chief Financial Officer;

(a) At least one senior supply chain management practitioner who is an official of the Stellenbosch Municipality; and

(b) A technical expert in the relevant field who is an official, if such an expert exists.

(3) The Accounting Officer must appoint the chairperson of the committee. If the chairperson is absent from a meeting, the members of the committee who are present must elect one of them to preside at the meeting.

(4) Neither a member of a Bid Evaluation Committee, nor an advisor or person assisting the evaluation committee, may be a member of a Bid Adjudication Committee.

(a) If the Bid Adjudication Committee decides to award a bid other than the one recommended by the Bid Evaluation Committee, the Bid Adjudication Committee must prior to awarding the bid–

(i) Check in respect of the preferred bidder whether that bidder's municipal rates and taxes and municipal service charges are not in arrears; and

(ii) Notify the Accounting Officer.

(b) The Accounting Officer may –

(i) After due consideration of the reasons for the deviation, ratify or reject the decision of the Bid Adjudication Committee referred to in paragraph (a); and

(ii) If the decision of the Bid Adjudication Committee is rejected, refer the decision of the adjudication committee back to that committee

for reconsideration.

(5) The members of the Bid Evaluation Committee, or their delegates, must be present at the Bid Ad-judication Committee meetings [introduce the reports to the Committee and assist in] to clarify issues that were dealt with in the Bid Evaluation Committee meetings without voting rights.

(6) A technical expert in the relevant field, who is an official, if such an expert exists, may attend the meeting as an advisor for clarification purposes. This official will not have voting rights at the Bid Adjudication Committee meeting. Neither a member of a bid evaluation committee, nor an advisor or person assisting the bid evaluation committee, may be a member of a bid adjudication committee.

(7) If the bid adjudication committee decides to award a bid other than the one recommended by the bid evaluation committee –

(a) the bid adjudication committee must prior to awarding the bid –

(i) check in respect of the preferred bidder whether that bidder's municipal rates and taxes and municipal service charges are not in arrears for more than three months, and;

(ii) notify the Accounting Officer.

(b) The Accounting Officer may –

(i) after due consideration of the reasons for the deviation, ratify or reject the decision of the bid adjudication committee referred to in clause (a); and

(ii) if the decision of the bid adjudication committee is rejected, refer the decision of the adjudication committee back to that committee for reconsideration.

(8) The Accounting Officer may at any stage of a bidding process, refer any recommendation made by the evaluation committee or the adjudication committee back to that committee for reconsideration of the recommendation.

(9) The Accounting Officer must comply with Section 114 of the Act within 10 days–

(a) If a tender other than the one recommended in the normal course of implementing the supply chain management policy is approved, the Accounting Officer must, in writing, notify the Auditor-General, the Provincial Treasury and the National Treasury of the reasons for deviating from such recommendation.

(b) Subsection (1) does not apply if a different tender was approved in order to rectify an irregularity.

(10) The Accounting Officer may at any stage of a bidding process, refer any recommendation made by the evaluation committee or the adjudication committee back to that committee for reconsideration of the recommendation.

(11) The Accounting Officer must comply with section 114 of the Act within 10 working days

30. PROCUREMENT OF BANKING SERVICES

(1) A contract for banking services –

(a) Must be procured through competitive bids;

(b) Must be consistent with section 7 or 85 of the Act; and

(c) May not be for a period of more than five years at a time.

(2) The process for procuring a contract for banking services must commence at least nine months before the end of an existing contract.

(3) The closure date for the submission of bids may not be less than 60 days from the date on which the advertisement is placed in a newspaper in terms of paragraph 22(1). Bids must be restricted to banks registered in terms of the Banks Act, 1990 (Act No. 94 of 1990).

31. PROCUREMENT OF IT RELATED GOODS OR SERVICES

(1) The Accounting Officer may request the State Information Technology Agency (SITA) to assist with the acquisition of IT related goods or services through a competitive bidding process.

(2) Both parties must enter into a written agreement to regulate the services rendered by and the payments to be made to SITA.

(3) The Accounting Officer must notify SITA together with a motivation of the IT needs if –

(a) The transaction value of IT related goods or services required in any financial year will exceed R 50 million (VAT included); or

(b) The transaction value of a contract to be procured whether for one or more years exceeds R 50 million (VAT included).

(4) If SITA's comments on the submission and the Stellenbosch Municipality disagree with such comments, the comments, and the reasons for rejecting or not following such comments must be submitted to the council, the National

Treasury, the relevant provincial treasury and the Auditor General.

32. PROCUREMENT OF GOODS AND SERVICES UNDER CONTRACTS SECURED BY OTHER ORGANS OF STATE

(1) The Accounting Officer may procure goods or services under a contract secured by another organ of state, but only if –

(a) The contract has been secured by that other organ of state by means of a competitive bidding process applicable to that organ of state;
(b) There is no reason to believe that such contract was not validly procured;
(c) There are demonstrable discounts or benefits to do so; and

(d) That other organ of state and the provider has consented to such procurement in writing.

(2) Subparagraphs (1)(c) and (d) do not apply if –

(a) A municipal entity procures goods or services through a contract secured by

its parent municipality; or

(b) A municipality procures goods or services through a contract secured by a municipal entity of which it is the parent municipality.

(3) If paragraph (1) is complied with, Stellenbosch Municipality must request at least the following documents from the relevant organ of state and service provider as referred to under subparagraph (1)(d) –

(a) A written declaration confirming –

(i) That the organ of state followed a competitive bidding process applicable to it;

(ii) That the organ of state has no reason to believe that the contract was not validly procured by itself;

(iii) That the organ of state evaluated the bid in terms of price and

BBBEE and if applicable, in terms of functionality or quality, and concluded that the bid(s) that were accepted were in all aspects the best compliant and respective bid(s); and

(iv) That the organ of state gives formal written permission to

Stellenbosch Municipality to procure goods and / or services from the approved bid(s) as accepted by the organ of state;

(b) Agenda and minutes of the organ of state's Bid Evaluation Committee at which the specific bid was evaluated;

(c) Agenda and minutes of the organ of state's Bid Adjudication Committee at which the bid was awarded or the approval of the
Accounting Officer of that organ of state who approved the bid;

(d) A copy of the successful bidder(s) bid submissions; and

(e) Written consent from the service provider.

(4) If Stellenbosch Municipality should enter into a contract secured by other organs of state, it shall enter into a contract with the successful bidder(s) on the same terms and conditions as accepted by the relevant organ of state.

(5) Contracts entered into by Stellenbosch Municipality under paragraph (4) shall not be deemed to be a deviation from the official procurement processes.

(6) The Accounting Officer shall report to Council on a monthly basis all contracts entered into in terms of paragraph (4) above.

33. PROCUREMENT OF GOODS NECESSITATING SPECIAL SAFETY ARRANGEMENTS

(1) The acquisition and storage of goods in bulk (other than water), which necessitate special safety arrangements, including gasses and fuel, should be avoided wherever possible.

(2) Where the storage of goods in bulk is justified, such justification must be based on sound reasons, including the total cost of ownership, cost advantages and environmental impact and must be approved by the Accounting Officer.

34. PROUDLY SA CAMPAIGN

(1) Stellenbosch Municipality supports the Proudly SA Campaign to the extent that, all things being equal, preference is given to procuring local goods and services from –

(a) Firstly: Suppliers and businesses within the municipality or district;

(b) Secondly: Suppliers and businesses within the relevant province; and

(c) Thirdly: Suppliers and businesses within the Republic.

35. APPOINTMENT OF CONSULTANTS

(1) The Accounting Officer may procure consulting services provided that any Treasury guidelines in respect of consulting services, Construction Industry Development Board guidelines and Council's Cost-Containment Policy in respect of services related to the built environment and construction works are taken into account when such procurements are made.

(2) Consultancy services must be procured through competitive bids if –

(a) The value of the contract exceeds R 200,000 (VAT included); or

(b) The duration period of the contract exceeds one year.

(3) In addition to any requirements prescribed by this policy for competitive bids, bidders must furnish particulars of –

(a) All consultancy services provided to an organ of state in the last five years; and

(b) Any similar consultancy services provided to an organ of state in the last five years.

(4) The Accounting Officer must ensure that copyright in any document produced, and the patent rights or ownership in any plant, machinery, thing, system, or process designed or devised, by a consultant during the consultancy service is vested in the Stellenbosch Municipality.

(5) Where the estimated value of fees is less than R 200,000 and the duration of the appointment is less than one year, any National Treasury and, where applicable, Construction Industry Development Board guidelines in respect of consulting services are considered.

36. DEVIATION FROM AND RATIFICATION OF MINOR BREACHES OF PROCUREMENT PROCESSES

(1) The Accounting Officer may –

(a) Dispense with the official procurement processes established by this Policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only –

(i) In an emergency (as per definition);

(ii) If such goods or services are produced or available from a single source or sole provider only (as per definition);

(iii) For the acquisition of special works of art or historical objects where specifications are difficult to compile;

(iv) Acquisition of animals for zoos and/or nature and game reserves; or

(v) In any other exceptional case where it is impractical or impossible to follow the official procurement processes; and

(b) Ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties, which are purely of a technical nature.

(2) The Accounting Officer must record the reasons for any deviations in terms of subparagraphs (1)(a) and (b) of this policy and report them to the next meeting of the council and include as a note to the annual financial statements.

(3) Subparagraph (2) does not apply to the procurement of goods and services contemplated in paragraph 11(2) of this policy.

37. UNSOLICITED BIDS

(1) In accordance with section 113 of the Act there is no obligation to consider unsolicited bids received outside a normal bidding process.

(2) The Accounting Officer may decide in terms of section 113(2) of the Act to consider an unsolicited bid, only if –

(a) The product or service offered in terms of the bid is a demonstrably or proven unique innovative concept;

(b) The product or service will be exceptionally beneficial to, or have exceptional cost advantages;

(c) The person who made the bid is the sole provider of the product or service; and

(d) The reasons for not going through the normal bidding processes are found to be sound by the Accounting Officer.

(3) If the Accounting Officer decides to consider an unsolicited bid that complies with subparagraph (2) of this policy, the decision must be made public in accordance with section 21A of the Municipal Systems Act, together with –

(a) Reasons as to why the bid should not be open to other competitors;

(b) An explanation of the potential benefits if the unsolicited bid were accepted; and

(c) An invitation to the public or other potential suppliers to submit their comments within 30 days of the notice.

(4) The Accounting Officer must submit all written comments received pursuant to subparagraph (3), including any responses from the unsolicited bidder to the National Treasury and the relevant provincial treasury for comment.

(5) The adjudication committee must consider the unsolicited bid and may award the bid or make a recommendation to the Accounting Officer, depending on its delegations.

(6) A meeting of the adjudication committee to consider an unsolicited bid must be open to the public.

(7) When considering the matter, the adjudication committee must consider –

(a) Any comments submitted by the public; and

(b) Any written comments and recommendations of the National Treasury or the relevant provincial treasury.

(8) If any recommendations of the National Treasury or provincial treasury are rejected or not followed, the Accounting Officer must submit to the Auditor General, the relevant Provincial Treasury and the National Treasury the reasons for rejecting or not following those recommendations.

(9) Such submission must be made within seven days after the decision on the award of the unsolicited bid is taken, but no contract committing the

Stellenbosch Municipality to the bid may be entered into or signed within 30 days of the submission.

38. COMBATING OF ABUSE OF SUPPLY CHAIN MANAGEMENT SYSTEM

(i) The Accounting Officer must –

(a) Take all reasonable steps to prevent abuse of the supply chain management system;

(b) Investigate any allegations against an official or other role player of fraud, corruption, favouritism, unfair or irregular practices or failure to comply with this Policy, and when justified –

(i) Take appropriate steps against such official or other role player; or

(ii) Report any alleged criminal conduct to the South African Police Service;

(c) Check the National Treasury's database prior to awarding any contract to ensure that no recommended bidder, or any of its directors, is listed as a person prohibited from doing business with the public sector;

(d) Reject any bid from a bidder –

(i) If any municipal rates and taxes or municipal service charges owed by that bidder or any of its directors to the Stellenbosch Municipality or to any other municipality or municipal entity, are in arrears for more than three months; or

(ii) Who during the last five years has failed to perform satisfactorily on a previous contract with the Stellenbosch Municipality or any other organ of state after written notice was given to that bidder that performance was unsatisfactory;

(e) Reject a recommendation for the award of a contract if the recommended bidder or any of its directors, or trust or its trustees has committed a corrupt or fraudulent act in competing for the particular contract;

(f) Cancel a contract awarded to a person if –

(i) The person committed any corrupt or fraudulent act during the bidding

process or the execution of the contract; or

(ii) An official or other role player committed any corrupt or fraudulent act during the bidding process or the execution of the contract that benefited that person; and

(g) Reject the bid of any bidder if that bidder or any of its directors –

(i) Has abused the supply chain management system of the Stellenbosch Municipality or has committed any improper conduct in relation to such system;

(ii) Has been convicted for fraud or corruption during the past five years;

(iii) Has wilfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or

(iv) Has been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).

(2) The Accounting Officer must inform the National Treasury and relevant provincial treasury in writing of any actions taken in terms of subparagraphs (1)(b)(ii), (e) or (f) of this Policy.

(3) SCM compliance regarding BBBEE, Local Content and Municipal Accounts during evalution stages:

(a) BBBEE

(i) Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

The Municipality reserves the right to require from a bidder during evaluation and consideration stages or any other stage before the award are made, to substantiate any claim regarding preferences. (Reference to National Treasury bidding document MBD 6.1)

B-BBEE Certificates or Sworn Affidavits must be a valid original or certified copy of the original and must comply with the minimum validation criteria as set out by National Treasury. In cases where a bidder submitted a copy of an original B-BBEE Certificate at the closing date and time of the bid, the bidder may be requested to submit the original or certified copy of the original within a specified period. If the required certificate is submitted within the specified time, and the certificate complies with the requirements set by National Treasury, the bidder may be awarded the points that they qualify for.

(b) Local Content:

Requesting of documentation during evaluation.

(i) The Municipality reserves the right (on a case by case basis) to require from a bidder during evaluation and consideration stages or

any other stage before the award are made, to substantiate any claim regarding local content. (Reference to National Treasury bidding document MBD 6.2)

(c) Municipal Accounts:

(i) The Municipality reserves the right to require from a bidder during evaluation and consideration stages or any other stage before the award are made, to verify that their municipal accounts are in order (MBD 10)

PART 3: LOGISTICS, DISPOSAL, RISK AND PERFORMANCE MANAGEMENT

39. LOGISTICS MANAGEMENT

(1) The Accounting Officer must establish and implement an effective system of logistics management, which must include –

(a) The monitoring of spending patterns on types or classes of goods and services incorporating, where practical, the coding of items to ensure that each item has a unique number;

(b) The setting of inventory levels that includes minimum and maximum levels and lead times wherever goods are placed in stock;

(c) The placing of manual or electronic orders for all acquisitions other than those from petty cash;

(d) Before payment is approved, certification by the responsible officer that the goods and services are received or rendered on time and is in accordance with the order, the general conditions of contract and specifications where applicable and that the price charged is as quoted in terms of a contract;

(e) Appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased;

(f) Regular checking to ensure that all assets including official vehicles are properly managed, appropriately maintained and only used for official purposes; and

(g) Monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

40. DISPOSAL MANAGEMENT

(1) A supply chain management policy must provide for an effective system of disposal management for the disposal or letting of assets, including unserviceable, redundant, or obsolete assets, subject to sections 14 and 90 of the Act

(2) A supply chain management policy must specify the ways in which assets may be disposed of, including –

(a) Transferring the asset to another organ of state in terms of a provision of the

Act enabling the transfer of assets;

(b) Transferring the asset to another organ of state at market related value or, when appropriate, free of charge;

(c) Selling the asset; and

(d) Destroying the asset.

(3) The Accounting Officer must ensure that –

(a) Immovable property is sold only at market related prices except when the public interest or the plight of the poor demands otherwise;

(b) Movable assets are sold either by way of written price quotations, a competitive bidding process, auction or at market related prices, whichever is the most advantageous, except when the public interest or the plight of the poor demands otherwise;

(c) Firearms are not sold or donated to any person or institution within or outside the Republic unless approved by the National Conventional Arms Control Committee;

(d) Immovable property is let at market related rates except when the public interest or the plight of the poor demands otherwise;

(e) All fees, charges, rates, tariffs, scales of fees or other charges relating to the letting of immovable property are annually reviewed;

(f) Where assets are traded in for other assets, the highest possible trade-in price is negotiated; and

(g) In the case of the free disposal of computer equipment, the provincial department of education is first approached to indicate within 30 days whether any of the local schools are interested in the equipment.

(4) All matters relating to the alienation of movable and immovable assets shall be dealt with in terms of Council's Asset Transfer Policy and the Asset Transfer Regulations, 2008 and Council's adopted Immovable Assets Policy.

(5) Notwithstanding the provisions of paragraph 3 hereof, the following statutory powers of Stellenbosch Council in respect of the alienation of immovable property, are reserved to be exercised by Council –

(a) To decide on reasonable grounds that an asset is not needed to provide the minimum level of basic municipal services; and

(b) To consider the fair market value of the asset and the economic and community value to be received in exchange for the asset, and

(6) Notwithstanding sub-paragraph (3)(b) & (g) above, the Accounting Officer must determine the most advantageous way for the disposal or letting of movable capital assets, i.e. written price quotations, competitive bidding, or auction, except when public interest or the plight of the poor demands otherwise.

(7) The Accounting Officer is hereby authorized to dispose of movable capital assets:

(8) (a) Up to a value of R 2 000 000.00
(b) Up to a value of R1 000 000.00 (CFO and BAC Members)

41. RISK MANAGEMENT

(1) The criteria for an effective risk management strategy within supply chain management system, should include the identification, consideration, and avoidance of potential risks.

(2) Risk management should include –

(a) The identification of risks on a case-by-case basis;

(b) The allocation of risks to the party best suited to manage such risks;

(c) Acceptance of the cost of the risk where the cost of transferring the risk is greater than that of retaining it;

(d) The management of risks in a pro-active manner and the provision of adequate cover for residual risks; and

(e) The assignment of relative risks to the contracting parties through clear and unambiguous contract documentation.

42. PERFORMANCE MANAGEMENT

(1) The Accounting Officer must establish and implement an internal monitoring system to determine, based on a retrospective analysis, whether the authorised supply chain management processes were followed and whether the objectives of this Policy were achieved. The retrospective analysis will link to the regulatory reports and submissions on the implementation of the supply chain management policy to the delegated authorities as prescribed in terms of supply chain management regulations and the delegation system of council, as amended from time to time.

PART 4: OTHER MATTERS

43. PROHIBITION ON AWARDS TO PERSONS WHOSE TAX MATTERS ARE NOT IN ORDER

(1) No award above R 30,000 (including VAT) may be made in terms of this Policy to a person whose tax matters have not been declared by the South African Revenue Service to be in order.

(2) Before making an award to a person the Accounting Officer must first check with SARS whether that person's tax matters are in order.

(3) If SARS does not respond within 7 days such person's tax matters may for purposes of subparagraph (1) be presumed to be in order.

(4) Where the recommended bidder is not tax compliant on the date of award, the bidder should be notified of the non-compliant status and be requested to submit written proof of tax compliance, or an arrangement issued from SARS within 7 working days from the date of award. The proof of tax compliance submitted by the bidder must be verified by the Municipality. The Municipality will reject a bid submitted by the bidder if such bidder fails to provide proof of tax compliance within the timeframe as set out above.

44. PROHIBITION ON AWARDS TO PERSONS IN THE SERVICE OF THE STATE

(1) Irrespective of the procurement process followed, no award may be made to a person in terms of this Policy –

(a) Who is in the service of the state;

(b) If that person is not a natural person, of which any director, manager, principal shareholder, or stakeholder is a person in the service of the state; or

(c) A person who is an advisor or consultant contracted with the Stellenbosch Municipality.

45. AWARDS TO CLOSE FAMILY MEMBERS OF PERSONS IN THE SERVICE OF THE STATE

(1) The Accounting Officer must ensure that the notes to the annual financial statements disclose particulars of any award of more than R 2,000 to a person who is a spouse, child, or parent of a person in the service of the state, or has been in the service of the state in the previous twelve months, including –

(a) The name of that person;

(b) The capacity in which that person is in the service of the state; and

(c) The amount of the award.

46. ETHICAL STANDARDS

(1) A code of ethical standards as set out in [subparagraph (2) / the "National Treasury's code of conduct for supply chain management practitioners and other role players involved in supply chain management, which also include all other municipal officials not involved in supply chain management system"] is hereby established for

municipal officials and other role players in the supply chain management system of the Stellenbosch Municipality to promote-

(a) Mutual trust and respect; and

(b) An environment where business can be conducted with integrity and in a fair and reasonable manner.

(2) A municipal official or other role player involved in the implementation of this Policy–

(a) Must treat all providers and potential providers equitably;

(b) May not use his or her position for private gain or to improperly benefit another person;

(c) May not accept any reward, gift, favour, hospitality or other benefit directly or indirectly, including to any close family member, partner or associate of that person, of a value more than R 350;

(d) Notwithstanding subparagraph (2)(c), must declare to the Accounting Officer details of any reward, gift, favour, hospitality or other benefit promised, offered or granted to that person or to any close family member, partner or associate of that person;

(e) Must declare to the Accounting Officer details of any private or business interest which that person, or any close family member, partner or associate, may have in any proposed procurement or disposal process of, or in any award of a contract by, the Stellenbosch Municipality;

(f) Must immediately withdraw from participating in any manner whatsoever in a procurement or disposal process or in the award of a contract in which that person, or any close family member, partner or associate, has any private or business interest;

(g) Must be scrupulous in his or her use of property belonging to Stellenbosch Municipality;

(h) Must assist the Accounting Officer in combating fraud, corruption, favouritism, and unfair and irregular practices in the supply chain management system; and

(i) Must report to the Accounting Officer any alleged irregular conduct in the supply chain management system which that person may become aware of, including –

(i) Any alleged fraud, corruption, favouritism or unfair conduct;

(ii) Any alleged contravention of paragraph 47(1) of this Policy; or

(iii) Any alleged breach of this code of ethical standards.

(3) Declarations in terms of subparagraphs (2)(d) and (e) –

(a) Must be recorded in a register, which the Accounting Officer must keep for this purpose; and

(b) By the Accounting Officer must be made to the Executive Mayor of the municipality who must ensure that such declarations are recorded in the register.

(4) The National Treasury's code of conduct and Schedule 2 of the Systems Act must be adhered to by supply chain management practitioners and other role players involved in supply chain management.

(5) A breach of the code of ethics must be dealt with as follows –

(a) In the case of an employee, in terms of the disciplinary procedures of the Stellenbosch Municipality envisaged in section 67(1)(h) of the Municipal Systems Act;

(b) In the case a role player who is not an employee, through other appropriate means in recognition of the severity of the breach;

(c) In all cases, financial misconduct must be dealt with in terms of chapter 15 of the Act; and

(d) All cases of non-compliance to this Policy should be reported to the Accounting Officer**.**

47. INDUCEMENTS, REWARDS, GIFTS AND FAVOURS TO MUNICIPALITIES, OFFICIALS AND OTHER ROLE PLAYERS

(1) No person who is a provider or prospective provider of goods or services, or a recipient or prospective recipient of goods disposed or to be disposed orf may either directly or through a representative or intermediary promise, offer or grant –

(a) Any inducement or reward to the Stellenbosch Municipality for or in connection with the award of a contract; or

(b) Any reward, gift, favour or hospitality to –

(i) Any official; or

(ii) Any other role player involved in the implementation of this Policy.

(2) The Accounting Officer must promptly report any alleged contravention of subparagraph (1) to the National Treasury for considering whether the offending person, and any representative or intermediary through which such person is alleged to have acted, should be listed in the National Treasury's database of persons prohibited from doing business with the public sector.

(3) Subparagraph (1) does not apply to gifts less than R 350 in value.

48. SPONSORSHIPS

(1) The Accounting Officer must promptly disclose to the National Treasury and the relevant provincial treasury any sponsorship promised, offered, or granted, whether directly or through a representative or intermediary, by any person who is –

(a) A provider or prospective provider of goods or services; or

(b) A recipient or prospective recipient of goods disposed or to be disposed.

49. OBJECTIONS AND COMPLAINTS

(1) Persons aggrieved by decisions or actions taken in the implementation of this supply

chain management system, may lodge within 14 days of the decision or action, a written objection or complaint against the decision or action.

50. RESOLUTION OF DISPUTES, OBJECTIONS, COMPLAINTS AND QUERIES

(1) The Accounting Officer may, if deem so, appoint an independent and impartial person, not directly involved in the supply chain management processes –

(a) To assist in the resolution of disputes between the Stellenbosch

Municipality and other persons regarding –

(i) Any decisions or actions taken in the implementation of the supply chain management system; or

(ii) Any matter arising from a contract awarded during the supply chain management system; or

(b) To deal with objections, complaints, or queries regarding any such decisions or actions or any matters arising from such contract.

(2) The Accounting Officer, or another official designated by the Accounting

Officer, is responsible for assisting the appointed person to perform his or her functions effectively.

(3) The person appointed should, if appointed –

(a) Strive to resolve promptly all disputes, objections, complaints, or queries received; and

(b) Submit monthly reports to the Accounting Officer on all disputes, objections, complaints, or queries received, attended to or resolved.

(4) A dispute, objection, complaint, or query may be referred to the relevant provincial treasury if –

(a) The dispute, objection, complaint or query is not resolved within 60 days: or

(b) No response is forthcoming within 60 days.

(5) If the provincial treasury does not or cannot resolve the matter, the dispute, objection, complaint, or query may be referred to the National Treasury for resolution.

(6) This paragraph must not be read as affecting a person's rights to approach a court at any time.

51. CONTRACTS PROVIDING FOR COMPENSATION BASED ON TURNOVER

(1) If a service provider acts on behalf of a Stellenbosch Municipality to provide any service or act as a collector of fees, service charges or taxes and the compensation payable to the service provider is fixed as an agreed percentage of turnover for the service or the amount collected, the contract between the service provider and the Stellenbosch Municipality must stipulate

(a) A cap on the compensation payable to the service provider; and

(b) That such compensation must be performance based.

52 CONTRACTS HAVING BUDGETARY IMPLICATIONS BEYOND THREE FINANCIAL YEARS

(1) Stellenbosch Municipality may not enter any contract that will impose financial obligations beyond the three years covered in the annual budget for that financial year, unless the requirements of Section 33 of the Act have been fully complied with.

53. INCREASE / EXTENSION IN APPROVED CONTRACT SUM / PERIOD

(1) Any increase and / or extension in the approved contract sum that may become necessary because of exceptional circumstances during the contract period must be approved by the appropriate bid committees prior to implementation.

(2) Contracts may be expanded or varied by not more than 20% of the original contract value for construction related goods, services and/or infrastructure projects and 15% for all other goods and/or services.

(3) Any expansion or variation more than these thresholds as stated under subparagraph (2) must be dealt with in terms of the provisions of section 116(3) of the Act which will be regarded as an amendment of a contract.

(4) Where community participation has been a part of the project, the community must be advised of the proposed increase and be invited to provide written comment within a minimum period of seven (7) days.

54. RIGHT OF APPEAL

(1) In terms of Section 62 of the Municipal Systems Act (Act 32 of 2000 as amended), a person whose rights are affected by a decision taken by the Municipality, in terms of a delegated authority, in the implementation of its supply chain management system, may appeal against that decision by giving written notice of the appeal and reasons to the Municipal Manager within 21 days of the date of the notification of the decision.

(2) Notification of the decision in terms of sub-paragraph 55(1) of this policy must state that any appeal must be submitted in writing to the Municipal Manager and must at least contain the following information:

(a) The reasons and / or grounds for the appeal;

(b) The way in which the appellants rights have been affected; and

(c) The remedy sought by the appellant.

(3) No award, where a competitive bidding process was followed, shall be formally implemented until a ruling has been made on any appeal/s received. The Municipal Manager may however grant approval for the implementation of bid awards prior to the conclusion of the appeal process in respect of bids which in his / her opinion are deemed as urgent.

(4) The Appeal Authority will provide the service provider with copies of the Bid Committee minutes applicable to the specific tender on request within the 21 days period of the service provider to enable him/her to motivate his/her appeal. Should the service provider request other documentation a PAIA application should be submitted.

(5) The appeal authority must consider the appeal and confirm, vary, or revoke the decision, but no such variation or revocation of a decision may detract from any rights that may have accrued because of the decision.

55. NOTIFICATION OF BID DECISIONS

(1) The successful and unsuccessful bidders shall be notified in writing by the Supply Chain Management once a bid has been accepted.

(2) The bidders shall, in addition, be advised of the 21-day appeal period in terms of section 62 of the Municipal Systems Act and be notified that no rights will accrue to him / her until the bid is formally accepted in writing.

(3) Once the 21-day appeal period has lapsed and a decision has been made by the appeal authority, the appellant, and the service provider who the tender was initially awarded will be notified in writing of the outcome thereof by the Supply Chain Management.

(4) Every notification of decision shall be faxed or sent via electronic mail and ordinary mail to the address chosen by the bidder, with a copy of proof of transmission kept for record purposes, or shall be delivered by hand, in which case acknowledgement of receipt must be signed and dated on a copy of such notification to be kept for record purposes.

56. UNSUCCESSFUL BIDDER DEBRIEFING

(1) The Municipality will offer an unsuccessful bidder debriefing service to unsuccessful bidders upon request.

(2) During the debriefing unsuccessful bidders will be informed of how their proposal scored against required criteria and obtain comments from the evaluation team on their bid.

(3) The debriefing should be a positive and constructive experience that explains how bidders can improve future submissions.

(4) The debriefing is an opportunity for unsuccessful bidders to –

(a) Learn more about the procurement and evaluation process in an informal setting;

(b) Find out how their proposal scored against the required criteria;

(c) Hear the overall comments from the evaluation team on their bid; and

(d) Gather information on how future submissions may be improved.

(5) The debriefing is not part of the Supply Chain complaint or appeal process in terms of paragraph 49 or 55 of this Policy.

(6) The debriefing is not a legal proceeding and no legal representation is permitted at the debriefing session.

(7) At the debriefing session the unsuccessful bid is not compared to other bids, nor will information be provided to the unsuccessful bidder about other bids.

(8) In scheduling a bidder’s debriefings session upon the request of the unsuccessful bidder, the municipality must –

(a) Confirm the date and time of the debriefing session in writing;

(b) Conduct separate debriefings with each unsuccessful bidder;

(c) Ensure that proper minutes are kept of each debriefing session; and

(d) Retain all correspondence and documentation relevant to the debriefing session as part of the procurement documentation.

(9) In conducting bidders' debriefings, the municipality may –

(a) Provide a general overview of the evaluation process set out in the bid documents;

(b) Discuss the strengths and weaknesses of the bidder's submission in relation to the specific evaluation criteria and the bidders evaluated score;

(c) Provide suggestions on how the supplier may improve future submissions; and

(d) Address specific questions and issues raised by the supplier in relation to their submission.

57. THE SUSPENSION OF SERVICE PROVIDERS FOR POOR PERFORMANCE AND OTHER BREACHES

(1) Any failure to fulfil the deliverables in line with the contract or service levels constitutes a material breach or poor performance which will result in the termination of the contract and/or sanctions will be imposed in the form of suspension from the database.

(2) Such sanctions will have variation in the periods of suspension based on the gravity of the breach.

(3) The municipality must consider imposing following sanctions, subject to sub-clause (2) above:

a) 6 months for non-declarations of relative/spouse within the municipality;

b) 12 months for misleading information provided to the municipality; and

c) 24 months for certain or above a certain threshold value based.

d) All the above will be applicable based on the gravity of the poor performance and will be analysed on a case-by-case basis co-ordinated by the Contract Management Section.

58. CONDONATION OF POLICY CONTRAVENTIONS

(1) Council may condone a contravention in terms of this Policy, provided that such contravention is also not a contravention of the Act or the Municipal Supply Chain Management Regulations, 2005

(2) Any expenditure relating to such condonation by Council in terms of this Policy, will not constitute irregular expenditure as contemplated under section 1 of the Act.

(3) Contraventions of the Act relating to supply chain management or the Municipal

Supply Chain Management Regulations, 2005 must be dealt with in terms of section 32 and section 170 of the Act.

59. GENERAL

The Framework for Infrastructure Delivery and Procurement Management (FIDPM) and relevant Circular is attached as Annexures A and B respectively, depending on the ability of Stellenbosch Municipality to implement the content of the Framework, only those parts that are practically implementable will be applied. The proper assessments will be done accordingly.

60. SHORT TITLE

(1) This policy is called the Stellenbosch Municipality Supply Chain Management Policy.

Annexure A

Local Government Framework for Infrastructure Delivery and Procurement Management

Date of issue: 01 July 2022

7. CONCLUSION **11**

Foreword

In 2012, the Infrastructure Delivery Management System (IDMS) was adopted as the chosen government wide system for infrastructure delivery in South Africa. In the same year (2012), the National Treasury, together with the eight metropolitan municipalities, initiated the customisations of the IDMS for implementation by municipalities. The product of that engagement became the Cities Infrastructure Delivery Management Toolkit (CIDMT), focusing mainly on cities or metros.

In order to establish a common approach to infrastructure delivery across all organs of state, the Standard for Infrastructure Procurement and Delivery Management (SIPDM) was issued for adaptation and adoption by municipalities in terms of Circular 77.

In the process of implementing and institutionalising the SIPDM, institutions expressed concerns regarding the operational challenges imposed by aspects of the SIPDM. This constraint was further compounded when the Preferential Procurement Regulations, 2017 were promulgated and effected, resulting in conflict between the SIPDM and the Regulations.

The National Treasury, in consultation with relevant stakeholders, initiated the SIPDM review process, which resulted in the development of the Local Government Framework for Infrastructure Delivery and Procurement Management (LGFIDPM). The LGFIDPM provides for minimum requirements for effective governance of infrastructure delivery and procurement management. It also recognises the different capacities in the various categories of municipalities and therefore requests municipalities to review their institutional and capacities before adapting and adopting this model.

Introduction

a) The Integrated Development Plan (IDP) is the principal strategic planning instrument for municipalities. The IDP process requires a robust process of gathering and synthesising information related to the medium to long-term management of the municipality's infrastructure needs.

b) The preparation of Roads and Storm Water Services, Water and Sanitation Services, Waste Disposal Services, Electricity Services and Community Facilities and Municipal Buildings, Infrastructure Asset Management Plans (IAMPs) enables municipalities to rank projects and determine budgets, based on a holistic view of local needs and priorities; and serves as a source of valuable information in preparing the IDP.

c) Through the Infrastructure Delivery Management System, Cities Infrastructure Delivery Management System was developed to provide a holistic system for the management of infrastructure based on the requirements of SANS 55001: Asset management tailored for application in South African metropolitan spaces and specifically in support of the country's spatial transformation agenda.

d) There is need to develop an infrastructure delivery management system tailor-made for all municipalities (excluding cities) which should integrate asset management strategy, policy to guide infrastructure planning, delivery management and decision making. The LGFIDPM introduces the initial process focusing on the project processes of the infrastructure delivery management and infrastructure procurement.

e) The Framework for Infrastructure Procurement Management should be implemented together with the project management processes, to ensure alignment, integration and efficient and effective service delivery.

1. Scope

1.1. The Local Government FIDPM applies to organs of state which are subject to the Municipal Finance Management Act (MFMA).

1.2. The Framework provides minimum requirements for the implementation of Infrastructure Delivery and Procurement Management through the:

a) Project processes for infrastructure delivery management, and

b) Infrastructure procurement gates.

1.3. The Framework specifies the allocation of responsibilities for performing activities and making decisions at project stages and procurement gates.

2. Terms and Definitions

Approved: Officially agreed and signed-off by an Accounting Officer or a delegated person / body.

Construction: Everything constructed or resulting from construction operations.

Employer: Organ of state intending to, or entering into, a contract with a contractor.

Gate: A control point at the end of a process where a decision is required before proceeding to the next process or activity.

Gateway review: An independent review of the available information at a gate upon which a decision is made whether to proceed to the next process, or not.

Infrastructure:

a) Immovable asset, which is acquired, constructed or results from construction operations; or
b) Movable asset, which cannot function independently from purpose-built immoveable asset(s).

Infrastructure delivery: The combination of all planning, technical, administrative and managerial actions associated with the construction, supply, refurbishment, rehabilitation, alteration, maintenance, operation or disposal of infrastructure.

Infrastructure procurement: The procurement of goods or services, including any combination thereof, associated with the acquisition, refurbishment, rehabilitation, alteration, maintenance, operation or disposal of infrastructure.

Organ of State: Any department of state or administration in the national, provincial and local sphere of government.

Procurement strategy: The selected packaging, contracting, pricing and targeting strategy and procurement procedure for a particular procurement.

Project: A unique set of processes consisting of coordinated and controlled activities with start and end dates, performed to achieve the project objective.

Stage: A collection of periodical and logically related activities in the Project Management Control Stages, that culminates in the completion of an end of stage deliverable.

4. NORMATIVE REFERENCES

4.1 Acts of Parliament

The following referenced Acts of Parliament are indispensable in the application of this document:

- Architectural Profession Act, 2000 (Act No. 44 of 2000)
- Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003)
- Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996)
- Construction Industry Development Board Act, 2000 (Act No. 38 of 2000)
- Division of Revenue Act (Annual)
- Engineering Profession Act, 2000 (Act No. 46 of 2000)
- Landscape Architectural Profession Act, 2000 (Act No. 45 of 2000)
- Municipal Finance Management Act, (No. 56 of 2003)
- Local Government: Municipal Systems Act, 2000 (Act No. 32 Of 2000)
- National Archives and Record Services of South Africa Act, 1996 (Act No. 43 of 1996)
- Occupational Health and Safety Act, 1993 (Act No. 85 of 1993)
- Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000)
- Project and Construction Management Professions Act, 2000 (Act No. 48 of 2000)
- Public Finance Management Act, 1999 (Act No. 1 of 1999)
- Quantity Surveying Profession Act of 2000 (Act No. 49 of 2000)
- Other Sector Specific Acts of Parliament.

4.2 Regulations issued in terms of the MFMA and MFMA Circulars

- Regulations issued in terms of the MFMA
- Preferential Procurement Policy Framework Act Regulations (PPPFA of 2017 or as amended from time to time) and circulars.

4.3 Standards

- Applicable Construction Industry Development Board Standard for Uniformity
- Construction Sector Code.

4.4 Management System

- Infrastructure Delivery Management System (IDMS)
- Cities Infrastructure Delivery Management Toolkit (CIDMT).

4.5 National Treasury Guidelines

- Local Government Capital Asset Management Guideline and Planning Guidelines
- Budget Facility for Infrastructure (BFI).

4.6 Department of Cooperative Governance and Traditional Affairs Guidelines

- Guidelines for Infrastructure Asset Management in Local Government.

5. FRAMEWORK FOR INFRASTRUCTURE DELIVERY

5.1 The Infrastructure Delivery Management Project Processes

a) The project process of infrastructure delivery management contains control stage deliverables at the end of each stage. Table 1 outlines the stage deliverables that must be approved. The control stages are specific to project management processes; and outline and describe the stages in the life of a project from start to end. The specific stages are determined by the specific project's governance and control needs. The stages follow a logical sequence with a specified start and end. The deliverable is considered to have passed through the relevant stage when it is approved and signed off. The project then moves on to the next sequential stage. It is expected that the municipality's organisation reflects an engagement between the Budget Treasury Office, Engineers and Planners when developing and approving projects. It is also expected that there should be engagements with the National and Provincial Treasury where appropriate or where projects dictate so.

Table 1: Project stage deliverables

Stage		**Project Stage Deliverables**
No	**Name**	**End of Stage Deliverables**
1	**Initiation**	**Initiation Report or Pre-feasibility Report** (i) The Initiation Report defines project objectives, needs, acceptance criteria, organisation's priorities and aspirations, and procurement strategies, which set out the basis for the development of the Concept Report. Or (ii) A Pre-feasibility Report is required on Mega Capital Projects, to determine whether to proceed to the Feasibility Stage; where sufficient information is presented to enable a final project implementation decision to be made. Mega capital projects should be determined in the municipality's policy approved by the Municipal Council. **Stage 1 is complete when the Initiation Report or Pre-feasibility Report is approved.**
2	**Concept**	**Concept Report or Feasibility Report** (i) The Concept Stage presents an opportunity for the development of different design concepts to satisfy the project requirements developed in Stage 1. This stage presents alternative approaches and an opportunity to select a particular conceptual approach. The objective of this stage is to determine whether it is viable to proceed with the project, premised on available budget, technical solutions, time frame and other information that may be required. (ii) The Concept Report should provide the following minimum information:

Stage		Project Stage Deliverables
No	**Name**	**End of Stage Deliverables**
		a) Document the initial design criteria, cost plan, design options and the selection of the preferred design option; or the methods and procedures required to maintain the condition of infrastructure, or the project. b) Establish the detailed brief, scope, scale, form and cost plan for the project, including, where necessary, the obtaining of site studies and construction and specialist advice. c) Provide an indicative schedule for documentation and construction, or maintenance services, associated with the project. d) Include a site development plan, or other suitable schematic layouts, of the works. e) Describe the statutory permissions, funding approvals and utility approvals required to proceed with the works associated with the project. f) Include a baseline risk assessment for the project and a health and safety plan, which is a requirement of the Construction Regulations issued in terms of the Occupational Health and Safety Act. g) Contain a risk report, need for further surveys, tests, investigations, consents and approvals, if any, during subsequent stages. (iii) A Feasibility Report must provide the following minimum information: a) Details regarding the preparatory work covering: • A needs and demand analysis with output specifications. • An options analysis. b) A viability evaluation covering: • A financial analysis. • An economic analysis, if necessary. c) A risk assessment and sensitivity analysis; d) A professional analysis covering: • A technology options assessment. • An environmental impact assessment. • A regulatory due diligence. e) An implementation readiness assessment covering: • Institutional capacity. • A procurement plan. **Stage 2 is complete when the Concept Report or the Feasibility Report is approved.**
3	**Design Development**	**Design Development Report** (i) The Design Development Report must, as necessary: a) Develop, in detail, the approved concept to finalise the design and definition criteria.

Stage		Project Stage Deliverables
No	**Name**	**End of Stage Deliverables**
		b) Establish the detailed form, character, function and costings. c) Define the overall size, typical detail, performance and outline specification for all components. d) Describe how infrastructure, or elements or components thereof, are to function; and how they are to be safely constructed, be commissioned and be maintained. e) Confirm that the project scope can be completed within the budget, or propose a revision to the budget. **Stage 3 is complete when the Design Development Report is approved.**
4	**Design Documentation**	**Design Documentation** (i) Design documentation provides: a) the production information that details performance definition, specification, sizing and positioning of all systems and components that will enable construction; b) the manufacture, fabrication and construction information for specific components of the work, informed by the production information. **Stage 4 is complete when the Design Documentation Report is approved.**
5	**Works**	**Completed Works capable of being used or occupied** (i) Completion of the Works Stage requires: a) Certification of the completion of the works in accordance with the provisions of the contract; or b) Certification of the delivery of the goods and associated services in accordance with the provisions of the contract. **Stage 5 is complete when the Works Completion Report is approved.**
6	**Handover**	**Works which have been taken over by the user or owner; Completed Training; Record Information** (i) The handover stage requires the following activities to be undertaken: a) Finalise and assemble record information which accurately reflects the infrastructure that is acquired, rehabilitated, refurbished or maintained; b) Hand over the works and record information to the user organisation and, if necessary, train end user staff in the operation of the works. **Stage 6 is complete when the Handover/Record Information Report is approved.**
7	**Close-Out**	**Defects Certificate or Certificate of Final Completion; Final Account; Close-Out Report**

Stage		Project Stage Deliverables
No	**Name**	**End of Stage Deliverables**
		(i) The Close-Out Stage commences when the end user accepts liability for the works. It is complete when: a) Record information is archived; b) Defects certificates and certificates of final completion are issued in terms of the contract; c) Final amount due to the contractor is certified in terms of the contract; d) Close-Out Report is prepared by the Implementer and approved by the Municipality. **Stage 7 is complete when the Close-out Report is approved.**

b) Procurement of PSPs and Contractors can occur at different points in the project stages.

c) Additional stages may be added to the described stages above, if deemed necessary. For example, additional stages could include those necessary to ensure that project activities are appropriately carried out and stages linked. Contract activities would, in many instances, be contingent upon the requirements of the specific contract being used.

d) For project progress using the project stages, reporting must be for the deliverable achieved in the stage immediately prior to the 'in progress' stage. For example, if a project is shown as being at Stage No. 3 (Design Development), it implies that the deliverable for Stage No. 2 (i.e. the Concept Report) has been achieved; and that the deliverable for Stage 3 (i.e. the Design Development Report) is in the process of being prepared.

e) Where an organ of state engages another organ of state to provide agency services, a service delivery agreement must be developed that outlines the roles and responsibilities for each organ of state; and establishes a relationship between the client and the implementer. The development of all deliverables should be carried out in a cooperative and consultative manner between the Client and Implementer parties. All deliverables must be developed and signed off in compliance with the specific service delivery agreement.

5.2 Gateway Reviews

5.2.1 Gateway reviews for mega capital projects

(i) The MFMA (Act 56 of 2003), section 19 (2) states: "Before approving a capital project in terms of subsection (1)(b), the council of a municipality must consider the projected cost covering all financial years from the start until the project is operational; and the future operational costs and revenue on the project, including municipal tax and tariff implications."

(ii) The LGFIDPM prescribes the Gateway Review at the end of stage 2, as the minimum requirement to comply with section (i) above.

(iii) The focus of such a review must be on the quality of the documentation in the first instance, and thereafter on:

a) Deliverability: the extent to which a project is deemed likely to deliver;

b) Expected benefits: within the declared cost, time and performance area;

c) Affordability: the extent to which the project's level of expenditure and financial risk can be accepted, given the organisation's overall financial position, both singly, and when considering its other current and projected commitments; and

d) Value for money: The optimum combination of whole life costs and quality (or fitness of purpose), to meet the user's requirements.

(iv) A gateway review team must comprise of not less than three persons who are neither involved, nor associated with the project, but have a broad understanding of the subject matter.

(v) A gateway review must be led by a person who has experience in the planning of infrastructure projects and is registered as a professional with a statutory council under the built environment professions. The members of the team must, as relevant, have expertise in the key technical areas, cost estimating, scheduling and implementation of similar projects.

(vi) It is the duty of the institution's Accounting Officer or Authority to appoint a team responsible for the gateway review of his or her institution.

(vii) The gateway review team must base its findings primarily on:

a) The information contained in the end-of-stage deliverable;

b) Supplementary documentation, if any, provided by key staff and obtained during an interview process; and

c) Interviews with key staff members and stakeholders.

(viii) The gateway review team must issue a report at the conclusion of a gateway review, which reflects the team's assessment of the information at the end of a stage; and provides findings or recommendations on areas where further work should be undertaken to improve such information.

(ix) The gateway review findings must be classified by the gateway review team as:

a) Critical: Findings that pose adverse effect to the project or package. Critical findings are findings related to the stage deliverable that are wholly unacceptable.

b) Major: Findings that pose a potentially adverse effect to the project or package. Major findings are serious findings and are in direct violation of key legislation, e.g. The Constitution of the Republic of South Africa, the MFMA or the PPPFA.

c) Minor: Findings that do not pose any adverse effect to the project or package. Minor findings indicate the need for improvement of practices and processes.

(x) A Stage 2 deliverable must not be approved until such time that all findings have been resolved.

6. FRAMEWORK FOR INFRASTRUCTURE PROCUREMENT

6.1 INTRODUCTION

The framework for infrastructure procurement outlines the minimum infrastructure procurement policy requirements for municipal planning and implementation.
The strategic direction set in the Integrated Development Plan (IDP) informs the framework for infrastructure procurement. For example, procurement strategies must be aligned to the municipality's developmental and internal transformation needs, as specified in the IDP.

6.2 MINIMUM REQUIREMENT FOR INFRASTRUCTURE PROCUREMENT

6.2.1 Infrastructure procurement must be undertaken in accordance with all applicable Infrastructure Procurement related legislation and this Framework.
6.2.2 Infrastructure procurement must be implemented in accordance with the institutional Supply Chain Management System, which promotes differentiated procurement for infrastructure.
6.2.3 Infrastructure procurement must be implemented in accordance with the procurement gates prescribed in clause 6.3 below.
6.2.4 The Accounting Officer must ensure that a budget is available for the duration of the project, in line with MFMA provisions for capital and operating budgets.
6.2.5 The Accounting Officer must ensure that cash flow management processes are in place to meet payment obligations within the time periods specified in the contract.
6.2.6 Procurement gates provided in 6.3 below must be used, as appropriate, to:
a) Authorise commencement of activities that lead to the next control gate;
b) Confirm conformity with requirements; and/or
c) Provide information to eliminate any cause of non-conformity and to prevent reoccurrence.
6.2.7 The authorisation to proceed to the next procurement gate must be given by a delegated person or body. The delegated person or body must be able to apply relevant built environment knowledge and skill to achieve the intended results required at the relevant procurement gate. The level of detail contained in the documentation on which a decision to proceed to the next procurement gate is made, must be sufficient to enable an informed decision.
6.2.8 The Accounting Officer must develop and implement effective and efficient emergency procurement procedures, including relevant approval delegation, in compliance with relevant legislation.
6.2.9 The Accounting Officer must develop and implement an effective and efficient infrastructure disposal policy in line with the Municipal Asset Transfer Regulations. The institution may consider disposal strategies aligned to their internal disposal policy, prior to proceeding with the procurement strategy.
6.2.10 The Accounting Officer must keep records of Procurement Gate Approvals, in a manual or electronic format, with the following minimum requirements:
a) Procurement gate;
b) Delegated person/s or body;
c) Date on which the approval request was received;
d) Date on which the approval was actioned; and
e) Signature of the delegated person or body.
6.2.11 All assets must be recorded in the municipal asset register as required by the GRAP standards.

6.3 Infrastructure Procurement Gates

6.3.1 Procurement **Gate 1 (PG 1)**

a) Initiate a procurement process;

b) **Minimum Requirement for PG 1:**

1) Establish and clarify the procurement need, aligned to the municipality's development and transformation priorities specified in the IDP.
2) Determine a suitable title for the procurement, to be applied as the project description.
3) Prepare the broad scope of work for the procurement.
4) Perform market analysis.
5) Estimate the financial value of proposed procurement and contract for budgetary purposes, based on the broad scope of work.
6) Confirm the budget.
7) Compliance with section 33 of the MFMA with respect to community and stakeholder consultation.

c) **PG 1 is complete when a designated person or body makes the decision to proceed/not to proceed, with the procurement of the infrastructure.**

6.3.2 Procurement **Gate 2 (PG 2)**

a) Approve procurement strategy to be adopted.

b) **Minimum Requirement for PG 2:**

1) Develop a procurement strategy aligned to the institutional procurement strategy:
   a. Establish contracting and pricing strategy comprising of an appropriate allocation of responsibilities and risks; and the methodology for contractor payments.
   b. Identify service required for works.
   c. Decide on contracting strategy.
   d. Decide on pricing strategy.
   e. Decide on form of contract.
   f. Establish opportunities for promoting preferential procurement in compliance with legislative provisions and the Construction Sector Code.

c) **PG 2 is complete when a delegated person or body approves the procurement strategy that is to be adopted.**

6.3.3 Procurement **Gate 3 (PG 3)**

a) Approve procurement documents.

b) **Minimum requirements for PG 3:**

1) Prepare procurement documents that are compatible with:
   (i) approved procurement strategies.
   (ii) project management design documentation.

c) **PG 3 is complete when the Bid Specification Committee approves the procurement document. .**

6.3.4 Procurement **Gate 4 (PG 4)**

a) Confirm that cash flow processes are in place to meet projected contractual obligations.

b) **Minimum requirement for PG 4**

1) Confirm that cash flow processes are in place to meet contractual obligations.
2) Establish control measures for settlement of payments within the time period specified in the contract.

c) **PG 4 is complete when a delegated person or body confirms in writing that cash flow processes are in place; and control measures are established for the procurement to take place.**

6.3.5 Procurement **Gate 5 (PG 5)**

a) Solicit tender offers.

b) **Minimum requirements for PG 5**

1) Invite contractors to submit tender offers.
2) Receive tender offers.
3) Record tender offers.
4) Safeguard tender offers.

c) **PG 5 is complete when tender offers received are recorded and safeguarded by a delegated person from the SCM unit.**

6.3.6 Procurement **Gate 6 (PG 6)**

a) Evaluate tender offers premised on undertakings and parameters established in procurement documents.

b) **Minimum Requirement for PG 6:**

1) Determine whether tender offers are complete.
2) Determine whether tender offers are responsive.
3) Evaluate tender submissions.
4) Review minimum compliance requirements for each tender.
5) Perform a risk analysis.
6) Prepare a report on tender offers received, and on their achievement of minimum compliance.

c) **PG 6 is complete when the chairperson of the Bid Evaluation Committee approves the BEC report.**

6.3.7 Procurement **Gate 7 (PG 7)**

a) Award the contract.

b) **Minimum Requirement for PG 7:**

1) Bid adjudication committee review of the BEC evaluation report.
2) Bid Adjudication Committee makes an award.
3) Accounting Officer approval of the tender process.
4) Notify successful tenderer and unsuccessful tenderers of the outcome.
5) Sign contract document.
6) Formally accept tender offer.

c) **PG 7 is complete when the Accounting Officer, or the Bid Adjudication Committee where delegated, confirms that the tenderer has provided evidence of complying with all requirements stated in the tender data and formally accepts the tender offer in writing, and issues the contractor with a signed copy of the contract.**

6.3.8 Procurement **Gate 8 (PG 8)**

a) Administer and monitor the contract.

b) **Minimum Requirements for PG 8:**

1) Finance department to:

(i) Capture contract award data.

(ii) Manage cash flow projection.

(ii) Administer contract in accordance with the terms and provisions of the contract.

2) Delivery department to:

(i) Ensure compliance with contractual requirements.

c) **PG 8 is complete when a delegated person captures the contract completion/termination data (close out reports and relevant documents), including payment certificates due.**

7. Conclusion

It is advised that municipalities and municipal entities review this document from a practical implementation perspective and amend its SCM policies accordingly by inserting those parts that is practically implementable into the SCM Policy to be approved by the municipal council. You are also encouraged to share this with the relevant officials within the institution to ensure organisational awareness of this reform.

Annexure B

NATIONAL TREASURY

MFMA Circular No 106

Municipal Finance Management Act No. 56 of 2003

LOCAL GOVERNMENT FRAMEWORK FOR INFRASTRUCTURE DELIVERY AND PROCUREMENT MANAGEMENT

PURPOSE

In order to establish a common approach to infrastructure delivery across all organs of state, the Standard for Infrastructure Procurement and Delivery Management (SIPDM) was issued for municipalities and communicated in MFMA Circular 77.

In the process of institutionalising the SIPDM municipalities experienced challenges with some aspects thereof. The reforms to the Preferential Procurement Regulations, 2017 which was promulgated and effected also had an impact on the earlier reform.

The National Treasury, in consultation with relevant stakeholders, initiated the SIPDM review process which resulted in the development of the Local Government Framework for Infrastructure Delivery and Procurement Management (LGFIDPM). The LGFIDPM introduces minimum requirements for effective governance of infrastructure delivery and procurement management.

BACKGROUND AND DISCUSSION

In 2012, the Infrastructure Delivery Management System (IDMS) was adopted as the chosen government wide system for infrastructure delivery in South Africa. In the same year (2012), the National Treasury, together with the eight metropolitan municipalities, initiated the customisation of the IDMS for implementation by municipalities. The product of that engagement became the Cities Infrastructure Delivery Management Toolkit (CIDMT), focusing mainly on metropolitan municipalities.

The Planning Commission's National Development Plan 2030: *Our future-make it work* proposes that the following five areas be focused on in designing a procurement system that is better able to deliver value for money, while minimising the scope for corruption:

8. differentiate between the different types of procurement which pose different

challenges and require different skills sets;

9. adopt a strategic approach to procurement above the project level to balance competing objectives and priorities rather than viewing each project in isolation;

10. build relationships of trust and understanding with the private sector;

11. develop professional supply chain management capacity through training and accreditation; and

12. incorporate oversight functions to assess value for money.

National Treasury's 2015 Public Sector Supply Chain Management Review expressed the view that supply chain management (SCM) is one of the key mechanisms enabling government to implement policy which traditionally has been misunderstood and undervalued. This Review, which identified the need for SCM reform, suggests that if such reforms are implemented as envisaged in terms of section 217 of the Constitution, the benefits will be enormous and include, amongst others:

f) good quality service delivery will be increasingly possible, with significant improvements in the welfare of citizens, especially the poor who rely heavily on government for support;
g) the economy will grow as economic infrastructure is expanded and efficiently maintained;
h) goods, services and infrastructure will be bought at lower costs;
i) innovation will result in different approaches to the commodities used in some sectors; and
j) for suppliers, the cost of doing business with the state should decrease substantially.

There is a need to develop an infrastructure delivery management system tailor-made for municipalities and municipal entities which integrate asset management strategy, policy to guide infrastructure planning, delivery management and decision-making. The LGFIDPM introduces this and focuses on the implementation of project processes and infrastructure procurement that forms part of the infrastructure delivery management.

Due care and focus must be given to addressing institutional arrangements, internal controls, and gaps to ensure value is extracted from this reform.

CONCLUSION

This MFMA Circular provides the basis for municipalities and municipal entities to establish an appropriate system for implementation of the project process and infrastructure procurement in the infrastructure delivery management value chain.

Accounting officers of municipalities and municipal entities are therefore advised to bring the contents of this Circular and the LGFIDPM annexure to the attention of their respective municipal councils, board of directors of municipal entities, and to expedite the process to amend and align their SCM policies accordingly. This will require undertaking a proper assessment of its ability to implement the content of the Framework and to only insert those parts that is practically implementable into the SCM Policy, to be approved by the municipal council.

Therefore, municipalities and municipal entities are advised to customise the model policy to suit the specific needs of its environment before tabling it in the municipal council and municipal entity board for adoption.

It is envisaged that a phase-in process will be considered by municipalities and municipal entities, however, it is expected that this be implemented as soon as possible.

This Circular replaces MFMA Circular 77.

3.18 Routine Maintenance Work 20
3.19 Backfilling and Reinstatement 20
3.20 Certificate of Completion 21
3.21 Policy Enforcement 21
3.22 Exemption, Appeal and Revoking 22

1. INTRODUCTION

1.1 Legal Context

In terms of S151 of the Constitution of the Republic of South Africa, 108 of 1996, a municipality has the right to govern on its own initiative, the local government affairs of its community, subject to national and provincial legislation.

S156 of the Constitution grants the municipalities the right to administer the local government matters listed in Schedule 5B, which include municipal roads. A municipality may make by-laws for the effective administration of municipal roads.

This Policy will be converted into municipal by-laws to give it legal effect.

1.2 Need for Co-ordination

The collective value of services infrastructure contained within the Public Road Reserve and the road itself amounts to a considerable value. This infrastructure needs to be maintained, periodically rehabilitated and replaced from time to time. Such activities can result in considerable delays, inconvenience, danger and additional costs to the road users and Municipality itself if not well planned and coordinated. The potential damages that can be suffered by either party include:

- Damage to roads and other Services;
- Damage to vehicles;
- Injury to vehicle occupants or pedestrians;
- Reduction of the useful life of the road, footway or other Services; and
- Time and social costs caused by delays.

It is apparent that careful control and co-ordination of all Work in the public road reserves is a prerequisite for effective service delivery. This responsibility resides with The Stellenbosch Municipality and its Service Departments to continuously improve their capability to provide such services.

Being the custodian of all municipal Road Reserves, the Infrastructure Services Directorate – Roads, Transportation and Stormwater Sub-Unit within The Stellenbosch Municipality initiated a programme to establish the necessary co-ordination activities and policies regarding Work in the public road reserves. This document is the first deliverable of the programme. It attempts to provide a basic framework for ensuring proper co-ordination and co-operation between the various departments as well as external parties who conduct Work in the public road reserves.

The document was prepared with the aim to minimise the effect of all Work in the public road reserves to the benefit of all concerned and in particular the ratepayers, road users (motorists and pedestrians), and eventually the coordinating body within The Stellenbosch Municipality. Included in this document are the procedures to apply for, process and approve Wayleaves, procedures to follow for undertaking and completion of Work, as well as a reference to specifications according to which the Work must be done.

This initiative can only succeed if all internal and external parties that work in the public road reserves constructively cooperate by working according to this Code and by providing feedback on how the system can be improved.

1.3 Establishing a Service Co-ordinator

The Infrastructure Services Directorate has identified that this co-ordination function will need to:

- Improve the interdepartmental communication on annual Work plans and the execution of such Work;
- Coordinate and regulate all Work carried out within the public road reserves;
- Minimise the danger and inconvenience to the public;
- Minimise the damage to existing Services;
- Reduce the number of legal claims; and,
- Promote the use of technology, such as Geographical Information Systems (GIS) to locate Services.

In order to effectively implement and sustain such a function a Service Co-ordinator and a Quality Control Engineer (collectively the Asset Management & Wayleaves section) are being established within The Stellenbosch Municipality. The four essential tasks that must be accomplished in the process of establishing the Service Coordinator and the Quality Control Engineer are:

- Establishing the necessary Council Policy in this regard (covered by this document);
- Establishing effective and simplistic procedures (covered by this document);
- Establishing effective Municipal Bylaws (future activity); and,
- Establishing an effective Organisational Structure (future activity).
- Proper record-keeping of each approval and work done on-site (future activity).

The process to develop the Policy included the following activities:

- Identifying and documenting the Stellenbosch Municipality requirements in terms of the Policy and procedures;
- Identifying representatives for both internal and external stakeholders to participate in the policy formulation process;
- Researching existing documentation and other information sources as provided by the Stellenbosch Municipality and representatives;
- Developing of a draft Policy and Procedures;
- Facilitating workshops on the document; and
- Finalising documentation and getting approval from the Stellenbosch Municipality Council.

1.4 Document Structure

This document is organised into three sections. The following is a brief description of each section:

Section 1 – Introduction: This section aims to illustrate the need for coordination and responsibility of the custodian of the public road reserves to coordinate. It continues by explaining the development approach that was followed.

Section 2 – Definitions: This section is a summary of definitions of terms used throughout the document.

Section 3 – Policy: The Wayleave Policy as adopted by Council is explained under a collection of topics, including the Basic Wayleave Procedure. This structure was used in order to simplify the use of the document.

1.5 Supporting Documents

Three supporting documents, which documents are incorporated and form part of this Policy.

- The General Conditions relating to Wayleave Applications. These general conditions may be amended by the Service Co-ordinator depending on the nature of the Work to be carried out.
- Wayleave Work Permit/Approval form
- Services Verification Meeting Certificate
- Wayleave Guarantee Checklist
- Wayleave Tariffs
- Certificate of Completion

2. DEFINITIONS

The following words and phrases have the meaning assigned to them in this Code unless the context otherwise indicates:

"Authorised Agent" means an agent who is authorised by the Service Co-ordinator to perform specified Services;

"Backfilling" refers to the replacement of the structural layers in the trench or excavation and includes the base, sub-base, selected subgrade and subgrade, but excludes the surfacing (see Reinstatement);

"Certificate of Completion" means the document issued by the Professional Engineer appointed by the Wayleave Holder as proof that Work in the public road reserves has been completed according to the specifications of this document;

"Code" means the Policy for Work in the Public Road Reserve (PRR) as approved by the Council and as agreed to by the Parties including any appendices attached thereto;

"Council" means the Municipal Council of The Stellenbosch Municipality established by Provincial Notice No. 352 of 2000 dated 19 September 2000, as amended, or its successor in title, and any committee or person to which or whom an instruction has been given or any power, function or duty has been delegated or sub-delegated in terms of, or as contemplated in, section 59 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000);

"Distance of Excavation" means the shortest horizontal distance between the electrical equipment or electrical structure nearest to the excavation. "Electric structure" means any power line tower, electric pole, switch box, miniature substation fence or building or any other structure used in the distribution of electricity;

"Emergency Work" is defined as any Work that is required to prevent or end a dangerous situation, to prevent or end an unplanned interruption in the supply of a Service, or to avoid any substantial losses. It is important to note that a lack of proper planning of Work to be carried out will not justify Emergency Work and such activities will be stopped by the Service Coordinator;

"Lane Rentals" mean the rentals that are paid to the Service Coordinator by a Service Agency, excluding a Municipal Department, whose Work in the Public Road Reserve (PRR) results in time delay costs (TDC) being incurred by the users of the Public Road Reserve (PRR);

"Municipal Department" means any Department that belongs to or is controlled by the Council;

"Professional Engineer" means a person registered as a Professional Engineer/ Technologist in terms of the Engineering Professions Act, 2000, appointed and funded by the Wayleave Holder to ensure compliance with the Conditions of Approval of the Wayleave. Appointment of such a person is required to control the Works wherever any excavation is involved.

"Public Road Reserve" means the full width of a public road, and includes the verge and the roadway;

"Reinstatement" refers to replacing the bituminous surfacing, paving blocks or grass, as applicable, in the case of roads, footways and verges;

"Routine Maintenance Work" is defined as all types of Work involved in maintaining the services in the public road reserves and does not require excavation, traffic control or reinstatement activities;

"Security Deposit" means the refundable deposit required to be paid to the Municipality in respect of each Wayleave approval issued, either a fixed amount per the tariff register (for smaller projects), a percentage of the costs of the works to be undertaken or in an approved and valid form of bank guarantee;

"Service" means any system for supplying a public need that a Service Agency has on/in the Public Road Reserve (PRR);

"Service Agency" means any Municipal Department, Public Agency or utility that has a Service in the Public Road Reserve (PRR);

"Service Coordinator" means the person/official/institutional body established by the Council with the sole responsibility to carry out the administrative functions of receiving and processing applications for wayleaves, obtaining comments from the various internal and external service agencies, and (following the decision by the Strategic Management Committee) conveying this decision in writing to the Applicant, namely to approve with conditions, or reject with reasons, any application, and to provide record-keeping of each application and installation;

"Service-Sharing Installation" means installations of a service which are designed to utilise existing ducting or pipelines without the need for excavations, except minimal excavation/ construction at junctions or terminals;

"Quality Control Engineer" means the person/official/institutional body identified by the Stellenbosch Municipality to coordinate and regulate any work undertaken in those sections of the public road reserves that fall within the Municipal area of the Council;

"Wayleave" generally means the formal approval to carry out Work in the Public Road Reserve in specific positions and during a specific period.

"Wayleave Applicant" means the institution or Service Agency who currently owns or would own the future Service, who applies for a Wayleave;

"Wayleave Holder" means the person, institution or Service Agency who is in possession of a Wayleave Approval Document/Work Permit approved by the Service Co-ordinator;

"Wayleave Work Approval Document/ Work Permit" means the signed document/s issued by the Service Coordinator, detailing the Work which has been approved and the period during which the Work shall be carried out, and includes approved drawings/plans and Conditions of Approval;

"Work" in the Public Road Reserve means any activity, including the activities provided for in Section 1 of this Code, carried out within the Public Road Reserve. It includes any project related activities, irrespective of the size of the project.

3. POLICY

3.1 Overview

3.1.1 The coordination of Work in the public road reserves deals with two aspects, namely:

3.1.1.1 Planning the time schedule for future Work in the public road reserves so that the Work can be executed in a logical sequence, e.g. avoiding the placement of a Service in a road that was surfaced during the previous month. This could involve new construction, rehabilitation or Routine Maintenance Work; and

3.1.1.2 The application for and approval of a Wayleave for the execution of any Work in the public road reserves.

3.1.2 The co-ordination of Work schedules described under 3.1.1.1 above may result in specific co-ordination issues where the Service Co-ordinator, in consultation with the Quality Control Engineer, has to ensure that an acceptable solution is defined by the Service Agencies involved.

3.1.3 The role of the Quality Control Engineer is to facilitate coordination between the various Service Agencies. Each Service Agency will have its own project leaders and Professional Engineers. They are responsible for the implementation of their projects together with compliance with the Council's policies, procedures and standards.

3.1.4 The approval of a Wayleave means that:

3.1.4.1 The Wayleave Holder has permission to:

3.1.4.1.1 place a new Service in the Public Road Reserve;

3.1.4.1.2 do excavations in the Public Road Reserve;

3.1.4.1.3 do vehicular and pedestrian control in the Public Road Reserve; and,

3.1.4.1.4 do Reinstatement Work on the road and pavement surfaces where excavations have been made.

3.1.4.2 The Council intends to protect the new Service in its position in the public road reserves against damage by other parties while working in the public road reserves. However, it cannot be held responsible for any damages incurred.

3.1.4.3 The cost associated with relocating the Service when a road is widened or rebuilt remains with the Service Agency that owns the Service.

3.1.4.4 The cost to relocate a Service owned by the Council must be included in the project cost.

3.2 Planning Work Time Schedules

3.2.1 The necessary procedure that must be followed for planning the time schedule of future Work is as follows:

3.2.1.1 Within a designated time period from the approval of this Policy and publication of the by-laws each external Service Agency shall provide to the Council digital records for capture into the Council's GIS, of all of its services within the jurisdiction of Stellenbosch Municipality. This will form the basis for all future planning and updating of new installations.

3.2.1.2 By 30 March of each year, the various internal and external Service Agencies

shall submit Work Plans, for the next 1-year period to the Service Co-ordinator.

3.2.1.3 These Work Plans shall show:

a) The nature of the Work, e.g. the placement of new water main, or the replacement of a water/ sewer line.

b) The location of the Work in terms of street blocks and the side of the public road reserves where the Work will be executed, with due regard for the Councils typical cross-section for the public road reserves.

c) The extent of the Work, i.e. the start and end positions.

d) The planned timing of the Work, i.e. from month/year to month/year.

e) Reference to the Work in the latest approved Integrated Development Plan of Council if applicable.

3.2.1.4 The Service Coordinator, in consultation with the Quality Control Engineer, shall review the Work plans in order to determine possible conflicts in the planned Work.

3.2.1.5 Before the end of June each year the Service Coordinator, in consultation with the Quality Control Engineer, shall schedule a Service co-ordination meeting with the internal and external Service Agencies where the identified conflicts will be discussed and resolved.

3.2.1.6 A second co-ordination meeting may be held in July/August to resolve any changes that may have resulted out of the budget approval process.

3.3 Basic Wayleave Procedure

3.3.1 The basic procedure that is required for Work in the public road reserves is as follows:

3.3.1.1 Permission to work in the public road reserves must be obtained from the Service Coordinator through a formal Wayleave application in the form of a letter describing the Work to be done with details and design drawings/plans.

3.3.1.2 The Wayleave Applicant must firstly obtain Service plans, indicating the positions of existing Services from the Service Agencies identified by the Service Coordinator, where available. The Service plans must indicate the positions and type of Services in the area where Work will be undertaken. It may be necessary for the Applicant to carry out certain preliminary Work in order to determine precise positions and dimensions of any existing services which are not clear from the Service Plans which have been consulted.

3.3.1.3 The Service Coordinator shall arrange a Services Verification Meeting on behalf of the Wayleave Applicant to meet up with the necessary Service Agencies. This will help facilitate the process mentioned in 3.3.1.2. The Service Coordinator shall only arrange a Services Verification Meeting once the the Wayleave Applicant is in good standing with the Stellenbosch Municipality.

3.3.1.4 The Wayleave Applicant shall ensure that the control section on the Wayleave application form is signed by each Service Agency, indicating that in principle there is no objection to the issuing of the Wayleave, alternatively where there is an objection then detailed reasons and motivations for such objection must be given. This approval will be subject to technical compliance with the standards of the Service Agencies involved

as well as compliance with the standards of The Stellenbosch Municipality and the Work planned by the Council within the area under consideration.

3.3.1.5 Once the control section has been completed by all the Service Agencies, the application must be made for the issuing of a Wayleave Work Permit in accordance with the procedure set out in this document. No Work in the public road reserves may commence before a Wayleave has been approved and a Wayleave Work Permit issued for that Work

3.3.1.6 The Service Coordinator, in consultation with the Quality Control Engineer, will review the Wayleave application and prepare a report on the application, with recommendations.

3.3.1.7 The Service Co-ordinator shall submit the report to the Manager: Asset Management and Systems detailing the application, the various Service Agencies consulted, their comments received, confirmation of payment of the processing fees and the relevant security deposit, and confirmation of the appointment by the Applicant of a Professional Engineer or Technologist if any excavation is involved in the proposed Works, and after consultation with the Quality Control Engineer, the proposed decision, with conditions to be imposed upon approval, or the reasons for refusal.

3.3.1.8 Once approved, the decision to approve with conditions, or to refuse with reasons, shall be forwarded by the Service Co-ordinator to the Applicant. In the case of approval, the documents forwarded to the Applicant will include two copies of each of the letter indicating approval of the application and the conditions under which the approval is given, the signed approved plans, Signed Site Services Verification Certficate and the signed Wayleave Work Permit form. One copy of the letter of approval with Conditions imposed by Council together with the approved plans for a specific project must be signed as accepted by the Applicant and returned for filing.

3.3.1.9 The security deposit must be deposited in a Municipal suspense account for the purpose and will be used to correct unsatisfactory Work or reinstatements if need be.

3.3.1.10 The Work must be carried out according to this Policy, any other applicable laws and policies, and the procedures and specifications as referred to in the Conditions of Approval.

3.3.1.11 The Wayleave Work Permit and the Service plans of the Service Agencies must be kept on-site while the Work is in progress.

3.3.1.12 Additional copies of the Work Permit and approval documents may be obtained from the Service Coordinator if the Wayleave is applicable to more than one Work area or Work team.

3.3.1.13 Work will be stopped if either the Wayleave Work Permit or the Service plans are not available during inspections on-site or if any of the Wayleave Conditions are not being met. Work will be stopped until the required documents are available on site. Failure to comply with the Wayleave Conditions may impact other applications being made by the same Service Provider.

3.3.1.14 On completion of the Work, all trenches and excavations in the public road reserves must be Backfilled and Reinstated according to the specifications of the Quality Control Engineer, referred to by this document.

3.3.1.15 On completion of the Work and permanent Reinstatement, a Certificate of Completion signed by the Wayleave Holder's Professional Engineer must be sent to the Service Coordinator by the Wayleave Holder.

3.3.1.16 The Quality Control Engineer must review the Completion Certificate as well as carry out an inspection of the site after receiving the Completion

Certificate, and sign the certificate confirming that all conditions have been met.

3.3.1.17 The applicable guarantee period will be stated in the letter of approval/conditions (usually 12 months).

3.3.1.18 Work performed under an approved Wayleave can only be performed in normal working hours (Mondays – Thursdays 08:00-17:00 and Fridays 08:00-15h00). Working after hours, on public holidays or on the weekend is not permitted. Any work performed outside of business hours will attract a penalty as per the Municipal Tariffs. This penality will apply before any new applications will be accepted from the Wayleave Applicant or non-Wayleave Holder.

3.3.1.19 Where work in the road reserve has been performed without an approved wayleave, the penalty as per the Municipal Tariffs will apply. This penality will apply before any new applications will be accepted from the Wayleave Applicant or non-Wayleave Holder.

3.3.2 This Code applies to all persons that carry out Work in the public road reserves in the Municipal area of the Council, such as internal Municipal Departments, external organisations, Service Agencies and contractors. It does not apply to work in national or provincial Road Reserves within the judicial area of the Council.

3.4 Work in the Public Road Reserve

3.4.1 Work in the public road reserves includes the digging of trenches, tunnelling, erection of signboards, erection of structures, street shaping, planting of trees in the public road reserves and any other Work that may affect motorists, cyclists, pedestrians, the road, footways, kerbing, traffic signs, traffic signals, street lighting, underground or overhead Services or any other structure or Service that is contained within the public road reserves.

3.4.2 The types of Work that require approval from the relevant Service Agencies before a Wayleave is granted are deemed to be a provision of a new Service and will be conducted according to the procedures in Section 3.3 above. In general, such Work refers to the positioning of a new Service, excavation in the public road reserves, traffic control and Reinstatement of the roadway and pavements. Examples include inter alia:

3.4.2.1 Work relating to the installation or maintenance of underground or overhead Services by Council's Service Agencies like Roads and Transportation, Water and Sanitation, Electricity, Land and Environmental Planning and City Planning.

3.4.2.2 Work relating to the installation or maintenance of underground or overhead Services done by non-Council Service Agencies such as telecommunication, data cables, electricity, gas, oil and regional water supply.

3.4.2.3 The erection of structures that require approved building plans in terms of the National Building Regulations and Building Standards Act 103 of 1977;

3.4.2.4 The erection of advertising signs and structures that require approval in terms of the relevant by-laws;

3.4.2.5 Works in the public road reserves, such as the construction of new roads, road widening or accesses to developments, paving, bollards, garden walls, etc. undertaken by developers or private property owners;

3.4.2.6 The installation of new connection points for municipal Services, such as water, sewers, electricity and stormwater drainage from developments.

3.4.3 The types of Work for which prior approval from Service Agencies cannot be obtained due to the nature of the Work is deemed Emergency Work and must be undertaken according to the procedures set out in Section 3.17.

3.4.4 The types of Work that do not include any construction Work are deemed Routine.

3.4.5 Maintenance Work and must be executed according to the procedures set out in S

3.4.6 An application shall also be made in respect of Works classified as Service-Sharing Installations which involve minimal or no excavation. Only if there is absolutely no excavation involved does it become unnecessary to appoint a Professional Engineer to be in control of the Works.

3.5 Wayleave

3.5.1 All Work in the public road reserves is controlled by a Wayleave. A Wayleave is simply permission to work at a specified time in a specified area in the public road reserves according to approved conditions.

3.5.2 A Wayleave Application may be submitted for a small or large project that covers Work in any part of the Municipal Area, provided that the position and expected start/end dates of all Work in the public road reserves are adequately described under the description of the Work to be done.

3.5.3 General conditions are stated on the Wayleave form and may include, but are not restricted to, the following:

3.5.3.1 Description of Work to be done;

3.5.3.2 Timeframe within which the Work must be done;

3.5.3.3 Location of Work to be done. (Provision can be made for big projects with multiple locations. The scope of big projects must be limited to manageable portions from the Wayleave perspective. The Service Coordinator/Quality Control Engineer will be able to direct project managers in this regard;

3.5.4 Additionally, there may be Specific conditions relating to the Wayleave which will be stated on or referred to on the Wayleave. Such conditions may include:

3.5.4.1 Specific working conditions required in terms of the Occupational Health and Safety Act (Act no 85 of 1993);

3.5.4.2 Methods of Work execution in protected roads and precincts; and,

3.5.4.3 Reinstatement requirements.

3.5.4.4 A Wayleave Work Permit must be obtained before any approved Work may be done in the public road reserves.

3.5.5 To obtain a Wayleave, a Wayleave application form must be submitted, together with:

3.5.5.1 A traffic control plan showing how vehicular and pedestrian traffic will be accommodated during the execution of the Works in the public road reserves.

3.5.5.2 Two (2) copies of the design drawing/plans showing details of the proposed Work. An additional legible digital copy is also required.

3.5.5.3 Subject to 3.5.7 below, proof of payment of the required processing fee and the applicable deposit or submission of proof of sureties already held by the Council over the Work.

3.5.5.4 Proof of appointment of Professional Engineer or Technologist appointed to

monitor the construction and Reinstatement and to provide a Completion Certificate once completed.

3.5.5.5 Proof of appropriate public liability insurance and indemnity insurance.

3.5.6 Details required on the design drawing referred to in 3.5.5.2 are:

3.5.6.1 A clear depiction of the proposed Work.

3.5.6.2 Indication where Services are to be installed and the depth of the Service below the surface level of the relevant portion of the public road reserves.

3.5.6.3 Distance of the Service from the public road reserves boundary (i.e. the property boundary).

3.5.6.4 Position and extent of all structures, including underground structures such as manholes, chambers and junction boxes.

3.5.6.5 The location of all other Services in the public road reserves in relation to the proposed services to be installed. Services are located by obtaining information from the Service Agencies within the Council and by doing cross-cuts where required. The use of cross cuts, as explained in paragraph 3.14, is strongly recommended.

3.5.6.6 A Wayleave Work Permit will only be issued once all the requirements have been complied with and will be subject to any conditions specified in Section 3.3 and issued in terms of this Policy.

3.5.7 When the Wayleave Applicant is an internal Council Department, then the Wayleave Applicant shall provide a written assurance that they will be responsible for obtaining the deposit or proof of sureties (see 3.5.5.3) and the appointment, either internally or externally, of a suitably qualified engineer to supervise the project (see 3.5.5.4) that are required to protect the Council's interests.

3.5.8 The application for a Wayleave must be submitted timeously to ensure that the Wayleave can be issued before the Work is programmed to start. **WORK BEING CARRIED OUT IN THE PUBLIC ROAD RESERVE WITHOUT A WAYLEAVE MUST BE REPORTED TO THE SERVICE CO-ORDINATOR AND WILL BE STOPPED BY THE COUNCIL OFFICIAL ON SITE**. A copy of the Wayleave Work Permit and other documents as defined must therefore always be on site when Work is being done in the public road reserves.

3.5.9 The Service Coordinator will strive to limit the duration of the application review process to thirty (30) working days.

3.5.10 The Wayleave Holder accepts full responsibility for all costs (Refer to Section 3.10) associated with and resulting from the Work carried out in the public road reserves.

3.5.11 Only Work described in the Wayleave Work Permit may be executed. If the conditions on-site necessitate a deviation from the planned Work, the Service Coordinator must be informed before any work is done. These deviations may be in relation to the placement of the Service or the timing of the Works. The Service Coordinator may inform the Wayleave Holder of additional approvals that must be obtained from the Service Agencies affected by the deviation as well as further requirements in terms of drawings and specifications. Work will only be allowed to continue once the Service Co-ordinator is satisfied that all the additional requirements have been met.

3.5.12 The Wayleave Holder must complete the Work within the time specified on the Wayleave Work Permit or the approved time extension.

3.5.13 A Wayleave Holder who fails to complete the Work within the specified time window will be given a two (2) day notice period to either complete the Work or apply for a

time extension.

3.5.14 If upon expiry of the notice period referred to in 3.5.12 or 3.5.13 the Wayleave Holder is still in default, the Work will be stopped, and the Wayleave Holder will be given a further specific timeframe by the Quality Control Engineer to make the site safe. If the Wayleave Holder fails to do so the site may be made safe by the Quality Control Engineer, at the expense of the Wayleave Holder.

3.6 Existing Services and Planned Services

3.6.1 The Wayleave Applicant must submit Service drawings indicating the position of all Services in the area of Work with the Wayleave application form. This information is obtained from the relevant Service Agencies.

3.6.2 Service Agencies may require additional precautions relating to Work in the vicinity of their Services and must specify these in writing to the Wayleave Applicant.

3.6.3 As part of the Undertaking/Indemnity on the Wayleave application form, the Applicant has to confirm that the necessary information has been obtained from the Service Agencies and undertakes to adhere to the additional conditions laid down by the various Service Agencies. The control section on the Wayleave application form, signed by the Service Agencies, will serve as proof that the Service Agencies approved that a Wayleave Work Permit may be issued.

3.6.4 The Wayleave Applicant will verify with all Service Agencies whether future Work is planned for the area indicated in the Wayleave application. Such planned Work may dictate whether a Wayleave is approved and the conditions under which a Wayleave is approved. The planning horizon will depend on the planned life of the new Service as well as the Council's five year Work plan.

3.7 Road Categories

3.7.1 All roads are classified into one of the functional categories described below. The functional category of a road determines the Backfilling and Reinstatement specifications applicable to that road.

3.7.2 The following definitions apply for the road categories:

Category	Road Type	Administration
1	National Roads Primary – (inter) provincial Urban Freeway/Motorways	SANRAL PGWC PGWC
2	Primary – (inter) provincial Major (inter) urban arterials	PGWC PGWC
3	(Inter) district connectors Minor (intra) urban arterials	PGWC PGWC
4	Major and minor collectors Inter neighbourhood distributors Intra neighbourhood distributors	PGWC Service Coordinator (STM) Service Coordinator (STM)
5	Residential streets	Service Coordinator (STM)

3.7.3 All roads will be categorised into one of the above by the Council. For a specific road,

this information can be obtained from the Quality Control Engineer.

3.7.4 Work carried out on arterials, major collectors and central business district roads will be restricted to outside the following periods, namely from 6:30 to 09:00 and 15:30 to 18:00, to ensure the free flow of traffic during peak hours. These times apply seven days a week.

3.8 Restricted Roads

3.8.1 Over and above the road categories defined in Section 3.7 of this Code, certain roads are further classified as restricted roads (no-dig roads).

3.8.2 Restricted roads are roads across which no digging of trenches is permitted. A road is protected if it has been designated a restricted road by the Council. Roads are designated as restricted when they are of particular strategic importance (Categories 1 to 4 in the new road asset classification) or if they pose special engineering difficulties.

3.8.3 Any road that has been newly constructed, overlaid or resurfaced will be restricted for a seven (7) year period. A list of roads that falls in this category is available from the Quality Control Engineer.

3.8.4 If a road is restricted, it will be indicated as such on the Wayleave Work Approval/Permit.

3.8.5 Restricted roads may only be crossed using trenchless methods. If trenchless methods for some reason cannot be used, special permission to excavate must be obtained from the Quality Control Engineer. These road crossings will only be allowed after hours (Monday to Fridays 6 pm – 6 am, Saturday 2 pm to Monday at 6 pm).

3.8.6 For the purpose of planning Work done by Service Agencies, categories 4 and 5 may be regarded as unrestricted unless they have been newly constructed, overlaid or resurfaced and fall within the protected period and provided that the first 20m from an intersection with any other road category is considered to be restricted.

3.9 Protected Precincts

3.9.1 Works in protected precincts are subject to special trenching methods and care to ensure minimal damage to specialised and expensive material and furniture. The Quality Control Engineer will inform the Wayleave Applicant of the required methods and might request that a third-party contractor must be used to carry out the Work.

3.9.2 A list of protected precincts is available from the Senior Manager: Roads and Transport.

3.10 Costs

3.10.1 Administration & Supervision Fees

3.10.1.1 The administration and supervision fees are the tariff amounts that are payable by the Applicant upon submission of a Wayleave application form. These fee amounts will be determined by the Council on the recommendation of the Quality Control Engineer from time to time, and included in the Municipal Tariffs.

3.10.1.2 The administration and supervision fees covers the Council's costs for Work done by the Service Co-ordinator to process the Wayleave application.

3.10.2 Security Deposit

3.10.2.1 A refundable security deposit will be charged for each Wayleave being issued. Security deposits will not be charged for Work done by Internal Service Agencies (Council Departments) themselves.

3.10.2.2 The deposit amount will be based on a percentage of the value of Work to be carried out or the greatest value based on the on-site service verification, as per the Council's tariffs.

3.10.2.3 The Council will have the right to use the deposit to cover costs incurred by the Service Coordinator in relation to the Wayleave under consideration. This does not detract from the Municipality's legal remedies in enforcing this Policy or by-laws.

3.10.2.4 The responsibility remains with the Wayleave Holder to ensure that any of its contractors or agents engaged in the implementation of the Work is in possession of valid and sufficient public liability insurance. It is an express condition of this approval that the Wayleave Holder indemnifies and holds the Council harmless against any claims, demands or losses incurred as a result of any work performed in terms of the Application Form and under any Wayleave approval.

3.10.3 Reinstatement Cost

3.10.3.1 The total cost of the permanent Reinstatement on the site of the installation in terms of the Wayleave Approval/Work Permit will be borne by the Wayleave Holder plus 10% Administration Fee.

3.10.4 Other Costs

3.10.4.1 Other costs can result from any of the following:

3.10.4.1.1 Damages to existing Services;

3.10.4.1.2 Relocation of existing Services;

3.10.4.1.3 Testing of Services and Backfills;

3.10.4.1.4 Costs claimed by the Council's Municipal Traffic from external Service Agencies for loss in revenue due to disestablished parking bays;

3.10.4.1.5 Rentals (Lane rentals during construction and perpetual rental after completion of the Works); (See Tariff)

3.10.4.1.6 Services rendered by the Service Coordinator in completing Work or altering Work to conform to Wayleave specifications; and

3.10.4.1.7 Claims that may result from the Work. In this case, it is expressly recorded that the Wayleave Holder shall be responsible for any shortfalls in the Security deposit and insurances in respect of any claim arising from the execution of the Works;

3.10.4.1.8 Any penalties in terms of the Municipal tariffs (See Tariff).

3.10.4.1.9 Loss of income to the Council as a result of disestablished parking bays (See Tariff).

3.10.4.2 All such costs will be borne by the Wayleave Holder. An additional 10%

Wayleave Administration Fee will also apply.

3.10.4.3 A party wishing to dispute the costs charged to him as a result of any of the above reasons will do so at their own cost.

3.11 Traffic Control

3.11.1 It is the responsibility of the Wayleave Holder working in the public road reserves to ensure that all laws regarding traffic, safety, traffic signs and barricading are complied with while executing Work.

3.11.2 The Wayleave Holder working in the public road reserves shall, therefore, take all necessary measures and provide all necessary facilities to ensure an adequately safe and easy passage for traffic and pedestrians through areas in which Work is in progress, or is incomplete.

3.11.3 The Service Coordinator can request that a traffic management plan be submitted Manager: Transport, Roads and Stormwater for approval. Any such Approved Traffic Management Plan shall be kept available on site.

3.11.4 Traffic signs and barricading shall be done according to the latest edition of the Southern African Development Community Roads Traffic Signs Manual.

3.11.5 The Wayleave Holder must contact the relevant traffic authority to ensure that all requirements have been met for the particular location where the Work is being done and whether points-men will be required.

3.11.6 The importance of adequate traffic signs and barricading is emphasised. These measures are intended to ensure the maximum safety for motorists, pedestrians and workers and also the minimum disruption of vehicles and pedestrians. Worksites must be properly barricaded and signed irrespective of how long the Work will last. The safety precautions must be maintained for the full time that risks exist in the public road reserves due to Work being performed in the public road reserves.

3.12 Road Closure

3.12.1 The granting of a Wayleave does not give the Wayleave Holder the authority to close the road completely to traffic. Methods of construction and programmes of Work must, therefore, be determined on the basis that no road, or portion of the road, may be completely closed to traffic for any considerable period.

3.12.2 In exceptional circumstances, permission may be granted for the closure of a road or portion of the road to traffic. The Wayleave Holder must apply to the Council separately for approval two weeks prior to the road being closed. A road closure will be approved for a specific period only, i.e. from and to a specific time on a specific date and is only valid for that specific period. If the Work is not carried out in that period, an application for a new road closure will have to be made.

3.13 Lane Rental

3.13.1 Lane rental refers to the rental of space in the public road reserves for the storage of construction materials, site offices or the closure of lanes for a period exceeding two weeks.

3.13.2 Lane rental is managed by the Council's Roads and Transportation Division.

3.13.3 The rates for Lane Rentals are to be set by the Council and will be included in the

tariffs.

3.14 Preliminary Works and Cross-Cuts

3.14.1 In respect of all preliminary Work requested by the Service Agencies and cross-cuts, the specifications from the relevant Service Agencies and in this document must be adhered to before Work will be allowed to start. Such requests include inter alia that:

3.14.1.1 The Municipal Traffic Department must always be notified in writing seven (7) working days in advance by the Wayleave Holder.

3.14.1.2 The Service Coordinator and the contact person of each Service Agency involved must be informed 48 hours prior to commencing with the Work by the Wayleave Holder.

3.14.1.3 Alternatively, notice periods specified by the Service Agencies must be adhered to.

3.14.1.4 The Municipal Traffic Department must be requested to remove parking meter heads where Work necessitates the temporary disestablishment of parking bays with the due agreement for compensation in loss of revenue where applicable.

3.14.2 The Applicant may be required to do cross cuts in the area where Work is planned. The purpose of cross cuts is to establish and confirm the position of Services in areas where the information on Services are unclear.

3.14.3 A cross-cut is done by excavating a trench that runs from the verge of the road up to the property boundary, perpendicular to the normal direction of Services. Excavation must always be done by hand.

3.14.4 The minimum depth of the cross-cut trench is 1 meter below the lowest point of the public road reserves.

3.14.5 A separate Wayleave Work Permit approval needs to be obtained for prior preliminary or cross-cut Work to be undertaken.

3.14.6 A non refundable Roadway Open Trench Fee will apply as well as outlined in the Municipal Tariffs.

3.15 Excavations

The Wayleave Holder shall be responsible for ensuring that:

3.15.1 The area that is excavated must always be kept to a minimum. The width of the trench must be uniform in length and depth; in other words, the sides must be parallel and vertical. The top of the trench must be cut with a saw to ensure smooth, uniform edges.

3.15.2 All excavations must comply with the statutory requirements for health and safety. The Wayleave Holder must pay specific attention to:

3.15.2.1 Excavations must be executed according to the Occupational Health and Safety Act referred to in Section 5.

3.15.2.2 Excavations deeper than 1.5 m must be shored or V-cut according to the Occupational Health and Safety Act.

3.15.2.3 Excavations deeper than 1.5 m must be registered with the Department of Labour prior to commencement of the Work. The registration includes the

scope of the Work, depth of the trench and the construction method (shoring or V-cut method according to the Occupational Health and Safety Act).

3.15.3 The minimum depth that any Service may be placed under a road is 800 mm measured from the level of the surfacing of the road to the top of the Service. The minimum depth at any other place in the public road reserves, e.g. on a verge, is also 800 mm measured from the level of the surfacing of the road and not from natural ground level. Services not subject to being laid at a specific grade such as water pipes and cables should not be placed at depths in excess of the 800 mm as this could interfere with future Services that has to be laid at a specific grade, such as sewers and stormwater pipes.

3.15.4 All excavated material and equipment must be placed and demarcated in such a way as to cause the minimum disruption to vehicles and pedestrians.

3.15.5 The view of motorists must at all times be kept clear of any obstructions such as excavated material, road signs or hoardings.

3.15.6 Safe passage must be kept open for pedestrians at all times.

3.15.7 Excavation areas must be clearly demarcated with warning signs that allow ample time for motorists and pedestrians to alter their routes.

3.15.8 The Wayleave Holder is held responsible for any damage to existing Services. Services, indicated on the drawings or on-site by representatives from the relevant Service Agencies, must be opened by careful hand excavating. If the Services cannot be found, the relevant organisation must be contacted again for further instructions. Under no circumstances may a Wayleave Holder excavate with mechanical equipment before known Services have been found and marked. When found, Services must be marked and protected or supported as required by the owner. If Services need to be relocated, instructions from the owner must be followed carefully. The Wayleave Holder will be responsible for all relocation costs. If any Service is damaged as a result of the Work, the relevant Service Agency and the Service Coordinator must be contacted immediately.

3.15.9 Under no circumstances will the Council be held liable for any incorrect information provided by any external service agency or for any damages, losses and claims resulting from such incorrect information.

3.15.10 Adequate preventative measures must be taken to ensure that no water (e.g. due to rain) flows into the open trenches since this will result in the weakening of the structural layers of the road. Any water that is present in the trenches must be pumped out before Backfilling. Water must be pumped into the stormwater system and not into sewer manholes. Any material that has become wet must be removed from the bottom of the trench before Backfilling.

3.15.11 The Wayleave Holder must prevent foreign materials from entering the drains and ensure that silting does not occur either from pumping operations or as a result of rain. If any silting or other contamination does occur, the Wayleave Holder must clean the drains or request the Service Coordinator to do it at the cost of the Wayleave Holder.

3.15.12 All re-usable materials such as concrete blocks, slabs, kerbs, gutters, channels and stormwater inlets must be removed with care and re-used if possible. Any surplus material must be returned to the Roads and Transportation stores. The address will be available at the Service Coordinator.

3.15.13 If any street furniture (e.g. street names, traffic signs, bus shelters, etc.) have to be

removed, arrangements must be made with the relevant authority for the removal, storage and re-erection. The cost specified by the relevant authority will be for the Wayleave Holders account.

3.15.14 Where excavations are made through entrances to properties, access must be maintained by using steel plates, planks or other temporary bridges of sufficient strength that are adequately secured against movement. The occupants of the properties must be kept informed at all times of how their accesses will be affected.

3.15.15 The cleaning up of the construction site and the Reinstated to its previous condition is considered part of the Work and must be completed within 14 days after Reinstatement of the trench has been done. If the Wayleave Holder fails to do so, action will be taken by the Council as indicated in Sections 3.5.12 – 3.5.14.

3.15.16 Where a roadway is crossed, a non refundable Roadway Open Trench Fee will apply as well as outlined in the Municipal Tariffs.

3.15.17 Where a road crossing is planned and executed the Wayleave Holder shall provide three 110mm dai sleeves and one 160mm dai sleeve.

3.15.18 Road crossing to be clearly mark and painted in yellow on sidewalk.

3.15.19 Backfiling of road crossings: excavated material CANNOT be used to backfill road crossing trenches. The Wayleave Approval will specifiy the acceptable backfilling material. All excavated material must be removed from site before backfilling to avoid reuse.

3.16 Trenchless Methods

3.16.1 If trenchless methods are used, disruption of traffic flow and pedestrian movements can be reduced considerably or totally eliminated. However, it is crucial that the Wayleave Holder using such methods must have all the necessary equipment and expertise to complete the Work successfully. The trenchless method can be used for all road categories but shall be used for all roads classified as "Restricted" (Refer to Sections 3.7 & 3.8).

3.16.1 The position of existing Services must be located accurately. If any Services are damaged, the Wayleave Holder will be responsible for all costs.

3.16.2 The depth to the top of any tunnel that is drilled for the installation of new Services must be at least 800 mm measured from the lowest level of the road surfacing.

3.16.3 Where a directional drilling is planned and executed the Wayleave Holder shall provide and additional sleeve for future municipal use.

3.16.4 Direction drilling to be clearly mark and painted in yellow on sidewalk.

3.17 Emergency Work

3.17.1 Emergency Work is defined as any Work that is required to prevent or end a dangerous situation, to prevent or end an unplanned interruption in the supply of a Service, or to avoid any substantial losses. It is important to note that a lack of proper planning of Work to be carried out will not justify Emergency Work, and such activities will be stopped by the Service Co-ordinator.

3.17.2 A categorised list of Emergency Work will be maintained by the Service Coordinator. It will serve as a guideline for Service Agencies as well as the Service Co-ordinator in determining whether Work is an Emergency.

3.17.3 The Service Coordinator will provide an emergency number for the use of Service Agencies that requires information on the position of Services in the area where Emergency Work is to be carried out.

3.17.4 The Service Coordinator must be notified in writing within one working day from commencing with Emergency Work. The Emergency notification certificate must be used for this purpose. If the Service Co-ordinator is not notified within 24 hours from the first working day, the Work will be reinstated by the Service Coordinator, and the cost thereof will be invoiced against the Service Agency. The Emergency notification document can be obtained from the Service Co-ordinator.

3.17.5 The emergency notification must always be certified by an Authorised Agent of the Service Agency as an emergency situation that requires their immediate attention.

3.17.6 Emergency Work must be done in accordance with all procedures as set out in paragraph 3.15 above and specifications applicable to the type of Work as set out in the Municipality's specifications.

3.17.7 Backfilling must be done immediately, and full Reinstatement of the area must be done as soon as possible in accordance with the provisions of paragraph 3.19 below.

3.17.8 The responsibility remains with the Service Agency to ensure that their drawing information is updated according to the alterations made during the Emergency Work.

3.18 Routine Maintenance Work

3.18.1 Routine Maintenance Work is defined as all types of Work involved with maintaining the Services in the public road reserves and does not require excavation, traffic control or Reinstatement of the public road reserves as part of the Work.

3.18.2 A categorised list of Routine Maintenance Work will be maintained by the Service Coordinator. It will serve as a guideline for Service Agencies as well as the Service Coordinator in determining whether Work is Routine Maintenance Work.

3.18.3 Such Work can include inter alia:

3.18.3.1 Any Work that relates to maintaining the vegetation in the road reserve through cutting planting, removing or relocating of plants.

3.18.3.2 The placement of advertising material on or within structures pre-erected for that purpose.

3.18.3.3 Temporary diversion of traffic for public events, i.e. sport, mass action, parades.

3.19 Backfilling and Reinstatement

3.19.1 Any trenching activity disturbs the structural integrity of a road or footway. Backfilling and Reinstatement must, therefore, be done in such a way as to ensure that the reinstated trench and its immediate surroundings do not fail structurally, thus resulting in road user discomfort and increased costs.

3.19.2 Backfilling refers to the replacement of the structural layers in the trench or excavation and includes the base, sub-base, selected subgrade and subgrade, but exclude the surfacing.

3.19.3 Reinstatement refers to replacing the bituminous surfacing or paving blocks in the case of roads, or the paving blocks, paving slabs, bituminous surfacing or grass in the case of footways and verges.

3.19.4 Backfilling must in all cases be done by the Wayleave Holder in accordance with the Council's specifications. The Service Agency is responsible for the maintenance of the site in a safe condition until the final Reinstatement has been done.

3.19.5 Permanent Reinstatement must be done by all external Service Agencies within five (5) working days. Reinstatement of the public road reserves will be done by the Council's Roads, Transportation and Stormwater Sub-Unit only for internal Council Service Agencies, upon receipt of a notification from the respective Municipal Department that the Work has been completed.

3.19.6 The Wayleave Holder must obtain prior written approval from the Council's Roads, Transportation and Stormwater Sub-Unit for the project specification to be used for backfilling public road reserves. The proposed specification shall be submitted to the Council's Roads, Transportation and Stormwater Sub-Unit, who shall provide written comments on the specification, or an alternative specification, within seven working days after the receipt of the request.

3.19.7 Permanent Backfilling and Reinstatement done by the Wayleave Holder will be subject to a guarantee period of one year based on the performance specifications described in the specifications document.

3.19.8 If the Reinstatement done by the Wayleave Holder fails during the one year guarantee period, the Wayleave Holder will be required to rectify the situation within 14 days of notification. If the Wayleave Holder fails to rectify it, then the Quality Control Engineer will carry out the permanent Reinstatement at the applicable rates defined by the Council and will deduct the costs from the security deposit of the Wayleave Holder.

3.19.9 Temporary Reinstatement must be done where the Wayleave Holder leaves the site with the view of returning to complete the Work. The Wayleave Holder must maintain this temporary Reinstatement.

3.19.10 The Wayleave Holder may not leave the site for more than fourteen days without permanently reinstating the site.

3.19.11 If a Wayleave Holder who leaves the site unattended for more than the period specified in 3.19.10, a penalty fee will be charged. The amount will be determined by the Council.

3.20 Certificate of Completion

3.20.1 On completion of the Work, the Professional Engineer appointed by the Wayleave Holder must provide the Completion Certificate to the Service Coordinator within two working days. The Quality Control Engineer will then set up a site meeting with the Wayleave Holder to carry out an inspection and will sign off the Certificate of Completion if all requirements have been met. The 12-month guarantee period for Reinstatements by the Wayleave Holder then commences.

3.20.2 Completion of the Work means that all Work has been completed, the Reinstatement has been done by the Wayleave Holder and that all materials, equipment and rubble have been removed and the site is completely cleared and cleaned. Furthermore, it requires that all applicable documentation and as-built drawings as specified on the Wayleave form have been handed to the Service Coordinator for recording.

3.20.3 If Work involves more than one street link (street block), then a Completion Notice must be submitted after completion of each phase of the Work.

3.21 Policy Enforcement

3.21.1 Council reserves its right to exercise its discretion in the implementation and enforcement of this Policy.

3.2.1.2 Notwithstanding any penalty or remedy expressly provided for in this Policy; the Council reserves the right to exercise any other legal remedy it may have in enforcing this Policy.

3.22 Exemption, Appeal and Revoking

3.22.1 The Accounting Officer may, upon written motivation by a Wayleave Applicant or Wayleave Holder or the Wayleave Service Co-ordinating Department, and after having considered any comment and advice on such motivation by other interested parties, authorise a deviation from this Policy or revoking of an approved wayleave. Such deviation or revoking shall be subject to such conditions as the Accounting Officer may stipulate in writing.

3.22.2 The Accounting Officer may authorise an amendment to any conditions imposed by the Council in respect of a Wayleave Approval, provided that an application for such amendment shall be referred to all interested and affected parties for comment, which comments shall be duly considered by the Accounting Officer.

3.22.3 Any person affected by or having an interest in the administration of this Policy shall have a right of appeal as determined in terms of S62 of the Local Government Municipal Systems Act in respect of any decision taken by the Council.

7. BUDGET IMPLEMENTATION 26
8. REVIEW OF POLICY 27

1. PREAMBLE

In the spirit of the Municipal Finance Management Act, (No.56 of 2003) " to modernize budget and financial management practices by placing local government finances on a sustainable footing in order to maximize the capacity of municipalities to deliver services to all residents customers, users and investors" and,

Whereas chapter 4 of the Municipal Finance Management Act, (No 56 of 2003) determines that a municipality may, except where otherwise provided in the Act, incur expenditure only in terms of an approved budget; and within the limits of the amounts appropriated for the different votes in an approved budget,

In terms of the Budget and Reporting Regulations the municipality has to adopt a policy which includes the following:

1. a policy dealing with the shifting of funds within votes
2. a policy dealing with the introduction of adjustment budgets
3. policies dealing with unforeseen and unavoidable expenditure
4. policies dealing with management and oversight

Therefore the Stellenbosch Municipality revised its Budget Policy to give effect to the Budget and Reporting Regulations as set out in this policy.

2. DEFINITIONS

"Accounting officer" means a person appointed in terms of section 82(l) (a) or (b) of the Municipal Structures Act;

"**Allocation"**, means-

(a) a municipality's share of the local government's equitable share referred to in section 214(l) (a) of the Constitution;
(b) an allocation of money to a municipality in terms of section 214(1) (c) of the Constitution;
(c) an allocation of money to a municipality in terms of a provincial budget; or
(d) any other allocation of money to a municipality by an organ of state, including by another municipality, otherwise than in compliance with a commercial or other business transaction;

"Annual Division of Revenue Act" means the Act of Parliament, which must be enacted annually in terms of section 214 (1) of the Constitution;

"Approved budget," means an annual budget-

(a) approved by a municipal council, or
(b) includes such an annual budget as revised by an adjustments budget in terms of section 28 of the MFMA;

"Basic Municipal Service" means a municipal service that is necessary to ensure an acceptable and reasonable quality of life and which, if not provided, would endanger public health or safety or the environment;

"Budget-related Policy" means a policy of a municipality affecting or affected by the annual budget of the municipality, including-

(a) the tariff policy, which the municipality must adopt in terms of section 74 of the Municipal Systems Act;
(b) the rates policy which the municipality must adopt in terms of legislation regulating municipal property rates; or
(c) the credit control and debt collection policy, which the municipality must adopt in terms of section 96 of the Municipal Systems Act;

"Budget transfer" means transfer of funding within a function / vote subject to limitations.

"Budget Year" means the financial year of the municipality for which an annual budget is to be approved in terms of section 16(1) of the MFMA;

“Chief Financial Officer” means a person designated in terms of section 80(2) (a) of the MFMA;

“councillor” means a member of a municipal council;

"current year" means the financial year, which has already commenced, but not yet ended;

"delegation", in relation to a duty, includes an instruction or request to perform or to assist in performing the duty;

"executive mayor" means the councillor elected as the executive mayor of the municipality in terms of section 55 of the Municipal Structures Act;

"financial recovery plan" means a plan prepared in terms of section 141 of the MFMA

"financial year" means a twelve months period commencing on 1 July and ending on 30 June each year

"financing agreement" includes any loan agreement, lease, and instalment purchase contract or hire purchase arrangement under which a municipality undertakes to repay a long-term debt over a period of time;

"fruitless and wasteful expenditure" means expenditure that was made in vain and would have been avoided had reasonable care been exercised;

"irregular expenditure", means-

(a) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the MFMA , and which has not been condoned by Council (b) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the Municipal Systems Act, and which has not been condoned in terms of that Act;

(b) expenditure incurred by a municipality in contravention of, or that is not in accordance with, a requirement of the Public Office-Bearers Act, 1998 (Act No. 20 of 1998); or

(c) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the supply chain management policy of the municipality or entity or any of the municipality's by-laws giving effect to such policy, and which has not been condoned in terms of such policy or by-law, but excludes expenditure by a municipality which falls within the definition of "unauthorised expenditure";

"investment/s", in relation to funds of a municipality, means-

(a) the placing on deposit of funds of a municipality with a financial institution; or

(b) the acquisition of assets with funds of a municipality not immediately required, with the primary aim of preserving those funds;

"local community" has the meaning assigned to it in section 1 of the Municipal Systems Act;

"Municipal Structures Act" means the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);

"Municipal Systems Act" means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000);

“long-term debt" means debt repayable over a period exceeding one year;

"municipal council" or "council" means the council of a municipality referred to in section 18 of the Municipal Structures Act;

"municipality"-

(a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or

(b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998);

"municipal service" has the meaning assigned to it in section 1 of the Municipal Systems Act (refer to the MSA for definition);

"municipal tariff" means a tariff for services which a municipality may set for the provision of a service to the local community, and includes a surcharge on such tariff;

"National Treasury" means the National Treasury established by section 5 of the Public Finance Management Act;

"official", means-

(a) an employee of a municipality or municipal entity;

(b) a person seconded to a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity; or

(c) a person contracted by a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity otherwise than as an employee;

"overspending"-

(a) means causing the operational or capital expenditure incurred by the municipality during a financial year to exceed the total amount appropriated in that year's budget for its operational or capital expenditure, as the case may be;

(b) in relation to a vote, means causing expenditure under the vote to exceed the amount appropriated for that vote; or

(c) in relation to expenditure under section 26 of the MFMA, means causing expenditure under that section to exceed the limits allowed in subsection (5) of this section;

"quarter" means any of the following periods in a financial year:

(a) 1 July to 30 September;

(b) 1 October to 31 December;

(c) 1 January to 31 March; or

(d) 1 April to 30 June;

"service delivery and budget implementation plan" means a detailed plan approved by the executive mayor of a municipality in terms of section 53(l)(c)(ii) of the MFMA for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate-

(a) projections for each month of-

(i) revenue to be collected, by source; and

(ii) operational and capital expenditure, by vote;

(b) service delivery targets and performance indicators for each quarter; and

(c) any other matters that may be prescribed, and includes any revisions of such plan by the executive mayor in terms of section 54(l) (c) of the MFMA;

"unauthorised expenditure", means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3) of the MFMA, and includes-

(a) overspending of the total amount appropriated in the municipality's approved budget;
(b) overspending of the total amount appropriated for a vote in the approved budget;
(c) expenditure from a vote unrelated to the department or functional area covered by the vote;
(d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;
(e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or
(f) a grant by the municipality otherwise than in accordance with the MFMA;

"virement" refer to the definition of budget transfer

"vote" means-

(a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the
(b) municipality; and
(c) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.

3. OBJECTIVES OF POLICY

The objective of the budget policy is to:

a) Set out the principles which the municipality will follow in preparing each medium term revenue and expenditure framework budget

b) Outline the responsibilities of the executive mayor, the accounting officer, the chief financial officer and other senior managers in compiling the budget

c) Establish and maintain procedures to ensure adherence to Stellenbosch Municipality's Integrated Development Plan (IDP) review and budget processes

d) Give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework in terms of the planning, preparation and approval of the annual and adjustments budgets

The policy shall apply to all staff and councillors of the Stellenbosch Municipality that are involved in budget implementation.

4. BUDGET PREPARATION PROCESS

4.1 Budget Steering Committee

a) The mayor of a municipality must establish a budget steering committee to provide technical assistance to the mayor in discharging the responsibilities set out in section 53 of the Act.

b) The steering committee must consist of at least the following persons:

I. the councillor responsible for financial matters;
II. the Municipal Manager;
III. the Chief Financial Officer;
IV. the senior managers responsible for at least the three largest votes in the municipality;
V. the manager responsible for budgeting;
VI. the manager responsible for planning; and
VII. any technical experts on infrastructure.

4.2 Roles and responsibilities

4.2.1 Executive Mayor

a) As provided in Section 21(1) of the MFMA, the Mayor is responsible for:

I. Co-ordinating the process for preparing the annual budget and for reviewing the Integrated Development Plan ("IDP") and budget related-policies;
II. Tabling in the council a time schedule outlining key deadlines.

b) In addition, as provided in Section 21(2) of the MFMA, for purposes of preparing the budget, the Mayor is required to:

I. Take into account the Municipality's IDP;
II. Take all reasonable steps to ensure that the Municipality revises the IDP;
III. Take into account the national budget, the provincial budget, the national government's fiscal and macro-economic policy, the Annual Division of Revenue Act and any agreements reached in the budget forum;

IV. Consult the relevant district municipality, if applicable, and local municipalities within the district, the provincial treasury, and when requested, the national treasury, and any national organs of state as may be prescribed;

V. Provide on request information to the National Treasury and other organs of state and other municipalities affected by the budget.

c) Pursuant to Section 52 of the MFMA the mayor must:

I. provide general political guidance over the fiscal and financial affairs of the municipality:

II. in providing such general political guidance. may monitor and. to the extent provided in

III. the MFMA, oversee the exercise of responsibilities assigned in terms of the MFMA to the accounting officer and the chief financial officer, but may not interfere in the exercise of those responsibilities;

IV. must take all reasonable steps to ensure that the municipality performs its constitutional and statutory functions within the limits of the municipality's approved budget;

V. must within 30 days of the end of each quarter. submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality; and

VI. must exercise the other powers and perform the other duties assigned to the mayor in terms of the MFMA or delegated by the council to the mayor.

d) As Required by Section 53 of the MFMA, the mayor must:

I. provide general political guidance over the budget process and the priorities that must guide the preparation of a budget;

II. co-ordinate the annual revision of the integrated development plan in terms of section 34 of the Municipal Systems Act and the preparation of the annual budget, and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget; and

III. take all reasonable steps to ensure that:

a. the municipality approves its annual budget before the start of the budget year;

b. the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget; and

c. the annual performance agreements as required in terms of section 57(1)(6) of the Municipal Systems Act, for the municipal manager and all senior managers comply with the MFMA and in particular, the provisions of Section 53(1)(c)(iii) of the MFMA;

iv. promptly report to the municipal council and the MEC for finance in the province any delay in the tabling of an annual budget, the approval of the service delivery and budget implementation plan or the signing of the annual performance agreements referred to above; and

v. ensure-

a. that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan: and

b. that the performance agreements of the municipal manager, senior managers and any other categories of officials as may be prescribed are made public no later than 14 days after the approval of the municipality's service delivery and budget implementation plan. Copies of such performance agreements must be submitted to the council and the MEC for local government in the province.

4.2.2 Accounting Officer

a. The Accounting Officer shall provide technical and administrative support to the Executive Mayor in the preparation and approval of the annual and adjustment budgets, as well as the consultative process and the furnishing of information.

b. The Accounting Officer shall ensure that all heads of departments provide the inputs required by the Chief Financial Officer for the purpose of preparing the budget.

c. The Accounting Officer shall delegate to the Chief Financial Officer all such powers as may be necessary for the Chief Financial Officer to prepare the budgets.

4.2.3 Chief Financial Officer

a. The Chief Financial Officer shall provide technical and administrative support to the Executive

Mayor in the preparation and approval of the annual and adjustment budgets, as well as the consultative process and the furnishing of information.

b. The Chief Financial Officer shall be responsible for preparing the budgets, as delegated by the Accounting Officer.

c. The Chief Financial Officer shall ensure that the annual and adjustments budgets comply with the requirements of the National Treasury, reflect the budget priorities determine by the mayor, are aligned with the IDP, and comply with all budget-related policies, and shall make recommendations to the mayor on the revision of the IDP and the budget-related policies where these are indicated.

4.2.4 Directors directly accountable to the Accounting Officer

a. Directors shall provide technical and administrative support to the Executive Mayor in the preparation and approval of the annual and adjustment budgets, as well as the consultative process and the furnishing of information.

4.3 Public participation process

a) Immediately after the draft resolutions of the annual budget is tabled in a municipal council, the Accounting Officer of the municipality must— in accordance with Chapter 4 of the Municipal Systems Act-

I. make public the annual budget and the documents referred to in section 17(3); and
II. invite the local community to submit representations in connection with the budget; and
III. submit the annual budget—(draft budget)
IV. in both printed and electronic formats to the National Treasury and the relevant provincial treasury as prescribed by National Treasury; and
V. in either format to any prescribed national or provincial organs of state and to other municipalities affected by the budget.

b) When the annual budget has been tabled, the municipal council must consider any views of-

I. the local community; and
II. the National Treasury, the relevant provincial treasury and any provincial or national organs of state or municipalities which made submissions on the budget.

c) The Municipal Manager must also make public any information that the municipal council considers appropriate to facilitate the budget consultation process, including:

i. Summaries of the annual budget and supporting documents in alternate language predominant in the community; and
ii. Information relevant to each ward in the municipality
iii. All the information contemplated in sub-regulation (c) must cover
iv. The relevant financial and service delivery implications of the annual budget; and
v. At least the previous year's actual outcome, the current year's forecast outcome, the budget year, and the following two years.

d) When submitting the annual budget to the National Treasury and the relevant provincial treasury, the municipal manager must also submit to National Treasury and the relevant provincial treasury, both in printed and electronic form –

I. The supporting budget documentation as tabled in the municipal council;
II. The draft Service Delivery and Budget Implementation Plan (SDBIP); and
III. Any other information as may be required by National Treasury.

e) The Municipal Manager must send copies of the annual budget and supporting documentation as tabled in the municipal council, in both printed and electronic form to:

I. Any other municipality affected by the annual budget within ten working days of the annual budget being tabled in the municipal council; and
II. Any organ of state on receipt of a request from the organ of state.

f) After considering all budget submissions, the council must give the Executive Mayor an opportunity-

I. to respond to the submissions; and
II. if necessary, to revise the budget and table amendments for consideration by the council.

g) Within consideration of the approval of the Annual Budget and thirty (30) days before the start of the budget year the Executive Mayor must table the following documents in the Council in consideration of the annual budget approval

I. A report summarizing the local community's views on the annual budget;

II. Any comments on the annual budget received from National Treasury and Provincial Treasury;
III. Any comments on the annual budget received from any organ of state, including any affected municipality; and
IV. Any comments on the annual budget received from any other stakeholders.

h) The Municipal Manager must assist the Executive Mayor in the preparation of the documents referred to in sub-regulation (g) and 23 (2) of the Act.

4.4 Approval of the budget

(a) Council shall consider the medium term revenue and expenditure framework budget (MTREF) for approval not later than 31 May (30 days before the start of the budget year).

(b) The council resolution must contain budget policies and the performance measures to be adopted.

(c) The council must consider the full implications, financial or otherwise, of the annual budget and supporting documentation before approving the annual budget.

(d) When approving the annual budget, the council must consider and adopt separate resolutions dealing with each of the matters contemplated.

(e) Should the municipality fail to approve the budget before the start of the budget year, the executive mayor must inform the MEC for Finance that the budget has not been approved.

(f) The budget tabled to Council for approval shall include the following supporting documents:

I. draft resolutions approving the budget and levying property rates, other taxes and
II. tariffs for the financial year concerned;
III. measurable performance objectives for each budget vote, taking into account the
IV. municipality's IDP;
V. the projected cash flows for the financial year by revenue sources and expenditure
VI. votes;
VII. any proposed amendments to the IDP;
VIII. any proposed amendments to the budget-related policies;
IX. particulars of any proposed allocations or grants to other municipalities, municipal
X. entities, external mechanisms assisting the municipality in service delivery, other

XI. organs of state, and organizations such as non- governmental organizations,
XII. welfare institutions and so on;
XIII. particulars of the municipality's investments;
XIV. particulars of any proposed service delivery agreements, including material
XV. amendments to existing service delivery agreements;
XVI. the proposed cost to the municipality for the budget year of the salary, allowances
XVII. and benefits of-

(i) each political office-bearer of the municipality;
(ii) councillors of the municipality; and
(iii) the municipal manager, the chief financial officer, each senior manager of the municipality and any other official of the municipality having a remuneration package greater than or equal to that of a senior manager;

4.5 Service Delivery and Budget Implementation Plan (SDBIP)

a) The Executive Mayor must approve the Service Delivery and Budget Implementation Plan not later than 28 days after the approval of the Budget by Council, and within ten days (10) after the Executive Mayor has approved the Plan it has to be made public.

b) The SDBIP shall include the following components:

I. Projections for each month of Revenue to be collected, by source, and Operational and capital expenditure, by vote;
II. Service delivery targets and performance indicators for each quarter;
III. Monthly projections of revenue to be collected for each source;
IV. Monthly projections of expenditure (operating and capital) and revenue for each vote;
V. Quarterly projections of service delivery targets and performance indicators for each vote;
VI. Information for expenditure and delivery; and
VII. Detailed capital works plan.

5. BUDGET PRINCIPLES

a) The municipality shall ensure that revenue projections in the budget are realistic taking into account actual collection levels. The expenses may only be incurred in terms of the approved annual budget (or adjustments budget) and within the limits of the amounts appropriated for each vote in the approved budget.

b) Stellenbosch Municipality shall prepare a three-year budget (medium term revenue and expenditure framework (MTREF)) which will be reviewed annually and will be approved by Council. The MTREF budget will at all times be within the framework of the Municipal Integrated Development Plan (IDP).

c) The annual budget will consist of a Capital and Operating Budget which will be discussed below:

5.1 Capital Budgets

a) The capital budget refers to the allocations made to specific infrastructural projects and the purchase of equipment and other forms of assets having a lifespan of more than one year.

5.1.1 Basis of Calculation

a) The zero based method is used in preparing the annual capital budget, except in cases where a contractual commitment has been made that would span over more than one financial year.

b) The annual capital budget shall be based on realistically anticipated revenue (capital loans to be taken up will be deemed to be part of this), which should be equal to the anticipated capital expenditure in order to result in a balanced budget.

c) The impact of the capital budget on the current and future operating budgets in terms of finance charges to be incurred on external loans, depreciation of fixed assets, maintenance of fixed assets and any other operating expenditure to be incurred resulting directly from the capital expenditure, should be carefully analyzed when the annual capital budget is being compiled.

d) In addition, the council shall consider the likely impact of such operational expenses- net of any revenues expected to be generated by such item- on future property rates and service tariffs.

5.1.2 Financing

1. **Own Financing Sources**

The Council shall establish a Capital Replacement Reserve (CRR) for the purpose of financing capital projects and the acquisition of capital assets. Such reserve shall be established from the following:

a) unappropriated cash-backed surpluses to the extent that such surpluses are not required for operational purposes;
b) further amounts appropriated as contributions in each annual or adjustments budget; and
c) net gains on the sale of fixed assets in terms of the fixed asset management and accounting policy.

2. **Other Finance Sources**

The Ad- Hoc capital budget shall be financed from external sources such as the following:

a) Grants and subsidies as allocated in the annual Division of Revenue of Act;
b) Grants and subsidies as allocated by Provincial Government;
c) External Loans;
d) Private Contributions;
e) Contributions from the Capital Development Fund (developer's contributions); and
f) Any other financing source secured by the local authority.

5.1.3 Implementation

a) After the budget has been approved, the service delivery and budget implementation plan (SDBIP) should be compiled.
b) The SDBIP must be tabled to the Mayor within 28 days after aforementioned approval.
c) Each director has to indicate the intended spending patterns of both their capital and operating budgets. (Cash flows)
d) These listed cash flows are consolidated into the Service Delivery and Budget Implementation Plan of the organisation.

e) The SDBIP will be monitored on a monthly basis where actual spending will be compared with the planned spending as indicated by the directors at the beginning of the year.

f) Each directorate can use their respective vote numbers as indicated on the capital budget

5.2 Operational Budget

The operational budget refers to the funds that would be raised in the delivery of basic services, grants & subsidies and any other municipal services rendered. These funds are in turn used to cover the expenses incurred in the day to day running of the organization.

5.2.1 Basis of Calculation

a) A zero based approach is used in preparing the annual operating budget.

b) The annual operating budget shall be based on realistically anticipated revenue.

c) An income based approach shall be used whereby realistically anticipated income is determined first and the level of operating expenditure would be based on the determined income flows.

5.2.2 Financing

The operating budget shall be financed from the following sources:

a) Service Charges

(i) Electricity Charges
(ii) Water Sales
(iii) Refuse Removal Fees
(iv) Sewerage Fees

Increases in tariffs should be cost reflective.

b) Property rates

Increases in rates will as far as possible be limited to inflation.

c) Grants & Subsidies

Grants and subsidies shall be based on all the gazetted grants and subsidies plus all other subsidies received by the organization.

d) Interest on Investments

The budget for interest and investment shall be in accordance with the Cash Management and Investment policy of the organization.

e) Rental Fees

Income from rental property will be budgeted for based on the percentage growth rate as determined by Financial Services for a particular budget year.

f) Fines

Income from fines will be budgeted for based on the actual fines issued in the preceding year (calculated on the basis of actual fines issued till end of February of each year, extrapolated over 12 months) and the percentage growth rate as determined by Financial Services for a particular budget year.

g) Other Income

All other income items will be budgeted for based on the actual income received in the preceding year (calculated on the basis of actual receipts until end of February of each year, extrapolated over 12 months) and the percentage growth rate as determined by Financial Services for a particular budget year.

5.2.3 Implementation

a) After the budget has been approved, the service delivery and budget implementation plan (SDBIP) is compiled.

b) The SDBIP must be tabled to the Mayor within 28 days after aforementioned approval.

c) Each director has to indicate the intended spending patterns of both their capital and operating budgets. (Cash flows)

d) These listed cash flows are consolidated into the Service Delivery and Budget Implementation Plan of the organisation.

e) The SDBIP will be monitored on a monthly basis where actual spending will be compared with the planned spending as indicated by the directors at the beginning of the year.

f) Each directorate can use their respective vote numbers as indicated on the capital budget.

5.3 Contents of the Budget

a) The budget must comply with the provisions of Section 17(1) of the MFMA, and in particular:

i. The budget must be in the format prescribed by the regulations;
ii. The budget must reflect the realistically expected revenues by major source for the budget year concerned;
iii. The expenses reflected in the budget must be divided into the votes of the various departments of the municipality;
iv. The budget must also contain:

1. the foregoing information for the two years immediately succeeding the financial year to which the budget relates;
2. the actual revenues and expenses for the previous financial year , and
3. the estimated revenues and expenses for the current year.

b) The budget must be accompanied by all of the documents referred to in Section 17(3) of the MFMA.

c) For the purposes of Section 17(3) (k) of the MFMA, the salary, allowances and benefits of each group referred to therein must be stated individually.

5.4 Components of the Budget

a) The annual budget and adjustments budget shall, as required by Section 17(2) of the MFMA consist of:

I. the Capital component, and
II. the Operating component
III. Cash flow budget
IV. Balance sheet budget

b) The operating component shall duly reflect the impact of the capital component on:

I. Compensation of employees & Remuneration of Councillors
II. Bulk Purchases
III. Debt impairment
IV. Depreciation charges;
V. ;
VI. Finance charges;
VII. Inventory consumed;
VIII. Contracted services;
IX. Transfer and subsidies; and
X. Other operating expenses.

c) Before approving the capital budget component of the annual or adjustments budget, the council shall consider the impact of the capital component on the present and future operating budgets of the municipality in relation to the items referred to:
I. The projected cost covering all financial years until the project is operational;
II. The future operational costs and revenue on the project, including municipal tax and tariff implications.
III. All capital projects have an effect on future operating budgets. The following cost factors must therefore be considered before approval:

1) Additional personnel cost to staff new facilities once operational;
2) Additional contracted services, such as security, cleaning etc.
3) Additional general expenditure, such as services cost, stationery, telephones, material etc.

4) Additional other capital requirements to operate the facility, such as vehicles, plant and equipment, furniture and office equipment etc.
5) Additional costs to maintain the assets;
6) Additional interest and redemption in the case of borrowings;
7) Additional depreciation charges;
8) Additional revenue generation. The impact of expenditure items must be offset by additional revenue generated to determine the real impact on tariffs.

6. ADJUSTMENTS BUDGETS

(a) Each adjustments budget shall reflect realistic excess, however nominal, of current revenues over expenses.

(b) The Chief Financial Officer shall ensure that the adjustments budgets comply with the requirements of the National Treasury, reflect the budget priorities determined by the executive mayor, are aligned with the IDP, and comply with all budget-related policies, and shall make recommendations to the executive mayor on the revision of the IDP and the budget-related policies where these are indicated.

(c) Council may revise its annual budget by means of an adjustments budget as regulated.

(d) The Accounting Officer must promptly adjust its budgeted revenues and expenses if a material under-collection of revenues arises or is apparent.

(e) The Accounting Officer shall appropriate additional revenues, which have become available but only to revise or accelerate spending programmes already budgeted for or any areas of critical importance identified by Council in compliance with Item 2 of Section 10.

(f) The Council shall in such adjustments budget, and within the prescribed framework, confirm unforeseen and unavoidable expenses on the recommendation of the Executive Mayor.

(g) Only the Executive mayor shall table an adjustment budget. Adjustments budget shall be done once as part of the mid-year budget performance assessment.

(h) An adjustments budget must contain all of the following:
I. an explanation of how the adjustments affect the approved annual budget

II. appropriate motivations for material adjustments; and
III. an explanation of the impact of any increased spending on the current and future annual budgets.

(i) Any unappropriated surplus from previous financial years, even if fully cash-backed, may not be used to balance any adjustments budget, but may be appropriated to the municipality's capital replacement reserve.

(j) Municipal taxes and tariffs may not be increased during a financial year except if required in terms of a financial recovery plan and or per National Treasury Regulations.

(k) Unauthorised expenses may be authorised in an adjustments budget.

6.1 Formats of adjustments budgets

(a) An adjustment budget and supporting documentation of a municipality must be in the format specified by National Treasury and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act.

6.2 Funding of the adjustments budgets

(a) An adjustments budget of a municipality must be appropriately funded.

(b) The supporting documentation to accompany an adjustments budget in terms of section 28(5) of the Act must contain an explanation of how the adjustments budget is funded.

6.3 Timeframes for tabling of adjustments budgets

(a) An adjustments budget referred to in section 28(2)(b), (d) and (f) of the Act may be tabled in the municipal council at any time during the mid-year budget and performance assessment has been tabled in the council, but not later than 28 February of the current year.

(b) Only one adjustments budget referred to in subregulation (1) may be tabled in the municipal council during a financial year, except when the additional revenues contemplated in section 28(2)(b) of the

Act are allocations to a municipality in a national or provincial adjustments budget, in which case subregulation (3) applies.

(c) If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

(d) An adjustments budget referred to in section 28(2)(c) of the Act must be tabled in the municipal council at the first available opportunity after the unforeseeable and unavoidable expenditure contemplated in that section was incurred within the period set in section 29(3) of the Act.

(e) An adjustments budget referred to in section 28(2)(e) of the Act may only be tabled after the end of the financial year to which the roll-overs relate, and must be approved by the municipal council by 25 August of the financial year following the financial year to which the roll-overs relate.

(f) An adjustments budget contemplated in section 28(2)(G) of the Act may only authorise unauthorised expenditure as anticipated by section 32(2)(a)(i) of the Act, and must be –

(g) dealt with as part of the adjustments budget contemplated in subregulation (1); and

(h) a special adjustments budget tabled in the municipal council when the mayor tables the annual report in terms of section 127(2) of the Act, which may only deal with unauthorised expenditure from the previous financial year which the council is being requested to authorise in terms of section 32(2)(a)(i) of the Act.

6.4 Submission of tabled adjustments budgets

(a) The municipal manager must comply with section 28(7) of the Act, read together with section 22(b)(i) of the Act, within ten working days after the mayor has tabled an adjustments budget in the municipal council.

(b) When submitting the tabled adjustments budget to the National Treasury and the relevant provincial treasury in terms of section 28(7) of the Act, read together with section 22(b)(i) of the Act, the municipal manager must submit in both printed and electronic form

i. the supporting documentation referred to in section 28(5) of the Act within ten working days of the adjustments budget being tabled in the municipal council; and

ii. any other information as may be required by National Treasury.

(b) The municipal manager must send copies of an adjustments budget and supporting documentation, in both printed and electronic form to –

I. any other municipality affected by that adjustments budget within ten working days of the adjustments budget being tabled in the municipal council; and

II. any other organ of state on receipt of a request from that organ of state.

6.5 Approval of adjustment budget

(i) A municipal council must consider the full implications, financial or otherwise, of the adjustments budget and supporting documentation referred to in section (1) (a) before approving the adjustments budget.

(j) When approving the adjustment budget, a municipal council must consider and adopt separate resolutions dealing with each of the matters listed in item 4 of Schedule B.

6.6 Publications of approved adjustment budget

(a) Within ten 10 working days after the municipal council has approved an adjustment budget, the municipal manager must in accordance with section 21A of the Municipal Systems Act make public the approved adjustments budget and supporting documentation, as well as the resolutions referred to in section 5 (a).

(b) When making public an adjustment budget and supporting documentation, the municipal Manager must make public awareness of the adjustment budget, including –

(c) Summaries of the adjustment budget and supporting documentation in alternate languages predominant in the community;

(d) Information relevant to each ward in the municipality, if that ward is affected by the adjustments budget; and

(e) Any consequential amendment of the service delivery and budget implementation plan that is necessitated by the adjustments budget.

6.7 Submission of approved adjustments budget and other documents

(a) The Municipal Manager must comply with section 28(7) of the Act read together with section 24(3) of the Act within ten working days after the municipal council has approved and adjustments budget.

b) When submitting an adjustments budget to National Treasury and other relevant Provincial Treasury in terms of section 28(7) of the Act read together with section 24(3) of the Act, the municipal manager must also submit to National Treasury and the relevant Provincial Treasury, I both printed and electronic form –

i. The supporting documentation within ten working days after the municipal council has approved the adjustments budget;
ii. The amended service delivery and budget implementation plan, within ten working days after the council has approved the amended plan in terms of the section 54(1)(c) of the Act; and
iii. Any other information as may be required by the National Treasury.

(c) The municipal manager must send copies of an adjustments budget and supporting documentation, in electronic pdf format to the local government upload portal –

i. Any other municipality affected by that adjustments budget within ten (10) working days of the adjustments budget being tabled in the municipal council; and
ii. Any other organ of state on receipt of a request from that organ of state.

7. BUDGET IMPLEMENTATION

7.1 Monitoring (Section 71 of MFMA)

(a) The Accounting Officer with the assistance of the Chief Financial Officer and other senior managers is responsible for the implementation of the budget, and must take all reasonable steps to ensure that:

I. funds are spent in accordance with the budget;
II. expenses are reduced if expected revenues are less than projected; and
III. revenues and expenses are properly monitored.

7.2 Reporting

7.2.1 Monthly budget statements (Section 71 of the MFMA)

(b) Accounting Officer with the assistance of the Chief Financial Officer must, not later than ten working days after the end of each calendar month, submit to the Executive Mayor and Provincial and National Treasury a report in the prescribed format on the state of the municipality's budget for such calendar month, as well as on the state of the budget cumulatively for the financial year to date.

(c) This report must reflect the following:

i. actual revenues per source, compared with budgeted revenues;
ii. actual expenses per vote, compared with budgeted expenses;
iii. actual capital expenditure per vote, compared with budgeted expenses;
iv. actual borrowings, compared with the borrowings envisaged to fund the capital budget;
v. the amount of allocations received, compared with the budgeted amount;
vi. actual expenses against allocations, but excluding expenses in respect of the equitable share;
vii. explanations of any material variances between the actual revenues and expenses as indicated above and the projected revenues by source and expenses by vote as set out in the service delivery and budget implementation plan;

viii. the remedial or corrective steps to be taken to ensure that the relevant projections remain within the approved or revised budget; and

ix. projections of the revenues and expenses for the remainder of the financial year, together with an indication of how and where the original projections have been revised.

7.2.2 Quarterly Reports (Section 52 of MFMA)

(a) The Executive Mayor must submit to Council within thirty days of the end of each quarter a report on the implementation of the budget and the financial state of affairs of the municipality. The report submitted to National and Provincial Treasury must be both in electronic format and in a signed written document.

7.2.3 Mid-year budget and performance assessment (Section 72 and 88 of MFMA)

(a) The Accounting Officer must assess the budgetary performance of the municipality for the first half of the financial year, taking into account all the monthly budget reports for the first six months, the service delivery performance of the municipality as against the service delivery targets and performance indicators which were set in the service delivery and budget implementation plan.

(b) The Accounting officer must then submit a report on such assessment to the Executive Mayor by 25 January each year and to Council, Provincial Treasury and National Treasury by 31 January each year.

(c) The Accounting Officer may in such report make recommendations after considering the recommendation of the Chief Financial Officer for adjusting the annual budget and for revising the projections of revenues and expenses set out in the service delivery and budget implementation plan.

8. REVIEW OF POLICY

(a) This shall be reviewed on an annual basis to ensure that it is in line with the municipality's strategic objectives, good governance, prudent expenditure management and with relevant legislation.

2.2 Standards and interpretations issued, but not yet effective 58

1. Basis of Preparation

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), including any interpretations, guidelines and directives, issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act (Act 56 of 2003).

These annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention as the basis of measurement, unless specified otherwise. They are presented in South African Rand. All figures are rounded to the nearest Rand.

In the absence of an issued and effective Standard of GRAP, accounting policies for material transactions, events or conditions were developed in accordance with paragraphs 8, 10 and 11 of GRAP 3 as read with Directive 5.

The principal accounting policies adopted in the preparation of these annual financial statements are set out below.

1.1 Going concern assumption

These unaudited annual financial statements have been prepared based on the expectation that the municipality will continue to operate as a going concern for at least the next 12 months.

1.2 Housing development fund

The Housing Development Fund was established in terms of the Housing Act, (Act No. 107 of 1997). Loans from national and provincial government used to finance housing selling schemes undertaken by the municipality were extinguished on 1 April 1998 and transferred to a Housing Development Fund. Housing selling schemes, both complete and in progress as at 1 April 1998, were also transferred to the Housing Development Fund. In terms of the Housing Act, all proceeds from housing developments, which include rental income and sales of houses, must be paid into the Housing Development Fund. Monies standing to the credit of the Housing Development Fund can be used only to finance housing

developments within the municipal area subject to the approval of the Provincial MEC responsible for housing.

1.3 Internal reserves

Capital replacement reserve (CRR)

In order to finance the acquisition of infrastructure and other items of property, plant and equipment from internal sources, amounts are transferred from the accumulated surplus/(deficit) to the CRR in terms of the Annual Budget. The cash in the designated CRR bank account can only be utilised to finance items of property, plant and equipment. The CRR is reduced and the accumulated surplus/(deficit) is credited by a corresponding amount when the amounts in the CRR are utilised.

Self-insurance reserve

The municipality has a Self-insurance reserve to set aside amounts to offset potential losses or claims that cannot be insured externally. The balance of the self-insurance fund is invested in short-term investments. Claims are settled by transferring a corresponding amount from the self-insurance reserve to the accumulated surplus.

Accumulated surplus

The accumulated surplus/deficit represent the net difference between the total assets and the total liabilities of the municipality. Any surpluses and deficits realised during a specific financial year are credited/debited against accumulated surplus/deficit. Prior year adjustments, relating to income and expenditure, are debited/credited against accumulated surplus when retrospective adjustments are made.

1.4 Materiality

Material omissions or misstatements of items are material if they could, individually or collectively, influence the decisions or assessments of users made on the basis of the financial statements. Materiality depends on the nature or size of the omission or misstatement judged in the surrounding circumstances. The nature or size of the information item, or a combination of both, could be the determining factor.

Assessing whether an omission or misstatement could influence decisions of users, and so be material, requires consideration of the characteristics of those users. The Framework for the Preparation and Presentation of Financial Statements states that users are assumed to have a reasonable knowledge of government, its activities, accounting and a willingness to study the information with reasonable diligence. Therefore, the assessment takes into account how users with such attributes could reasonably be expected to be influenced in making and evaluating decisions.

1.5 Significant judgements and sources of estimation uncertainty

In preparing the annual financial statements, management is required to make estimates and assumptions that affect the amounts represented in the annual financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are insignificant to the annual financial statements are set out below:

Sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

Revenue recognition

Accounting Policy 1.16 on Revenue from Exchange Transactions and Accounting Policy 1.17 on Revenue from Nonexchange Transactions describes the conditions under which revenue will be recorded by the management of the municipality.

In concluding judgement, management considered the detailed criteria for recognition of revenue as set out in GRAP 9: Revenue from Exchange Transactions and, in particular, whether the municipality, when goods are sold, had transferred to the buyer the significant risks and rewards of ownership of the goods and when services are rendered, whether the service has been rendered. The management of the municipality is satisfied that recognition of the revenue in the current year is appropriate.

Impairment of financial assets

Accounting Policy 1.11: Financial Instruments, referring to the paragraph on impairment of financial assets, describes the process followed to determine the value with which financial assets should be impaired. In making the estimation of the impairment, the management of the municipality considered the detailed criteria of impairment of financial assets as set out in GRAP 104: Financial Instruments - Recognition and Measurement. The management of the municipality is satisfied that impairment of financial assets recorded during the year is appropriate. Details of the impairment loss calculation are provided in the applicable notes to the annual financial statements.

Useful lives of property, plant and equipment and intangible assets

As described in Accounting Policy 1.8 and 1.9 the municipality depreciates its property, plant and equipment and intangible assets over the estimated useful lives of the assets, taking into account the residual values of the assets at the end of their useful life, which is determined when the assets are brought into use.. The review of useful life and residual values of assets are only reviewed if one of the indicators of potential review is triggered.

Employee benefit obligations

The municipality obtains actuarial valuations of its employee benefit obligations. The employee benefit obligations of the municipality that were identified are post-retirement health benefit obligations and long-service awards. The estimated liabilities are recorded in accordance with the requirements of GRAP 25. Details of the liabilities and the key assumptions made by the actuaries in estimating the liabilities are provided in the applicable notes to the annual financial statements.

Impairment of non-financial assets

The recoverable amounts of cash-generating units have been determined based on the higher of value-in-use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions.

The recoverable amounts of individual assets have been determined based on the higher of value-in-use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions.

It is reasonably possible that the assumptions may change which may then impact our estimations and may then require a material adjustment to the carrying value of tangible assets.

Value in use of cash generating assets

The municipality reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. Assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates are prepared of expected future cash flows for each group of assets. Expected future cash flows used to determine the value in use of tangible assets are inherently uncertain and could materially change over time. They are significantly affected by a number of factors including economic factors such as inflation and interest.

Value in use of non-cash generating assets.

The municipality reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. If there are indications that the impairment may have occurred, the remaining service potential of the asset is determined. The most appropriate approach selected to determine the remaining service potential is dependent on the availability of data and the nature of the impairment.

Provisions

Provisions are raised and management determines an estimate based on the information available. Additional disclosures of these estimates of provisions are included in note 20 - Provisions.

Allowance for slow moving, damaged and obsolete stock

An allowance for inventory to write inventory down to the lower of cost or net realisable value. Management has made estimates of the selling price and direct cost to sell on certain inventory items. The write down is included in the surplus/deficit.

Fair value estimation

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the municipality is the current bid price.

The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined by using valuation techniques. The municipality uses a variety of methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Quoted market prices or dealer quotes for similar instruments are used for long-term debt. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the municipality for similar financial instruments.

Effective interest rate

The municipality used the prime interest rate to discount future cash flows.

Allowance for doubtful debts

On receivables an impairment loss is recognised in surplus and deficit when there is objective evidence that it is impaired. The impairment is measured as the difference between the receivables carrying amount and the present value of estimated future cash flows discounted at the effective interest rate, computed at initial recognition.

Impairment of statutory receivables

If there is an indication that a statutory receivable, may be impaired, the municipality measures the impairment loss. The impairment loss is measured as the difference between the estimated future cash flows and the carrying amount. Where the carrying amount is higher than the estimated future cash flows, the carrying amount of the statutory receivable, are reduced, either directly or through the use of an allowance account. The amount of the loss is recognised in surplus or deficit.

In estimating the future cash flows, the municipality considers both the amount and timing of the cash flows that it will receive in future. Consequently, where the effect of the time value of money is material, the municipality discounts the estimated future cash flows using a rate that reflects the current risk free rate and, if applicable, any risks specific to the statutory receivable, or group of statutory receivables, for which the future cash flow estimates have not been adjusted.

An impairment loss recognised in prior periods for a statutory receivable are revised if there has been a change in the estimates used since the last impairment loss was recognised, or to reflect the effect of discounting the estimated cash flows.

Accounting by principals and agents

The entity makes assessments on whether it is the principal or agent in principal-agent relationships.

1.6 Biological assets that form part of an agricultural activity

The municipality recognises biological assets that form part of an agricultural activity or agricultural produce when and only when:

- the municipality controls the asset as a result of past events;
- it is probable that future economic benefits or service potential associated with the asset will flow to the municipality; and
- the fair value or cost of the asset can be measured reliably.

Biological assets that form part of an agricultural activity are measured at their fair value less costs to sell.

A gain or loss arising on initial recognition of biological assets that form part of an agricultural activity or agricultural produce at fair value less costs to sell and from a change in fair value less costs to sell of a biological assets that form part of an agricultural activity, is included in surplus or deficit for the period in which it arises.

Where market determined prices or values are not available, the present value of the expected net cash inflows from the asset, discounted at a current market-determined pre-tax rate where applicable, is used to determine fair value.

Where fair value cannot be measured reliably, biological assets are measured at cost less any accumulated depreciation and any accumulated impairment losses.

The municipality classifies biological assets as consumables which consist of timber in the form of pine trees. All biological assets are held for sale.

Item	**Useful life**
Trees in a plantation forest	indefinite

1.7 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services; or for
- administrative purposes; or
- sale in the ordinary course of operations.

Investment property is recognised as an asset when, it is probable that the future economic benefits or service potential that is associated with the investment property will flow to the municipality, and the cost or fair value of the investment property can be measured reliably.

Investment property is initially recognised at cost. Transaction costs are included in the initial measurement.

Depreciation is calculated at the straight line method over a period of 30 - 99 years

Where investment property is acquired through a non-exchange transaction, its cost is its fair value as at the date of acquisition.

Costs include costs incurred initially and costs incurred subsequently to add to, or to replace a part of, or service a property. If a replacement part is recognised in the carrying amount of

the investment property, the carrying amount of the replaced part is derecognised.

Cost model

Investment property is, subsequent to initial measurement, carried at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is provided to write down the cost, less estimated residual value by equal installments over the useful life of the property, which is as follows:

Item	**Useful life**
Property - buildings	30-99 years
Property - land	indefinite

Investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

Gains or losses arising from the retirement or disposal of investment property is the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in surplus or deficit in the period of retirement or disposal.

Compensation from third parties for investment property that was impaired, lost or given up is recognised in surplus or deficit when the compensation becomes receivable.

The nature OR type of properties classified as held for strategic purposes are as follows:

The municipality separately discloses expenditure to repair and maintain investment property in the notes to the annual financial statements (see note 11).

The municipality discloses relevant information relating to assets under construction or development, in the notes to the annual financial statements (see note 11).

When classification is difficult, the criteria used to distinguish investment property from owner - occupied property and from property held for sale in the ordinary course of operations, are as follows:

Transfers to, or from, investment property shall be made when, and only when, there is a change in use, evidenced by:

(a) commencement of owner-occupation, for a transfer from investment property to owner-occupied property;
(b) commencement of development with a view to sale, for a transfer from investment property to inventories;

(c) end of owner-occupation, for a transfer from owner-occupied property to investment property; or
(d) commencement of an operating lease (on a commercial basis) to another party, for a transfer from inventories to investment property.

1.8 Property, plant and equipment

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one period.

Property, plant and equipment is recognised as an asset when:

- it is probable that the future economic benefits or service potential that are associated with the property, plant and equipment will flow to the municipality; and
- the cost or fair value of the item can be determined reliably.

Measurement

Property, plant and equipment are initially measured at cost.

The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality. Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary cost of dismantling and removing the asset and restoring the site on which it is located.

Where an asset is acquired through a non-exchange transaction, its cost is its fair value as at date of acquisition.
Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it’s deemed cost is the carrying amount of the asset(s) given up.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and

equipment, the carrying amount of the replaced part is derecognised.

The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located is also included in the cost of property, plant and equipment, where the municipality is obligated to incur such expenditure, and where the obligation arises as a result of acquiring the asset or using it for purposes other than the production of inventories.

Recognition of costs in the carrying amount of an item of property, plant and equipment ceases when the item is in the location and condition necessary for it to be capable of operating in the manner intended by management.

Major spare parts and standby equipment which are expected to be used for more than one period are included in property,plant and equipment. In addition, spare parts and standby equipment which can only be used in connection with an item of property, plant and equipment are accounted for as property, plant and equipment.
Major inspection costs which are a condition of continuing use of an item of property, plant and equipment and which meet the recognition criteria above are included as a replacement in the cost of the item of property, plant and equipment. Any remaining inspection costs from the previous inspection are derecognised.

Subsequent to initial measurement property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Incomplete construction work

Incomplete construction work is stated at historical cost. Depreciation only commences when the asset is available for use.

Impairment

Where the carrying amount of an item of property, plant and equipment is greater than the estimated recoverable service amount, it is written down immediately to its recoverable service amount and an impairment loss is charged to the statement of financial performance.

Property, plant and equipment are depreciated on the straight line basis over their expected useful lives to their estimated residual value.

Depreciation

Property, plant and equipment are depreciated on the straight-line basis over their expected useful lives to their estimated residual value.
The useful lives of items of property, plant and equipment have been assessed as follows:

Land	indefinite
Machinery and equipment	1-25
Furniture and office equipment	2-24
Transport assets	4-20
Computer equipment	5-23
Community assets	4-30
Other property, plant and equipment	6-99
Capital restoration asset	5-30
Electrical infrastructure	10-50
Water supply infrastructure	10-100
Solid waste infrastructure	10-30
Roads infrastructure	10-100
Information and communication infrastructure	3-15
Waste water network	10-100
Stormwater infrastructure	10-50

The depreciable amount of an asset is allocated on a systematic basis over its useful life.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation method used reflects the pattern in which the asset’s future economic benefits or service potential are expected to be consumed by the municipality. The depreciation method applied to an asset is reviewed at least at each reporting date and, if there has been a significant change in the expected pattern of consumption of the future economic benefits or service potential embodied in the asset, the method is changed to reflect the changed pattern. Such a change is accounted for as a change in an accounting estimate.

The municipality assesses at each reporting date whether there is any indication that the municipality expectations about the residual value and the useful life of an asset have changed since the preceding reporting date. If any such indication exists, the municipality revises the expected useful life and/or residual value accordingly. The change is accounted for as a change in an accounting estimate.

The depreciation charge for each period is recognised in surplus or deficit unless it is included in the carrying amount of another asset.

Items of property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

The municipality separately discloses expenditure to repair and maintain property, plant and equipment in the notes to the financial statements (see note 10).

The municipality discloses relevant information relating to assets under construction or development, in the notes to the financial statements (see note 10).

1.9 Intangible assets

An asset is identifiable if it either:

- is separable, i.e. is capable of being separated or divided from the municipality and sold, transferred, licensed, rented or exchanged, either individually or together with a related contract, identifiable assets or liability, regardless of whether the entity intends to do so; or
- arises from binding arrangements (including rights from contracts), regardless of whether those rights are transferable or separable from the municipality or from other rights and obligations. A binding arrangement describes an arrangement that confers similar rights and obligations on the parties to it as if it were in the form of a contract.

An intangible asset is recognised when:

- it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality; and
- the cost or fair value of the asset can be measured reliably.

The municipality assesses the probability of expected future economic benefits or service potential using reasonable and supportable assumptions that represent management's best estimate of the set of economic conditions that will exist over the useful life of the asset.

Where an intangible asset is acquired through a non-exchange transaction, its initial cost at the date of acquisition is measured at its fair value as at that date.

Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred.

An intangible asset arising from development (or from the development phase of an internal project) is recognised when:

- it is technically feasible to complete the asset so that it will be available for use or sale;
- there is an intention to complete and use or sell it;
- there is an ability to use or sell it;
- it will generate probable future economic benefits or service potential;
- there are available technical, financial and other resources to complete the development and to use or sell the asset; and
- the expenditure attributable to the asset during its development can be measured reliably. Intangible assets are initially measured at cost.

Subsequent to initial measurement intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows or service potential. Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

Internally generated goodwill, brands, mastheads, publishing titles, customer lists and items similar in substance are not recognised as intangible assets.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item		Useful life
Computer software		3 - 30 years
Internally generated: Capital development	Straight-line	5 - 7 years
Service operating and land rights	Straight-line	5 - 30 years

Intangible assets are derecognised:

- on disposal; or
- when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of an intangible asset is the difference between the net disposal proceeds and the carrying amount and is included in surplus or deficit when the asset is derecognised.

1.10 **Heritage assets**

Heritage assets are assets that have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

Recognition

The municipality recognises a heritage asset as an asset if it is probable that future economic benefits or service potential associated with the asset will flow to the municipality, and the cost or fair value of the asset can be measured reliably.

Where the municipality holds a heritage asset, but on initial recognition it does not meet the recognition criteria because it cannot be reliably measured, information on such a heritage asset is disclosed in note 14 Heritage assets.

Initial measurement

Heritage assets are measured at cost.

Where a heritage asset is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition.

Subsequent measurement

Subsequent to initial measurement classes of heritage assets are carried at cost less any accumulated impairment losses.

Impairment

The municipality assesses at each reporting date whether there is an indication that it may be impaired. If any such indication exists, the municipality estimates the recoverable amount or the recoverable service amount of the heritage asset.

Transfers

Transfers from heritage assets are only made when the particular asset no longer meets the definition of a heritage asset.

Transfers to heritage assets are only made when the asset meets the definition of a heritage asset.

Derecognition

The municipality derecognises heritage asset on disposal, or when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of a heritage asset is included in surplus or deficit when the item is derecognised (unless the Standard of GRAP on leases requires otherwise on a sale and leaseback).

1.11 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or a residual interest of another entity.

The amortised cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction (directly or through the use of an allowance account) for impairment or uncollectibility.

A concessionary loan is a loan granted to or received by a municipality on terms that are not market related.

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Derecognition is the removal of a previously recognised financial asset or financial liability

from an municipality's statement of financial position.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability (or group of financial assets or financial liabilities) and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, a municipality shall estimate cash flows considering all contractual terms of the financial instrument (for example, prepayment, call and similar options) but shall not consider future credit losses. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts. There is a presumption that the cash flows and the expected life of a group of similar financial instruments can be estimated reliably. However, in those rare cases when it is not possible to reliably estimate the cash flows or the expected life of a financial instrument (or group of financial instruments), the municipality shall use the contractual cash flows over the full contractual term of the financial instrument (or group of financial instruments).

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

A financial asset is:

- cash;
- a residual interest of another municipality; or
- a contractual right to:
    - receive cash or another financial asset from another municipality; or
    - exchange financial assets or financial liabilities with another municipality under conditions that are potentially favourable to the municipality.

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

A financial liability is any liability that is a contractual obligation to:

- deliver cash or another financial asset to another municipality; or
- exchange financial assets or financial liabilities under conditions that are potentially unfavourable to the municipality.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Liquidity risk is the risk encountered by an municipality in the event of difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another

financial asset.

Loan commitment is a firm commitment to provide credit under pre-specified terms and conditions.

Loans payable are financial liabilities, other than short-term payables on normal credit terms.

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

A financial asset is past due when a counterparty has failed to make a payment when contractually due.

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the municipality had not acquired, issued or disposed of the financial instrument.

Financial instruments at amortised cost are non-derivative financial assets or non-derivative financial liabilities that have fixed
or determinable payments, excluding those instruments that:

- the municipality designates at fair value at initial recognition; or
- are held for trading.

Financial instruments at cost are investments in residual interests that do not have a quoted market price in an active market, and whose fair value cannot be reliably measured.

Financial instruments at fair value comprise financial assets or financial liabilities that are:

- derivatives;
- combined instruments that are designated at fair value;
- instruments held for trading. A financial instrument is held for trading if:
    - it is acquired or incurred principally for the purpose of selling or repurchasing it in the near-term; or
    - on initial recognition it is part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern

of short term profit-taking
- non-derivative financial assets or financial liabilities with fixed or determinable payments that are designated at fair value at initial recognition; and
- financial instruments that do not meet the definition of financial instruments at amortised cost or financial instruments at cost.

The municipality has the following types of financial assets (classes and category) as reflected on the face of the statement of financial position or in the notes thereto:

Class	Category
Receivables from exchange transactions	Financial asset measured at amortised cost
Receivables from non-exchange transactions	Financial asset measured at amortised cost
Cash and cash equivalents	Financial asset measured at amortised cost
Other receivables from exchange transactions	Financial asset measured at amortised cost
Short term investments	Financial asset measured at amortised cost
Long term receivables	Financial asset measured at amortised cost

The municipality has the following types of financial liabilities (classes and category) as reflected on the face of the statement of financial position or in the notes thereto:

Class	Category
Payables from exchange transactions	Financial liability measured at amortised cost
Consumer deposits	Financial liability measured at amortised cost
Other financial liabilities	Financial liability measured at amortised cost

Initial recognition

The municipality recognises a financial asset or a financial liability in its statement of financial position when the municipality becomes a party to the contractual provisions of the instrument.

Initial measurement of financial assets and financial liabilities

The municipality measures a financial asset and financial liability initially at its fair value plus, in the case of a financial asset or a liability not subsequently measured at fair value,

transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

The municipality first assesses whether the substance of a concessionary loan is in fact a loan. On initial recognition, the municipality analyses a concessionary loan into its component parts and accounts for each component separately. The municipality accounts for that part of a concessionary loan that is:

- a social benefit in accordance with the Framework for the Preparation and Presentation of Financial Statements, where it is the issuer of the loan; or
- non-exchange revenue, in accordance with the Standard of GRAP on Revenue from Non-exchange Transactions (Taxes and Transfers), where it is the recipient of the loan.

Subsequent measurement of financial assets and financial liabilities

The municipality measures all financial assets and financial liabilities after initial recognition using the following categories:

- Financial instruments at fair value.
- Financial instruments at amortised cost.
- Financial instruments at cost.

All financial assets measured at amortised cost, or cost, are subject to an impairment review.

Fair value measurement considerations

The best evidence of fair value is quoted prices in an active market. If the market for a financial instrument is not active, the municipality establishes fair value by using a valuation technique. The objective of using a valuation technique is to establish what the transaction price would have been on the measurement date in an arm's length exchange motivated by normal operating considerations. Valuation techniques include using recent arm's length market transactions between knowledgeable, willing parties, if available, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis and option pricing models. If there is a valuation technique commonly used by market participants to price the instrument and that technique has been demonstrated to provide reliable estimates of prices obtained in actual market transactions, the municipality uses that technique. The chosen valuation technique makes maximum use of market inputs and relies as little as possible on municipality-specific inputs. It incorporates all factors that market participants would consider in setting a price and is consistent with accepted economic methodologies for pricing financial instruments. Periodically, the municipality calibrates the valuation technique and tests it for validity using prices from any observable current market transactions in the same instrument (i.e. without modification or repackaging) or based on any available observable market data..

Short-term receivables and payables are not discounted where the initial credit period granted

or received i s consistent with terms used in the public sector, either through established practices or legislation.

Reclassification

The municipality does not reclassify a financial instrument while it is issued or held unless it is:

- combined instrument that is required to be measured at fair value; or
- an investment in a residual interest that meets the requirements for reclassification

Where the municipality cannot reliably measure the fair value of an embedded derivative that has been separated from a host contract that is a financial instrument at a subsequent reporting date, it measures the combined instrument at fair value. This requires a reclassification of the instrument from amortised cost or cost to fair value.
If fair value can no longer be measured reliably for an investment in a residual interest measured at fair value, the municipality reclassifies the investment from fair value to cost. The carrying amount at the date that fair value is no longer available becomes the cost.

If a reliable measure becomes available for an investment in a residual interest for which a measure was previously not available, and the instrument would have been required to be measured at fair value, the municipality reclassifies the instrument from cost to fair value.

Gains and losses

A gain or loss arising from a change in the fair value of a financial asset or financial liability measured at fair value is recognised in surplus or deficit.

For financial assets and financial liabilities measured at amortised cost or cost, a gain or loss is recognised in surplus or deficit when the financial asset or financial liability is derecognised or impaired, or through the amortisation process.

Impairment and uncollectibility of financial assets

The municipality assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets is impaired.

For amounts due to the municipality, significant financial difficulties of the receivable, probability that the receivable will enter bankruptcy and default of payments are all considered indicators of impairment.

Financial assets measured at amortised cost:

If there is objective evidence that an impairment loss on financial assets measured at amortised cost has been incurred, the amount of the loss is measured as the difference

between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The amount of the loss is recognised in surplus or deficit. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed by adjusting an allowance account. The reversal does not result in a carrying amount of the financial asset that exceeds what the amortised cost would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in surplus or deficit.

The calculation in respect of the impairment of fines receivable (receivables from non-exchange transactions) is based on an assessment of the past history of fines per category.

Derecognition
Financial assets

The municipality derecognises financial assets using trade date accounting. The municipality derecognises a financial asset only when:

- the contractual rights to the cash flows from the financial asset expire, are settled or waived;
- the municipality transfers to another party substantially all of the risks and rewards of ownership of the financial asset; or
- the municipality, despite having retained some significant risks and rewards of ownership of the financial asset, has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party, and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer. In this case, the municipality:
  - derecognise the asset; and
  - recognise separately any rights and obligations created or retained in the transfer.

The carrying amounts of the transferred asset are allocated between the rights or obligations retained and those transferred on the basis of their relative fair values at the transfer date. Newly created rights and obligations are measured at their fair values at that date. Any difference between the consideration received and the amounts recognised and derecognised is recognised in surplus or deficit in the period of the transfer.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received is recognised in surplus or deficit.

Cash includes cash on hand and cash with banks. Cash equivalents are short term highly liquid investments that are held with registered banking institutions with a maturity period of between three and twelve months and are subject to an insignificant risk of change in value. Cash and cash equivalents are carried in the balance sheet at amortised cost.
For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand and cash with bank, net of bank overdrafts.
Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdrafts are expensed as incurred.

Financial liabilities

The municipality removes a financial liability (or a part of a financial liability) from its statement of financial position when it is extinguished — i.e. when the obligation specified in the contract is discharged, cancelled, expires or waived.

An exchange between an existing borrower and lender of debt instruments with substantially different terms is accounted for as having extinguished the original financial liability and a new financial liability is recognised. Similarly, a substantial modification of the terms of an existing financial liability or a part of it is accounted for as having extinguished the original financial liability and having recognised a new financial liability.

The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in surplus or deficit. Any liabilities that are waived, forgiven or assumed by another municipality by way of a non-exchange transaction are accounted for in accordance with the Standard of GRAP on Revenue from Non-exchange Transactions (Taxes and Transfers).

1.12 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

When a lease includes both land and buildings elements, the municipality assesses the classification of each element separately.

Housing rental and instalments

Finance income from the sale of housing by way of instalment sales agreements or finance leases is recognised on a time proportion basis.

Operating leases - lessor

Operating lease revenue is recognised as revenue on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

Initial direct costs incurred in negotiating and arranging operating leases are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease revenue.

The aggregate cost of incentives is recognised as a reduction of rental revenue over the lease term on a straight-line basis.

Income for leases is disclosed under revenue in statement of financial performance.

Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

The aggregate benefit of incentives is recognised as a reduction of rental expense over the lease term on a straight- line basis.

Any contingent rent is expensed in the period in which they are incurred.

1.13 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, and then their costs are their fair value as at the date of acquisition.

Subsequently inventories are measured at the lower of cost and net realisable value.

Inventories are measured at the lower of cost and current replacement cost where they are held for:

- distribution at no charge or for a nominal charge; or
- consumption in the production process of goods to be distributed at no charge or for a nominal charge.

Net realisable value is the estimated selling price in the ordinary course of operations less the estimated costs of completion and the estimated costs necessary to make the sale, exchange or distribution.

Current replacement cost is the cost the municipality incurs to acquire the asset on the reporting date.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost of inventories of items that are not ordinarily interchangeable and goods or services produced and segregated for specific projects is assigned using specific identification of the individual costs. The cost of inventories is assigned using the weighted average cost formula. The same cost formula is used for all inventories having a similar nature and use to the municipality.

When inventories are sold, the carrying amounts of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expenses are recognised when the goods are distributed, or related services are rendered. The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value or current replacement cost, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

1.14 Landfill site

Site restoration and dismantling cost - The municipality has an obligation to dismantle, remove and restore items of property, plant and equipment. Such obligations are referred to as 'decommissioning, restoration and similar liabilities'. The cost of an item of property, plant and equipment includes:

- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located;

- changes in the measurement of an existing decommissioning, restoration and similar liability that result from change in the estimated timing or amount of the outflow of resources embodying economic benefits or service potential required to settle the obligation, or a change in discount rate; and

- the obligation the municipality incurs for having used the items during a particular period for purposes other than to produce inventories during that period.

If the related asset is measured using the cost model:

(a) subject to (b), changes in the liability are added to, or deducted from, the cost of the related asset in the current period;

(b) if a decrease in the liability exceeds the carrying amount of the asset, the excess is recognised immediately in surplus or deficit; and

(c) if the adjustment results in an addition to the cost of an asset, the municipality considers whether this is an indication that the new carrying amount of the asset may not be fully recoverable. If it is such an indication, the asset is tested for impairment by estimating its recoverable amount or recoverable service amount, and any impairment loss is recognised in accordance with the accounting policy on impairment of cash-generating assets and/or impairment of non-cash-generating assets.

1.15 **Impairment of cash-generating assets**

Cash-generating assets are assets managed with the objective of generating a commercial return. An asset generates a commercial return when it is deployed in a manner consistent with that adopted by a profit-oriented entity.

Cash generating assets are assets used with the objective of generating a commercial return. Commercial return means that positive cash flows are expected to be significantly higher than the cost of the asset.
Impairment is a loss in the future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation (amortisation).
Carrying amount is the amount at which an asset is recognised in the statement of financial position after deducting any accumulated depreciation and accumulated impairment losses thereon.
A cash generating unit is the smallest identifiable group of assets used with the objective of generating a commercial return that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets.
Costs of disposal are incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense.
Depreciation (Amortisation) is the systematic allocation of the depreciable amount of an asset over its useful life.
Fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.
Recoverable amount of an asset or a cash generating unit is the higher its fair value less costs to sell and its value in use.
Useful life is either:

- the period of time over which an asset is expected to be used by the municipality; or
- the number of production or similar units expected to be obtained from the asset by the municipality.

Management has judged all assets as non cash generating assets.

Identification

When the carrying amount of a cash-generating asset exceeds its recoverable amount, it is impaired.

The municipality assesses at each reporting date whether there is any indication that a cash-generating asset may be impaired. If any such indication exists, the municipality estimates the recoverable amount of the asset.

Value in use

Value in use of a cash-generating asset is the present value of the estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life.

When estimating the value in use of an asset, the municipality estimates the future cash inflows and outflows to be derived from continuing use of the asset and from its ultimate disposal and the municipality applies the appropriate discount rate to those future cash flows.

Discount rate

The discount rate is a pre-tax rate that reflects current market assessments of the time value of money, represented by the current risk-free rate of interest and the risks specific to the asset for which the future cash flow estimates have not been adjusted.

Recognition and measurement (individual asset)

If the recoverable amount of a cash-generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. This reduction is an impairment loss.

An impairment loss is recognised immediately in surplus or deficit.

After the recognition of an impairment loss, the depreciation (amortisation) charge for the cash-generating asset is adjusted in future periods to allocate the cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

Cash-generating units

If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the municipality determines the recoverable amount of the cash-generating unit to which the asset belongs (the asset's cash-generating unit).

If an active market exists for the output produced by an asset or group of assets, that asset or group of assets is identified as a cash-generating unit, even if some or all of the output is used internally. If the cash inflows generated by any asset or cash-generating unit are affected by internal transfer pricing, the municipality use management's best estimate of future price(s) that could be achieved in arm's length transactions in estimating:

- the future cash inflows used to determine the asset's or cash-generating unit's value in use; and
- the future cash outflows used to determine the value in use of any other assets or cash-generating units that are affected by the internal transfer pricing.

Cash-generating units are identified consistently from period to period for the same asset or types of assets, unless a change is justified.

The carrying amount of a cash-generating unit is determined on a basis consistent with the way the recoverable amount of the cash-generating unit is determined.

An impairment loss is recognised for a cash-generating unit if the recoverable amount of the unit is less than the carrying amount of the unit. The impairment is allocated to reduce the carrying amount of the cash-generating assets of the unit on a pro rata basis, based on the carrying amount of each asset in the unit. These reductions in carrying amounts are treated as impairment losses on individual assets.

In allocating an impairment loss, the entity does not reduce the carrying amount of an asset below the highest of:

- its fair value less costs to sell (if determinable);
- its value in use (if determinable); and
- zero.

The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other cash-generating assets of the unit.

Where a non-cash-generating asset contributes to a cash-generating unit, a proportion of the carrying amount of that non-cash-generating asset is allocated to the carrying amount of the cash-generating unit prior to estimation of the recoverable amount of the cash-generating unit.

Reversal of impairment loss

The municipality assess at each reporting date whether there is any indication that an impairment loss recognised in prior periods for a cash-generating asset may no longer exist or may have decreased. If any such indication exists, the entity estimates the recoverable amount of that asset.

An impairment loss recognised in prior periods for a cash-generating asset is reversed if

there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of the asset is increased to its recoverable amount. The increase is a reversal of an impairment loss. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss for a cash-generating asset is recognised immediately in surplus or deficit.

After a reversal of an impairment loss is recognised, the depreciation (amortisation) charge for the cash-generating asset is adjusted in future periods to allocate the cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

A reversal of an impairment loss for a cash-generating unit is allocated to the cash-generating assets of the unit pro rata with the carrying amounts of those assets. These increases in carrying amounts are treated as reversals of impairment losses for individual assets. No part of the amount of such a reversal is allocated to a non-cash-generating asset contributing service potential to a cash-generating unit.

In allocating a reversal of an impairment loss for a cash-generating unit, the carrying amount of an asset is not increased above the lower of:

- its recoverable amount (if determinable); and
- the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior periods.

The amount of the reversal of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit.

1.16 Impairment of non- cash generating assets

Non cash generating assets are assets other than cash generating assets.

Identification

When the carrying amount of a non cash generating asset exceeds its recoverable service amount, it is impaired.

The municipality assesses at each reporting date whether there is any indication that a non cash generating asset may be impaired. If any such indication exists, the municipality estimates the recoverable service amount of the asset.

Irrespective of whether there is any indication of impairment, the entity also tests a non cash generating intangible asset with an indefinite useful life or a non cash generating intangible asset not yet available for use for impairment annually by comparing its carrying amount with

its recoverable service amount. This impairment test is performed at the same time every year. If an intangible asset was initially recognised during the current reporting period, that intangible asset was tested for impairment before the end of the current reporting period.

Value in use

Value in use of non cash generating assets is the present value of the non cash generating assets remaining service potential.

The present value of the remaining service potential of a non cash generating assets is determined using the following approach:

Depreciated replacement cost approach

The present value of the remaining service potential of a non cash generating asset is determined as the depreciated replacement cost of the asset. The replacement cost of an asset is the cost to replace the asset's gross service potential. This cost is depreciated to reflect the asset in its used condition. An asset may be replaced either through reproduction (replication) of the existing asset or through replacement of its gross service potential. The depreciated replacement cost is measured as the current reproduction or replacement cost of the asset, whichever is lower, less accumulated depreciation calculated on the basis of such cost, to reflect the already consumed or expired service potential of the asset.

The replacement cost and reproduction cost of an asset is determined on an "optimised" basis. The rationale is that the municipality would not replace or reproduce the asset with a like asset if the asset to be replaced or reproduced is an overdesigned or overcapacity asset. Overdesigned assets contain features which are unnecessary for the goods or services the asset provides. Overcapacity assets are assets that have a greater capacity than is necessary to meet the demand for goods or services the asset provides. The determination of the replacement cost or reproduction cost of an asset on an optimised basis thus reflects the service potential required of the asset.

Recognition and measurement

If the recoverable service amount of a non cash generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. This reduction is an impairment loss.

An impairment loss is recognised immediately in surplus or deficit.

After the recognition of an impairment loss, the depreciation (amortisation) charge for the non cash generating asset is adjusted in future periods to allocate the non cash generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

Reversal of an impairment loss

The municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for a non cash generating asset may no longer exist or may have decreased. If any such indication exists, the municipality estimates the recoverable service amount of that asset.

An impairment loss recognised in prior periods for a non cash generating asset is reversed if there has been a change in the estimates used to determine the asset's recoverable service amount since the last impairment loss was recognised. The carrying amount of the asset is increased to its recoverable service amount. The increase is a reversal of an impairment loss. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss for a non cash generating asset is recognised immediately in surplus or deficit.

After a reversal of an impairment loss is recognised, the depreciation (amortisation) charge for the non cash generating asset is adjusted in future periods to allocate the non cash generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

1.17 Employee benefits

Employee benefits are all forms of consideration given by a municipality in exchange for service rendered by employees.

A qualifying insurance policy is an insurance policy issued by an insurer that is not a related party of the reporting municipality, if the proceeds of the policy can be used only to pay or fund employee benefits under a defined benefit plan and are not available to the reporting municipality's own creditors (even in liquidation) and cannot be paid to the reporting municipality, unless either:

- the proceeds represent surplus assets that are not needed for the policy to meet all the related employee benefit obligations; or
- the proceeds are returned to the reporting municipality to reimburse it for employee benefits already paid.

Termination benefits are employee benefits payable as a result of either:

- a municipality's decision to terminate an employee's employment before the normal retirement date; or
- an employee's decision to accept voluntary redundancy in exchange for those benefits.

Other long-term employee benefits are employee benefits (other than post-employment benefits and termination benefits) that are not due to be settled within twelve months after the end of the period in which the employees render the related service.

Vested employee benefits are employee benefits that are not conditional on future employment.

Composite social security programmes are established by legislation and operate as multi-employer plans to provide postemployment benefits as well as to provide benefits that are not consideration in exchange for service rendered by employees.

A constructive obligation is an obligation that derives from a municipality's actions where by an established pattern of past practice, published policies or a sufficiently specific current statement, the municipality has indicated to other parties that it will accept certain responsibilities and as a result, the municipality has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

Short term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- wages, salaries and social security contributions;
- short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service;
- bonus, incentive and performance related payments payable within twelve months after the end of the reporting period in which the employees render the related service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cellphones) for current employees.

When an employee has rendered service to the municipality during a reporting period, the entity recognise the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service:

- as a liability (accrued expense), after deducting any amount already paid. If the amount already paid exceeds the undiscounted amount of the benefits, the municipality recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund; and
- as an expense, unless another Standard requires or permits the inclusion of the benefits in the cost of an asset.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-

accumulating absences, when the absence occurs. The municipality measure the expected cost of accumulating compensated absences as the additional amount that the entity expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The municipality recognises the expected cost of bonus, incentive and performance related payments when the municipality has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the entity has no realistic alternative but to make the payments.

Accrued leave pay

Liabilities for annual leave are recognised as they accrue to employees. Liability is based on the total accrued leave days owing to employees and is reviewed annually.

Post-employment benefits

Post-employment benefits are employee benefits (other than termination benefits) which are payable after the completion of employment.

Post-employment benefit plans are formal or informal arrangements under which a municipality provides post- employment benefits for one or more employees.

Multi-employer plans are defined contribution plans (other than state plans and composite social security programmes) or defined benefit plans (other than state plans) that pool the assets contributed by various entities that are not under common control and use those assets to provide benefits to employees of more than one entity, on the basis that contribution and benefit levels are determined without regard to the identity of the entity that employs the employees concerned.

Multi-employer plans

The municipality classifies a multi-employer plan and/or state plans and/or composite social security programmes as a defined contribution plan or a defined benefit plan under the terms of the plan (including any constructive obligation that goes beyond the formal terms).

Where a plan is a defined contribution plan, the municipality accounts for in the same way as for any other defined contribution plan.

Where a plan is a defined benefit plan, the municipality account for its proportionate share of the defined benefit obligation, plan assets and cost associated with the plan in the same way as for any other defined benefit plan.

When sufficient information is not available to use defined benefit accounting for a plan, that is a defined benefit plan, the municipality account for the plan as if it was a defined contribution plan.

Post-employment benefits: Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the municipality pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

When an employee has rendered service to the municipality during a reporting period, the municipality recognizes the contribution payable to a defined contribution plan in exchange for that service:

- as a liability (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the reporting date, the municipality recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund; and
- as an expense, unless another Standard requires or permits the inclusion of the contribution in the cost of an asset.

Where contributions to a defined contribution plan do not fall due wholly within twelve months after the end of the reporting period in which the employees render the related service, they are discounted. The rate used to discount reflects the time value of money. The currency and term of the financial instrument selected to reflect the time value of money is consistent with the currency and estimated term of the obligation.

Post-employment benefits: Defined benefit plans

Defined benefit plans are post-employment benefit plans other than defined contribution plans.

Actuarial gains and losses comprise experience adjustments (the effects of differences between the previous actuarial assumptions and what has actually occurred) and the effects of changes in actuarial assumptions. In measuring its defined benefit liability the municipality recognises actuarial gains and losses in surplus or deficit in the reporting period in which they occur.

Current service cost is the increase in the present value of the defined benefit obligation resulting from employee service in the current period.
Interest cost is the increase during a period in the present value of a defined benefit obligation which arises because the benefits are one period closer to settlement.

Past service cost is the change in the present value of the defined benefit obligation for employee service in prior periods, resulting in the current period from the introduction of, or changes to, post-employment benefits or other long- term employee benefits. Past service cost may be either positive (when benefits are introduced or changed so that the present value of the defined benefit obligation increases) or negative (when existing benefits are

changed so that the present value of the defined benefit obligation decreases). In measuring its defined benefit liability the municipality recognise past service cost as an expense in the reporting period in which the plan is amended.

Plan assets comprise assets held by a long-term employee benefit fund and qualifying insurance policies.

The present value of a defined benefit obligation is the present value, without deducting any plan assets, of expected future payments required to settle the obligation resulting from employee service in the current and prior periods.

The return on plan assets is interest, dividends and other revenue derived from the plan assets, together with realised and unrealised gains or losses on the plan assets, less any costs of administering the plan (other than those included in the actuarial assumptions used to measure the defined benefit obligation) and less any tax payable by the plan itself.

The amount recognised as a defined benefit liability is the net total of the following amounts:

- the present value of the defined benefit obligation at the reporting date;
- minus the fair value at the reporting date of plan assets (if any) out of which the obligations are to be settled directly;
- plus any liability that may arise as a result of a minimum funding requirement.

The amount determined as a defined benefit liability may be negative (an asset). The municipality measure the resulting asset at the lower of:

- the amount determined above; and
- the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The present value of these economic benefits is determined using a discount rate which reflects the time value of money.

Any adjustments arising from the limit above is recognised in surplus or deficit.

The municipality determine the present value of defined benefit obligations and the fair value of any plan assets with sufficient regularity such that the amounts recognised in the annual financial statements do not differ materially from the amounts that would be determined at the reporting date.

The municipality recognises the net total of the following amounts in surplus or deficit, except to the extent that another Standard requires or permits their inclusion in the cost of an asset:

- current service cost;
- interest cost;
- the expected return on any plan assets and on any reimbursement rights;
- actuarial gains and losses;

- past service cost;
- the effect of any curtailments or settlements; and
- the effect of applying the limit on a defined benefit asset (negative defined benefit liability).

The municipality uses the Projected Unit Credit Method to determine the present value of its defined benefit obligations and the related current service cost and, where applicable, past service cost. The Projected Unit Credit Method (sometimes known as the accrued benefit method pro-rated on service or as the benefit/years of service method) sees each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

In determining the present value of its defined benefit obligations and the related current service cost and, where applicable, past service cost, the municipality shall attribute benefit to periods of service under the plan's benefit formula. However, if an employee's service in later years will lead to a materially higher level of benefit than in earlier years, the municipality attributes benefit on a straight-line basis from:

- the date when service by the employee first leads to benefits under the plan (whether or not the benefits are conditional on further service); until

- the date when further service by the employee will lead to no material amount of further benefits under the plan, other than from further salary increases.

Actuarial valuations are conducted on an annual basis by independent actuaries separately for each plan. The results of the valuation are updated for any material transactions and other material changes in circumstances (including changes in market prices and interest rates) up to the reporting date.

The municipality recognises gains or losses on the curtailment or settlement of a defined benefit plan when the curtailment or settlement occurs. The gain or loss on a curtailment or settlement comprises:

- any resulting change in the present value of the defined benefit obligation; and
- any resulting change in the fair value of the plan assets.

Before determining the effect of a curtailment or settlement, the municipality re-measures the obligation (and the related plan assets, if any) using current actuarial assumptions (including current market interest rates and other current market prices).
When it is virtually certain that another party will reimburse some or all of the expenditure required to settle a defined benefit obligation, the right to reimbursement is recognised as a separate asset. The asset is measured at fair value. In all other respects, the asset is treated in the same way as plan assets. In surplus or deficit, the expense relating to a defined benefit plan is presented as the net of the amount recognised for a reimbursement.

The municipality offsets an asset relating to one plan against a liability relating to another plan when the municipality has a legally enforceable right to use a surplus in one plan to settle obligations under the other plan and intends either to settle the obligations on a net basis, or to realise the surplus in one plan and settle its obligation under the other plan simultaneously.

Actuarial assumptions

Actuarial assumptions are unbiased and mutually compatible.

Financial assumptions are based on market expectations, at the reporting date, for the period over which the obligations are to be settled.

The rate used to discount post-employment benefit obligations (both funded and unfunded) reflect the time value of money. The currency and term of the financial instrument selected to reflect the time value of money is consistent with the currency and estimated term of the post-employment benefit obligations.

Post-employment benefit obligations are measured on a basis that reflects:

- estimated future salary increases;
- the benefits set out in the terms of the plan (or resulting from any constructive obligation that goes beyond those terms) at the reporting date; and
- estimated future changes in the level of any state benefits that affect the benefits payable under a defined benefit plan, if, and only if, either:
  - those changes were enacted before the reporting date; or
  - past history, or other reliable evidence, indicates that those state benefits will change in some predictable manner, for example, in line with future changes in general price levels or general salary levels.

Assumptions about medical costs take account of estimated future changes in the cost of medical services, resulting from both inflation and specific changes in medical costs.

Other long term employee benefits

The municipality provides post-retirement health care benefits, housing subsidies and gratuities upon retirement to some retirees.

Long term service awards is payable after 10 years of continuous service and after every 5 years thereafter to employees. Additional to this employees shall be entitled to a 14th cheque for continuous employment on their 30th and every 5th year onward.oFurthermore a retirement gift is payable on retirement to employees with 10 years or more service. The provision is an estimate of the long service award based on historical staff turnover based on historical staff turnover. No other long service benefits are provided to employees.

The entitlement to post-retirement health care benefits is based on the employee remaining

in service up to retirement age and the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment. Independent qualified actuaries carry out valuations of these obligations. The municipality also provides a gratuity and housing subsidy on retirement to certain employees. An annual charge to income is made to cover both these liabilities.

The amount recognised as a liability for other long-term employee benefits is the net total of the following amounts:

- the present value of the defined benefit obligation at the reporting date;
- minus the fair value at the reporting date of plan assets (if any) out of which the obligations are to be settled directly.

The municipality shall recognise the net total of the following amounts as expense or revenue, except to the extent that another Standard requires or permits their inclusion in the cost of an asset:

- current service cost;
- interest cost;
- the expected return on any plan assets and on any reimbursement right recognised as an asset;
- actuarial gains and losses, which shall all be recognised immediately;
- past service cost; and
- the effect of any curtailments or settlements.

Termination benefits

The municipality recognises termination benefits as a liability and an expense when the entity is demonstrably committed to either:

- terminate the employment of an employee or group of employees before the normal retirement date; or
- provide termination benefits as a result of an offer made in order to encourage voluntary redundancy.

The municipality is demonstrably committed to a termination when the entity has a detailed formal plan for the termination and is without realistic possibility of withdrawal. The detailed plan includes [as a minimum]:

- the location, function, and approximate number of employees whose services are to be terminated;
- the termination benefits for each job classification or function; and
- the time at which the plan will be implemented.

Implementation begins as soon as possible and the period of time to complete implementation is such that material changes to the plan are not likely.

Where termination benefits fall due more than twelve months after the reporting date, they

are discounted using an appropriate discount rate. The rate used to discount the benefit reflects the time value of money. The currency and term of the financial instrument selected to reflect the time value of money is consistent with the currency and estimated term of the benefit.

In the case of an offer made to encourage voluntary redundancy, the measurement of termination benefits shall be based on the number of employees expected to accept the offer.

1.18 Provisions and contingencies

Provisions are recognised when:

- the municipality has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the best estimate of the expenditure expected to be required to settle the present obligation at the reporting date.

Where the effect of time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation.

The discount rate is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are reversed if it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required, to settle the obligation.

Where discounting is used, the carrying amount of a provision increases in each period to reflect the passage of time. This increase is recognised as an interest expense.

A provision is used only for expenditures for which the provision was originally recognised. Provisions are not recognised for future operating deficits.
If the municipality has a contract that is onerous, the present obligation (net of recoveries) under the contract is recognised and measured as a provision.

Provision for the rehabilitation of landfill sites

At year end a provision is raised for the rehabilitation of landfill sites. The provision is the net present value of the future cash flows to rehabilitate damaged land at year end.

As the related asset is measured using the cost model:

- changes in the liability is added to, or deducted from, the cost of the related asset in the current period;
- the amount deducted from the cost of the asset does not exceed it carrying amount. If a decrease in the liability exceeds the carrying amount of the asset, the excess is recognised immediately in surplus or deficit;
- if the adjustments results in an addition to the cost of an asset, the municipality considers whether this is an indication that the new carrying amount of the asset may be fully recoverable. If there is such an indication, the municipality tests the asset for the impairment by estimating its recoverable amount or recoverable service amount, and accounts for any impairment loss, in accordance with the accounting policy on impairment of assets as described in the accounting policy on impairment of cash-generating assets and/ or impairment of non-cash generating assets.

The adjusted depreciable amount of the asset is depreciated over its useful life. Therefore, once the related asset has reached the end of its useful life, all subsequent changes in the liability is recognised in surplus or deficit as they occur.

Provision for constructive obligations

A constructive obligation to restructure arises only when the municipality:

- has a detailed formal plan for the restructuring, identifying at least:
  - the activity/operating unit or part of a activity/operating unit concerned;
  - the principal locations affected;
  - the location, function, and approximate number of employees who will be compensated for services being terminated;
  - the expenditures that will be undertaken; and
  - when the plan will be implemented; and
- has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing its main features to those affected by it.

A restructuring provision includes only the direct expenditures arising from the restructuring, which are those that are both:

- necessarily entailed by the restructuring; and
- not associated with the ongoing activities of the municipality.

No obligation arises as a consequence of the sale or transfer of an operation until the municipality is committed to the sale or transfer, that is, there is a binding arrangement.

After their initial recognition contingent liabilities recognised in entity combinations that are recognised separately are subsequently measured at the higher of:

- the amount that would be recognised as a provision; and
- the amount initially recognised less cumulative amortisation.

Contingencies

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the municipality.

A contingent liability is a:

- possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the municipality;
- present obligation that arises from past events but is not recognised because: it is not probable than an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; the amount of the obligation cannot be measured with sufficient reliability.

1.19 **Revenue from exchange transactions**

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

An exchange transaction is one in which the municipality receives assets or services, or has liabilities extinguished, and directly gives approximately equal value (primarily in the form of goods, services or use of assets) to the other party in exchange.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction

Measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

Service charges

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption, based on the consumption history, are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced, except at year-end when estimates of consumption up to year-end

are recorded as revenue without being invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period. In respect of estimates of consumption between the last reading date and the reporting date, an accrual is made based on the billings done during July and August. The billing and invoiced amounts done in July are recognized in total as an accrual as all billing in July pertains to services rendered prior 30 June. An estimate is then made based on August billing pertaining to services rendered up until 30 June.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has improvements. Tariffs are determined per category of property usage, and are levied monthly based on the number of refuse containers on each property, regardless of whether or not all containers are emptied during the month.

Service charges from sewerage and sanitation are based on the number of sewerage connections on each developed property using the tariffs approved from Council and are levied monthly.

Rendering of services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality;
- the stage of completion of the transaction at the reporting date can be measured reliably; and the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

Service revenue is recognised by reference to the stage of completion of the transaction at the reporting date. Stage of completion is determined by surveys of work performed.

Pre-paid electricity

Revenue from the sale of electricity prepaid units is recognised when all the following conditions have been satisfied:

- The municipality has transferred to the buyer the significant risks and rewards of

ownership of the goods.
- The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
- The costs incurred or to be incurred in respect of the transaction can be measure reliably.

Interest earned

Interest earned on investments is recognised in the statement of financial performance on the time proportionate basis that takes into account the effective yield on the investment.

Dividends

Dividends are recognised on the date that the municipality becomes entitled to receive the dividend in accordance with the substance of the relevant agreement, where applicable.

Charges

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant approved tariff. This includes the issuing of licences and permits.

Sale of goods

Revenue from the sale of goods is recognised when all the following conditions have been satisfied:
- The municipality has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Income from agency services

Income for agency services is recognised on a monthly basis once the income collected on

behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

1.20 **Revenue from non-exchange transactions**

Revenue comprises gross inflows of economic benefits or service potential received and receivable by the municipality, which represents an increase in net assets, other than increases relating to contributions from owners.

Conditions on transferred assets are stipulations that specify that the future economic benefits or service potential embodied in the asset is required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Non-exchange transactions are transactions that are not exchange transactions. In a non-exchange transaction, the municipality either receives value from another municipality without directly giving approximately equal value in exchange, or gives value to another municipality without directly receiving approximately equal value in exchange.

Restrictions on transferred assets are stipulations that limit or direct the purposes for which a transferred asset may be used, but do not specify that future economic benefits or service potential is required to be returned to the transferor if not deployed as specified.

Stipulations on transferred assets are terms in laws or regulation, or a binding arrangement, imposed upon the use of a transferred asset by entities external to the reporting municipality.

The taxable event is the event that the government, legislature or other authority has determined will be subject to taxation.

Taxes are economic benefits or service potential compulsorily paid or payable to entities, in accordance with laws and or regulations, established to provide revenue to government. Taxes do not include fines or other penalties imposed for breaches of the law.

Transfers are inflows of future economic benefits or service potential from non-exchange transactions, other than taxes.

Recognition

An inflow of resources from a non-exchange transaction recognised as an asset is recognised as revenue, except to the extent that a liability is also recognised in respect of the same inflow.

As the municipality satisfies a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it reduces

the carrying amount of the liability recognised and recognises an amount of revenue equal to that reduction.

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the municipality with no future related costs are recognised in the statement of financial performance in the period in which they become receivable.

Measurement

Revenue from a non-exchange transaction is measured at the amount of the increase in net assets recognised by the municipality.

When, as a result of a non-exchange transaction, the municipality recognises an asset, it also recognises revenue equivalent to the amount of the asset measured at its fair value as at the date of acquisition, unless it is also required to recognise a liability. Where a liability is required to be recognised it will be measured as the best estimate of the amount required to settle the obligation at the reporting date, and the amount of the increase in net assets, if any, recognised as revenue. When a liability is subsequently reduced, because the taxable event occurs or a condition is satisfied, the amount of the reduction in the liability is recognised as revenue.

Property rates

The municipality recognises an asset in respect of taxes when the taxable event occurs and the asset recognition criteria are met.

Resources arising from taxes satisfy the definition of an asset when the municipality controls the resources as a result of a past event (the taxable event) and expects to receive future economic benefits or service potential from those resources.

Resources arising from taxes satisfy the criteria for recognition as an asset when it is probable that the inflow of resources will occur and their fair value can be reliably measured.

The municipality analyses the taxation laws to determine what the taxable events are for the various taxes levied.

The taxable event for property tax is the passing of the date on which the tax is levied, or the period for which the tax is levied, if the tax is levied on a periodic basis.

Taxation revenue is determined at a gross amount. It is not reduced for expenses paid through the tax system.

Transfers

The municipality recognises an asset in respect of transfers when the transferred resources meet the definition of an asset and satisfy the criteria for recognition as an asset.

Transferred assets are measured at their fair value as at the date of acquisition.

Debt forgiveness and assumption of liabilities

The municipality recognises revenue in respect of debt forgiveness when the former debt no longer meets the definition of a liability or satisfies the criteria for recognition as a liability, provided that the debt forgiveness does not satisfy the definition of a contribution from owners.

Revenue arising from debt forgiveness is measured at the carrying amount of debt forgiven.

Fines

Fines are recognised as revenue when the receivable meets the definition of an asset and satisfies the criteria for recognition as an asset.

The municipality makes use of estimates to determine the amount of revenue that it is entitled to collect. Where settlement discounts or reductions in the amount payable are offered, the municipality considers past history in assessing the likelihood of these discounts or reductions being taken up by receivables. Where the municipality collects fines in the capacity of an agent, the fine will not be revenue of the collecting municipality.

Gifts and donations, including goods in-kind

Gifts and donations, including goods in kind, are recognised as assets and revenue when it is probable that the future economic benefits or service potential will flow to the municipality and the fair value of the assets can be measured reliably.

Services in-kind

Services in-kind that are significant to the municipality's operations and/or service delivery objectives are recognised as assets and the related revenue when it is probable that the future economic benefits or service potential will flow to the municipality and the fair value of the assets can be measured reliably.

Where services in-kind are not significant to the municipality's operations and/or service delivery objectives and/or do not satisfy the criteria for recognition, the municipality discloses the nature and type of services in-kind received during the reporting period.

Collection charges and penalties

Collection charges and penalty interest is recognised when:

- it is probable that the economic benefits or service potential associated with the transactions will flow to the municipality; and
- the amount of revenue can be measured reliably; and

to the extent that there has been compliance with the relevant legal requirements (if applicable).

1.21 Statutory receivables Identification

Statutory receivables are receivables that arise from legislation, supporting regulations, or similar means, and require settlement by another entity in cash or another financial asset.

The cost method is the method used to account for statutory receivables that requires such receivables to be measured at their transaction amount, plus any accrued interest or other charges (where applicable) and, less any accumulated impairment losses and any amounts derecognised.

Nominal interest rate is the interest rate and/or basis specified in legislation, supporting regulations or similar means.

The transaction amount (for purposes of the Standard of GRAP on Statutory Receivables) means the amount specified in, or calculated, levied or charged in accordance with, legislation, supporting regulations, or similar means.

Recognition

The municipality recognises statutory receivables as follows:

- if the transaction is an exchange transaction, using the accounting policy on Revenue from exchange transactions;
- if the transaction is a non-exchange transaction, using the accounting policy on Revenue from non-exchange transactions (Taxes and transfers); or
- if the transaction is not within the scope of the accounting policies listed in the above or another Standard of GRAP, the receivable is recognised when the definition of an asset is met and, when it is probable that the future economic benefits or service potential associated with the asset will flow to the municipality and the transaction amount can be measured reliably.

Initial measurement

The municipality initially measures statutory receivables at their transaction amount. Subsequent measurement
The municipality measures statutory receivables after initial recognition using the cost method. Under the cost method, the initial measurement of the receivable is changed subsequent to initial recognition to reflect any:

- interest or other charges that may have accrued on the receivable (where applicable);
- impairment losses; and
- amounts derecognised. Accrued interest

Where the municipality levies interest on the outstanding balance of statutory receivables, it adjusts the transaction amount after initial recognition to reflect any accrued interest. Accrued interest is calculated using the nominal interest rate.

Interest on statutory receivables is recognised as revenue in accordance with the accounting policy on Revenue from exchange transactions or the accounting policy on Revenue from non-exchange transactions (Taxes and transfers), whichever is applicable.

Other charges

Where the municipality is required or entitled to levy additional charges in terms of legislation, supporting regulations, by-laws or similar means on overdue or unpaid amounts, these charges are accounted for in terms of the municipality's accounting policy on Revenue from exchange transactions or the policy on Revenue from non-exchange transactions (taxes and transfers).

Impairment losses

The municipality assesses at each reporting date whether there is any indication that a statutory receivable, or a group of statutory receivables, may be impaired.

In assessing whether there is any indication that a statutory receivable, or group of statutory receivables, may be impaired, the municipality considers, as a minimum, the following indicators:

- significant financial difficulty of the receivable, which may be evidenced by an application for debt counselling, business rescue or an equivalent.
- it is probable that the receivable will enter sequestration, liquidation or other financial re-organisation.
- a breach of the terms of the transaction, such as default or delinquency in principal or interest payments (where levied).
- adverse changes in international, national or local economic conditions, such as a decline in growth, an increase in debt levels and unemployment, or changes in migration rates and patterns.

If there is an indication that a statutory receivable, or a group of statutory receivables, may be impaired, the municipality measures the impairment loss as the difference between the estimated future cash flows and the carrying amount. Where the carrying amount is higher than the estimated future cash flows, the carrying amount of the statutory receivable, or group of statutory receivables, is reduced through the use of an allowance account. The amount of the losses is recognised in surplus or deficit.

An impairment loss recognised in prior periods for a statutory receivable is revised if there has been a change in the estimates used since the last impairment loss was recognised, or to reflect the effect of discounting the estimated cash flows.

Any previously recognised impairment loss is adjusted by adjusting the allowance account. The adjustment does not result in the carrying amount of the statutory receivable, or group of statutory receivables exceeding what the carrying amount of the receivable(s) would have been had the impairment loss not been recognised at the date the impairment is revised. The amount of any adjustment is recognised in surplus or deficit.

Derecognition

The municipality derecognises a statutory receivable, or a part thereof, when:

- the rights to the cash flows from the receivable are settled, expire or are waived;
- the municipality transfers to another party substantially all of the risks and rewards of ownership of the receivable; or
- the municipality, despite having retained some significant risks and rewards of ownership of the receivable, has transferred control of the receivable to another party and the other party has the practical ability to sell the receivable in its entirety to an unrelated third party, and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer. In this case, the municipality:
  - derecognises the receivable; and
  - recognises separately any rights and obligations created or retained in the transfer.

The carrying amounts of any statutory receivables transferred are allocated between the rights or obligations retained and those transferred on the basis of their relative fair values at the transfer date. The municipality considers whether any newly created rights and obligations are within the scope of the Standard of GRAP on Financial Instruments or another Standard of GRAP. Any difference between the consideration received and the amounts derecognised and, those amounts recognised, are recognised in surplus or deficit in the period of the transfer.

1.22 Accounting by principles and agents

2 Identification

An agent is an entity that has been directed by another entity (a principal), through a binding arrangement, to undertake transactions with third parties on behalf of the principal and for the benefit of the principal.

A principal is an entity that directs another entity (an agent), through a binding arrangement, to undertake transactions with third parties on its behalf and for its own benefit.

A principal-agent arrangement results from a binding arrangement in which one entity (an agent), undertakes transactions with third parties on behalf, and for the benefit of, another entity (the principal).

Identifying whether an entity is a principal or an agent

When the municipality is party to a principal-agent arrangement, it assesses whether it is the principal or the agent in accounting for revenue, expenses, assets and/or liabilities that result from transactions with third parties undertaken in terms of the arrangement.

The assessment of whether a municipality is a principal or an agent requires the municipality to assess whether the transactions it undertakes with third parties are for the benefit of another entity or for its own benefit.

Binding arrangement

The municipality assesses whether it is an agent or a principal by assessing the rights and obligations of the various parties established in the binding arrangement.

Where the terms of a binding arrangement are modified, the parties to the arrangement re-assess whether they act as a principal or an agent.

Assessing which entity benefits from the transactions with third parties

When the municipality in a principal-agent arrangement concludes that it undertakes transactions with third parties for the benefit of another entity, then it is the agent. If the municipality concludes that it is not the agent, then it is the principal in the transactions.

The municipality is an agent when, in relation to transactions with third parties, all three of the following criteria are present:

- It does not have the power to determine the significant terms and conditions of the transaction.
- It does not have the ability to use all, or substantially all, of the resources that result from the transaction for its own benefit.
- It is not exposed to variability in the results of the transaction.

Where the municipality has been granted specific powers in terms of legislation to direct the terms and conditions of particular transactions, it is not required to consider the criteria of whether it does not have the power to determine the significant terms and conditions of the transaction, to conclude that is an agent. The municipality applies judgement in determining whether such powers exist and whether they are relevant in assessing whether the municipality is an agent.

Recognition

The municipality, as a principal, recognises revenue and expenses that arise from transactions with third parties in a principal-agent arrangement in accordance with the requirements of the relevant Standards of GRAP.

The municipality, as an agent, recognises only that portion of the revenue and expenses it receives or incurs in executing the transactions on behalf of the principal in accordance with the requirements of the relevant Standards of GRAP.

The municipality recognises assets and liabilities arising from principal-agent arrangements in accordance with the requirements of the relevant Standards of GRAP.

1.23 Borrowing costs

Borrowing costs are interest and other expenses incurred by the municipality in connection with the borrowing of funds. Borrowing costs are recognised as an expense in the period in which they are incurred.

1.24 **Comparative figures**

Where necessary, comparative figures have been reclassified to conform to changes in presentation in the current year. Refer to note 59 and 60 for detail.

1.25 **Unauthorised expenditure**

Unauthorised expenditure means:

- overspending of a vote or a main division within a vote; and
- expenditure not in accordance with the purpose of a vote or, in the case of a main division, not in accordance with the purpose of the main division.

All expenditure relating to unauthorised expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.26 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised.

All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.27 **Irregular expenditure**

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the economic entity's supply chain management policy. Irregular expenditure excludes unauthorised expenditure.

All expenditure relating to irregular expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.28 Related parties

A related party is a person or an entity with the ability to control or jointly control the other party, or exercise significant influence over the other party, or vice versa, or an entity that is subject to common control, or joint control.

Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.
Joint control is the agreed sharing of control over an activity by a binding arrangement, and exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing control (the venturers).
Related party transaction is a transfer of resources, services or obligations between the reporting entity and a related party, regardless of whether a price is charged.
Significant influence is the power to participate in the financial and operating policy decisions of an entity, but is not control over those policies.
Key management as well as their close family members, and/or entities are related parties if one party has the ability, directly or indirectly, to control or jointly control the other party or exercise significant influence over the other party in making financial and/or operating decisions.

Management are those persons responsible for planning, directing and controlling the activities of the municipality including those charged with the governance of the municipality in accordance with legislation, in instances where they are required to perform such functions.

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in their dealings with the municipality.

The municipality is exempt from disclosure requirements in relation to related party transactions if that transaction occurs within normal supplier and/or client/recipient relationships on terms and conditions no more or less favourable than those which it is reasonable to expect the municipality

to have adopted if dealing with that individual entity or person in the same circumstances and terms and conditions are within the normal operating parameters established by that reporting entity's legal mandate.
Where the municipality is exempt from the disclosures in accordance with the above, the municipality discloses narrative information about the nature of the transactions and the related outstanding balances, to enable users of the entity's financial statements to understand the effect of related party transactions on its annual financial statements.

Changes in accounting policies, estimates and errors

Changes in accounting policies that are affected by management have been applied retrospectively in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with GRAP 3 requirements. Details of changes in estimates are disclosed in the notes to the annual financial statements where applicable.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Commitments

Items are classified as commitments where the municipality commits itself to future transactions that will normally result in the outflow of cash.

Disclosures are required in respect of unrecognised contractual commitments.

Commitments are not recognised in the statement of financial position as a liability, but are included in the disclosure notes in the following cases:

- approved and contracted commitments;
- where the expenditure has been approved and the contract has been awarded at the reporting date; and
- where disclosure is required by a specific standard of GRAP.

1.29 Changes in accounting policies, estimates and errors

Changes in accounting policies that are affected by management have been applied retrospectively in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with GRAP 3 requirements. Details of changes in estimates are disclosed in the notes to the annual financial statements where applicable.
Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

1.30 Commitments

Items are classified as commitments when an entity has committed itself to future transactions that will normally result in the outflow of cash.

Disclosures are required in respect of unrecognised contractual commitments.

Commitments are not recognised in the statement of financial position as a liability, but are included in the disclosure notes in the following cases:

- approved and contracted commitments;
- where the expenditure has been approved and the contract has been awarded at the reporting date; and
- where disclosure is required by a specific standard of GRAP.

1.31 Value Added Tax

The municipality accounts for Value Added Tax on the cash (receipt) basis.

1.32 Budget information

The approved budget is prepared on the accrual basis and presented by economic classification linked to performance outcome objectives.

The approved budget covers the fiscal period from 2019/07/01 to 2020/06/30.

The annual financial statements and the budget are on the same basis of accounting therefore a comparison with the budgeted amounts for the reporting period have been included in the statement of comparison of budget and actual amounts.

1.33 Events after reporting date

Events after reporting date are those events, both favourable and unfavourable, that occur

between the reporting date and the date when the financial statements are authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the reporting date (adjusting events after the reporting date); and
- those that are indicative of conditions that arose after the reporting date (non-adjusting events after the reporting date).

The municipality will adjust the amount recognised in the financial statements to reflect adjusting events after the reporting date once the event occurred.

The municipality will disclose the nature of the event and an estimate of its financial effect or a statement that such estimate cannot be made in respect of all material non-adjusting events, where non-disclosure could influence the economic decisions of users taken on the basis of the financial statements.

1.34 Presentation currency

These annual financial statements are presented in South African Rand, which is the functional currency of the municipality.

1.35 Construction contracts and receivables

Construction contract is a contract, or a similar binding arrangement, specifically negotiated for the construction of an asset or a combination of assets that are closely interrelated or interdependent in terms of their design, technology and function or their ultimate purpose or use.

Contractor is an entity that performs construction work pursuant to a construction contract.

A contractor is an entity that enters into a contract to build structures, construct facilities, produce goods, or render services to the specifications of another entity either itself or through the use of sub-contractors. The term “contractor” thus includes a general or prime contractor, a subcontractor to a general contractor, or a construction manager.

1.36 Segment Information

A segment is an activity of an entity:

- that generates economic benefits or service potential (including economic benefits or service potential relating to transactions between activities of the same entity);
- whose results are regularly reviewed by management to make decisions about resources to be allocated to that activity and in assessing its performance; and
- for which separate financial information is available.

Reportable segments are the actual segments which are reported on in the segment report. They are the segments identified above or alternatively an aggregation of two or more of those segments where the aggregation criteria are met.

Measurement

The amount of each segment item reported is the measure reported to management for the purposes of making decisions about allocating resources to the segment and assessing its performance. Adjustments and eliminations made in preparing the entity's financial statements and allocations of revenues and expenses are included in determining reported segment surplus or deficit only if they are included in the measure of the segment's surplus or deficit that is used by management. Similarly, only those assets and liabilities that are included in the measures of the segment's assets and segment's liabilities that are used by management are reported for that segment. If amounts are allocated to reported segment surplus or deficit, assets or liabilities, those amounts are allocated on a reasonable basis.

If management uses only one measure of a segment's surplus or deficit, the segment's assets or the segment's liabilities in assessing segment performance and deciding how to allocate resources, segment surplus or deficit, assets and liabilities are reported in terms of that measure. If management uses more than one measure of a segment's surplus or deficit, the segment's assets or the segment's liabilities, the reported measures are those that management believes are determined in accordance with the measurement principles most consistent with those used in measuring the corresponding amounts in the entity's financial statements.

2 New standards and interpretations

2.1 Standards and interpretations not yet effective or relevant

In the current year, the municipality has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

IGRAP 20: Accounting for Adjustments to Revenue

As per the background to this Interpretation of the Standards of GRAP, there are a number of legislative and regulatory processes that govern how entities levy, charge or calculate revenue, in the public sector. Adjustments to revenue already recognised in terms of legislation or similar means arise from the completion of an internal review process within the entity, and/or the outcome of an external appeal or objection process undertaken in terms of legislation or similar means. Adjustments to revenue include any refunds that become payable as a result of the completion of a review, appeal or objection process. The adjustments to revenue already recognised following the outcome of a review, appeal or objection process can either result in a change in an accounting estimate, or a correction of an error.

As per the scope, this Interpretation of the Standards of GRAP clarifies the accounting for adjustments to exchange and non-exchange revenue charged in terms of legislation or similar means, and interest and penalties that arise from revenue already recognised as a result of the completion of a review, appeal or objection process. Changes to the measurement of receivables and payables, other than those changes arising from applying this Interpretation, are dealt with in accordance with the applicable Standards of GRAP. The principles in this

Interpretation may be applied, by analogy, to the accounting for adjustments to exchange or non-exchange revenue that arises from contractual arrangements where the fact patterns are similar to those in the Interpretation.

The interpretation sets out the issues and relating consensus with accounting for adjustments to revenue.

The effective date of the interpretation is for years beginning on or after 01 April 2020.

The municipality has adopted the interpretation for the first time in the 2020/2021 annual financial statements.

GRAP 110 (as amended 2016): Living and Non-living Resources

The objective of this Standard is to prescribe the:

- recognition, measurement, presentation and disclosure requirements for living resources; and
- disclosure requirements for non-living resources

It furthermore covers Definitions, Recognition, Measurement, Depreciation, Impairment, Compensation for impairment, Transfers, Derecognition, Disclosure, Transitional provisions and Effective date.

The subsequent amendments to the Standard of GRAP on Living and Non-living Resources resulted from editorial changes to the original text and inconsistencies in measurement requirements in GRAP 23 and other asset-related Standards of GRAP in relation to the treatment of transaction costs. Other changes resulted from changes made to IPSAS 17 on Property, Plant and Equipment (IPSAS 17) as a result of the IPSASB's Improvements to IPSASs 2014 issued in January 2015 and Improvements to IPSASs 2015 issued in March 2016.

The most significant changes to the Standard are:

- General improvements: To clarify the treatment of transaction costs and other costs incurred on assets acquired in non-exchange transactions to be in line with the principle in GRAP 23; and To clarify the measurement principle when assets may be acquired in exchange for a non-monetary asset or assets, or a combination of monetary and non-monetary assets
- IPSASB amendments: To clarify the revaluation methodology of the carrying amount and accumulated depreciation when a living resource is revalued; To clarify acceptable methods of depreciating assets; and To define a bearer plant and include bearer plants within the scope of GRAP 17 or GRAP 110, while the produce growing on bearer plants will remain within the scope of GRAP 27

The effective date of the standard is for years beginning on or after 01 April 2020.

The municipality has adopted the standard for the first time in the 2020/2021 annual financial statements.
The impact of the standard is not material.

IGRAP 1 (revised): Applying the Probability Test on Initial Recognition of Revenue

The amendments to this Interpretation of the Standard of GRAP clarifies that the entity should also consider other factors in assessing the probability of future economic benefits or service potential to the entity. Entities are also uncertain of the extent to which factors, other than the uncertainty about the collectability of revenue, should be considered when determining the probability of the inflow of future economic benefits or service potential on initial recognition of revenue. For example, in providing certain goods or services, or when charging non-exchange revenue, the amount of revenue charged may be reduced or otherwise modified under certain circumstances. These circumstances include, for example, where the
entity grants early settlement discounts, rebates or similar reductions based on the satisfaction of certain criteria, or as a result of adjustments to revenue already recognised following the outcome of any review, appeal or objection process.

The consensus is that on initial recognition of revenue, an entity considers the revenue it is entitled to, following its obligation to collect all revenue due to it in terms of legislation or similar means. In addition, an entity considers other factors that will impact the probable inflow of future economic benefits or service potential, based on past experience and current facts and circumstances that exist on initial recognition.

A municipality applies judgement based on past experience and current facts and circumstances.

The effective date of the amendment is for years beginning on or after 01 April 2020.

The municipality has adopted the interpretation for the first time in the 2020/2021 annual financial statements.

GRAP 18 (as amended 2016): Segment Reporting

Segments are identified by the way in which information is reported to management, both for purposes of assessing performance and making decisions about how future resources will be allocated to the various activities undertaken by the municipality. The major classifications of activities identified in budget documentation will usually reflect the segments for which an entity reports information to management.

Segment information is either presented based on service or geographical segments. Service segments relate to a distinguishable component of an entity that provides specific outputs or achieves particular operating objectives that are in line with the municipality’s overall mission. Geographical segments relate to specific outputs generated, or particular objectives achieved, by an entity within a particular region.

The subsequent amendments to the Standard of GRAP on Segment Reporting resulted from editorial and other changes to the original text have been made to ensure consistency with other Standards of GRAP. The most significant changes to the Standard are:

- General improvements: An appendix with illustrative segment disclosures has been deleted from the Standard as the National Treasury has issued complete examples as part of its implementation guidance.

The effective date of the standard is for years beginning on or after 01 April 2020

The municipality has adopted the standard for the first time in the 2019/2019 annual financial

statements

The adoption of this standard has not had a material impact on the results of the municipality, but has resulted in more disclosure than would have previously been provided in the annual financial statements.

2.2 Standards and interpretations issued, but not yet effective

The municipality has not early adopted any GRAP standard that is not effective.

2.3 Standards and interpretations issued, but not yet effective
The municipality has not applied the following standards and interpretations, which have been published and are mandatory for the municipality's accounting periods beginning on or after 01 July 2021 or later periods:

GRAP 104 (amended): Financial Instruments

Following the global financial crisis, a number of concerns were raised about the accounting for financial instruments. This included that (a) information on credit losses and defaults on financial assets was received too late to enable proper decision-making, (b) using fair value in certain instances was inappropriate, and (c) some of the existing accounting requirements were seen as too rules based. As a result, the International Accounting Standards Board® amended its existing Standards to deal with these issues. The IASB issued IFRS® Standard on Financial Instruments (IFRS 9) in 2009 to address many of the concerns raised. Revisions were also made to IAS® on Financial Instruments: Presentation and the IFRS Standard® on Financial Instruments: Disclosures. The IPSASB issued revised International Public Sector Accounting Standards in June 2018 so as to align them with the equivalent IFRS Standards.

The revisions better align the Standards of GRAP with recent international developments. The amendments result in better information available to make decisions about financial assets and their recoverability, and more transparent information on financial liabilities. The most significant changes to the Standard affect:

- Financial guarantee contracts issued
- Loan commitments issued
- Classification of financial assets
- Amortised cost of financial assets
- Impairment of financial assets
- Disclosures

The effective date of the is not yet set by the Minister of Finance.

The municipality expects to adopt the standard for the first time when the Minister sets the effective date for the standard.

1. PREAMBLE

- Section 63 of the Municipal Finance Management Act Number 56 of 2003 governs Asset and Liability Management and states the following:

Asset and liability management

63. (1) The accounting officer of a municipality is responsible for the management of—

(a) the assets of the municipality, including the safeguarding and the maintenance of those assets; and

(b) the liabilities of the municipality.

(2) The accounting officer must for the purposes of subsection (1) take all reasonable steps to ensure—

(a) that the municipality has and maintains a management, accounting and information system that accounts for the assets and liabilities of the municipality;

(b) that the municipality's assets and liabilities are valued in accordance with standards of generally recognised accounting practice; and

(c) that the municipality has and maintains a system of internal control of assets and liabilities, including an asset and liabilities register, as may be prescribed.

The Municipal Finance Management Act Number 56 of 2003 will be the legislative framework for the Asset Management Policy whilst Generally Recognised Accounting Practice (GRAP) will be the accounting framework.

- The Municipal Council of Stellenbosch is in terms of the MFMA and GRAP obliged to adopt an Asset Management Policy to regulate the effective management of all council's assets.
- **And whereas** the municipal manager as accounting officer of municipal funds, assets and liabilities is responsible for the effective implementation of the asset management policy which regulates the acquisition, safeguarding, maintenance of all assets and disposal of assets where the assets are no longer used to provide a minimum level of basic service as regulated in terms of section 14 of the MFMA.
- **And whereas** these assets must be protected over their useful life and may be used in the production or supply of goods and services or for administrative purposes in meeting the municipality's operational requirements.
- **Now therefore** the municipal council of the Stellenbosch Municipality adopts this asset management policy:

2. DEFINITIONS

In this Policy, unless the context indicates otherwise

An **asset** means a resource

a) controlled by Stellenbosch Municipality
b) as a result of a past event
c) it is probable that future economic benefits or service potential associated with the assets will flow to the municipality

Property, Plant and Equipment (PPE) refers to tangible, identifiable assets that:

a) are held for-
    i. use in the production or supply of goods or services
    ii. rental, or
    iii. administrative purposes, and
    iv. are expected to be used for more than one year.

PPE should be classified according to the following definition groups:

a) **Infrastructure assets** which are defined as assets that usually display some or all of the following characteristics:

    i. they are part of a system or network,
    ii. they are specialised in nature and do not have alternative uses
    iii. they are immovable, and
    iv. they may be subject to constraints on disposal
    v. examples are road networks, sewer systems, water networks etc.

b) **Community assets** which are defined as assets that contributes to the communities' well-being. Community assets are disclosed in accordance with its nature.

c) **Heritage assets** which are defined as cultural significant resources.

d) **Investment Properties** are defined as properties (land or buildings) that are acquired for economic and capital gains or held by Stellenbosch Municipality as finance lease to earn rentals. Examples are office parks and undeveloped land acquired for the purpose of resale in future years.

e) **Other assets** which are defined as assets utilised in normal operations.

f) **Intangible assets** which are defined as being assets without physical substance.

g) **Biological assets** are assets acquired for agricultural purposes.

Capitalization of assets means the recording of assets in the Fixed Asset Register with its historical financial cost in accordance with GRAP.

Carrying amount means the amount at which an asset is recognized after deducting any accumulated depreciation and accumulated impairment losses.

Classification of assets means the grouping of assets of a similar nature of functionality in an entities operation that is shown as a single item for the purpose of disclosure in the financial statements.

Cost means the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognized in accordance with specific requirements of other Standards of Generally Recognized Accounting Practices (GRAP).

Contributed assets means items received by the municipality as a donation.

Depreciation means the systematic allocation of the depreciable amount of an asset over its useful life.

Depreciable amount means the cost of an asset, or other amount substituted for the cost less its residual value.

Fair value means the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fixed Asset Register means a register for recording assets in accordance with GRAP

Impairment of an asset

- An impairment loss of cash - generating assets is the amount by which the carrying amount of an asset exceeds its recoverable amount.
- An impairment loss of non - cash generating assets is the amount by which the carrying amount of an asset exceeds its recoverable service amount.

Recoverable amount means the amount that the municipality expects to recover from the future use of an asset, including the residual value on disposal.

Residual value means the estimated amount that Stellenbosch municipality would

currently obtain from disposal of the asset, after deducting the estimated cost of disposal, if the asset were already of the age and in the condition expected at the end of its useful life.

Useful life means the period over which an asset is expected to be available for use by the municipality.

Contributed Assets means items received by the Stellenbosch Municipality in the form of a donation.

3. ACRONYMS

PPE:	Property, Plant and Equipment
AMC Form:	Asset Movement Capture Form
MFMA:	Municipal Finance Management Act
GRAP:	General Accepted Accounting Practice
DIR:	Departmental Inventory Register
SCM:	Supply Chain Management
FAR:	Fixed Asset Register
NARC:	New asset receipt capture form
AT:	Asset transfer form

4. AIM

This policy will lay down broad guidelines for consistent, effective and efficient asset management principles of Stellenbosch Municipality

5. OBJECTIVES

- Specifying Council's practice regarding accounting for assets
- Ensure consistency in accounting treatment.
- To assist officials in understanding their legal and managerial responsibilities with regard to key asset functions such as:
  - safeguarding of assets,
  - maintaining assets,
  - establishing and maintaining a management, accounting and information system

- that accounts for the assets of the municipality.
- asset valuation principles in accordance with GRAP.
- establishing and maintaining systems of internal controls over assets.
- establishing and maintaining asset registers.
- clarifying responsibilities and accountabilities for the asset management process.

6. STATUTORY AND REGULATORY FRAMEWORK

This policy must comply with all relevant legislative requirements including:

- The Constitution of the Republic of South Africa, 1996
- Municipal Structures Act, 1998
- Municipal Systems Act, 2000
- Division of Revenue Act (enacted annually)
- Municipal Finance Management Act of 2003

Also, this policy must comply with the standards specified by the Accounting Standards Board. The relevant currently recognized accounting standards include:

- GRAP 17 Property, plant or equipment
- GRAP 16 Investment property
- GRAP 31 Intangibles
- GRAP 103 Heritage Assets
- GRAP 27 Agriculture
- GRAP 21 & 26 Impairment
- GRAP 12 Inventories

7. RESPONSIBILITIES AND ACCOUNTABILITIES

The purpose of this section is to prescribe the responsibilities of the various functionaries within Stellenbosch Municipality.

7.1 The Accounting Officer (Municipal Manager)

The Accounting Officer (Municipal Manager) or his/ her duly delegated representative is responsible to ensure implementation and compliance with the responsibilities prescribed in section 63 of the MFMA.

- The municipality has and maintains a management, accounting and

information system that accounts for the assets of the municipality;

- The municipality's assets are valued in accordance with standards of generally recognized accounting practice;
- The municipality has and maintains a system of internal control of assets, including an asset register; and
- The senior managers and their teams comply with this policy.
- In consultation with the asset managers, he approves the temporary or permanent transfer of a movable asset between departments as determined in the "Delegation of Authority to officials of the Stellenbosch Municipality".

7.2 The Chief Financial Officer (Director: Finance)

The Chief Financial Officer is responsible to the Municipal Manager to ensure that the financial investment in the municipality's assets is safeguarded and maintained.

The Chief Financial Officer must take reasonable steps to ensure that:

i. Appropriate systems of financial management and internal control are established and carried out diligently;
ii. The financial and other resources of the municipality are utilized effectively, efficiently, economically and transparently;
iii. Any unauthorized, irregular or fruitless or wasteful expenditure and losses resulting from criminal or negligent conduct are prevented;
iv. The systems, processes and registers required to substantiate the financial values of the municipality's assets are maintained at standards sufficient to satisfy the requirements of the Auditor-General.
v. Financial processes are established and maintained to ensure that the municipality's financial resources are optimally utilized through an appropriate asset plan, budgeting, purchasing, maintenance and disposal decisions.
vi. The managers and asset champions are appropriately advised on the exercise of their powers and duties pertaining to the financial administration of assets;
vii. The policy and supporting procedures or guidelines are established, maintained and effectively communicated;
viii. The Chief Financial Officer may delegate or otherwise assign responsibility for performing the functions but he/she will remain accountable for ensuring these activities are performed.

7.3 Managers/ Directors

a) The manager referred to in Section 56 of the municipal systems act being someone reporting directly to the Municipal Manager and has the functional accountabilities for the physical management of a particular set of assets in order to achieve the municipalities strategic objectives relevant to their directorate.
b) Directors shall be directly responsible for the physical safeguarding of any fixed asset controlled or used by the directorate in question. In exercising this responsibility, directors shall adhere to the stipulations of this policy as well as any other written directives issued by the municipal manager to the directorate in question, or generally to all directorates, in regard to the control of or safeguarding of the municipality's fixed assets.

Managers should:

i. ensure that employees in their departments adhere to the approved Asset Management Policy;
ii. ensure that all assets are procured in terms of the SCM Policy;
iii. ensure that council are properly informed about any contributed (donated) assets and that approval from council is obtained timeously
iv. ensure that the contributed asset is recorded on the NARC form and communicated with the Financial Asset Management Department.
v. ensure that employees with delegated authority have been nominated to implement and maintain physical control over assets in their departments. Although authority has been delegated, responsibility remains with the respective Managers of the departments and overall accountability with the Directors of relevant directorates;
vi. ensure that the termination of service asset verification form for staff, is duly completed and submitted to the Strategic and Corporate Services Directorate;
vii. ensure that assets are properly maintained in accordance with their respective asset maintenance policy;
viii. ensure that, where applicable, all their movable assets as reflected on the Fixed Asset Register are barcoded to exercise control;
ix. ensure that the Financial Asset Management Section is notified via the AT form within 10 working days of any changes in the status of assets under the department's control;
x. ensure that transfers between departments within directorates are administered internally;
xi. ensure that a complete asset verification of all inventory and asset

items is performed annually;

xii. ensure that all obsolete, damaged and unused assets, supported by relevant asset and condemnation forms, are handed in at the Financial Asset Management Department without delay;

xiii. be responsible for maintaining and managing their own DIR;

xiv. ensure that all assets are safeguarded against loss/theft and that they are adequately insured; and

xv. ensure that location changes are made timeously and location/room information are updated and reported on the relevant form to the Asset Management Section regularly.

7.4 Asset Champions

Asset Champions are senior officials appointed by the Financial Asset Manager in the different Directorates.

The Asset Champion must:

i. Assist the Financial Asset Manager/ Director in performing his/her functions and duties.

ii. Ensure that all new assets (purchased or donated) are recorded on the NARC form.

iii. Ensure that the NARC forms are completed in full and send with copies of the relevant documentation to the asset control department within 7 working days after receipt of the assets.

iv. Ensures that all their movable assets, where applicable, are barcoded.

v. Ensure that asset listings are verified and kept up to date in collaboration with the Finance Directorate.

vi. Assist the Financial Asset Department with the annual verification of movable assets by making sure that the assets, as per asset listing, are at the correct locations, that these locations are accessible when the verification of assets takes place and provides a full report on any missing assets to the Financial Asset Manager.

vii. Notify the Financial Asset Department when he/she identifies obsolete and redundant assets so that these assets can be moved to the Write-off Store.

viii. Report all changes affecting asset listing sheets to the Director: Finance and the Manager: Financial Asset Management within 7 days of occurrence.

The following require the written recommendation of the Financial Asset Manager and approval of Municipal Manager on the prescribed form:

a) The temporary or permanent transfer of all movable assets between departments.
b) The writing off or disposal of obsolete or redundant assets.

7.5 Financial Services Directorate: Financial Asset Management

i. Is the asset registrar of the municipality and shall ensure that a complete, accurate and up to date asset register is maintained that conforms to the GRAP specifications.
ii. Ensures that physical asset verification is performed annually by all departments to verify the assets on the asset register. The results of this verification must be reported to the Municipal Manager and Council.
iii. Will perform reconciliations between the asset register and the General Ledger on a monthly basis.
iv. Ensures adequate bar codes and equipment to exercise the function relating to asset control is available at all times.
v. Will ensure that all audit queries are resolved in a timely manner.
vi. Dispose of asset in accordance with the SCM policy
vii. Handles the administrative functions with regards to the transfers received.

7.6 The responsibility of the Budget and Costing

i. Ensure that a clear description is provided with each project and the appropriate funding source is identified.
ii. Release capital funds only after receiving written authority and a clear and concise description of the item to be purchased.
iii. Ensure that any changes in the capital budget, with regards to funds transferred or project description changes are communicated to the Financial Asset Management department.

7.7 The Strategic and Corporate Services Directorate

The Strategic and Corporate Services directorate shall ensure that no monies are paid out to the staff on termination of their service prior to receiving the relevant asset resignation form signed off by the relevant directorate- refer to Termination of Service Asset Confirmation form.

8. SAFEGUARDING OF ASSETS

Custody and Security

i. All barcoded assets shall be tracked by physical location through the Fixed Asset Register.
ii. A physical asset verification process shall be performed every year and all directorates will be verified simultaneously.
iii. The coordination of the process and verification of the assets will rest with the Financial Asset Management Section and all directorates are responsible to see that the assets under their control are available during the verification process.

Communication

i. Directorates are responsible to report any stolen or damage property to the Financial Asset Management Section.
ii. All changes must be accurately recorded on the AT forms and reported to the Financial Asset Management Section within 10 working days.
iii. Any discrepancies between the Fixed Asset Register and the physical inventory must be reconciled and motivated by the relevant directorates.

9. PROCEDURE WITH REGARD TO CONTRIBUTED ASSETS

Governance

i. The authority to endorse and approve acceptance of assets contributed to the Stellenbosch Municipality vests with Council as such assets have an impact on future operational costs.
ii. A report including the fair value/cost price of the contributed asset as well as the financial implications of acceptance of the contributed asset must be submitted to Council, so that acceptance of the asset can be confirmed.

Procedures

i. Once Council has approved the donation, the departments must:
ii. Notify the Financial Services Directorate of any assets contributed, by submitting the Council approved report including the cost/fair value of the contributed asset so that the asset can be recorded and capitalized at the appropriate value.

10. FINANCIAL MANAGEMENT

Pre-Acquisition Planning

Before a capital project is included in the draft municipal budget for approval, the Manager/ Director must prove that they have considered:

- The projected acquisition and implementation cost over all the financial years until the project is operational;
- The future operational costs and revenue on the project, including tax and tariff implications;
- The financial sustainability of the project over its economic life span including revenue generation and subsidization requirements;
- The physical and financial stewardship of the asset through all stages in its economic life span including acquisition, installation, maintenance, operations, disposal and rehabilitation; and
- The inclusion of the capital project in the Integrated Development Plans and future budgets.

The Chief Financial Officer is accountable to ensure that the Managers/ Directors receive all reasonable assistance, guidance and explanation to enable them to achieve their planning requirements.

Approval to acquire Property, Plant and Equipment:

Funds can only be invested with a capital project if:

- The funds have been appropriated in the capital budget;
- The project, including the total cost and funding sources, has been approved by the Council;
- The Director: Finance confirms that funding is available for that specific project; The Supply Chain Management prescripts/procedures have been adhered to.
- Any contract that will impose financial obligations more than two years beyond the budget year is appropriately disclosed.

The funding sources of Assets:

Within the municipality's ongoing financial, legislative or administrative capacity, the Chief Financial Officer will establish and maintain the funding strategies that optimize the municipality's ability to achieve its Strategic Objectives as stated in the Integrated Development Plan.

Four main sources of finance are utilized to acquire Property Plant and Equipment for the municipality, namely:

- The Accumulated Surplus/Deficit (Capital Replacement Reserve)
- The External Financing Fund (EFF).
- Grants, Subsidies and Public
- Contributions. Fair value

The sources of finance that may be utilized to finance assets are utilized in accordance with the provisions of S19 of the Municipal Finance Management Act.

a) Accumulated Surplus/Deficit (The Capital Replacement Reserve)

The Council must annually approve the basis and the amounts for which contributions should be appropriated to the Accumulated Surplus/Deficit in conjunction with the availability of funds and the requirements of the capital program for that financial year.

The funds in the Accumulated Surplus/Deficit are accumulated by: An annual contribution from revenue

The cash backed profit on the sale/disposal of assets

When an amount is advanced to a borrowing service to finance the acquisition of an asset, the money must be transferred to the Accumulated Surplus created for the purpose of acquiring a specific asset and the accumulated funds in the Accumulated Surplus/Deficit must be reduced by the amount of the advance.

The balance of the accumulated funds in the Accumulated Surplus/Deficit will therefore represent the amount that is available to finance assets in future periods. This balance must be cash backed at all times.

The balance in the Accumulated Surplus is transferred to the income statement over the estimated life of assets financed by the Accumulated Surplus/Deficit to offset the depreciation charge included in the income statement relating to fixed assets.

b) The External Financing Fund (EFF)

When loans are obtained from external sources, they must be paid into the EFF. The corresponding cash should be invested until utilized for the purpose of acquiring assets. When the external loan is utilized to finance assets in a service entity it should be recorded in an “advances” account in the EFF.

Where a loan has a fixed period the instalments should be calculated to

determine the cash that should be set aside in the EFF. This is done so that there will be sufficient money to repay the loan when it matures as well as any interest charges as they occur.

When the loan is an annuity loan, the cash required to be paid into the EFF should be based on the actual loan repayments. Once the money has been received by the EFF, the cash would be used to repay the loan.

When the EFF is consolidated with the various services, the “advances made” account in the EFF will contra with the “advances received” account in the various service entities.

Loan finance option

A municipality should ensure that a loan satisfies the requirements of legislation on incurring debt. In particular, municipalities should ensure that long-term debt is:

- Incurred only for the purposes of capital expenditure for the purpose of achieving the objectives stated in section 152 of the Constitution (MFMA S46);
- incurred in line with its capital budget (MFMA S19 and S46(2));
- Is incurred only after the anticipated debt repayment schedule has been submitted to council (MFMA S46(3)(b)(i));
- Included in the liabilities register and
- Satisfies the other requirements of sections 19, 46 and 63 of the MFMA, the MSA and the Constitution.

c) Grants, Subsidies and Public Contributions (Capital Receipts)

Unutilized conditional grants are reflected on the Balance Sheet as a Creditor called Creditor (Unspent and Receipts). They represent unspent government grants, subsidies and contributions from the public. This creditor always has to be backed by cash.
The following provisions are set for the creation and utilization of this creditor:

- The cash which backs up the creditor is invested until it is utilized.
- Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder it is recorded as part of the creditor. If it is the council’s interest it is recognized as interest earned in the income statement.
- Whenever an asset is purchased out of the unutilized conditional grant an amount equal to the cost price of the asset purchased is transferred from the Unutilized Capital Receipts into the income statement as revenue. Thereafter an equal amount is transferred on the statement of changes in equity to a

reserve called an Accumulated Surplus/Deficit (Future Depreciation Reserve). This reserve is equal to the remaining depreciable value (book value) of assets purchased out of the Unutilized Capital Receipts. The Future Depreciation Reserve is used to offset depreciation charged on assets purchased out of the Unutilized Capital Receipts to avoid double taxation of the consumers.

- If a profit is made on the sale of assets previously purchased out of Unutilized Capital Receipts the profit on these assets sold is reflected in the notes to the income statement and is then treated in accordance with Council policy.

The acquisition of assets will not be funded over a period longer than the useful life of that asset.

Disposal of assets

- The municipality may not transfer ownership as a result of a sale or other transaction or otherwise permanently dispose of an asset needed to provide the minimum level of basic municipal services, unless such asset is obsolete or surplus to requirements or beyond a state of good repair or being replaced and provided that the delivery of the minimum level of basic municipal services must not be compromised as a result of the disposal of the asset.
- The decision that a specific asset is not needed to provide the minimum level of basic municipal services, may not be reversed by the municipality after that asset had been sold, transferred or otherwise disposed of.
- The disposal of an item of property, plant or equipment must be fair, equitable, transparent, competitive and cost effective and comply with a prescribed regulatory framework for municipal supply chain management and the Supply Chain Management Policy of the municipality.
- The transfer of assets to another municipality, municipal entity, national department or provincial department is excluded from these provisions, provided such transfer is being done in accordance with a prescribed regulatory framework. Directors shall report in writing to the Director: Finance on 31 May of each financial year on all fixed assets controlled or used by the directorate concerned which such Director wishes to alienate by public auction or public tender. The Director: Finance shall thereafter consolidate the requests received from the various directorates, and shall promptly report such consolidated information to the council or the Municipal Manager of the municipality, as the case may be, recommending the process of alienation to be adopted.
- Once the fixed assets are alienated, the Director: Finance shall de-recognize the asset from the accounting records and the fixed asset register.

Loss, theft, destruction or impairment of fixed assets

The different directorates shall ensure that any incident of loss, theft, destruction, or material impairment of any fixed asset controlled or used by the directorate in question is promptly reported in writing to the Director: Financial Services, to the internal auditor, and in cases of suspected theft or malicious damage, also to the South African Police Service.

11. ACCOUNTING FOR ASSETS

Capitalization of Assets

Stellenbosch Municipality does not capitalize an asset based on a capitalization cost threshold, but recognizes an asset when it complies with the definition of an asset as stipulated in GRAP 17 and the cost of the asset to the municipality can be measured reliably.

Where an asset is acquired at no cost, or for a nominal cost, its cost is its fair value as at the date of acquisition (GRAP 17.22).

Assets will only be capitalized in the asset register on completion or finalization of the project.

Multi Year projects

Projects to be completed over more than one financial year will be initially disclosed in the asset register and financial statements as “Work in Progress” thereafter only on completion the asset will be capitalized and depreciated.

Assets will be recorded in the asset register continuously on completion thereof and bar-coded with an aluminium label where appropriate for identification.

Only expenses incurred in the enhancement of a fixed asset (in the form of improved or increased services or benefits flowing from the use of such asset) or in the material extension of the useful operating life of a fixed asset shall be capitalized (GRAP 17.19-.20):

- Parts of some items of property, plant and equipment may require replacement at regular intervals. For example, a road may need resurfacing every few years, a furnace may require relining after a specified number of hours use, or aircraft interiors such as seats and galleys may require replacement several times during the life of the airframe. Items of property, plant and equipment may also be required to make a less frequently recurring replacement, such as replacing the interior walls of a building, or to make a non–recurring replacement. Under the recognition principle in an entity recognizes in the carrying amount of an item property, plant and equipment the cost replacing part of such an item when that cost is incurred if the

recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the de-recognition provision of this Standard (GRAP 17.19).

- A condition of continuing to operate an item of property, plant and equipment (for example, an aircraft) may be performing regular major inspections for faults regardless of whether parts of the item are replaced. When each major inspection is performed, its cost is recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection (as distinct from physical parts) is derecognized. This occurs regardless of whether the cost of the previous inspection was identified in the transaction in which the item was acquired or constructed. If necessary, the estimated cost of a future similar inspection may be used as an indication of what the cost of the existing inspection component was when the item was acquired or constructed (GRAP 17.20)

Computer software will be capitalized and classified as intangible assets.

MAINTENANCE

Maintenance Strategy

Each directorate must develop a maintenance strategy that will ensure that the assets of Stellenbosch Municipality are maintained at an adequate operational level or standard by ensuring that all statutory, technical and operational objectives are achieved. This strategy must ensure that tangible assets under the custody and control of the relevant directors are properly maintained and repaired so that their possible maximum useful lives are realised.

Rehabilitation/Enhancements/Renewals of Capital Assets

Expenditure to rehabilitate, enhance or renew an existing capital asset (including separately depreciable parts) can be recognised as capital if:

- That expenditure satisfies the recognition criteria.
- That expenditure is enhancing the service provision of that capital asset beyond its original expectation (i.e., not maintenance) and either that expenditure:
- Increases the useful life of that capital asset (beyond its original life).
- Increases that capital asset capacity (beyond its original capacity).
- Increases the performance of the capital asset (beyond the original performance).
- Increases the functionality of that capital asset.

• Reduces the future ownership costs of that capital asset significantly; or
• Increases the size of the asset or changes its shape.

The following points are important to note:
• Approval through the budget process for these improvements may require a business case.
• It must be probable that the expenditure will lead to the level of benefits expected.
• The expenditure to restore the functionality of the capital asset to its original level is a maintenance/refurbishment expense and not a capital expense. Maintenance/ refurbishment will not be capitalised to the capital asset.

The rehabilitated or renewed separately depreciable part will be derecognised and the replacement will be recognised. Where the separately identifiable asset is rehabilitated or renewed, the amount incurred will be added to the carrying value of the asset.
Renewals have the same meaning and treatment as rehabilitation/enhancements and are different from refurbishment, which is seen as maintenance.

Directorates Responsibilities

Each Directorate is responsible for ensuring:

i. That all tangible assets under their control are maintained in a good working condition. The directorates must take adequate care that the working environments for the various assets are appropriate and suitable for such types of tangible assets.
ii. That their assets are not misused or used for personal use or benefit.
iii. That repair and maintenance costs incurred is reviewed and properly controlled.
iv. The development of a maintenance program according to their operating budget resources. The program must provide a schedule of the repairs and maintenance to be done. The program must also consist of planned and unplanned repairs and maintenance to be performed.
v. The following matrix will assist in distinguishing capital expenditure from maintenance expenditure:

CAPITAL EXPENDITURE	MAINTENANCE
• Acquiring a new asset	• Restoring an asset so that it can continue to be used for its intended purpose

• Replacing an existing asset	• Maintaining an asset so that it can used for the period for which it was initially intended
• Enhancing an existing asset so that its use is expanded	
• Further developing an existing asset so that its original useful life is extended	

When assets are capitalized a distinction should be made on whether the new asset is purchased to replace an existing asset or whether it is a total new asset that is purchased.

Assets held under leases

- **Finance leases** are leases, which in effect transfer all risks and rewards associated with the ownership of an asset from the lessor to the lessee. Assets held under finance leases are capitalized by the municipality and reflected as such in the fixed asset register. It will be capitalized at its leased value at commencement of the lease, which will be the price stated in the lease agreement. The asset is then depreciated over its expected useful life.

- **Operating leases** are those leases which do not fall within the scope of the above definition. Operating lease rentals are expensed as they become due. Assets held under operating leases are not accounted for in the asset registers of the municipality.

INVESTMENT PROPERTY

- An item shall be recognised as investment property if it meets the definition. Investment property is recorded at cost.
- Disclosable value measured at recognition:
  - Initially at acquisition cost plus transaction cost, or nominal value
  - Where acquired at no cost or nominal value, fair value at acquisition is deemed to be cost for disclosure
  - If held under a lease and classified as Investment Property, is the lower of fair value and the present value of the minimum lease payments
- Cost value is determined according to the requirements of the GRAP standard on Investment Property.
- Assets classified as Investment Property shall be re-defined once such assets usage changes

Cost Model

Investment property is, subsequent to initial measurement, carried at cost less accumulated depreciation and any accumulated impairment losses

Depreciation is provided to write down the cost, less estimated residual value by equal instalments over the useful life of the property, which is as follows:

Item	**Useful life**
Property – buildings	30-99 years
Property – land	indefinite

Investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

Gains or losses arising from the retirement or disposal of investment property is the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in surplus or deficit in the period of retirement or disposal.

Compensation from third parties for investment property that was impaired, lost or given up is recognised in surplus or deficit when the compensation becomes receivable

Depreciation

- Depreciation will be done in accordance with the GRAP frame work
- The depreciable amount of an item of property, plant or equipment should be allocated on a systematic basis over its useful life.
- Stellenbosch Municipality's depreciation method will be the straight-line method for all assets of the Council unless otherwise agreed to in writing by the Director: Financial Services.
- Depreciation shall be calculated from the day the fixed asset is available for use (commissioning date) (GRAP 17.65).
- If the cost of land includes the cost of site dismantlement, removal and restoration, the portion of the land asset is depreciated over the period of benefits or service potential obtained by incurring those costs. In some cases, the land itself may have a limited useful life, in which case it is depreciated in a manner that reflects the benefits or service potential to be derived from it (GRAP 17.69).

Review of residual value and useful life

- The municipality should assess whether there is any indication that the expected useful life of the asset has changed based on whether the condition of the asset has improved or declined. This is based on any condition assessments undertaken by the entity on its assets during the reporting period. Paragraph .60(f) of GRAP 17 should not be read as requiring a condition assessment at each reporting date. Condition assessments will be undertaken by entities on selected or identified assets as part of its on-going asset management. Instead, any information available from any condition assessments undertaken during the reporting period should be used to assess whether the useful life of particular assets should be changed.
- All movable assets with a useful life of two years or less will be reviewed on an annual basis to ensure adherence to GRAP 1757 (c) if no other indicators are present or detected during the year under review.
- If the review indicates that a change has taken place and expectations differ from previous estimates, the changes should be accounted for as a change in the accounting estimate in accordance with the Standard of GRAP on Accounting Policies, Changes in Accounting Estimates and Errors.
- The remaining useful life of capital assets should be reviewed annually and, if expectations are significantly different from previous estimates, the depreciation charge for the current and future periods should be adjusted.
- This review should be done by the asset manager in conjunction with the impairment review.
- The review of useful life is a check to see if there is any evidence to suggest that expected life should be changed.
- The Table of Useful Lives is provided in the MFMA Local Government Capital Asset Management Guideline (Refer to Annexure A). These should be used as a guide to the minimum useful lives only because actual asset lives experienced greatly exceed those recommend lives.
- The residual value of an asset may increase to an amount equal to or greater than the asset's carrying amount. If it does, the asset's depreciation charge is zero unless and until its residual value subsequently decreases to an amount below the asset's carrying amount (GRAP 17.65).

Impairment of assets

The accounting treatment relating to impairment losses is outlined as follows in GRAP 17:

- The carrying amount (Book value) of an item or a group of identical items of property, plant and equipment should be reviewed periodically in order to assess whether or not the recoverable amount has declined below the

carrying amount.

- Recoverable amount is the higher of a cash – generating asset's net selling price and its value in use.
- When such a decline has occurred, the carrying amount should be reduced to the recoverable amount. The amount of the reduction should be recognized as an expense immediately.
- The recoverable amount of individual assets, or groups of identical assets, is determined separately and the carrying amount reduced to recoverable amount on an individual asset, or group of identical assets, basis.
- However, there may be circumstances when it may not be possible to assess the recoverable amount of an asset on this basis, for example when all of the plant and equipment in a sewerage purification work is used for the same purpose. In such circumstances, the carrying amount of each of the related assets is reduced in proportion to the overall decline in recoverable amount of the smallest grouping of assets for which it is possible to make an assessment of recoverable amount.

The following may be indicators that an item of PPE has become impaired:

- The asset has been damaged.
- The asset has become technologically obsolete.
- The asset remains idle for a considerable period either prior to it being put into use or during its useful life.
- Land is purchased at market value and is to be utilized for subsidized housing developments, where the subsidy is less than the purchase price.

Procedure to identify, budget and account for impairment losses:

- The following needs to be done to ensure that impairment losses that are identified by the above indicators are budgeted for during the operating budget cycle and are accounted for in the next financial year. The following steps will have to be performed during the operating budget cycle:

Financial Services Directorate - Financial Asset Management Section shall issue a memo to all directorates requesting them to identify assets that:

a) Are in a state of damage at the start of the operating budget cycle;
b) Are technologically obsolete at the start of the operating budget cycle; This can be facilitated if directorates require that Financial Services Directorate – Financial Asset Management - section to supply them with a Fixed Asset Register printout pertaining to major assets showing the remaining useful lives

of assets. The directorates can then assess and indicate cases where the assessed remaining useful life is shorter than the remaining useful life on the printout.

c) Have remained idle for a considerable period either prior to them being put into uses at the start of the operating budget cycle or during their useful life;
d) Are subject to impairment losses because the subsidies to be received in exchange for assets are less than the carrying amounts. An example of this is Land that is purchased at market value and is to be utilized for subsidized housing developments;

- The recoverable amounts of these assets need to be calculated by calculating the Net selling Price per asset as defined above.
- The impairment loss per asset needs to be calculated as the difference between the Net selling price and the book value of the asset.
- The impairment loss needs to be budgeted for.
- The following steps will have to be performed regularly during the year to account for impairment losses:

Directorates will identify and inform Financial Services Directorate – Financial Asset Management section of assets that:

a) Are in a state of damage at year-end,
b) Are technologically obsolete at year-end. This can be facilitated if directorates require Finance Directorate – Financial Asset Management section to supply them with a Fixed Asset Register printout pertaining to major assets showing the remaining useful lives of assets. The directorates can then assess and indicate cases where the assessed remaining useful life is shorter than the remaining useful life on the printout.
c) Have remained idle for a considerable period either prior to them being put into uses at year-end or during their useful life
d) Are subject to impairment losses because the subsidies to be received in exchange for assets are less than the carrying amounts. An example of this is Land that is purchased at market value and is to be utilized for subsidized housing developments. The recoverable amounts of these assets need to be calculated by calculating the Net selling Price per asset as defined above.

The impairment loss per asset needs to be calculated as the difference between the Net selling price and the book value of the asset.

The impairment loss needs to be accounted for by identifying the relevant funding source.

Disclosure requirements relating to impairment losses:

All material impairment losses need to be disclosed in the notes to the income statement as a separately disclosed item. They are normally disclosed as part of the note on the amounts that are included in the calculation of the Net Surplus or Deficit for the year.

DISPOSAL AND RETIREMENTS

Governance

Section 14 and 90 of the MFMA governs the disposal of assets. This section provides inter alia:

- The council may not dispose of assets that are utilized to provide minimum level of basic municipal services.
- Assets other than those utilized to provide minimum level of basic service may be disposed of subject to Council approval.
- An item of property, plant or equipment should be eliminated from the Statement of Financial Position, on disposal or when the asset is permanently withdrawn from use and no future economic benefits or potential service delivery is expected from its disposal, in accordance with GRAP 17.
- Gains or losses arising from the retirement or disposal of an item of property, plant or equipment should be determined as the difference between the actual or estimated net disposal proceeds and the carrying amount of the asset and should be recognized as revenue or expense in the Statement of Financial Performance.

Procedures

a) Any items declared obsolete or damaged will be handed in to the Finance department – Financial Asset Management department for safekeeping.
b) No items will be received by the Financial Services Directorate, Financial Asset Management section without a completed AT form and attached condemnation forms, counter signed by Finance Directorate – Financial Asset Management section, describing the status of the item and the reason for writing-off the item.
c) Directorates must ensure that assets are disposed of in terms of the SCM policy.
d) It is the responsibility of each directorate to ensure that all such assets to be disposed of are delivered to and received at the Finance Directorate –

Financial Asset Management section.

e) Approval for the disposal of assets is considered by the Municipal Manager only after a recommendation has been obtained from the following persons:
   i. Vehicles and Plant – Manager: Financial Asset Management and applicable Directorate;
   ii. Computers - Information Technology Manager.
   iii. Other Items – Directors/ Managers within the different directorates.

f) After the approval of the Municipal Manager has been obtained, any vehicle written off must be deregistered immediately.
g) All asset items lost, stolen or damaged must be reported to the Financial Services Directorate – Insurance section as well as Finance Directorate – Financial Asset Management section by completing the AT form.
h) All asset items lost or stolen also need to be reported to the SAPS by the relevant department.

An item of property, plant and equipment should be eliminated from the balance sheet on disposal or when the asset is permanently withdrawn from use and no future economic benefits or potential service delivery is expected from when it is disposed of.

Gains and losses arising from the retirement or disposal of an item of property, plant and equipment should be determined as the difference between the actual or estimated net disposal proceeds and the carrying amount of the asset and should be recognized as revenue or expense in the Statement of Financial Performance.

The accounting treatment relating to the profit or loss on the sale of property, plant & equipment is outlined in GRAP 17. The following is a summary of the relevant aspects:

Profits and losses, which are disclosed in total in the financial statements, are *calculated by use of the following formula: -*

Proceeds	Sales value, trade-in value or proceeds received from insurance if the asset was damaged or stolen.
Less: Carrying value	Cost, or if valued, revaluation amount, less

	accumulated depreciation up to the date of sale or when asset can no longer be used for its intended purpose.
Equals PROFIT or	If proceeds greater than carrying value, or
Equals LOSS	If proceeds less than carrying value.

12. INTERNAL CONTROL OVER ASSETS

- Establishment and Management of the Financial Asset Register:

  The Chief Financial Officer will establish and maintain the Asset Register containing key financial data on each item of Property, Plant or Equipment that satisfies the criterion for recognition as per the accounting standards.

  Each Asset Manager is responsible to ensure that sufficient controls exist to substantiate the quantity, value, location and condition of all assets in the asset register.

  Each Asset Manager must appoint an Asset Champion in each Directorate/Section which will be responsible to ensure that the asset listings are verified and kept up to date in collaboration with the Directorate: Finance Services.

- Contents of the Fixed Asset Register

  The fixed asset register shall be maintained in the format determined by the Director: Financial Services, which format shall comply with the requirements of generally recognized accounting practice (GRAP) and any other accounting requirements which may be prescribe Directors under whose control any fixed asset falls shall promptly provide Director: Financial Services in writing with any information required to compile the fixed asset change which may occur in respect of such information. Contents of the Financial Asset Register:

The details included in the Asset Register will include:

- The depreciation methods used
- The useful live
- Depreciation charge
- The carrying amount
- The accumulated depreciation
- Additions
- Disposals and transfers
- Date of acquisition
- Date of disposal (if relevant)
- Asset description
- Historical cost of the asset
- Asset classification
- Asset ID
- Residual value

Internal Controls over the Financial Asset Registers

- Controls around their asset register should be sufficient to provide an accurate, reliable and up to date account of assets under their control to the standards specified by the Chief Financial Officer and required by the Auditor-General.
- Controls around the asset registers should be sufficient to provide Directors with an accurate, reliable and up to date account of assets under their control to the standards specified by the Director: Finance and required by relevant legislation.

  These controls will include the physical management and recording of al acquisition, assignments, transfers, losses and disposals of assigned assets as well as regular asset counts and systems audits to confirm the adequacy of controls.

Identification of fixed assets:

The Municipal Manager shall ensure that the municipality maintains a fixed asset identification system which shall be operated in conjunction with its computerized fixed asset register.

Transfers, Reallocation or Reassignment of Property, Plant or Equipment

a) An Asset Manager retains management accountability and control for a particular asset until another Asset Manager in writing does accept responsibility for that asset, and the Chief Financial Officer endorses the transfer.
b) The Asset Manager must advise the Chief Financial Officer on the prescribed form whenever an asset is permanently or temporarily reallocated or reassigned from one location to another.
c) The form must be completed and signed by both the sender and receiver
d) The Manager: Financial Asset Management will appropriately amend the Asset Register with all approved transfers.
e) Assets must solely and exclusively be used for the purpose of the
f) Council's business.

Verification of fixed assets

a) Financial Services Directorate: Financial Asset Management Section shall at least once during every financial year undertake a comprehensive verification of all fixed assets controlled or used by the directorate concerned.
b) Finance Directorate: Financial Asset Management Section shall promptly and fully report in writing to the Director: Financial Services in the format determined by the Director: Financial Services, all relevant results of such fixed asset verification, provided that each such asset verification shall be undertaken and completed as closely as possible to the end of each financial year, and that the resultant report shall be submitted to the Director: Financial Services not later than 30 June of the year in question.

Asset listings

a) The Chief Financial Officer must submit within six months after each financial year, asset listings of capitalised assets to all Asset Managers.
b) At all times these asset listings should indicate the assets in particular location and should be easily accessible.
c) When employees get appointed or resign from any specific post the relevant asset listings must be verified and accordingly endorsed by the Asset Champion for the specific workplace.
d) All changes on asset listing sheets must be reported in writing to the Director: Financial Services within 7 days of when change took place.

13. FINANCIAL DISCLOSURE

Assets must be disclosed in respect of each class of property, plant and equipment, in accordance with Generally Recognized Accounting Practice.

14. CLASSIFICATION OF ASSETS

Any asset recognized as an asset under this policy will be classified according to categories as per the Fixed Asset Register. All fixed assets should be classified under the following headings in the Asset Register:

Property, plant and equipment:

Other Assets

Other Assets shall be recorded under the following main categories;

- Bins and Containers;
- Emergency Equipment;
- Furniture and Fittings;
- Motor Vehicles;
- Office Equipment;
- Plant and Equipment;
- Specialised Vehicles;
- Watercraft; and
- Other Assets.

Heritage Assets

A Heritage Asset is an asset that has historical, cultural or national importance and needs to be preserved. The following is a list of some typical heritage assets encountered in the municipal environment:

- Archaeological sites;
- Conservation areas;
- Historical buildings or other historical structures (such as war memorials);
- Historical sites (for example, historical battle site or site of a historical settlement);
- Museum exhibits;
- Public statues; and
- Works of art (which will include paintings and sculptures).

Intangibles Assets

- Computer Software
- Databases

Community Assets

Community Assets shall be recorded under the following main categories;

- Recreational Facilities;
- Sporting Facilities; and
- Other Facilities.

Land and Buildings

Land and buildings shall be treated using the cost model.

Land shall be accounted for at cost, and shall not be depreciated. Land on which infrastructure and community assets are located shall be identified as land and buildings and not disclosed together with the infrastructure and community assets. Land not registered in the name of the municipality but controlled by the municipality by virtue of owner-occupied buildings thereon, shall be recognised at cost.

Buildings shall be accounted at cost, less any accumulated depreciation and any accumulated impairment losses.

Investment property

The classification of an investment property is based on management's judgement; the following criteria will be applied to distinguish investment properties from owner-occupied property or property held for resale:

Investment property	PPE	Non-current assets held for sale
the asset generates its own cash flows in the form of rentals (on a commercial basis)	rental income earned is below market value, and the asset is held for service delivery rather than to generate a commercial return	land and other properties held for sale within the next 12 months, if the criteria in GRAP 100 are met
the asset is held for capital appreciation	the asset is held to achieve service delivery objectives rather than to earn rental or for capital appreciation	
investment property that is being redeveloped for continued use as an investment property	property that is being constructed or developed for future use as investment property (until the asset meets the definition of investment property it is accounted for as PPE)	
Land held for an undetermined use	owner occupied-property such as office buildings and residential buildings occupied by staff members (assets used by employees, irrespective of whether or not the employees pay rent at market rates, are owner-occupied)	

The judgement of the Management of Stellenbosch Municipality is that the following classes of Municipal Property will be classified as Investment Property:

- Land held for long-term capital appreciation rather than for short-term sale in

the ordinary course of operations which council intends to sell at a beneficial time in the future.

- Land held for a currently undetermined future use.
- A building owned by the municipality (or held by the municipality under a finance lease) and leased out under one or more operating leases on a commercial basis.
- A building that is currently vacant but is held to be leased out under one or more operating leases on a commercial basis to external parties.

ANNUAL REVIEW ON THE POLICY

This policy will be reviewed and updated annually or whenever legislative or accounting standards amendments significantly change the requirements pertaining to asset management in general and the administration of property, plant and equipment at a sooner event.

GENERAL

This policy does not overrule the requirement to comply with other policies like supply chain management, tendering or budget policies. The Chief Financial Officer will provide guidance or recommend an amendment to this policy to comply with the essence and understanding of the policies, regulations or legislation being conflicted.

1. INTERPRETATION

1.1. Acronyms

"IDP" - Integrated Development Plan
"SDBIP" - Service Delivery and Budget Implementation Plan
"EPWP" - Expanded Public Works Programme

1.2. Definitions

"Capital budget" is expenditure relating to the purchase, upgrade or refurbishment of a Council asset (property, plant and/or equipment);

"Town / municipality" means the Greater Stellenbosch also known as WC024, a local municipality established in terms of section 12 of the Local Government Municipal Structures Act (Act 117 of 1998)

"**Municipal Manager**" means the accounting officer of the municipality of Stellenbosch, appointed in terms of section 54A of the Local Government: Municipal Systems Act (Act No. 32 of 2000) being the head of administration and accounting officer in terms of section 55 of the Local Government: Municipal Systems Act (Act No. 32 of 2000);

"Council" means the municipal Council of Stellenbosch Municipality;

"Councillor" means a member of the Council of the Stellenbosch Municipality;

"Lead directorate" is the directorate whose core business encompasses the ward allocation project, which is the dominant user or beneficiary of the outcome of the ward allocation project and which accepts responsibility and ownership of the ward allocation project;

"Legacy project" is a project that is executed in a financial year and of which the benefits to the community continues into the future;

"User Department" is the department whose core business encompasses the ward allocation project, which is the dominant user or beneficiary of the outcome of the ward allocation project and which accepts responsibility and ownership of the ward allocation project;

"Operating budget" refers to expenditure, other than capital, in respect of Council activities and includes repairs and maintenance of Council assets;

"Ukey" refers to a unique numerical key consisting of 7 segments describing the allocation of funds. All budget items must be linked to a Ukey.

"Veriment" refers to the administrative process required to request and approve the transfer of funds from one cost centre to another. Apart from

re-allocation of funds through the adjustment budget, transfer of funds can only be done between cost centres within a directorate.

"Ward committee" means a committee that has been established for each ward in terms of section 73 of the Local Government: Municipal Structures Act (Act No. 117 of 1998);

"Ward project" a project identified by the ward councillor in line with the identified IDP needs, in consultation with the ward committee and financed by the ward allocation;

2. INTRODUCTION

The Republic of South Africa Constitution, 1996 requires the Municipality to encourage the public participation of community members and community organizations in the matters of local government. The Local Government: Municipal Structures Act, 1998 (Act 117 of 1998) ("Structures Act") provides for the establishment of ward committees as formal mechanisms to give effect to this Constitutional obligation. Ward committees play a vital role in bridging the gap between the Community, the Municipality and its Council and also play an important role in:

a) Enhancing participatory democracy;

b) Neighbourhood and ward based planning including the encouragement of communities to take charge of their own livelihoods;

c) Assisting the Municipality in service delivery improvement;

d) Assisting in the economic empowerment of communities;

e) Enhancing local democracy and accountability;

f) Enhancing social cohesion, nation building and integration of communities across class, race, culture

Along with many other responsibilities the Municipality provide support to the Councillors and Ward Committees through the Ward Allocation policy. The policy intends to establish uniform rules and regulations in the identification, planning and implementation of ward projects. It will further encourage accountability and regulate all administrative processes in the execution phases.

3. POLICY OBJECTIVE

3.1. The objective of the Ward Allocations Policy is to create opportunities for Councillors to identify ward projects in line with the identified IDP needs, with the support of their Ward Committees, which would improve the quality of living in all wards. These projects would need to fit into the basket of services of the relevant User Department and must comply with the following:

3.1.1. Local Government's mandate;

3.1.2. Council policies;
3.1.3. Support the pillars and objectives of the IDP;
3.1.4. Directly benefit the community.

3.2. Ward project must be:
3.2.1. Additional projects identified by Councillors as identified through the IDP community participation processes,
3.2.2. Supported by the ward committees, and
3.2.3. Approved by Council.

3.3. Ward Allocation funds must be utilised in the manner contemplated in sections
3.3.1. **7(e)** categorising municipalities according to their system of municipal government. B Municipalities include a ward participatory system which allows for matters of local concern to be dealt with by committees established for wards;
3.3.2. **72 (3)** describing the object of a ward committee as being to enhance participatory democracy in local government; and
3.3.3. **74** describing the powers and functions of ward committees

of the Local Government: Municipal Structures Act (Act No. 117 of 1998).

4. STRATEGIC INTENT

The Policy shall be governed by the underlying principle of ensuring that ward allocation projects meet the requirements of the Integrated Development Plan including specific reference to the following:

4.1. A **"valley of possibility"** that creates an environment conducive to business development and job creation. To facilitate and coordinate support to emerging entrepreneurs by utilizing internal SCM processes and linking SMME's with opportunities in the market. To provide, upgrade and maintain an effective engineering infrastructure to support effective service delivery and to ensure the provision of non-motorised transport routes as a functional mode of transport.

4.2. A **"green and sustainable valley"** that ensures the management of human use of the biosphere and its resources, enhancing the integrity of the environment as an imperative for long-term sustainability and incorporates bio-diversity into the environment as an imperative for long-term sustainability. A valley that ensures spatial sustainability and facilitate efficient use of all forms of capital available to the Town including human capacity and ability and information management.

4.3. A **"safe valley"** where integrated safety strategies with multi-stakeholder engagements are implemented to focus on institutional, situational and social crime prevention interventions that will improve law enforcement and neighbourhood watches.

4.4. A **"valley with dignified living"** inclusive of sustainable human settlements, social infrastructure through the involvement and building of capacity of stakeholders in the planning and management of the areas where they live. This includes access to basic services to households.

4.5. A **"valley of good governance and compliance"** that ensures transparency and is corruption-free, establishes an efficient and productive administration to prioritise service delivery and ensures financial prudence, with clean audits by the Auditor-General;

5. POLICY PARAMETERS

5.1. The provisions of this policy apply to Ward Councillors, Ward Committees and all Directorates and Departments of the municipality;

5.2. This policy applies to all programmes and projects within the jurisdiction of Stellenbosch Municipality that are funded through ward allocations and which are approved by Council in accordance with this policy.

6. REGULATORY CONTEXT

This Policy draws its legal mandate from the following laws and relevant policies, as amended from time to time:

6.1. Legislation:

- 6.1.1. The Constitution of the Republic of South Africa, 1996
- 6.1.2. Local Government: Municipal Systems Act, (Act No. 32 of 2000);
- 6.1.3. Local Government: Municipal Finance Management Act, (Act No. 56 of 2003);
- 6.1.4. The Municipal Budget and Reporting Regulations with specific reference to Circular 82 adopted by Stellenbosch Council on 25 May 2016.

6.2. Policies and documents

- 6.2.1. Stellenbosch Municipality: Integrated Development Plan (IDP);
- 6.2.2. Stellenbosch Municipality: Asset Management Policy;
- 6.2.3. Stellenbosch Municipality: Supply Chain Management Policy;
- 6.2.4. Stellenbosch Municipality: Virement Policy

7. ROLE PLAYERS, ROLES AND RESPONSIBILITIES

The relevant role players include, but are not limited to:

7.1. The Ward Councillors and members of Ward Committees;

7.2. Manager: Councillor Support;
7.3. Council support staff;
7.4. Directors;
7.5. Budget office;
7.6. Technical or functional representatives in User Departments;
7.7. Ward Administrators; and
7.8. IDP Department

Official / Councillor	Role and responsibility
Manager: Councillor Support	Owner and driver of Ward Allocation Policy. Collations of all ward projects. Submission of ward allocation projects for draft budget. Facilitation of meetings with councillors. Manage ward administrators in this process. Monthly and annual collations of all ward-project progress reporting on all ward projects. Elevate problems to MM.
Councillor and Ward Committee	Project identification, development, submission for draft budget inclusion to Manager Councillor Support. Signing of commitment form. Finalization and submission of project plans to lead departments. Attending meetings with lead departments. Identification of IDP link. Identification of beneficiaries. Attendance, overseeing and reporting (incl. pictures) on projects. Return service provider goods/equipment (if applicable). It is important to note that Ward Committees play a supporting and advisory role to the Ward Councillor.
Ward Administrator	Minute keeping of Ward Committee meetings and provision of said minutes relating to project identification to lead departments. Administrative support for the execution of ward projects (communication and arrangements Administrative and coordinating link between lead department, councillor and community (ie. Transport plans, attendance registers, beneficiary communication, indemnity forms, etc.). Assist with the drawing up of project evaluation reports and submission thereof to lead department. Compilation of photographic portfolio of evidence of completed projects with specific focus on goods and services procured. Asset registers and general asset management of furniture, tools and equipment procured.

Speaker after consultation with the Executive Mayor	Identify the annual strategic intent of ward projects. Verify that the identified projects comply with the mandate of local government, Respond in writing to the Ward Councillor if projects are approved. Has the prerogative to refuse funding for projects outside the scope of the policy. Continuously, monitor and evaluate the progress of the Ward projects. Provide advice and support to Ward Councillors where necessary in terms of the Ward Allocation projects. Keep record of all proposals and projects arrange All Wards meetings discussing the projects.
MM	The Municipal Manager as head of the administration is responsible and accountable for tasks and functions as provided for in, but not limited to the Local Government: Municipal Systems Act, No. 32 of 2000, Chapter 8 of the Local Government: Municipal Finance Management Act, No. 56 of 2003, other functions/tasks.
IDP and Public Participation	Identification of needs and priorities in the different wards through a valid public participation process. Provide ward committees and ward councillors with updated lists of community needs and ward priorities. Provide feedback to community on project implementation linked to their needs.
CFO	Submission of recommended projects as part of draft and final budget for council approval. The Finance Directorate with the approval of the Speaker may, depending on the circumstances approve the use of the Ward Allocation for projects outside this framework but within the mandate of the Municipality.
Directors	Ensure implementation ownership of projects at manager level. Recommend projects for inclusion after costing. Authorization of procurement documents. Address elevated problems with lead managers.
User department	Costing of projects. Completion of procurement plans and inclusion of ward projects in implementation planning for the year. Implementation of projects. Procurement of services. Arranging meetings with councillors to guide, and explain process to follow. Communication between procured service provider, Ward Administrator and Ward Councillor. Signing off and submission of invoices.

	Monthly reporting on overall departmental expenditure for ward projects.
SCM	Procurement of goods and services.

8. CRITERIA FOR THE SELECTION OF PROJECTS

Projects that are to be implemented under the Ward Allocations Policy must comply with the following criteria:

8.1 Be within Local Government mandate as defined in legislation.

8.3 Be aligned with the objectives and pillars of the Integrated Development Plan and with the approved strategic intent identified by the Speaker.

8.4 Comply with all the Policies of Council.

8.5 Be informed by the ward based needs of the wards and municipal infrastructure needs that have been –

8.5.1 assessed by the Ward Councillor and Manager Councillor Support, and

8.5.2 reported and supported by the ward committee in accordance with the budget and IDP timelines.

8.6 Fall within the core business activity of the Lead Directorate and shall form part of the Lead Directorate's SDBIP.

8.7 Preferably be legacy projects that will address a need and be of a sufficient scale to have a significant impact in the ward.

8.8 **Not** be projects that directly benefit an individual.

8.9 **Not** be projects that benefit a private property – including repairs and maintenance of property not owned by Stellenbosch Municipality.

8.10 Projects shall, as far as possible, be completed within the financial year in respect of which they are approved but capital funds may be rolled over to the next financial year at the August Adjustment Budget (MFMA Sec 28 (2) (e) where compelling reasons exist for such roll-over. Funds remaining after the successful completion of projects will be deemed savings and re-allocated to existing approved projects requiring additional funding during the adjustment budget in January of each year.

8.11 Projects may cross ward boundaries provided that the relevant ward councillors are in agreement on collaborative planning, funding and implementation of such projects.

8.12 The lead directorate must technically evaluate and cost all projects in order to ensure that they are technically feasible, cost effective and comply with budgetary priorities before council considers a project for approval.

8.13 Labour intensive approaches shall be developed to maximise EPWP opportunities wherever possible for projects in both the capital and operating budget components. Councillors should note the timelines for submission of EPWP projects as part of the National EPWP Business Plan. These requirements entail that EPWP project identification must be completed and submitted to the LED Department by March each year.

8.14 In the case of projects undertaken on the **capital budget**, the assets created must:

8.14.1 Be on council property that is appropriately zoned and reserved for the lead directorate.

8.14.2 Have a provision for maintenance and operating costs (inclusive of human resources) on the operating budget of the user directorate for subsequent years. These projects must adhere to sections 18 and 19 of the Local Government: Municipal Finance Management Act, (Act no. 56 of 2003) describing the funding sources and requirements for capital projects.

8.14.3 Be placed on the asset register of the user directorate responsible for the facility.

8.14.4 Be adequately insured and secured by the user directorate responsible for the facility.

8.15 In the case of projects undertaken on the **operating budget**:

8.16.1

8.14.1. Adequate supervisory control shall be provided by the user directorate.

8.14.2. Projects will be undertaken on council property, except in cases where:

8.14.2.1. A ward hosts a function or event at facilities that are not council owned - subject to adequate supervisory control provided by the relevant user directorate, or

8.14.2.2. A ward funds or supports a local government function (for example; additional law enforcement officers) that is not necessarily performed on council property.

8.14.3. All operational projects will comply with the requirements of National Treasury Circular 82 specifying requirements to be adhered to when providing catering as adopted by Stellenbosch council.

8.14.4. Community events aimed at vulnerable groups must contain an educational component that speaks to the strategic intent as identified by the Speaker.

8.15. To contribute to maximum impact through meaningful legacy projects within communities, projects must be limited to **two operational and two capital** projects per ward. (Except for wards consisting of mostly rural areas where council does not own property.)

9. OWNERSHIP AND ACCOUNTABILITY

Directors are responsible for ensuring that all ward allocation projects within their respective directorates are completed during the financial year in respect of the projects approved by Council. Capital funds may be rolled over to the next financial year where compelling reasons exist for such roll-over and after approval has been obtained.

Directors must ensure timeous monthly and annual reporting on constraints and/or progress to the Manager Councillor Support for inclusion in Council documents.

10. BASIS FOR ALLOCATING WARD ALLOCATION BUDGET

10.1. Council **MAY** allocate as part of the municipal annual budgetary process certain funding from the rates accounts towards the Ward Allocations which may be an Operating Budget allocation and/or a Capital Budget allocation. The funding provided for each ward in the municipality must be equal;

10.2. Ward allocation funding might be approved annually as part of the budgeting process with a percentage distribution between capital and operational funding if there is allocation for both capital and operational. All capital projects must be captured on the municipality's capital project identification, planning and prioritization system.

11. POOLING OF FUNDS BETWEEN WARDS

Subject to the clause 8.11 ward allocations may be pooled in order to achieve higher impact and enable legacy projects.

12. PROJECT SELECTION AND IMPLEMENTATION PROCESS

The different stages of selection and implementation are set out hereunder and are subject to the timelines set out in the IDP and Budget Preparation process approved by Council in August of each year. See Ward Allocation SOP for detail and roles and responsibilities. **(ANNEXURE 1) Note that the stages are completed in the preceding financial year to ensure implementation of projects within one financial year.**

ACTION	RESPONSIBLE	TIME LINE
STAGE 1: STRATEGIC INTENT		
Determine and announce strategic intent of all ward projects for the ensuing financial year.	Speaker	July
STAGE 2: INTRODUCTION		
Report submitted at All Wards Meeting containing: 1. Clear strategic intent 2. Timeframes 3. Roles and responsibilities 4. Process 5. Updated ward priorities, ward plans and baseline needs	Manager: Councillor Support supported by 1. Manager IDP 2. Manager Budget Office Representation required from all user departments at meeting.	July
Documentation required for this stage: 1. Minutes of meeting 2. Attendance Register 3. Ward Allocation Policy 4. Updated IDP ward priorities	Manager Councillor Support	July
STAGE 3: WORKSHOP AND CONSULTATION PHASE		
Arrange series of workshops with Ward Councillors and Ward Committees to: 1. Discuss strategic intent, ward priorities, process, timelines and costing of proposed projects 2. Explain the project prioritisation and provide technical information regarding projects. 3. Signing of Commitment Form **(ANNEXURE 2)**	User Departments through Ward Administrator	July - August
Documentation of meetings containing the following: 1. Minutes 2. Attendance Registers 3. Completed Commitment Forms	Ward Administrator	August
STAGE 4: PROJECT IDENTIFICATION, COSTING AND TECHNICAL REVIEW		
Completed project priority list submitted to user department. **(ANNEXURE 3).** This list provides clear indication of projects ward councillors would like to have implemented in order of priority. It will minimize time spent on costing of projects that is lower on the list and that might not be implemented.	Ward Administrator – after decisions taken at ward committee meeting.	September
Costing of projects	User Department	September
Capturing of projects on planning and prioritization system	User Department	September

Documentation required for this stage include: 1. All envisaged outcomes of projects in writing by the councillor and ward committees. This does not include technical specifications, but include the following: location, what, when (operational projects), where, target beneficiaries, exactly what the councillor require assistance with, etc. Note the importance of User Departments clearly understanding exactly what the Councillor envisage with the project in order to be able to point out possible practical/technical problems that can be foreseen with implementation. 2. Minutes of meetings between user department and councillors and ward committees, site meetings inclusive of preliminary engagements with budget office on proposed projects. 3. Confirmation from user departments that projects will be finalized within the planned financial year through the submission of project management plans **(ANNEXURE 3)** to the Manager Councillor Support for collation and submission to Council for approval.	User Department and Councillor User Department and Ward Administrator User Department	September
STAGE 5: PROJECT APPROVAL AND AUTHORISATION		
Submission of all ward project plans to the Executive Mayor. **(ANNEXURE 4)**	Manager Council Support	October
Obtain recommendation from Executive Mayor and submit all ward projects to Mayco as part of draft budget.	Manager Council Support via Budget Office	November
Creation and allocation of Ukeys for all ward projects	Budget Office with support from User Departments	November
Council approval of ward project plans as part of draft and final budget.	Council	March and May
Documentation required for this stage include:	Manager Council Support Secretariat	May

1. Completed and signed Ward Project Plans per ward. 2. Minutes of meetings		
STAGE 6: IMPLEMENTATION		
Monthly reporting on implementation of projects submitted to Manager Council Support	User Department	Monthly starting in July of each financial year.
Collation and monthly reporting on progress to Executive Mayor and Speaker	Manager Council Support	Monthly starting in August of each financial year.
Changes to approved Ward Allocation Projects can be done as part of the adjustment budget following the same processes and approvals as departmental adjustment budget requests. It is important to note that the adjustment budget does not allow for the creation of new projects, but only for the movement of budget between previously approved projects on the existing budget.		

13. DEVIATION FROM POLICY

13.1. Deviation from the project selection criteria as listed in section 8 above may be considered by the Municipal Manager on receipt of a written request from the Manager Councillor Support, supported by the User Directorate, detailing the motivation for such a deviation.

13.2. The basis of the Municipal Manager's consideration of a deviation shall be whether the deviation would further the Policy Objective as set out in section 3 of the Policy.

13.3. The Municipal Manager shall report to Council on the requests received for deviations from the Policy.

14. PROJECT REVIEW

14.1. After every financial year there shall be a review of the projects undertaken by the Ward Allocation process. This review will be undertaken by the Manager Councillor Support and reported to the Municipal Manager and Director's Forum. Once supported the reviewed document must be submitted to Council;

14.2. The review must cover the following for all the projects undertaken in the municipal area:

- 14.2.1. Ward number and Ward Councillor name;
- 14.2.2. List of projects per User Directorate responsible;
- 14.2.3. Budgeted cost against projects;
- 14.2.4. Whether the project was completed within the planned time by the User Directorate – if not, reasons must be supplied;
- 14.2.5. Assessment of project as to whether the original objectives of the project were achieved;
- 14.2.6. Assessment of projects in terms of quality;

14.2.7. Assessment of the sustainability of the projects in terms of maintenance and operating cost;
14.2.8. Check list for Asset Register and Insurance;
14.2.9. Reason for the under spending of allocated funds in order to reflect savings or over-quoting

15. ANNEXURES TO POLICY

ANNEXURE 1: Ward Allocation SOP
ANNEXURE 2: Ward Allocation Commitment Form
ANNEXURE 3: Ward Allocation Project Plan
ANNEXURE 4: Ward Allocation Project approval budget submission format

1. DEFINITIONS

"**Appendix A**" means the application for Grant-in-Aid, detailed more fully below, and provided for in clause 5.2.

"**Appendix B**" refers to the memorandum of agreement (MOA), detailed more fully below, and provided for in clause 10.

"**Capacity building**" Capacity building refers to a process which enables human beings to realize their potential, build self-confidence and lead lives of dignity and fulfilment. These Capacity Building programs must align to the basket of services of the Directorate: Social Development and Early Childhood Development i.e. Early Childhood Development, Youth Development, Substance Abuse, Poverty Alleviation, Vulnerable Groups and Street People.

"**Community Based Organization (CBO)**" are non-profit groups that work at a local level to improve life for residents. The focus is to build equality across society in all streams – health care, environment, quality of education, access to technology, access to spaces and information.

"**Early Childhood Development ("ECD") Facility**" means any place, building or premises, including a private residence, maintained, or used partly or exclusively, for the reception, protection and temporary or partial care of more than six children that shall be registered, managed, and maintained in terms of the Children's Amendment Act, 41 of 2007.

"**Grant-in-aid**" means a grant-in-aid or allocation, as referred to in Section 12, 17 (3) (j) (iv) of the MFMA, made by the municipality to any organisation or body referred to in Section 67(1) and to be utilised to assist the municipality in fulfilling the Constitutional mandates including social developmental and arts and culture programmes as set out therein.

"**Local Agenda 21**" means the international program, adopted by South Africa to put sustainable development into practice.

"**Memorandum of agreement (MOA)**" means the agreement entered into between the municipality and any organisation or body which receives a Grant-in-Aid in terms of this Policy and **Appendix A.**

"**Non-governmental organisation (NGO)**" means a non-governmental organisation (NGO) that is a legally constituted non-profit organisation that operates independently from any form of government.

"**Non-profit company (NPC)**" means a company whose Memorandum of Incorporation must set out at least one object of the company and each such object must be either a public benefit object or object relating to one or more cultural or social activities, or communal or group interests as required by Item 1(1) of Schedule 1 of the Companies Act, 71 of 2008.

"**Non-profit organisation (NPO)"** means a non-profit organisation registered in terms of Section 13 of the NPO Act, 71 of 1997, established for public purpose and which income and

property thereof is not distributable to its members or office-bearers, except as reasonable compensation for services rendered.

"**Stellenbosch Environmental Management Framework (SEMF)**" means legal and moral obligations of Stellenbosch Municipality as it relates to the environment, and provides a dynamic vision, goals and objectives, and spatial and strategic directives towards giving effect to such obligations.

2. PURPOSE, AIMS AND OBJECTIVES

2.1. This policy aims to provide a framework for Grant-in-Aid to non-governmental organisations (NGOs), community-based organisations (CBOs), non-profit organisations (NPOs) or non-profit companies (NPC) and bodies that are used by government as an agency to serve the poor, marginalised or otherwise vulnerable as envisaged by Sections 12, 17 and 67 of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

2.2. The purpose of the Grant-in-Aid Policy is to complement the goals, objectives, programmes, and actions of the Stellenbosch Municipality's Integrated Development Plan (IDP), to create a sustainable, credible, and caring municipality by empowering and building communities and enhancing growth and sharing through partnerships. Priority ward needs as identified through Council's IDP MUST be the guiding factor in developing these partnerships.

2.3. Grant-in-Aid should not duplicate services already provided for by Council or which falls within the geographical jurisdiction in which Council operates, being WC024.

2.4. Grant-in-Aid should improve the opportunity for Council to elicit the support of external organisations to deliver those services to communities which fall within the Council's area of responsibility in a way that allows the Stellenbosch community and town to create an enabling environment for community development.

3. LEGAL FRAMEWORK

All transfers of funds in terms of this policy shall comply with the: Constitution of the Republic of South Africa, 1996 as amended (Constitution); Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) as amended (MSA); Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (MFMA); and any other applicable legislation, regulations and policies that may govern the transfer of municipal funds and that are not in contradiction to the above.

4. RESTRICTIONS

4.1. The Policy applies to all transfers of grants made by the Municipality towards support of services for the poor, marginalized or otherwise vulnerable people. Individuals may not apply for Grant-in-Aid and no payment may be made under this policy to individuals. Council may however set aside a specific amount from

which the Municipal Manager, after consultation with the Executive Mayor, may, at his/her discretion, make donations to support individual, meritorious cases to assist and/or recognise individual excellence in whichever field. Bursaries to individuals are treated according to the Council's Bursary Policy.

4.2. The total expenditure on grants may not exceed 1% of the operational budget of the Municipality.

4.3. Grants will only be made for services rendered in the WCO24.

4.4. Transfers made to categories A and B

4.4.1. Transfers provided for those listed in Category A below may be made to a maximum of R40 000-00 per organisation or body per annum.

4.4.2. Transfers in Category B may exceed this amount where funding relates to night shelters or addresses specific ward priorities identified and specified in the IDP and upon proper motivation contained in a business plan to address said issue. Consideration for grants larger than R 40 000, 00 requires audited financial statements, schedule of estimated annual costs and a business plan as provided for in 6 below. The decision to grant an amount more than R 40 000,00 is solely at the discretion of council and subject to available funds.

4.5. Grant-in-Aid transfers/payments shall be restricted to deserving organisation and bodies serving, especially those working with the poor/aged/youth/disabled/women, as per the eligible categories in 6.2, provided that such organisations or bodies:

4.5.1. Operate as a separate legal entity and are recognised as such by South African legislation;

4.5.2. Are governed by their constitutions, have regular meetings with their membership and subscribe to sound accounting practices; and

4.5.3. Are located and serve communities and individuals who are most in need within the jurisdiction of the Municipality.

4.6. No Grant-in-Aid may be made to any political body, rate payers association or for any religious purposes.

4.7. No grant will be allocated, under this policy, to organisations or bodies in cases where a member of Council, an official of Stellenbosch Municipality or close relatives of said individuals receive any financial or other gain.

4.8. Funds may only be transferred to an organisation or body if provision has been made for the expenditure on the budget or appropriations budget.

4.9. An organisation or body is only entitled to one allocation per financial year, but disbursements can be made more often.

5. PUBLIC ADVERTISEMENT

5.1. The advertisements must meet the following requirements:

5.1.1. The Municipal Manager must, place a public advert in local newspapers distributed in the Stellenbosch Municipal area, calling for proposals.

5.1.2. This advert must be placed in time to complete all relevant processes prior to the approval of the annual draft budget or any adjustment budget to invite public comment on the proposed donations prior to the approval of the final or adjustment budget.

5.1.3. Advertisements should clearly specify the categories for which proposals are called, the closing date for applications, who the proposal should be addressed to, and where and how to obtain the relevant documentation pertaining to such applications/proposals, including the prescribed forms.

5.1.4. Advertisements should also clearly reflect the Municipality's right not to make an award, as well as the fact that awards will not be made to organisations that have received funds in the previous year but have not submitted a final report on the projects or previous expenditure.

5.1.5. The advertisement should also clearly state that final approval is reliant on the approval of the budget and that **no late submissions will be considered.**

5.2. Only applications made on the prescribed form, being **Appendix A**, may be considered.

5.3. Funds may not be transferred to any organisation or body that has not submitted a proposal in response to a public advertisement and after the attendance of a compulsory briefing session and that have not signed a Memorandum of Agreement with the Municipality.

6. GENERAL GUIDELINES AND CATEGORIES

6.1. General Guidelines

Funding of applications shall proceed on the basis listed below in response to an advertisement issued after the expiry of the relevant period associated with the specific category and after a compulsory workshop explaining the policy, application process and the required documentation has been attended by the applicants. Subject to the MOA provided for in clause 10, all funding is unrequited, provided there is compliance with said MOA. Funding of application in –

6.1.1. Category A will be considered on an annual basis; and

6.1.2. Category B shall be considered on a three-year basis subject to a monthly review at the discretion of the Municipality which may result in early termination for unsatisfactory and reckless expenditure.

6.1.3. Council in 6.1.1 and 6.1.2 reserve the right not to fund an organisation for two periods in succession and to cancel said funding in accordance with the MOA concluded.

6.1.4. Funding applications however will not be considered in the following instances:

(i) Where a project or organisation is already receiving funds from Council in terms of Council's functions. Applicants are required to disclose other sources of funding;
(ii) Where in Council's opinion, an organisation receives sufficient funds from other sources to sustain its activities or the project applied for. For this purpose, organisations must submit financial statements and a budget for the ensuing financial year;
(iii) Where only an individual will benefit;
(iv) For political or ratepayers organisations/groupings;
(v) Projects outside the boundaries of the Municipality;
(vi) Where expenses have already been incurred,
(vii) Where an applicant did not attend the compulsory clarification session as advertised, and
(viii) Where applications were received after the due date and time for submissions.

6.1.5. Funding of projects and to organisations shall exclude travel costs, subsistence, accommodation, food or entertainment expenses of any kind, staff salaries, bursaries, payments in lieu of rates or other municipal charges except for where the transport and nutrition is intended for beneficiaries/participants in the projects in question. The Municipality may also exercise their discretion to allow funding to extend to the above costs on a needs basis for the organisation or body clearly motivated for in the application.

6.1.6. Subsequent requests from applicants to cover overspending on projects will not be considered.

6.2. Categories Eligible for Grant-in-Aid

The following categories currently apply. Cognisance should be taken that these categories are not exhaustive. Other than the general guidelines and conditions set out above, categories now indicated may require specific criteria applicable to its projects/programmes:

Category A

6.2.1. **Health**

Projects/programmes include the following but are not limited to:

(i) Public Health interventions inclusive of TB, STD's, and HIV/Aids;

(ii) Preventable lifestyle diseases e.g., drug/alcohol abuse, tobacco related illnesses; and

(iii) Promotive and preventative services to infants, children, and women.

6.2.2. **Environment**

Purpose: To stimulate the development of sustainable leisure, aesthetic, and environmental projects within the municipal area; to increase the awareness of the environment by promoting "Greening of the City"; to promote swimming skills and water safety.

Projects/programmes include the following but are not limited to:

(i) Voluntary rescue organisations;
(ii) Lifesaving clubs and swimming organisations;
(iii) Environmental groups/organisations; and
(iv) Organisations promoting community involvement as a means of sustaining leisure, aesthetic, or environmental projects.
(v) Projects which further the Council's aims and the strategies of SEMF (Strategic Environmental Management Framework) and including but not limited to the sustainable management of:
    - o Riverine corridors;
    - o Biodiversity;
    - o Natural and built environment;
    - o Heritage resources;
    - o Quality urban spaces;
    - o Ecological conservation areas;
    - o Urban agricultural complexes;
    - o Bioregional planning;
    - o Nature area management;
    - o Wetlands;
    - o Local Agenda 21 projects

6.2.3. **Solid Waste (Cleansing)**

Purpose: Waste Reduction and awareness.

Projects/programmes include the following but are not limited to:

(i) Waste reduction and awareness;
(ii) Educational programmes/projects addressing litter and waste handling; and
(iii) Waste minimisation solutions.

6.2.4. **Social Development**

Purpose: The promotion of projects/programmes which stimulates the Stellenbosch Municipality's Integrated Development Plan (IDP) focusing especially on the needs of the most marginalised sectors in the greater Stellenbosch as identified in the ward priorities.

Projects/programmes include the following but are not limited to:

(i) Poverty alleviation;
(ii) Urban renewal;
(iii) Capacity building of communities;

(iv) Youth development;
(v) Women and gender development;
(vi) Early childhood development where an organization is registered with the Department of Social Development or Education as a fully functional ECD facility;
(vii) Early childhood development where an organization is registered as an NPO, but **not registered with the Department of Social Development or Education** then only regarding application content that will contribute towards compliance with registration requirements. In these cases, also up to a maximum of three years by when said organization must be able to illustrate registration.
(viii) Street people programmes;
(ix) Arts and culture programmes
(x) Facilitation of public participation processes; arts and culture programmes
(xi) Development of disabled persons, and
(xii) Development of elderly people

6.2.5. **Sports and Recreation**

Purpose: To stimulate the development of sustainable Sport and Recreation infrastructure and programmes within the municipal area especially targeting disadvantaged communities; encourage creativity and self-reliance on the part of grassroots sport and recreation bodies or groups; to increase participation in sport and recreation programmes and activities.
Projects/programmes include the following but are not limited to:
(i) Local sport and recreation clubs;
(ii) School sport teams
(iii) Local sport and recreation councils or associations
(iv) Informal sport and recreation groups; and
(v) Community and non-government organisations.

Category B

6.2.6. **Night Shelters**

Purpose: Provision of shelter for vulnerable individuals living on the street, without homes, in the need of shelter at night. Shelter is provided on a temporary basis and residency should not be provided for on a permanent basis. The Municipality aims to reduce the number of people living on the streets of Stellenbosch and as such the organisation or body's goals should align with this vision. Further the Municipality aims to reduce the socio-economic effects of poverty on the community of Stellenbosch. The organisation or body must therefore present to Council a clear business plan with a comprehensive response to the prevention, reduction, outreach, and stabilisation of street people. Organisations or bodies that provide a continuum of services and that collaborate with businesses, government departments and other organisations are preferred. Street people programmes listed in Category A shall fall under this category if provision is made for overnight stay.

Projects/programmes must include the following but are not limited to:

(i) Provision of basic services (overnight facility, shower, morning and evening meals
(ii) Provision of social work services inclusive of referrals
(iii) Family re-integration services
(iv) Social support
(v) Community work programme
(vi) Facility maintenance (Infrastructure and operational equipment)

6.2.7. **Projects aligned to the strategic objectives of the municipality as described in the IDP**

Purpose: The promotion of projects/programmes which stimulates the Stellenbosch Municipality's Integrated Development Plan (IDP) focusing on the strategic objectives of the Municipality and identified ward priorities. The organisation must therefore present to Council not only a clear business plan detailing how they intend to address the specific issue but how they intend to partner with other organisations to achieve a unified approach to that challenge. Organisations or bodies that provide a continuum of services and that collaborate with businesses, government departments and other organisations are preferred.
Projects/programmes include the following strategic objectives but are not limited to:
Those listed in Category A that address specific ward priorities identified and specified in the IDP and upon proper motivation contained in a potential plan to address said issue.

(i) Valley of Possibility
(ii) Green and Sustainable Valley
(iii) Dignified Living
(iv) Safe Valley
(v) Good Governance and Compliance

7. APPLICATION PROCEDURE

Applications and proposal for Grant-in-Aid must be on the prescribed form stated in 5.2 above, a copy of which is attached hereto as **Annexure A for Category A and B**. Applications must be accompanied by a covering letter on the letterhead of the organisation or body, signed by the head of the organisation or body and must include the following information. Should an applicant wish to submit a Category B application, but would want to be considered for a Category A application if the Category B application is declined, this must be clearly stated in the covering letter and supporting documents MUST be submitted for both types of applications:

7.1. The applicant's legal name and a brief description of the applicant organisations or body's business;

7.2. if the applicant claims to be a non-profit organisation, the registration number and

the certificate;

7.3. the date of establishment, details of the applicant's member founding documents, including constitution and certificates of incorporation;

7.4. a contact name, full street address, telephone number and an e-mail address;

7.5. if funding is required for a specific project, a brief description of the project what it aims to achieve, as well as the detailed budget for and duration of the project;

7.6. a description on how the project aligns with the needs identified in the community through the IDP process and which ward priorities will be addressed through the project;

7.7. if the request is for general support, the organisation's or body's overall budget must be included;

7.8. references, independent of the applicant and its executive;

7.9. most recent audited financial statements (subject to MFMA, section 67(4)) statements; or at least statements signed off by the treasurer and chairperson of the organization in the case of small emerging organizations;

7.10. a summary of past achievements;

7.11. a declaration by the head of the organization to the satisfaction of the Municipal Manager, that the organisation or body implements effective, efficient, and transparent financial management and internal control mechanisms to guard against fraud, theft and financial mismanagement and has in the past complied with requirements for similar transfers of funds; and

7.12. notwithstanding the above requirements, the CFO after considering the merits of an application not complying with the minimum application criteria and after consulting the Municipal Manager, may for the purpose of this policy approve a deviation from the norm;

7.13. Applications for Category B **must** include a schedule of annual costs for a three-year period, business plan and audited financial statements.

8. OBLIGATIONS OF THE APPLICANT

8.1. The head of the organisation or body must acknowledge in writing to the Municipal Manager that the money was received in its bank account and that the amount is/will be utilised to the benefit and in accordance with the role of the organisation or body in society. The funds should be used as outlined in the application form.

8.2. The organisation or body shall regularly report, if and when required but at least once a year, to the Municipal Manager regarding the activities conducted, the ward

within which activities are conducted, as well as the number of people benefiting from the activities.

8.3. If funding is required for a specific project, a brief description of the project and what it aims to achieve, as well as the detailed budget for and duration of the project.

8.4. The applicant must attend a compulsory workshop on the Grant-in-Aid policy and application procedure prior to submission of the application.

8.5. If successful with the application, the applicant must spend funds according to the approved Grant-in-Aid funding request. Should the need change over the funding period, written consent needs to be obtained from the municipality prior to spending the funds on alternative needs. Failure to spend funding on approved projects can result in the applicant being required to return the funding and/or the applicant being excluded from future applications for a period of 5 years.

9. RIGHTS OF THE MUNICIPALITY

9.1. The Municipality shall be entitled, from time-to-time, to verify and inspect the existence and activities of the organisation or body. The municipality will therefore have the right to physically visit the premises where the organisation, or the funded project, is based; to peruse the budgets and any progress reports related to the project (in contract).

9.2. The Municipality shall manage contracts entered into with organisations or bodies by receiving reports and doing the necessary site visits and inspections to ensure that this policy and contract are being complied with.

9.3. The Municipality has the right not to give a Grant-in-Aid to any or all organisations applying for grants. Having been awarded a grant previously does not give an applicant the right to receive a grant again.

9.4. The Municipality will run proposed donations through a public participation process before final awards are made.

10. AGREEMENT

Before any funds are transferred to an organisation an agreement **(Annexure B)** must be concluded by the Municipal Manager with the beneficiary to protect the interest of the Municipality.

11. DEVIATION

This policy constitutes the entire framework for Grant-in-Aid and no deviation will be entertained.

12. COMMENCEMENT

This Policy takes effect on the date on which it is adopted by the Council of Stellenbosch Municipality.

APPLICATION FOR GRANT-IN-AID: 2021/22

	Good Governance and Compliance						
	Green and Sustainable Valley						
K	**THE FOLLOWING MUST BE ATTACHED TO THIS APPLICATION: (Category A and B applications)** (Please use this form as a checklist, to ensure that you comply to the specified requirements)						
1	**AUDITED FINANCIAL STATEMENTS** (A copy of the latest audited financial statements. Should the organization be classified as an emerging organization, the financial statements MUST be dated and signed by the Treasurer and Chairperson and MUST include a monthly income and expense statement for the months that the organization has been in existence or for the last 12 months)						
2	**ORGANISATIONAL CONSTITUTION** (A signed and dated copy of the Organisation's Constitution, as well as a signed copy of **the Minutes of the AGM/Special Meeting**, to verify the acceptance of the Constitution.)						
3	**PROJECT PROGRAMME/BUSINESS PLAN** (A copy of the project/program description and/or a business plan for the ensuing financial year. Please ensure that the following is included in the project/program and or business plan, by using the below mentioned bullet points as a guide).						
	❖ Full details of the proposal/project/business plan including objectives;						
	❖ The number of people who will benefit and how the project/program will contribute or enhance the strategic objectives of Stellenbosch Municipality;						
	❖ The project/program commencement and completion dates;						
	❖ Information on the total costs of the project/program budget;						
	❖ A breakdown of costs and an outline of any contributions by fundraising and / or own contributions;						
	❖ A list of all other sources of funding together with the assessments;						
	❖ A summary of past achievements;						
	❖ Reference independent of the applicant and its executive/board or committee members.						
4	**SIGNED AND STAMPED CREDITOR CONTROL FORM** (An original signed copy of a correctly completed Creditors Control form of the Stellenbosch Municipality)						
5	**ACCOUNT ON EXPENDITURE FOR PRECEDING FUNDING** (If you have received funding from Stellenbosch Municipality in the preceding financial year, expenditure of the funds received needs to be accounted for with this new application). Please refer to Section M for the format.						
6	**PROOF OF REGISTRATION/AFFILIATION** (Attach a copy of the organisation's Registration Certificate of Affiliation)						

L	**REQUIREMENTS CATEGORY B APPLICATIONS** (Please note that Category B applications **MUST** adhere to the following requirements **and** those listed under section K, except where indicated otherwise.)	
1	**AUDITED FINANCIAL STATEMENTS** A copy of the latest audited financial statements must be included in the application. Category B applications **MUST** submit their latest audited financial statements. Statements signed off by the treasurer, chairperson or other delegated party will not be accepted.	
2	**THREE YEAR BUSINESS PLAN** See the requirements for the business plan as listed under section K as guideline. NOTE: Category B applications MUST provide a clear proposal for a period of three years. Each year must be indicated separately and be costed per annum indicating all expenditure against the projected measurable outcomes. Outcomes must be listed ito how they will be reported on and measured monthly.	
M	**FORMAT FOR FEEDBACK REPORT** (Please ensure that your feedback of previous funding received, includes the following)	
1	Narrative report on the project including numbers reached, outcomes reached, outcomes reached, evaluation of the project indicating successes and failures/lessons learned.	
2	Pictures of the project/program.	
3	Financial report on expenditure regarding previous donation separate from the annual financial statements. (Attach proof of expenditure).	
N	**THE FOLLOWING SHALL APPLY:**	
1	The allocation of Grant-In-Aid will only be considered if the application document has been fully completed and signed and is accompanied by the required and supporting documentation referred to therein.	
2	An applicant who has been registered as a non-profit organization in terms of Section 13 of the Non-Profit Organisation Act, 1997, and the necessary proof thereof is submitted together with this application.	
3	Applicants must in their submission clearly indicate/specify and motivate what the funds will be utilized for.	
4	The Grant-In-Aid must be exclusively utilized for the purpose defined and the successful applicant must submit the necessary undertaking to this effect.	
5	Applicants must in their submission satisfy the Council of their ability to execute the project successfully.	
6	Organisations who have already received financial or other assistance from the Council during the previous financial year MUST specify same in their application.	
7	No funding will be considered for political groupings, churches, or ratepayers organisations.	
8	No funding will be considered where only an individual will benefit or where a member of Council or an official of Stellenbosch Municipality will receive any financial or other gain.	
9	Projects outside the boundaries of the Council will not be considered.	
10	Expenditure that will not be funded includes travel costs (unless it is for the transport of beneficiaries), subsistence, accommodation, food (unless intended for the beneficiaries) or entertainment expenses of any kind, staff salaries including bonuses, bursaries, and payments in lieu of rates or other municipal charges.	
11	Subsequent requests from the applicants to cover overspending on projects will not be considered.	
12	Successful applicants must always comply with the provisions of Section 67(1) of the Municipal Finance management Act no. 56 of 2003 which inter alia stipulates that the organization or body must: -	
	❖ Enter into and comply with a Memorandum of Agreement with the Municipality as well as with all reporting financial management and auditing requirements as may be contained in such an agreement. This memorandum of agreement will bind the successful applicant to deliver on what the application speaks to, but also to commit to become involved with municipal programs of the community where it functions. The Memorandum of Agreement will be made available to successful applicants for completion.	
	❖ Report monthly on the actual expenditure of the amount allocated to it. Should monthly allocations be made.	
13	The Council reserves the right not to give a Grant-In-Aid to any organization applying for grants. Having been awarded a grant previously does not give an applicant the right to receive a grant again.	
14	Funding will not be considered where a project or organization is already receiving funds from Council in terms of Council's functions. Applicants are required to disclose other sources of funding, failing which such applicant will be disqualified.	
15	Funding will not be considered where in Council's opinion, an organization received sufficient funds from other sources to sustain its activities or the project applied for. For this purpose, organisations must submit financial statements and budget for the ensuing financial year.	
16	Organisations having received funding from Stellenbosch Municipality during the previous financial year, are required to attach to any new application, a copy of the financial statements relating to the year in which the funding was received from Council, as required in terms of Section 17 of the Non-profit Organisation Act, 1997 and Section 67(1) of the Municipal Finance Management Act, 2003 (MFMA).	
17	Funding will not be considered where expenses have already been incurred on a project by the applicant. (The Council's Grant-In-Aid Policy must be consulted for the sake of completeness).	

O	DECLARATION OF INTEREST:
The beneficiary declares that the following municipal employees and/or councillors have a vested interest in the business of the beneficiary. However, they do not benefit directly from this donation and were not part of the decision-making process in the allocation of the donations:

MUNICIPALITY • UMASIPALA • MUNISIPALITEIT

MEMORANDUM OF AGREEMENT

Entered into and between

STELLENBOSCH MUNICIPALITY

(Hereafter called the "***MUNICIPALITY***")

Herein represented by **Geraldine Mettler**, in her capacity as **Municipal Manager**, being duly authorised

and

_____

(Hereafter called the "***BENEFICIARY***")

Herein represented by_____in his/her capacity as_____, being duly authorised.

WHEREAS Section 67(1) of the Local Government: Municipal Finance Management Act, Act 56 of 2003 (MFMA) oblige the Accounting Officer of a **MUNICIPALITY** to satisfy himself that, before transferring funds of the **MUNICIPALITY** to an organisation or body outside any sphere of government otherwise than in compliance with a commercial or other business transaction, that such organisation or body: -

(a) has the capacity and has agreed-

(i) to comply with any agreement with the **MUNICIPALITY**;

(ii) for the period of the agreement to comply with all reporting, financial management and auditing requirements as may be stipulated in the agreement;

(iii) to report at least monthly to the Accounting Officer on actual expenditure against such transfer (should transfers be done monthly); and

(b) implements effective, efficient, and transparent financial management and internal control systems to guard against fraud, theft, and financial mismanagement; and

(c) has in respect of previous similar transfers complied with all the requirements as set out above; and

(d) give permission to site visits done by the **MUNICIPALITY.**

WHEREAS the **MUNICIPALITY** has approved a Grants-in-Aid Policy, in terms whereof applications are considered;

WHEREAS the **BENEFICIARY** has applied for a grant-in-aid as per the official grant-in-aid application form; and

WHEREAS the **MUNICIPALITY** has approved such application, subject to certain conditions;

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

1. TRANSFER OF FUNDS

1.1 The **MUNICIPALITY** hereby undertakes to transfer an all-inclusive amount of

R……. (…….), being a donation for the period **01 July 20...** to **30 June 20…** to the **BENEFICIARY**.

1.2 Bank Account details: (The following are confirmed through a correctly completed Creditors Control Form.)

Account number	:	_____
Name of financial institution	:	_____
Name of account holder	:	_____
Branch code	:	_____
Type of account	:	_____

1.3 The all-inclusive amount will be transferred in equal amounts on the following dates (if applicable):

_____

2. OBLIGATIONS OF BENEFICIARY

2.1 The **BENEFICIARY** must acknowledge in writing to the Municipal Manager that the amount(s) was(were) received in its bank account.

2.2 The **BENEFICIARY** hereby certifies that the money will be utilised in accordance with the role of the organisation or society, to the benefit of the community and in accordance with the project(s) / programme(s) as indicated in the application form.

2.3 The **BENEFICIARY** undertakes to regularly report monthly to the Municipal Manager regarding the activities conducted, actual expenditure against such transferred funds, as well as the number of people benefiting from the activities should monthly payments be made. If not, an annual report on the expenditure will be provided.

2.4 The **BENEFICIARY** further undertakes to submit an audited financial statement for its financial year to the Municipal Manager by not later than **30 April 20…**

3. SPECIFIC CONDITIONS

3.1 The parties specifically agree on the following:

That the organization will commit to active involvement in any programme run by the municipality in the area of operation of the organization when such a programme is active in the community.

Other conditions:

_____

_____

4. DECLERATION OF INTEREST

The beneficiary declares that the following municipal employees and/or councillors have a vested interest in the business of the beneficiary. However, they do not benefit directly from this donation and were not part of the decision-making process in the allocation of the donations: (Name and designation)

_____

_____

5. ACQUISITION OF ASSETS

5.1 Should the **BENEFICIARY** wish to acquire any moveable or immovable assets with the money donated in terms of this Agreement, the **BENEFICIARY** hereby undertakes to: -

5.1.1 adhere to the principles as per the **MUNICIPALITY'S** Supply Chain Management Policy, and

5.1.2 take all reasonable steps to ensure that such assets are maintained and that a system of internal control of such assets is in place.

6. RIGHTS OF THE MUNICIPALITY

6.1 The **MUNICIPALITY** shall be entitled, from time to time, to verify the existence and to inspect the activities of the **BENEFICIARY**, having regards for its right to privacy as entrenched in terms of the Constitution of the Republic of South Africa.

6.2 The **MUNICIPALITY** shall further be entitled to peruse the budgets and any progress reports related to the project / programme as per this Agreement.

7. FAILURE TO COMPLY

7.1 Failure by the **BENEFICIARY** to comply with the obligations as set out in Clause 2 of this Agreement, may lead to the cancellation of this Agreement, in which case the **MUNICIPALITY** may demand that the organisation pays back any unspent funds as per this Agreement. The **MUNICIPALITY** may even, depending on the circumstances leading to the non-compliance by the **BENEFICIARY**, demand that the organisation pays back the full amount paid to the **BENEFICIARY**.

8. INDEMNIFICATION

8.1 The **BENEFICIARY** hereby acknowledges that it receives the grant voluntarily and that it shall keep the **MUNICIPALITY** always indemnified against any loss, cost, damage, injury, or liability suffered by the **MUNICIPALITY** resulting from any action, proceeding or claim made by any person (including themselves) against the **MUNICIPALITY** caused directly or indirectly by the use/spending of the grant.

9. DISPUTE RESOLUTION

9.1 Any dispute arising from this Agreement shall be mediated between the Parties by a mutually agreed upon and suitably skilled mediator. Should the mediator be unsuccessful, and the Parties fail to reach agreement, the dispute may be referred by

the aggrieved Party to the arbitration of a single arbitrator, to be agreed upon between the Parties, or failing agreement, to be nominated on the application of any Party, by the President for the time being of the South African Association of Arbitrators. The decision of the single arbitrator shall be final and binding on the Parties.

10. NOTICES AND DOMICILIA

10.1 The parties choose as their *domicilia citandi et executandi* their respective addresses as set out in this clause for all purposes arising out of or in connection with the agreement at which addresses all processes and notices arising out of or in connection with this Agreement, its breach or termination, may validly be served upon or delivered to the Parties.

10.2 For purposes of this Agreement the Parties' respective addresses shall be:

10.2.1 The **MUNICIPALITY:**

Town House
Plein Street
Stellenbosch
7600
Fax: 021 – 808 8025

10.2.2 The **BENEFICIARY:**

_____

_____

_____

_____

or at such other address of which the Party concerned may notify the other(s) in writing provided that no street address mentioned in this sub-clause shall be changed to a post office box or poste restante.

10.3 Any notice given in terms of this Agreement shall be in writing and shall-

10.3.1 if delivered by hand be deemed to have been duly received by the addressee on the date of delivery;

10.3.2 if posted by prepaid registered post be deemed to have been received by the addressee on the 8th (eighth) day following the date of such posting;

10.3.3 if transmitted by facsimile be deemed to have been received by the addressee on the day following the date of dispatch;

10.4 Notwithstanding anything to the contrary contained or implied in this Agreement, a written notice or communication received by one of the Parties from another, including by way of facsimile transmission, shall be adequate written notice or communication to such party.

11. ENTIRE AGREEMENT

This Agreement, including the **Grant-in-Aid policy and application form**, reflects the entire Agreement between the Parties and no variation, amendment or addendum shall be of any force and effect between the Parties unless contained in writing, signed, and agreed on by both Parties.

18 **Short Title and Effective Date**....12

To provide for the establishment of special rating areas; to provide for additional rates; and to provide for matters incidental thereto.

BE IT ENACTED by Stellenbosch Municipality as follows:-

CHAPTER 1

ESTABLISHMENT OF SPECIAL RATING AREAS

1. DEFINITIONS

In this By-law words or expressions shall bear the meaning assigned to them and, unless context otherwise indicates.

In addition to the definitions contained in the Property Rates Act, the following definitions apply for the purpose of the application of this By-law.

"additional rate" means an additional rate contemplated in sections 19(1)(d) and 22(1)(b) of the Property Rates Act in section 12(2) of this By-Law;

"applicant" means any owner who makes an application for the determination of a special rating area in accordance with provisions of Chapter 1 of this By-Law, or if a management body is established in terms of section 10 of this By-Law any reference to **"the Applicant"** means the management body;

"CFO" means the Chief Financial Officer of Stellenbosch Municipality, or his or her nominee.

"Council" means Council of Stellenbosch Municipality;

"implementation plan" means an Implementation Plan as contemplated in section 6 of this By-Law;

"**limited special rating area"** means a limited special rating area approved by the Council in terms of section 9 of this By-Law;

"majority" means the majority of properties represented by the members of the local community in the proposed special rating area who will be liable for paying the additional rate;

"management body" means the management body of a special rating area to be established in accordance with the provision of section 10 of this By-Law;

"motivation report" means a motivation report as contemplated in section 6 of this By-Law;

"owner" has the meaning assigned to it in section 1 of the Property Rates Act;

"Policy" means the Policy for the determination of special rating areas named the Special Rating Area Policy of the Stellenbosch Municipality;

"Property Rates Act" means the Local Government: Municipal Property Rates Act, 2004 (Act No.6 of 2004);

"rateable property" has the meaning assigned to it in section 1 of the Property Rates Act;

"special rating area" means a special rating area approved by the Council in accordance with the provisions of section 22 of the Property Rates Act and section 8 of this By-Law.

2. INTERPRETATION

In the event of any conflict with the Afrikaans or isiXhosa texts the English text prevails.

3. DETERMINATION OF SPECIAL RATING AREAS

Stellenbosch Municipality may by resolution of the Council determine special rating areas.

4. APPLICATION

(1) Any owner located within the area of jurisdiction of Stellenbosch Municipality and who owns property within the proposed special rating area, may lodge an application to the Stellenbosch Municipality for the determination of a special rating area.

(2) All costs incurred by the applicant in respect of the establishment of a special rating area shall be for his or her own account, provided that after implementation of the implementation plan the management body may reimburse the applicant for some or all of those costs.

(3) Any application contemplated in subsection (1) above must –

(a) be in writing and be in the form as the CFO may determine;

(b) be submitted not more than nine months after the date on which the public meeting referred to in section 5 of this By-Law is held, or if a second public meeting is held as provided for in section 6(2) of this By-Law, nine months after the date of the second public meeting;

(c) be accompanied by –

(i) a motivation report and an implementation plan;

(ii) the written consent submitted by the members of the local community in the proposed special rating area who will be liable for paying the additional rate. All

owners of each property in the proposed special rating area must sign the consent form. The majority shall be determined by the number of properties in the proposed special rating area for which duly preformed consent forms where received in relation to the number of properties in the proposed special rating area. Under specific conditions, aimed at a more inclusive approval process, the majority may be set at a higher percentage as determined in the Special Rating Area policy. The format of the consent may be determined by the CFO;

(iii) payment of such fee as the Council may determine.

5. PUBLIC MEETINGS

(1) An application for the determination of a special rating area must be preceded by the holding of a public meeting.

(2) The purpose of the public meeting is to enable the applicant to consult with those owners within the proposed special rating area regarding the proposed boundaries of the area and the proposed improvement or upgrading of the area.

(3) Prior to the holding of the public meeting, the applicant must –

(a) give notice in a manner approved by the CFO in terms of this By-law owners of rateable property, who will be liable for payment of the additional rate, of the applicant's intention to apply for the determination of a special rating area

(b) in the notice referred to in subsection (3)(a) above, give notice of a public meeting, which notice must –

(i) state the purpose of such meeting; and

(ii) contain details of the place, date and time when such meeting is to be held.

(4) The public meeting must be held not less than seven days and not more than 30 days after the date of the notice.

(5) The public meeting must be held at such place, date and time as stated in the notice, provided that it must be held at a place which is within the boundaries of the proposed special rating area unless the CFO approves another venue in writing before the public meeting is held.

(6) The public meeting must be chaired by a suitable qualified and experienced person appointed by the CFO.

(7) Any interested person must, at the public meeting, be –

(a) Furnished with all relevant information relating to the proposed special rating area, including the information to be set out in the motivation report and implementation plan; and

(b) given an opportunity to ask questions, express their views and make representations.

6. MOTIVATION REPORT AND IMPLEMENTATION PLAN

(1) Any application for the establishment of a special rating area must include a motivation report and an implementation plan covering a period commencing on 1 July of a year and ending on 30 June of the fifth year or covering such lesser period as may be determined by the CFO.

(2) If the motivation report or the implementation plan are materially amended, as determined by the CFO, after the public meeting referred to in section 5 of this By-Law, the applicant must call a second public meeting for approval of the special rating area as amended.

(3) The provision of section 5 of this By-Law applies with the necessary changes to the second public meeting.

7. ADVERTISING OF APPLICATION AND OBJECTIONS

(1) The applicant must within 14 days after the application is lodged in accordance with section 4 of this By-Law, or within such further period which the CFO may approve –

(a) Cause a notice of the application to be published in a manner approved by the CFO; and

(b) Either before or up to seven days after the date of publication of the notice, give written notice of the application to all owners within the proposed special rating area, who will be liable for payment of the additional rate. Such notice must be served by pre-paid registered post, hand delivery or in any other manner approved of in writing by the CFO.

(2) Every notice contemplated in terms of subsection (1) above must state that written objections to the determination of a special rating area or the provisions of the motivation report and implementation plan may be lodged with the Stellenbosch Municipality by a date specified in the notice, which shall not be less than 30 days after the date of publication in terms of subsection (1)(a) above, and must state where the documentation specified in subsection (5) below will be available for inspection.

(3) Any owner of rateable property who will be liable for paying the additional rate may submit written objections to the determination of the special rating area, which objections must be

received by the Stellenbosch Municipality not later than the date stipulated in the notice referred to in subsection (1) above.

(4) Any objector to the application who owns property within the proposed special rating area may make oral representation to the CFO.

(5) The application, including the motivation report and the implementation plan, and all objections must be available for inspection at the office of Stellenbosch Municipality and at a venue determined by the CFO within the proposed special rating area, for the period referred to in subsection (2) above.

8. DECISION

(1) After the provision of sections 4 and 7 of this By-Law have been complied with, the Council must, at a meeting of the Council held within 90 days after the last date for the submission of objections in accordance with section 7(2) of this By-Law, consider the application and –

(a) determine a special rating area which must be implemented in accordance with the motivation report and implementation plan;
(b) determine a special rating area with such amendments or conditions as the Council considers to be in public interest;
(c) determine a special rating area in respect of a limited area in terms of section 9 of this By-Law;
(d) refuse the application, in which event the Council must, within 30 days, furnish the applicant with written reasons for not approving the determination of a special rating area; or
(e) refer the application back to the applicant for amendments in such manner as the Council may direct.

(2) If an application is refused by the Council in accordance with the provisions of subsection (1)(d) above or referred back to the applicant in accordance with the provisions of subsection (1)(e) above, the applicant may, within six months of the Council's decision, re-apply to the Council for the determination of the special rating area, provided that such re-application has been appropriately amended in the light of the reasons for refusal or referral, as the case may be.

(3) If the motivation report or implementation plan is amended in any material respect at any time before the determination, the Council may require that the amended application be re-advertised in accordance with the provision of section 7 of this By-law, with the necessary changes.

9. DETERMINATION OF A LIMITED SPECIAL RATING AREA

If an application in terms of section 4 of this By-Law is not accompanied by the majority of the members of the local community in the proposed special rating area required by section 4(3)(c) of this By-Law, but the applicant can demonstrate to the satisfaction of the Council, that –

(a) there are such confirmations from owners of rateable properties in a limited geographical area within the proposed special rating area that would meet the requirements of section 4(3)(c) of this By-Law if they were to be applied to that area; and
(b) the level of services to be provided will not be reduced and the budget will be reduced accordingly as a result of the provision of those services in the limited area alone, as compared to the provision of those services in the whole of the proposed special rating area,

then the Council may, subject to the other provisions of this By-Law, determine a limited special rating area.

CHAPTER 2

SPECIAL RATING AREAS – STRUCTURES AND FINANCES

10. COMMENCEMENT OF THE IMPLEMENTATION PLAN

Once the Council has approved the establishment of the special rating area, the implementation plan may only be implemented after the management body has been established in accordance with section 11 of this By-Law.

11. ESTABLISHMENT, COMPOSITION, POWERS AND DUTIES OF MANAGEMENT BODY

(1) The applicant must establish a management body for the purposes of implementing the provisions of the implementation plan.

(2) The management body must be a company incorporated in accordance with the provisions of a Non-Profit company (company not for gain) as per the Companies Act, Act 71 of 2008 (as amended or replaced).

(3) Stellenbosch Municipality shall monitor compliance by the management body with the applicable provisions of this By-Law, any guidelines or policies adopted by Stellenbosch Municipality and any agreements entered into with the management body and Stellenbosch Municipality.

(4) The Council must nominate the relevant ward councillor and one other person, as representatives to attend and participate, but not vote, at the meetings of the management body.

(5) Within two months after receipt of the first payment of the additional rate, the management body must begin carrying out the objectives of the implementation plan.

(6) Within two months of the end of each financial year, the management body must provide the CFO with –

(a) Its audited financial statements for the immediately preceding year; and

(b) an annual report on its progress in carrying out the objectives of the implementation plan in the preceding year to improve and upgrade the special rating area.

(7) Within two months after the Annual General Meeting, the management body must provide the Finance Portfolio Committee with –

(c) Its audited financial statements for the immediately preceding year; and

(d) An annual report on its progress in carrying out the objectives of the implementation plan in the preceding year to improve and upgrade the special rating area.

12. FINANCES

(1) The financial year of the management body must coincide with the financial year of the Stellenbosch Municipality.

(2) Where a special rating area has been determined, the Council must levy in accordance with the provisions of the Property Rates Act, a property rate in addition to the rates that it already charges on the owners of rateable property in the special rating area for the purposes of realizing the implementation plan. Provided that the Council may in terms of the Property Rates Act, Stellenbosch Rates Policy, Stellenbosch Credit Control and Debt Collection By-Law and the Stellenbosch Credit Control and Debt Collection Policy, exempt the indigent, senior citizens, disabled persons or any other category of owners from the additional rates.

(3) When determining the additional rate referred to in subsection (2) above, the Council may consider imposing differential additional rates on one or more of the categories set out in section 8 of the Property Rates Act or any category as set out in the Stellenbosch Rates Policy.

(4) The additional rate due in terms of this By-Law is a debt due to the Council and is payable and must be collected in the same manner as other property rates imposed by the Council.

(5) The Council may, for the purpose of carrying out the provisions of the implementation plan of special rating area and subject to section 67 of the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 200), make payment to the management body of a special rating area.

(6) The payment contemplated in subsection (5) above is conditional upon the conclusion of a finance agreement to be entered into between the Council and the relevant management body, and such agreement must regulate, among other things –

(a) the mechanisms and manner of payment; and

(b) terms on which payment to the relevant management body is to be made.

(7) Subject to the provisions of its memorandum and articles of association, the management body is entitled to raise its own funds through commercial activities, donations or any other lawful means.

(8) The Council, may determine and impose on the management body an administrative charge.

13. THE ROLE OF THE CFO

In addition to the other responsibilities and obligations of the CFO as set out elsewhere in this By-Law, the CFO must –

(a) Establish separate ring-fenced budget votes and other record-keeping systems regarding the revenue generated by the additional rate and the improvement and upgrading of the special rating area;

(b) Monitor compliance with the applicable legislation, including this By-Law and the Policy, by –

(i) receiving and considering the audited financial statements and reports regarding the carrying out of duties laid out in the implementation plan;

(ii) nominating, if he or she elects to do so, representatives to attend and participate but not vote at meetings of the management body.

CHAPTER 3

AMENDMENT AND EXTENSION OF IMPLEMENTATION PLANS

14. AMENDMENT TO IMPLEMENTATION PLANS

(1) An implementation plan, including the geographical boundaries of the special rating area, may be amended by the Council on written application by the management body at any time after the formation of the special rating area.

(2) The council may approve an application for an amendment referred to in subsection (1) above where the Council considers it not likely to materially affect the rights or interests of any owner, provided that the Council may require the management body to cause a notice of the application for such amendments to be published as approved by the CFO.

(3) The Council may only approve an amendment in terms of subsection (1) above, with the changes required by the context, in accordance with the provisions of Chapter 1 of this By-Law, which the Council considers is likely to –
   (a) materially affect the rights or interests of any person;
   (b) affect the approved budget for the special rating area; and
   (c) change the boundaries of the special rating area.

(4) The Council may, for good reason, on written application by the management body, exempt the management body from complying with the provisions, or condone any non-compliance with any provisions, of Chapter 1 of this By-Law.

15. EXTENSION OF IMPLEMENTATION PLANS

A management body must, if it elects to extend the term of the implementation plan for a further period, on or before January in the year in which the implementation plan is due to terminate, submit an application to Stellenbosch Municipality for approval of extension of the term of the implementation plan, provided that –

(a) the extension of the implementation plan may only be approved by the Council in accordance with the provisions of Chapter 1 of this By-Law, with the changes required by the context, and the Council may, for good reason, on written application by the management body, exempt the management body from complying, or condone any non-compliance, with any such provisions;

(b) the provisions of section 14 of this By-Law shall apply to any amendment of an implementation plan which has been extended in terms of this section.

CHAPTER 4

DISSOLUTION OF A SPECIAL RATING AREA

16. DISSOLUTION

(1) The Council may terminate the municipality's business relationship (connection and commitment) to a management body of a specific special rating area –

(a) Upon written application signed by owners of the majority of properties within the boundaries of the special rating area who are liable for paying the additional rate; or

(b) After prior consultation by the CFO with the management body or the community, whereupon for any good cause he or she may cause the necessary steps or processes to terminate the business relationship with the management body.

(c) Upon the decision by the CFO to terminate the business relationship to the specific special rating area, notices shall be forwarded to the management body and to all the property owners of the specific special rating area presenting the reasons for the proposed termination and any other pertinent details.

(2) Upon the approval by Council to terminate the business relationship with the management body the additional rates applicable to said special rating area will no longer be raised and the associated payments to the management body shall cease.

CHAPTER 5

MISCELLANEOUS PROVISIONS

17. REPEAL

The provisions of any By-laws relating to special rating areas by Stellenbosch Municipality are hereby repealed insofar as they relate to matters provided for in this By-law.

18. SHORT TITLE AND EFFECTIVE DATE

(1) This By-Law is called the Special Rating Area By-Law of Stellenbosch Municipality and shall take effect on 01 July 2021.

(2) No new special rating area determined in terms of this By-Law may implement its implementation plan prior to 01 July 2020.

APPENDIX 24

STELLENBOSCH MUNICIPALITY

PETTY CASH POLICY

2022/2023

STELLENBOSCH MUNICIPALITY

PETTY CASH POLICY

TABLE OF CONTENTS

PAGE

1. **INTRODUCTION** 1
2. **REGULATORY FRAMEWORK** 1
3. **OBJECTIVES** 1
4. **RESPONSIBILITY AND ACCOUNTABILITY** 1
5. **PETTY CASH FRAMEWORK** 2

1. INTRODUCTION

The accounting officer of a municipality is responsible for the management of the expenditure of the municipality in an effective and controlled manner. Therefore the Stellenbosch Municipality adopts the following petty cash policy.

2. REGULATORY FRAMEWORK

a) The Municipal Finance Management Act (56 of 2003);
b) Section 15 of the Municipal Supply Chain Regulations;
c) Treasury regulations in terms of Section 13(1) of the Act;
d) MFMA Circular 97 (Cost Containment Measures);
e) Cost Containment Policy;
f) Municipal Cost Containment Regulations, 2019; and
g) Any subsequent MFMA Circulars relevant to Petty Cash or Cost Containment in general that may be issued By National Treasury from time to time.

3. OBJECTIVES

Compliance with the regulatory framework in terms of the relevant legislation is required.

4. RESPONSIBILITY AND ACCOUNTABILITY

The key responsibilities in terms of the MFMA (Section 65) are:

Accounting Officer (Municipal Manager)-

(1) The accounting officer of a municipality is responsible for the management of the expenditure of the municipality.

(2) The accounting officer must for the purpose of subsection (1) take all reasonable steps to ensure—
   (a) That the municipality has and maintains an effective system of expenditure control, including procedures for the approval, authorisation, withdrawal and payment of funds;

   (b) That the municipality has and maintains a management, accounting and information system which—

(i) recognises expenditure when it is incurred;
(ii) accounts for creditors of the municipality; and
(iii) accounts for payments made by the municipality;

(c) that the municipality has and maintains a system of internal control in respect of creditors and payments;

(d) that payments by the municipality are made—
(i) directly to the person to whom it is due unless agreed otherwise for reasons as may be prescribed; and
(ii) either electronically or by way of non-transferable cheques, provided that cash payments and payments by way of cash cheques may be made for exceptional reasons only, and only up to a prescribed limit;

The Municipal Manager delegates authority to the Chief Financial Officer to ensure compliance and adherence to the principles established by this policy.

5. PETTY CASH FRAMEWORK

5.1 General Policy

a. The use of petty cash floats is strictly confined to individual cash purchases of:

i) up to a maximum of R500, where the petty cash floats in other departments are used to make purchases,
ii) up to a maximum of R2 000, when claimed from the Financial Services Petty Cash Float.

All Petty Cash expenditure must be in compliance with this Policy, the Municipal Cost Containment Regulations 2019, Cost Containment Policy and MFMA Circular 97 (Cost Containment Measures).

i) The municipality may not incur catering expenses for meetings that are only attended by persons in the employ of the municipality, unless prior written approval is obtained from the accounting officer.

ii) Catering expenses may be incurred by the accounting officer for the following, provided they exceed five (5) hours in duration:
- Hosting of meetings
- Conferences

- Workshops
- Courses
- Forums
- Recruitment interviews
- Council proceedings

iii) Expenses may not be incurred on alcoholic beverages.

iv) The accounting officer must ensure that expenses are not incurred on social events. This provision is not intended to impede the constitutional obligation of the municipality, therefor the following events are excluded:

- Economic development events
- Cultural festivals
- Local tourism festivals
- Youth, aged, disabled and other vulnerable persons development events
- Civic honours events
- Staff recognition or achievement awards and functions
- Town centennial or other significant municipal commemorating events
- Opening of facilities and buildings
- Strategic planning sessions
- Non-recreational team building events
- Non-recreational staff wellness functions.

v) Expenditure may not be incurred on corporate branded items like clotting or goods for personal use by officials, other than uniforms, office supplies and tools of trade, unless the costs thereto are recovered from the affected officials or is an integral part of the business model of a specific project or drive.

vi) The accounting officer must ensure that any sporting events, and expenditure directly related to sporting events such as travel and accommodation cost, sporting gear and sporting regalia are not financed from the budget of the municipality or by suppliers or sponsors. This provision does not apply to sporting events that are held in terms of the municipality's constitutional function.

The accounting officer may incur expenditure not exceeding the limits of this Policy for one transaction usage, to host farewell functions in recognition of officials who retire after serving the municipality for ten or more years or retire due to ill health.

Under no circumstances may Petty Cash be abused for purposes of avoiding Supply Chain Management procedures. It is not acceptable for one receipt or a number of receipts, in respect of the same event, which have been obtained by the same person, to be split over multiple cash purchase claims.

d. The Directorate making use of Petty Cash for smaller purchases is responsible for ensuring that sufficient budget is available on the relevant votes.

e. A petty cash float is not to be used for any of the following:

i) the cashing of cheques;
ii) loans to any person whatsoever;
iii) payment of personal remuneration to any employee whatsoever, whether for fees, salaries, wages, travel allowance as part of remuneration, honorarium or other reason; or
iv) Purchase of capital items.
v) Any item or service that does not fall within the ambit of the Cost Containment Policy and –Regulations.

f. Examples of permissible Petty Cash Expenditure may include, but is not limited to:

i) Toll Fees
ii) Parking Fees
iii) Postage
iv) PDP and Licence fees
v) Keys
vi) Car Wash
vii) Fire Arm Licencing

g. Should there be any uncertainty, the relevant Director may exercise discretion and approve a requisition for Petty Cash, or in the case of an own Petty Cash Float, approve such expenditure provided that all such approvals remain within the confines of the Cost Containment Policy and –Regulations..

Other cash floats may also be established for the purpose of providing change, for a cash register, or any other purpose approved by the Chief Financial Officer. Use of such floats is restricted to the purpose for which they were established.

i. The Chief Financial Officer may approve the use of petty cash for specific use, based on practical reasons or cost-benefit reasons. Such an authority will be done on a case by case basis for the purposes of considering merit.

j. The CFO may determine and approve the maximum amount to be held in any individual petty cash float.

5.2 Purchases through Petty Cash Float – Supply Chain Management Office

a. Purchases from SCM database suppliers shall be allowed in the following instance, provided that a monthly submission are made to the CFO of all purchases and the respective director confirming the enforcement of rotation of suppliers:

   i) When the amount of the individual purchase / event is less than R250.00, irrespective of it being an emergency or not.

b. Purchases from SCM database suppliers are NOT allowed for capital items or fuel.

c. Petty claims will be dealt with on a first come, first serve basis and it is subject to the monetary limit of the petty cash.

5.3 Establishing and Operating a Petty Cash Float

a. To establish a new petty cash float or increase an existing advance, a written application is to be made to the Chief Financial Officer by the relevant Department, motivating the need for such petty cash float.

b. The total value of the advance requested will be an amount which would normally necessitate reimbursement approximately once a fortnight. This level of advances keeps to a minimum the overall cash in the buildings on municipal property and ensures regular inclusion of information regarding expenditure in financial reports and for budget control purposes.

c. A request for the establishment of an advance will indicate the name and status of senior administrative or clerical staff to be held responsible for the operation of the petty cash float. The staff member's specimen signature must also be submitted by the Department to the Chief Financial Officer, together with the application documentation.

d. The application will indicate the security arrangement in place to ensure safe custody of funds in the office. The minimal security arrangement that will be acceptable is that the float will be kept in a locked box which will be kept in a locked filing cabinet or safe.
   If an advance is approved, the Assistant Accountant: Creditors will advise the Department accordingly and request that the responsible staff member collect the advance. This establishing advance will be charged to a "Petty Cash Advances - …Name/Dept…" in the General Ledger and not against any expenditure votes. A register of advances is thus maintained per Ledger Account for the purpose of accounting for all petty cash floats.

5.4 Security of Petty Cash Floats

a. The cash on hand and used petty cash vouchers are to be kept in a locked box for which there should be two keys. One key is to be retained by the officer (on their person) normally responsible for the petty cash and the other to be kept in a sealed envelope in the office safe or other secure place, to be used only in an emergency.

b. The locked petty cash box must be kept in a secure place when not in use and should be removed and returned by the responsible staff member only. At no stage should staff other than the responsible administrative/clerical staff member have access to the storage place of the petty cash box.

c. Under no circumstance are keys to be left in the lock to the petty cash box, cabinet or safe.

d. If the responsible officer is either going on leave or is leaving the Municipality's employment, the petty cash float is to be reconciled and signed by the departing- as well as replacement staff members, to indicate their agreement as to its balance. The replacement staff specimen signature must also be submitted to the Chief Financial Officer.

5.5 Completing a Cash Purchase Claim Form

a. Petty cash stationery is available from the Expenditure Section (Financial Services). The form consists of two parts:
   (i) Cash Purchase Claim page
   (ii) Cash Purchase Record page
   (iii) Receipt for cash advance (Only when appropriate, refer paragraph on Advances).

b. All details entered on the Cash Purchase Claim appear on the Cash Purchase record page.

c. The Cash Purchase Claim must be completed as follows:
   (i) description and cost of the goods/services purchased
   (ii) purchaser's signature
   (iii) vote number to be charged
   (iv) Signature of the Officer in Charge of Petty Cash.

d. Original receipts or other valid documentation as required must be attached as proof of payment, with the signature of an appropriate financial delegate on this documentation. A financial delegate cannot authorise a cash purchase claim where she or he is the purchaser.

5.6 Sub-Advances to staff members

a. If it is necessary to make an initial sub-advance to a staff member for various needs, a receipt for cash advance must be completed. The receipt for Cash Advance Form must be completed as follows:

(i) description and *estimated* cost of the goods/services purchased
(ii) purchaser's signature
(iii) vote number to be charged
(iv) Signature of the Officer in Charge of Petty Cash.

b. On completion of the purchase, the recording-, documentation- and authorization requirements will be as stated in the above paragraph: Completing a Cash Purchase Claim Form.

All such sub-advances will be accounted for within 24 hours, by submitting original receipts and other applicable documentation required, attached as proof of payment (with the approval signature on the documentation). Where this cannot be achieved, the buyer will be liable to pay back the advance without any delay or the money will be deducted on his/her next salary irrespective of consent being given or noted. Not more than one advance will be made to any one person at a time.

5.7 Out-of-Pocket Payments

a. Where a staff member has made purchases from their own funds and now seeks reimbursement from the petty cash, supporting documentation must be provided to substantiate the claim.

b. The supporting documentation is to be attached to the Claim.

c. The recording- , documentation- and authorization requirements will be as stated in the above paragraph (**Completing a Cash Purchase Claim Form**).

5.8 Reimbursement of Petty Cash Floats

a. A petty cash float is operated on the basis that expenditure from the float is periodically reimbursed. Such reimbursement-

(i) returns the cash level of the petty cash float to its original level and
(ii) Charges the expenditure which has been made, to the correct expenditure vote.

b. Accordingly, at any point of time, the sum of the cash on hand, i.e. remaining unspent, plus the cash advances for un-finalised purchases, plus the completed cash purchase claim forms, will equal the level of the petty cash advanced to the Department.

c. Completed Cash Purchase Claim forms, with attached cash register slips, etc., must be taken by the officer in charge of the Petty Cash in a Directorate/Department, to the Assistant Accountant: Accounts Payable for reimbursement, after the Summary Claim Cover Page and attached documentation have been authorised by a financial delegate at least once in 14 days. Reimbursement of claims where supporting documentation is missing will not be entertained.

d. The prescribed Summary Cash Purchase Claim form as well as other relevant forms attached to it must be completed in full.

e. The most recently completed Cash Purchase Claim form must record the reconciliation of the petty cash float. The Assistant Accountant: Accounts Payable will refuse reimbursement of claims where this is not supplied.

f. A petty cash float must never be reimbursed with funds derived from any other source whatsoever.

5.9 Shortages

a. Any shortages in respect of a petty cash float must be paid in immediately.

b. Where a petty cash float is stolen the incident must be reported promptly to the Chief Financial Officer in the required format, after which same needs to be reported to the South African Police Services and a case number provided to the Assistant Accountant: Accounts Payable.

5.10 Procedure applicable when a Petty Cash Float is repaid/cancelled

When an advance is no longer required, a statement in a form of a memorandum is to be completed and signed by the Head of the relevant Department and submitted to the Assistant Accountant: Accounts Payable, with the balance of cash on hand and completed and authorized Cash Purchase Claim forms. The most recently completed Cash Purchase Claim form will record the reconciliation of the petty cash float, where after a cheque will be issued to the relevant person to effect completion of the transaction..

The Cashier will issue a receipt to the affected department.

5.11 Financial year-end procedures

Reconciled petty cash registers (cash slips attached), accompanied with the cash balance must be returned to the Senior Accountant: Expenditure a week before the financial year end.

1. **DEFINITIONS**

"Act" means the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003);

"C*onsultant*" means a professional person, individual partnership, corporation, or a company appointed to provide technical and specialist advice or to assist with a design and implementation of projects or to assist the municipality to achieve its objectives of local government in terms of section 152 of the Constitution;

"C*ost containment*" means the measures implemented to curtail spending in terms of this policy;

"*Credit Card*" means a card issued by a financial services provider, which creates a revolving account and grants a line of credit to the cardholder;

"*Debit Card*" means a card issued by a financial services provider allowing the cardholder to transfer money electronically from any bank account held by the Municipality when making a purchase;

"*Municipality*" means Stellenbosch Local Municipality;

"Persons in the employ of the municipality" means any employee of the municipality whether employed on a permanent or temporary basis and any public office bearer serving on the Council;

"*Procurement Documentation"* means any documentation used for the procurement of consultants, whether it is documentation used for tenders or formal quotations;

2. PURPOSE

The purpose of the policy is to regulate spending and to implement cost containment measures at Stellenbosch Local Municipality.

3. OBJECTIVES OF THE POLICY

3.1 The objectives of this policy are to:

3.1.1 To ensure that the resources of the municipality are used effectively, efficiently and economically;

3.1.2 To implement cost containment measures.

4. SCOPE OF THE POLICY

4.1 This policy will apply to all:

4.1.1 Councillors'; and

4.1.2 Municipal employees.

4.2 In the event of any conflict between a provision of this policy and any other policy of council, the provision of this policy shall apply.

5. LEGISLATIVE FRAMEWORK

5.1 This policy must be read in conjunction with the -

5.1.1 The Municipal Finance Management Act,

5.1.2 MFMA Circular 97, published on 31 July 2019;

5.1.3 Municipal Cost Containment Regulations, 2019; and

5.1.4 Travelling and subsistence policy.

6. POLICY PRINCIPLES

6.1 This policy will apply to the procurement of the following goods and/or services:

6.1.1 Use of consultants
6.1.2 Vehicles used for political office–bearers
6.1.3 Travel and subsistence
6.1.4 Domestic accommodation
6.1.5 Credit cards
6.1.6 Sponsorships, events and catering
6.1.7 Communication
6.1.8 Conferences, meetings and study tours
6.1.9 Any other related expenditure items

7 USE OF CONSULTANTS

7.1 Consultants may only be appointed after an assessment of the needs and requirements has been conducted to support the requirement of the use of consultants.

7.2 The assessment referred to in 7.1 must confirm that the municipality does not have requisite skills or resources in its full time employ to perform the function that the consultant will carry out.

7.3 Procurement documentation for the appointment of consultants must include a clause that remuneration rates will be subject to negotiation and will not exceed the applicable rates stated below:

7.3.1 Rates determined in the “Guideline on fees for audits undertaken on behalf of the Auditor–General of South Africa” issued by the South African Institute of Chartered Accountants;
7.3.2 Rates set out in the “Guide on Hourly Fee Rates for Consultants” issued by the Department of Public Service and Administration;
7.3.3 Rates prescribed by the body regulating the profession of the consultant.

7.4 When negotiating cost effective rates for international consultants, the Accounting officer may take into account the relevant international and market determined rates.

7.5 When consultants are appointed the following should be included in the Service Level Agreements:

7.5.1 Consultants should be appointed on a time and cost basis that has specific start and end dates;

7.5.2 Consultants should be appointed on an output-specific basis, with specified deliverables and the associated remuneration;

7.5.3 Ensure that cost ceilings are included to specify the contract price as well travel and subsistence disbursements and whether the contract price is inclusive or exclusive of travel and subsistence;

7.5.4 A clause ensuring that skills transfer is done by the consultant to the relevant Municipal officials. This requirement must also be specified in Procurement Documentation.

7.5.5 All engagements with consultants should be undertaken in accordance with the municipality's supply chain management policy and Supply Chain Regulations.

7.6 The travel and subsistence costs of consultants must be in accordance with the national travel policy issued by the National Department of Transport as updated periodically.

7.7 Consultancy reduction plans should be developed to reduce the reliance on consultants.

7.8 All contracts with consultants must include a retention fee or a penalty clause for poor performance.

7.9 The specifications and performance of the service provider must be used as a monitoring tool for the work that is to be undertaken and performance must be appropriately recorded and monitored.

8. VEHICLES USED FOR POLITICAL OFFICE-BEARERS

8.1 Should the approved capital budget of the municipality include the purchase of vehicles for official use by political office bearers, the threshold limit for such vehicle purchases may not exceed seven hundred thousand rand (R700 000) or 70% (VAT inclusive) of the total annual remuneration package for the different grades, whichever is greater.

8.2 The procurement of vehicles must be undertaken using the national government transversal mechanism unless it can be procured at a lower cost through other procurement mechanisms.

8.3 Before deciding on the procurement of a vehicle as contemplated in 8.2, the chief financial officer must provide the council with information relating to the following criteria which must be considered:

8.3.1 Status of current vehicles;
8.3.2 Affordability, including options of purchasing vs. renting;
8.3.3 Extent of service delivery backlogs;
8.3.4 Terrain for effective usage of vehicle; and
8.3.5 Any other policy of council.

8.4 If the rental option is preferred, the Accounting officer must review the costs incurred on a quarterly basis to ensure that value for money is obtained.

8.5 Regardless of their usage, vehicles for official use by public office bearers may only be replaced after completion of 120 000 kilometres.

8.6 Notwithstanding 8.5, a municipality may replace vehicles for official use by public office bearers before the completion of 120 000 kilometres only in instances where the vehicle experiences serious mechanical problems and is in a poor condition, and subject to obtaining a detailed mechanical report by the vehicle manufacturer or approved dealer.

9 TRAVEL, SUBSISTENCE AND ACCOMMODATION

Air Travel

9.1 The Accounting officer in respect of all officials or political office bearers and the Executive mayor in respect of the Accounting officer may only approve the purchase of economy class tickets for air travel.

International Travel

9.2 International travel for any official or political office bearer can only be approved by the municipal council in a council meeting open to the public with a supporting vote of the majority of the members of the municipal council present.

9.3 The report to council for approval of international travel must include:

9.3.1 A motivation why the international travel is seen as critical and fully setting out the anticipated benefit that the municipality will derive from attending the event, meeting or function;

9.3.2 If international travel to the destination or event was previously undertaken, state what benefits if any derived from the previous attendance;

9.3.3 The full cost of the international travel including travel allowances to be paid; and

9.3.4 The proposed officials and political office bearers, not exceeding three, to travel and why they have been identified.

9.4 The following events will not be considered critical to justify international travel whether the full cost of the travel is paid by another institution or not:

9.4.1 Attendance of international sporting events;

9.4.2 Attendance of international social events;

9.4.3 Attendance of international party-political events;

9.4.4 The opening of another country’s parliament or any other country’s government’s celebration events.

9.5 The accounting officer or delegated official must ensure that requirements for international travel by officials or political office bearers are not inserted into bid documents, whether it is for inspection of products at source of construction/assembly or for any other reason.

Domestic Accommodation

9.6 Overnight accommodation may only be booked where the return trip exceeds 500 kilometres.

9.7 Notwithstanding the provision in paragraph 9.6 overnight accommodation, where the return trip is 500 kilometres or less, may be booked where in the view of the accounting officer or delegated official the limitation may be impractical and any of the following instances are present:

9.7.1 The road or any other conditions could jeopardise the safety, health and security of officials or political office bearers;

9.7.2 The trips are to be undertaken over a number of consecutive days provided that a return trip is in excess of 200 kilometres;

9.7.3 The starting time of the meeting or event would require the official or councillor to leave his/her place of residence before 05:00 in order to be punctual; and

9.7.4 Overnight accommodation is cheaper than the travelling expenses payable under council policy on travel and subsistence.

9.8 Any request for overnight accommodation in compliance with paragraph 9.6 or 9.7 must be motivated on a prescribed form and approved by the municipal manager or delegated official prior to the arrangement for overnight stay;

9.9 The written approval in terms of paragraph 9.8 must be filed with the relevant supply chain documents for the accommodation booking; and

9.10 A copy of such written approval in terms of paragraph 9.8 must also accompany the request for travel and subsistence.

10. CREDIT CARDS

10.1 The accounting officer must ensure that no credit card or debit card linked to a bank account of the municipality is issued to any official or public office-bearer.

10.2 Where officials or public office bearers must incur expenditure in relation to approved official municipal activities, such officials and public office bearers may use their personal bank cards or cash, and may request reimbursement from the municipality in accordance with approved policies and processes.

11 SPONSORSHIPS, EVENTS & CATERING

11.1 The municipality may not incur catering expenses for meetings that are only attended by persons in the employ of the municipality, unless prior written approval is obtained from the accounting officer.

11.2 Catering expenses may be incurred by the accounting officer for the following, if they exceed five (5) hours:

11.2.1 Hosting of meetings;
11.2.2 Conferences;
11.2.3 Workshops;
11.2.4 Courses;
11.2.5 Forums;
11.2.6 Recruitment interviews; and
11.2.7 Council proceedings

11.3 Entertainment allowances of officials may not exceed two thousand rand (R2 000.00) per person per financial year, unless otherwise approved by the accounting officer.

11.4 Expenses may not be incurred on alcoholic beverages.

11.5 The regulations require *inter alia* that the accounting officer must ensure that social events are not financed from the municipality's budget however, this provision is not intended to impede on the constitutional obligation of the municipality as particularly set out in section 152, 153, 195(1)(h) and Schedule 4 Part B of the Constitution to promote and cultivate social development, economic development, good human-resource management and local tourism.

11.6 Social events exclude the following events linked to the strategic objectives of the municipality:

11.6.1 Economic development events;
11.6.2 Cultural festivals;
11.6.3 Local tourism festivals;
11.6.4 Youth, aged, disable and other vulnerable persons developmental events;
11.6.5 Civic honours events;
11.6.6 Staff recognition or achievement awards and functions;
11.6.7 Town centennial or other significant municipal commemorating events;
11.6.8 Opening of facilities and buildings;
11.6.9 Strategic planning sessions;
11.6.10 Non-recreational team building events; and
11.6.11 Non-recreational staff wellness functions.

11.7 Expenditure may not be incurred on corporate branded items like clothing or goods for personal use of officials, other than uniforms, office supplies and tools of trade, unless the costs thereto are recovered from the affected officials or is an integral part of the business model of a specific project or drive.

11.8 The accounting officer must ensure that any sporting events, and expenditure directly or indirectly related to sporting events such as travel and accommodation cost, sporting gear and sporting regalia are not financed from the budget of the municipality or by any suppliers or sponsors. This provision does not prohibit the municipality to incur

expenditure on municipal sport facilities as per its constitutional function.

11.9 The accounting officer or delegated official may incur expenditure not exceeding the limits for petty cash as per the municipal Petty Cash Policy for one transaction usage, to host farewell functions in recognition of officials who retire after serving the municipality for ten or more years or retire on grounds of ill health.

12 COMMUNICATION

12.1 Stellenbosch Municipality may, if matters are not required to be notified through the media to the local community in terms of section 21 of the Municipal Systems Act or any other applicable legislation, advertise municipal related events on its website instead of advertising in magazines or newspapers.

12.2 The accounting officer must ensure that allowances to officials for private calls and data costs are limited to the amounts as determined in Council's Cellular Telephone Policy or any other applicable policy that regulates cellular calls and data cost.

12.3 Newspaper and other related publications for the use of officials and political office bearers must be discontinued on expiry of existing contracts; unless, authorised by the accounting officer for officials and by the executive mayor for political office bearers that it is required for professional purposes.

12.4 Stellenbosch Municipality may participate in the transversal term contract arranged by the National Treasury for the acquisition of mobile communication services provided that the municipality cannot procure it at cheaper rates.

13 CONFERENCES, MEETINGS & STUDY TOURS

13.1 Cost containment measures with regards to conferences, meetings and study tours are dealt with in the approved Travel and Subsistence Policy.

14 OTHER RELATED EXPENDITURE ITEMS

14.1 All commodities, services and products covered by a transversal contract by the National Treasury must be procured through that transversal contract before approaching the market, in order to benefit from savings and lower prices or rates that have already been negotiated.

14.2 Municipal resources may not be used to fund elections, campaign activities, including the provision of food, clothing and other inducements as part of, or during the election periods.

14.3 Procurement of elaborate and expensive office furniture must be avoided.

14.4 If considered a requirement, only the services of the South African Police Service may be used to conduct security threat assessments of political office bearers and key officials. A report must be submitted to the Office of the Speaker.

15 ENFORCEMENT PROCEDURES

15.1 Failure to implement or comply with this policy may result in any official of the municipality or political office bearer that has authorized or incurred any expenditure contrary to those stipulated herein being held liable for financial misconduct or a financial offence in the case of political office bearers as defined in Chapter 15 of the Act read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings, 2014.

16 DISCLOSURES OF COST CONTAINMENT MEASURES

16.1 Cost containment measures applied by the municipality must be included in the municipal in-year budget report and annual cost savings must be disclosed in the annual report.

16.2 The measures implemented and aggregate amounts saved per quarter, together with the regular reports on reprioritization of cost savings, on the implementation of the cost containment measures must be submitted to the municipal council for review and resolution. The municipal council can refer such reports to an appropriate council committee for further recommendations and actions.

16.3 Such reports must be copied to the National Treasury and relevant provincial treasuries within seven calendar days after the report is submitted to municipal council.

17 REVIEW PROCESS

17.1 This policy is a budget related policy and will be reviewed at least annually or when required by way of a council resolution, or when an update is issued by National Treasury.

18 SHORT TITLE AND IMPLEMENTATION

19.1 This policy is called the Cost Containment Policy and takes effect on 1 October 2019.

APPENDIX 26

STELLENBOSCH MUNICIPALITY

VIREMENT POLICY

2022/2023

STELLENBOSCH MUNICIPALITY

VIREMENT POLICY

1. Preamble

Cognisance taken of the need that may arise to transfer within approved votes due to the change in circumstances and priorities.

2. Definitions

"Approved budget," means an annual budget-

a) approved by a municipal council, or
b) includes such an annual budget as revised by an adjustments budget in terms of section 28 of the MFMA;

"Budget transfer" means transfer of funding within a vote subject to limitations.

"Capital budget" means a financial plan catering for large and long-term sums for investment in property, plant and machinery, over a period greater than the period considered under an operating budget.

"Chief Financial Officer" means a person designated in terms of section 80(2) (a) of the MFMA;

"Delegation", in relation to a duty, includes an instruction or request to perform or to assist in performing the duty;

"Financial year" means a twelve months period commencing on 1 July and ending on 30 June each year

"Municipal council" or "council" means the council of a municipality referred to in section 18 of the Municipal Structures Act;

"Municipality"-

a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or
b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998);

"Official", means-

a) an employee of a municipality or municipal entity;

b) a person seconded to a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity; or
c) a person contracted by a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity otherwise than as an employee;

"Operating budget" An operating budget is the annual budget of an activity stated in terms of Budget Classification Code, functional/sub-functional categories and cost accounts. It contains estimates of the total value of resources required for the performance of the operations in terms of revenue and expenditure including reimbursable work or services for others;

"Overspending"-

a) means causing the operational or capital expenditure incurred by the municipality during a financial year to exceed the total amount appropriated in that year's budget for its operational or capital expenditure, as the case may be;
b) in relation to a vote, means causing expenditure under the vote to exceed the amount appropriated for that vote; or
c) in relation to expenditure under section 26 of the MFMA, means causing expenditure under that section to exceed the limits allowed in subsection (5) of this section;

"Virement" refer to the definition of budget transfer

"Vote" means-

a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the
b) municipality; and
c) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.

3. Legislative Framework

Paragraph 4.6 of Circular 51 of the MFMA states that:

"The MFMA and the Municipal Budget and Reporting Regulations seek to move municipalities away from the traditional approach of appropriating/approving budgets by line item. The aim is to give the heads of municipal departments and programmes greater flexibility in managing their budgets. To further facilitate this, each municipality must put in place a council approved virements policy, which should provide clear guidance to managers of when they may shift funds between items, projects, programmes and votes."

4. Objective of Policy

This policy shall give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework in terms of the Approved budget.

The policy sets out the virement principles and processes which Stellenbosch Municipality will follow during a financial year.

These virements will represent a flexible mechanism to effect budgetary amendments within a municipal financial year.

The policy shall apply to all staff and councillors of the Stellenbosch Municipality that are involved in budget implementation.

5. Virement Clarification

Virement is the process of transferring budgeted funds from one line item number to another, with the recommendation of the relevant Director to the CFO or delegated finance official, to enable the Budget Office to effect the adjustments.

6. Virement Procedure

a) All virement proposals must be completed on the appropriate documentation and forwarded to the relevant Finance Officer for checking and implementation. (See annexure 1 and 2)

b) All virements must be signed and supported by the relevant Director of the directorate within which the vote is allocated. (Section 79 MFMA)

c) Projected cash flows in the SDBIP should be attached to all virement request and be adjusted in line with the virement.

d) Relevant corroborating documentation must be attached on the virement form to support the transfer.

e) All documentation must be in order and approved before any expenditure can be committed and incurred.

f) All virementations must be motivated and need to be approved by the CFO or a delegated official after the Director of the department has recommended said transfer. The latter requires that such application reaches the office of the CFO prior to incurring expenditure.

g) The turnaround time for processing of virementations are 72 hours, only if the virement request meets all the necessary requirements.

h) No virementations will be considered if it equates to facilitating fiscal dumping

i) No virements after the closing of orders as stipulated in the financial protocol and/or formally communicated in line with the financial year-end preparation will be considered unless in an absolute emergency that could reasonably not have been foreseen.

7. Virement Restrictions

a) Virements are not permitted in relation to the revenue side of the budget.

b) No virements of funds across votes (directorates) will be accommodated during the year; unless within the adjustments budget.

c) Virements from the capital budget to the operating budget are not permitted.

d) Virements will not result in adding ‘new’ projects to the Capital Budget.

e) Virements of conditional grant funds to purposes outside of that specified in the relevant conditional grant framework will not be permitted.

f) The budget savings from the following line items (necessary adjustments) may only be considered and transferred by the CFO:

(i) Employee Related Cost
(ii) Remuneration of councillors
(iii) Depreciation and asset impairment
(iv) Finance Charges (Interest on Loan)
(v) Municipal Services Consumption (Water, Electricity, Refuse and Sewerage)
(vi) Bulk Purchases (Water and Electricity)
(vii) Transfers and subsidies paid

g) An approved virement does not give expenditure authority outside of what is allowed by Council's Supply Chain Management Policy.

8. General Principle

Virements will only be approved if they facilitate and promote sound risk and financial management.

9. Accountability

Accountability to ensure that the virementation application forms are completed in accordance with Council's virement policy and are not in conflict with the directorate's strategic objectives manifests with the head of the relevant directorate.

8. TRANSITIONAL ARRANGEMENT	11
9. POLICY MANAGEMENT	11

1. INTRODUCTION

The documented **Borrowing, Funds and Reserves Policy**, sets out the framework for the prudent use of Borrowing, Funds and Reserves available to the Municipality.

This Policy should be implemented in conjunction with the approved **Liquidity Policy**. The Liquidity Policy sets out the prudent level of cash to be maintained by the Municipality as one of several factors to ensure long term financial sustainability. It is however of equal importance to protect, maintain and extend the infrastructure of the Municipality to ensure the continued provision of services at an acceptable standard.

This policy is implemented to provide guidance on the appropriation of capital funding resources on a sustainable basis in the longer term.

2. BACKGROUND AND APPROACH

With reference to the applicable legislation as referred to in paragraph 3 below. Legislation exists and prescribes the framework of a Borrowing as well as Funds and Reserves Policy and these factors will all be addressed in this Policy.

Although legislation provides guidance as to the broader framework to ensure financial management of resources to ensure the Council meets all of its obligations timeously, it is not prescriptive with regards to quantifying not only the prudent level of Borrowing, Funds and Reserves but more so the optimal level hereof.

Therefore in this Policy cognisance has been taken of the legislative guidelines whilst more prescriptive guidelines are set for the optimal management and monitoring of resources to the Municipality's avail based on sound financial practices.

3. LEGISLATIVE REQUIREMENTS

The legislative framework governing borrowings, funds and reserves are:

1.1. Local Government Municipal Finance Management Act, Act 56 of 2003 (MFMA) must be complied with; and

1.1.1. MFMA Circular 71 stipulates the following guidelines regarding borrowing:

Capital Cost (Interest Paid and Redemption) as a % of Total Operating Expenditure

(Capital Cost (Interest Paid and Redemption) / Total Operating Expenditure) x100

Criteria: 6% - 8%

Debt (Total Borrowings) / Revenue

(Overdraft + Current Finance Lease Obligation + Non Finance Lease Obligation + Short Term Borrowings + Long Term Borrowings) / Total Operating Revenue

Criteria: Maximum 45%

1.2. Local Government Municipal Budget and Reporting Regulation, Regulation 393, published under Government Gazette 32141, 17 April 2009.

4. FUNDING POLICY

The Local Government Municipal Budget and Reporting Regulation, Regulation 393, published under Government Gazette 32141, 17 April 2009 stipulates:

8. (1) Each municipality must have a funding and reserves policy which must set out the assumptions and methodology for estimating –

(a) projected billings, collections and all direct revenues;
(b) the provision for revenue that will not be collected;
(c) the funds the municipality can expect to receive from investments;
(d) the dividends the municipality can expect to receive from municipal entities;
(e) the proceeds the municipality can expect to receive from transfer or disposal of assets;
(f) the municipality's borrowing requirements;
(g) the funds to be set aside in reserves.

In terms of Section 18 and 19 of the MFMA an **annual budget** may only be funded from:

Cash backed accumulated funds from previous years' surpluses not committed for other purposes:

Transfers from the accumulated surplus to fund operating expenditure will only be allowed for specific once-off projects with no recurring operating expenditure resulting thereof.

Borrowed funds, but only for capital projects:

Actual capital expenditure may only be incurred on a capital project if the funding for the project has been appropriated in the Capital Budget, but has also been secured from the financial source that is not committed for another purpose.

Realistically anticipated revenues to be collected:

Realistic anticipated revenue projections must take into account projected revenue for the current year based on actual collection levels in previous financial years.

4.1. OPERATING BUDGET

The Operating Budget should be cash funded. The Operating Budget is funded from the following main sources of revenue:

a) Property Rates;
b) Surplus generated from Service Charges;
c) Government Grants and Subsidies;
d) Other revenue, fines, interest received etc.;

The following guiding principles apply when compiling the Operating Budget:

a) Growth parameters must be realistic taking into account the current economic conditions;
b) Tariff adjustments must be in line with the following approved policies: ***Tariff Policy and Indigent Policy***;
c) Revenue from Government Grants and Subsidies must be in line with allocations gazette in the Division of Revenue Act and provincial gazettes. Transfers of a conditional nature must be appropriated only as prescribed and should not be used to fund the Operating Budget;
d) Revenue from public contributions, donations or any other grants may only be included in the Budget if there is acceptable documentation that guarantees the funds and if the transfers are unconditional of nature;

e) Provision for revenue that will not be collected is made against the expenditure item bad debt and based on actual collection levels for the previous financial year and the reasonably projected annual non-payment rate;
f) Interest received from actual Long-term and or Short-term Investments are based on the amount reasonably expected to be earned on cash amounts available during the year according to the expected interest rate trends. The actual amount allocated for interest on investments is contributed to the Capital Replacement Reserve;
g) A detailed salary budget is compiled on an annual basis. All funded positions are budgeted for in total as well as new and/or funded vacant positions. As a guiding principle the salary budget should not constitute more than 35% of annual Operating Expenditure;
h) Depreciation charges are fully budgeted for according to the Asset Register.
i) The annual cash flow requirement for the repayment of borrowings must fully be taken into consideration with the setting of tariffs;
j) Sufficient provision must be made for the maintenance of existing infrastructure based on affordable levels. The maintenance budgets are normally lower than the recommended levelsAs a guiding principle repair and maintenance should constitute between 5% and 8% of total operating expenditure and should annually be increased incrementally until the required targets are achieved;
k) Individual expenditure line items are to be revised each year when compiling the budget to ensure proper control over expenditure.

4.2. CAPITAL BUDGET

The capital budget provides funding for the municipality's capital programme based on the needs and objectives as identified by the community through the Integrated Development Plan and provides for the eradication of infrastructural backlogs, renewal and upgrading of existing infrastructure, new developments and enlargement of bulk infrastructure.

The capital budget is limited by the availability and access to the following main sources of funding:

a) Accumulated cash backed internal reserves such as the Capital Replacement Reserve;
b) External borrowings;
c) Government Grants and Subsidies;
d) Public Donations and Contributions.

The following guiding principles apply when considering sources of funding for the capital budget:

a) Government Grants and Subsidies:

a. Only Government Gazetted allocations or transfers as reflected in the Division of Revenue Act or allocations as per Provincial Gazettes may be used to fund projects;
b. The conditions of the specific grant must be taken into consideration when allocated to a specific project.

b) Public Donations and Contributions:

a. In the case of public contributions, donations and/or other grants, such capital projects may only be included in the annual budget if the funding has been received by the municipality already.

c) External Borrowing:

a. The borrowing requirements as contained in the **Borrowing Policy** in paragraph 6 are used as a basis to determine the affordability of external loans over the Medium Term Income and Expenditure Framework. The ratios to be considered to take up additional borrowings are as follows, unless in contravention with any loan covenants:
    i. Estimated long-term credit rating of BBB and higher;
    ii. Interest Paid to Total Expenditure not to exceed 5%;
    iii. Total Long-term Debt to Total Operating Revenue (excluding conditional grants and transfers) not to exceed 35%;
    iv. Operating Cash Surplus generated before loan repayments are made covers the Total Annual Repayment at least 1 time;
    v. Percentages of Total Annual Repayment (Capital and Interest) to Operating Expenditure to be less than 10%.

d) Cash backed Reserves

a. Allocations to capital projects from cash backed internal reserves will be based on the available funding for each ring-fenced reserve according to the conditions of each reserve. With reference to Paragraph 5, **Reserves Policy.**

All capital projects have an effect on future operating budget therefore the following additional cost factors should be considered before approval:

a) Personnel cost to staff new facilities once operational;
b) Contracted services, that is, security, cleaning etc.;
c) General expenditure such as services cost, stationery, telephones, material etc.;
d) Other capital requirements to the operate facility such as vehicles, plant and equipment, furniture and office equipment etc.;
e) Costs to maintain the assets;
f) Interest and redemption in the case of borrowings;
g) Depreciation charges;
h) Revenue generation as the additional expenses incurred may be offset by additional revenue generated to determine the real impact on tariffs.

5. RESERVES POLICY

All reserves are “ring fenced” as internal reserves within the accumulated surplus, except for provisions as allowed by the General Recognized Accounting Practices (GRAP):

a) Housing Development Fund;
b) Revaluation Reserve

The municipality endeavours to effectively utilise and maintain the **Capital Replacement Reserve** for the funding of capital replacement and renewal for future financial years. This reserve needs to be cash backed. This will provide the Municipality with a more balanced capital funding approach in the longer term thereby reducing the risk of reaching its maximum gearing ability or depleting its free cash.

This Reserve can be generated as follows from the Operating Budget; the following methodology needs to be read in conjunction with the **Liquidity Policy**:

a) Cash generated from Operating Activities:

a. The Municipality has maintained a strong ability to generate surplus operational cash flow which it has used to fund most of its capital spending in the past;
b. In the past depreciation charges could be considered sufficiently cash backed based on the cash surplus generated prior to capital spending. However going

forward should capital spending increase sharply it will result simultaneously with Depreciation charges increasing sharply which may therefore in future not be fully supported by cash;

c. Depreciation is a method to generate future cash. Therefore it is prudent to annually measure the cash coverage for depreciation charges until it is fully funded from cash through tariff setting;
d. As at year end it is to be determined whether the Municipality meets its **Minimum Liquidity Criteria** as stipulated in the **Liquidity Policy**, excess cash in addition to this prescribed level is to be calculated and appropriated to the Capital Replacement Reserve and no more than 80% of the balance of the Capital Replacement Reserve as at year end should be allocated to the following year's capital budget unless sufficient recommendations are made to Council to substantiate such a decision.

b) Interest received on the investment made for the Capital Replacement Reserve

6. BORROWING POLICY

It is required that the Municipality comply with the guidelines of Chapter 6 of the MFMA with regards to Debt Disclosure as detailed in Sections 46, 47, 48 and 49. This section should be read in conjunction with point c) under paragraph 4.2. on page 6. External borrowings may only be incurred for approved capital programmes and may under no circumstances be allocated to fund the Operating Budget.

Municipal infrastructure has a long-term economic life and it is appropriate to fund assets of this nature with long term external borrowing. The economic life of assets should be equal to or longer than the tenure of the external borrowing.
The following needs to be taken into consideration when accessing external borrowing:

a) Types of loan financing

a. Annuity Loans enable the Municipality to provide for the redemption of loans on an amortising basis which is generally the most cost effective method of financing often referred to as vanilla funding;
b. Bullet Redemption Loans are attractive as interest on the loan is serviced with the capital redemption only taking place at the end of the tenure of the loan. However, this method is more costly as interest is paid on the full debt

throughout the term as the Capital does not reduce. This type of loan also requires an annual contribution to a sinking fund, which in essence then mimics the traits of an annuity loan although at a higher cost. The use of such structure warrants a detailed motivation based on the benefits to the implementation of the capital project;

c. Sculpted Repayment Loans offer a combination of the above two types, as loans are sculpted according to the potential cash flows to be generated from the capital project in future. For example the following can be included in a sculpted loan:
    i. A capital grace period in the first years of the development of the capital project;
    ii. An incremental annual increase in the repayment in relation to the projected growth in revenue from the project.

b) Interest Rate Risk Management

a. The impact of interest and capital redemption payments on both the current and forecasted property rates and service charges through tariffs taking into consideration the current and future capacity of the consumer to pay therefore;
b. Likely movement in interest rates for variable rate borrowings. There are benefits to be yielded from borrowing on a variable rate if rates are projected to decrease in future, however it is prudent for the Municipality to enter into fixed interest rate loans to accurately budget for expenses incurred.

c) Tenure of Borrowing

a. The tenure of external borrowings should where possible match the economic useful life of the asset.

d) Security

a. Unless sufficient motivation is provided and other than for the provision of a sinking fund for the redemption of a bullet loan, the provision of any security against external borrowings, should be specifically motivated by the CFO for approval.

e) Loan Covenants

a. The Municipality is to maintain a Loan Covenants Register detailing the covenants entered into with each active loan agreement until date of maturity thereof;
b. Compliance with all loan covenants are to be monitored and reported on semi-annually to ensure that the Municipality does not breach any covenants;
c. Should a default be triggered based on non-compliance with loan covenants, the Municipality is to alert Council and send the related Financial Institutions a written commitment to address the matter within a reasonable timeframe.

f) Level of gearing

a. As stipulated in point c) under paragraph 4.2. on page 6, gearing is not only limited by the level of debt against the Total Operating Income (excluding conditional grants) but also limited by other operational factors including compliance with the stipulations of the approved **Liquidity Policy**.

7. CORPORATE GOVERNANCE (OVERSIGHT)

Compliance with the various stipulations as documented in this Borrowing, Funds and Reserves Policy need to be monitored by the Chief Financial Officer and reported on to the Municipal Manager on a monthly basis and to the Finance/Audit Committee on a quarterly basis.

Where compliance has been breached the Chief Financial Officer must present an action plan to correct the non-compliance. The Finance Committee must monitor the successful implementation of the corrective action plans and report progress to Council.

8. TRANSITIONAL ARRANGEMENT

Upon adoption of this policy by the Council, the Municipal Manager in conjunction with the Chief Financial Officer must determine the current performance levels of the Municipality against this Policy and present a plan of action towards achieving and maintaining the stipulation as set out in this policy thereby utilising a more blended funding mix for capital infrastructure investment.

The Council must approve an appropriate timeframe within which the Municipality must achieve the approved stipulations as set out in this Policy. The period between the date of the policy adoption by Council and the target date for compliance shall be known as the Transitional Period.

The Finance Committee must report progress during the approved Transitional Period to the Council.

9. POLICY MANAGEMENT

The Borrowing, Funds and Reserves Policy forms part of the Municipality's overall financial objectives and therefore forms part of approved Budget Policies. The policy must be reviewed at least annually during the budget revision and presented to Council for approval.

The Policy is effective from the date it is approved by Council.

1. DEFINITIONS

1.1 In this policy unless the context indicates otherwise:

1.1.1 "**Accounting Officer**" means the Municipal Manager as referred to in section 60 of the Local Government: Municipal Finance Management Act, 56 of 2003 ("MFMA");

1.1.2 **"Approved Budget"** means the Municipality's annual budget approved by the Council in terms of section 24 of the MFMA and include an adjustment budget in terms of Section 28 of the MFMA;

1.1.3 **"Community"** means the residents within the Stellenbosch WCO24 area;

1.1.4 **"Constitution"** means the Constitution of the Republic of South Africa, 1996;

1.1.5 **"Director"** means a person appointed in terms of section 56 of the Systems Act who is directly accountable to the Municipal Manager;

1.1.6 **"Executive Mayor"** means the councillor elected as the Executive Mayor in terms of section 55 of the Local Government: Municipal Structures Act, 32 of 2000 ("the Structures Act");

1.1.7 **"Chief Financial Officer"** or "CFO" means an official as envisaged in section 80(2)(a) of the Local Government: Municipal Finance Management Act, 56 of 2003 ("MFMA");

1.1.8 **"Grant"** means a grant or allocation, as referred to in section 17(3)(j(ii) and 17(3)(j(iv) of the MFMA, made by the Municipality to any organisation or body referred to in section 67(1) and to be utilised to assist the Municipality in fulfilling its constitutional mandates including local tourism, municipal health services and such other municipal functions contemplated in Part B of Schedules 4 and 5 of the Constitution;

1.1.9 **"Grant Committee"** means the Committee established in terms of clause 7 of this policy;

1.1.10 **"official"** means an employee in the service of the Municipality;

1.1.11 **"organisation or body"** means those organisations or bodies outside any sphere of government making application for Grants in terms of this Policy, Which include associations, non-profit organisations or companies or trusts;

1.1.12 **"the Systems Act"** means the Local Government: Municipal Systems Act, 32 of 2000;

1.1.13 **"the Structures Act"** means the Local Government: Municipal Structures Act, 117 of 1998;

1.1.14 **"the MFMA"** means the Local Government: Municipal Finance Management Act, 56 of 2003;

1.1.15 **"the Municipality"** means the Stellenbosch Municipality and reference to Council has a similar meaning;

1.1.16 **"the Policy"** means the Financing of External Organisation/Bodies Performing Municipal Function Policy as

set out in this document.

1.1.17 **"service delivery agreement"** or "MOA" means the agreement entered into between the Municipality and any organisation or body which received a Grant in terms of this Policy.

1. PURPOSE, AIMS AND OBJECTIVES

1.1 The purpose of this Policy is to provide a framework for financial assistance by Stellenbosch Municipality (“the Municipality”) to external organisations / bodies performing local government functions to the extent as set out in section 155(6)(a) and (7) of the Constitution as listed in Part B of Schedule 4 and 5.

1.2 The purpose of this Policy is to ensure the efficient performance of the municipal function entrusted to that external organisation/body in a manner which gives effect to the goals and objectives of the Municipality’s Integrated Development Plan ("IDP") by establishing partnerships between the municipality and the organisatons and bodies performing the functions on behalf of the Municipality.

1.3 The Municipality will favour grants for achievement of outcomes aligned to the IDP. The objective of the funding of external bodied performing municipal functions is primarily to ensure the achievement of agreed outcomes to improve the health and well-being of the citizens and not to cover administrative costs and salaries.

2. LEGAL FRAMEWORK

2.1 In terms of section 156 of the Constitution, the Municipality has executive authority in respect of and the right to administer –

2.1.1 the local government matters listed in Part B of Schedule 4 and 5; and

2.1.2 any other matters assigned to it by national and provincial legislation.

2.2 Section 16(2) of the MFMA provides that the Mayor of the Municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year. Section 17(3)(j)(ii) and 17(3)(j)(iv) provides that when an annual budget is tabled in terms of section 16(2) it must include particulars of any proposed allocation or grants by the municipality to any municipal entities and other external mechanism assisting the municipality in the exercise of its functions or power and any organisation or bodies referred to in section 67(1).

2.3 Immediately after the tabling of the annual budget the accounting officer must make public the annual budget and invite the local community to submit representations in connection with the budget before the budget is approved by Council in terms of section 24 of the MFMA.

2.4 Section 67 of the MFMA provides that the Municipality implement and sustain proper and effective controls and procedures when transferring funds of the Municipality to an organisation or body outside any sphere of government.

2.5 Section 67(1) provides that the accounting officer must be satisfied that the organisation or body has the capacity and agreed to comply with any agreement with the Municipality including all reporting, financial management and auditing requirements as may be stipulated in the agreement, to report at least monthly to the accounting officer on actual expenditure against such

transfer and to submit audited financial statements for its financial year to the accounting officer promptly. The organization must implement effective, efficient and transparent financial management and internal control systems to guard against fraud, theft and financial mismanagement and has the obligation to prove in terms of previous similar transfers that it has complied with all the requirements. The accounting officer must through contractual and other appropriate mechanism enforce compliance with this policy.

2.6 All transfer of funds in terms of this Policy shall comply with the Constitution, the Systems Act, the Structures Act, the MFMA and any other applicable legislation, regulations and policies that may govern the transfer of municipal funds and that are not in contradiction to the aforementioned legislation.

3. PUBLIC ADVERTISEMENT AND APPLICATION PROCEDURE

3.1 Applications for funding of external bodies performing municipal functions shall be considered where organisations or bodies have responded to advertisements published in the local newspapers distributed in the Stellenbosch Municipal Area calling upon organisations or bodies to submit proposals in the prescribed form, as set out 4.3 below, to perform a specific municipal function for a period up to 3 years. Such advertisements may be published quarterly by the accounting officer.

3.2 Advertisements should clearly specify the categories for which requests are called, the closing date for applications, who they should be addressed to, and where and how to obtain the relevant documentation pertaining to such applications, including the prescribed forms. Only applications made on the prescribed form (see Annexure A) may be considered.

3.3 The organisation/body must submit a detailed business plan with its application, confirming the envisaged outcomes their past achievements in the field and their commitment to performing that particular municipal function effectively and in line with Council's goals as set out in the IDP. Applications must be accompanied by a covering letter on the organisation/body letterhead, signed by the head of the organisation/body and must include the following information:

- 3.3.1 the organisation/body's legal name and a brief description of the organisation/body's business;
- 3.3.2 the organisation/body's registration number, if any;
- 3.3.3 the date of establishment, details of the organisation/body's members, founding documents, including constitution and certificates of incorporation;
- 3.3.4 the contact name of the person signing the application, full street address, telephone number and email address of the organisation;
- 3.3.5 if funding is required for a specific project, a brief description of the project and what it aims to achieve, as well as the detailed budget for and the duration of the project together with a written confirmation by the relevant municipal Director that the project is part of the IDP projects or programs;
- 3.3.6 references, independent of the organisation/body and the head of the organisation/body;
- 3.3.7 most recent audited financial statements not older than24 months;

3.3.8 a summary of its past achievements; and

3.3.9 a declaration by the head of the organisation/body to the satisfaction of the Municipal Manager that the organisation/body implements effective, efficient and transparent financial management and internal control mechanism to guard against fraud, theft and financial mismanagement and has in the past complied with requirements for similar transfers of funds.

3.4 Individuals will not be considered or appointed as an organisation/body to provide a municipal function as contemplated in this Policy.

3.5 Organisations or bodies whose directors, managers, major shareholders or trustees are in service of the state will not be considered or appointed as an organisation/body to provide a municipal function as contemplated in this Policy.

3.6 The appointment of a particular organisation/body to perform a municipal function for a period of three (3) years does not guarantee financial support by the Municipality, which will be determined annually when the municipal budget is approved by the Municipal Council.

3.7 No late applications received, in response to an advertisement as contemplated in clause 3.1 and 3.2 above will be considered and processed by the Grant Committee.

4. OBLIGATIONS OF THE ORGANISATION/BODY

4.1 The head of the organisation/body must acknowledge in writing to the Municipal Manager that the money allocated was received in its bank account and that the money will be utilised in accordance with the completed and signed MOA, the submitted application and this Policy within 30 days of transfer of funds / payment, failing which no future grants may be considered.

4.2 The organisation / body shall submit monthly reports on actual expenditure against such transfer, the ward within which activities are conducted as well as the number of people benefiting from the activity to the Municipal Manager.

4.3 The relevant municipal Director must co-sign each monthly report to confirm monthly management and oversight of the activities.

5. RIGHTS OF THE MUNICIPALITY, CONTROL AND MONITORING

5.1 The relevant municipal Director shall be entitled, at any reasonable time from time to time, to verify and inspect the existence and activities of the organisation/body. The relevant municipal Director or his delegate has the right to physically visit the premises where the organisation/body or funded project is based, to peruse the budgets and any progress report related to the project.

5.2 The relevant municipal Director shall manage the service delivery agreement entered into between the Municipality and the organisation / body by inter alia receiving and considering monthly reports, inspecting financial records including audited financial statement.

5.3 If the organisation / body fails to comply with the terms and conditions of its service delivery agreement with the Municipality, the accounting officer may in consultation with the relevant municipal Director terminate the agreement with

reasonable notice or grant the organization / body an opportunity to rectify the breach within an agreed period of not more than 90 days, failing which the accounting officer may terminate the agreement with reasonable notice.

5.4 The Municipality has the right not to give a Grant to any or all organisations/bodies applying for such Grants or to give proportional or partial grants to give. Having been awarded a Grant previously does not give an organisation/body the right to receive a Grant again.

5.5 The relevant municipal Director shall ensure that those organisations or bodies, who have received Grants in terms of this Policy:-

5.5.1 comply with all the provisions of the completed and signed MOA;

5.5.2 comply with all reporting, financial management and auditing requirements as stipulated in the MOA;

5.5.3 report at least monthly to the Municipality on actual expenditure against such transfer;

5.5.4 promptly, or no longer than 4 months after the end of their financial year, submit their audited financial statements; and

5.5.5 utilise the grant funding strictly in accordance with the approved business plan and approved budget.

5.6 The requirements in paragraphs 5.5.1 to 5.5.4 above shall not apply to organisations where the transfer does not exceed R200 000,00 (two hundred thousand rand), provided the Accounting Officer takes all reasonable steps to ensure that the targeted beneficiaries, as identified by the organisation or body in its application, receive the benefit of such grants and it certifies that compliance by that organisation or body with 5.5.1 to 5.5.4 above is uneconomical or unreasonable.

6. GRANT COMMITTEE

6.1 A Grant Committee consisting of at least the Municipal Manager, the Chief Financial Officer and one director of the Municipality, as well as any other official whom the Municipal Manager may include, shall evaluate all applications received in response to the local advertisement.

6.2 The Grant Committee will have the power to make recommendations to Council for final appointments and financial allocations.

6.3 The Grant Committee must submit a report on its decisions to the Council for final approval.

6.4 The Grant Committee shall, in terms of the Systems Act, establish a programme for community consultation and information dissemination regarding the appointment of any organisation/body and the availability of the service delivery agreement for perusal will be communicated to the local community through the media prior to any service delivery agreement being entered into between the Municipality and the organisation or body.

6.5 No payments in terms of the allocation will be made to any organisation / body until a service delivery agreement in the form approved by the accounting officer has been signed by the respective parties.

6.6 No payment can be made to an organisation/body until it has submitted its audited financial statements as contemplated in this Policy and a statement certified by its auditor that it has fully complied with its agreement with the Municipality.

6.7 Payments may be allocated as a once off amount or in tranches as determined by the CFO in consultation with the relevant municipal Director.

7. Funding acknowledgement of the Municipality

Successful applicants will be required to acknowledge the Municipality as the provider of Grant funding in their funding record as well as any public record in respect of Grants received in order to confirm that these transfers of funds are also part of the Municipality's endeavours to meet its strategic objectives and to assist it in carrying out its constitutional powers and functions.

8. COMMENCEMENT

This Policy called the **FINANCING OF EXTERNAL BODIES PERFORMING MUNICIPAL FUNCTIONS POLICY** takes effect on the date on which it is adopted by the Council.

E	**Category:** Please categorise your application (mark with x): Tourism Destination Marketing & Visitors Information Tourism Development Animal Welfare Note: For more detail, see attached Funding of External Bodies Performing a Municipal Function Policy.(general guidelines and categories) Please indicate the specific type of project/programme, as per the Funding of External Bodies Performing a Municipal Function Policy …… …… …… …… …… …… ……
F	**The following <u>MUST</u> accompany this application:** 1. A copy of the latest, audited financial statements. 2. A copy of the Organisation's Constitution or Memorandum of Incorporation as well as the resolutions/minutes adopting the Constitution or Memorandum of Incorporation. 3. A copy of a project/programme description and/or a business plan for the ensuing financial year. Including the following: • Full details of the proposal or project including its objectives, the number of people who will benefit and how the project will contribute or enhance the strategic objectives of Stellenbosch Municipality. • Commencement and completion dates of the project. • Information on the total cost of the project budget, including a breakdown of costs and an outline of any contribution by fundraising and/or own contribution. • A list of all other sources of funding together with the assessments. • A summary of past achievements. • References independent of the applicant and its executive. 4. An original copy of a correctly completed creditors control form of Stellenbosch Municipality. 5. If the Organisation received funding from Stellenbosch Municipality in the preceding financial year, you need to account for the expenditure of the funding received with your new application. 6. If the Organisation received funding from other bodies, please identify and list the amounts received;

	7. If the Organisation is a non-profit company as defined in the section 1 of the Companies Act, 2008, a certificate/letter issued by the Companies and Intellectual Property Commission (CIPC) confirming registration must be attached; 8. If the Organisation has been registered as a "non-profit" organisation in terms of the Non-Profit Organisation Act, 1997, a certificate/letter issued by the Department of Social Development confirming registration as a non-profit organisation must be attached; 9. If the Organisation has been registered as a "Public Benefit Organisation" in terms of the Income Tax Act, 1962, a certificate/letter issued by SARS confirming the Organisation's tax exemption status must be attached; and 10. Valid Tax Clearance Certificate issued by SARS.
G	**The following shall apply:** 1. The allocation of funds will only be considered if the application document has been fully completed and signed and is accompanied by the required and supporting documentation referred to therein. Applicants must in their submission clearly indicate / specify and motivate what the funding will be utilised for. 2. The funding must be exclusively utilised for the purpose defined and the successful applicant must submit the necessary undertaking to this effect. 3. Applicants must in their submission satisfy the Council of their ability to execute the project successfully. 4. Organisations who have already received financial or other assistance from the Council during the previous financial year must specify same in their application. 5. No funding will be considered for political groupings, church/sectarian bodies or ratepayers organisations. 6. No funding will be considered where only an individual will benefit or where a member of Council or an official of Stellenbosch Municipality will receive any financial or other gain. 7. Projects outside the boundaries of the Council will not be considered. 8. Subsequent requests from applicants to cover overspending on projects will not be considered. 9. Council will not pay any funds to anyone who has already procured against the perception that they will receive any municipal funds. 10. Successful applicants must at all times comply with the provisions of Section 67(1) of the Municipal Finance Management Act No. 56 of 2003 which *inter alia* stipulates that the organisation or body has to:- • Enter into and comply with a Memorandum of Agreement with the Municipality as well as with all reporting, financial management and auditing requirements as may be contained in such agreement. This memorandum of agreement will bind the successful applicant to deliver on what the application speaks to, but also to commit to become involved with municipal programmes of the community where it functions. The Memorandum of Agreement will be made available to successful applicants for completion. • Report monthly on the actual expenditure of the amount allocated.

	11. The Council reserves the right not to give funding to any or all organisations applying. 12. Having been awarded funding previously does not give an applicant the right to receive a grant/funding again. 13. Funding will not be considered where a project or organisation is already receiving funds from Council in terms of Council's functions. Applicants are required to disclose other sources of funding, failing which such applicant will be disqualified. 14. Funding will not be considered where in Council's opinion, an organisation received sufficient funds from other sources to sustain its activities or the project applied for. For this purpose, organisations must submit financial statements and budget for the ensuing financial year. 15. Organisations having received funding from Stellenbosch Municipality during the previous financial year, are required to attached to any new application, a copy of the financial statements relating to the year in which the funding was received from Council, as required in terms of section 67(1) of the Municipal Finance Management Act, 2003 (MFMA). (The Funding of External Bodies Performing a Municipal Function Policy must be consulted for the sake of completeness)
H	**Undertaking:** I/We hereby verify that the information provided in this application is true and correct and that the conditions applicable to the allocation of funds as set out above have been read, understood and will be complied with. I/We also declare that the organisation implements effective, efficient and transparent financial management and internal control mechanisms to guard against fraud, theft and financial mismanagement and has in the past complied with requirements for similar transfer(s) of funds. ANNEXURE 1		8

1. INTRODUCTION

The documented Liquidity Policy sets out the minimum risk management measures that Stellenbosch Municipality has to implement and adhere to in order to ensure that its current and future liquidity position is managed in a prudent manner.

Liquidity is the amount of cash and / or "near cash" (which refers to assets or security that can easily and quickly be converted to cash), available to be utilized to meet obligations and / or pay commitments. The marketability or ability to buy or sell an asset without incurring unacceptable large losses thus determines the liquidity of an asset or defines it as near cash.

This Policy is implemented to provide guidance on the minimum liquidity level that Stellenbosch Municipality has to maintain in order to comply with required legislative and / or National Treasury directives and within the overall financial management objectives as approved/reviewed by the Council from time to time.

2. BACKGROUND AND APPROACH

Various policies and procedures exist that direct the way in which the business of Stellenbosch Municipality is or should be conducted in a prudent manner. Generally these policies and procedures flow from the prescription made in Legislation i.e. the Municipal Finance Management Act ("MFMA") and/or directives issued by a national department such as National Treasury.

Guidelines provided by National Treasury indicate that an acceptable level of cash resources needs to be available for working capital requirements (see below).

It is for this reason that the need to have an official Liquidity Policy was identified.

3. LEGISLATIVE REQUIREMENTS

3.1. The MFMA circular 71 stipulates the following two prescribed ratios to manage liquidity:

Cash/Cost Coverage Ratio (Excluding Unspent Conditional Grants) is calculated as:

((Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, Provision for Bad Debts, Impairment and Loss on Disposal of Assets)

Criteria: 1 – 3 times

Current Ratio Current Assets / Current Liabilities

Criteria: 1.5 - 2:1

The above guidelines are noted but the proposed policy is more conservative to ensure that the municipality secures its strong financial position thereby providing comfort to investors.

4. LIQUIDITY POLICY

This policy provides guidance on the determination of the minimum liquidity requirement and the calculation of the liquidity available of Stellenbosch Municipality from time to time (see **Annexure 1**).

Notwithstanding the requirements as reflected in this policy, Stellenbosch Municipality should ensure that its Current Assets (excluding debtors older than 90 days) cover all of its Current Liabilities at least two times.

The policy encapsulates certain key aspects and considerations which have been outlined below:

4.1. KEY COMPONENTS OF MINIMUM LIQUIDITY REQUIRED:

The following constitutes the key elements to take into consideration when determining the liquidity requirement of Stellenbosch Municipality:

4.1.1. To comply with statutory requirements it is proposed that the following funds, reserves and provisions be fully covered by unencumbered cash and investments:

4.1.1.1. All earmarked or conditional grant transfers from spheres of Government or from Public Contributions made to Stellenbosch Municipality that have not yet been utilized;

4.1.1.2. All commitments resulting from the legally entrenched rights and benefits employees have, with specific reference to the Council's short term commitment to staff retirement benefits and medical fund claims payable;

4.1.1.3. All funds not yet been utilized in relation to agency services provided on behalf of Provincial or National Government should also be treated as earmarked funds;

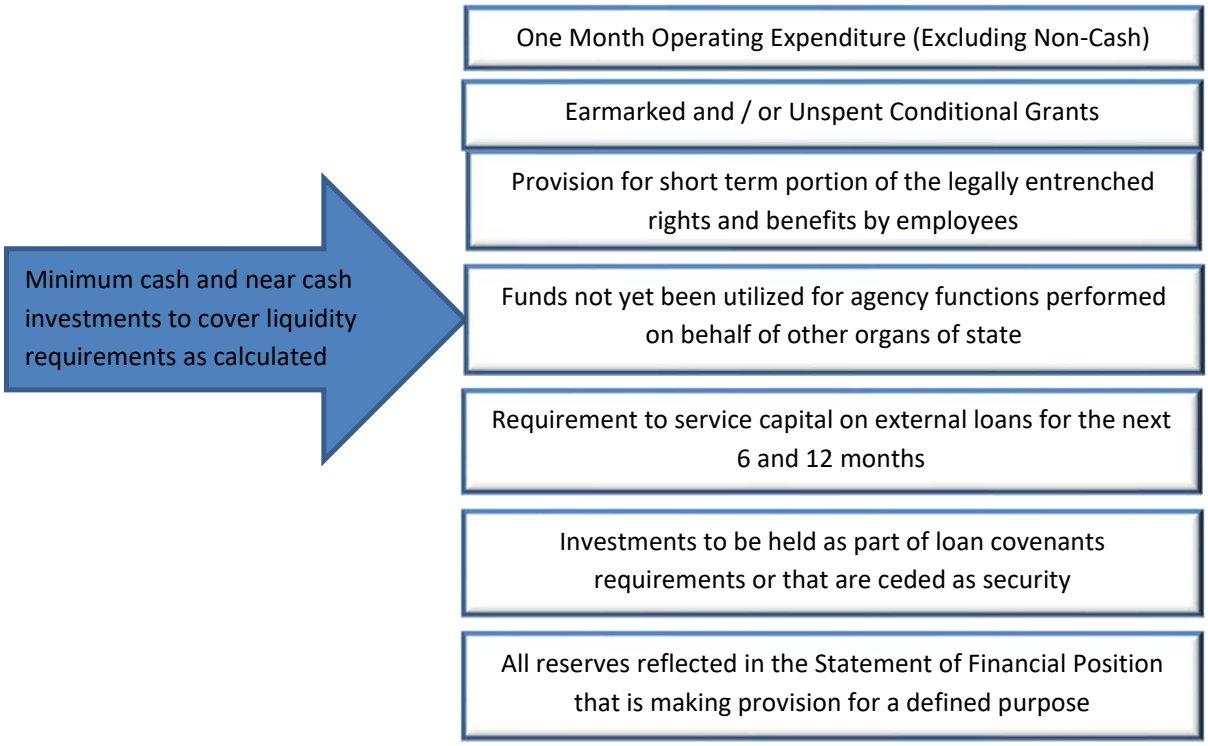
4.1.1.4. All reserves stated by Stellenbosch Municipality on its Statement of Financial Position that have been established for the purposes of making provisions for a defined purpose.

4.1.2. Cognisance also needs to be taken of the external loan commitments and the servicing of capital and interest on these loans. Therefore provision should be made that Stellenbosch Municipality can meet its external loan/financial commitments together with the normal operational expenditure, as well as its liabilities to staff.

4.1.3. All investments ceded as security against long term loans need to be excluded from total cash and investment balances for calculation of the minimum liquidity level required.

4.1.4. In addition, a level of cash available for normal operational expenditure needs to be held in cash to ensure that, notwithstanding fluctuations in the monthly income levels of Stellenbosch Municipality, Stellenbosch Municipality will be in a position to meet its financial requirements. In this respect, the average monthly operational expenditure needs to be used as a guide of the minimum buffer required. One month's operational expenditure excluding debt impairments, depreciation and other non-cash expenses should be available for liquidity cover.

4.1.5. The "golden rule" should be to ensure that Stellenbosch Local Municipality will have adequate liquid assets (those that can be made into cash within 24 hours, weekly or monthly as the requirement might be) to meet its short term financial commitments.



4.2. CALCULATION OF AVAILABLE LIQUIDITY

The amount of liquidity available should be determined from time-to-time. The following, should be regarded as cash and or near cash in calculating the available liquidity:

4.2.1. All cash held in a bank account or invested with a money market fund;
4.2.2. 95% of the value of all NCD's or other tradable instruments issued by a bank that are not already ceded;
4.2.3. 90% of the market value of all listed bonds on the JSE in which Stellenbosch Municipality is allowed to invest in;
4.2.4. Consumer debtors aged current to 60 days;
4.2.5. Amount of unspent conditional grants and public contributions excluded from own funds held in bank accounts;
4.2.6. Funds provided to Council for expenditure on activities executed on behalf of other spheres of Government (Provincial and / or National) as part of an agency function, excluded from own funds held in bank accounts;
4.2.7. Funds ring-fenced for cash backed reserves that are excluded from own funds held in bank accounts;
4.2.8. Cash amounts that need to be held by Council resulting from loan covenants' that are part of the conditions of loans extended, but not ceded outright to lenders;

4.2.9. The undrawn portion of unconditional bank overdraft facility or liquidity facility available to Stellenbosch Municipality.

The aforementioned in paragraphs 4.1. and 4.2. can schematically be reflected as follows:

4.3. IMPLEMENTATION AND MONITORING OF COMPLIANCE WITH LIQUIDITY POLICY:

Once the policy is approved, the CFO is to be tasked to ensure that the required cash has to be maintained to continue meeting the requirements as set out in this policy.

Firstly, the minimum required liquidity level should be calculated based on audited annual financial statements. This level of liquidity required needs to be specifically budgeted for and on a quarterly basis be reported to the Finance Committee and / or other Committees as might be stipulated by Council as well as to Council.

Notwithstanding National Treasury's three months operational expenditure guideline and the one month operational expenditure buffer proposed as a minimum by the liquidity policy, it is recommended that Council set a target of one month's operational expenditure liquidity buffer to be achieved at the end of the transitional period (reference paragraph 6).
The cash provisions made to repay external loan commitments, if specifically earmarked, should also be added to this minimum working capital liquidity, to prevent

fluctuations in the working capital reserve that could put the minimum level of liquidity levels under pressure.

5. CORPORATE GOVERNANCE (OVERSIGHT)

Compliance with this policy will be monitored by the Chief Financial Officer. The Chief Financial Officer must present the liquidity compliance reports to the Finance Committee and the Audit Committee of the municipality.

Where compliance has been breached the Chief Financial Officer must present an action plan to correct the non-compliance. The Finance Committee must monitor the successful implementation of the corrective action plans and report progress to Council.

6. POLICY MANAGEMENT

The Liquidity Policy forms part of Stellenbosch Municipality overall financial objectives and therefore forms part of approved Budget Policies. The policy must be reviewed at least annually during the budget revision and presented to Council for approval.

The policy is effective from the date it is approved by Council.

ANNEXURE 1

Liquidity Requirement as per Liquidity Policy

Financial Year End: _____

Liquidity Requirement Calculation [as stipulated in Paragraph 4.1.]

All earmarked and/or conditional grants received but not yet utilised	
Value of legally entrenched short term rights and benefits of employees related to Medical benefits & Retirement benefits	
Funds held for agency services not yet performed	
Reserve funds reflected in Statement of Financial Position that are assumed to be held in cash	
Capital redemption and interest payments on external loans not reflected as part of normal operational expenditure	
Onemonth operational expenditure excluding non-cash items	
Commitments resulting from contracts concluded as part of Capex Programme, not reflected in operational budget	
TOTAL LIQUIDITY REQUIREMENT	

Actual available liquidity held [reference paragraph 4.2.]

Bank Balance at e.g.: - ABSA, FNB, Standard Bank, Nedbank, Investec, Money Market	
Bank balance sub total	
95% of all other term investments with Banks	
90% of Market value of all Bonds on the JSE that are held	
Consumer debtors (current – 60 days)	
Other reserves held in cash not reflected in bank balances mentioned above for e.g.:	
- Unspent conditional grants	
- Payments received for agency functions not yet performed	
- The cash value of reserves held	
- Cash deposits held as part of loan covenants or ceded	
- Undrawn bank overdraft facility or committed liquidity lines available	
TOTAL LIQUIDITY AVAILABLE	

LIQUIDITY SURPLUS (SHORT FALL)

SURPLUS TO BE APPROPRIATED TO CAPITAL REPLACEMENT RESERVE

(See Borrowing, Funds and Reserves Policy)

Liquidity ratio:
Current Asset/Current Liabilities

9. POLICY ADOPTION 12

1. DEFINITIONS

1.1 In this Policy, unless the context indicates otherwise, the following definitions are applied:

"Accounting Officer"	means the Municipal Manager for the Municipality as contemplated in section 60 of the Local Government: Municipal Finance Management Act, 56 of 2003
"CFO"	means the Chief Financial Officer designated in terms of section 80(2) (a) of the Local Government: Municipal Finance Management Act, 56 of 2003
''Cost''	shall comprise costs of purchase, costs conversion and other costs incurred in bringing the inventories to their present location and condition
"*Delegated authority*"	means the official who is given the authority for relevant functions in terms of the municipality's written delegations;
''***Good received note''***	means a document which is used to acknowledge the receipt of goods in good condition and correct quantities
"***Inventories***"	are assets: In the form of material or supplies to be consumed in the production process, In the form of materials or supplies to be consumed or distributed in the rendering of services Held for sale or distribution in the ordinary course of operations, or In the process of production for sale or distribution
"Municipality"	shall mean the Stellenbosch Municipality;
"Net Realisable''	Is the estimated selling price in the ordinary course of operations less the estimated costs of completion and estimated costs necessary to make the sale exchange or distribution.

"Obsolete inventory"	means items that have expired, are redundant or damaged;
"Re-order level"	means the level of inventory at which inventory is re-ordered;
"*Requisition form*"	means a written request to supply specified inventory;
"Store"	means a place where inventory is stored and reserved for future use, or a source from which supplies may be drawn;
"Inventory Controller"	means an official responsible for the requisition, receipt, issue, recording, safeguarding of inventory and cost-effective and efficient management of inventory.
''Stock Issue Register''	means a document which is used to authorize the removal or issue of stock items from stores.

2. OBJECTIVE OF THE POLICY

2.1 The policy aims to achieve the following objectives which are to:-

a) Provide guidelines that employees of the Municipality must follow in the management and control of inventory, including safeguarding and disposal of inventory.

b) Procure inventory in line with the established procurement principles contained in the Municipality's Supply Chain Management Policy.

c) Eliminate any potential misuse of inventory and possible theft.

3. SCOPE

3.1 This policy applies to Stellenbosch Municipality's inventory received by the Inventory Controller and issued to users.

3.2 This policy specifically excludes:

a) Pharmaceutical inventory, livestock and face value forms; and

b) Equipment and other assets not defined as inventory;

4. LEGAL FRAMEWORK

4.1 In terms of the MFMA, the Accounting Officer for a municipality must:

a) Be responsible for the effective, efficient, economical and transparent use of the resources of the municipality as per section 62 (1)(a);

b) Take all reasonable steps to prevent unauthorised, irregular and fruitless and wasteful expenditure and other losses as per section 62(1)(d);

c) Be responsible for the management, including the safeguarding and the maintenance of the assets, and for the management of the liabilities, of the municipality as per section 63 (1)(a) and (b).

4.2 In terms of GRAP 12:

4.2.1 Inventories shall be recognized as an asset if, and only if,

a) it is probable that future economic benefits or service potential associated with the item will flow to the entity ,and

b) the cost of the inventories can be measured reliably.

4.3 MEASUREMENT AT RECOGNITION

4.3.1 Inventories that qualify for recognition as assets shall initially be measured at cost,

4.3.2 Where inventories are acquired at no cost, or for nominal consideration, their costs shall be their fair value as at the date of acquisition.

4.4 MEASUREMENT AFTER RECOGNITION

4.4.1 Inventories shall be measured at the lower of cost and net realization value, except where paragraph .18 of GRAP 12 applies.

4.4.2 Inventories shall be measures at the lower of cost and current replacement cost where they are held for:

a) distribution at no charge or for a nominal charge ,or

b) consumption in the production process of goods to be distributed at no charge or for a nominal charge.

4.5 RECOGNITION AS AN EXPENSE

4.5.1 When inventories are sold, exchanged or distributed, the carrying amount of those inventories shall be recognized as an expense in the period in which the related revenue is recognized. If there is no related revenue, the expense is recognized when the goods are distributed, or related service is rendered. The amount of any write-down of inventories to net realizable value and all losses of inventories shall be recognized as an expense in the period the write-down or loss occurs. The amount of any reversal of any writes –down of inventories arising from an increase in net realizable value, shall be recognized as a reduction in the amount of inventories recognized as an expense in the period in which the reversal occurs.

4.5.2 Some inventories may be allocated to other assets accounts, for example, inventory used as a component of self-constructed property, plant or equipment. Inventories allocated to other assets in this way are recognized as an expense during the useful life of that asset.

5. INVENTORY PROCEDURES

5.1 The procedures for inventory must be followed to ensure that:

a) Inventory is safeguarded at all times;

b) There are accurate records of quantities on hand at all times;

c) Optimum inventory levels are maintained to meet the needs of users;

d) Only authorised issues of inventory are made to users; and

e) Items placed in store are secured and only used for the purpose for which they were purchased.

5.2 APPOINTMENT OF RESPONSIBLE OFFICIALS

5.2.1 The CFO must appoint, in writing, officials to perform the duties of an Inventory Controller in terms of this Policy.

5.2.2 Adequate segregation of duties between the requisition, receipt, recording, storage and safekeeping of inventory and the management and control thereof must be maintained to avoid the potential occurrence of errors and fraud.

5.3 ORDERING OF INVENTORY

Standard Supply Chain Management procedures as per approved Supply Chain Management policy are to be implemented.

5.4 RECEIPT OF INVENTORY

All inventory must be received by the completion of a goods received note and processed on the financial management system.

5.5 STORAGE OF INVENTORY

5.5.1 Inventory must be stored in a secured, exclusive use area, under lock and key, furthermore the inventory must be insured in terms of the Risk Management Policy of the municipality.

5.5.2 The area must be used exclusively for the storage of inventory, with limited authorised access only.

5.5.3 Inventory must be positioned to facilitate efficient handling and checking.

5.5.4 All items must be stored separately, with proper segregation.

5.5.5 Inventory must be clearly labeled for easy identification. Inventory tag/bin cards or inventory labels may be used to identify each item and to aid in the physical verification of the items.

5.5.6 Where practically possible, all items of the same type and reference must be stored together as per the description on the inventory records.

5.5.7 Items with limited shelf life must be rotated on a first in first out basis, in accordance with paragraph .35 of GRAP, to reduce the occurrence of expired or obsolete stocks.

5.5.8 Due diligence and care must be exercised to prevent damage of, or deterioration of inventory.

5.5.9 Due regard must be given to any safety standards which may apply to the storage of certain inventories.

5.5.10 Steps must be taken to ensure safe custody of items, including precautions against loss or theft.

5.5.11 The Inventory Controller or Delegated Official responsible for the custody and care of inventory must ensure that in his/her absence such items, where applicable, are securely stored.

5.5.12 The responsibility for the custody of the storeroom keys must be allocated by the delegated authority to an official who is accountable for its use.

5.5.13 No unauthorised persons/officials shall obtain entry to premises, buildings or containers where inventory is kept, unless accompanied by the responsible official.

5.5.14 Whenever a change in the Inventory Controller occurs, an inventory count must be conducted.

5.5.15 An independent official shall be nominated in writing by the delegated authority to assist the official handing and taking over with the checking of the inventory and any discrepancies.

5.5.16 Should the above not be complied with, the official taking over shall be liable for any discrepancies.

5.5.17 A handing-over certificate as prescribed by the CFO, must be completed by the handing and taking over officials and a copy retained for record purposes.

5.5.18 The following fire protection precautions must be adhered to:

a) Inventories of an inflammable or dangerous nature shall be stored and handled in such a manner that persons or property are not endangered and in compliance with the requirements of any local authority;
b) The area must be clearly signposted; and
c) Fire extinguishing equipment must be placed in the area where inventories are held and must be serviced regularly.

5.6 ISSUE OF INVENTORY

5.6.1 Only the Inventory Controller is authorised to issue inventory from the storeroom.

5.6.2 Inventory must only be issued in terms of the approved requisition form of the Municipality.

5.6.3 All requisition forms must be ruled off immediately below the last item to prevent items being added once the requisition is authorised by the responsibility manager.

5.6.4 The Inventory Controller must prepare the Stock Issue Register once stock items to be issued have been picked up from the shelves

5.6.5 The official receiving the inventory must acknowledge the receipt of stock items requested, by signing the Stock Issue Register prepared by the Inventory Controller.

5.6.6 Inventories must be issued and used for official purposes only.

5.7 OBSOLETE INVENTORY

5.7.1 The preparatory work for the disposal of obsolete inventory must be undertaken by the Inventory Controller and verified by the Assets Accountant.

5.7.2 The Accounting Officer or delegated authority must convene a Disposal Committee for the disposal of obsolete inventory.

5.7.3 The Disposal Committee should consist of at least three officials, one of whom must act as the chairperson.

5.7.4 The delegated authority may approve the write-off of inventory, if satisfied that: -

a) The inventory has expired and is redundant;
b) The inventory is of a specialised nature and has become outdated due to the introduction of upgraded and more effective products;
c) The inventory cannot be used for the purpose for which it was originally intended; or
d) The inventory has been damaged and is rendered useless.

5.7.5 All disposed of items must be updated in the inventory records/register/database for the purposes of proper management and control.

5.8 INVENTORY COUNT

5.8.1 Items may be subject to an inventory count on a quarterly basis.

5.8.2 Where the quantity of inventory is too large for the count to be completed on a single occasion, inventory counts may be carried out on a rotational basis with a full inventory count at the end of each financial year.

5.8.3 All approved Municipal procedures and processes must be complied with during the inventory count.

5.8.4 The Inventory Controller must submit a report to the CFO after investigating any discrepancies between the inventory records/register/database, bin/tag cards or inventory labels and the physical inventory.

5.8.5 The CFO must submit a report with the findings to the Accounting Officer, in order to have the matter reported to the Council of the Municipality for the write-off of any inventories losses, or the write –up of surpluses.

5.8.6 The appropriate disciplinary action must be instituted when applicable.

5.8.7 The inventory record, register, database or system must be updated accordingly.

6. INVENTORY RECORDS

6.1. An inventory record/register/database must be maintained for all inventory items, either manually and / or electronically.

6.2 All relevant information must be included for the proper management and control of all inventory items. It is recommended that details include but are not limited to:

a) Order number/date;
b) Item description;
c) Quantity and value of stock on hand;
d) Quantity and value of stock received;
e) Quantity and value of stock issued;
f) Re-order level;
g) Optimum inventory level;
h) Quantity and value of obsolete stock; and
i) Opening/closing balance.

6.3 An inventory register/database must be printed monthly and the hard copy filed in a chronological order to maintain a proper audit trail.

7. REPORTING

7.1 A report must be submitted at least quarterly to the Chief Financial Officer and/or the Assets Manager detailing the following:

a) Any inventory shortages or surpluses and the reasons for such;
b) Any inventory deficits proposed to be written-off; and
c) Any obsolete inventory items.

7.2 Inventories purchased during the financial year must be disclosed at cost or net realizable value in the disclosure notes of the Financial Statements of the Municipality.

7.3 In terms of GRAP the financial statements shall disclose:

a) the accounting policies adopted in measuring inventories, including the cost formula used,

b) the total carrying amount of inventories and the carrying amount in classifications appropriate to the entity,

c) the carrying amount of inventories carried at fair value less costs to sell,

d) the amount of inventories recognized as an expense during the period,

e) the amount of any write-down of inventories recognized as an expense in the period in accordance with paragraph .43,

f) the amount of any reversal of any write-down that is recognized as a reduction in the amount of inventories recognized as an expense in the period in accordance with paragraph .43,

g) the circumstances or events that led to the reversal of a write-down of inventories in accordance with paragraph .43,and

h) the carrying amount of inventories pledged as security for liabilities.

8. CLASSIFICATION OF INVENTORY

As per National Treasury Standard Chart of Accounts, inventory shall be classified as follows:

Inventory Categories	Consumable Categories
Ammunition & Security Supplies	Consumable Supplies (level 4)
Clothing Material & Accessories	Agricultural Supplies (level 5)
Farming & Gardening Supplies	Gifts & Awards
Fuel, Oil & Gas	Fuel Supplies
Crockery & Linen	Media Collections
Learning & Teaching Support Material	Building & Construction
Assets for Distribution	Contraceptives
Materials & Supplies	First Aid Kit
Medical Supplies	Laboratories
Medicines	Security Accessories
Military Stores	Bags & Accessories
Laboratory Chemicals & Supplies	Stationary

9. POLICY ADOPTION

This policy has been reviewed and approved by the Council of Stellenbosch Municipality and is applicable with effect from 1 July 2019.

APPENDIX 31

STELLENBOSCH MUNICIPALITY

PREFERENTIAL PROCUREMENT POLICY

2022/2023

STELLENBOSCH MUNICIPALITY

PREFERENTIAL PROCUREMENT POLICY

TABLE OF CONTENTS

1. PREAMBLE 3
2. FOREWORD 4
3. PURPOSE AND OBJECTIVES 4
4. LEGISLATIVE FRAMEWORK 5
5. PRINCIPLES 6
6. POLICY STATEMENTS 7
7. PREFERENCE TARGETS IDENTIFIED 9
8. IMPLEMENTATION 11
9. DEFINITIONS 11

1. PREAMBLE

1.1 The Constitution of the Republic of South Africa, 1996 in section 217 requires an organ of state to contract for goods or services in accordance with a procurement system which is fair, equitable, transparent, competitive and cost effective and to grant preferences within a framework prescribed by National Legislation.

1.2 A National Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000)- [PPPFA] was promulgated in response to the Constitutional provision and allow for an organ of state to develop a preferential procurement policy and to implement such policy within the PPPFA framework.

From the preamble from the Constitution:

*We therefore, through our freely elected representatives, adopt this Constitution as **the supreme law of the Republic** so as to*

- *Heal the divisions of the past and establish a society based on democratic values, social justice and fundamental human rights;*
- ***Lay the foundations for a democratic and open society in which government is based on the will of the people and every citizen is equally protected by law;***
- ***Improve the quality of life of all citizens and free the potential of each person; and***
- *Build a united and democratic South Africa able to take its rightful place as a sovereign state in the family of nations.*

From Chapter 7 of the Constitution:

152. Objects of local government

1. The objects of local government are -

a. to provide democratic and accountable government for local communities;
b. to ensure the provision of services to communities in a sustainable manner;
c. to promote social and economic development;
d. to promote a safe and healthy environment; and
e. to encourage the involvement of communities and community organisations in the matters of local government.

2. A municipality must strive, within its financial and administrative capacity, to achieve the objects set out in subsection (1).

153. Developmental duties of municipalities

A municipality must

a. structure and manage its administration, and budgeting and planning processes to give priority to the basic needs of the community, and to promote the social and economic development of the community; and
b. *participate in national and provincial development programmes.*

2. FOREWORD

The policy of Stellenbosch Municipality – in respect of Preferential Procurement is that:

2.1 State expenditure is recognised as an instrument of government policy to achieve economic, socio-economic and development objectives.

2.2 Procurement can be applied as an instrument of secondary redistribution to alter primary income distribution and as a means to address historic imbalances by means of creating employment and business opportunities for historically disadvantaged groups in the South African society.

2.3 Preferential Procurement is recognised as a valid instrument for such social reform.

2.4 It is recognised that preferential procurement cannot be applied without cost and that such cost should be subject to the Municipal Budget and the prioritisation processes applicable to all Municipal expenditure.

2.5 Ultimately, preferential procurement could go some way to providing a springboard to encourage redistribution and reducing economic concentration, which in turn would foster competition and promote effective and appropriate resource allocation.

2.6 The Stellenbosch Municipality Preferential Procurement Policy will be reviewed regularly.

2.7 This Policy marks the beginning of a long term path the Stellenbosch Municipality intends to walk with the citizens of Stellenbosch and that this Policy represents the first phase of implementation. With the increase in maturity of the Stellenbosch Municipality as well as its suppliers, it is further accepted that this Policy will also mature to the extent that visible socio- and economic benefits can be experienced by all citizens living in Stellenbosch.

3. PURPOSE AND OBJECTIVES

The broad purpose of the Preferential Procurement Policy is to:

3.1 Validate Stellenbosch Municipality's commitment to Preferential Procurement.

3.2 Ensure effective and efficient application of resources.

3.3 Promote accountability, transparency and fairness.

3.4 Create opportunities for local small, medium and micro enterprises.

3.5 Enhance quality of services.

3.6 Stimulate socio-economic development.

3.7 Eliminate and counter corruption.

3.8 Contribute towards reduction of unemployment, especially within the Stellenbosch Municipal Area.

3.9 Broadening the tax base within the Stellenbosch Municipal Area.

3.10 Encourage linkages between small and large enterprises.

3.11 Promote skills transfer and training of the historically disadvantaged.

3.12 Protect local industry against unfair competition.

4. LEGISLATIVE FRAMEWORK

Constitution, 1996 (Act 108 of 1996)

4.1 Section 217(1) of the Constitution, 1996 (Act 108 of 1996) provides that when contracting for goods and services, organs of state must do so in accordance with a system that is fair, equitable, transparent, competitive and cost effective.

4.2 Section 217(2) and (3) of the Constitution allows organs of state to grant preferences when procuring for goods and services within a Framework prescribed by National legislation.

Local Government Municipal Finance Management Act, 2003 (Act 56 of 2003) – [MFMA] and related SCM Treasury Regulations, 2005 [SCM TR]

4.3 The MFMA aims to regulate financial management and Supply Chain Management [SCM] of local government to ensure that all revenue, expenditure, assets and liabilities are managed efficiently and effectively.

4.4 Sections 110 – 119 of the MFMA deals with SCM requirements and must be read together with the SCM TR's 1 – 52 issued in terms of section 168 of the MFMA through GG 27636 effective form 30 May 2005. Both these sets of prescripts supports the application of the PPPFA.

Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000) – [PPPFA]

4.5 The PPPFA, 2000 took effect on 3 February 2000. The main thrust of the PPPFA, 2000 is that an organ of state must determine its preferential procurement policy and implement such within the preferential procurement framework, the latter which is commonly called the '80/20 of 90/10 principle'.

4.6 The National Treasury, in consultation with the Department of Trade and Industry, reviewed the Regulations issued in terms of the PPPFA, in 2001, and issued new Regulations that become effective on 01 April 2017

5. PRINCIPLES

5.1. The principles that underpin this policy are as follows:

5.1.1 Sound commercial principles will underlie all transactions. There will be no compromise on quality, service delivery or any other commercial aspects related to the delivery of business objectives.

5.1.2 All preferential procurement processes will be transparent and subjected to audit in accordance with sound business principles and practices.

5.1.3 Stellenbosch Municipality will only conduct business with service providers that comply with legal requirements (registered with SARS; municipal taxes are not in arrears for more than three months; not on the restricted suppliers or tender defaulters lists; suppliers not deemed as in the service of the State, etc.)

5.2. The Policy is founded upon the following core principles:

5.2.1. Value for money

Price alone is often not a reliable indicator and will not necessarily obtain the best value for money by accepting the lowest price offer that meets mandatory requirements. Best value for money means the best available outcome when all relevant costs and benefits over the procurement cycle are considered.

5.2.2. Open and effective competition

All procurement laws, policies, practices and procedures must be readily accessible to all parties involved in the procurement process. The procurement process must be open and transparent and reasons must be provided for decisions in terms of current legislation.

5.2.3. Ethics and fair dealing

All procurement officials must comply with the municipal ethical standards to promote mutual trust and respect and an environment where business can be conducted in a fair and reasonable manner. The following is regarded as an acceptable ethical behaviour:

- Open, honest and co-operative business relations.
- Confidentiality of commercial information.
- Avoidance of conflict of interest or a perception of bias.
- Disclosure of conflict of interest as soon as they arise.
- Fair dealing and impartiality in the conduct of tender evaluations.
- Avoidance of combative or collusive practices.

5.2.4. Accountability and reporting

Procurement officials and other officials involved in SCM must be answerable for their decisions and actions to the public.

5.2.5. Equity

Stellenbosch Municipality will at all times strive to enhance the development of SMME's and B-BBEE enterprises' to allow them to contribute meaningfully in the economy of the Stellenbosch Municipal Area.

6. POLICY STATEMENTS

6.1 Application

6.1.1. This Policy will apply to all active industry sectors in the Stellenbosch Municipal Area. It is accepted that through the population of reliable data, trends will be evident which will continuously require a review of the Policy to ensure its relevance of all active industry sectors.

6.1.2. This Policy must be read with the Stellenbosch Municipality's SCM Policy

6.1.3. Construction tenders will also have to adhere to the requirements of the CIDBA.

6.2 Targeting

6.2.1. Targeting will be regarded as a specific goal identified by Stellenbosch Municipality and will be reflected in Part 7 to this Policy.

6.2.2. These targets will be determined prior to the invitation of tenders and reflected as special conditions.

6.3 Payment cycles

6.3.1. The payment of invoices is dependent on timely invoicing, approval of invoices and on the payment administration. Responsible officials must process approved invoices within 30 days of receiving the invoice, unless otherwise provided for in the contract.

6.3.2. Reasons for not approving an invoice must be communicated to the tenderer prior to the lapsing of the said 30 days.

6.3.3. Officials must endeavour to, where feasible, process invoices of SMME's within 7-15 days in order to promote their cash flow position.

7. PREFERENCE TARGETS IDENTIFIED

7.1 Considering all the data available this Policy for the 2019/20 financial years will strive to achieve the following targets linked to its identified opportunities listed in paragraph 7.1 above:

POLICY OBJECTIVE	TARGET
Improve the **local economic market**	➢ Make 10%appointments to local businesses through Formal Quotations for appointments below R200,000
Improve the **local economic market**	➢ Obtain 30% quotations from local businesses for appointments below R30,000
Employment of local **semi-& unskilled workers**	➢ Identify 10% of SCM tenders that are labour intensive to include specific conditions of a practical content of local semi-& unskilled workers from LED database / Indigent list.

Methodology to achieve targets in the short term is to include specific conditions in the SCM documents for Formal Quotations and Bids similar to the following two examples:

Example No 1:

"SPECIFIC CONDITIONS: TOTAL MAINTENANCE OF PARKS AND P.O.S WITH MANUAL MACHINES AS WELL AS ALL FLOWERBEDS AND YOUNG TREES IN THE MUNICIPAL AREA:

The intention of the municipality is to promote development of all enterprises. Suitably qualified contractors will be expected to spend at least **80%** of the value of the work on local people to ensure that local economic development is promoted. For this purpose the municipal area is divided into 5 smaller areas. For each area the service provider will be required to appoint a supervisor, and a team of at least **6** people."

Monitoring will be based on the following methods by the End user dept.

1. Local Municipal accounts / Affadavits with ID numbers certified
2. Training and skills development certificates issued

Example No 2:

TENDER DATA: SPECIAL CONDITIONS RELEVANT TO PROJECT.

The following Conditions shall be adopted as per the Municipal PPPFA Policy

SPECIAL CONDITIONS OF TENDER		
	Comply Y/N	**Ref in proposal**
A. CONDITIONS APPLICABLE TO THE PROMOTION OF MUNICIPAL LOCAL AND SOCIO-ECONOMIC DEVELOPMENT		
The full portion budgeted for unskilled labour will be executed by unskilled, unemployed labourers who are beneficiaries of this project. The service provider must provide evidence of the identity and addresses of these labourers within 14 days after award of the contract. Minimum prescribed wages must be paid. In the event that this condition cannot be adhered to the contractor must obtain prior approval from the Municipality.		
All materials procured for this project MUST be sourced from local suppliers In the event that this condition cannot be adhered to the contractor must obtain prior approval from the Municipality.		
Use a local EME sub-contractor in for all manual labour in regards to excavations, filling and compaction of cable trenches, pole holes road crossings etc. Suppliers must submit sub-contracting agreement with the tender proposal, together with an indication of the payment arrangements. In the event that this condition cannot be adhered to the contractor must obtain prior approval from the Municipality.		
Suppliers must submit sub-contracting agreement with the tender proposal, together with an indication of the payment arrangements		
B. CONDITIONS APPLICABLE AFTER CLOSING OF TENDER BUT BEFORE A SELECTED SERVICE PROVIDER IS ANNOUNCED		
Any additional information upon request must be submitted in writing within 48 hours of receipt.		
C. CONDITIONS APPLICABLE AFTER AWARDING OF THE TENDER		
The service provider must provide the Municipality with a completed list of local labourers to be used, within 14 days after final award of the tender for approval by the Municipality.		
The aforesaid list must be updated and submitted together with the service providers progress report and invoice, inclusive of the following details: a) Salary / wages spent on local employees versus total wages / salary budget at site b) Number of local employees employed versus per total workforce at site c) Payments made to the subcontractor and his performance		

Any amendments prior approval from the Municipality. The service provider must provide local labourers with basic on-the-job training and provide them with a reference letter after completion of their services.		

8. IMPLEMENTATION

8.1 This Policy is effective from 1 July 2019.

8.2 It is the responsibility of the Office of the CFO and various Line Department Managers to bring the content of this Policy to the attention of all parties concerned.

8.3 This Policy marks the beginning of a long term path the Stellenbosch Municipality intends to walk with the citizens of Stellenbosch and that this Policy represents the first phase of implementation. With the increase in maturity of the Stellenbosch Municipality as well as its suppliers, it is further accepted that this Policy will also mature to the extent that visible socio- and economic benefits can be experienced by all citizens living in Stellenbosch.

8.4 In order to achieve the above, the following immediate implementation steps are required:

By 30 September 2019:

a. Increased capacity in the SCM Unit.
b. Identification and appointment of a PPPFA Champion.

9. DEFINITIONS

The words in this policy shall bear a meaning as prescribed and/or ascribed by applicable legislation, and in the event of a conflict, the meaning attached thereto by National Legislation shall prevail.

9.1 **"Act"** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000);

9.2 **"Black people"** as defined in the Broad-Based Black Economic Empowerment Act, 2003 (Act No 53 of 2003), is a generic term which means Africans, Coloured and Indians.

9.3 **"B-BBEE"** means broad-based black economic empowerment defined as the economic empowerment of all black people including women, workers, youth, people with

disabilities and people living in rural areas through diverse but integrated socio-economic strategies that include, but are not limited to:

- Increasing the number of black people that manage, own and control enterprises and productive assets;
- Facilitating ownership and management of enterprises and productive assets by communities, workers cooperatives and other collective enterprises;
- Human resource and skills development;
- Achieving equitable representation in all occupational categories and levels in the workforce;
- Preferential procurement; and
- Investment in enterprises that are owned or managed by black people.

9.4 **"B-BBEE status level of contributor"** means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act.

9.5 **"Broad-Based Black Economic Empowerment Act"** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No 53 of 2003);

9.6 **"Collusion"** means an intentional and unlawful agreement by two or more companies/firms which is intended or calculated to misrepresent facts or defraud with the sole purpose of influencing the procurement process thereby prejudicing the interests of the service provider;

9.7 **"Companies and Shares"** shall be read so as to include Close Corporations and members interests mutatis mutandis;

9.8 **"Comparative price"** means the price after the factors of a non-firm price and all unconditional discounts that can be utilised have been taken into consideration;

9.9 **"Consortium or Joint Venture"** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;

9.10 **"Contract"** means the agreement that results from the acceptance of a tender by an organ of state;

9.11 **"CFO"** means Chief Financial Officer

9.12 **"Disability"** means, in respect of a person, a permanent impairment of a physical, intellectual, or sensory function, which results in restricted, or lack of, ability to perform an activity in the manner, or within the range, considered normal for a human being;

9.13 **"Executive Management Committee"** shall mean a committee comprising the Agency's Heads of Divisions and any other Manager so invited.

9.14 **"Firm price"** is the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, 'levy, or tax, which, in terms of a law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;

9.15 **"Individual"** an individual shall mean a natural person;

9.16 **"Indigent"** any person who appears on the Municipality's indigent register as of 1 July of the year under consideration;

9.17 **"Local Labour"** means South African residents who permanently resides in the Stellenbosch Municipal area;

9.18 **"Local Business"** means an enterprise which has its sole office or head office located within the Stellenbosch Municipal area;

9.19 **"Local Content"** means local manufacturing as contemplated in PPPFA Regulations 2011, Regulation 1;

9.20 **"Local economic development"** means local and socio-economic development as contemplated in section 152 of the Constitution, 1998;

9.21 **"Management"** in relation to an enterprise or business, means an activity inclusive of control and performed on a daily basis, by any person who is a principal executive officer of the company, by whatever name that person may be designated, and whether or not that person is a director;

9.22 **"Non-firm prices"** means all prices other than "firm" prices;

9.23 **"Person"** includes reference to a juristic person;

9.24 **"Rand value"** means the total estimated value of a contract in Rand denomination which is calculated at the time of tender invitations and includes all applicable taxes and excise duties;

9.25 **"Sub-Contracting"** means the primary contractor's assigning or leasing or making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract;

9.26 **"Nominated Sub-contractor"** means contractors accredited on the Municipal database for construction related work as contemplated in the CIDBA.

9.27 **"Tender"** means a written offer or bid in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services or goods;

9.28 **"Tender format/strategy"** means the special conditions describing the tender strategy approach in order to achieve identified targets.

9.29 **"Trust"** means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and

9.30 **"Trustee"** means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

Introduction

The purpose of the annual budget circular is to guide municipalities with their compilation of the 2022/23 Medium Term Revenue and Expenditure Framework (MTREF). This circular is linked to the Municipal Budget and Reporting Regulations (MBRR) and the municipal Standard Chart of Accounts *(m*SCOA), and strives to support municipalities' budget preparation processes so that the minimum requirements are achieved.

Among the objectives of this budget circular is to demonstrate how municipalities should undertake annual budget preparation in accordance with the budget and financial reform agenda by focussing on key "game changers". These game-changers include ensuring that municipal budgets are funded, revenue management is optimised, assets are managed efficiently, supply chain management processes are adhered to, *m*SCOA is implemented correctly and that audit findings are addressed.

Municipalities are reminded to refer to the annual budget circulars of the previous years for guidance in areas of the budget preparation that is not covered in this circular.

1. The South African economy and inflation targets

The National Treasury projects real economic growth of 5.1 per cent in 2021, following an expected contraction of 6.4 per cent in 2020. Real GDP growth is expected to moderate to 1.8 per cent in 2022,1.6 per cent in 2023 and 1.7 per cent in 2024.

South Africa experienced its largest recorded decline in economic output in 2020 due to the strict COVID-19 lockdown. Real GDP contracted by 7.2 per cent in 2020 compared to 0.1 per cent increase in 2019. It is expected to increase by 6.2 per cent in 2021/22 and moderate by an average increase of 1.7 per cent over the 2022/23 MTEF.

Manufacturing production grew by 17 per cent in the first six months of 2021 compared with the same period in 2020. Production has not recovered to pre-pandemic levels, although the Absa Purchasing Managers' Index remains above the neutral 50-point mark. Electricity disruptions, raw material shortages and rising input costs will continue to limit output in the short to medium term.

The main risks to the economic outlook are slowdown in economic growth. The evolution of COVID-19 and slow progress in vaccine rollout reinforces uncertainty and poses risks to economic recovery.

Slow implementation of structural reforms continues to weigh on business confidence and private investment. Electricity supply constraints, which could worsen over the short term, are a drag on economic growth. In contrast, progress on energy reforms poses upside risks to fixed investment and the overall economic outlook.

A further deterioration in the public finances due to various spending pressures and the materialisation of contingent liabilities could trigger further credit rating downgrades. Pressures on the government wage bill ceiling, including the implementation of the non-pensionable salary increases undermine fiscal consolidation measures.

The fiscal framework does not include any additional support to state-owned companies, but the poor financial condition and operational performance of several of these companies remains a large contingent risk. A number of entities may request further bailouts.

Government is strictly enforcing minimum criteria before guaranteeing the debt of state-owned companies, as outlined in the 2021 Budget, which has led to a decline in guarantee requests. Nonetheless, the broader context of financial distress, weak governance and unsustainable operations in many of these companies remains unaddressed.

Since the 2008 global financial crisis, economic growth has trended downwards, resulting in persistent shortfalls in tax revenue that have not been matched by adjustments to spending growth. This in turn has led to wider budget deficits, higher borrowing and a rapid increase in the ratio of debt to GDP. The reason that the debt servicing costs are growing at a pace that is faster than the rate of GDP growth, and this ratio will continue to increase until government runs a sufficiently large primary budget surplus.

To maximise the value of spending, government needs to contain costs, more especially consumption related spending, exercise prudent and compliant financial management, and eradicate wasteful treatment of public funds and resources. Compensation of employees remains a major cost pressure. It remains critical for municipalities to adhere to compensation ceilings, manage headcounts proactively and conduct staff audit to ensure the staff complement is aligned to the approved organogram. This will assist government is to improve its fiscal position.

Medium-term priorities include: reindustrialising through implementation of the master plans; growing exports through the African Continental Free Trade Area; implementing the Tourism Sector Recovery Plan; supporting township and rural economies; and promoting localisation, inclusive economic growth and job creation.

In 2021/22, gross tax revenue is expected to be R120.3 billion higher than projected in the 2021 Budget, with corresponding improvements of R69.8 billion and R59.5 billion expected in 2022/23 and 2023/24 respectively. This is still well below pre-pandemic revenue estimates, but it provides space for government to deal with immediate fiscal pressures while continuing to stabilise the public finances.

Headline inflation is expected to remain between 3 to 6 per cent target range over the 2022/23 MTEF.

In summary, the tax revenue in 2021/22 was higher than projections and this was mainly due to commodity price rally. However, these are projected to be short term, and as such long-term spending commitments should not be made based on short term revenue benefits. There are measures in place to reduce expenditure to narrow the budget deficit.

The following macro-economic forecasts must be considered when preparing the 2022/23 MTREF municipal budgets.

Table 1: Macroeconomic performance and projections, 2020 - 2025

Fiscal year	2020/21	2021/22	2022/23	2023/24	2024/25
	Actual	Estimate	Forecast		
CPI Inflation	2.9%	4.9%	4.0%	4.4%	4.5%

Source: Medium Term Budget Policy Statement 2021.

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

2. Key focus areas for the 2022/23 budget process

2.1 Local government conditional grants allocations

Over the 2022 MTEF period, transfers to municipalities will grow below inflation. Over the next three years, local government resources increase by 4.1 per cent.

Transfers to local government will be increased by R17.8 billion, including R9.3 billion from the local government equitable share, R1.5 billion from the general fuel levy and R6.9 billion in direct conditional grants over the 2022 MTEF period. The local government equitable share formula has been updated to account for projected household growth, inflation and estimated increases in bulk water and electricity costs over the 2022 MTEF period.

The annual Division of Revenue Bill will be published in February 2022 after the Minister of Finance's budget speech. The Bill will specify grant allocations and municipalities must reconcile their budgets to the numbers published herein.

Municipalities are advised to use the indicative numbers presented in the 2021 Division of Revenue Act to compile their 2022/23 MTREF. In terms of the outer year allocations (2023/24 financial year), it is proposed that municipalities conservatively limit funding allocations to the indicative numbers as presented in the 2021 Division of Revenue Act for 2021/22. The DoRA is available at:
http://www.treasury.gov.za/documents/national%20budget/2021/default.aspx

Division of Revenue Amendment Bill, 2021: changes to local government allocations

Budget Facility for Infrastructure Funding – R81 million is added to the direct regional bulk infrastructure grant for George Local Municipality for the implementation of the potable water security and remedial works project. Due to delays in the implementation of projects approved through Budget Facility for Infrastructure (BFI), the projects sponsors have requested funding to be reduced to align with the planned project rollout.

R1.3 billion is reduced from the public transport network grant for City of Cape Town to align to its revised implementation plan of myCiti phase 2A.

Neighbourhood Development Partnership Grant – R841 million is added to the direct neighbourhood development partnership grant for local government to create 32 663 jobs through precinct management, community safety, place-making, greening, integrated waste management and digitalisation, with special focus on poor and marginalised areas and economic nodes.

Roll-over of indirect regional bulk infrastructure grant – R582 million is rolled over in the indirect regional bulk infrastructure grant to fund the operational payments for the Vaal River pollution remediation project in Emfuleni Local Municipality. This change is shown in Schedule 6, Part B of this Bill.

Reprioritisation in the neighbourhood development partnership grant – In the neighbourhood development partnership grant, R90 million is shifted from the direct component to the indirect component of the grant, to fund project preparation, planning and implementation for municipalities facing implementation challenges. The affected municipalities are City of Johannesburg, Mogale City, Kwa-Dukuza, West Rand, Sol Plaatje, Ray Nkonyeni and City of Cape Town. These changes are shown in Schedule 5, Part B and Schedule 6, Part B of this Bill.

Changes to gazetted frameworks and allocations

Neighbourhood development partnership grant – The grant framework for the neighbourhood development partnership grant is amended to remove reference to Built

Environment Performance Plans and include the conditions attached to the approval of funds from the Presidential Youth Employment Initiative. The conditions require cities to expand the existing Expanded Public Works Programme projects and enter into new partnerships with the private sector and civil society.

Regional bulk infrastructure grant – The grant framework for the regional bulk infrastructure grant is amended to include the conditions attached to the approval of funding from the BFI for the implementation of the potable water security and remedial works project in George Local Municipality. The conditions require that the municipality submit a business plan, a cost-benefit analysis report and enter into a co-financing agreement with the Department of Water and Sanitation and the Department of Cooperative Governance.

Integrated urban development grant – The grant framework for the integrated urban development grant is amended to include a provision for purchasing special vehicles for waste management. This correction is needed to ensure alignment with conditions in the municipal infrastructure grant as municipalities can move between the two grants.

Municipal infrastructure grant – The grant framework for the municipal infrastructure grant is amended to correct for the omission of the baseline allocation of R14.8 billion in 2019/20 in the past performance section of the framework. The amount was erroneously not captured. This correction is needed to show the audited past financial performance of the grant.

3. IDP Consultation Process Post 2021 Local Government Elections

Municipalities are advised to refer to the guidance (refer to the email sent by CoGTA to all municipalities on 20 October 2021) provided through the joint National Treasury/ Department of Cooperative Governance/ South African Local Government Association (NT/DCoG/SALGA) Joint Circular No.1 on the transitional measures in relation to the IDP consultation process. This circular indicates that the previous municipal councils had an obligation to ensure that the legislative stipulations were complied with. Therefore, they were expected to continue the process of the development of the IDP starting with the development and adoption of the process plans as provided for in section 28 of the Municipal Systems Act. Municipalities should then implement the adopted budget process plan and conduct the public engagements as per dates they have indicated in the process plan.

4. Municipalities unable to pass the annual budget after 1 July

The provincial executive council must urgently request the Mayor to submit a report outlining detailed reasons and or circumstances that led to failure to approve the annual budget by the 1 July.

The provincial executive council must intervene in terms of section 139(4) of the Constitution and take appropriate steps by issuing a directive to the municipal council to approve a budget and any revenue raising measures necessary to give effect to the budget within a reasonable period.

Section 26(4) and (5) of the MFMA provides for how the expenses can be met pending the approval of a budget through a directive. Provincial Treasuries should establish clear internal processes for reviewing and recommending the approval of withdrawals by their MEC (templates can be obtained from National Treasury).

The provincial executive council must upon issuing of a directive to the Municipal Council conduct an assessment of the budget tabled by the Mayor against the norms and standards, approved budget process plan, and the outcome of public participation processes.

In the event the Municipal Council fails to approve a budget due to walk out or individual misconduct by a majority of councillors, the Speaker must immediately investigate the conduct of those identified councillors in terms of the Code of Conduct for councillors as provided for in the Municipal Systems Act, 2000.

If in terms of the assessment by the provincial executive council of the tabled budget, it is found that there are no justifiable grounds for not approving the budget, the former must submit/ present the outcome of the assessment to the Municipal Council with a directive to consider the assessment and adopt the budget. If the assessment of the provincial executive council of the tabled budget finds that it does not adhere to the required norms and standards, the directive from the provincial executive council should instruct the council to first amend the budget to remedy this before adopting the budget.

The provincial executive council must, if necessary give the municipal council a further 14 days to approve a tabled budget that complies with norms and standards and incorporates the outcome of public participation, failing which the provincial executive council must consider dissolution of municipal council, approval of a temporary budget and appointment of an administrator as a last resort.

5. Municipal Standard Chart of Accounts (*m*SCOA)

5.1 Release of Version 6.6 of the Chart

On an annual basis, the *m*SCOA chart is reviewed to address implementation challenges and correct chart related errors. Towards this end, Version 6.6 is released with this circular.

Version 6.6 of the chart will be effective from 2022/23 and must be used to compile the 2022/23 MTREF and is available on the link below:
http://mfma.treasury.gov.za/RegulationsandGazettes/MunicipalRegulationsOnAStandardChartOfAccountsFinal/Pages/default.aspx

The Project Summary Document (PSD) on the National Treasury webpage will be aligned to the chart changes in version 6.6 where applicable. The PSD is also available on the above link.

*m*SCOA chart changes are issued annually in December. For the National Treasury to consider a new chart change, the issue must be logged with all relevant background and details on the Frequently Asked Questions (FAQ) database. The FAQ database can also be accessed on the above link.

The matter will then be further investigated by the FAQ committee of the National Treasury. If it is found that a chart change is required in the next chart version, then the matter will be elevated to the *m*SCOA Technical Committee and if in agreement, it will be recommended for approval to the *m*SCOA Steering Committee. Requests for chart changes in the next version of the chart must be logged for consideration by 31 August of each year.

5.2 Credibility of *m*SCOA data strings

The credibility of the *m*SCOA data strings remains a concern although we have observed a marked improvement in some areas. At the core of the problem is:

- The incorrect use of the *m*SCOA chart and segments, balance sheet budgeting, movement accounting and basic municipal accounting practices by municipalities;
- Some municipalities are not budgeting, transacting and reporting directly in/ from their core financial systems; have not purchased all the modules of the core financial system or have not upgraded to the Enterprise Resource Planning (ERP) (*m*SCOA enabling) version of their financial systems;
- A number of municipalities are still transacting on their legacy systems that are not *m*SCOA enabling or they are using Ms Excel spreadsheets that are not incorporated in the functionality of their financial systems, while they are paying for maintenance and support for the *m*SCOA enabling system that was procured. This constitute fruitless and wasteful expenditure; and
- Municipalities are not locking their adopted budgets and their financial systems at month-end to ensure prudent financial management. To enforce municipalities to lock their budgets and close their financial system at month-end in 2022/23, the Local Government Database and Reporting System will lock all submission periods within the reporting period at the end of each quarter. The published period will NOT be opened again to ensure consistency between publications. System vendors were also requested to build this functionality into their municipal financial systems.

Municipalities should refer to the guidance provided in the *m*SCOA circulars issued by the National Treasury to classify their transactions correctly.

The credibility and accuracy of the data strings must be verified by municipalities before submission as the data strings submitted will be used as the single source for all analysis and publications in the 2022/23 municipal financial year.

5.3 Regulation of Minimum Business Processes and System Specifications

One of the key objectives of the *m*SCOA reform is to ensure that municipalities are planning, budgeting, transacting and reporting directly on and from integrated ERP systems to have one version of the truth in terms of the reported financial performance. The manual correction of data strings by municipal officials or system vendors are not allowed in terms of the *m*SCOA Regulations.

All municipalities and municipal entities had to comply with the *m*SCOA Regulations by 1 July 2017. MFMA Circular No. 80 (Annexure B) provided guidance on the minimum business processes and system specifications for all categories of municipalities (A, B and C). A number of Regulations and best practices as per the MFMA Circulars have been introduced since the issuing of MFMA Circular No. 80 in 2016.

The National Treasury will expand and regulate the business processes and system specifications in 2022/23 to these new developments. If your municipality has not yet achieved the minimum required level of *m*SCOA implementation, then a detailed action plan (road map) must be developed to indicate how the municipality will fast track the implementation of *m*SCOA. The action plan should include the following focus areas, as applicable to the municipality:

- **System landscape** – does the municipality has access to updated ICT hardware, software and licences that is sufficient to run the chosen financial management systems solution;
- **Governance and institutional arrangements** – is there a functional *m*SCOA steering committee or equivalent structure consisting of representatives from all business units, that meet regularly to monitor and report on *m*SCOA related issues to Management Committee (MANCO), Executive Committee (EXCO) and Council. Furthermore, did the

municipality appoint a suitably qualified System Administrator and the required IT securities are in place;

- **System functionality** – is the functionality of the system complying with the minimum business processes and system specifications articulated in MFMA Circular No 80; is the municipality utilising the core financial system solution and its modules optimally; and are 3rd party sub-systems seamlessly integrating with the *m*SCOA enabling financial system; and
- **Proficiency of municipal officials to use the financial system** – are the relevant municipal officials sufficiently capacitated on all system modules and functionalities to use the financial systems solution; are relevant officials in the organisation familiar with the *m*SCOA chart, balance sheet budgeting and movement accounting; and have change management taken place to ensure that *m*SCOA is institutionalised as an organisational reform and not only a financial reform.

It should be emphasised that the onus to ensure compliance with the *m*SCOA Regulations and minimum system specifications as per MFMA Circular No. 80 and its Annexure B rests with the municipality and not the system vendor. Municipalities should ensure that they budget sufficiently to become and remain *m*SCOA compliant.

The progress against the action plan must be monitored by the municipality's *m*SCOA Project Steering Committee and should also be reported at the 2021/22 Mid-year Budget and Performance engagements and the Budget and Benchmark engagements with the National and the respective provincial treasury. Copies of the action plan and progress reports should also be shared with the National and the respective provincial treasury.

5.4 Extension of RT25-2016 Service Level Agreements (SLA) for Financial Systems

The National Treasury has received numerous queries about the extension of the SLA for the transversal contract for the procurement of municipal systems of financials management and internal control (RT25-2016).

The RT25-2016 contract has expired in May 2019. Therefore, the RT25-2016 cannot be utilised to procure financial systems and Service Level Agreements (SLAs) entered into through the transversal contract cannot be extended when they expire. Municipalities that procured systems through the RT25-2016 transversal tender must approach the market to procure a new service provider for system support and maintenance. Due to the high financial investment in procuring financial systems, it is not cost effective to change financial systems every 3 to 5 years. Also, the expiry of the SLA does not necessitate the procurement of a new financial system - unless the system that is being used is not complying with the required business processes and system specifications.

Furthermore, the Municipal SCM Regulations does not prohibit the use of long-term contracts as long as the needs analysis and market analysis are done to justify the continuous need for the service. Municipalities may utilise Section 33 of the MFMA, taking into account the municipality's specific circumstances, provided that the decision is legally sound and there is evidence to support the municipality's decision.

Where a municipality has entered into a SLA for the provision of system support and maintenance through an open procurement process, the SLA may be extended in terms of Section 116(3) of the MFMA.

Notwithstanding the above, since the ICT environment changes very quickly the municipal needs must be re-evaluated to ensure that the IT systems in place are still 1) compatible with the needs and systems of the municipality, 2) aligned to modern technology and new legislative requirements and 3) cost effective prior to concluding long-term maintenance and support agreements in the event that there are other financial management solutions or

systems that may be better or even more cost effective as opposed to the current ones that may be outdated.

5.5 *m*SCOA Monthly Trial Balance

Municipalities are required to submit the following documents to GoMuni Upload portal on a monthly basis in PDF format:

1. C Schedule
2. Primary Bank Statement
3. Bank Reconciliation
4. Quality certificate
5. Monthly budget statement (Section 71 Report)
6. Trial balance

To date, the trial balances were submitted in various formats with varying levels of detail – some of them unreadable, making it difficult to identify the submission of the trial balances. From 1 July 2022, the trial balance must include the following minimum information:

- *m*SCOA item description
- Balance brought forward (i.e. opening balance)
- Movement Debit
- Movement Credit
- Balanced closing balance at the end of the document

The name of the municipality, municipal code and relevant period (year and month) must be clearly identified in the submission. Municipalities should ensure that the monthly data string aligns to the trail balance submitted to the GoMuni Upload portal.

5.6 Budgeting for the COVID-19 pandemic

In terms of *m*SCOA Circular No. 9 municipalities are reminded to record and ring fence all funding and expenditure pertaining to the COVID-19 pandemic when budgeting and transacting.

It is evident from the *m*SCOA data strings that were submitted by municipalities in terms of the monthly Section 71 reporting that not all municipalities are budgeting and reporting on COVID-19 related allocations and expenditure as per the guidance provided. Therefore, the National Treasury is not able to draw complete COVID-19 reports from the *m*SCOA data strings inclusive of the data for all municipalities as yet and the weekly manual reporting is still required.

Once the National Treasury is able to draw COVID-19 reports from the *m*SCOA data strings for the majority of municipalities and the Covid-19 restrictions is lifted as per the Disaster Management Act, 2002 (Act 57 of 2002) and its regulations, the weekly manual reporting will be stopped.

5.7 Costing Segment

The purpose of the costing segment in *m*SCOA is to provide for the recording of the full cost for the four core municipal functions, namely: electricity, water, waste water and waste management as a minimum requirement. These four services are the most significant revenue generating functions within municipalities and essential for setting cost reflective tariffs.

The costing segment does not impact on the financial statements and will be recorded as a ‘below the line cost’ and are recorded in the management accounts to make decisions in

formulating tariffs and cost control. Municipalities must refer to the PSD for the detailed application of the costing segment.

5.8 Classification of the Skills Development Levy

Employers must pay 1 per cent of their employees pay to the skills development levy. This is a contribution of 1 per cent of the total amount paid in respect of salaries to employees, which includes overtime payments, leave pay, bonuses etc. Therefore, this does not constitute employee related cost because it is not a compensation to employees, nor social contributions. Skills Development levy must be classified as operational costs as indicated in the *m*SCOA Project Summary Document (PSD).

5.9 Revised Municipal Property Rates Act Categories

Reference is made to paragraph 4.3 of MFMA Circular No. 107. Municipalities are reminded that section 8 of the Municipal Property Rates Act on the determination of categories of **rateable** properties has been revised through the Local Government Municipal Property Rates Amendment Act, 2014 ("the Amendment Act").

Municipalities were required to implement the new property categorisation framework by not later than 1 July 2021. The *m*SCOA chart Version 6.6 makes provision for the new and the old framework. However, the old framework will be retired in the next version of the chart and municipalities are advised to implement the new property categorisation framework as legislated. Therefore, municipalities cannot use both frameworks to avoid duplication and overstatement of revenue from property rates.

6. The revenue budget

Similar to the rest of government, municipalities face a difficult fiscal environment. The weak economic growth has put pressure on consumers' ability to pay for services, while transfers from national government are growing more slowly than in the past. Some municipalities have managed these challenges well, but others have fallen into financial distress and face liquidity problems. These include municipalities that are unable to meet their payment obligations to Eskom, Water Boards and other creditors. There is a need for municipalities to focus on collecting revenues owed to them and eliminate wasteful and non-core spending.

Municipalities must ensure that they render basic services, maintain their assets and clean environment. Furthermore, there must be continuous communication with the community and other stakeholders to improve the municipality's reputation. This will assist in attracting investment in the local economy which may result in reduced unemployment. Some municipalities are experiencing serious liquidity challenges. Therefore, the new leadership is advised to:

- Decisively address unfunded budgets by reducing non-priority spending and improving revenue management processes to enable collection; and
- Address service delivery failures by ensuring adequate maintenance, upgrading and renewal of existing assets to enable reliable service delivery.

It should be noted that it is easier for consumers to pay for services if they are reliable and when the environment is well maintained.

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation is forecasted to be within the lower limit of the 3 to 6 per cent target band; therefore,

municipalities are required to ***justify all increases in excess of the*** **projected inflation target for 2022/23** in their budget narratives and pay careful attention to tariff increases across all consumer groups. In addition, municipalities should include a detail of their revenue growth assumptions for the different service charges in the budget narrative.

6.1 Maximising the revenue generation of the municipal revenue base

Reference is made to MFMA Circulars No. 93, paragraph 3.1 and No. 98, paragraph 4.1. The emphasis is on municipalities to comply with Section 18 of the MFMA and ensure that they fund their 2022/23 MTREF budgets from realistically anticipated revenues to be collected. Municipalities are cautioned against assuming collection rates that are unrealistic and unattainable as this is a fundamental reason for municipalities not attaining their desired collection rates.

It is essential that municipalities reconcile their most recent valuation roll data to that of the billing system to ensure that revenue anticipated from property rates are accurate. Municipalities should undertake this exercise annually as a routine practice during the budget process. The list of exceptions derived from this reconciliation will indicate where the municipality may be compromising its revenue generation in respect of property rates. A further test would be to reconcile this information with the Deeds Office registry. In accordance with the MFMA Circular No. 93, municipalities are once more requested to submit their annual reconciliation of the valuation roll to the billing system to the National Treasury by no later than **04 February 2022**.

The above information must be uploaded by the municipality's approved registered user(s) using the GoMuni Upload Portal at: https://lguploadportal.treasury.gov.za/. If the municipality experience any challenge uploading the information a request for an alternative arrangement may be emailed to linda.kruger@treasury.gov.za.

6.2 Setting cost-reflective tariffs

Reference is made to MFMA Circular No. 98, paragraph 4.2. The setting of cost-reflective tariffs is a requirement of Section 74(2) of the Municipal Systems Act which is meant to ensure that municipalities set tariffs that enable them to recover the full cost of rendering the service. This forms the basis of compiling a credible budget. A credible budget is one that ensures the funding of all approved items and is anchored in sound, timely and reliable information on expenditure and service delivery (Financial and Fiscal Commission (FFC), 2011). Credible budgets are critical for local government to fulfil its mandate and ensure financial sustainability.

A credible expenditure budget reflects the costs necessary to provide a service efficiently and effectively, namely:

- A budget adequate to deliver a service of the necessary quality on a sustainable basis; and
- A budget that delivers services at the lowest possible cost.

Municipalities are encouraged to utilise the tariff setting tool referenced in MFMA Circular No. 98, item 4.2. This tool will assist in setting tariffs that are cost-reflective and would enable a municipality to recover costs to fulfil its mandate. The National Treasury Municipal Costing Guide is available on the link below on the National Treasury website.

http://mfma.treasury.gov.za/Guidelines/Documents/Forms/AllItems.aspx?RootFolder=%2fGuidelines%2fDocuments%2fMunicipal%20Costing%20Guide&FolderCTID=0x0120004720FD2D0551AE409361D6CB3E122A08

It is also imperative that every municipality is utilising the *m*SCOA cost segment correctly.

6.3 Bulk Account Payments and Concessions

During 2018/19, intense work was undertaken to resolve systemic and structural issues pertaining to the electricity function in municipalities. Core to this work was addressing the escalating Eskom debt that threatened the sustainability of Eskom as well as that of municipalities.

During the process, Eskom agreed to provide relieve in certain areas. Municipalities are reminded of the following concessions that remain in place:

- The interest rate charged on overdue municipal bulk accounts were reduced from prime plus 5 per cent to prime plus 2.5 per cent;
- Payment terms were extended from 15 days to 30 days for municipal bulk accounts; and
- Eskom allocation of municipality payments to capital first and then to interest.

These concessions align to the MFMA and are meant to curb municipal growing debt levels by allowing a more conducive payment regime than what was previously employed. In addition, municipalities are urged to budget for and ring-fence their payment of bulk services. Bulk current account payments must be honoured religiously to avoid stringent application of the bulk suppliers' credit control policy.

Municipalities are also advised to enforce a culture of payment for services through their normal credit control processes. In this regard it should be noted that municipalities are only compensated for free basic services based on an indigent user component calculation through the equitable share. As such, a municipality's allocation of free basic services to all of the municipality's consumers is not funded in the equitable share. Every municipality, during the budget process, must consider the affordability to the municipality when allocating free basic services above the national norm and to consumers other than indigent consumers. **If a municipality has any arrears on any of its bulk supplier's accounts, it must limit its provision of free basic services to registered indigent consumers only**.

In this regard municipalities are reminded to take note of the Constitutional Court decision in **Mazibuko and Others vs City of Johannesburg and Others (CCT 39/09) [2009] ZACC 28; 2010 (3) BCLR 239 (CC); 2010 (4) SA 1 (CC) (8 October 2009)**. The Constitutional Court confirmed that a municipality has the right to disconnect the water service in the event of non-payment. In the case of registered indigent users, water may not be disconnected but can and should be restricted to the national policy limit of 6 kilolitres of water monthly.

6.4 Timeous allocations and clearing of the control accounts

Municipalities are encouraged to clear the control accounts on a monthly basis and to allocate trade and other receivable payments in these suspense accounts to the relevant debtor accounts regularly before the monthly submissions as required by the MFMA. Implementing and enforcing the credit control policy of the municipality whilst payments are not cleared in the control account is negligent and irresponsible. Municipalities are warned against this bad practice, and this must be avoided at all costs.

6.5 Smart Prepaid Meters Solution

The Inter-Ministerial Task Team (IMTT) of the 5th administration appointed a panel to investigate the electricity function to better understand what is causing the non-payment to Eskom. Cabinet subsequently endorsed the panel's recommendation that a smart prepaid solution for all municipalities must be explored. Municipalities are advised that the National Treasury, through the Office of the Chief Procurement Officer (OCPO), will soon facilitate a

transversal contract to standardise prepaid smart meter solutions for electricity that align to minimum and critical technical specifications for local government.

If your municipality or entity is currently in the process of procuring any smart meter solution or is planning to, you are cautioned:

- Against proceeding prior to the OCPO having issued and awarded the transversal prepaid smart meter Terms of Reference (ToR); and
- That, with immediate effect, you must obtain the National Treasury's input prior to proceeding with any current procurement or proposed procurement for any smart meter solution or similar system solution. This is to prevent unnecessary and wasteful expenditure on such solutions. Any request for National Treasury's input on the current or planned procurement of any smart meter solution or similar system solution or component thereof, must be directed to the National Treasury for the attention of the Local Government Budget Analysis Unit (Mr. Sadesh Ramjathan) Sadesh.Ramjathan@treasury.gov.za.

Your assistance in proactively ensuring that the municipality and/ or its entities are not adversely affected by these processes will be appreciated.

6.6 Completeness and credibility of revenue related information in the Budget

The Municipal Budget and Reporting Regulations (MBRR) regulates the minimum level of information required from municipalities when compiling, implementing, monitoring, and evaluating the municipality's financial management situation. Failure to include the minimum required information hampers the municipal council, the public and stakeholders' ability to make informed decisions and engage on the matter. It also limits research, studies, and benchmarking undertaken for local, provincial, and national purposes.

The National Treasury would like to take this opportunity to caution municipalities that the MBRR prescribe the minimum level of information municipalities must include as part of their legal reporting obligations.

Going forward the Treasuries will place increased attention and focus on the adequacy of municipalities' submissions. The National Treasury regards this non-compliance to include the minimum level of information as serious and if persistent will consider applying the available legal sanctions, including recourse in terms of section 216(2) of the Constitution. In this context, National Treasury will particularly focus on the completeness of asset management related information as well as the statistical information required in the A, B and C schedules during the 2022/23 MTREF.

6.7 Eskom Bulk Tariff increases

The National Energy Regulator of South Africa (NERSA) is responsible for price determination of the bulk costs for electricity. Bulk electricity costs are consistently much higher than inflation, having gone as high as 17.8 per cent in the 2021/22 municipal financial year. Eskom's need for increased funding means that over the period ahead they are applying for much higher tariff increases. In their Multi-Year Price Determination (MYPD 5) application Eskom requested approval for municipal bulk tariff increases of 20.5 per cent in 2022/23, 15 per cent in 2023/24 and 10 per cent in 2024/25. NERSA rejected this revenue application at the end of September 2021 and in October 2021 ESKOM filed an application in the High Court to review NERSA's decision. The matter is still in court with a decision anticipated to be made shortly. If Eskom succeeds, the court will compel NERSA to process the rejected application for tariffs for the year starting 1 April 2022 in terms of the existing MYPD methodology. NERSA will then be expected to immediately publish Eskom's application for public comment.

6.8 Long Term Financial Strategies

National Treasury is supporting municipalities to develop and implement long-term financial models and strategies. This reform seeks to develop more sustainable, and integrated infrastructure development programmes over the longer term, informed by strategic plans, and financed in the most effective and efficient manner.

Although some municipalities have long-term financial models (LTFM), they are not always integrated with municipal plans, or based on actual cash flow analysis and investment programmes, or able to consider alternative financial scenarios and outcomes in relation to the ability to borrow and the structuring of market transactions.

Municipalities need to develop LTFM that support decisions on investment selection and assesses the financial impact of policy choices, by forecasting future financial performance and the impact of infrastructure projects on borrowing capacity. The LTFM needs to inform the municipality's long-term financial strategy, which must articulate a sustainable, efficient and effective borrowing strategy and practices for the municipality and provide a clear statement of intent for lenders and other stakeholders.

National Treasury has initiated this reform in the metropolitan municipalities and some of the Intermediate City municipalities and will continue with this reform in the next financial year. Based on the piloting of this reform, guidance will be provided to all municipalities to develop and implement LTFM's and strategies.

7. Funding choices and management issues

Municipalities are under pressure to generate revenue as a result of the economic landscape, the COVID-19 pandemic, weak tariff setting and increases in key cost drivers to provide basic municipal services. The ability of customers to pay for services is declining and this means that less revenue will be collected. Therefore, municipalities must consider the following when compiling their 2022/23 MTREF budgets:

- Improving the effectiveness of revenue management processes and procedures;
- Cost containment measures to, amongst other things, control unnecessary spending on nice-to-have items and non-essential activities as highlighted in the Municipal Cost Containment Regulations read with MFMA Circular No. 82;
- Ensuring value for money through the procurement process;
- The affordability of providing free basic services to all households;
- Not taking on unfunded mandates;
- Strictly control the use of costly water tankers and fix the water infrastructure to enable the sustainable provision of water;
- Prioritise the filling of critical vacant posts, especially linked to the delivery of basic services; and
- Curbing the consumption of water and electricity by the indigents to ensure that they do not exceed their allocation.

Accounting officers are reminded of their responsibility in terms of section 62(1)(a) of the MFMA to use the resources of the municipality effectively, efficiently and economically. Failure to do this will result in the accounting officer committing an act of financial misconduct which will trigger the application of chapter 15 of the MFMA, read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.

7.1 Employee related costs

The Salary and Wage Collective Agreement for the period 01 July 2021 to 30 June 2024 dated 15 September 2021 through the agreement that was approved by the Bargaining Committee of the Central Council in terms of Clause 17.3 of the Constitution should be used when budgeting for employee related costs for the 2022/23 MTREF. In terms of the agreement, all employees covered by this agreement shall receive with effect from 01 July 2022 and 01 July 2023 an increase based on the projected average CPI percentages for 2022 and 2023. The forecasts of the Reserve Bank, in terms of the January 2022 and January 2023, shall be used to determine the projected average CPI. Municipalities are encouraged to perform an annual head count and payroll verification process by undertaking a once-a-year manual salary disbursement, in order to root out ghost employees.

7.2 Remuneration of Councillors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance. It is anticipated that this salary determination will also take into account the fiscal constraints. Municipalities should also consider guidance provided above on salary increases for municipal officials during this process. Any overpayment to councilors contrary to the upper limits as published by the Minister of Cooperative Governance and Traditional Affairs will be irregular expenditure in terms of Section 167 of the MFMA and must be recovered from the councilor(s) concerned.

8. TRANSFERS TO MUNICIPALITIES

8.1 Criteria for the release of the Equitable Share

Section 216(2) of the Constitution of South Africa requires that the National Treasury must enforce compliance with the measures established to ensure both transparency and expenditure control in each sphere of government and may stop the transfer of funds to an organ of state if that organ of state commits a serious or persistent material breach of those measures.

The criteria for the release of the Equitable Share Instalments for the 2022/23 municipal financial year are as follows:

- The 2022/23 adopted budget must be funded and adopted by Council as per the legal framework, as required in terms of section 18 of the MFMA and consistent with the Budget Council and Budget Forum resolutions;
    a. The adopted budget must include budget allocations for bulk suppliers current account payments;
    b. Should the adopted budget still be unfunded, then a funding plan will be required to show how the municipality intends moving progressively out of this position into a funded state, if this plan has been adopted in the past, then a progress report must be submitted on the framework previously shared to guide municipalities which is aligned to the rescue phase of the new approach to Municipal Financial Recovery Service (MFRS);
    c. Those municipalities that adopted an unfunded budget must work with their respective Provincial Treasuries to rectify this position in the lead up to the main adjustments budget process in February 2023; and
    d. A council resolution showing commitment to address the unfunded position must be submitted by these municipalities to the National Treasury by 01 July 2022.

- Credible *m*SCOA data strings and source documents for the 2022/23 MTREF and 2021/22 audits must be generated directly from the core municipal financial system and successfully uploaded to the Local Government GoMuni Portal. Source documents must be submitted in PDF and no excel based spreadsheet/ templates will be accepted;
- The report submitted by bulk suppliers in terms of section 41 of the MFMA must indicate that the current account has been paid timeously in terms of section 65(2)(e) of the MFMA. In addition, where the municipality has a repayment plan with Eskom and/ or the water boards, proof that the current accounts have been paid and a copy of the agreed upon payment plan (or evidence of negotiations underway with creditors) must be submitted to the National and provincial treasuries;
- Municipalities must provide evidence that SARS, pension and other staff benefits deducted from municipal officials have been paid over the appropriate Funds and/ or institutions;
- The information requested in MFMA Circulars No. 93, 98 and 107 on the reconciliation of the valuation roll have been submitted to the National Treasury as per the required timeframes;
- The Competency Regulations reporting requirements have been complied with;
- Provide a copy of the Unauthorised, Irregular, Fruitless and Wasteful (UIF&W) expenditure register, the latest copy of the Municipal Public Accounts Committee (MPAC) recommendations, Council Resolution on UIFW as well as council approved UIFW Reduction Strategy, proof of establishment of the Disciplinary Committee Board (or evidence of progress towards their establishment) and updated audit action plan (where the audit has been completed);
- Those municipalities that received an adverse or disclaimed opinions for the 2020/21 financial year will not receive their funding allocation unless there is a council resolution committing to address these opinions with an implementable plan. The resolution must be signed by each member of the Council and submitted to National Treasury by 1 October 2022;
- The Municipal Financial Recovery Service progress reporting framework for financial recovery plans must be complied with by municipalities under intervention in terms of S139 of the Constitution;
- Additionally, those municipalities that have outstanding audits for both the 2019/20 and 2020/21 financial years as well as municipalities with outstanding 2020/21 audit opinions that also received an adverse or disclaimer opinion in 2019/20, will also not receive their allocation; and
- Any other outstanding documents as per the legal framework have been submitted including the AFS submission (municipality only and consolidated AFS).

Failure to comply with the above criteria will result in National Treasury invoking section 38 of the MFMA which empowers National Treasury to withhold a municipality's equitable share if the municipality commits a serious or persistent breach of the measures established in terms of Section 216(2) of the Constitution which includes reporting obligations set out in the MFMA and National Treasury requests for information in terms of Section 74 of the MFMA.

9. The Municipal Budget and Reporting Regulations

9.1 Schedule A - version to be used for the 2022/23 MTREF

National Treasury has released Version 6.6 of the Schedule A1 (the Excel Formats) which is aligned to Version 6.6 of the *m*SCOA classification framework and must be used when compiling the 2022/23 MTREF budget.

All municipalities must prepare their 2022/23 MTREF budgets in their financial systems and produce the Schedule A1 directly from their financial system.

Municipalities must start early enough to capture their tabled budget (and later the adopted budget) in the budget module in the financial system and must ensure that they produce their Schedule A1 directly out of the budget module. **Manual capturing on A1 schedule version 6.6 is not allowed** in terms of the *m*SCOA Regulations.

National Treasury has protected the A1 schedule version 6.6 in order to ensure that the Schedule A1 generated directly from the financial system and not populated manually.

The budget, adjustments budget and Section 71 monthly reporting Schedules that have been regulated in terms of the MBRR have also been aligned to the *m*SCOA chart version 6.6. The revised MBRR Schedules for the 2022/23 MTREF and its linkages to the financial and non-financial data string are available on the link below:

http://mfma.treasury.gov.za/RegulationsandGazettes/Municipal%20Budget%20and%20Reporting%20Regulations/Pages/default.aspx

9.2 Assistance with the compilation of budgets

If municipalities require advice with the compilation of their respective budgets, specifically the budget documents or Schedule A1, they should direct their enquiries to their respective provincial treasuries or to the following National Treasury officials:

Province	Responsible NT officials	Tel. No.	Email
Eastern Cape	Matjatji Mashoeshoe	012-315 5553	Matjatji.Mashoeshoe@treasury.gov.za
	Abigail Maila	012-395 6737	Abigail.Maila@Treasury.gov.za
Buffalo City	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
Free State	Sifiso Mabaso	012-315 5952	Sifiso.mabaso@treasury.gov.za
	Cethekile Moshane	012-315 5079	Cethekile.moshane@treasury.gov.za
Gauteng	Matjatji Mashoeshoe	012-315 5553	Matjatji.Mashoeshoe@treasury.gov.za
	Abigail Maila	012-395 6737	Abigail.Maila@Treasury.gov.za
Johannesburg and Tshwane	Willem Voigt	012-315 5830	WillemCordes.Voigt@treasury.gov.za
Ekurhuleni	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
KwaZulu-Natal	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
	Kevin Bell	012-315 5725	Kevin.Bell@treasury.gov.za
eThekwini	Sifiso Mabaso	012-315 5952	Sifiso.mabaso@treasury.gov.za

Mpumalanga	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
	Lesego Leqasa		Lesego.Leqasa@treasury.gov.za
Northern Cape	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
	Phumelele Gulukunqu	012-315 5539	Phumelele.Gulukunqu@treasury.gov.za
North West	Willem Voigt	012-315 5830	WillemCordes.Voigt@treasury.gov.za
	Makgabo Mabotja	012-315 5156	Makgabo.Mabotja@treasury.gov.za
Western Cape	Willem Voigt	012-315-5830	WillemCordes.Voigt@treasury.gov.za
Cape Town	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
George	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
Technical issues with Excel formats	Sephiri Tlhomeli	012-406 9064	lgdataqueries@treasury.gov.za

National and provincial treasuries will analyse the credibility of the data string submissions.

9.3 Assessing the 2022/23 MTREF budget

National and provincial treasuries will assess the 2022/23 MTREF budgets to determine if it is complete, funded and complies with the *m*SCOA requirements. The *m*SCOA data strings for the tabled (TABB) and adopted (ORGB) budgets will be used for this assessment.

The **assessment period** of all municipal budget will therefore be from **01 April to 30 June 2022 for both the tabled and adopted budgets**. In this period, the National and provincial treasuries will evaluate all municipal budgets for completeness and for being fully funded. Any adjustment that need to be made must be done before the start of the municipal financial year on 1 July.

Importantly, in order to generate an adopted budget (ORGB) data string, the budget must be locked on the financial system by the 10th working day of July each year. Therefore, once the ORGB data string has been generated, errors in the ORGB can only be corrected via an adjustments budget in February of each year. In terms of the design principles of *m*SCOA, municipalities are not allowed to open the budget on the system for corrections after it has been locked. This means that the tabled budget data string (TABB) should in fact be verified and errors in the TABB should be corrected in the ORGB **before the adopted budget is locked on the financial system and the ORGB data string is generated**.

Amending an unfunded, incomplete and erroneous budget through an adjusted budget is also not encouraged as the National Treasury only considers an adjusted budget in the third and fourth quarter of the financial year for analysis and publication purposes. This will result in overspending and unauthorised expenditure not been monitored in the first six months of the financial year.

The National Treasury would like to emphasise that ***where municipalities have adopted an unfunded budget without a* credible funding plan*, they will be required to correct the funding plan and ensure that it is credible. The credible funding plan must be immediately adopted by the Municipal Council, and the changes to the budget must be effected in the mid-year adjustments budget to ensure compliance with Section 18 of the MFMA***.

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;
- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

The budget and data strings that the municipality submits to National Treasury must be a consolidated budget for the municipality (including entities). The budget of each entity must be submitted on the D Schedule in pdf format.

In the past it was noted that municipalities have challenges to align the audited outcomes on the financial system to A1 Schedule. Municipalities must ensure that the audited figures and

adjusted budget figures captured on the A1 Schedule aligns to the annual financial statements and Schedule B respectively.

10. Submitting budget documentation and A1 schedules for 2022/23 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in a municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in electronic formats. If the annual budget is tabled to council on **31 March 2022**, the final date of submission of the electronic budget documents and corresponding *m*SCOA data strings is **Friday, 01 April 2022**; and
- Section 24(3) of the MFMA, read together with regulation 20(1) of the MBRR, requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury within ten working days after the council has approved the annual budget. However, given that municipalities are generating the annual budgets directly from the financial system as required by the *m*SCOA Regulations and that the budgets must be verified before it is locked on the financial system and transacted against, municipalities must submit the approved budget to the National Treasury and the relevant provincial treasury in electronic formats ***immediately*** after approval by the municipal council. Therefore, if the annual budget is tabled to council **on 31 May 2022**, the final date of submission of the electronic budget documents and corresponding *m*SCOA data strings is **Wednesday, 01 June 2022.**

Since the 2020/21 MTREF, municipalities are no longer required to submit hard copies of all required documents including budget related, Annual Financial Statements and Annual Reports to National Treasury via post or courier services. Electronic copies must be submitted in pdf format to the GoMuni Upload portal.

10.1 Expected submissions for 2022/23 MTREF

The following information should be submitted for the 2022/23 MTREF:

- The budget documentation as set out in the MBRR. The budget document must include the main A1 Schedule Tables (A1 - A10);
- The non-financial supporting tables (A10, SA9, SA11, SA12, SA13, SA22, SA23, SA24 etc. and any other information not contained in the financial data string) in the A1 schedule must be submitted in the prescribed *m*SCOA data string in the format published with Version 6.6 of the A1 schedule;
- The draft and final service delivery and budget implementation plan (SDBIP) in electronic PDF format;
- The draft and final IDP;
- The council resolution for the tabled and adopted budgets;
- Signed Quality Certificate as prescribed in the MBRR for the tabled and adopted budgets;
- D Schedules specific for the entities; and
- A budget locking certificate immediately at the start of the new municipal financial year on 1 July.

10.2 Go Muni Upload Portal

The National Treasury is in the process of finalising the development work on the GoMuni Upload portal. Municipalities, provincial treasuries, system vendors and sector departments should ensure that the names and contact details of the data uploaders or users of the data, as reflected on the LG Database, for their respective institutions are correct and updated as and when changes occur.

10.3 Portals for the submission of information

Municipalities must ensure that the documents are submitted to the correct portals/ mailboxes. These portals/ mailboxes are:

https://lguploadportal.treasury.gov.za (GoMuni Upload Portal) – All documents required in terms of legislation, including:

- *m*SCOA Data Strings by approved registered users;
- Budget-related and in-year documents and schedules (A, B and C) by approved registered users; and
- Reconciliation of the valuation roll to the financial system (as per MFMA Circular No. 93).

Budget related documents and schedules must be uploaded by approved registered users using the GoMuni Upload Portal at: https://lguploadportal.treasury.gov.za/. The GoMuni Upload Portal does not have the same size restrictions encountered with lgdocuments@treasury.gov.za, but requires all documents to:

- Be in PDF format only; and
- Each PDF file must NOT contain multiple document e.g. council resolution and quality certificate within the budget document. Each document type must be identified clearly and uploaded separately.

Municipalities may ***only*** send electronic versions of the above documents to lgdocuments@treasury.gov.za when experiencing problems with the GoMuni Upload Portal.

lgdataqueries@treasury.gov.za – Database related and submission queries and the grant rollover templates.

lgdocuments@treasury.gov.za – Any additional information required by National Treasury that is not listed under the GoMuni Upload portal such as the manual COVID-19 reports.

Please do not submit the same document to ALL the platforms listed above as it means that our Database Team must register the same documents three times which slows down the process. ***Any document/ queries that are submitted to the incorrect portal/ mailbox will be deleted and not processed***.

10.4 Publication of budgets on municipal websites

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (containing audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting public accountability and good governance.

All relevant documents mentioned in this circular are available on the National Treasury website, http://mfma.treasury.gov.za/Pages/Default.aspx. Municipalities are encouraged to visit it regularly as documents are regularly added / updated on the website.

10.5 Communication by municipal entities to National Treasury

Municipal entities should not request meetings directly from National Treasury. National Treasury will only engage the entities through the parent municipalities. This includes all communications apart from the legislative reporting requirements.

10.3 Additional validation rules applicable to data string submissions 22
10.4 Publication of municipal documents 23
10.5 Communication by municipal entities to National Treasury 23

Introduction

This budget circular is a follow-up to MFMA Circular No. 112 that was issued on 06 December 2021. It aims to provide further guidance to municipalities with the preparation of their 2022/23 Medium Term Revenue and Expenditure Framework (MTREF) budgets and should be read together with the budget circulars that have been issued previously.

The grant allocations as per the 2022 Budget Review and the 2022 Division of Revenue Bill are also key focus areas in this circular. Municipalities are reminded to refer to the annual budget circulars of the previous years for guidance in areas of the budget preparation that is not covered in this circular.

1. The South African economy and inflation targets

The world economy is expected to grow by 4.4 per cent this year. This is lower than the 4.9 per cent that was anticipated when tabling the medium-term budget policy statement (MTBPS). The Omicron variant of the coronavirus caused many countries to impose restrictions to manage its spread. In addition, continued imbalances in global value chains have limited the pace of the world's economic recovery.

The South African economy has not been shielded from these global developments. National Treasury has revised South Africa's economic growth estimate for 2021 to 4.8 per cent, from 5.1 per cent at the time of the MTBPS.

This revision reflects a combination of the impact of changes in the global environment, along with South Africa's own unique challenges. Commodity prices, which have supported South Africa's economic recovery, slowed in the second half of 2021.

Also, violent unrest in July, and restrictions imposed to manage the third wave of COVID-19 further eroded the gains South Africa made in the first half of the year.

Industrial action in the manufacturing sector, and the re-emergence of loadshedding, also slowed the pace of the recovery.

Real Gross Domestic Product (GDP) growth of 2.1 per cent is projected for 2022. Over the next three years, GDP growth is expected to average 1.8 per cent.

Headline inflation is expected to remain between 3 to 6 per cent target range over the 2022/23 MTEF.

In summary, the tax revenue in 2021/22 was higher than projections and this was mainly due to commodity price rally. However, these are projected to be short term, and as such long-term spending commitments should not be made based on short term revenue benefits. There are measures in place to reduce expenditure to narrow the budget deficit.

The following macro-economic forecasts must be considered when preparing the 2022/23 MTREF municipal budgets.

Table 1: Macroeconomic performance and projections, 2020 - 2025

Fiscal year	2020/21	2021/22	2022/23	2023/24	2024/25
	Actual	Estimate	Forecast		
CPI Inflation	2.9%	4.5%	4.8%	4.4%	4.5%

Source: Budget Review 2022.

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

2. Key focus areas for the 2022/23 budget process

2.1 Local government conditional grants allocations

Over the 2022 MTEF period, direct transfers to municipalities will grow above inflation, at an annual average rate of 7.9 per cent. Direct conditional grants grow at an annual average rate of 5.3 per cent over the MTEF, while the Local Government Equitable Share (LGES) grows faster, at an annual average rate of 10.3 per cent over the same period.

The higher than inflation growth of allocations to local government is due to additional allocations over the medium term as follows:

- The local government equitable share formula has been updated to account for projected household growth, inflation and estimated increases in bulk water and electricity costs over the 2022 MTEF period. R28.9 billion is added to the LGES over the MTEF to increase coverage of the provision of free basic services; and
- An amount of R1.7 billion over the MTEF is added to the Neighbourhood Development Partnership Grant to fund the continuation of the upscaling of city-led public employment programmes, as part of the Presidential Youth Employment Intervention; and an amount of R347 million over the first two years of the MTEF period is allocated to fund the introduction of the Municipal Disaster Recovery Grant. More detail is provided below.

The Division of Revenue Bill was published on 23 February 2022, following the tabling of the Budget in Parliament. The Bill specifies all local government transfers and municipalities must reconcile their budgets to the numbers published herein.

In terms of the outer year allocations (2023/24 and 2024/25), it is proposed that municipalities conservatively limit funding allocations to the indicative numbers as presented in the 2022 Division of Revenue Act. The DoRB is available at:
http://www.treasury.gov.za/documents/national%20budget/2022/dor.aspx

2.2 Division of Revenue Bill, 2022: changes to local government allocations

Budget Facility for Infrastructure (BFI) Funding – There are reductions of R754 million in 2022/23 and R105 million in 2023/24; and an increase of R621 million in 2024/25 in the *Public Transport Network Grant* to align to the revised implementation plan and cash flow projections for the City of Cape Town's MyCiTi public transport network.

Neighbourhood Development Partnership Grant – R1.7 billion is added to the direct component of the *Neighbourhood Development Partnership Grant* for the eight metropolitan municipalities to fund the continuation of the upscaling of city-led public employment programmes that contribute to informal settlement upgrading, public space and asset maintenance, development and management, greening and cleaning, food security, innovative service delivery, local knowledge and information sharing and management, community safety, environmental services and management and community tourism. This is part of the Presidential Youth Employment Intervention and is a continuation of government's response to job losses due to COVID-19, introduced as part of the stimulus package to respond to the impact of the COVID-19 pandemic during 2020.

Regional Bulk Infrastructure Grant – R1 billion is added to the *Regional Bulk Infrastructure Grant,* funded from the BFI, to fund the continuation of the implementation of the Potable Water Security and Remedial Works project in George Local Municipality.

Integrated National Electrification Programme (Eskom) Grant – R50 million is reprioritised from the *Integrated National Electrification Programme (Eskom) Grant* to finance the operational requirements of the Independent Power Producer Office in 2022/23.

Energy Efficiency and Demand Side Management Grant – R8 million in 2022/23 and 2023/24, respectively is reprioritised from the *Energy Efficiency and Demand-Side Management Grant* to finance the operational requirements within the vote of the Department of Mineral Resources and Energy.

R10 million is shifted from the sport component of the ***Municipal Infrastructure Grant*** **(MIG)** to the ***Integrated Urban Development Grant*** **(IUDG)** in 2022/23, to fund a sport project in Polokwane Local Municipality.

The ***Municipal Disaster Recovery Grant*** is introduced to fund infrastructure recovery in municipalities in KwaZulu-Natal. This grant is allocated R347 million between 2022/23 and 2024/25.

2.3 Changes to gazetted frameworks and allocations

Infrastructure Skills Development Grant (ISDG) – The grant framework for the infrastructure skills development grant is amended to include a condition that municipalities must have a capacitated Project Management Units with qualified people to act as supervisors in terms of the relevant statutory council requirements.

Municipal Infrastructure Grant (MIG) – Over the 2022 MTEF, the Department of Cooperative Governance (DCoG) will introduce an indirect component to the MIG. This is to improve efficiency in grant expenditure to develop more and better-quality infrastructure. The conversion will be done in-year. The criteria as determined by DCoG includes indicators related to expenditure and reliability of infrastructure.

Municipal Systems Improvement Grant – Over the MTEF, a portion of the grant will be utilised to continue to support institutionalisation of the district development model.

Municipal Disaster Relief Grant – The name of the *Municipal Disaster Relief Grant* is changed to the *Municipal Disaster Response Grant*. The objective of the grant remains the same and the change aligns to existing National Disaster Management Centre (NDMC) processes in responding to disasters that have occurred.

Local Government Financial Management (FMG) Grant – Over the 2022 MTEF, the grant framework for the FMG will make provision for the preparation of asset registers.

3. IDP Consultation Process Post 2021 Local Government Elections

Municipalities are advised to refer to the guidance (refer to the email sent by the Department of Cooperative Governance and Traditional Affairs (CoGTA) to all municipalities on 20 October 2021) provided through the joint South African Local Government Association (SALGA)/ Department of Cooperative Governance (DCoG) and National Treasury (NT) Joint Circular No.1 on the transitional measures in relation to the integrated development plan (IDP) consultation process. This circular indicates that the previous municipal councils had an obligation to ensure that the legislative stipulations were complied with. Therefore, they were expected to continue the process of the development of the IDP starting with the development and adoption of the process plans as provided for in section 28 of the Municipal Systems Act,

2000. Municipalities should then implement the adopted budget process plan and conduct the public engagements as per dates they have indicated in the process plan.

4. Municipalities unable to pass the annual budget after 1 July

The provincial executive council must urgently request the Mayor to submit a report outlining detailed reasons and or circumstances that led to failure to approve the annual budget by the 1 July.

The provincial executive council must intervene in terms of section 139(4) of the Constitution and take appropriate steps by issuing a directive to the municipal council to approve a budget and any revenue raising measures necessary to give effect to the budget within a reasonable period.

Section 26(4) and (5) of the MFMA provides for how the expenses can be met pending the approval of a budget through a directive. Provincial Treasuries should establish clear internal processes for reviewing and recommending the approval of withdrawals by their MEC for Finance (templates can be obtained from National Treasury).

The provincial executive council must upon issuing of a directive to the Municipal Council conduct an assessment of the budget tabled by the Mayor against the norms and standards, approved budget process plan, and the outcome of public participation processes.

In the event the Municipal Council fails to approve a budget due to walk out or individual misconduct by a majority of councillors, the Speaker must immediately investigate the conduct of those identified councillors in terms of the Code of Conduct for councillors as provided for in the Municipal Systems Act, 2000.

If in terms of the assessment by the provincial executive council of the tabled budget, it is found that there are no justifiable grounds for not approving the budget, the former must submit/ present the outcome of the assessment to the Municipal Council with a directive to consider the assessment and adopt the budget. If the assessment of the provincial executive council of the tabled budget finds that it does not adhere to the required norms and standards, the directive from the provincial executive council should instruct the council to first amend the budget to remedy this before adopting the budget.

The provincial executive council must, if necessary give the municipal council a further 14 days to approve a tabled budget that complies with norms and standards and incorporates the outcome of public participation, failing which the provincial executive council must consider dissolution of municipal council, approval of a temporary budget and appointment of an administrator as a last resort.

5. Municipal Standard Chart of Accounts (*m*SCOA)

5.1 Release of Version 6.6.1 of the Chart

Version 6.6.1 of the chart will be released through a patch to accommodate the following changes/conditions published in the 2022 Division of Revenue (DoR) Bill:

- The capital leg of the Local Government Financial Management (FMG) grant that was retired in chart version 6.2 of the chart. As per the conditions published in the 2022 DoR Bill, the grant may be used, inter alia, for the acquisition, upgrade and maintenance of financial management systems to produce multi-year budgets, in-year reports, service

delivery and budget implementation plans, annual financial statements, annual reports and automated financial management practices including the *m*SCOA;

- Allocation-in-kind for the MIG grant to make provision for the indirect grant portion of the grant; and
- The name change from Municipal Disaster relief grant to Municipal Disaster Response Grant. Municipalities should take note of this change when they report on COVID-19 in terms of *m*SCOA Circular No. 9.

Version 6.6.1 of the chart will be effective from 01 July 2022 and must be used to compile the 2022/23 MTREF. The patch is available on the link below:
http://mfma.treasury.gov.za/RegulationsandGazettes/MunicipalRegulationsOnAStandardChartOfAccountsFinal/Pages/default.aspx

5.2 Funding Depreciation

From the analysis of the *m*SCOA data strings it is evident that a number of municipalities are allocating non-funding as the funding source in the fund segment for depreciation charges. Depreciation charges must be funded from operational funds such as service charges for electricity if assets are utilised for electricity purposes, service charges water for water management purposes, waste and wastewater management in the same manner and property rates for services like roads that is primarily funded from property rates.

When deprecation is funded, it will assist the municipalities to accumulate sufficient surpluses that must be transferred to cash backed reserves. Depreciation is the method to provide for the replacement of the assets. If depreciation remains a journal without the funds being ring-fenced, municipalities will not be in a financial position to fund future infrastructure assets.

5.3 Application of Costing

The mapping for Table A2 on Financial Performance of the regulated Schedule A was updated to include the costing segment. The costing segment in *m*SCOA provides for the recording of the full cost for the four core municipal functions, namely: electricity, water, wastewater and waste management. It also allows for the charge out of costs between functions and projects. Costing: recoveries was previously recorded as 'revenue: default' in the item segment. However, as the charge out of cost does not present revenue, municipalities must use 'expenditure: default' in the item segment to record the debit and credit of all costing transactions where the charges increase cost and the recoveries decrease the cost per function or project.

Municipalities are also reminded that one of the validation rules that are applied when *m*SCOA data strings are submitted is that costing transactions for charges and recoveries must balance to zero.

5.4 Change in calculation of consumer deposits

The addition of consumer deposits as a funding source in version 6.6 of the *m*SCOA chart impacts on the population of Tables SA30 and A7 in the Schedule A. The calculation will be changed in the 6.6 chart version to the following:

CASH FLOWS FROM FINANCING ACTIVITIES	
Increase in consumer deposits	Consumer deposits FD001001001014 linked to IA001 Deposits
(Decrease) in consumer deposits	Consumer deposit IL001002 :Withdrawals

All payments received in respect of consumer deposits will be picked up utilising the consumer deposit fund source linked to the bank: deposits posting level. The payment of consumer

deposits will be picked up from item liability: consumer deposits: withdrawals posting levels, which represent the outflow of cash.

5.5 NERSA reporting

Municipalities are reminded to complete the D-Forms that the National Energy Regulator of South Africa (NERSA) requires. The National Treasury is currently looking into ways of how the *m*SCOA data strings can be used to populate the NERSA reports and will provide guidance in this regard during 2022.

5.6 Restructuring of the Long-Term Component of Trade Payables

In an effort to assist municipalities to get to a funded budget position, the National Treasury have requested municipalities to negotiate with their major trade creditors like Eskom, Water Boards and the Department of Water Affairs to restructure their outstanding trade creditors. Where the debt owed by a municipality was restructured, in terms of a debt repayment agreement, and the repayment period exceeds a period of 12 months, the debt will remain under *current liabilities trade payables* as per the version 6.6 of the *m*SCOA chart.

The restructuring of debt in the Statement of Financial Position to include the non-current portion through the reclassification of the debt to a *non-current liability of trade payables* under non-current liabilities has a major impact on the working capital requirement disclosure in the funding compliance assessment on Table A8 of the Schedule A and on the entire funding methodology of the National Treasury. The restructuring of debt also affects a number of liquidity measurement ratios such as the Current Ratio, Liquidity Ratio and Creditors to Cash Ratio.

Detailed analysis and careful consideration of the appropriate accounting treatment to ensure that future adjustments to the chart will not compromise the funding methodology of the National Treasury is required. Therefore, any changes required to the *m*SCOA Chart to accommodate the restructuring of the long-term component of trade payables will only be considered for inclusion in version 6.7 of the chart.

The restructuring of the non-current portion should not only impact on the Statement of Financial Position as it requires that municipalities include additional cost in the operation budget for the repayment of the non-current liability, including any finance charges that may be payable as per the repayment agreement. The restructuring of the trade payables without the inclusion of the interest and redemption payments of the non-current liability on the cash flow statement will significantly misstate the funding position of the municipality.

The Budget Funding Assessment Tool used by the National and provincial treasuries to assess the funding position of municipal budgets has been enhanced to include a *Restructuring of Trade Payables Module* to assess the full impact of the restructuring on both the Statement of Financial Position and the impact of interest charges and repayment of the non-current liability on the cash flow position of the municipality. Municipalities that have restructured their trade payables should:

- Indicate this to the respective National and provincial treasuries when submitting their tabled and adopted 2022/23 MTREF budget; and
- Submit the approved agreement with the supplier to the respective National and provincial treasuries with their budget documentation.

The necessary restructuring will then be taken into account in the funding assessment by the respective National and provincial treasuries prior to determining the funding position of the municipality.

5.7 *m*SCOA eLearning

A web-based eLearning course on *m*SCOA will available on the National School of Government (NSG) website from April 2022. This is a self-paced course aimed at all government and municipal officials, especially new employees and interns to on-board them on *m*SCOA.

The course is structured as follows:

Module 1 – The fundamentals of mSCOA (for financial and non-financial officials)
- An overview of the Local Government Budget and Financial Management Reform Agenda and *m*SCOA Legislative Framework;
- *m*SCOA implementation oversight (including the role of internal audit, risk management and councilors); and
- Understanding the *m*SCOA segments.

Module 2 – System and reporting requirements (for financial and non-financial officials)
- An overview of the reporting requirements in a *m*SCOA environment;
- Key business processes that underpins *m*SCOA;
- Minimum system specifications required to comply with the *m*SCOA Regulations;
- Submission of documents and data strings to the National Treasury (i.e. registration process and upload process); and
- Period Control and how to transact and report in period 13, 14 and 15.

Module 3 – Budgeting and transacting on the mSCOA chart (for financial officials)
An understanding of accounting principles and GRAP is required to complete this module.

Municipalities are reminded to budget for the course in their 2022/23 MTREF. For further information, contact the NSG on their website link: https://www.thensg.gov.za.

6. The revenue budget

Similar to the rest of government, municipalities face a difficult fiscal environment. The weak economic growth has put pressure on consumers' ability to pay for services, while transfers from national government are growing more slowly than in the past. Some municipalities have managed these challenges well, but others have fallen into financial distress and face liquidity problems. These include municipalities that are unable to meet their payment obligations to Eskom, Water Boards and other creditors. There is a need for municipalities to focus on collecting revenues owed to them and eliminate wasteful and non-core spending.

Municipalities must ensure that they render basic services, maintain their assets and clean environment. Furthermore, there must be continuous communication with the community and other stakeholders to improve the municipality's reputation. This will assist in attracting investment in the local economy which may result in reduced unemployment. Some municipalities are experiencing serious liquidity challenges. Therefore, the new leadership is advised to:

- Decisively address unfunded budgets by reducing non-priority spending and improving revenue management processes to enable collection; and
- Address service delivery failures by ensuring adequate maintenance, upgrading and renewal of existing assets to enable reliable service delivery.

It should be noted that it is easier for consumers to pay for services if they are reliable and when the environment is well maintained.

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation is forecasted to be within the lower limit of the 3 to 6 per cent target band; therefore, municipalities are required to ***justify all increases in excess of the*** **projected inflation target for 2022/23** in their budget narratives and pay careful attention to tariff increases across all consumer groups. In addition, municipalities should include a detail of their revenue growth assumptions for the different service charges in the budget narrative.

6.1 Maximising the revenue generation of the municipal revenue base

Reference is made to MFMA Circulars No. 93, paragraph 3.1 and No. 98, paragraph 4.1. The emphasis is on municipalities to comply with Section 18 of the MFMA and ensure that they fund their 2022/23 MTREF budgets from realistically anticipated revenues to be collected. Municipalities are cautioned against assuming collection rates that are unrealistic and unattainable as this is a fundamental reason for municipalities not attaining their desired collection rates.

It is essential that municipalities reconcile their most recent valuation roll data to that of the billing system to ensure that revenue anticipated from property rates are accurate. Municipalities should undertake this exercise as a routine practice during the budget process so that supplementary adjustments to the valuation roll are kept up to date. The list of exceptions derived from this reconciliation will indicate where the municipality may be compromising its revenue generation in respect of property rates. A further test would be to reconcile this information with the Deeds Office registry. In accordance with the MFMA Circular No. 93, municipalities are once more requested to submit their reconciliation of the valuation roll to the billing system to the National Treasury on a quarterly basis.

The above information must be uploaded by the municipality's approved registered user(s) using the GoMuni Upload Portal at: https://lguploadportal.treasury.gov.za/. If the municipality experience any challenge uploading the information a request for an alternative arrangement may be emailed to linda.kruger@treasury.gov.za.

6.2 Setting cost-reflective tariffs

Reference is made to MFMA Circular No. 98, paragraph 4.2. The setting of cost-reflective tariffs is a requirement of Section 74(2) of the Municipal Systems Act, 2000 which is meant to ensure that municipalities set tariffs that enable them to recover the full cost of rendering the service. This forms the basis of compiling a credible budget. A credible budget is one that ensures the funding of all approved items and is anchored in sound, timely and reliable information on expenditure and service delivery (Financial and Fiscal Commission (FFC), 2011). Credible budgets are critical for local government to fulfil its mandate and ensure financial sustainability.

A credible expenditure budget reflects the costs necessary to provide a service efficiently and effectively, namely:

- A budget adequate to deliver a service of the necessary quality on a sustainable basis; and
- A budget that delivers services at the lowest possible cost.

Municipalities are encouraged to utilise the tariff setting tool referenced in MFMA Circular No. 98, item 4.2. This tool will assist in setting tariffs that are cost-reflective and would enable a municipality to recover costs to fulfil its mandate. The National Treasury Municipal Costing Guide is available on the link below on the National Treasury website.

http://mfma.treasury.gov.za/Guidelines/Documents/Forms/AllItems.aspx?RootFolder=%2fGuidelines%2fDocuments%2fMunicipal%20Costing%20Guide&FolderCTID=0x0120004720FD2D0551AE409361D6CB3E122A08

It is also imperative that every municipality is utilising the *m*SCOA cost segment correctly.

6.3 Bulk Account Payments and Concessions

During 2018/19, intense work was undertaken to resolve systemic and structural issues pertaining to the electricity function in municipalities. Core to this work was addressing the escalating Eskom debt that threatened the sustainability of Eskom as well as that of municipalities.

During the process, Eskom agreed to provide relieve in certain areas. Municipalities are reminded of the following concessions that remain in place:

- The interest rate charged on overdue municipal bulk accounts were reduced from prime plus 5 per cent to prime plus 2.5 per cent;
- Payment terms were extended from 15 days to 30 days for municipal bulk accounts; and
- Eskom allocation of municipality payments to capital first and then to interest.

These concessions align to the MFMA and are meant to curb municipal growing debt levels by allowing a more conducive payment regime than what was previously employed. In addition, municipalities are urged to budget for and ring-fence their payment of bulk services. Bulk current account payments must be honoured religiously to avoid stringent application of the bulk suppliers' credit control policy.

Municipalities are also advised to enforce a culture of payment for services through their normal credit control processes. In this regard it should be noted that municipalities are only compensated for free basic services based on an indigent user component calculation through the equitable share. As such, a municipality's allocation of free basic services to all of the municipality's consumers is not funded in the equitable share. Every municipality, during the budget process, must consider the affordability to the municipality when allocating free basic services above the national norm and to consumers other than indigent consumers. **If a municipality has any arrears on any of its bulk supplier's accounts, it must limit its provision of free basic services to registered indigent consumers only**.

In this regard municipalities are reminded to take note of the Constitutional Court decision in **Mazibuko and Others vs City of Johannesburg and Others (CCT 39/09) [2009] ZACC 28; 2010 (3) BCLR 239 (CC); 2010 (4) SA 1 (CC) (8 October 2009)**. The Constitutional Court confirmed that a municipality has the right to disconnect the water service in the event of non-payment. In the case of registered indigent users, water may not be disconnected but can and should be restricted to the national policy limit of 6 kilolitres of water monthly.

6.4 Timeous allocations and clearing of the control accounts

Municipalities are encouraged to clear the control accounts on a monthly basis and to allocate trade and other receivable payments in these suspense accounts to the relevant debtor accounts regularly before the monthly submissions as required by the MFMA. Implementing and enforcing the credit control policy of the municipality whilst payments are not cleared in the control account is negligent and irresponsible. Municipalities are warned against this bad practice, and this must be avoided at all costs.

6.5 Smart Prepaid Meters Solution

The Inter-Ministerial Task Team (IMTT) of the 5th administration appointed a panel to investigate the electricity function to better understand what is causing the non-payment to Eskom. Cabinet subsequently endorsed the panel's recommendation that a smart prepaid solution for all municipalities must be explored. Municipalities are advised that the National Treasury, through the Office of the Chief Procurement Officer (OCPO), will soon facilitate a transversal contract to standardise prepaid smart meter solutions for electricity that align to minimum and critical technical specifications for local government.

If your municipality or entity is currently in the process of procuring any smart meter solution or is planning to, you are cautioned:

- Against proceeding prior to the OCPO having issued and awarded the transversal prepaid smart meter Terms of Reference (ToR); and
- That, with immediate effect, you must obtain the National Treasury's input prior to proceeding with any current procurement or proposed procurement for any smart meter solution or similar system solution. This is to prevent unnecessary and wasteful expenditure on such solutions. Any request for National Treasury's input on the current or planned procurement of any smart meter solution or similar system solution or component thereof, must be directed to the National Treasury for the attention of the Local Government Budget Analysis Unit (Mr. Sadesh Ramjathan) Sadesh.Ramjathan@treasury.gov.za.

Your assistance in proactively ensuring that the municipality and/ or its entities are not adversely affected by these processes will be appreciated.

6.6 Critical Notice Affecting STS Meters

Municipalities are alerted that there is a pending business risk to the prepayment metering industry that requires urgency of action. The token identifiers (TID) used to identify each credit token will run out of available numbers in November 2024, at which point all STS meters will stop accepting credit tokens. The remedy is to visit each meter and enter a special set of key change tokens in order to reset the meter memory. Municipalities are advised that the National Treasury, through the Office of the Chief Procurement Officer (OCPO), will soon facilitate a transversal contract for the provision of auditing, re-calibration and re-configuration services for standard transfer specification compliant prepayment meters that align to minimum and critical technical specifications for local government.

If your municipality or entity is currently in the process of procuring for a solution or is planning to, you are cautioned:

- Against proceeding prior to the OCPO having issued and awarded the transversal contract for the provision of auditing, re-calibration and re-configuration services for standard transfer specification compliant prepayment meters Terms of Reference (ToR); and
- That, with immediate effect, you must obtain the National Treasury's input prior to proceeding with any current procurement or proposed procurement for this purpose or any related solution or similar. This is to prevent unnecessary and wasteful expenditure on such solutions. Any request for National Treasury's input on the current or planned procurement of any related solution or similar or component thereof, must be directed to the National Treasury for the attention of the Local Government Budget Analysis Unit (Mr. Sadesh Ramjathan) Sadesh.Ramjathan@treasury.gov.za.

In this regard, municipalities will have two options to choose from:

- Firstly, to pursue the route of auditing, re-calibrating and re-configuring services for standard transfer specification compliant prepayment meters; and
- Secondly, to replace the old meter with a new smart prepaid meter.

For both options, the municipality will have to budget accordingly as no additional funding will be available through the national fiscus.

Your assistance in proactively ensuring that the municipality and/ or its entities are not adversely affected by these processes will be appreciated.

6.7 Completeness and credibility of revenue related information in the Budget

The Municipal Budget and Reporting Regulations (MBRR) regulates the minimum level of information required from municipalities when compiling, implementing, monitoring, and evaluating the municipality's financial management situation. Failure to include the minimum required information hampers the municipal council, the public and stakeholders' ability to make informed decisions and engage on the matter. It also limits research, studies, and benchmarking undertaken for local, provincial, and national purposes.

The National Treasury would like to take this opportunity to caution municipalities that the MBRR prescribe the minimum level of information municipalities must include as part of their legal reporting obligations.

Going forward the Treasuries will place increased attention and focus on the adequacy of municipalities' submissions. The National Treasury regards this non-compliance to include the minimum level of information as serious and if persistent will consider applying the available legal sanctions, including recourse in terms of section 216(2) of the Constitution. In this context, National Treasury will particularly focus on the completeness of asset management related information as well as the statistical information required in the A, B and C schedules during the 2022/23 MTREF.

6.8 Eskom Bulk Tariff increases

The National Energy Regulator of South Africa (NERSA) is responsible for price determination of the bulk costs for electricity. Bulk electricity costs are consistently much higher than inflation, having gone as high as 17.8 per cent in the 2021/22 municipal financial year. Eskom's need for increased funding means that over the period ahead they are applying for much higher tariff increases. In their Multi-Year Price Determination (MYPD 5) application Eskom requested approval for municipal bulk tariff increases of 20.5 per cent in 2022/23, 15 per cent in 2023/24 and 10 per cent in 2024/25. NERSA rejected this revenue application at the end of September 2021 and in October 2021 ESKOM filed an application in the High Court to review NERSA's decision. Following the deliberations, NERSA has approved a 9.6 per cent tariff increase for Eskom starting from April 2022 and this figure accounts for a 3.49 per cent increase in 2022/23.

6.9 Long Term Financial Strategies

National Treasury is supporting municipalities to develop and implement long-term financial models and strategies. This reform seeks to develop more sustainable, and integrated infrastructure development programmes over the longer term, informed by strategic plans, and financed in the most effective and efficient manner.

Although some municipalities have long-term financial models (LTFM), they are not always integrated with municipal plans, or based on actual cash flow analysis and investment programmes, or able to consider alternative financial scenarios and outcomes in relation to the ability to borrow and the structuring of market transactions.

Municipalities need to develop LTFM that support decisions on investment selection and assesses the financial impact of policy choices, by forecasting future financial performance and the impact of infrastructure projects on borrowing capacity. The LTFM needs to inform the municipality's long-term financial strategy, which must articulate a sustainable, efficient

and effective borrowing strategy and practices for the municipality and provide a clear statement of intent for lenders and other stakeholders.

National Treasury has initiated this reform in the metropolitan municipalities and some of the Intermediate City municipalities and will continue with this reform in the next financial year. Based on the piloting of this reform, guidance will be provided to all municipalities to develop and implement LTFM's and strategies.

6.10 Water management

Reference is made to the 2011, Chapter 8 of the Local Government Budget and Expenditure Review (LGBER) which emphasizes the importance of water management.

It has been observed recently in various platforms where municipalities engage with treasuries and the sector deportments that there is no uniformity in reporting water and electricity losses. These are material items and need to be disclosed in planning, budgeting, reporting and in the annual report and Annual Financial Statements in uniform ways in order to track performance. In order to ensure consistency of reporting, the following information must be provided:

Accounting for water sold, non-revenue water and water losses:

- System input volume (kl)
- Water Billings (sum of accounts issued) – volume in kl and rand value
- Free basic water allowance (not included in billings) - volume in kl and rand value
- Physical water losses (estimated): volume in kl and rand value
- Water revenue collected (Rand value)

Accounting for electricity sold and electricity losses:

- Electricity purchased and generated (Electricity input) (kWh)
- Electricity Billings (sum of accounts issued) (KWh and Rand value)
- Free basic electricity allowance (not included in billings) (KWh and Rand value)
- Technical losses (estimated) (KWh and Rand value)
- Electricity revenue collected (Rand value)

In addition, the norms articulated in MFMA Circular No. 71 should also be taken into consideration.

6.11 Unauthorised, Irregular, Fruitless and Wasteful Expenditure (UIFW)

Cabinet adopted the Medium-Term Strategic Framework (MTSF) for 2019-2024 wherein it amongst others, committed that government will reduce irregular expenditure by 75 per cent and fruitless and wasteful expenditure by 100 per cent by 2024. It is important to note that these targets are applicable to each sphere of government. To this end, the Minister of Finance approved the UIFW Reduction Strategy for municipalities which was issued through MFMA Circular No. 111 in November 2021. The latter strategy advocated for municipalities to develop UIFW reduction plans that is approved by the municipal council, with the aim being for municipalities to utilize their 2018/19 UIFW figures as contained in their audited annual financial statements for that financial year as a baseline to develop the reduction plans. Whilst progress has been slow in terms of municipalities developing and submitting these plans to the National Treasury, some municipalities has made strides in this regard.

National Treasury would like again to encourage municipalities to develop the UIFW reduction plans and have it approved by the municipal councils through a council resolution for submission to the National Treasury to the MFMA helpdesk at mfma@treasury.gov.za for the attention of Mr. Wayne McComans on wayne.mccomans@treasury.gov.za. Municipalities are also advised to report progress against these UIFW reduction plans as part of their monthly

section 71 reporting to enable the necessary monitoring and oversight by the National Treasury on the implementation of these plans.

Going forward the Treasuries will place increased attention and focus on the processing of UIFW by municipalities as required by section 32(2) of the MFMA read with MFMA Circular No. 68. The National Treasury regards this consistent non-compliance for failure to adequately process and investigate UIFW as serious and if persistent will consider applying the available legal sanctions, including recourse in terms of section 216(2) of the Constitution.

7. Funding choices and management issues

Municipalities are under pressure to generate revenue as a result of the economic landscape, the COVID-19 pandemic, weak tariff setting and increases in key cost drivers to provide basic municipal services. The ability of customers to pay for services is declining and this means that less revenue will be collected. Therefore, municipalities must consider the following when compiling their 2022/23 MTREF budgets:

- Improving the effectiveness of revenue management processes and procedures;
- Cost containment measures to, amongst other things, control unnecessary spending on nice-to-have items and non-essential activities as highlighted in the Municipal Cost Containment Regulations read with MFMA Circular No. 82;
- Ensuring value for money through the procurement process;
- The affordability of providing free basic services to all households;
- Not taking on unfunded mandates;
- Strictly control the use of costly water tankers and fix the water infrastructure to enable the sustainable provision of water;
- Prioritise the filling of critical vacant posts, especially linked to the delivery of basic services; and
- Curbing the consumption of water and electricity by the indigents to ensure that they do not exceed their allocation.

Accounting officers are reminded of their responsibility in terms of section 62(1)(a) of the MFMA to use the resources of the municipality effectively, efficiently and economically. Failure to do this will result in the accounting officer committing an act of financial misconduct which will trigger the application of chapter 15 of the MFMA, read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.

7.1 Employee related costs

The Salary and Wage Collective Agreement for the period 01 July 2021 to 30 June 2024 dated 15 September 2021 through the agreement that was approved by the Bargaining Committee of the Central Council in terms of Clause 17.3 of the Constitution should be used when budgeting for employee related costs for the 2022/23 MTREF. In terms of the agreement, all employees covered by this agreement shall receive with effect from 01 July 2022 and 01 July 2023 an increase based on the projected average CPI percentages for 2022 and 2023. The forecasts of the Reserve Bank, in terms of the January 2022 and January 2023, shall be used to determine the projected average CPI. Municipalities are encouraged to perform an annual head count and payroll verification process by undertaking a once-a-year manual salary disbursement, in order to root out ghost employees.

7.2 Remuneration of Councillors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of

Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance. It is anticipated that this salary determination will also take into account the fiscal constraints. Municipalities should also consider guidance provided above on salary increases for municipal officials during this process. Any overpayment to councilors contrary to the upper limits as published by the Minister of Cooperative Governance and Traditional Affairs will be irregular expenditure in terms of Section 167 of the MFMA and must be recovered from the councilor(s) concerned.

7.3 Equitable Share allocation

As highlighted in Minister Enoch Godongwana's 2022 Budget Speech, municipalities must be mindful that the Equitable Share is meant to fund basic municipal services to the indigent. Municipalities must ensure that monies are used for the purpose they were allocated for.

8. Transfers to Municipalities

The circular reiterates the requirements of the rollover and unspent conditional grants process in line with conditions outlined in the annual Division of Revenue Act. Municipalities are required to request for a rollover approval against any unspent conditional grants that were allocated through the annual Division of Revenue Act, therefore this section provides guidance to municipalities with regard to the preparation for the 2021/22 unspent conditional grants and roll-over process and should be referenced against previous annual budget circulars.

8.1 Criteria for the rollover of conditional grant funds

In terms of Section 21 of the Division of Revenue Act, 2021 (Act No.9 of 2021) (DoRA) read in conjunction with the Division of Revenue Amendment Act, 2021 (Act No. 17 of 2021) (DoRAA), the Act requires that any conditional allocation or a portion thereof that is not spent at the end of the 2021/22 financial year reverts to the National Revenue Fund (NRF), unless the rollover of the allocation is approved in terms of subsection (2). Furthermore, the receiving officer, provincial treasury and transferring national officer is required to prove to National Treasury that the unspent allocation is committed to identifiable projects, in which case the funds may be rolled over.

When requesting a rollover in terms of section 21(2) of the 2021 DoRA, municipalities must include the following information with their submission to National Treasury:

- A formal letter, signed by the accounting officer addressed to the National Treasury requesting the rollover of unspent conditional grants in terms of section 21(2) of the 2021 DoRA;
- A list of all the projects that are linked to the unspent conditional grants and a breakdown of how much was allocated and spent per project;
- The following evidence indicating that work on each of the projects has commenced, as applicable to the specific rollover(s):

    a) Proof that a contractor or service provider was appointed for delivery of the project before 31 March 2022; or
    b) Proof of project tender and tender submissions published and finalised before 31 March 2022 with the appointment of contractor or service provider for delivery of the service before 30 June 2022 in cases where additional funding was allocated during the course of the final year of the project. Further, municipalities must note the letters issued by National Treasury dated 25 February and 03 March 2022 respectively regarding the Preferential Procurement Regulation, 2017;
    c) Incorporation of the Appropriation Statement; and

d) Evidence that all projects linked to an allocation will be fully utilised by 30 June 2022 (attach cash flow projection for the applicable grant).

- A progress report (also in percentages) on the status of each project's implementation that includes an attached legible implementation plan);
- The value of the committed project funding, and the conditional allocation from the funding source;
- Reasons why the grants were not fully spent during the year of original allocation per the DoRA;
- Rollover of rollovers will not be considered therefore municipalities must not include previous year's unspent conditional grants as rollover request;
- An indication of the time-period within which the funds are to be spent if the roll-over is approved; and
- Proof that the Municipal Manager and Chief Financial Officer are permanently appointed.

No rollover requests will be considered for municipalities with vacant or acting Chief Financial Officers and Municipal Managers for a period exceeding 6 months from the date of vacancy, this also includes acting appointments as a result of suspensions of either MM or CFO that are more than 12 months.

If any of the above information is not provided or the application is received by National Treasury (Intergovernmental Relations Division) after 31 August 2022, the application will not be considered.

In addition, National Treasury will also consider the following information when assessing rollover applications; and reserves the right to decline an application should there be non-performance by the municipality in any of these areas:

- Compliance with the in-year reporting requirements in terms of sections 71 and 72 of the MFMA and section 12 of the 2021 DoRA, including the municipal manager and Chief Financial Officer signing-off on the information sent to National Treasury;
- Submission of the pre-audited Annual Financial Statements to National Treasury by 31 August 2022;
- Accurate disclosure of grant performance in the 2021/22 pre-audited Annual Financial Statements, (i.e. correct disclosure of grant receipts and spending in the notes to the AFS);
- Despite the fact that local government is required to comply to different norms and standards prescribed by different legislations, municipalities are expected to fully comply with the provisions of DoRA that relates to rollover processes and disclose conditional grant performance in the 2021/22 pre-audited Annual Financial Statements in order to verify grant expenditure; and
- Cash available in the bank (net position including short-term investments) as at 30 June 2022 is equivalent to the amount that is unspent as at the end of the financial year. If the amount that is requested for roll-over is not entirely cash backed, such a roll-over will not be approved. National Treasury will also not approve portions of rollover requests.

It should be noted that under no circumstances will the National Treasury consider requests to roll-over:

- The entire 2021/22 allocation to the municipality, in cases whereby the rollover request is more than 50 per cent of the total allocation, National Treasury will approve the rollover amount up to 50 per cent of the 2021/22 allocation;
- Rollover request of the same grant for the third consecutive time;

- Funding for projects constituted through Regulation 32 of the Municipal Supply Chain Management Regulations (Gazette No.27636). Projects linked to additional funding and disasters are exempted; and
- A portion of an allocation where the proof of commitment for the rollover application is linked to invoices that were issued before or on 31 May 2022.

8.2 Unspent conditional grant funds for 2021/22

The 2021/22 unspent conditional process will be managed in accordance with section 21 of DoRA, in order to ensure that the unspent conditional grants against the 2021/22 financial year return to the National Revenue Fund (NRF). In addition to the previous MFMA Circulars, the following practical arrangements will apply:

Step 1: Municipalities must submit their 30 June 2022 conditional grant expenditure reports according to section 71 of the MFMA reflecting all accrued expenditure on conditional grants and further ensure that expenditure reported to both National Treasury and national transferring officers reconcile;

Step 2: When preparing the Annual Financial Statements, a municipality must determine the portion of each national conditional grant allocation that remained unspent as at 30 June 2022. These amounts MUST exclude all interest earned on conditional grants, retentions and VAT related to conditional grant spending that has been reclaimed from SARS, which must be disclosed separately; and

Step 3: If the receiving officer wants to motivate in terms of section 21(2) of the 2021 DoRA that the unspent funds are committed to identifiable projects, the rollover application pack must be submitted to National Treasury by no later than 31 August 2022.

National Treasury will not consider any rollover requests that are incomplete or received after this deadline.

Step 4: National Treasury will confirm in writing whether or not the municipality may retain any of the unspent funds as a rollover based on criteria outlined above by 21 October 2022;

Step 5: National Treasury will communicate the unspent conditional grants amount by 08 November 2022. A municipality must return the remaining unspent conditional grant funds that are not subject to a specific repayment arrangement to the National Revenue Fund (NRF) by 18 November 2021; and

Step 6: Any unspent conditional grant funds that should have, but has not been repaid to the National Revenue Fund (NRF) by 18 November 2021, and for which a municipality has not requested a repayment arrangement, these funds will be offset against the municipality's 07 December 2022 equitable share allocation.

Annexure to MFMA Circular No. 86 addresses all the issues pertaining to Appropriation Statement and reporting on approved roll-overs.

8.3 Importance of section 16 of the Division of Revenue Act

The circular again reiterates the importance of compliance to section 16 of DoRA in relation to the allocation or transfer of funds by municipalities to other organs of state in order to implement projects on behalf of the municipalities.

Section 16 (3) of DoRA states that a receiving officer may not allocate any portion of a schedule 5 allocation to any other organ of state for the performance of a function, unless the receiving officer and the organ of the state agree on the obligation of both parties and a payment schedule, the receiving officer has notified the transferring officer, the relevant provincial treasury and National Treasury of the agreed payment schedule and:

- The allocation
  - i) Is approved in the budget for the receiving provincial department or municipality; or
  - ii) If not already approved;
    - aa) the receiving officer notifies the National Treasury that the purpose of the allocation is not to artificially inflate the expenditure estimates of the relevant municipality and indicates the reasons for the allocation; and
    - bb) the National Treasury approves the allocation; or
- The allocation is for the payment for goods or services procured in accordance with the procurement prescripts applicable to the relevant province or municipality and, if it is an advance payment, paragraph (a) (ii) applies with the necessary changes.

Further, section 16 (4) states that the receiving officer must submit a copy of the agreement envisaged in subsection (3) to the transferring officer and the National Treasury before payment is made.

This section requires municipalities to comply with section 16 (3) before any DoRA allocated funds that are allocated or transferred to any organ of state and the municipality should first seek approval from National Treasury. The allocation includes transfers made to any organ of state in order to perform a function using conditional grants allocated through the DoRA.

Note that National Treasury considers the following when assessing the request from the municipality for approval:

- If the municipality is benefitting and utilising from the five per cent from capital grants that may be utilized for Project Management Unit (PMU). In terms of the capital grant framework (i.e. MIG and the Integrated Urban Development Grant (IUDG) and three per cent for the Urban Settlements Development Grant (USDG) municipalities are allowed to utilise a certain per cent of the grant for PMU or capacity support in order to implement capital projects. Therefore, if municipalities are benefiting from this initiative the PMU should be capacitated enough to implement capital project;
- Municipalities that are benefiting from the added technical support from Municipal Infrastructure Support Agent (MISA) will not be granted approval because MISA would assist with providing support and develop technical capacity towards sustained accelerated municipal capacity and service delivery. This implies that the municipality would be capacitated and be in a better position to implement capital projects; and
- If the request does not comply to the grant conditions, framework and if the transfer artificially inflates the expenditure estimates.

The following information must be submitted to National Treasury before approval is granted to municipalities to transfer funds to other organs of the state:

- In consultation with the relevant transferring officer municipalities must submit their request to National Treasury for approval;
- Provide the time frames regarding the duration of this arrangement between the municipality and the organ of the state;
- Provide the Service Level Agreement (SLA) between the municipality and the organ of state in consultation with the relevant transferring officer;
- Provide the agreed payment schedule reflecting the disbursement of the funds;
- Must provide the reasons why such a decision has been taken by the municipality;
- If amongst the reasons for the request is related to capacity challenges the municipality must therefore prove beyond reasonable doubt that there are capacity challenges and the reasons thereof; and
- Upon approval the municipality must submit the approved budget that includes the allocation.

Note that once the allocation or transfer has been approved the payment for goods or services must be procured in accordance with or in compliance to the procurement prescripts applicable to the relevant municipality. If there is an agreement for an advancement, subsection (a) (ii) will apply in order to determine if the payment does not artificially inflate the expenditure estimates. Further, before funds are transferred, the transferring national officer and National Treasury must agree on the payment schedule.

Therefore, if any expenditure incurred which emanates from such an arrangement while there was non-compliance with section 16, grant conditions and framework, such expenditure will not be recognised by both National Treasury and relevant transferring officer and will be classified as unauthorised expenditure.

9. The Municipal Budget and Reporting Regulations

9.1 Schedule A - version to be used for the 2022/23 MTREF

National Treasury has released Version 6.6.1 of the Schedule A1 (the Excel Specimen) which is aligned to Version 6.6.1 of the *m*SCOA classification framework and must be used when compiling the 2022/23 MTREF budget.

All municipalities **must** prepare their 2022/23 MTREF budgets in their financial systems and produce the Schedule A1 directly from their financial system.

Municipalities must start early enough to capture their tabled budget (and later the adopted budget) in the budget module in the financial system and must ensure that they produce their Schedule A1 directly out of the budget module. **Manual capturing on A1 schedule version 6.6.1 is not allowed** in terms of the *m*SCOA Regulations.

National Treasury has protected the A1 schedule version 6.6 in order to ensure that the Schedule A1 generated directly from the financial system and not populated manually.

The budget, adjustments budget and Section 71 monthly reporting Schedules that have been regulated in terms of the MBRR have also been aligned to the *m*SCOA chart version 6.6.1. The revised MBRR Schedules for the 2022/23 MTREF and its linkages to the financial and non-financial data string are available on the link below:

http://mfma.treasury.gov.za/RegulationsandGazettes/Municipal%20Budget%20and%20Reporting%20Regulations/Pages/default.aspx

9.2 Assistance with the compilation of budgets

If municipalities require advice with the compilation of their respective budgets, specifically the budget documents or Schedule A1, they should direct their enquiries to their respective provincial treasuries or to the following National Treasury officials:

Province	Responsible NT officials	Tel. No.	Email
Eastern Cape	Matjatji Mashoeshoe	012-315 5553	Matjatji.Mashoeshoe@treasury.gov.za
	Abigail Maila	012-395 6737	Abigail.Maila@Treasury.gov.za
Buffalo City	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
Free State	Sifiso Mabaso	012-315 5952	Sifiso.mabaso@treasury.gov.za
	Cethekile Moshane	012-315 5079	Cethekile.moshane@treasury.gov.za

Gauteng	Matjatji Mashoeshoe	012-315 5553	Matjatji.Mashoeshoe@treasury.gov.za
	Abigail Maila	012-395 6737	Abigail.Maila@Treasury.gov.za
Johannesburg and Tshwane	Willem Voigt	012-315 5830	WillemCordes.Voigt@treasury.gov.za
Ekurhuleni	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
KwaZulu-Natal	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
	Kevin Bell	012-315 5725	Kevin.Bell@treasury.gov.za
eThekwini	Sifiso Mabaso	012-315 5952	Sifiso.mabaso@treasury.gov.za
Limpopo	Sifiso Mabaso	012-315 5952	Sifiso.Mabaso@treasury.gov.za
Mpumalanga	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
	Lesego Leqasa		Lesego.Leqasa@treasury.gov.za
Northern Cape	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
	Phumelele Gulukunqu	012-315 5539	Phumelele.Gulukunqu@treasury.gov.za
North West	Willem Voigt	012-315 5830	WillemCordes.Voigt@treasury.gov.za
	Makgabo Mabotja	012-315 5156	Makgabo.Mabotja@treasury.gov.za
Western Cape	Willem Voigt	012-315-5830	WillemCordes.Voigt@treasury.gov.za
Cape Town	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
George	Mandla Gilimani	012-315 5807	Mandla.Gilimani@treasury.gov.za
Technical issues with Excel formats	Sephiri Tlhomeli	012-406 9064	lgdataqueries@treasury.gov.za

National and provincial treasuries will analyse the credibility of the data string submissions.

9.3 Assessing the 2022/23 MTREF budget

National and provincial treasuries will assess the 2022/23 MTREF budgets to determine if it is complete, funded and complies with the *m*SCOA requirements. The *m*SCOA data strings for the tabled (TABB) and adopted (ORGB) budgets will be used for this assessment.

The **assessment period** of all municipal budget will therefore be from **01 April to 30 June 2022 for both the tabled and adopted budgets**. In this period, the National and provincial treasuries will evaluate all municipal budgets for completeness and for being fully funded. Any adjustment that need to be made must be done before the start of the municipal financial year on 1 July.

Importantly, in order to generate an adopted budget (ORGB) data string, the budget must be locked on the financial system by the 10th working day of July each year. Therefore, once the ORGB data string has been generated, errors in the ORGB can only be corrected via an adjustments budget in February of each year. In terms of the design principles of *m*SCOA, municipalities are not allowed to open the budget on the system for corrections after it has been locked. This means that the tabled budget data string (TABB) should in fact be verified and errors in the TABB should be corrected in the ORGB **before the adopted budget is locked on the financial system and the ORGB data string is generated**.

Amending an unfunded, incomplete and erroneous budget through an adjusted budget is also not encouraged as the National Treasury only considers an adjusted budget in the third and fourth quarter of the financial year for analysis and publication purposes. This will result in overspending and unauthorised expenditure not been monitored in the first six months of the financial year.

The National Treasury would like to emphasise that ***where municipalities have adopted an unfunded budget without a* credible funding plan*, they will be required to correct the funding plan and ensure that it is credible. The credible funding plan must be***

immediately adopted by the Municipal Council, and the changes to the budget must be effected in the main adjustments budget to ensure compliance with Section 18 of the MFMA.

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;
- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

The budget and data strings that the municipality submits to National Treasury must be a consolidated budget for the municipality (including entities). The budget of each entity must be submitted on the D Schedule in pdf format.

In the past it was noted that municipalities have challenges to align the audited outcomes on the financial system to A1 Schedule. Municipalities must ensure that the audited figures and adjusted budget figures captured on the A1 Schedule aligns to the annual financial statements and Schedule B respectively.

10. Submitting budget documentation and A1 schedules for 2022/23 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in a municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in electronic formats. If the annual budget is tabled to council on **31 March 2022**, the final date of submission of the electronic budget documents and corresponding *m*SCOA data strings is **Friday, 01 April 2022**; and
- Section 24(3) of the MFMA, read together with regulation 20(1) of the MBRR, requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury within ten working days after the council has approved the annual budget. However, given that municipalities are generating the annual budgets directly from the financial system as required by the *m*SCOA Regulations and that the budgets must be verified before it is locked on the financial system and transacted against, municipalities must submit the approved budget to the National Treasury and the relevant provincial treasury in electronic formats ***immediately*** after approval by the municipal council. Therefore, if the annual budget is tabled to council **on 31 May 2022**, the final date of submission of the electronic budget documents and corresponding *m*SCOA data strings is **Wednesday, 01 June 2022.**

Since the 2020/21 MTREF, municipalities are no longer required to submit hard copies of all required documents including budget related, Annual Financial Statements and Annual Reports to National Treasury via post or courier services. Electronic copies must be submitted in pdf format to the GoMuni Upload portal.

10.1 Expected submissions for 2022/23 MTREF

The following information should be submitted for the 2022/23 MTREF:

- The budget documentation as set out in the MBRR. The budget document must include the main A1 Schedule Tables (A1 - A10);
- The non-financial supporting tables (A10, SA9, SA11, SA12, SA13, SA22, SA23, SA24 etc. and any other information not contained in the financial data string) in the A1 schedule must be submitted in the prescribed *m*SCOA data string in the format published with Version 6.6 of the A1 schedule;
- The draft and final service delivery and budget implementation plan (SDBIP) in electronic PDF format;
- The draft and final IDP;
- The council resolution for the tabled and adopted budgets;
- Signed Quality Certificate as prescribed in the MBRR for the tabled and adopted budgets;
- D Schedules specific for the entities; and
- A budget locking certificate immediately at the start of the new municipal financial year on 1 July.

10.2 GoMuni Upload Portal

The development work on the GoMuni Upload portal has been concluded and municipalities must submit all documents required for the 2022/23 MTREF in terms of legislation, as per the guidance provided in MFMA Circular No 112 dated 06 December 2021, via the GoMuni Upload Portal. The upload portal can be accessed on https://lguploadportal.treasury.gov.za from 01 April 2022.

All municipal officials that currently have access to the LG Upload portal will be granted access to the GoMuni Upload portal. New users will have to complete and submit a *Request for Access* to lgdataqueries@treasury.gov.za. The request form will be available on the GoMuni login page under new registrations.

10.3 Additional validation rules applicable to data string submissions

To ensure that credible data strings are submitted to the GoMuni Upload portal, additional validation rules will be introduced in the 2022/23 MTREF. The credibility and accuracy of the data strings must be verified by municipalities before submission on the GoMuni Upload. The additional validation rules will be implemented on the stage 1 validation. In other words, a data strings that fails the validation will be rejected. The additional rules are as follows:

1. A balanced data string must be submitted. This means that the data strings that is submitted must always be in balance. All the transactions should be included for Revenue, Expenditure, Gains and Losses, Assets, Liabilities and Net Assets;
2. All secondary cost data strings may only be linked to Item: Expenditure: Default. All costing transactions must be linked to Item: Expenditure default as it refers to the reallocation of cost from one function to another or one operational project to another operational project. Where cost is capitalised the costing segment is not used;
3. Inventory for water must be linked to the Function: Water Management. Bulk purchases of Water must only be recorded against the Water management function; and
4. Opening balances must be linked to Project default and Fund: non funding. All opening balances that are not linked to Project default and Non funding will not be valid.

The new validation rules will come into effect from 01 July 2022.

10.4 Publication of municipal documents

Going forward, the following municipal documents will be published on the GoMuni/ Go Public portal:

- Integrated Development Plans;
- Budget Documentation;
- Service Delivery and Budget Implementation Plans;
- Annual Financial Statements;
- Annual Reports; and
- Audit Reports.

Municipal documents submitted to the National Treasury prior to 2022 will be available on the MFMA webpage and can be accesses via the MFMP Share Point Documents option on GoMuni/ Go Public.

GoMuni/ Go Public can be accessed on the following link: https:/lg.treasury.gov.za

10.5 Communication by municipal entities to National Treasury

Municipal entities should not request meetings directly from National Treasury. National Treasury will only engage the entities through the parent municipalities. This includes all communications apart from the legislative reporting requirements.

8.4	MONTHLY FINANCIAL STATUTORY REPORTING: DEVIATIONS FOR APRIL 2022

Collaborator No:
IDP KPA Ref No: **Good Governance and Compliance**
Meeting Date: **18 May 2022**

1. SUBJECT: MONTHLY FINANCIAL STATUTORY REPORTING: DEVIATIONS FOR APRIL 2022

2. PURPOSE

To comply with Regulation 36(2) of the Municipal Supply Chain Management Regulations and Section 36 of the Supply Chain Management Policy 2021/2022 to report the deviations to Council.

3. DELEGATED AUTHORITY

Council

FOR NOTING.

4. EXECUTIVE SUMMARY

Regulation 36(2) of the Municipal Supply Chain Management Regulations and Section 36 of the Supply Chain Management Policy (2021/2022) stipulate that SCM deviations be reported to Council. In compliance thereto, this report presents to Council the SCM deviations that occurred during April 2022.

5. RECOMMENDATION

that Council notes the deviations as listed for the month of April 2022.

6. DISCUSSION / CONTENTS

6.1. Background/Legislative Framework

The regulation applicable is as follows:

GNR.868 of 30 May 2005: Municipal Supply Chain Management Regulations

Deviation from and ratification of minor breaches of, procurement processes

36. (1) A supply chain management policy may **allow the accounting officer**—
(*a*) To **dispense with the official procurement processes** established by the policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only—
(i) in an emergency;
(ii) if such goods or services are produced or available from a single provider only;
(iii) for the acquisition of special works of art or historical objects where specifications are difficult to compile;
(iv) acquisition of animals for zoos; or
(v) in any other exceptional case where it is impractical or impossible to follow the official procurement processes; and

(*b*) to ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

(2) The accounting officer must record the reasons for any deviations in terms of sub regulation (1) (*a*) and (*b*) and **report them to the next meeting of the council**, or board of directors in the case of a municipal entity and include as a note to the annual financial statements.

6.2. Discussion

Reporting the deviations as approved by the Accounting Officer for April 2022:

The following deviations were approved with the reasons as indicated below:

DEVIATION NUMBER	CONTRACT DATE	NAME OF CONTRACTOR	CONTRACT DESCRIPTION	REASON	SUBSTANTIATION WHY SCM PROCESS COULD NOT BE FOLLOWED	TOTAL CONTRACT PRICE R
D/SM 10/22	08 April 2022	STBB	To appoint an attorney's firm to oppose, on behalf of the municipality, the review application instituted by Securitem (Pty) Ltd ("Securitem") against Stellenbosch Municipality and others. The review is in relation to the decision of the Bid Adjudication Committee (BAC) taken on or about 28 January 2022 to regard their tender as non-responsive and to exclude Securitem's bid.	Exceptional case and it is impractical or impossible to follow the official procurement processes.	Securitem served a Notice of Motion on the Municipality on or about 10 March 2022 to review the decision taken by the BAC to regard its bid in Tender B/SM73/21 as non-responsive and to exclude its bid. Securitem applies for an order that its tender be re-evaluated by the BAC and be found responsive/tax compliant. It also applies that it be placed on the list of approved security service providers and be awarded at least Area A. This is in contrast with the resolution taken by the BAC. The Municipality has 5 days to oppose the application instituted by Securitem and 15 court days to provide the Rule 53 record to the Registrar of the High Court. The municipality must further file its opposing papers within 30 days after Securitem has filed its supplementary affidavit or Notice to Stand by its original papers. Although the Municipality has a legal panel in place,	R300 000.00 excl Vat

					STBB Attorneys represented the Municipality in three other Supply Chain matters involving Securitem: - the dispute of Metro City Protection Services when the tender was awarded to Securitem previously, - a claim regarding VAT on the tender awarded to them, - the interdict application instituted by Securitem when the tender was not awarded to them in the last round. The latter matter was withdrawn by their legal team after the municipality opposed the interdict. STBB therefore has extensive knowledge and background about the security services tenders and the Securitem matters. It is impractical to now appoint one of the panel members to deal with this review as STBB Attorneys has the relevant background, institutional experience, and expertise to attend to this matter and in terms of the current legal tender, the Municipality reserved the right to make appointments outside the legal panel, this ensures that the best interest of the Municipality is served especially where a firm was previously involved in a similar or the same matter.	

6.3 <u>Legal Implications</u>

The regulation applicable is:

GNR.868 of 30 May 2005: Municipal Supply Chain Management Regulations: Deviations from and ratification of minor breaches of, procurement processes.

6.4 Staff Implications:

No staff implications

6.5 Previous / Relevant Council Resolutions

None

6.6 Risk Implications

That the market may not be tested.

The measures in place to deal with deviations mitigate the risk to an acceptable level. The auditor general also audit the deviations during the yearly audit

6.7 Comments from Senior Management

The item was not circulated for comment except to Municipal Manager

6.7.1 Municipal Manager

Supports the recommendations.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 6.4

that Council notes the deviations as listed for the month of April 2022.

11.1.1	**SAPS SAFER CITY INITIATIVE**

Collaborator No:
IDP KPA Ref No: **Good Governance**
Meeting Date: **18 May 2022 & 25 May 2022**

1. SUBJECT: SAPS SAFER CITY INITIATIVE

2. PURPOSE OF THE REPORT

To notify Council of the Safer City Initiative introduced by the South African Police Services and the involvement of Stellenbosch Municipality therein.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

The Safer City Initiative aims to create an environment that enhances social and economic transformation in South Africa, through the building of partnerships between communities and government in policing. The concept follows a dedicated integrated and multi-stakeholder approach aimed at achieving safety through technology and other relevant platforms in order to achieve a smart and safer city. Municipalities are to play a key role in delivering this initiative. Registered private security companies, community safety structures and community policing forums will also form an integral part of the project.

Stellenbosch Municipality has a Council approved Community Safety Forum which includes all the role players as per the Safer City Initiative from SAPS. The SAPS is invited and requested to have their Safer City initiative form part of the Stellenbosch Community Safety Forum.

5. RECOMMENDATIONS

(a) that the report on the implementation of the Safer City Initiative be noted and supported;

(b) that the Community and Protection Services Directorate's commitment and participation in the Safer City Initiative, insofar as resources permit, be noted;

(c) that it be noted that the Mayoral Committee Member for Protection Services, Councillor R Badenhorst will represent Stellenbosch Municipality in engagements with SAPS and other stakeholders;

(d) that it be noted that the Senior Manager for Protection Services, Mr Charl Kitching will represent Stellenbosch Municipality's Administration in engagements with SAPS and other stakeholders;

(e) that where the engagements with SAPS and others impact on the services of other directorates the Mayoral Committee Member and Director for those directorates shall be invited to participate; and

(f) that the Safer City Initiative of the SAPS form part of Stellenbosch Community Safety Forum and not as another separate Project with the same intention.

6. DISCUSSION / CONTENT

6.1 Background

The Directorate recognises the value of collaborating with all stakeholders in the safety and security environment for purposes of addressing the prevailing levels of crime and disorder in society. It therefore ascribes to the principles of collaborative governance, which is defined as: ''the process and structures of public management that engage people constructively across the boundaries of public agencies, levels of government, the private sector and civic society through coordination, cooperation and collaboration to realise a public goal that could not be otherwise accomplished, and which creates public value because of the creative nature of the process''. This approach to addressing crime and disorder is well established in the draft IDP, which will govern the Directorate's efforts over the next 5 years.

The National Government's Safer City Initiative, which is currently being prioritized, is in line with this approach as it essentially entails the establishment of a multi-disciplinary collaborative mechanism that provides for the involvement of a range of stakeholders from all sectors of society. To this end, the SAPS identified 10 Cities where they want to have the Safer City Initiative implemented in close collaboration with the Provincial Government. Stellenbosch Municipality is one of the municipalities which will form part of the project.

About the Safer City initiative

The Safer City concept aims at the creation of an environment that enhances social and economic transformation in South Africa through the building of partnerships between communities and government in policing. The concept follows a dedicated, integrated and multi-stakeholder approach aimed at achieving safety through technology and other relevant platforms in order to achieve a smart and safer city. Municipalities are to play a key role in delivering this initiative, while registered private security companies, community safety structures and community policing forums will also be included.

One of the key deliverables of the initiative is the integration and maximisation of technology to fight crime more effectively. This will entail the creation of a ''fusion centre'', which will be a platform for (a) information sharing through a collaborative approach among stakeholders through evidence-led information and (b) joint computer aided dispatch of policing resources.

It is anticipated that a well-functioning fusion centre will significantly contribute to an improved response to emergency situations as well as improved strategic deployment of policing resources aimed at crime prevention.

The strategic objectives of the Safer City Initiative are as follows:

a) To develop shared technology systems to improve safety and security;
b) To maximise the role of civil society as partners of the state, in order to provide a safer and secured environment;

c) To support the creation of an investor climate;
d) To create a crime free environment conducive to socio-economic stability;
e) To ensure strategic alignment between the Municipality's safety and economic strategies linked to the IDP; and
f) To maximise the safety outcomes for communities with the available resources

The desired outcomes of the Safer City Initiative are:

a) Country free of crime and violence (reduced crime and violence)
b) People feeling safe within the municipal boundaries / WC024
c) Increased economic growth in the city (investor confidence)
d) Integrated functional governance system
e) Public confidence and trust in the governance of the municipality

The identified key deliverables of the Safer City Initiative are:

a) Fusion Centre/Integrated Command Centre virtual or physical
b) Intensive CCTV coverage footprint crime hotspots, high risk areas and high-density spaces
c) Digitalization of law enforcement operations e.g., dashcam, bodycams (body worn cameras), drones, license plate recognition and facial recognition
d) Addressing the phenomena of problem and abandoned buildings
e) Functional community safety forum or any integrated safety structure
f) Robust regulatory frameworks e.g., by laws, liquor control, taxi industry and shops
g) Addressing the phenomena of homelessness

The way forward

The Community and Protection Services Directorate welcomes this initiative from the SAPS. As mentioned earlier, Council has approved the establishment of the Community Safety Forum to which the SAPS is the primary stakeholder. The SAPS has committed to have a SAPS member seated in the newly built control room and have access to all CCTV cameras, LPR alerts, etc. To this end Stellenbosch Municipality has and continuously share the existing resources and request that the SAPS has their initiative as part of the Community Safety Forum and not have another platform which will serve the same purpose.

The establishment of the Community Safety Forums (CSF) intention was to have a functional collaborative forum for the purposes of addressing crime and disorder, and is in line with the Directorate's strategic approach, which is entrenched in the IDP. It is also in line with international best practice as far as crime prevention is concerned. The establishment of the CSF as a functional collaborative forum at the scale of what is intended will accommodate the requirements of the Safer City Initiative which will have the potential of implementing the National Crime Prevention Strategy (1996) which was never properly implemented, precisely because of the absence of a collaborative delivery mechanism.

The Community Safety Forum has much to offer the Safer City Initiative, especially in respect of its technology projects and community mobilization initiatives. It therefore supports and request the inclusion of the Safer City Initiative into the Stellenbosch Community Safety Forum and commits to participate in the initiative as far as its available resources permit.

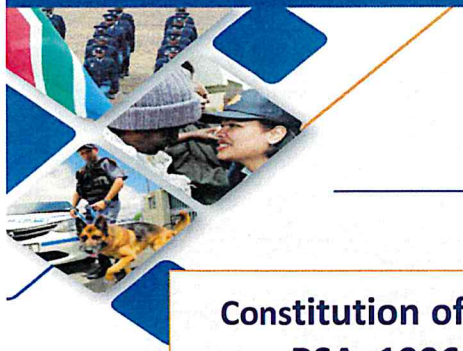
12. Top 10 safest cities, 2021
13. Crime Index, 2022
14. Challenges of Implementation
15. Some Positives
16. Key actions to consider
17. Conclusion

1. Background



SONA- 2019 Announcement by President -Smart City in SA

National Safer City Summit, 19 - 20 March 2019

- National stakeholders
- Regional stakeholders

Safer City Briefing of the Provincial Executives and Local Executives by the National Commissioner and Ministry (ongoing)

2. Policy Framework

Constitution of the RSA, 1996

- Bill of Rights (protection and dignity)
- Section 205

National Development Plan, Vision 2030

- Children and women walk freely
- People feel safe at home and work
- People free of fear of crime

National Crime Prevention Strategy, 1996

- Multi-disciplinary collaboration
- Maximisation of civil society participation
- Active citizenry

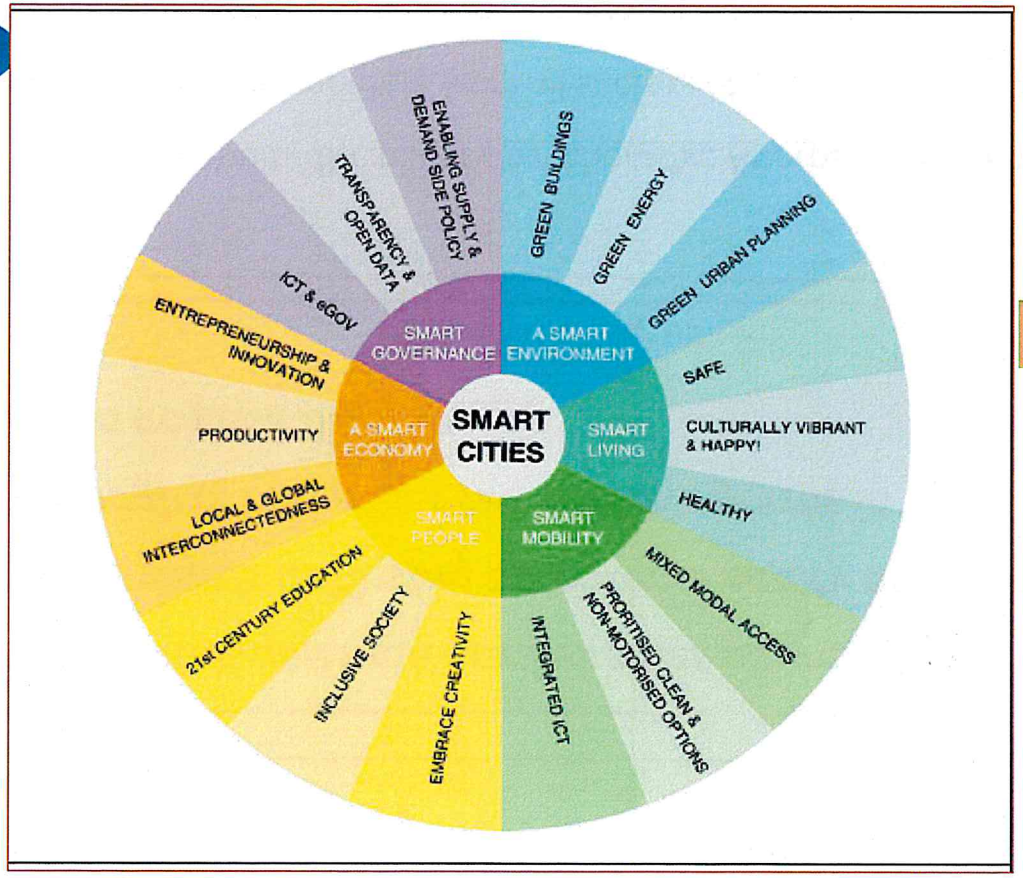
White paper on Safety & Security, 2016

- Effective criminal justice system
- Early intervention and promote safety
- Victims support
- Effective and integrated service delivery
- Safety through environmental design
- Active public and community participation

Department of Corporate Governance (DCoG)Smart Cities Framework

- provide municipalities, national and provincial government, the private sector, civil society and other role players with impartial, factual information about smart cities
- -to guide and coordinate smart city initiatives planned and implemented throughout the country.

DISTRICT MODEL



- Budgeting
- Planning
- Implementation

One Plan

Efficient and effective service delivery to residents of the city/municipality/ district

3. DCoG Smart Cities Components and Initiatives

ENABLERS FOR IMPLEMENTING SMART CITIES

- ✓ Smart City Plan
- ✓ Digital Infrastructure
- ✓ Skilled People
- ✓ Partnerships
- ✓ Community Involvement

* Technology as a starting point but not an enabler

4. What is Safer City

An integrated and multi-stakeholder approach aimed towards achieving an optimal safety using technological and other relevant platforms in order to achieve a smart city.

Characteristics

- *Integrated approach*
- *Multi-agency approach*
- *Integration of resources and knowledge*
- *Technological integration and Inter-operability*

It is a multi-disciplinary collaborative Approach involving a range of stakeholders from all sectors of society, Government, civil society, business, etc. in order to deliver a coordinated, integrated and community-relevant services in response to conditions affecting the well-being of citizens.

5. Desired outcomes of the project

- City free from crime and violence
- People feeling safe within the city/district precinct
- Increased economic growth in the city
- Integrated functional governance system (DDM)
- Public confidence and trust on the governance of the city/district

6. Characteristics of Safer City

Characteristics

- ***Secure***: Public Safety
- ***Sustainable***: Economic, Social and Environmental
- ***Nurturing*** : Education, Innovation regardless of who you are.
- ***Transparent***: Inclusive of Stakeholders inputs and collaborative approach
- ***Adaptable***: Allow holistic change
- ***Humanity***: Consult during, before and after, rather than telling or deciding for people
- ***Proactive***: Emergency response and Disaster Management
- ***Inclusive***: Everyone within the community's desires, needs an hopes regardless of status.

7. Categories of Safer City Index

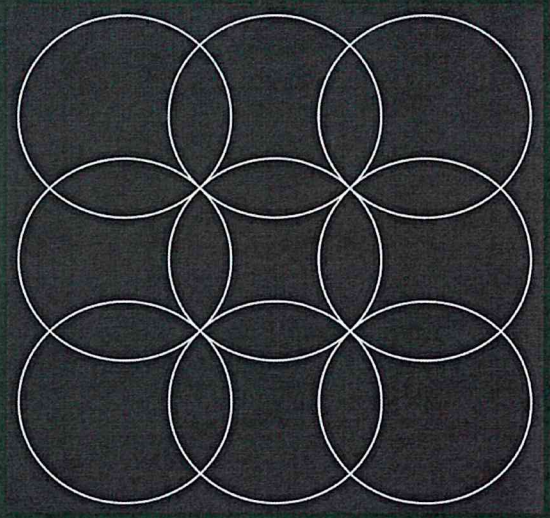
10. Pilot Cities (2020/2021)

- **EThekwini (Durban), KwaZulu Natal**
- **Nelson Mandela Bay, Eastern Cape**
- **Cape Town, Western Cape**
- **Johannesburg, Gauteng**
- **Tshwane, Gauteng**
- **Rustenburg, North West**
- **Mangaung, Free State**
- **Emalahleni, Mpumalanga**
- **Sol Plaatjies, Northern Cape**
- **Polokwane, Limpopo**

11. Ten New Cities/Towns (2021/2022)



- Ekurhuleni, Gauteng
- Randfontein, Gauteng
- Mbombela, Mpumalanga
- UMgungundlovu, Kwa Zulu Natal
- Ugu, KwaZulu-Natal
- King Cetshwayo, KwaZulu-Natal
- Lejweleputswa, Free State
- East London, Eastern Cape
- Doctor Kenneth Kaunda (Potchefstroom), North West
- Stellenbosch, Western Cape

12. TOP 10 SAFEST CITIES -2021 (SAFER CITIES INDEX)

1) Copenhagen (82.4)
2) Toronto (82.2)
3) Singapore (80.7)
4) Sydney (80.1)
5) Tokyo (80,0)
6) Amsterdam (79.3)
7) Wellington (79.0)
8) Hong Kong (78,6)
9) Melbourne (78,6)
10) Stockholm (78.0)

13. CRIME INDEX, 2022 *(Source: Numbeo)*

Rank	Country	Crime Index
1	Venezuela	83.58
2	Papua New Guinea	81.19
3	Afghanistan	77.01
4	**South Africa**	76.06
5	Honduras	74.16
6	Trinidad And Tobago	71.39
7	Guyana	68.93
8	El Salvador	68.65
9	Jamaica	67.84
10	Syria	67.48

14. Challenges

What experience tells us so far...

- lack of appropriate skills (competence)
- inability to integrate resources (silocitis)
- Lack of support for multi-stakeholder collaboration
- poor team structure (no clear governance)
- lack of senior management support
- no committed and dedicated project leader(s)
- unclear roles and responsibilities
- poor or no accountability mechanisms

15. some positives

emerging good practices ....

MAYORAL LEADERSHIP

- PROVISION OF EXECUTIVE LEADERSHIP TO THE TEAM

FUNCTIONAL CSF

- FACILITATION OF VARIOUS KEY STAKEHOLDERS

MUNICIPALITY PLAYING LEADING ROLE

- LEADERS IN SERVICE DELIVERY AT A LOCAL LEVEL

PROTOCOL AGREEMENT IN PLACE

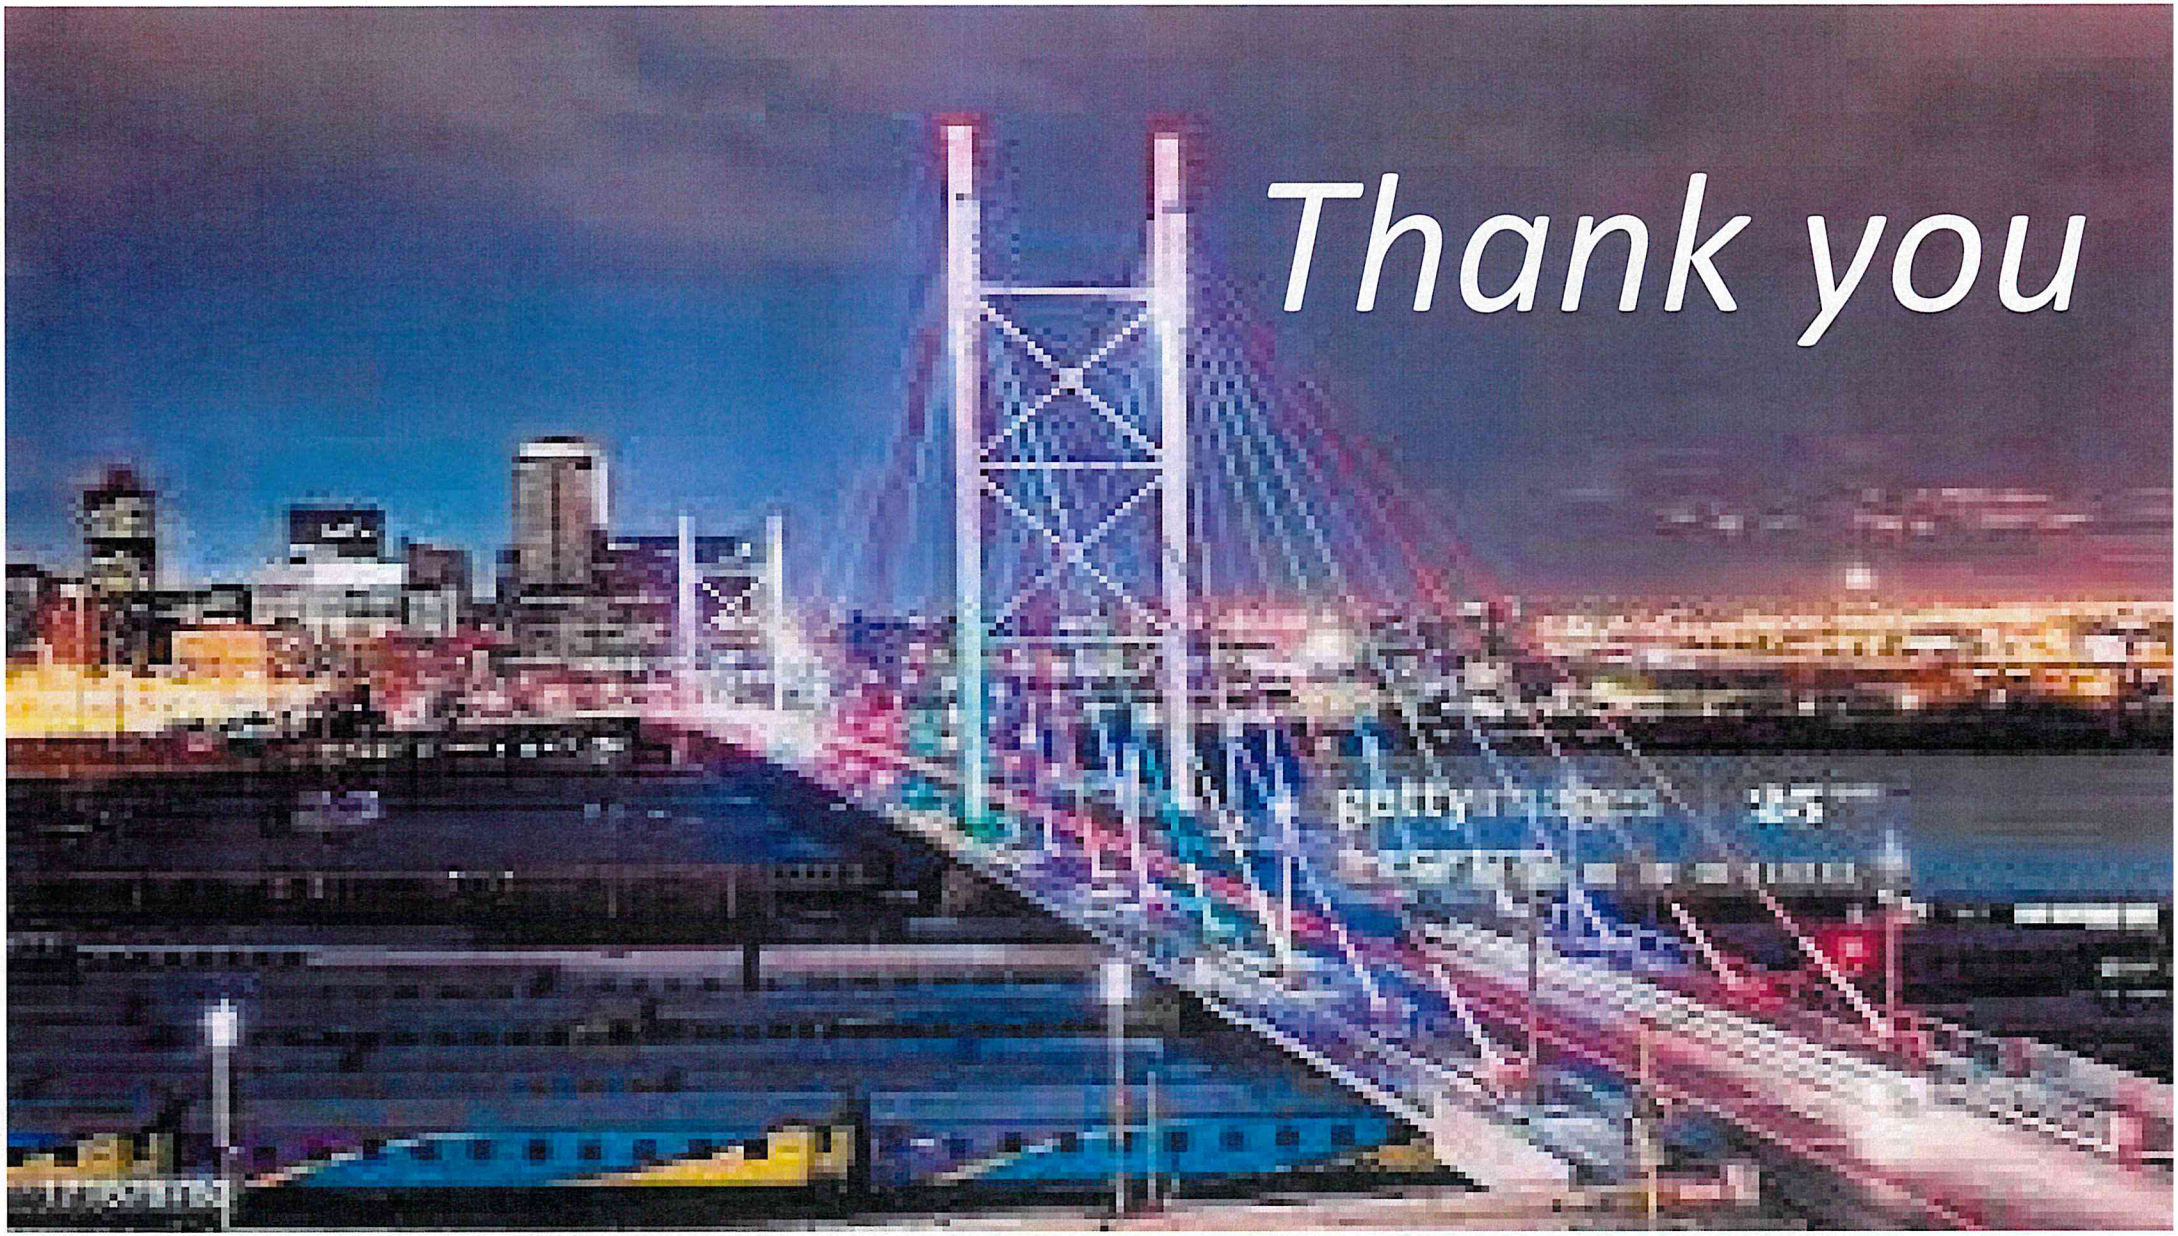
- TO STREAMLINE COLLABORATIONS

16. Key actions to consider

- Appointment of the project coordinator(s)
- Establishment of technical committee
- Identification and consolidation of challenges (needs assessment)
- Prioritisation of focus areas
- Development of project plan
- Formal briefing of the Local Executive/Council

17. Conclusion

Strong collaboration among all stakeholders



- Intensive mutual communication with all relevant stakeholders

Good leadership and strong governance system

- Steering Committee (Integrated)
- Project management (Technical Committee)

Dedicated and competent capacity to drive the project

Unwavering support of the initiative from all stakeholders

Thank you

11.2	YOUTH, SPORTS AND CULTURE: [PC: CLLR R ADAMS]

11.2.1	SECOND AMENDMENT TO CHILDREN'S ACT – IMPLICATIONS FOR LOCAL GOVERNMENT

Collaborator No: 728523
IDP KPA Ref No: Good Governance and Compliance
Meeting Date: 18 May 2022

1. SUBJECT: SECOND AMENDMENT TO CHILDREN'S ACT – IMPLICATIONS FOR LOCAL GOVERNMENT

2. PURPOSE

To inform Council of the proposed Second Amendment Bill to the Children's Act and the resulting financial implications for Local Government.

3. DELEGATED AUTHORITY

FOR DECISION BY MUNICIPAL COUNCIL

4. EXECUTIVE SUMMARY

SALGA requested inputs from municipalities on the proposed Second Amendments to the Children's Act. The proposed amendments have severe financial and staffing implications for municipalities which Council must be made aware of.

5. RECOMMENDATIONS

(a) that Council consider the legal and financial impact of the amendments on municipalities; and

(b) that Council endorse the inputs provided by the CFO and Municipal Manager as a response to SALGA on the matter.

6. DISCUSSION / CONTENTS

6.1. Background

Schedule 4B of the Constitution of South Africa list Child Care Facilities as a competency of Local Government. Legislation relating to the registration, standards and monitoring of these facilities is found in Chapter 4 and 5 of the Children's Act.

On 17 November 2021 Stellenbosch Municipality received an invitation to comment on the Second Amendment Bill of the Children's Act from SALGA with a due date of 22 November 2021. The new Council and Mayco was elected on 23 November 2021 and officials could not provide comment without consulting with council. **(ANNEXURE A)**

6.2. Discussion

In the Children's Second Amendment Bill's Progression report **(ANNEXURE B)** continued reference is made to the MEC / Provincial Head of Social Development as mandated to consult with other government entities on issues relating to Early Childhood Development (ECD). The function of Early Childhood Development is however in the process of migrating to the Department of Basic Education and as such

creates confusion on where the responsibility of ECD registration, services, and monitoring lies.

In the same document the following amendment is made to Section 92 of the Act:

(e) by the insertion of subsection (2C) after subsection (2B) of the following subsection and paragraphs:

"(2C) Municipalities must—
(a) provide and maintain sufficient and appropriate early childhood development centres for the children in its area of jurisdiction, including the maintenance of early childhood development centres that are owned by registered non-profit organisations; and
(b) develop a municipality early childhood development maintenance strategy."

Stellenbosch Municipality has a couple of ECD's operating on municipal property. The following was extracted from the property register:

Erf Number and Area	Lease Holder	Monthly Rent
Medium Term Lease		
1331 Klapmuts	Weltevrede Telly Tubbies	R 566,82
286 Groendal	Kabouterland	R 0,00
12758/9 Stellenbosch	Karlien en Kandas	R 6 540,00
Long Term Lease		
874 Kayamandi	Stellenbosch Gemeente	R 201,64
26 Kayamandi	Stellcare	R 150,00
2183 Kayamandi	Kuyasa Horizon Empowerment	R 4 854.62

The latest list of operational ECD facilities per area are as follow. This list is not exhaustive, but contains the facilities the department is aware of.

Area	Number of Operational ECD's
Kayamandi	63
Klapmuts	22
Pniel	3
Kylemore	4
Idas Valley	6
Cloetesville	8
Franschhoek	33
Farms	40
Jamestown	5
Stellenbosch	6
TOTAL	**190**

Budgeting for the proposed amendment for the building of sufficient centers along with the maintenance of these facilities and facilities owned by NGO's will impact hugely on the municipal budget. It will also influence the staffing structure as provision will have to be made for this function.

In the 2021-2022 financial year R 1 440 000.00 was allocated to ECD facilities through the Grant in Aid process. This however was not necessarily towards maintenance of facilities but provide an indication of Council's current contribution towards the rendering of ECD services.

6.3. Financial Implications

Delivering on the expectations of communities where parents are not able to pay for the Early Childhood Education of their children to build ECD facilities across the municipal area and the associated maintenance cost of these and other facilities will have major financial impact on the municipal budget without an indication of the municipality being able to recuperate the cost of rendering the service.

Further cost will be incurred to safe guard the facilities.

6.4. Legal Implications

Child care facilities are listed in Schedule 4B of the Constitution of South Africa as a local government matter.

The comment provided by the CFO (see 6.8.5) raise concern and provide a possible solution relating to municipalities having to make provision for maintenance on infrastructure on privately owned land. Council need to take note of these inputs and the option of making provision for this through an application process in line with the policy for bodies performing municipal functions.

6.5. Staff Implications

The provision of ECD facilities, management associated with the day-to-day management of lease agreements and maintenance/security cost of facilities and those belonging to NGO's will require additional staff members.

6.6. Previous / Relevant Council Resolutions

None

6.7. Risk Implications

The current wording of the Second Children's Amendment Bill has serious financial and staffing implications for municipalities.

6.8. Comments from Senior Management

6.8.1 ***Director: Infrastructure Services***

Received 24/01/2022: "No comments from Infrastructure Services."

6.8.2 *Director: Planning and Economic Development*

Received 09-02-2022: "The recommendations of the item is supported and the content of the response to SALGA is supported."

6.8.3 ***Director: Community and Protection Services:***

The Director agrees with the item and recommendations.

6.8.4 ***Director: Corporate Services:***

Received 18/03/2022: "I support the comment of the Municipal Manager."

6.8.5 ***Chief Financial Officer:***

Received 16-03-2022: *"*In the absence of a complete maintenance assessment of the ECD facilities it is impossible to determine the financial implications of maintaining these facilities. To address this matter funding will be made available in 2022/2023 budget to develop a ECD maintenance plan. This plan will include amongst others the identification of maintenance projects as well as the financial implications. This will form the basis for future budget provisions.

Furthermore, the municipalities may not spend money on land that does not belong to the municipality and if such centers are then on land belonging to the NGO running the centre the municipality will not be able to spend money there in terms of the MFMA.

Therefor the municipality will need to consider funding these maintenance projects and ECD facilities through the Financing of External Bodies performing municipal functions policy. The ECD facilities will need to apply for funding in terms of the policy and meet the minimum requirements. The applications can be evaluated against the ECD maintenance plan and the projects identified in said plan."

6.8.6 ***Municipal Manager:***

Received 18/03/2022: "The budget implication is unknown at this stage. We need a survey of facilities and a needs analysis of maintenance required to inform what the estimated cost will be."

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.2.1

(a) that Council consider the legal and financial impact of the amendments on municipalities; and

(b) that Council endorse the inputs provided by the CFO and Municipal Manager as a response to SALGA on the matter.

Mr T Lombaard
SALGA WC

Dear Mr Lombaard

RE: Stellenbosch Municipality inputs on the Children's 2nd Amendment Bill

Thank you for the invitation to comment on the above-mentioned Bill as received via email on Wednesday, 17 November 2021. Please note that the council of Stellenbosch Municipality has not yet appointed portfolio councillors and that the content of the Bill has thus not been discussed with the political leadership. We also would have liked to have more time to prepare an in-detail response to your request for comment but will provide you with the following provisional response in order to keep to the deadline provided.

1. The Early Education Centre function's migration from the Department of Social Development to the Department of Education, which is planned to take effect on 1 April 2022, implies that the Minister or MEC for Education should be referenced in sections relating to ECD centres/ programmes and not the Minister or MEC for Social Development.

   Continued reference to the Minister / MEC for Social Development in the Bill contributes to confusion about where the function lies. It is suggested that this be corrected in the Children's 2nd Amendment Bill to ensure a clear indication of which is the responsible department.

2. The following changes in the Bill has significant financial and staffing implications for municipalities: Section 92 of the principal Act

   ""(2C) Municipalities must—

   (a) provide and maintain sufficient and appropriate early childhood development centres for the children in its area of jurisdiction, including the maintenance of early childhood development centres that are owned by registered non-profit organisations; and

   (b) develop a municipality early childhood development maintenance strategy."

It is herewith confirmed that formal municipal comment/opinion on the above matter is reserved until the municipality can inform and consult with the newly elected political leadership, whereafter a formal response will be provided to SALGA.

Kind regards

M Aalbers

ANNEXURE B

Second Children's Amendment Bill Technical Team

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Section 1 of the Children's Act, 2005 (hereinafter referred to as the principal Act), is hereby amended—				
Section 1 of the Children's Act, 2005 (hereinafter referred to as the principal Act), is hereby amended—	New	New	by the insertion after the definition of "commissioning parent" of the following definition: '**conditional registration**' means the status of registration that is awarded to an early childhood development programme that has not fully complied with the requirements for full registration	To introduce and clarify the new terms in S98
	New	New	by the insertion after the definition of "conditional registration" of the following definition: '**conditions relating to registration**' means the conditions that are attached to full registration as contemplated in the regulations to which an early childhood development programme must comply with.	To introduce and clarify the new terms in S98
	New	by the insertion after the definition of "drop-in centre" of the following definition: **'early childhood development centre'** means a facility that provides an early childhood development programme, for children from birth to school going age; and	by the insertion after the definition of "drop-in centre" of the following definition: '**early childhood development centre**' means a facility that provides an early childhood development programme <u>for more than six children</u> from birth to school going age;	To assist with the implementation of Schedule 4B in the constitution. The term ECD Centre is also used in the newly inserted S92 (2C)
	'early childhood development services' means services referred to in section 91 (2); [Definition of 'early childhood development services' inserted by s. 3 *(g)* of Act 41 of 2007 (wef 1 April 2010).]	by the substitution for the definition of "early childhood development services" of the following definition: **'early childhood development services'** means a service or support provided to children from birth to school going age or a service or support provided to a child's parent, guardian or care-giver with the intention to promote the child's emotional,	**'early childhood development services'** means services referred to in section 91(2); [Definition of 'early childhood development services' inserted by s. 3 *(g)* of Act 41 of 2007 (wef 1 April 2010).]	The definition for ECD services were rather updated in the definition in S92(2). This is to follow the same format as the definition for ECD programmes.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		cognitive, sensory, spiritual, moral, physical, social and communication development as contemplated in section 91(2).		
	New	New	by the insertion after the definition of "school" of the following definition: **'school-going age'** means the compulsory school-going age as contemplated in section 3 of the South African Schools Acts 1996 (Act No. 84 of 1996).	Included to strengthen the updated definitions of ECD programmes and ECD services in S92(2) and S92(3)
Section 76(1)	**76 Partial care** Partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents or caregivers during specific hours of the day or night, or for a temporary period, by agreement between the parents or caregivers and the provider of the service, but excludes the care of a child (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; or (c) by a hospital or other medical facility as part of medical treatment provided to the child., [S. 76 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	**76. (1) Partial care** [Partial] Subject to subsection (2), partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents, guardians or care-givers during specific hours of the day or night, or for a temporary period, by agreement between the parents, guardians or care-givers and the provider of the service, but excludes the full time care of a child— (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; or (c) by a hospital or other medical facility as part of medical treatment provided to the child. (d) by an early childhood development centre as contemplated in section 1 (2) A partial care facility operated or managed by the Department, provincial department or a municipality may register in accordance with section 80 if there are less than 6 children being cared for.".	The following section is hereby substituted for section 76 of the principal Act - "Partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents, guardians or care-givers during specific hours of the day or night, or for a temporary period, by agreement between the parents, guardians or care-givers and the provider of the service, but excludes the care of a child— (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; **[or]** (c) by a hospital or other medical facility as part of medical treatment provided to the child; or (d) at an early childhood development programme as contemplated in section 91.	Included reference to guardians. Excluded reference to 'full time'. Included new S76(d)

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Amendment of section 91 of Act 38 of 2005 as amended by section 4 of Act 41 of 2007				
Section 91 of the principal Act is hereby amended—	**91 Early childhood development** (1) Early childhood development, for the purposes of this Act, means the process of emotional, cognitive, sensory, spiritual, moral, physical, social and communication development of children from birth to schoolgoing age.	(a) by the substitution for subsection (1) of the following subsection: "(1) Early childhood development, for the purposes of this Act, means the process of emotional, cognitive, sensory, spiritual, moral, physical, social and communication development of children from birth to school going age or, in the case of a child with developmental difficulties and disabilities, until the year before the child enters school."; (b) by the deletion of subsection (2); and	Keep the definition for early childhood development as in the original act	Retain the original definition as it is currently in the Act. Definition of school-going age, included in definition section.
	(2) Early childhood development services means services *(a)* intended to promote early childhood development; and *(b)* provided by a person, other than a child's parent or caregiver, on a regular basis to children up to schoolgoing age.		(a) by the substitution of subsection (2) of the following subsection: "(2) Early childhood development services, for the purposes of this Act, means services or support provided to children from birth to school going age, by a person other than a child's parent, guardian or care-giver with the intention to promote the child's emotional, cognitive, sensory, spiritual, moral, physical, social and communication development.".	Updated S92(2) to include changes suggested in the definition section. To ensure consistency with the definition for ECD programmes, ECD services are now defined in S92(2) and reference is made to this definition in the definition section.
	(3) An early childhood development programme means a programme structured within an early childhood development service to provide learning and support appropriate to the child's developmental age and stage. [S. 91 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	(c) by the substitution for subsection (3) of the following subsection: "(3) An early childhood development programme, as prescribed, is a program that provides one or more forms of daily care, development, early learning opportunities and support to children from birth until school going age.	(b) by the substitution for subsection (3) of the following subsection: "(3) An early childhood development programme is any type of programme that provides one or more forms of daily care, development, early learning opportunities and support to children from birth until school going age.". (c) by the insertion of subsection (3A) after subsection (3): "(3A) Different types of early childhood development programmes, include:	Agree with the need to define the modalities, but decided to define the modalities in line with Form 11 and the National Integrated ECD Policy. 'Reference to 'any type of programme that provides one or more forms of daily care, development, early learning

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			(a) programmes provided in early childhood development centres such as: (i) Creches; (ii) Edu-care centres; and (iii) Day-care centres. (b) programmes provided through non-centre based programme, are: (i) Parent support groups; (ii) Outreach programmes; (iii) Play groups; (iv) Child-minders; (v) Toy-libraries; and (vi) Mobile programmes.". (d) by the insertion of subsection (3B) after subsection (3A): "(3B) Early childhood development programmes do not include- (a) care provided in: (i) a partial care facility (ii) a child and youth care centre; (iii) a drop-in centre; (iv) a hospital or other medical facility as part of medical treatment provided to the child; (v) a homeless shelter; and (vi) a women's refuge; (b) care provided for a child by a person with parental responsibility for the child.".	opportunities and support to children from birth until school going age". Also included section 3A to define the different types of programmes and 3B to exclude other partial care facilities.
Amendment of section 92 of Act 38 of 2005 as inserted by section 4 of Act 41				
Section 92 of the principal Act is hereby amended—	**92 Strategy concerning early childhood development** (1) The Minister, after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government	(a) by the insertion after subsection (1) of the following subsections: "(1A) The Minister must consult with the Ministers of Basic Education, Finance, Health, Higher Education and Training, Transport Corporative Governance and Traditional	(a) by the substitution in subsection (1) by the following subsection: "(1) The Minister, after consultation with interested persons and the Ministers of Basic Education, Finance, Health, Higher Education and Training, Cooperative Governance and Traditional Affairs	Subsection (1) updated to include "to the powers provided for in s97(5)", as well as the new names for Departments.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
	and Transport must include in the departmental strategy a comprehensive national strategy aimed at securing a properly resourced, coordinated and managed early childhood development system, giving due consideration as provided in section 11, to children with disabilities or chronic illnesses.	Affairs and any other Minister, MEC for social development, stakeholder or organisation that may have an interest in the matter before developing the national strategy contemplated in subsection (1). (1B) The national strategy contemplated in subsection (1) must be incorporated in the departmental strategy."	and Transport and any other Minister, must include in the departmental strategy a comprehensive national strategy aimed at **[securing a properly resourced, co-ordinated and managed early childhood development system]** ensuring an appropriate spread of early childhood development programmes throughout the Republic, giving due consideration to the powers provided for in section 97(5), and as provided in section 11, to children with disabilities or chronic illnesses.".	Sections (1A) and (1B) deleted.
	(2) The MEC for social development must *(a)* maintain a record of all the early childhood development programmes registered in the province; and *(b)* within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, coordinated and managed early childhood development system.	(b) by the substitution in subsection (2) for paragraph (a) of the following paragraph: "(a) maintain a record of all the early childhood development programmes registered in the province with specific mention of inclusive programmes; and"; (c) by the substitution in subsection (2) for paragraph (b) of the following paragraph: "(b) within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, co-ordinated and managed inclusive early childhood development system.".	(b) by the substitution in subsection (2) of the following subsection: "(2) A provincial head of social development must within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, coordinated and managed inclusive early childhood development system.". (c) by the insertion of subsection (2A) after subsection (2) of the following subsection and paragraphs: "(2A) The provincial strategy must include measures – (a) facilitating the establishment and operation of sufficient early childhood development programmes in that province; (b) prioritising those types of early childhood development programmes most urgently required; and (c) liaising with municipalities on facilitating the identification and provision of suitable premises.".	The relevant section from S103K have been integrated into 92(2) Included the suggested section on municipalities as per the inputs received by COGTA.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			(d) by the insertion of subsection (2B) after subsection (2A) of the following subsection and paragraphs: "(2B) The provincial head of social development must – (a) maintain a record of all early childhood development programmes in the province, the types of early childhood development programmes and the number of each type of programme; (b) assess the adequacy of the available infrastructure based on prescribed norms and standards; (c) compile a profile of the children in that province in the prescribed manner; and (d) conduct inspections at the prescribed intervals of early childhood development programmes in the province to enforce the provisions of this Act.". (e) by the insertion of subsection (2C) after subsection (2B) of the following subsection and paragraphs: "(2C) Municipalities must— (a) provide and maintain sufficient and appropriate early childhood development centres for the children in its area of jurisdiction, including the maintenance of early childhood development centres that are owned by registered non-profit organisations; and (b) develop a municipality early childhood development maintenance strategy.".	
	(3) The MEC for social development must compile a provincial profile at the prescribed

	intervals in order to make the necessary information available for the development and review of the strategies referred to in subsections (1) and (2). [S. 92 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	[None]	[None]	
Amendment of section 93 of Act 38 of 2005 as inserted by section 4 of Act 41 of 2007				
4. Section 93 of the principal Act is hereby amended—	**93 Provision of early childhood development programmes** (1) The MEC for social development may, from money appropriated by the relevant provincial legislature, provide and fund early childhood development programmes for that province.	[None]	[None]	Proclamation will take care of the function shift.
	(2) An early childhood development programme must *(a)* be provided in accordance with this Act; and *(b)* comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.	[None]	(a) by the substitution of subsection (2) paragraph (a) of the following paragraph: "(a) be provided, managed and maintained in accordance with this Act; and"	Included "managed and maintained"
	(3) The provider of an early childhood development programme only qualifies for funding contemplated in subsection (1) if such provider complies with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.	(a) by the insertion after subsection (3) of the following subsection: "(3A) A conditionally registered early childhood development programme may qualify for funding notwithstanding only partial compliance with the prescribed national norms and standards.";	(b) by the insertion after subsection (3) of the following subsection: "(3A) A conditionally registered early childhood development programme may qualify for funding notwithstanding only partial compliance with the prescribed national norms and standards.".	Kept reference to conditionally registered, because otherwise it may contradict subsection (3). We will rather amend the norms and standards to allow for a mechanism such as the pre-registration grant.
	(4) The funding of early childhood development programmes must be prioritised	(b) by the substitution in subsection (4) for the words preceding paragraph (a) of the following words:	(c) by the substitution in subsection (4) for paragraph (a) of the following paragraph:	Rejected insertion before subsection (4) because funding must be prioritised.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
	(a) in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children; and *(b)* to make early childhood development programmes available to children with disabilities.	"(4) The MEC for social development may prioritise and fund early childhood development programmes—"; (c) by the substitution in subsection (4) for paragraph (a) of the following paragraph: "(a) in poverty declared wards in the province, taking into consideration the national and provincial strategies contemplated in section 92 and in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children; **[and]**"; (d) by the insertion in subsection (4) after paragraph (a) of the following paragraph: "(aA) in rural areas; and";	"(a) in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children"; **[and]** (d) by the insertion in subsection (4) after paragraph (a) of the following paragraph: "(aA) in rural areas; and".	Reject reference to poverty declared wards as this is an unfamiliar term. Include reference to rural areas.
	(5) An early childhood development programme must be provided by *(a)* a partial care facility providing partial care services for any children up to schoolgoing age; and *(b)* a child and youth care centre which has in its care any children up to schoolgoing age.	(e) by the substitution in subsection (5) for the words preceding paragraph (a) of the following words: "(a) An early childhood development programme **[must]** may be provided by—";	[None]	No amendment to original Act required.
	(6) Any other person or organisation not disqualified in terms of section 97 (3) may provide early childhood development programmes, provided that those programmes comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.	(g) by the substitution for subsection (6) of the following subsection: "(6) Any other person, organisation, Department, provincial department of social development or municipality not disqualified, in terms of section 97(3), may provide early childhood development programmes, provided that those programmes comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.".	(e) by the substitution for subsection (6) of the following subsection: "(6) Any **[other]** person, **[or]** organisation, Department, provincial department of social development or municipality not disqualified in terms of section 97(3) may provide early childhood development programmes, provided that those programmes comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.".	'other' deleted and included new reference to Department, provincial department or municipality

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Amendment of section 94 of Act 38 of 2005 as inserted by section 4 of Act 41 of 2007				
Section 94 of the principal Act is hereby amended—	**94 National norms and standards for early childhood development programmes** (1) The Minister must determine national norms and standards for early childhood development programmes by regulation after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government and Transport.	[None]	(a) by the substitution of subsection (1) of the following subsection: "(1) The Minister must determine national norms and standards for <u>different types of</u> early childhood development programmes by regulation after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government and Transport.". (b) by the insertion of subsection (1A) after subsection (1): "<u>(1A) The norms and standards determined by the Minister must include minimum requirements for conditional registration in respect of all early childhood development programmes.".</u>	Included "different types of". Also included subsection (1A)
	(2) The prescribed national norms and standards contemplated in subsection (1) must relate to the following: *(a)* The provision of appropriate developmental opportunities; *(b)* programmes aimed at helping children to realise their full potential; *(c)* caring for children in a constructive manner and providing support and security; *(d)* ensuring development of positive social behaviour; *(e)* respect for and nurturing of the culture, spirit, dignity, individuality, language and development of each child; and *(f)* meeting the emotional, cognitive, sensory, spiritual, moral, physical, social and communication development needs of children.	(a) by the substitution in subsection (2) for paragraph (c) of the following paragraph: "(c) caring for children in a constructive manner and providing protection, support and security;"; and (b) by the deletion of the word "and" at the end of subsection (2) (e); (c) by the substitution in subsection (2) for paragraph (f) of the following paragraph: "(f) meeting the emotional, cognitive, sensory, spiritual, moral, physical, social and communication development needs of children**[.]**; and" and (d) the insertion in subsection (2) after paragraph (f) of the following paragraph: "(g) relevant qualification, skills and training required for early childhood development programmes.".	(c) by the substitution of subsection (2) for the following subsection: "(2) The prescribed national norms and standards contemplated in subsection (1) must relate**,** <u>amongst other things,</u> to the following: <u>(a) nurturing environments that provide protection, support and security;</u> <u>(b) appropriate and adequately resourced environments for play and learning;</u> <u>(c) group size and ratios;</u> <u>(d) support for children with disabilities;</u> <u>(e) support and information for parents and caregivers;</u> <u>(f) record-keeping;</u> <u>(g) qualifications, skills and training; and</u> <u>(h) differentiated minimum health and safety standards for different types of ECD programmes.".</u> (d) by the insertion of subsection (2A) after subsection (2) of the following subsection: -	A minimum set of suggested norms and standards included. The extended list was not included as many of the items in the extended list are included in the captured paragraphs. The actual norms and standards will go into the details. Proposed subsections (2A) and (2B) also included. Suggested paragraph 2A included, but has been amended to refer to the National Curriculum. Since paragraph 2A refers more comprehensively to

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			"(2A) An early childhood development programme provided in terms of this section must provide structured early learning and development opportunities in line with National Curriculum Framework from Birth to Four published by the Department for Basic Education.".	ECD programmes, there is no need for the suggested paragraph 2B.
	(3) An early childhood development programme provided in terms of this section must be appropriate to the needs of the children to whom the programme is provided, including children with a disability, chronic illness and other special needs. [S. 94 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	[None]	(e) by the substitution of subsection (3) of the following subsection: - "(3) An early childhood development programme provided in terms of this section must, where applicable, be appropriate to the needs of the children to whom the programme is provided, including children with a disability, chronic illness and other special needs."	Did not include suggestion, as most ECD programmes will not be able to achieve this. Amended subsection (3) to include "where applicable"
Section 95	**95 Early childhood development programme to be registered** (1) A person or organisation providing an early childhood development programme must*(* *a)* register the programme with the provincial head of social development of the province where that programme is provided; *(b)* provide the programme in accordance with any conditions subject to which the programme is registered; and *(c)* comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed. (2) The Minister may by regulation exempt any person or organisation or any category of person or organisation from the requirement to	[None]	[None]	Suggested inputs by technical team not included, but the reference to more than 6 children has been included in the definition of an ECD centre.

11.2.2	REVIEW OF THE EARLY CHILDHOOD DEVELOPMENT POLICY

Collaborator No:
IDP KPA Ref No: **Good Governance**
Meeting Date: **18 May 2022**

1. SUBJECT: REVIEW OF THE EARLY CHILDHOOD DEVELOPMENT POLICY

2. PURPOSE:

To obtain Council approval for the Early Childhood Development (ECD) Policy Review

3. DELEGATED AUTHORITY

FOR DECISION BY MUNICIPAL COUNCIL

4. EXECUTIVE SUMMARY

Council approved the Early Childhood Development Policy in March 2018. **(ANNEXURE A)** The review of the policy is due every five years or when new legislative changes require a review. Currently the Children's Bill/Children's Act 38 of 2005 is being reviewed and the mandated function on ECD services is migrating from the Department Social Development to the Department of Education. Both changes will impact the current Stellenbosch ECD Policy.

Although the above changes are in process, it has not been enacted. Changing the Stellenbosch ECD Policy prior to the approval of the Children's Second Amendment Bill and the National Framework for ECD's, under the Department of Education, will be a futile exercise. The expected legislative changes are discussed in this item and no changes are recommended for the Stellenbosch ECD Policy. The policy must however be reviewed again once the above legislative changes has been enacted.

5. RECOMMENDATIONS

(a) that council notes the impending legislative changes and the resulting impact on local government capital and operational budgets;

(b) that council approves this review of the Stellenbosch Municipality ECD Policy without changes; and

(c) that the policy be reviewed and submitted back to Council once the above-mentioned legislation has been enacted, whereafter the public participation process will ensue.

6. DISCUSSION / CONTENT

6.1 Background

The current Stellenbosch ECD Policy clearly defines the role division between the Department of Social Development and Stellenbosch Municipality in terms of service delivery and the regulation of ECD facilities. The role division include funding, registration, development of norms and standards and monitoring and evaluation.

6.2 Discussion

The function of Early Childhood Development is migrating from the Department of Social Development to the Department of Education on 1 April 2022. The impact and required changes in terms of norms and standards, registration and funding have not been clarified. Municipalities were informed that everything will remain the same for the time being, but uncertainty still exist among officials from both sides. Frameworks for suggested changes in status levels of ECD registration has also been introduced and discussed by officials in the field. These frameworks referring to Gold, Silver and Bronze ECD registration but has however not been finalised or approved.

Further to this, the Children Second Amendment Bill **(ANNEXURE B)** was circulated for comment with specific responsibilities given to municipalities in relation to the building and maintenance of ECD facilities on municipal and privately owned land. An item in this regard is in the process of being finalised for council. These changes have not been enacted and SALGA indicating that they await feedback from municipalities to inform their stance on the matter.

In light of the above major changes in the ECD field with legislation and frameworks not being finalised and enacted, it is deemed presumptuous to amend the Stellenbosch Municipality ECD Policy. Officials must however stay abreast of new developments and participate on the different platforms where this is discussed in order to be in a position to review the local policy once more certainty has been obtained.

6.3 Financial Impact

The suggested changes to the Children's Second Amendment Bill will have far reaching financial implications for the municipality. Both in terms of capital and operational expenditure. The vehicle through which a municipality can develop and maintain an ECD facility on private property must also be clarified if at all.

Protecting and safeguarding ECD facilities will have further financial implications.

6.4 Legal Impactions

Childcare facilities are listed in Schedule 4B of the Constitution of South Africa as a local government matter. If the suggested changes to the Childcare Second Amendment Bill is approved, Stellenbosch Municipality will have to respond to this responsibility of local government.

6.5 Staff Implications

It is envisaged that if ECD facilities must be build and maintained by municipalities, it will influence the staffing structure in that a team of persons will be needed to develop and maintain the ECD facilities along with accompanying lease agreements. The risk of vandalism will also require additional security staff members/

6.6 Previous Council Decisions/Resolutions

2018-03-28: Council approved the ECD Policy in its current form.

6.7 Risk Implications

The current financial risk resulting of vandalism at community facilities (halls, sport fields, cemeteries, and libraries) will also affect ECD facilities.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.2.2

(a) that council notes the impending legislative changes and the resulting impact on local government capital and operational budgets;

(b) that council approves this review of the Stellenbosch Municipality ECD Policy without changes; and

(c) that the policy be reviewed and submitted back to Council once the above-mentioned legislation has been enacted, whereafter the public participation process will ensue.

APPLICATION (Flow chart) 22

CBO:	Community-based organisations concerned with helping the community local to the Organisation. CBOs are not for profit organisations. Also see NGO.
CWDM:	Cape Winelands District Municipality
DSD:	Department of Social Development
ECD:	Early Child Development Is the process of emotional, mental, spiritual, moral, physical and social development of children from birth to nine years.
GiA:	Municipal Grant in Aid funding annual donations
NGO:	Non-Government Organization
NQF:	National Qualifications Framework
PHC:	Primary Health Care
SM:	Stellenbosch Municipality
sqm:	Square metre
WC024:	Local municipal area of Stellenbosch Municipality, South Africa

“Baby/infant”: A child from 0-18 months old.

“Child”: A person under the age of 18 years.

“Child minder”: A person who provides care and early learning for up to six children, typically in their own homes. Also in some contexts referred to as “day mothers”.

“Collaboration”: Involves networking, cooperation and coordination, and also involves improving the capacity of partners for mutual benefit and attainment of a common purpose.

“Communicable disease”: A disease that can be passed on to others e.g. scabies, chickenpox, measles.

“Cooperation”: Includes the exchange of information for mutual benefit, aligning activities for a common purpose and sharing resources for mutual benefit.

“Coordination”: Involves information exchange and aligning activities to work.

“Department”: In this policy, “Department” refers to the Department of Social Development (DSD).

“Development appropriate”: This term is used to describe activities, equipment or programmes. It is a way of working with children that takes note of what is known about child development and also what is known or learnt about each child and his/her development.

“Director-General”: In this policy, Director-General refers to the Director-General of the National Department of Social Development.

“Early Childhood Development Centre”: Is a partial care facility that provides an early childhood programme with an early learning and development (ECD) focus for children from birth until the year before they enter Grade R/formal school.

“ECD Forums”: Is a structure that allows for communication between ECD Sector and government on issues related to ECD. The forum is open to individuals and organisations with an interest in promoting early childhood development. The membership of ECD forums can includes civil society, representatives from government, higher education institutions, training providers, other forums and associations, businesses, and interested individuals. The underlying characteristic of a forum is that forum members are able to share decision making, resources and credit. ECD Forums emerge as spaces which enable active citizenry, broadly defined as participation in civil society, community and/or political life characterised by mutual respect and non-violence and in accordance with human rights and democracy.

“ECD Practitioner”: A person who provides early childhood development services through formal early childhood development programmes, family services, playgroups and training, as well as those providing management support services to these workers.

“ECD Programmes”: Programmes that provide one or more forms of daily care, development, early learning opportunities and support to children from birth until the year before they enter formal school. These programmes include, but are not limited to:

- Community-based play groups operating for specific hours;
- outreach and support programmes for young children and their families/caregivers, at a household level;
- parenting support and enrichment programmes;
- support for the psycho-social needs of young children and their families;
- ECD programmes provided at partial care facilities and at child and youth care facilities, as contemplated in section 93 (5) of the Children’s Act; and

- any other programme that focuses on the care, development and early learning of children from birth until the year before they enter formal school.

"ECD Services": Services or support provided to infants and young children or to the child's parents or caregiver by a government department or civil society organisation. The intention of ECD services are to promote children's behavioural competencies and enable them to participate meaningfully in their homes and community environments.

"Environmental Health Officer": (Also known as Public Health Inspectors or Environmental Health Practitioners) are responsible for carrying out measures to protect public health, including administering and enforcing legislation related to environmental health and providing support to minimize health and safety hazards. They are involved in a variety of activities, for example inspecting food facilities, ECD facilities, investigating public health nuisances, and implementing disease control. Environmental Health Officers are focused on prevention, consultation, investigation, and education of the community regarding health risks and maintaining a safe environment.

"Grant in Aid": Stellenbosch Municipality annual Grant in Aid funding donations. Refer to Grant in Aid policy.

"Internal ECD Committee": An internal municipal committee with representation from Land Use Management and Fire Services led by Community Development with the purpose to address municipal process obstacles hampering registration of ECD facilities.

"Municipality": Stellenbosch Municipality serving the community within the geographical area known as WC024.

"Non-Government Organization": All non-governmental and non-profit organisations that are concerned with the betterment of society or the individual. NGOs are private, selfgoverning, voluntary organisations operating not for commercial purposes but in the public interest, for the promotion of social welfare and development, religious, charity, education, sports, arts and culture and research.

"Pre-school child": A child under six years of age not yet attending formal school.

"Qualification": means formal recognition of the achievement of the required number and type of credits and such other requirement at specific levels of the NQF as maybe determined by the relevant bodies registered for such purpose by the South African Qualifications Authority.

"The Act": For the purpose of this policy it means the Children's Care Act (38 of 2005).

"Vulnerability": means a heightened or increased exposure to risk as a result of one's circumstances.

3. EXECUTIVE SUMMARY

The population of Stellenbosch Municipality is estimated to be 155 733 according to the Stellenbosch Municipal IDP. Children between the ages of 0-4 years constitute 4.3% which is the second highest age category in the municipal area.

According to Department of Social Development, there are two hundred and twenty six (226) Early Childhood Centres operational in the WC024.

Of these only fifty eight (58) ECD's are registered with the Department of Social Development. Thirty (30) of the registered ECD's are funded by DSD. In a survey completed by the municipality in 2016 all ECD's were captured on the GIS database of these 134 ECD's were found to be active.

Approximately 37% of South African children aged 0–4 years attended ECD centres. However, ECD activities were not provided for at all these facilities. This means that most of the children do not have

access to an ECD centre which provides proper stimulation and supports the case to planning support to ECD centres as well as inclusion of these centres in future town planning.

The sensitivity of the brain in the early stages of development determines the functioning of the child's brain at a later stage. From a development perspective it is vulnerable to biological, social and environmental risk factors. The risk factors associated with children not attending ECD centres include the following:

- Poverty:
  Poverty is widely recognised as "a root cause of poor child development". Low socioeconomic status is a key predictor of poor early childhood development. Persistent, cumulative poverty and exposure to hardship in the first years of life has a detrimental effect on cognitive functioning, with the impact being stronger on verbal, compared to non-verbal skills.

- Malnutrition:
  Poor infant and child nutrition, especially in the period between conception and the age of two years, can lead to irreversible stunting and delays in growth resulting in poor cognitive development, and ultimately lower educational and labour market performance. Poor maternal nutrition, such as lack of folic acid in the early antenatal period, can cause significant structural damage to the foetus in utero.

- Stunting:
  Low height-for-age is caused by chronic malnutrition which is, in turn, predictive of poor cognitive and language development. The impact of poor nutrition on the child's development is particularly pronounced in the first two years of life. Even if children catch up in terms of length, the impact of stunting on brain development in this critical early period may well endure. On average, children who are stunted by age 2 go on to complete fewer years schooling than peers, perform poorly at school and generally earn less as adults.

- Low birth-weight:
  Infants with low birth-weight (< 2 500 grams) have a bigger lifetime risk for cardiovascular disease, diabetes and learning difficulties.

- Infectious diseases in pregnant women, infants and children:
  Antenatal infections in pregnant women, such as syphilis and rubella, as well as diseases in infants and young children, such as measles, meningitis, middle ear infection, diarrhoea, parasitic infections and HIV, may negatively affect the young child's physical and cognitive development

- Environmental toxins:
  Pre- and post-natal exposure to environmental toxins such as alcohol, drugs, chemicals and pesticides can cause irreversible damage to the developing brain and resultant cognitive, physical, emotional, and social development of the embryo (first trimester), foetuses (second and third trimester) and the baby.

- Stress:
  In the absence of a supportive caregiver to buffer children against stress brought about by factors such as abuse and neglect, severe maternal depression, parental substance abuse, family violence and extreme poverty "tolerable stress" becomes
  "toxic stress".

  Toxic stress can lead to cognitive damage, health-damaging behaviours and harmful adult lifestyles as well as greater susceptibility throughout childhood and later adult life to physical illnesses, such as cardiovascular diseases, obesity, diabetes and others, with probable accompanying mental health problems such as depression, anxiety disorders and substance abuse.

- Exposure to violence:
  The social and emotional development of infants and young children, who are exposed to violence in their family circles and communities, and who do not enjoy the protective buffering of strong and supportive caregiving, is compromised particularly if corporal punishment is involved.

  They are at a greater risk of insecure attachments and behavioural problems, reduced levels of pro-social behaviour, increased aggressive behaviour, and an inability to regulate their emotions.

- Psychosocial risks:
  Maternal depression presents a significant risk to the cognitive, physical, social and emotional development of infants and young children. Maternal depression often leads to unresponsive caregiving. However, the relationship between 'maternal depression and compromised early child development is multilevel and cumulative' because poverty, low education, high stress, lack of empowerment and poor social support are also risk factors for poor child development.

- Disrupted caregiving - absent parents, ill parents, non-parent caregivers or abandonment:
  Disruptions of parental caregiving due to illness or death of the caregiver or abandonment of the child, and the assumption of the caregiving role by a non-parent caregiver, creates a risk of bullying, mental health problems, abuse as well as emotional and behavioural problems in infants and young children. Infants and young children living without their biological parents are especially at risk of being denied the care necessary for their physical and psychosocial well-being.

- Disabilities:
  Approximately 23% of children between birth and 9 years of age in low and middleincome countries are at risk for disabilities. Whilst this is indicative of their compromised development, children with disabilities are in addition, at risk of low access to early childhood development services and at an increased risk of poor quality care.

  Services for children with disabilities:
  Currently, there are no reliable national estimates of child disability, especially for children under 5 years of age. An estimated 474 000 children live with severe disabilities in South Africa. In addition, many more children may have mild to moderate disabilities.

  Children in rural areas are slightly more likely to have some form of serious disability (2.7%) than children in urban areas (2.3%). An estimated 40 % of disabilities affecting children are due to preventable causes, i.e. birth asphyxia, infections, etc. A crucial starting point to ensure the development of children with disabilities is early identification to facilitate proper planning, targeting and provision of adequate resources and services. This is hampered by poor or absent screening at PHC preschool child level. High-quality assessments by trained professionals are often required; however, there is a shortage of appropriately skilled staff and resources.

  Once children are identified as being disabled, they require on-going support, intervention and referral, and may need rehabilitation services. Such services are not widely available. Currently there is only one known facility in WC024 to deliver services to children with disabilities.

  The current provision of early learning and development programmes, mainly provided through the NPO and private sectors, do not ensure environments conducive to learning by young children with disabilities. Shortcomings in services and support extend beyond the health sector.

  Analysis of the profile of Care Dependency Grant (CDG) beneficiaries in 2006 found that only 24 per cent of children from birth to 6 years of age attended an early childhood development centre or child-minding group. Only a small proportion of children with disabilities (4 to 5%) are estimated to be attending early childhood development programmes offered at partial care facilities.

(It is noteworthy how some of the social and health risks above can be linked to problems within communities identified through the IDP process of Stellenbosch Municipality.)

In conclusion, this policy on early childhood development centres is premised on a distinction between registered and the reality of unregistered facilities as a means of reflecting and providing for the variations in demand for ECD facilities and services.

The collaboration between the Stellenbosch Municipality and the local ECD forums has strengthened services to child care facilities. They have identified the importance of provision of services of the local municipality in their area. Thus Stellenbosch Municipality has to ensure that ECD facilities, child care centres or play parks are part of Town Planning and New Housing Projects, in order to accommodate the children within the area. It is therefore the responsibility of Stellenbosch Municipality to identify suitable land and provide infrastructure under the constitutional mandate "child care facilities" as listed in schedule 4B.

The motivation for a standard policy for ECD centres for Stellenbosch Municipality arises from:

- The growth in the number of applications for ECD centres linked to the population growth.
- The growth in the number of informal facilities vs. formal facilities.
- The mushrooming phenomena of ECD facilities within the municipal area
- Ignorance among ECD practitioners regarding the Children's Act 38 of 2005, Chapter 5 (registration compliance).
- The need to ensure ECD's within WC024 are accessible to children with disabilities.
- The prevalence of issues pertaining to ECD centres; particularly the impact of noise and traffic.

This policy must provide a framework to assist officials in assessing applications for ECD centres as well as a guideline as to how matters relating to ECD centres should be dealt with collaboratively.

4. THE PURPOSE OF THIS POLICY

This policy will outline a guiding framework within which an integrated and holistic ECD service within Stellenbosch Municipality would be implemented to ensure sustainability and innovation.

The purpose of the Stellenbosch Municipality ECD Policy is to:

4.1. Ensure the sufficient availability of, and equitable access to, early childhood development services through an integrated system which is embedded within a coherent legal framework that identifies, enables and compels the fulfilment of early childhood development roles and responsibilities of relevant role players within the Stellenbosch municipal jurisdiction;

4.2. Establish the organisational and institutional arrangements necessary to lead, plan for, implement, coordinate and monitor the provision of early childhood development services and support;

4.3. Ensure the provision of adequate public funding amongst others through the annual municipal budget and infrastructure for sustainable availability of, and equitable access to, quality comprehensive early childhood development services; and

4.4. Establish appropriate monitoring, quality assurance and improvement systems to secure the provision of quality early childhood development services and outcomes for young children in Stellenbosch.

5. SCOPE AND APPLICATION

This policy is a guide for the assessment of proposals for the development or establishment of ECD centres in Stellenbosch and subsequent support to such centres after its establishment. It is applicable to the founding of ECD's in accordance with all different definitions of ECD centres; viz. aftercare centres; crèches; home childcare facilities; nursery schools; play groups; pre- schools; educare centres and/or similar facilities.

6. OBJECTIVES

The predominant objective of this policy is to increase the number of children who have access to registered ECD Centres compliant with health and safety requirements and satisfy the educational development needs of a child. To this end Stellenbosch Municipality aims to provide a firm educational foundation for children that enter the formal schooling system by:-

6.1. Increasing the number of registered ECD facilities by facilitating part of the registration process which falls within its ambit;

6.2. Improving the time taken for registration by internal and external collaboration of documented standardized processes;

6.3. Expanding and facilitating integrated ECD services through internal and external collaboration. This will be achieved through the municipal internal committee, ECD Forums and also working in partnerships with NGO's and governmental departments;

6.4. Improving awareness and training on ECD requirements for internal and external stakeholders.

7. LEGISLATIVE FRAMEWORK

The historical overview of legal and scientific foundations for the public provision of early childhood development services is based on international legal and developmental frameworks. Government ratified and/or endorsed a number of international and regional rights and development instruments, including, but not limited to, the following:

7.1. Constitution of South Africa, 1996 –

7.1.1. Section 28 (1) of the Constitution of the Republic of South Africa specifies the rights of children including, the right 7.1.1.1. To a name and a nationality from birth;

7.1.1.2. To family care or parental care, or to appropriate alternative care when removed from the family environment;

7.1.1.3. To basic nutrition, shelter, basic health care services and social services;

7.1.1.4. To be protected from maltreatment, neglect, abuse or degradation;

7.1.2. Section 28 (2) also requires that a child's 'best interests' are of paramount importance in every matter concerning the child.

7.1.3. Section 152(1) (b) compels local government to ensure the provision of services to communities in a sustainable manner.

7.1.4. Section 153(1) of the Constitution provides that a municipality must structure and manage its administration and budgeting and planning processes to give priority to the basic needs of the community, and promote the social and economic

development of the community and participate in national and provincial development programmes.

7.1.5. According to Schedule 4 Part B of the Constitution, municipalities are responsible for "Child care Facilities", to the extent set out in section 155 (6) (a) and (7) of the Constitution.

7.2. Children's Act, No 38 of 2005

7.2.1. The Children's Act forms the context for this policy and Stellenbosch Municipality's position on ECD matters. The aim of this Act includes provision for early childhood development, partial care (Chapter 5) of children, child and youth care centres and drop-in centres.

7.2.1.1. Section 76: defines partial care as: "when a person, whether for or without reward, takes care of more than six children on behalf of their parents or care-givers during specific hours of the day or night, or for a temporary period, by agreement between the parents or care-givers and the provider of the service, but excludes the care of a child: -by a school as part of tuition, training and other activities provided by the school; as a boarder in a school hostel or other residential facility managed as part of a school; or -by a hospital or other medical facility as part of medical treatment provided to the child."

7.2.1.2. Section 79: requires norms and standards for partial care (which include a safe environment for children), while Section 80 requires facilities to be registered with the Department of Social Development.

7.3. Local Government Municipal Systems Act (Act No 32 of 2000)

Section 4 (2) (j) of the Municipal Systems Act states that the council of the municipality, within the municipality's financial and administrative capacity and having regard to practical considerations, has the duty to contribute, together with other organs of state, to the progressive realisation of the fundamental rights contained in section 27 of the Constitution.

7.4. Local Government Municipal Financial Management (Act No 56 of 2003) Chapter 8: 'General financial management functions' of the Municipal Finance Management Act states that "the accounting officer of a municipality is responsible for managing the financial administration of the municipality and for this purpose take all reasonable steps to ensure that "resources of the municipality are used effectively, efficiently and economically." In other words the local municipality has to ensure that there is funding/resources available to improve ECD services. This includes under-utilized facilities. The municipality also has to ensure that these resources and/or funding is being utilised effectively. Therefore capacity building and monitoring needs to implement these resources to be efficiently utilised.

7.5. The United Nations (UN) Convention on the Rights of the Child (CRC) (ratified in 1995)

7.6. The Convention on the Elimination of all Forms of Discrimination against Women (CEDAW) (ratified in 1995)

7.7. The African Charter on the Rights and Welfare of the Child (ACRWC) (ratified in 2000)

7.8. The UN Convention on the Rights of Persons with Disabilities (CRPD) (ratified in 2006);

7.9. The UN Millennium Development Goals (MDGs) (adopted in 2000)

7.10. The UN Sustainable Development Goals (adopted 2015)

7.11. UNESCO Dakar Framework of Action for Attaining Education for All (EFA) (adopted in 2000);

7.12. The UN World Fit for Children (adopted in 2002)

7.13. UNESCO Moscow Framework of Action and Cooperation: Harnessing the Wealth of Nations (2010)

7.14. The Paris Declaration on Food Security and the Rome Declaration on Nutrition (November 2014)

8. POLICY PARAMETERS

8.1. This policy must be used to guide services for the registration of ECD centres and assessment of proposals for the development or establishment of ECD centres in the Stellenbosch Municipal Area, including subsequent operational management and support to such centres, as well as to provide guidance to existing centres.

8.2. This policy addresses all facets of ECD facilities, including those that operate in the less formal settlements but does not deal with facilities relating to formal schooling, with the only exception being aftercare services that operate within the ECD centres/facilities.

8.3. Transversal nature: This policy has transversal implications. It is thus essential for Stellenbosch Municipality (Planning and Economic Development, Human Settlements and Property Management, Community and Protection Services, Engineering Services and Finance), the Provincial Departments of Health and Social Development, the District Municipality and ECD Forums to work collaboratively in implementing the policy.

9. ROLE PLAYERS AND STAKEHOLDERS

The following role players are identified for the purpose of implementing the policy provisions:

9.1. Stellenbosch Municipality

9.1.1. Planning and Economic Development Directorate

9.1.1.1. Land Use Management Department is responsible for the affording of land use rights through zoning, re-zoning, temporary departures and consent use applications according to the Stellenbosch Municipal Zoning Scheme. Cost relating to these applications will be approved annually in the municipal tariffs with special dispensation for ECD applications. The department is represented on the municipal internal ECD committee and responsible to ensure that no new township establishments are approved without making provision for suitable ECD service delivery.

9.1.1.2. Building Control is responsible for the approval of building plans, inspection of completed works and issuing of occupation certificates.

9.1.1.3. Community Development Department is the lead department tasked with internal and external collaboration between all the role players and thus the driver of the municipal internal ECD committee. The department is also responsible for all approved ECD applications to be registered on the municipal GIS database for ECD centres and to provide support to the ECD sector and forums within the municipal area.

Further to the above, the Community Development Department is responsible:

- To ensure that the municipality align its services with the Children's Act in terms of registration and the Constitution in terms of the best interest of the child.
- To ensure that we give the ECD sector support and partnership in terms of providing efficient services such as capacity building: funding (Grant in Aid Funding) in order for them to provide efficient services within the Stellenbosch Municipal area.
- To provide support to the local ECD forums in terms of sustainability and dissemination of information to all bodies that provides ECD services in the municipal area.
- Parenting and family support programmes as envisaged through chapter 8 of The Act and the White Paper on Families (2012).

9.1.2. Human Settlements and Property Management

9.1.2.1. The Property Management Department is responsible for identification of possible land or underutilized facilities for ECD centres. The department in consultation with Legal Services is responsible to sign lease or facility management agreements between Stellenbosch Municipality and appointed registered ECD NGOs that operates from Council owned facilities.

The department can and should take responsibility for ECD infrastructure development on identified land or at existing municipal facilities.

9.1.2.2. The New Housing Department is responsible to ensure that no new housing development projects are approved without provisioning for suitable ECD service delivery.

9.1.3. Community and Protection Services

9.1.3.1. Environment, Sport and Facilities is responsible for the identification of new parks and the linkage between ECD locations and new and existing parks. Community parks in close approximation of ECD centres must receive priority attention regarding upgrading and maintenance. The department is also responsible to make community facilities available for implementation of children's activities such as the "come and play" programme. This will be done by implementing a fair tariff structure to recognise community based ECD centres and facilities. Tariffs will be advertised annually as part of the Draft Budget for public comment. Community facilities which can also be used to implement ECD capacity building training sessions should be made available for this purpose. Where possible underutilized community facilities can be made

available for the establishment of ECD centres after consultation with the community and in an open and fair tender process. To note: Sport facilities are excluded from this policy, but will be taken on review after the approval of a Sport Facility Management Model.

9.1.3.2. Library Services as a local agent for the provincial Department Culture, Arts and Sport is responsible for the provision of wellresourced child-friendly libraries. A library service should investigate collaboration with specialized toy library services if they cannot operate a toy library services by themselves. Further support to ECD centres include holiday programmes, active reading and story-telling programmes as well as availing library halls to ECD centres for activities.

9.1.3.3. Fire and Emergency Services assess the ECD facility for its compliance with the national fire regulation and issues fire safety certificates. The department will be represented on the municipal internal ECD committee. Educational programmes for ECD centres on fire prevention will be conducted by the department.

9.1.3.4. Disaster Management will implement an educational programme aimed at prevention of disasters at ECD centres.

9.1.3.5. Traffic Services will conduct road safety education programmes at ECD centres. Centres in areas with high traffic volumes during the times when children are dropped off or picked up.The centre can apply for traffic calming measures at Engineering Services.

9.1.4. Engineering Services Directorate

9.1.4.1. Bulk Infrastructure (Electricity, Water, Sewage) in formal areas: Water and Sewerage

Stellenbosch Municipality supplies potable water to the entire municipal area through existing bulk water infrastructure consisting of Water Treatment Plants, Reservoirs and bulk and network water distribution systems. Sewerage is being collected through a collector pipe network and outfall sewer system to be treated at various treatment works throughout Stellenbosch area. Water and Sewer Future plans and Master Plans are kept up to date to enable SM to plan, budget and implement enhancements to the existing infrastructure. All the formal erven in the urban areas of Stellenbosch Municipality's Management Area are provided with water connections and waterborne sanitation facilities (higher level of service).

9.1.4.2. Water, sewage and electricity in informal areas:

Water and Sewerage

Poverty reduction and improved water management are in extricable linked. Section 4B of the Constitution lists water and sanitation services, limited to potable water supply systems and domestic waste water and sewerage disposal systems, as a local government function. As a priority it is the responsibility of Stellenbosch Municipality to ensure that adequate and appropriate investments are made to ensure the progressive realisation of the rights of all people in its area of jurisdiction to receive at least a basic level of water and sanitation services. While the provision

of basic water services is the most important and immediate priority, Water Services Authorities move to provide intermediate and higher levels of services (for example water on site) wherever it is practical possible. Stellenbosch Municipality works towards providing all households in the towns with a water connection inside the house and connecting all households to a waterborne sanitation system. Communal standpipes and ablution facilities are provided in the informal areas as a temporary emergency service and comply with the legal minimum requirements of service delivery to informal settlements.

Electrical Services: Stellenbosch municipality is responsible for the provision of electricity within the WCO24. However there are few areas within the WCO24 that are Eskom or Drakenstein areas of supply. These areas are: Wemmershoek, Pniel, James Town, Vlottenburg, Raithby, La Motte, Groendal, Klapmuts and Koelenhof.

All the areas in the WCO24 area of supply have access to electricity. It may happen that there aren't service connections to the houses or structures, in which case an application is to be submitted to the municipality and necessary steps will be followed to realise connections.

Traffic Engineering: Receive asses and respond to applications for traffic calming measures.

9.1.4.3. Refuse removal: It is important that all residents and communities have access to refuse removal in order to maintain appropriate health and safety conditions in the area. Failure to do so can result in various diseases such as tetanus, Hepatitis B, diarrhoea, amongst others, where children are mainly at risk. It is critical that the importance of sound waste management practices be taught at an early age to prevent the exposure to harmful pathogens which could lead to an outbreak in the area.

ECD centres must have access to waste receptacles on provision that the ECD must conduct educational programmes on and implement waste minimisation initiatives to re-use, reduce and recycle waste streams in order to reduce waste that is destined for landfill sites. The Solid Waste Management Department can play an important role in providing the initial education and awareness training and promotional material to assist ECD centres.

In informal settlements, no new waste receptacle may be placed within 50m radius of an existing ECD and no new ECD may be approved within a radius of 50m of a waste receptacle.

9.1.5. Finance Directorate

Alignment of internal policies (ie. special tariffs) to promote achievement of ECD Policy objectives.

9.2. District Environmental and Regional Health Services

9.2.1. Environmental Health (CWDM) is responsible for the assessment of ECD Centres and issuing of Health Reports to Provincial Department Social Development.

9.2.2. Primary Health Care for pregnant women and children under 6 is provided by Regional Department of Health through a service level agreement with the Provincial Government of the Western Cape.

9.3. Provincial Department of Social Development (DSD)

Stellenbosch Municipality shall partner with DSD to provide holistic and integrated ECD services and address backlogs and challenges related to the ECD registration processes.

9.3.1. The DSD Regional Office, Cape Winelands: Provide support and guidance to ECD services in the area.

9.3.2. DSD must register ECD Centres and keep an updated regional and provincial register of all registered early childhood development services.

9.3.3. DSD must register the ECD Programme.

9.3.4. DSD must perform inspections and cancel registration certificates due to non-compliance.

9.4. ECD forums

9.4.1. An ECD forum is a voluntary organization for local ECD centres which serves as a representative body for community ECD centres and is governed by its constitution. An ECD forum also co-ordinates the ECD sector at community level and manages this sector's inputs or comments on ECD policy matters. An ECD forum will be responsible for participation in the Integrated Development Planning process of Stellenbosch
Municipality on behalf of its members. It is the responsibility of the forum to disseminate information among its members and to inform the municipality of any mushrooming occurring within its geographical area. ECD forums further assist their members during the DSD registration process.

10. REQUIREMENTS FOR ECD REGISTRATION COMPLIANCE

10.1. Initial Stage: Reporting to DSD appointed ECD Service Provider.

10.1.1. The applicant/owner's initial contact must be made with the Social Worker at Department of Social Development that provides ECD services in the respective area.

10.1.2. This will be an information session between the social worker and the applicant/owner of the facility.

10.1.3. The social worker must obtain the organisation's details and will advise applicant/owner whether the applicant/owner may proceed with the process depending on the area the facility will operate.

10.1.4. The social worker will determine whether the service is appropriate and whether the infrastructure that will be used is appropriate for ECD services, before any further steps are taken.

10.1.5. If the applicant/owner proceeds, the social worker will complete Form 11 with the applicant which specifies what is needed in order to be registered.

10.1.6. The social worker will refer the applicant/owner to the local municipality, in order to obtain the necessary certificates in order to be registered as a legal entity.

10.1.7. The Service Provider refer the application with the relevant information to the Environmental Health Practitioner (CWDM) to do the necessary inspection and report back to Social Development on the suitability of the proposed ECD Centre.

10.2. Assessing land use applications according to the appropriate Zoning Scheme

10.2.1. Land use rights:

10.2.1.1. A day care centre is defined as a place which is used, whether for profit or otherwise, for the care of children of all ages including schooling of pre-primary school children and afterschool care and is the same as early childhood development centre (ECD), crèche, preschool, playgroup or aftercare. Day care centres can be operated as of right under Community and Education Zone.

10.2.1.2. A home day care means using a dwelling house, second dwelling and/or its outbuildings or a portion thereof to provide day care, crèche, after school care, early childhood development centre (ECD) or instruction for a limited number of infants or children, provided that:

- The scale of the dwelling house or second dwelling shall not exceed that of a normal dwelling unit which would ordinarily accommodate one family; and
- The primary use of the property shall remain a residence for the operator; and
- The operator of the enterprise shall permanently reside on the property. A home day care centre may not accommodate more than six children (including any children of the resident family who also attend the facility).

10.2.1.3. Day care centres can also be permitted, in some Zones, as an additional use (which means an activity or use that is permitted in the zone additional to a primary right, provided provisions specified for such use are adhered to) and that only a Site Development Plan (SDP) needs to be submitted for consideration.

10.3. Small vs. Large Scale Centres

10.3.1. Small Scale centres would be regarded as home day care centres which can be mostly found in residential areas as they are limited to up to 6 children.

10.3.2. Large Scale centres (Day care centres), would be more located in nonresidential zoned properties and can have more than 6 pupils.

10.4. Land Use Application Guide:

10.4.1. The following information should be included with a land use application (in conjunction with other requirements as per the Department's basic application submission checklist):

10.4.1.1. A proper written motivation which details:

- The number of children proposed to be accommodated;
- The type and nature of the proposed facility and services offered, including the type of structures and any proposed additions thereto;
- The number of people to be employed;
- The hours of operation and a daily timetable (including list of activities), including time allocated for outside play;

- A scaled and clearly dimensioned Site Development Plan indicating:
  - Cadastral boundaries on the subject property;
  - The areas of the dwelling/building(s) to be used;
  - Applicable building lines;
  - Play areas;
  - On-site parking for staff & visitors;
  - Drop off & pick up areas;

10.5. Criteria to be used in assessing land use applications for ECD centres

10.5.1. Locational Criteria:

10.5.1.1. Large scale ECD centres (day care) should be located close to public open spaces schools, churches, community facilities, clinics, sports fields and libraries etc. This clustering promotes sharing of infrastructure; such as parking; maximises access and confines the traffic impact to a defined area.

10.5.1.2. Their proximity to public transport nodes is also to be taken into consideration.

10.5.1.3. The ECD centres should not be located next to a tavern; sports bar; adult centres; or any other facility that would not be of a positive influence.

10.5.2. Access and Parking Criteria:

10.5.2.1. Both pedestrian and vehicle access are to be provided.

10.5.2.2. A suitable, safe drop-off area is to be provided.

10.5.2.3. Adequate provision is to be made for on site visitors parking. Should this be limited the number of attendees should also be accordingly limited. The zoning scheme requires at least 1 parking bay per classroom or office.

10.5.3. Hours of operation

10.5.3.1. These are hours that the facility will operate on a daily basis.

10.5.4. Noise and Security

10.5.4.2. Noise and security considerations for ECD centres

10.6. Minimum health requirement standards as per Chapter 5 (Child Care Facilities and Institutions) of Provincial Gazette Extraordinary 6696, 15 February 2010: Municipal Health By-Laws Cape Winelands District Municipality..

The Cape Winelands District Municipality Environmental Health Officer is responsible to provide this service to registered ECD facilities and application for registration.

All ECD centres must comply with health requirements which include, but are not limited to the following:

10.6.1. An unobstructed indoor play area of at least 1.5 meter square per child must be provided;

10.6.2. An outdoor play area of at least 2 meter square per child must be provided;

10.6.3. If no outdoor space is available; add an extra 1 meter square per child indoor;

10.6.4. The learning indoor and outdoor play areas must be separated from the children and other play areas;

10.6.5. Where children are bottle-fed suitable facilities must be provided for cleaning of the bottles;

10.6.6. One potty for every 5 children must be provided;

10.6.7. The potties must be washed and disinfected after each usage and the waste of the potties must be disposed of hygienically in a toilet;

10.6.8. Storage facilities for soiled nappies must be provided.
10.6.9. Potties and nappies may not be cleaned near the food preparation and eating area;
10.6.10. Facilities for the washing of children [babies] must be provided;
10.6.11. Covered; safe; clean and waterproof mattresses and or cots must be provided;
10.6.12. Bedding should be provided and the blankets should be washed frequently;
10.6.13. A separate nappy changing area should be provided;
10.6.14. A separate nappy washing area should be provided and or disposable nappies should be stored and disposed in an approved manner.
10.6.15. Provide separate kitchen and facilities compliant with Regulation R962/2012 if food is handled on the premises. Apply for a Certificate of Food Acceptability.

10.7. Fire Safety Certification

10.7.1. One (1) portable fire extinguisher for every 200 square meters. (sqm);
10.7.2. One (1) fire hose reel for every 500 sm if the building is bigger than 250 sqm;
10.7.3. One (1) fire hydrant for every 1000 sqm;
10.7.4. Exit signs - illuminated symbolic safety sign - above escape routes (doors);
10.7.5. Escape route signs;
10.7.6. If the building has only one escape route (door) not more than 25 persons are allowed inside;
10.7.7. The building's external walls must have a fire resistance of 120 minutes.

11. IMPLEMENTATION OF POLICY

Implementation date to be determined by Council after approval of policy.

12. MONITORING, EVALUATION AND REVIEW

In order to ensure effectiveness, relevance and efficiency of the ECD program, there will be an on-going monitoring of the implementation. Evaluation will be done by the Department Community Development in collaboration with all other external stakeholders.

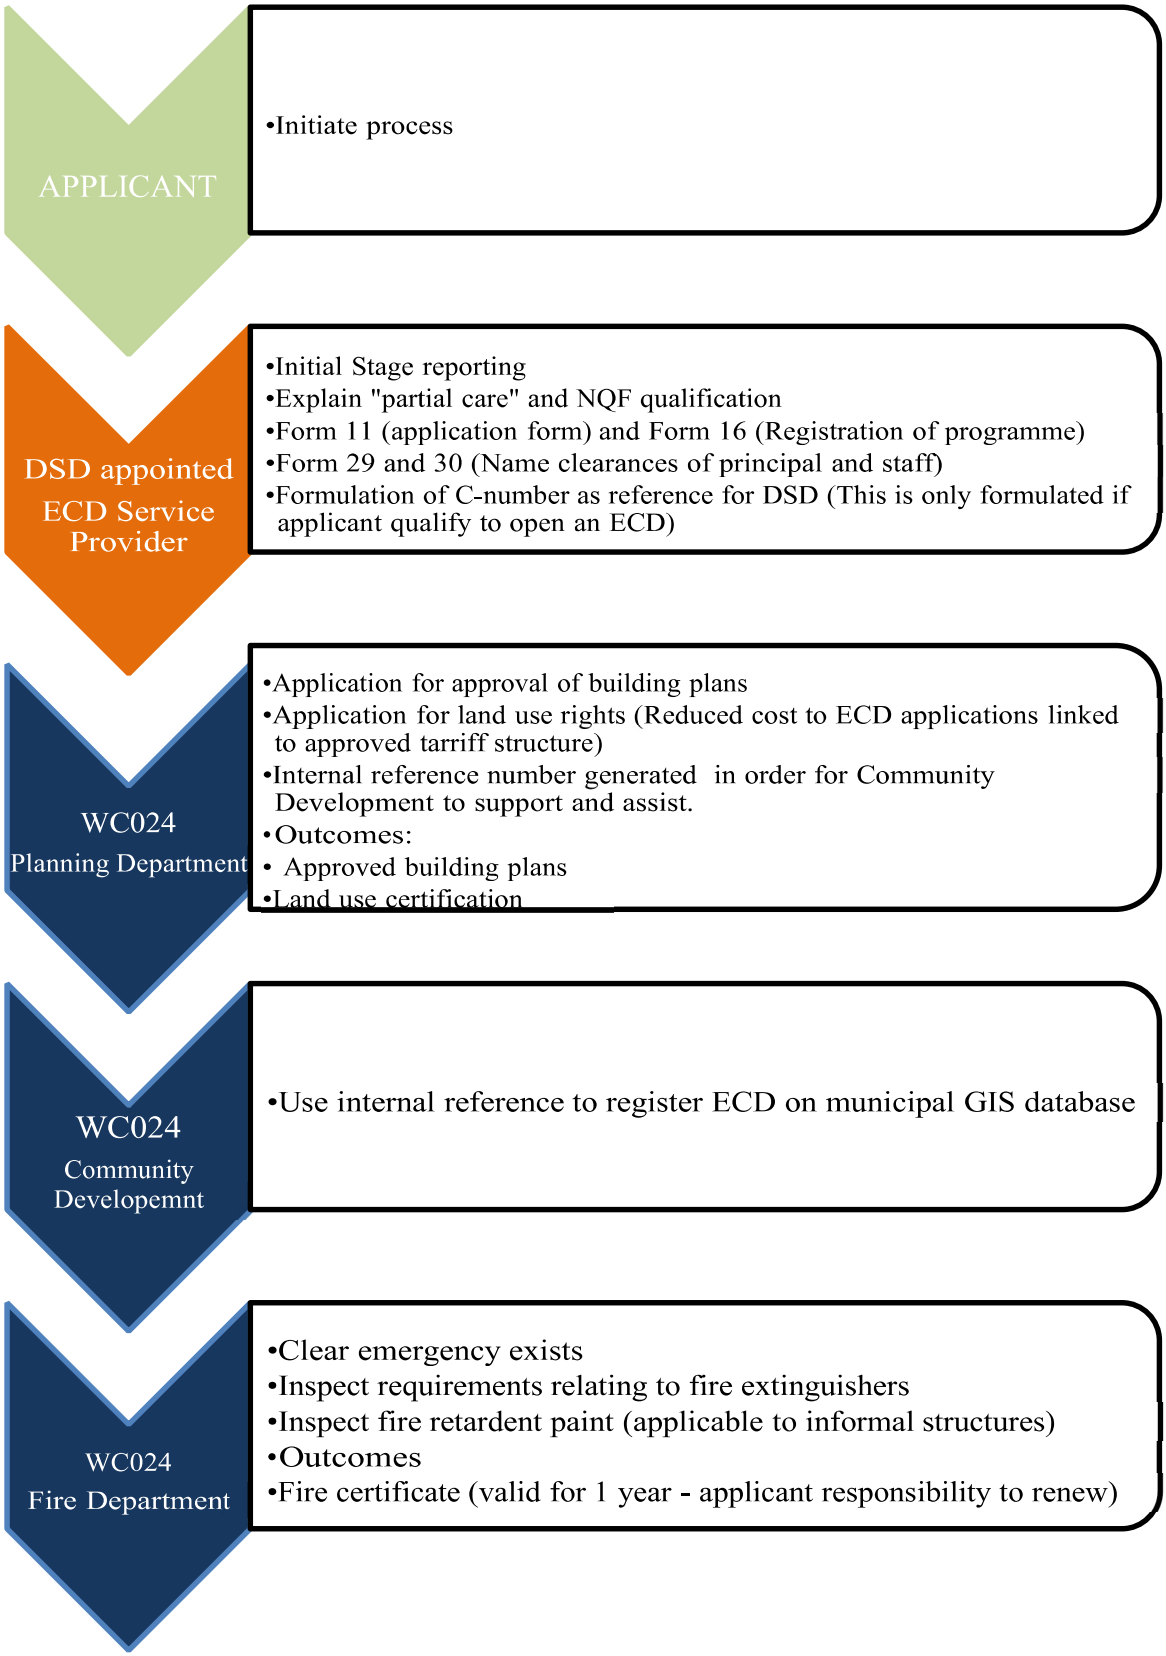
Review will encompass the results of monitoring and evaluation processes.

12.1. Monitoring

12.1.1. Monitoring the development and updating of unregistered and registered ECD centres database in the Municipal Area.
12.1.2. Monitoring of the implementation of capacity building programmes and number of attendees to training opportunities.
12.1.3. Monitoring of the ECD registration drive campaigns.
12.1.4. Monitoring of collaborative interventions and programmes between Municipality and Department of Social Development.
12.1.5. Monitor time taken to get an ECD centre registered.
12.1.6. Monitor number of children attending registered ECD Centres.
12.1.7. Monitor number of ECD registration per year.

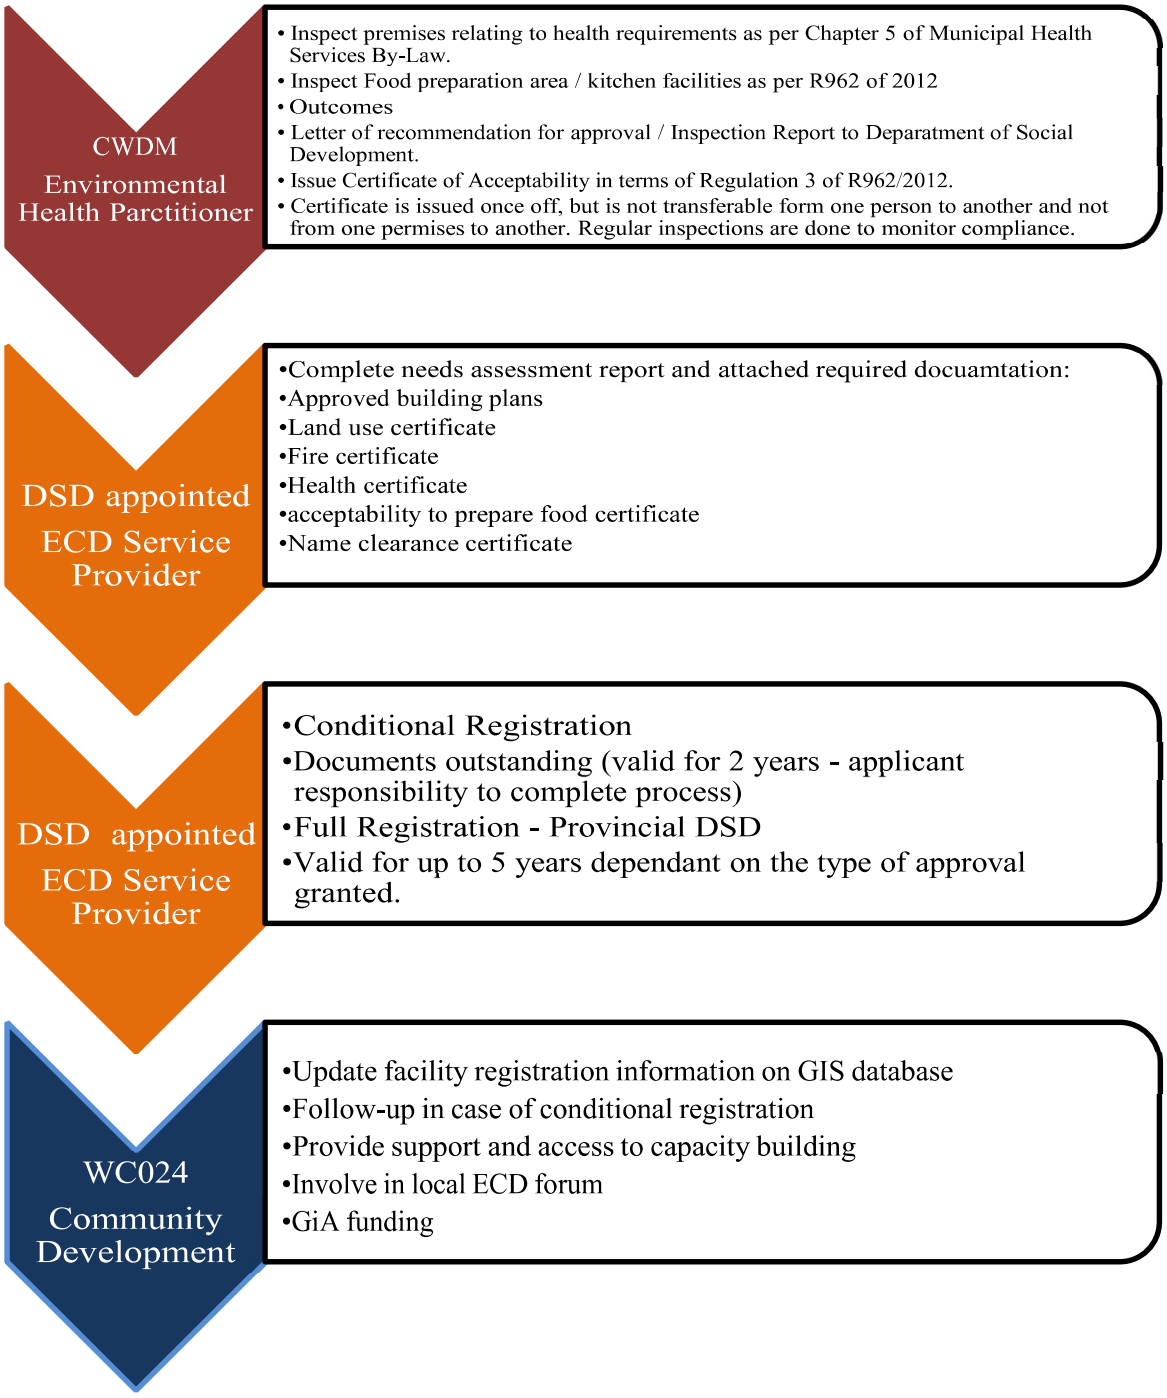
12.2. Evaluation:

Collaborate with internal and external stakeholder to evaluate impact.



12.3. Review:

The ECD Policy review will occur every 5 years, unless new legislation comes into effect before then.



12.4. Data gathering:

The Municipality will annually update its GIS database of ECD's and maintain a register reflecting the status of ECD's in the WC024.

13. APPLICATION FOR REGISTRATION OF A PARTIAL CARE CENTRE (Flow chart)

Continue to next page

CWDM
Environmental Health Parctitioner
• Inspect premises relating to health requirements as per Chapter 5 of Municipal Health Services By-Law.
• Inspect Food preparation area / kitchen facilities as per R962 of 2012
• Outcomes
• Letter of recommendation for approval / Inspection Report to Deparatment of Social Development.
• Issue Certificate of Acceptability in terms of Regulation 3 of R962/2012.
• Certificate is issued once off, but is not transferable form one person to another and not from one permises to another. Regular inspections are done to monitor compliance.
DSD appointed ECD Service Provider
•Complete needs assessment report and attached required docuamtation:
•Approved building plans
•Land use certificate
•Fire certificate
•Health certificate
•acceptability to prepare food certificate
•Name clearance certificate
DSD appointed ECD Service Provider
•Conditional Registration
•Documents outstanding (valid for 2 years - applicant responsibility to complete process)
•Full Registration - Provincial DSD
•Valid for up to 5 years dependant on the type of approval granted.
WC024 Community Development
•Update facility registration information on GIS database
•Follow-up in case of conditional registration
•Provide support and access to capacity building
•Involve in local ECD forum
•GiA funding

ANNEXURE B

Second Children's Amendment Bill Technical Team

ANNEXURE B

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Section 1 of the Children's Act, 2005 (hereinafter referred to as the principal Act), is hereby amended—				
Section 1 of the Children's Act, 2005 (hereinafter referred to as the principal Act), is hereby amended—	New	New	by the insertion after the definition of "commissioning parent" of the following definition: '**conditional registration**' means the status of registration that is awarded to an early childhood development programme that has not fully complied with the requirements for full registration	To introduce and clarify the new terms in S98
	New	New	by the insertion after the definition of "conditional registration" of the following definition: '**conditions relating to registration**' means the conditions that are attached to full registration as contemplated in the regulations to which an early childhood development programme must comply with.	To introduce and clarify the new terms in S98
	New	by the insertion after the definition of "drop-in centre" of the following definition: **'early childhood development centre'** means a facility that provides an early childhood development programme, for children from birth to school going age; and	by the insertion after the definition of "drop-in centre" of the following definition: '**early childhood development centre**' means a facility that provides an early childhood development programme <u>for more than six children</u> from birth to school going age;	To assist with the implementation of Schedule 4B in the constitution. The term ECD Centre is also used in the newly inserted S92 (2C)
	'early childhood development services' means services referred to in section 91 (2); [Definition of 'early childhood development services' inserted by s. 3 *(g)* of Act 41 of 2007 (wef 1 April 2010).]	by the substitution for the definition of "early childhood development services" of the following definition: **'early childhood development services'** means a service or support provided to children from birth to school going age or a service or support provided to a child's parent, guardian or care-giver with the intention to promote the child's emotional,	**'early childhood development services'** means services referred to in section 91(2); [Definition of 'early childhood development services' inserted by s. 3 *(g)* of Act 41 of 2007 (wef 1 April 2010).]	The definition for ECD services were rather updated in the definition in S92(2). This is to follow the same format as the definition for ECD programmes.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		cognitive, sensory, spiritual, moral, physical, social and communication development as contemplated in section 91(2).		
	New	New	by the insertion after the definition of "school" of the following definition: **'school-going age'** means the compulsory school-going age as contemplated in section 3 of the South African Schools Acts 1996 (Act No. 84 of 1996).	Included to strengthen the updated definitions of ECD programmes and ECD services in S92(2) and S92(3)
Section 76(1)	**76 Partial care** Partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents or caregivers during specific hours of the day or night, or for a temporary period, by agreement between the parents or caregivers and the provider of the service, but excludes the care of a child (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; or (c) by a hospital or other medical facility as part of medical treatment provided to the child., [S. 76 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	**76. (1) Partial care** [Partial] Subject to subsection (2), partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents, guardians or care-givers during specific hours of the day or night, or for a temporary period, by agreement between the parents, guardians or care-givers and the provider of the service, but excludes the full time care of a child— (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; or (c) by a hospital or other medical facility as part of medical treatment provided to the child. (d) by an early childhood development centre as contemplated in section 1 (2) A partial care facility operated or managed by the Department, provincial department or a municipality may register in accordance with section 80 if there are less than 6 children being cared for.".	The following section is hereby substituted for section 76 of the principal Act - "Partial care is provided when a person, whether for or without reward, takes care of more than six children on behalf of their parents, <u>guardians</u> or care-givers during specific hours of the day or night, or for a temporary period, by agreement between the parents, <u>guardians</u> or care-givers and the provider of the service, but excludes the care of a child— (a) by a school as part of tuition, training and other activities provided by the school; (b) as a boarder in a school hostel or other residential facility managed as part of a school; **[or]** (c) by a hospital or other medical facility as part of medical treatment provided to the child; <u>or</u> <u>(d) at an early childhood development programme as contemplated in section 91.</u>	Included reference to guardians. Excluded reference to 'full time'. Included new S76(d)

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Amendment of section 91 of Act 38 of 2005 as amended by section 4 of Act 41 of 2007				
Section 91 of the principal Act is hereby amended—	**91 Early childhood development** (1) Early childhood development, for the purposes of this Act, means the process of emotional, cognitive, sensory, spiritual, moral, physical, social and communication development of children from birth to schoolgoing age.	(a) by the substitution for subsection (1) of the following subsection: "(1) Early childhood development, for the purposes of this Act, means the process of emotional, cognitive, sensory, spiritual, moral, physical, social and communication development of children from birth to school going age or, in the case of a child with developmental difficulties and disabilities, until the year before the child enters school."; (b) by the deletion of subsection (2); and	Keep the definition for early childhood development as in the original act	Retain the original definition as it is currently in the Act. Definition of school-going age, included in definition section.
	(2) Early childhood development services means services *(a)* intended to promote early childhood development; and *(b)* provided by a person, other than a child's parent or caregiver, on a regular basis to children up to schoolgoing age.		(a) by the substitution of subsection (2) of the following subsection: "(2) Early childhood development services, for the purposes of this Act, means services or support provided to children from birth to school going age, by a person other than a child's parent, guardian or care-giver with the intention to promote the child's emotional, cognitive, sensory, spiritual, moral, physical, social and communication development.".	Updated S92(2) to include changes suggested in the definition section. To ensure consistency with the definition for ECD programmes, ECD services are now defined in S92(2) and reference is made to this definition in the definition section.
	(3) An early childhood development programme means a programme structured within an early childhood development service to provide learning and support appropriate to the child's developmental age and stage. [S. 91 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	(c) by the substitution for subsection (3) of the following subsection: "(3) An early childhood development programme, as prescribed, is a program that provides one or more forms of daily care, development, early learning opportunities and support to children from birth until school going age.	(b) by the substitution for subsection (3) of the following subsection: "(3) An early childhood development programme is any type of programme that provides one or more forms of daily care, development, early learning opportunities and support to children from birth until school going age.". (c) by the insertion of subsection (3A) after subsection (3): "(3A) Different types of early childhood development programmes, include:	Agree with the need to define the modalities, but decided to define the modalities in line with Form 11 and the National Integrated ECD Policy. 'Reference to 'any type of programme that provides one or more forms of daily care, development, early learning

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			(a) programmes provided in early childhood development centres such as: (i) Creches; (ii) Edu-care centres; and (iii) Day-care centres. (b) programmes provided through non-centre based programme, are: (i) Parent support groups; (ii) Outreach programmes; (iii) Play groups; (iv) Child-minders; (v) Toy-libraries; and (vi) Mobile programmes.". (d) by the insertion of subsection (3B) after subsection (3A): "(3B) Early childhood development programmes do not include- (a) care provided in: (i) a partial care facility (ii) a child and youth care centre; (iii) a drop-in centre; (iv) a hospital or other medical facility as part of medical treatment provided to the child; (v) a homeless shelter; and (vi) a women's refuge; (b) care provided for a child by a person with parental responsibility for the child.".	opportunities and support to children from birth until school going age". Also included section 3A to define the different types of programmes and 3B to exclude other partial care facilities.
Amendment of section 92 of Act 38 of 2005 as inserted by section 4 of Act 41				
Section 92 of the principal Act is hereby amended—	**92 Strategy concerning early childhood development** (1) The Minister, after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government	(a) by the insertion after subsection (1) of the following subsections: "(1A) The Minister must consult with the Ministers of Basic Education, Finance, Health, Higher Education and Training, Transport Corporative Governance and Traditional	(a) by the substitution in subsection (1) by the following subsection: "(1) The Minister, after consultation with interested persons and the Ministers of Basic Education, Finance, Health, Higher Education and Training, Cooperative Governance and Traditional Affairs	Subsection (1) updated to include "to the powers provided for in s97(5)", as well as the new names for Departments.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
	and Transport must include in the departmental strategy a comprehensive national strategy aimed at securing a properly resourced, coordinated and managed early childhood development system, giving due consideration as provided in section 11, to children with disabilities or chronic illnesses.	Affairs and any other Minister, MEC for social development, stakeholder or organisation that may have an interest in the matter before developing the national strategy contemplated in subsection (1). (1B) The national strategy contemplated in subsection (1) must be incorporated in the departmental strategy."	and Transport and any other Minister, must include in the departmental strategy a comprehensive national strategy aimed at **[securing a properly resourced, co-ordinated and managed early childhood development system]** ensuring an appropriate spread of early childhood development programmes throughout the Republic, giving due consideration to the powers provided for in section 97(5), and as provided in section 11, to children with disabilities or chronic illnesses.".	Sections (1A) and (1B) deleted.
	(2) The MEC for social development must *(a)* maintain a record of all the early childhood development programmes registered in the province; and *(b)* within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, coordinated and managed early childhood development system.	(b) by the substitution in subsection (2) for paragraph (a) of the following paragraph: "(a) maintain a record of all the early childhood development programmes registered in the province with specific mention of inclusive programmes; and"; (c) by the substitution in subsection (2) for paragraph (b) of the following paragraph: "(b) within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, co-ordinated and managed inclusive early childhood development system.".	(b) by the substitution in subsection (2) of the following subsection: "(2) A provincial head of social development must within the national strategy referred to in subsection (1), provide for a provincial strategy aimed at a properly resourced, coordinated and managed inclusive early childhood development system.". (c) by the insertion of subsection (2A) after subsection (2) of the following subsection and paragraphs: "(2A) The provincial strategy must include measures – (a) facilitating the establishment and operation of sufficient early childhood development programmes in that province; (b) prioritising those types of early childhood development programmes most urgently required; and (c) liaising with municipalities on facilitating the identification and provision of suitable premises.".	The relevant section from S103K have been integrated into 92(2) Included the suggested section on municipalities as per the inputs received by COGTA.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			(d) by the insertion of subsection (2B) after subsection (2A) of the following subsection and paragraphs: "(2B) The provincial head of social development must – (a) maintain a record of all early childhood development programmes in the province, the types of early childhood development programmes and the number of each type of programme; (b) assess the adequacy of the available infrastructure based on prescribed norms and standards; (c) compile a profile of the children in that province in the prescribed manner; and (d) conduct inspections at the prescribed intervals of early childhood development programmes in the province to enforce the provisions of this Act.". (e) by the insertion of subsection (2C) after subsection (2B) of the following subsection and paragraphs: "(2C) Municipalities must— (a) provide and maintain sufficient and appropriate early childhood development centres for the children in its area of jurisdiction, including the maintenance of early childhood development centres that are owned by registered non-profit organisations; and (b) develop a municipality early childhood development maintenance strategy.".	
	(3) The MEC for social development must compile a provincial profile at the prescribed			

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
	intervals in order to make the necessary information available for the development and review of the strategies referred to in subsections (1) and (2). [S. 92 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	[None]	[None]	
Amendment of section 93 of Act 38 of 2005 as inserted by section 4 of Act 41 of 2007				
4. Section 93 of the principal Act is hereby amended—	**93 Provision of early childhood development programmes** (1) The MEC for social development may, from money appropriated by the relevant provincial legislature, provide and fund early childhood development programmes for that province.	[None]	[None]	Proclamation will take care of the function shift.
	(2) An early childhood development programme must *(a)* be provided in accordance with this Act; and *(b)* comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.	[None]	(a) by the substitution of subsection (2) paragraph (a) of the following paragraph: "(a) be provided, managed and maintained in accordance with this Act; and"	Included "managed and maintained"
	(3) The provider of an early childhood development programme only qualifies for funding contemplated in subsection (1) if such provider complies with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed.	(a) by the insertion after subsection (3) of the following subsection: "(3A) A conditionally registered early childhood development programme may qualify for funding notwithstanding only partial compliance with the prescribed national norms and standards.";	(b) by the insertion after subsection (3) of the following subsection: "(3A) A conditionally registered early childhood development programme may qualify for funding notwithstanding only partial compliance with the prescribed national norms and standards.".	Kept reference to conditionally registered, because otherwise it may contradict subsection (3). We will rather amend the norms and standards to allow for a mechanism such as the pre-registration grant.
	(4) The funding of early childhood development programmes must be prioritised	(b) by the substitution in subsection (4) for the words preceding paragraph (a) of the following words:	(c) by the substitution in subsection (4) for paragraph (a) of the following paragraph:	Rejected insertion before subsection (4) because funding must be prioritised.

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
	(a) in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children; and *(b)* to make early childhood development programmes available to children with disabilities.	"(4) The MEC for social development may prioritise and fund early childhood development programmes—"; (c) by the substitution in subsection (4) for paragraph (a) of the following paragraph: "(a) in poverty declared wards in the province, taking into consideration the national and provincial strategies contemplated in section 92 and in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children; **[and]**"; (d) by the insertion in subsection (4) after paragraph (a) of the following paragraph: "(aA) in rural areas; and";	"(a) in communities where families lack the means of providing proper shelter, food and other basic necessities of life to their children"; **[and]** (d) by the insertion in subsection (4) after paragraph (a) of the following paragraph: "(aA) in rural areas; and".	Reject reference to poverty declared wards as this is an unfamiliar term. Include reference to rural areas.
	(5) An early childhood development programme must be provided by *(a)* a partial care facility providing partial care services for any children up to schoolgoing age; and *(b)* a child and youth care centre which has in its care any children up to schoolgoing age.	(e) by the substitution in subsection (5) for the words preceding paragraph (a) of the following words: "(a) An early childhood development programme **[must]** may be provided by—";	[None]	No amendment to original Act required.
	(6) Any other person or organisation not disqualified in terms of section 97 (3) may provide early childhood development programmes, provided that those programmes comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed. 'other' deleted and included new reference to Department, provincial department or municipality

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
Amendment of section 94 of Act 38 of 2005 as inserted by section 4 of Act 41 of 2007				
Section 94 of the principal Act is hereby amended—	**94 National norms and standards for early childhood development programmes** (1) The Minister must determine national norms and standards for early childhood development programmes by regulation after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government and Transport.	[None]	(a) by the substitution of subsection (1) of the following subsection: "(1) The Minister must determine national norms and standards for <u>different types of</u> early childhood development programmes by regulation after consultation with interested persons and the Ministers of Education, Finance, Health, Provincial and Local Government and Transport.". (b) by the insertion of subsection (1A) after subsection (1): "<u>(1A) The norms and standards determined by the Minister must include minimum requirements for conditional registration in respect of all early childhood development programmes.".</u>	Included "different types of". Also included subsection (1A)
	(2) The prescribed national norms and standards contemplated in subsection (1) must relate to the following: *(a)* The provision of appropriate developmental opportunities; *(b)* programmes aimed at helping children to realise their full potential; *(c)* caring for children in a constructive manner and providing support and security; *(d)* ensuring development of positive social behaviour; *(e)* respect for and nurturing of the culture, spirit, dignity, individuality, language and development of each child; and *(f)* meeting the emotional, cognitive, sensory, spiritual, moral, physical, social and communication development needs of children.	(a) by the substitution in subsection (2) for paragraph (c) of the following paragraph: "(c) caring for children in a constructive manner and providing protection, support and security;"; and (b) by the deletion of the word "and" at the end of subsection (2) (e); (c) by the substitution in subsection (2) for paragraph (f) of the following paragraph: "(f) meeting the emotional, cognitive, sensory, spiritual, moral, physical, social and communication development needs of children**[.]**; and" and (d) the insertion in subsection (2) after paragraph (f) of the following paragraph: "(g) relevant qualification, skills and training required for early childhood development programmes.".	(c) by the substitution of subsection (2) for the following subsection: "(2) The prescribed national norms and standards contemplated in subsection (1) must relate**,** <u>amongst other things,</u> to the following: <u>(a) nurturing environments that provide protection, support and security;</u> <u>(b) appropriate and adequately resourced environments for play and learning;</u> <u>(c) group size and ratios;</u> <u>(d) support for children with disabilities;</u> <u>(e) support and information for parents and caregivers;</u> <u>(f) record-keeping;</u> <u>(g) qualifications, skills and training; and</u> <u>(h) differentiated minimum health and safety standards for different types of ECD programmes.".</u> (d) by the insertion of subsection (2A) after subsection (2) of the following subsection: -	A minimum set of suggested norms and standards included. The extended list was not included as many of the items in the extended list are included in the captured paragraphs. The actual norms and standards will go into the details. Proposed subsections (2A) and (2B) also included. Suggested paragraph 2A included, but has been amended to refer to the National Curriculum. Since paragraph 2A refers more comprehensively to

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
			"(2A) An early childhood development programme provided in terms of this section must provide structured early learning and development opportunities in line with National Curriculum Framework from Birth to Four published by the Department for Basic Education.".	ECD programmes, there is no need for the suggested paragraph 2B.
	(3) An early childhood development programme provided in terms of this section must be appropriate to the needs of the children to whom the programme is provided, including children with a disability, chronic illness and other special needs. [S. 94 inserted by s. 4 of Act 41 of 2007 (wef 1 April 2010).]	[None]	(e) by the substitution of subsection (3) of the following subsection: - "(3) An early childhood development programme provided in terms of this section must, where applicable, be appropriate to the needs of the children to whom the programme is provided, including children with a disability, chronic illness and other special needs."	Did not include suggestion, as most ECD programmes will not be able to achieve this. Amended subsection (3) to include "where applicable"
Section 95	**95 Early childhood development programme to be registered** (1) A person or organisation providing an early childhood development programme must*(* *a)* register the programme with the provincial head of social development of the province where that programme is provided; *(b)* provide the programme in accordance with any conditions subject to which the programme is registered; and *(c)* comply with the prescribed national norms and standards contemplated in section 94 and such other requirements as may be prescribed. (2) The Minister may by regulation exempt any person or organisation or any category of person or organisation from the requirement to	[None]	[None]	Suggested inputs by technical team not included, but the reference to more than 6 children has been included in the definition of an ECD centre.

(4) As from the date on which this section takes effect an existing Partial Care facilities providing an early childhood development programme, registered or deemed to be registered in terms of this Act must be regarded as having been registered in terms of this section as an early childhood development centre. (5) A centre referred to in subsection (4) is regarded as a registered early childhood development centre for a period of five years from the date on which that subsection takes effect, unless its registration is cancelled in terms of section 103L before the expiry of that period.		
103E	[NEW]	**103E Application for registration and renewal of registration of early childhood centre**	[None]	Decision: Delete

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		(1) An application for registration of an early childhood development centre or for the reinstatement or renewal of registration must- (a) be lodged with the provincial head of social development of the province where the facility is situated in accordance with a prescribed procedure; (b) contain the prescribed particulars; and (c) be accompanied by- (i) a report by a social service practitioner on the viability of the application; and (ii) any documents that may be prescribed. (2) An applicant must provide such additional information relevant to the application as the provincial head of social development may determine. (3) An application for the renewal of registration or conditional registration must be made at least 90 days before the registration is due to expire, but the provincial head of social development may allow a late application on good cause shown. (4) The provincial head of social development must renew the registration of an early childhood development centre before the expiration thereof if the application for renewal was lodged at least 90 days before the registration was due to expire as contemplated in subsection (3).		
	[NEW]	**103F Consideration of application**	[None]	Decision: Delete

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		(1) The provincial head of social development must- (a) within six months of receiving the application consider an application for registration or conditional registration or for the renewal of registration and either reject the application or, having regard to subsection (2), grant the registration or renewal with or without conditions; (b) issue to the applicant a certificate of registration or conditional registration or renewal of registration in the prescribed form if the application is granted; and (c) state in the certificate of registration the period for which the registration will remain valid. (2) When considering an application the provincial head of social development must take into account all relevant factors, including whether- (a) the facility complies with the prescribed national norms and standards contemplated in section 79 and such other requirements as may be prescribed; (b) the applicant is a fit and proper person to operate an early childhood development centre; (c) the applicant has the necessary funds and resources available to provide the early childhood development service of the type applied for; (d) each person employed at or engaged in the early childhood development centre is a fit and proper person to assist in operating the early childhood development centre; and		

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		(e) each person employed at or engaged in the early childhood development centre has the prescribed skills and training to assist in operating that early childhood development centre. (3) A person unsuitable to work with children is not a fit and proper person to operate or assist in operating an early childhood development centre. (4) The provincial head of social development must consider the report contemplated in section 103K(1)(c)(i) of a social service practitioner before deciding an application for registration, conditional registration or renewal of registration. (5) Notwithstanding section 78(3) a provincial head of social development may assist the owner or manager of an early childhood development centre to comply with the prescribed national norms and standards contemplated in section 79 and such other requirements as may be prescribed.		
	[NEW]	**103G Conditions for registration of early childhood development centres** (1) The registration or renewal of registration of an early childhood development centre may be granted on such conditions as the provincial head of social development may determine, including - (a) conditions specifying the type of early childhood development centre that may or must be provided in terms of the registration;	[None]	Decision: Delete

Amendment/ section	Original Children's Act	Original Second Amendment Bill	Updated Second Amendment Bill	Motivation/ Reason/ Decision
		(b) Conditions with which the early childhood development centre must comply with. (b) the period within which the conditions for registration must be met; and (c) any other matters that may be prescribed.		
	[NEW]	**103H Cancellation of registration** (1) The provincial head of social development may cancel the registration or conditional registration of an early childhood development centre by written notice to the registration holder if- (a) the centre is not maintained in accordance with the prescribed national norms and standards contemplated in section 103D and such other requirements as may be prescribed; (b) any condition subject to which the registration or renewal of registration was issued is breached or not complied with; (c) the registration holder or the management of the facility contravenes or fails to comply with a provision of this Act; (d) the registration holder becomes a person who is not a fit and proper person to operate an early childhood development centre; or (e) a person who is not a fit and proper person to assist in operating the early childhood development centre is employed at or engaged in operating the centre. (2) The provincial head of social development may in the case of the cancellation of a	[None]	Decision: Delete

11.2.3	PROGRESS REPORT ON THE IMPLEMENTATION OF THE ADOPTED HYBRID SPORT FACILITIES MANAGEMENT MODEL (PLAN) FOR STELLENBOSCH MUNICIPALITY (WC024)

Collaborator No:
IDP KPA Ref No: **Good Governance**
Meeting Date: **18 and 26 May 2022**

1. SUBJECT: PROGRESS REPORT ON THE IMPLEMENTATION OF THE ADOPTED HYBRID SPORT FACILITIES MANAGEMENT MODEL (PLAN) FOR STELLENBOSCH MUNICIPALITY (WC024)

2. PURPOSE

2.1 To inform Council on the progress that has been made on the implementation of the adopted Hybrid Sport Facilities Management Model (Plan) for Stellenbosch Municipality (WC024).

2.2 To inform Council of the presentation that was used to illustrate to Sport Councils the key and fundamental focal points of the new adopted Hybrid Sport Facilities Management Model (Plan) for Stellenbosch Municipality (WC024).

2.3 To inform Council of the first draft Use Agreement that will be workshopped with individual Sport Councils.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Since the approval of the Hybrid Model (SFMP) for implementation by Council, the Department: Community Services engaged with all 15 area sport councils individually to explain and retrieve input and comments **on** the new facilities management plan.

During these engagements the replacement of the formal Lease Agreement with a revised “Use Agreement” was explained in detail to the various sport council representatives.

5. RECOMMENDATION

that Council takes note of the progress report.

6. DISCUSSION

6.1 BACKGROUND AND DISCUSSION

When sport councils were met individually the Hybrid Facilities Management Plan was defined as an approach which allows the municipality to take better control of the management, maintenance, and development of municipal sport facilities.

The plan allows for opportunity to conclude partnership or management agreements with recognized and structured sport clubs, sport institutions and sport organizations in compliance with the Municipal Finance Management Act, Systems Act and additional/ specific criteria.

Individual sport councils will enter into Use Agreements with Stellenbosch Municipality instead of Lease Agreements and the following standard generic clauses will appear in all Use Agreements to be entered into with sport councils.

(a) Any sub-leasing of municipal sport facilities or part there-of, is only valid after discussion with and formal approval by Stellenbosch Municipality. In terms of the Sub-leasing agreement, the municipality forms an integral part of the agreement as the property owner.

(b) All income/revenue generated from property sub-leasing agreements and major non-league events, or major sport/social events shall be divided into three components, namely:
1. Sport Council Revenue
2. Sport Development & Maintenance Ukey (Finance Department)
3. Municipal Utilities Ukey (Finance Department)

NB: The percentage allocation between the three components will be negotiated with the various sport councils based on the unique features and conditions of the facility in question.

NB: All income/revenue generated through normal club league fixtures of the various sport codes will remain 100% that of the club/ Sport.

(c) The Sport Council must submit a quarterly financial report to the municipality of all income generated during the period. The report should also include outstanding maintenance requirements and general management challenges faced by the stakeholders.

(d) The Sport Council must appoint a Facility Committee consisting of a representative from each of the sport codes that use the sport facility. The Facility Committee must ensure that all maintenance issues are directed to the office of the Manager Sport & Halls for action. Records of these will also form part of the Quarterly Financial Report.

All sport councils have been engaged with and the Department: Community Services will revisit each sport council with the draft Use Agreement for input and finalisation. These meetings will be concluded in May 2022.

6.2 FINANCIAL IMPLICATIONS

There are no additional financial implications for the initial implementation of the Hybrid Sport Facility Management Plan. However, the effective implementation of the plan in subsequent years will necessitate additional financial resources for physical and human resource requirements.

6.3 LEGAL IMPLICATIONS

The recommendations comply with all applicable legislation.

6.4 STAFF IMPLICATIONS

There are no staff implications for the initial implementation of the Hybrid Sport Facility Management Model. However, the effective implementation of the plan in subsequent years will necessitate additional human resources.

6.5 PREVIOUS / RELEVANT COUNCIL RESOLUTIONS

6.5.1 June 2016 – Current Sports Plan was adopted by Council:

4.2 14TH COUNCIL MEETING: 2017-11-29: ITEM 7.9.1:

RESOLVED (majority vote with abstentions)

(a) that Council approves the terms and conditions of the rental agreements for each category;
(b) (b)that Council approves the proposed rental tariffs for each Sport Council category and that these tariffs be reviewed annually;
(c) that the Lease Agreements be approved for a one-year period with an annual review; should the lessee not fulfill the obligations in terms of the lease agreement, the sporting facility will fall back to Council;
(d) that once the lease agreements have been signed with the entities, the outstanding debts will be submitted to Council for consideration of writing off those debts; and
(e) that Van der Stel's lease agreement stand over until their investigation has been finalized.

6.5.2 Resolutions taken by the Stellenbosch Municipal Council on 24 July 2019:

(a) Approved MOU between the SSRA and Stellenbosch Municipality for a period of 6 months;

(b) That a new lease agreement be concluded between Stellenbosch Municipality and Van der Stel Sport Council, with a specific clause prohibiting any sub-leasing without the written approval of the Stellenbosch Municipality;

(c) That the Community Services Department (Sport Section) reviews the Municipal Facilities Management Model and relevant Sport Policy in consultation with the SSRA;

(d) That a forensic audit be done of the financial and operational systems in operation at the Van der Stel Sport Club;
(e) That the Community Services Department commence with the development of an alternative Facilities Management Model, in consultation with the SSRA;
(f) That a separate report on the outstanding debt of Area Sport Councils be submitted to Council.

6.5.3 39TH COUNCIL MEETING: 2020-11-25: ITEM 13.11

RESOLVED (majority vote)

(a) that Council takes note of the Report: Sport Facility Management Model (Annexure 1);
(b) that Council takes note of the three Sport Facility Management Model Options (I, II and III).
(c) that Council approves Option III, Hybrid Model, for implementation; and
(d) that Council mandates the Community Services Department to start with the phased-in implementation of the approved Sport Facility Management Model, with immediate effect.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.2.3

that Council takes note of the progress report.

ANNEXURE A

The Hybrid Sport Facilities Management Model

FEBRUARY 2022

STELLENBOSCH

STELLENBOSCH • PNIEL • FRANSCHHOEK

MUNISIPALITEIT • UMASIPALA • MUNICIPALITY

Hybrid Sport Facility Management Plan (Model) is defined as:

An approach which allows the municipality to:

- take control of the management, maintenance, and development of municipal sport facilities…
- but with the flexibility to conclude partnership or management agreements with recognized and structured sport clubs, sport institutions and sport organisations.
- in compliance with the MFMA, Systems Act and additional/specific criteria.

Background

- On 24 July 2019 the Stellenbosch Municipal Council resolved to revise the current Sports Facility Management Plan in order to improve the maintenance and management of sport facilities in WC024.
- On 29 July 2020 the hybrid model for the Sport Facility Management Plan was approved for implementation by Council.

Option I: The current Sport Facility Management Model (Status Quo)

This option proofed to hold many flaws that included:

- The municipality not displaying or having any control over certain sport facilities with a court case being publicised in the media.
- Certain Sport Councils did not fulfil their financial obligations towards the municipality (servicing of outstanding debt; payment for services; and the non-submission of annual financial reports).
- Neglect of building maintenance (internal breakages) and insurances.
- Inadequate and poor communication protocols between the different spheres, which include communication between the SSRA and its members (Sport Councils) and between the Sport Councils and their members (sport codes/clubs), as well as between the municipality, SSRA and Area Sport Councils.
- General dissatisfaction with the status quo.

Option II: Stellenbosch Municipality take back full control of the sport facilities and manage and maintain all the sport facilities within Stellenbosch (WC024)

- Significant additional resources (staff in particular) are required to successfully implement this option, which entail the municipality takes over the sport facilities.

Option III: Hybrid Model: A combination of key elements of Option I and Option II.

- It means that Stellenbosch Municipality manages all the sport facilities within Stellenbosch (WC024) but has the flexibility to enter into agreements with sport clubs/federations/sport councils that comply with certain conditions set by Council.

Outcome/Result

Each Sport Council will enter into a unique ***Use Agreement*** that incorporates and cater for the unique circumstances and facility features of the particular facility and Sport Council.

Standard Clauses relevant for all Sport Council Use Agreements:

1. Sub-leasing of facility to third-party users

Any sub-leasing of municipal sport facilities or part there-of, is only valid after discussion with and **formal approval by Stellenbosch Municipality**. In terms of the Sub-leasing agreement, the **municipality forms an integral part of the agreement** as the property owner.

2. Revenue/Income generated from Sport Facilities

All income/revenue generated from **property sub-leasing agreements** and **major non league events**, or **major sport/social events** shall be divided into three components, namely:

1. Sport Council Revenue
2. Sport Development & Maintenance Ukey (Finance Department)
3. Municipal Utilities Ukey (Finance Department)

NB: The percentage allocation between the three components will be negotiated with the various sport councils based on the unique features and conditions of the facility in question.

NB: All income/revenue generated through normal club league fixtures of the various sport codes will remain 100% that of the club/ Sport Council.

3. Financial Reports (Quarterly)

The Sport Council must submit a **quarterly financial report to the municipality** of all income generated during the period. The report should also include outstanding maintenance requirements and general management challenges faced by the stakeholders.

4. Facility Committees

The Sport Council must appoint a **Facility Committee** consisting of a representative from each of the sport codes that use the sport facility. The Facility Committee must ensure that all maintenance issues are directed to the office of the Manager Sport & Halls for action. Records of these will also form part of the Quarterly Financial Report.

THANK YOU

STELLENBOSCH

ANNEXURE B

STELLENBOSCH
STELLENBOSCH • PNIEL • FRANSCHHOEK
MUNICIPALITY • UMASIPALA • MUNISIPALITEIT

USER AGREEMENT

Entered into by and between

STELLENBOSCH MUNICIPALITY

Herein represented by **Geraldine Mettler** in her capacity as

Municipal Manager, being duly authorized

(Hereinafter referred to as "the **Municipality**")

AND

(insert sport council name here) COUNCIL

Herein represented by **(insert name here)**, in his capacity as **Chairperson**

(Hereinafter referred to as "the **USER**")

For the use of (insert sport facility name here) Facility, (insert address here)

(Hereinafter referred to as "the **Premises**")

1 DEFINITIONS AND INTERPRETATION

1.1 Definitions

In this Agreement, unless clearly inconsistent with or the context indicates otherwise:

1.1.1 **"Agreement"** means this user agreement together with all annexures (if any);

1.1.2 **"Monthly Payments"** means the payments payable by the **USER** as set out in clause 4 herein;

1.1.3 **"Business Day"** means a day, other than a Saturday, a Sunday or a public holiday in the Republic of South Africa and in the event that a day referred to in terms of this Agreement should fall on a day which is not a Business Day, then the relevant date shall be extended to the next succeeding Business Day;

1.1.4 **"Commencement Date"** means the commencement date of this agreement specified in clause 3.3;

1.1.5 "**User Period**" means a period of 12 months calculated from the Signature Date.

1.1.6 **"Parties"** means the parties to this agreement, and "party" means any one of them;

1.1.7 **"Permitted uses of Premises**" means the purpose for which the Premises are used as set out in clause 6 herein;

1.1.8 **"Premises"** means Du Toit Street, Stellenbosch which the **USER** will use in terms of this Agreement.

1.1.9 **"Signature Date**" means the date on which this Agreement is signed by the **USER**.

1.1.10 **"Sub-letting"** means to lease or rent all or part of a leased or rented property

1.1.11 **"Alternative use"** means a use that could not reasonably be made of the property before the loss

1.2 Interpretation

In this Agreement, unless clearly inconsistent with or the context indicates otherwise:

1.2.1 Any references to the Municipality shall, where applicable, include the Municipality's employees and/or agents;

1.2.2 Any references to the **USER** shall, where applicable, include the **USER**'s employees and/or agents;

1.2.3 Expressions in the singular also denote the plural, and *vice versa*;

1.2.4 Words and phrases denoting natural persons refer also to juristic persons, and *vice versa*;

1.2.5 Pronouns of any gender include the corresponding pronouns of the other genders; and

1.2.6 References to any enactment shall include references to such enactment as it may, after Signature Date, from time to time be amended, supplemented or re-enacted.

1.3 The use of the word "including" followed by a specific example or examples shall not be construed or interpreted as limiting the meaning of the general wording preceding it and the *ejusdem generis* rule shall not be applied in the interpretation of such general wording and/or such specific example or examples.

1.4 This agreement shall be governed by and interpreted and applied in accordance with South African law.

2 PERMISSION OF USE OF PREMISES

The Municipality hereby permits the **USER** to occupy and use the Premises and the **USER** hereby accepts the Premises from the Municipality on the terms and conditions contained in this Agreement.

3 PERIOD

3.1 The permission for use of the premises will be for a period of (1) one year

3.2 The permission may be renewed for a period of one year following the date of expiry of the initial term of this agreement depending on compliance with the outlined terms and conditions.

3.3 In the event that the permission is renewed it will be on the same terms and conditions.

4 USER'S FINANCIAL OBLIGATIONS IN TERMS OF THIS AGREEMENT

4.1 The **USER** agrees to pay the monthly municipal based on the tariff structure inclusive of pro-rata rates, water and electricity.

4.2 The USER must submit financial quarterly reports to Stellenbosch Municipality.

4.2.1 The quarterly report must also include a Facility Committee's report on all new and outstanding maintenance concerns of the facility.

4.3 the Council is indemnified against all possible 3rd party claims.

4.4 The revenue will be shared between the USER and the Municipality on a percentage-based formula which be aligned to (insert sport council name here) Sport Council. Please see addendum.

4.5 The municipality reserves the right to end the user agreement when the area is required for municipal services.

5 SUB-LETTING

5.1 The USER will only enter into a sub-lease agreement with the Municipality's consent/approval, which will not be unreasonably withheld.

5.2 In any sub-lease that the USER will enter into with a sub-lessee, the Municipality must be co-signatory of the sub-lease agreement.

6 MUNICIPALITY'S RIGHT OF ACCESS

The **Municipality** shall have the right of free access to the permitted area at all times for inspection. The **Municipality** shall not be liable for any damage to the permitted area which may arise from such inspection.

7 FACILITY COMMITTEE

7.1 The Sport Council must appoint a Facility Committee consisting of a representative from each of the sport codes that use the sport facility.

7.2 The Facility Committee must ensure that all maintenance issues are directed to the office of the Manager Sport & Halls for action.

7.3 Records of these will also form part of the Quarterly Financial Report.

8 BREACH

8.1 Should the **USER** breach any of its obligations under this Agreement and fail to remedy such breach within a period of 14 (fourteen) days the Municipality shall be entitled, without prejudice to cancel this Agreement by way of written notice to the **USER** and, in either event, to claim such damages as it may thereby have suffered.

8.2 Should the **USER**

8.2.1 fail to pay any services or other amount due by it to the Municipality in terms of this agreement on the due date thereof and fail to remedy the breach within 7 (seven) days after having been required in writing to do so; or

8.2.2 commit any breach of the terms and conditions of this agreement which is incapable of being remedied and which goes to the root of the agreement; then and in any of such events, the Municipality shall have the right but not be obliged, without prejudice to and in addition to any other rights which it may have at law and in its sole discretion to cancel the agreement.

8.3 In the event of the Municipality cancelling this agreement and the USER disputing, the right to cancel and remaining in occupation of the Premises, the

USER shall, pending the determination of such dispute, continue to pay to the Municipality. Should the dispute be determined in favour of the Municipality, the payments made and received in terms of this clause shall be deemed to be amounts paid by the USER on account of damages suffered by the Municipality by reason of the cancellation of this agreement and/or the unlawful holding over by the USER.

9 TERMINATION

This Agreement may be terminated by either party at any time upon three (3) month's written notice in writing and without payment of any compensation. Upon termination of this Agreement the **USER** shall be obligated to vacate the premises in the same condition as they were and to the satisfaction of the **Municipality** and shall not be entitled to claim compensation in respect thereof.

10 INDEMNITY

The **USER** hereby indemnifies and undertakes to keep the **Municipality** indemnified against all liability howsoever caused or whether arising as a direct or indirect result of the existence of the permit upon and against all actions, suits, proceedings, claims, demands, costs and expenses whatsoever which may be taken or made against the **Municipality** or incurred or become payable by the **Municipality** at the suit of any person.

11 OWNERSHIP

Notwithstanding the content of this agreement with sport council and the **Municipality**, it shall not be deemed to have relinquished its rights to the ownership of the property or to have waived any of its rights pertaining to the property whether in terms of the current law, regulation or any other legislation to be enacted in future.

12 DOMICILIA AND NOTICES

12.1 All notices, consents or other communications to either the **USER** or Municipality will:

12.1.1 be valid only if it is in writing;

12.1.2 if sent by prepaid registered post in a correctly addressed envelope be deemed to have been received by the other party on the 7th day after posting;

12.1.3 if delivered by hand between 09h00 and 16h00 on a business day, it is to be deemed to have been received by the other party on delivery.

12.2 The parties choose as their *domicilia citandi et executandi* the addresses mentioned in clause 11.3, provided that such *domicilium* of either party may be changed by written notice from such party to the other party with effect from the date of receipt or deemed receipt by the latter of such notice.

11.5.1	THE ANNUAL REVIEW OF STELLENBOSCH MUNICIPALITY HOUSING PIPELINE FOR THE MTREF PERIOD OF 2022 – 2025

Collaborator No: 729804
IDP KPA Ref No:
MEETING DATE: 19 May 2022 (Mayco) and 25 May 2022 (Council)

1. SUBJECT: THE ANNUAL REVIEW OF STELLENBOSCH MUNICIPALITY HOUSING PIPELINE FOR THE MTREF PERIOD OF 2022 – 2025

2. PURPOSE

To seek Council's approval of the Stellenbosch Municipality's Housing Pipeline (Projects) for the Medium-Term Revenue and Expenditure Framework (MTREF) period 2022 to 2025 attached herein as **ANNEXURE A**;

To inform Council of the Human Settlement Development Grant (HSDG) and Informal Settlements Upgrading Partnership Grant (ISUPG) allocation for human settlements development projects received from the Provincial Department of Human Settlements (PDoHS) for the (MTREF) 2022 to 2025;

To request that the Housing Pipeline be submitted to the Provincial Department of Human Settlements (PDoHS) upon attainment of Council's approval;

To inform Council of the new strategic shifts pertaining the provision of human settlements development from the National Department of Human Settlements (NDoHS) and Provincial Departments of Human Settlements (PDoHS); and

To provide a status report to Council on the progress of existing human settlement development projects that were previously on the approved Housing Pipeline.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

This Council item relates to the annual review of the Stellenbosch Municipality's Housing Pipeline for the MTREF period 2022 – 2025.

The PDoHS requires that every Municipality must have a Housing Pipeline. The Housing Pipeline is premised on a ten-year horizon and serves as the planning and budgeting tool for the implementation of Human Settlements initiatives. Each Municipality's Housing Pipeline is an integral component of the Department of Human Settlements' Business Plan. It is required that the Housing Pipeline must be annually reviewed.

According to the PDoHS housing demand database, Stellenbosch Municipality's current housing demand waiting list comprises of 17 965 applicants. The Municipality currently has numerous housing development projects under consideration to ensure a healthy delivery pipeline towards fulfilling the housing demand and its legislative mandate. The overall housing pipeline of the Municipality articulates active housing development projects that are at various stages of planning and implementation.

To give effect to the Stellenbosch Municipality Housing Pipeline, the PDoHS through the Human Settlements Business Plan, has allocated R35 890 000 in grant funding for the 2022/23 financial year. Furthermore, Council has made an allocation of R15 040 000 for human settlements development projects for the same financial year.

In 2020, the Minister of Human Settlements Gazetted the declaration of the Priority Human Settlements and Housing Development Areas (PHSHDA's). The PHSHDAs intends to advance Human Settlements Spatial Transformation and Consolidation by ensuring that the delivery of housing is used to restructure and revitalise towns and cities, strengthen the livelihood prospects of households and overcome apartheid spatial patterns by fostering integrated urban forms.

In 2020, the Provincial Department of Human Settlements (PDoHS) presented new strategic shifts in human settlements development projects to enable the residents of the Western Cape to have access to liveable, accessible, safe, and multi-opportunity settlements. The specific strategic objectives are radical acceleration of housing opportunities, radical integration approach to human settlements, radical implementation of innovative solutions and radical economic growth and job creation.

The Department: Spatial Planning has collaborated with the Department of Environmental Affairs and Development Planning (DEA&DP) to undertake a Housing Market Study for the Stellenbosch CBD to determine the needs and demand for affordable housing within the government housing subsidy programmes and private sector housing developments.

The PDoHS will undertake a study to develop the New Housing Delivery Model for the Western Cape Province in line with the directives and strategic objectives of the National Department of Human Settlements.

5. RECOMMENDATIONS

(a) that the reviewed annual Housing Pipeline (Projects) for the MTREF period 2022 to 2025 for Stellenbosch Municipality **be noted;**

(b) that the reviewed annual Housing Pipeline (Projects) for the MTREF period 2022 to 2025 for Stellenbosch Municipality **be approved**;

(c) that the HSDG and ISUPG allocations for human settlements development projects received from the Provincial Department of Human Settlements (PDoHS) for the (MTREF) 2022 to 2025 **be noted**;

(d) that the new strategic shifts pertaining the provision of human settlements development from the National Department of Human Settlements (NDoHS) and Provincial Departments of Human Settlements (PDoHS) **be noted**;

(e) that the submission of the revised Stellenbosch Municipality's Housing Pipeline to the Provincial Department of Human Settlements **be approved**; and

(f) that the progress of the human settlements development projects that are at pre-planning, and/or planning phase as reflected in table 1 below, **be noted.**

TABLE 1: PRE-PLANNING AND/OR PLANNING PHASE				
Name of Project / Settlement		**Estimated Number of Opportunities**	**Project Phase**	**Progress Update**
1	Jamestown Development: Phase 2 & 3	+400 service sites (top structures TBD)	Detailed planning	A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
2	Jamestown Development: Phase 4	+1500 - 2000 service sites and top structures	Detailed planning	A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
3	Erf 7001 Stellenbosch, Cloetesville ("Soek-mekaar")	400 service sites / top structures	Detailed planning	A service provider was appointed to undertake planning studies and obtain development rights for the proposed middle to higher income GAP housing development.
4	Erf 64 Kylemore	± 600 sites (top structures TBD)	Detailed planning	A feasibility study report into the proposed housing development was completed. A Power of Attorney has been obtained by the HDA. The HDA will appoint a team of professionals to finalise detailed planning studies and to obtain development rights.
5	Northern Extension	± 4000 – 6000 service sites (top structures TBD)	Detailed planning	A service provider was appointed to obtain development rights for a mixed-use development on the properties known as the Northern Extension.
6	Erven 412, 217 and 284 Groendal, Franschhoek	90 sites	Pre - planning	The consultant submitted various proposed concept layout options for the consideration by Council. An Item to Council Item was submitted to Mayco to consider the proposed development options for the property.
7	Botmaskop	TBD	Feasibility study	A service provider is currently in the process to submit a feasibility study report. An Item will be submitted to Council to consider the proposed concept development options.
8	Portion of Erf 7271 Stellenbosch, Cloetesville	170 sites / top structures	Planning	Council has approved the project to proceed to detailed planning studies. Funding application to PDoHS was submitted, Housing Development await the outcome of funding application.

Name of Project / Settlement		Estimated Number of Opportunities	Project Phase	Progress Update
9	Erven 6300, 6847, 6886 Stellenbosch, Cloetesville	279 service sites /top structures)	Planning	Council has approved the project to proceed with to detailed planning studies. Funding application to PDoHS was submitted, Department: Housing Development, await the outcome of the funding application.
10	Erf 8776 Stellenbosch, Cloetesville	37 service sites / top structures	Planning	Council has approved the project to proceed with to detailed planning studies. Funding application to PDoHS was submitted, Department: Housing Development, await the outcome of the funding application.
11	Erf 6705 Stellenbosch, Cloetesville	12 service sites	Planning	Council has approved the project to proceed with to detailed planning studies. Funding application to PDoHS was submitted, Department: Housing Development, await the outcome of the funding application.
12	La Motte Old Forest Station	442 serviced sites; possible temporary relocation units	Planning	A feasibility study report into the proposed housing development was completed. The HDA has been appointed to facilitate the transfer of land and to finalise detained planning studies for township establishment.
13	Adam Tas Corridor	TBD	LSDF	The Department: Spatial Planning is currently undertaking the development of a Local Spatial Development Framework (LSDF) for the ATC development.
14	Droë Dyke	1000 sites (type TBD)	Pre - Planning	Forms part of the Adam Tas Corridor initiative. The property is under investigating for future housing development.
SOCIAL HOUSING PROJECTS				
Name of project / settlement		**Estimated Number of opportunities**	**Project Phase**	**Progress Update**
1	Farms 81/2 and 81/9 Stellenbosch	± 250 – 350 rental units	Detailed planning	The Terms of Reference (ToR) have been approved to appoint an accredited Social Housing Institute (SHI) and/or Other Development Agency (ODA) to develop social housing project. The ToR will be advertised, shortly.
2	Lapland Precinct	±368 rental units	Feasibility study	The service provider completed a feasibility study and further detailed studies will commence subject to the availability of funding.
3	Teen-die-bult Precinct	±180 rental units	Feasibility study	The service provider completed a feasibility study and further detailed studies will commence subject to the availability of funding.
4	La Colline Precinct	TBD	Feasibility study	The service provider completed a feasibility study and further detailed studies will commence subject to the availability of funding.

FORMALISING AND UPGRADING OF EXISTING SETTLEMENTS				
Name of project / settlement		**Estimated Number of opportunities**	**Project Phase**	**Progress Update**
1	Erf 2183 Klapmuts, La Rochelle	100 serviced sites, possible temporary relocation units	Detailed planning	A service provider is in the process to submit land use applications to obtain development rights for enhanced serviced sites.
2	Langrug, Franschhoek	1900 sites	Detailed planning	A service provide will be appointed to finalise detailed plans for the rehabilitation of the freshwater dam and implementation of an in-situ upgrade project.
3	Enkanini Informal Settlement	1300 sites (top structures TBD)	Detailed planning	The in-situ upgrade of Enkanini to commence in 2025/26 financial year.
4	Kayamandi Town Centre	1854 serviced sites and top structures	Detailed planning	A service provider is in the process to submit land use applications to obtain development rights for township establishment for 3-storey (BNG) walk-ups.
5	Maasdorp Village, Franschhoek	+ 16 - 32 top structures	Detailed planning	A service provider is in the process to submit a land use application to obtain development rights.
6	De Novo	77 rectifications of existing structures, 300 top structures,	-	The project is being managed and implemented by PDoHS,
7	Five housing projects in Kayamandi	396 erven	Detailed planning	The service provider is in process to rezone and subdivide the property and register at the Surveyor General (SG)'s office.
8	3460 Meerlust, Franschhoek (200)	200 units	Feasibility study	A feasibility study report into the proposed housing development project was concluded. The HDA has been appointed to facilitate the transfer of land and to finalise detailed planning studies for township establishment.
9	Jonkershoek	Units and sites TBD, together with 40 existing units	Feasibility study	A feasibility study report has been concluded. HDA has been appointed to facilitate the transfer of land to finalise planning studies for township establishment.
10	Farm 34 Vaaldraai Elsenburg	283 sites	Feasibility study	The property is owned by the Department of Public Works and Infrastructure (DPW&I). There are on-going discussions between the Municipality and DPW&I regarding the future of the settlement.

g) that the projects under construction (within the implementation phase which is dealt by the Department: PMU) as reflected in table 2 below, **be noted**:

TABLE 2: HOUSING PROJECTS AT IMPLEMENTATION PHASE				
Name of project / settlement		**Estimated Number of opportunities**	**Project Phase**	**Progress Update**
1	Vlottenburg Longlands	144 sites and 106 top structures	Implementation	The construction of 106 top structures to commence in May 2022.
2	Erf 3229 Mooiwater	253 sites	Implementation	Development rights for the project have been obtained. A contractor will be appointed in July 2022 to commence with the rehabilitation of the property. The project will be implemented in two phases as follows: - **Phase 1** entails the bulk earth works and site rehabilitation. - **Phase 2** entails the installation of infrastructure services.
3	Idas Valley	166 sites and 166 FLISP Units	Implementation	The housing development project will be implemented over a period of two years. The construction of 166 top structures to commence in July 2022 until December 2023.
4	The Steps and Orlean Lounge, Cloetesville	161 existing houses	Implementation	Phase two of the project to commence in May 2022.
5	ISSP Kayamandi Zone O (711) UISP	178 sites	Implementation	In the process of appointing a contractor to implement the project. Approximately 55 families must be relocated to a decanting site for the project to commence.

6. DISCUSSION / CONTENTS

6.1. Background

The Provincial Department of Human Settlements (PDoHS) requires that every Municipality must have a Housing Pipeline. The Housing Pipeline is premised on a ten-year horizon and serves as planning and budgeting tool for implementation of human settlements initiatives. Each Municipality's housing pipeline is an integral component of the Department of Human Settlements' Business Plan. The housing pipeline must be review on annually to effectively articulate the Municipality project list, targets and budget allocations towards fulfilling the housing demand and its legislative mandate.

The objective of the housing pipeline is to provide more emphasis on the housing programmes administered by the Municipality such as:

- The provision of enhanced serviced sites,
- the upgrading of informal settlements,
- access to affordable housing (BNG),
- Social Housing (the National Minister of Human Settlements approved Stellenbosch as a restructuring town and restructuring zones in March 2017),

- the IRDP enables the development of well-located, socially diverse projects that provide a mix of income groups and land uses; and
- Financed Linked Individual Subsidy Programme (FLISP) - for those within the gap market to acquire existing properties or to buy a serviced site.

Upgrading of Informal Settlements

The Municipality manages and coordinates the upgrading of informal settlements through the following broad objectives:

- In-situ upgrading of informal settlements;
- Upgrade informal settlements by the provision of basic services;
- Develop emergency housing sites geared to accommodate evictees;
- Enumerate / undertake demographic surveys of identified informal settlements;
- Facilitate tenure security in informal settlements;
- Assist in short-term job creation through linkages with Expanded Public Works Programme (EPWP) and longer term job creation through upgrading programmes;
- Facilitate capacity-building and training for residents and stakeholders through direct service provision and partnerships with outside agencies; and
- Manage the provision of services and development programmes to informal settlements.

Informal backyard dwellings

The Municipality through the Housing Pipeline is actively attempting to address the needs and plight of backyard dwellers within the municipal area. Currently it is required to be registered on the Housing Demand Database and hopefully this will result in a permanent dwelling in one of Council's housing projects. This process is long and tedious and the chance of actually obtaining a formal house, is very slim. Therefore, Council is actively researching ways in which the service (and basic services) to backyard dwellers can be improved through its various housing programmes.

Social Housing

Stellenbosch Municipality was approved as a Restructuring Town in March 2017, by the National Minister of Human Settlements. This approval included the confirmation of the various Restructuring Zones within the Municipality and the latter culminated in a Council decision instructing the administration to attract Social Housing Institutions (SHI) and/or Other Development Agency (ODA) in order to effect to the Municipality's social housing programme. The aim of this programme is to ensure improved quality of life for communities through a Rental housing programme. This process of integration speaks to the importance of:

- Economic sustainability: affordability, access to economic opportunities, and promoting job creation via the multiplier effect associated with building medium density housing stock etc.;
- Social sustainability: social integration between various income groups, access to educational, recreational and health facilities, etc.; and
- Ecological sustainability: conservation of scarce resources.

The image below depicts areas that have been declared as Restructuring Zones for Stellenbosch Municipality as figure 1.

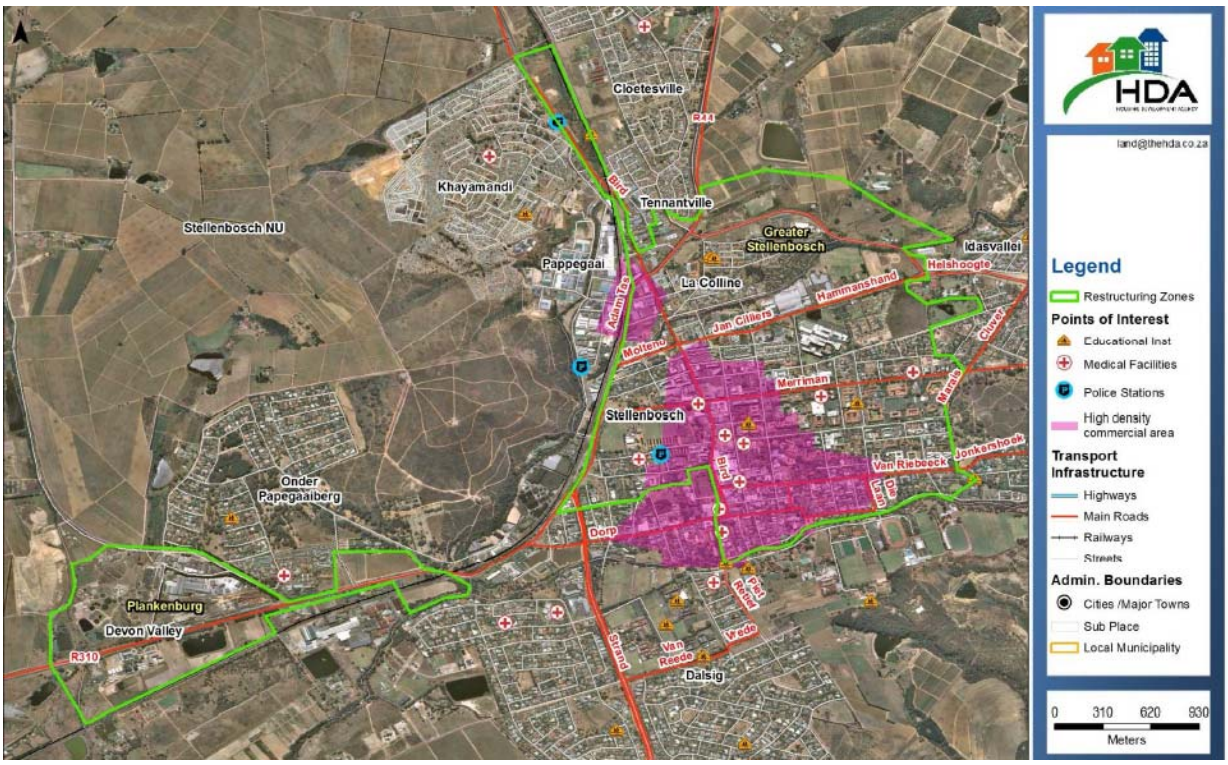

Figure 1: Restructuring Zones as indicated in green.

To give effect to the Housing Pipeline, the PDoHS through the Human Settlements Business Plan, the allocation for the Human Settlement Development Grant (HSDG) and Informal Settlements Upgrading Partnership Grant (ISUPG) in the 2022/23 financial year is R35 890 000. Hereunder, in the table are the human settlement development projects that have been allocated grant funding in the 2022/23 financial year:

Name of Project/ Settlement	Type of Project/ Subsidy Mechanism	Estimate Number of Opportunities
Erven 6300, 6847, 6886 Cloetesville, Stellenbosch	FLISP	279 sites (top structures TBD)
Erf 7001 Cloetesville, Stellenbosch ("Soek-mekaar")	IRDP, FLISP	±250 – 300 service sites (top structures TBD)
Vlottenburg Longlands	IRDP	106 increased to 144
Jamestown Development: Phase 2 & 3	IRDP, FLISP	+ 400 service sites / top structures
Jamestown Development: Phase 4	IRDP, FLISP	± 1500 - 2000 service sites (top structures TBD)
ISSP Kayamandi Town Centre	UISP, Institutional	1854 service sites and top structures
ISSP Kayamandi Zone O	UISP	711 sites
Northern Extension	IRDP, FLISP	± 4000 – 6000 service sites (top structures TBD)

Name of Project/ Settlement	Type of Project/ Subsidy Mechanism	Estimate Number of Opportunities
Erf 8776 Cloetesville, Stellenbosch	FLISP	37 sites (top structures TBD)
Erf 6705 Cloetesville, Stellenbosch	BNG	12 service sites / top structures
La Motte Old Forest Station	IRDP, FLISP	442 sites
Erf 2183 La Rochelle, Klapmuts	UISP	100 serviced sites; possible temporary relocation units
Langrug Franschhoek Mooiwater Dam Rehab & Basic Services	UISP	253 sites (top structures TBD)

6.2. DISCUSSION

6.2.1. Housing Demand Overview

According to the Provincial Department of Human Settlement's housing demand database, Stellenbosch Municipality's current housing demand waiting list comprises of 17 965 applicants. For purposes of planning and alignment, the active demand is used to determine the backlog and opportunities that are required to ensure a healthy delivery pipeline towards fulfilling the housing demand and its legislative mandate.

The Department: Spatial Planning has collaborated with the PDoHS to undertake a Housing Market Study for the Stellenbosch CBD to determine the needs and demand of affordable housing within the government housing subsidy programme and private sector housing developments. Once the Housing Market Study for the Municipality is completed, the Department: Housing Development together with Department: Housing Administration will articulate the number of active housing demand under each housing subsidy programme to provide a clearer picture of the housing demand relative to the housing subsidy programme.

The table below articulates the housing subsidy programmes provided by Government.

Housing subsidy programmes		Income bracket (Monthly Household Income)	Description
1	Government subsidised hosing	<R3 500	100% government subsidy with no beneficiary contributions (Breaking New Ground units subsidised in full by government).
2	Enhanced site and Service	R3 500 or R3 501 - R7 000	100% government subsidy with no beneficiary contributions for an enhanced service site (standpipe and toilet facility).
3	Gap Housing	R 3501 – R 22 000	A bond must be obtained through a financial institution who will apply directly to the PDoHS for a top structure. The subsidy amount decreases as the monthly income increases.
4	Social housing	R1 850 – R6 700 R6 701 - R22 000	Rental or co-operative housing option managed by an accredited SHI.
5	Finance-Liked Individual Subsidy Programme (FLISP) housing	R3 501 – R22 000	Provision of government subsidies on a sliding scale (of between R121 626 and R27 960) to reduce monthly home loan repayments (partially subsidised by government).
6	Bonded housing	> R22 000	Private financing from financial institutions for housing on the open market.

6.2.2 New Housing Delivery Model Development

A Minister's engagement in September 2020 to discuss the business planning and budgeting process, with specific emphasis on the funding realities. During this particular engagement, the Head of Department of the Provincial Department of Human Settlements indicated that the national funding for housing has been reduced and advised that it will have a severe impact on municipalities.

The National Department of Human Settlements thereafter sent correspondence to the Provincial Department of Human Settlements to elaborate on the changed directive towards the provision of housing, which now entails the following:

- Delivery of top structures is fiscally un-sustainable leading to the directive to downscale delivery of top structures and prioritise the delivery of serviced sites and enhanced serviced sites where applicable;
- Project approval for normal Breaking New Ground (BNG) top structures will only be provided for the following beneficiary categories: The elderly (sixty years and older), military veterans, persons with disabilities, child headed households, persons on the waiting list fifteen years or longer and backyarders (category added by the Provincial Department of Human Settlements); The typologies to be considered for top structures will be focused on medium to high density developments;
- Top structures will only be provided where approvals or contractual commitments exist or where construction has begun. No new contractual commitments will be entered into for top structures as from 1 April 2021;
- No new top structure projects may be awarded without the approval from the National Department;
- Providing access to basic services; and
- Focus on the in-situ upgrading of Informal Settlements.

The Provincial Department of Human Settlements informed the Stellenbosch Municipality that a service provider will be appointed in the 2022/23 financial year to undertake a study and develop the **Housing Delivery Model** for the Western Cape Province in line with the directives and strategic objectives of the National Department of Human Settlements.

6.2.3 Budget - Medium Term Revenue and Expenditure Framework (MTREF)

The Municipality received the Gazetted Business Plan from the Provincial Department of Human Settlements (PDoHS) indicating the projects list, targets and funding allocation of the approved 2022/2023 HSDG and ISUPG Business Plans. The HSDG and ISUPG allocation for the Municipality in the 2022/23 financial year is R35 890 000. The Municipality's HSDG and ISUPG allocation for the Medium-Term Revenue and Expenditure Framework (MTREF) of 2022/2023 to 2024/2025 is described in the table below:

Housing Subsidy Programme	Financial Years (MTREF PERIOD)		
	2022/23	2023/24	2024/25
Human Settlement Development Grant	R15 040 000	R30 823 000	R27 900 000
informal Settlements Up Partnership Grant	R20 850 000	R27 180 000	R6 0000
TOTAL	**R35 890 000**	**R58 003 000**	**R27 906 000**

6.2.4 Priority Human Settlements and Housing Development Areas (PDSHDA)

In 2020, the Minister of Human Settlements Gazetted the declaration of the Priority Human Settlements and Housing Development Areas (PHSHDA's). The PHSHDAs intends to advance Human Settlements Spatial Transformation and Consolidation by ensuring that the delivery of housing is used to restructure and revitalise towns and cities, strengthen the livelihood prospects of households and overcome apartheid spatial patterns by fostering integrated urban forms.

The PHSHDA's are underpinned by the principles of the National Development Plan (NDP) and allied objectives on the National Spatial Development Framework (NSDF) and the Integrated Urban Development Framework (IUDF) which includes:

- **Spatial Justice:** reversing segregated development and creation of poverty pockets in the peripheral areas, integrate previously excluded groups and resuscitate declining areas;

- **Spatial efficiency:** consolidating spaces and promoting densification and efficient communicating patterns;

- **Access to connectivity, economic and social infrastructure:** ensure the attainment of basic services, job opportunities, transport networks, education, recreation, health and welfare to facilitate and catalyse increased investment and productivity;

- **Access to adequate accommodation:** emphasis is on provision of affordable and fiscally sustainable shelter in areas of high need; and

- **Provision of quality housing options:** ensure that different housing typologies are delivered to attract different market segments of appropriate quality and innovation.

Emphasis is placed on synchronising national housing programmes in these priority human settlements and housing development areas namely:

- **Integrated Residential Development Programme** provides a tool to plan, fund and develop integrated settlements that include all the necessary land uses and housing types and price categories to create integrated communities. It provides for subsidized, as well as finance linked housing, social and rental housing, commercial, institutional and other land uses to be developed;

- **Social Housing Programme in Restructuring** Zones provides for Social Housing located in specific, defined localities (mostly urban) which have been identified as areas of opportunity (largely economic) where the poor have limited or inadequate access to accommodation, and where the provision of social housing can contribute to redressing structural, economic, social and spatial dysfunctionalities. It is also aimed to improve and contribute to the overall functioning of the housing sector and in particular the rental sub - component thereof, especially insofar as social housing is able to contribute to widening the range of housing options available to the poor;

- **Informal Settlements Upgrading Programme** provides for the structured in situ upgrading of informal settlements to address the social and economic exclusion of communities. It remains evident that informal settlements provide new migrants and the urban poor an affordable point of access into towns and cities, although they are also associated with high degrees of physical and social vulnerability;

- **Finance Linked Individual Subsidy Programme** provides for the creation of an inclusive and vibrant residential property market which can provide state assistance to households who are unable to independently access housing credit to become upwardly mobile and progress up the housing ladder;

- **The Special Presidential Package (SPP) Programme on Revitalisation of Distressed Mining Communities** by developing and implementing human settlements spatial transformation plans for identified mining areas;

- **Enhanced People's Housing Process** provides for a process in which beneficiaries actively participate in decision - making over the housing process and housing product and make a contribution in such a way that: 1) Beneficiaries are empowered individually and collectively, 2) various partnerships are created, 3) social capital is retained and expanded upon, and 4) housing is valued as an asset far beyond its monetary value.

The current status of the PHSHDA for Stellenbosch Municipality, namely:

- The “Stellenbosch Urban Core Priority Human Settlements and Housing Development Area (PHSHDA) was formally gazette on 15 May 2020 (Government Gazette No. 43316) and consists of the neighborhoods of Jamestown, Kayamandi and Central Stellenbosch;

- To date the Housing Development Agency (HDA) with assistance from the Provincial Department of Human Settlements (PDoHS) have undertaken a Status Quo Analysis in preparation for the drafting of the Stellenbosch PHSHDA Development Plan. The Status Quo Analysis has been completed and will inform the Development Plan drafting going forward; and

- The PDoHS, Stellenbosch Municipality and HDA will proceed with the drafting of the Stellenbosch PHSHDA Development Plan in the near future.

The image below depicts areas that have been declared as Priority Human Settlements and Housing Development Areas (PDSHDA) as figure 2.

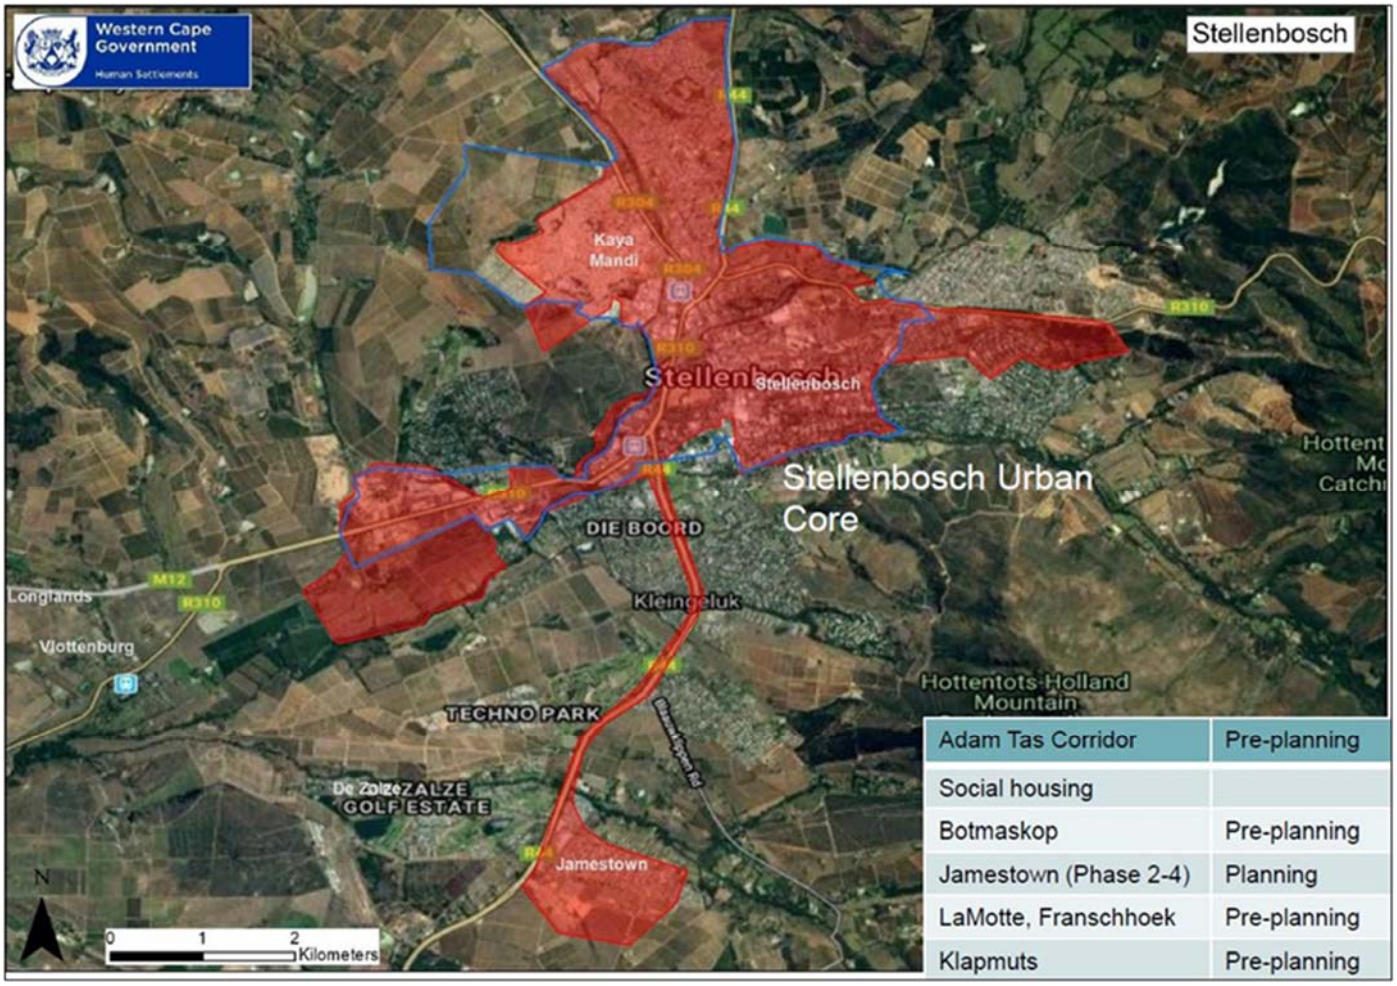

Figure2: Priority Human Settlements and Housing Development Areas (PDSHDA)

6.2.5 Readiness Matrix

The priority of a project is determined as follows:

- Land is identified for consideration and further investigation into the potential development of the land.
- A Project Initiation Document (PID) is submitted to the Provincial Department of Human Settlements for approval by the Department to release funds to proceed with Feasibility Studies.
- Feasibility studies are then conducted to provide a framework in which an informed decision can be taken whether the land is suitable for a housing development project.
- A Project Feasibility Report (PFR) is then submitted to the Provincial Department of Human Settlements for approval by the Department to release funds to proceed with the planning and pre-planning phase.
- In the event that the project is deemed feasible (approval of the PFR), the pre-planning and planning phase then continues which entails the obtaining of development rights in terms of various applicable legislation, such as, amongst others and where relevant, the Land Use Planning Act and subsequent Municipal Land Use Planning By-Law, the Subdivision of

Agricultural Land Act No 70 of 1970, the National Environmental Management Act No 107 of 1998 and the National Heritage Resources Act No 25 of 1999. Surveyor General Approval and Deeds Office Registrations are also required.

- Once all the required development rights have been obtained, a Project Implementation Readiness Report (PIRR) is submitted to the Provincial Department of Human Settlements for approval to release funds to proceed with the installation of services and the construction of top structures where applicable.

- The Provincial Department of Human Settlements requests that the Project Readiness Matrix, an instrument to assess the credibility of their Business Plan submitted to the National Department of Human Settlements, be completed as a priority by Municipalities. The Readiness Matrix indicates the status of beneficiary approvals, land use and environmental approvals, evidence of submission to the Surveyor-General and/or approved General Plans, evidence of sufficient bulk infrastructure, contractor procurement, and detailed cash flows per project. Municipalities are urged to ensure that project applications are submitted with a portfolio of evidence to satisfy the Readiness Matrix for all projects to be funded on the Business Plan.

6.2.6 Stellenbosch Municipality Pipeline and Existing Housing Projects

The Municipality currently has numerous housing development projects under consideration to ensure a healthy delivery pipeline towards fulfilling the housing demand and its legislative mandate. The overall housing pipeline of the Municipality articulates active housing development projects that are at pre-planning and or detailed phase (mostly Greenfield developments), formalisation and/or upgrading of existing settlements, social housing projects and various projects that are at implementation phase. The housing development project information is provided per town/area and described in terms of its project name, locality, subsidy mechanism, targeted units, planning timeframes and whether the projects have council approval or not.

The implementation of housing projects in the Municipality is executed by the Department: Project Management Unit (PMU). The Department: Housing Development is responsible for planning and ensuring that development rights are obtained, whereafter the projects handed over to the Department: Project Management Unit for implementation. Projects that have been included in the housing pipeline for the 2022/23 financial year are indicated on the table below:

*PRE-PLANNING AND/OR PLANNING PHASE								
Name of project / settlement		Type of project / subsidy Mechanism	Estimated Number of opportunities	Project Phase	Project timeframes Land use approvals			Comment
					2022/23	2023/24	2024/25	
1	Jamestown Development: Phase 2 & 3	IRDP, FLISP	400 service sites (top structures TBD)	Detailed planning				A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
2	Jamestown Development: Phase 4	IRDP, FLISP	+ 1500 - 2000 service sites and top structures	Detailed planning				A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
3	Erf 7001 Stellenbosch, Cloetesville ("Soek-mekaar")	IRDP, FLISP	± 250 – 300 service sites (top structures TBD)	Detailed planning				A service provider was appointed to undertake planning studies and obtain development rights for the proposed middle to higher income GAP housing development.
4	Erf 64 Kylemore	IRDP	+ 600 service sites and top structures	Detailed planning				A feasibility study report has been concluded. A Power of Attorney has been obtained by the HDA. The HDA will appoint a team of professionals to finalise detailed planning studies and to obtain development rights.
5	Northern Extension	IRDP, FLISP	± 4000 – 6000 service sites (top structures TBD)	Detailed planning				A service provider has been appointed to obtain development rights for a mixed-use development on the properties known as the Northern Extension.
6	Erven 412, 217 and 284 Groendal, Franschhoek	IRDP, FLISP	± 150 – 200 service sites	Pre - planning				The consultant submitted various proposed concept layout options for the consideration by Council. An Item to was submitted to Mayco to consider the proposed development options for the property.

6.3 Financial Implications

The proposed Housing Pipeline is submitted to Council on an annual basis. The financial implications are based on the approval of projects as per the funding submissions (applications) and project feasibility reports to the PDoHS. The financial implications to Council for the Medium-Term Revenue and Expenditure Framework (MTREF) period are described in the table below.

Funding source	Financial Years (MTREF PERIOD)		
	2022/23	2023/24	2024/25
CRR	R15 185 000	R20 156 000	R21 780 000
Human Settlement Development Grant and Informal Settlements Up Partnership Grant	R35 890 000	R58 003 000	R27 906 000
TOTAL	R51 075 000	R78 159 000	R49 686 000

The Housing Pipeline must reconcile with the PDoHS approved budget/s and Business Plans as well as the infrastructure capacity as aligned with the Capital Expenditure Framework.

6.4 Staff Implications

This report has staff implications in accordance with the approved organogram. The Department: Housing Development has a vacancy rate of 90%. The Programme Manager are currently appointed on a contract basis.

6.5 Previous / Relevant Council Resolutions

After careful scrutiny of the item: STELLENBOSCH MUNICIPALITY: HOUSING PIPELINE (ANNUAL REVIEW), and as the delegation approved by Council on 26 May 2021(item 11.4.1) to confer Council powers and functions upon the Executive Mayor, as such, the item was approved as per recommendations (a) – (e) as signed on 12 April 2021. The recommendations as approved are listed below.

RESOLVED (majority vote with abstentions)

(a) that Council takes note of the National and Provincial Departments of Human Settlements' directive on the provision of housing;

(b) that Council takes note on the method undertaken in the determination of priority projects by means of project readiness ranking;

(c) that Council takes note of all the identified projects as described in the Housing Pipeline document, which will subsequently be submitted to the Provincial Department of Human Settlements for approval on the Housing Pipeline;

(d) that Council takes note on the progress of existing housing projects that are currently on the approved Housing Pipeline;

(e) that the Housing Pipeline be reviewed on an annual basis to align the project readiness with the DORA allocation;

(f) that the projects under construction (within the implementation phase) as reflected in the below table be supported in accordance with the appropriate funding and relevant provincial approvals as well as available bulk infrastructure capacity:

For the Financial Year 2021/2022

	Project Name	Housing Programme	Opportunities
1	Erf 9445 Stellenbosch Idas Valley (166)	FLISP	166 sites
2	Vlottenburg Longlands Village Phase 3 (144)	IRDP	138 units 6 sites
3	The Steps and Orlean Lounge, Cloetesville	Rectification (municipal)	161 existing units
4	Smartie Town, Cloetesville	Rectification (municipal)	106 existing units
5	Kayamandi Zone O (711)	UISP	78 sites funding approval in 2021/22. Remaining 112 of the current phase to proceed after approval of additional funds
6	Kayamandi Watergang Basic Services	ABS	Basic services
7	Watergang Phase 2C – Erf 3603 Kayamandi	UISP	87 sites * in implementation phase; however awaiting decision on the way forward

(g) that the projects currently in the pre-planning and/or planning phases as reflected in the below table be supported in accordance with the appropriate funding and relevant provincial approvals:

For the Financial Years 2021/2022 and 2022/2023 (with funding)

	Project Name	Housing Programme	Opportunities	Phase
1	Botmaskop	Social Housing, IRDP, FLISP	TBD	Feasibility 2021-22 Planning 2023-25

6	Kayamandi Town Centre	UISP, Institutional	1847 top structures (units)	Planning 2021-22
7	Northern Extension	IRDP, FLISP	4000 – 6000 sites	Planning 2021-22
8	Erf 3229 Franschhoek (Mooiwater)	UISP	258 sites	Planning 2021-22
9	Erf 64 Kylemore	IRDP	± 600 top structures (units)	Planning 2021-22
10	La Motte Old Forest Station	IRDP, FLISP	830 + 283 sites	Planning 2021-22 and 2023-25
11	Lapland Precinct	Social Housing	368 top structures	Planning 2021-22
12	3256 Franschhoek Langrug (1900)	UISP	1900 serviced sites	Planning 2021-22
13	Erf 2183 Klapmuts, La Rochelle	UISP	100 serviced sites;possible temporary relocation units	Planning 2021-22
14	Maasdorp Village, Franschhoek	Township Establishment	16 existing units	Planning (land use rights) – 2021-22
15	Enkanini	UISP	1300 sites	Planning 2021-22

(h) that the projects currently in the pre-planning and/or planning phases as reflected in the below table be supported, subject to funding approval:

For the Financial Years 2021/2022 and 2022/2023 (subject to funding)

	Project Name	Housing Programme	Opportunities	Phase
1	Portion of Erf 7271Stellenbosch, Cloetesville	BNG, FLISP	168 serviced sites (top structures TBD)	Pre-planning 2021-22 Planning 2023-25
2	Erven 6300, 6847, 6886 Stellenbosch, Cloetesville	FLISP	279 sites	Pre-planning 2021-22 Planning 2023-25
3	Erf 8776 Stellenbosch, Cloetesville	FLISP	37 sites	Pre-planning 2021-22 Planning 2023-25
4	Erf 6705 Stellenbosch, Cloetesville	BNG	12 units /top structures	Pre-planning 2021-22 Planning 2023-25

	Project Name	Housing Programme	Opportunities	Phase
5	Adam Tas Corridor	IRDP, FLISP, Social Housing	3500 – 5000 serviced sites (top structures TBD)	Planning 2023-25
6	Teen-die-bult Precinct	Social Housing	180 top structures	Pre-planning 2021-22 Planning 2023-25
7	3460 Meerlust, Franschhoek (200)	IRDP	200 top structures(units)	Pre-planning 2021-22 Planning 2023-25
8	Jonkershoek	Township Establishment,IRDP, FLISP	Units and sites TBD, together with 40 existing units	Pre-planning 2021-22 Planning 2023-25
9	Farm 34 Vaaldraai Elsenburg	IRDP, FLISP	283 top structures(units)	Pre-planning completed2021-22 * outside urban edge

** All projects continuation subject to Council approval for each phase to proceed to the next*

(i) that the projects currently considered in the pre-planning phase as reflected in the below table be supported for future financial years from 2023/2024 and beyond, and subject to appropriate funding and relevant provincial approvals:

For the Financial Years from 2023/2024 and beyond

	Project Name	Housing Programme	Opportunities
1	Droë Dyke	IRDP, FLISP, Social Housing	1000 sites (type TBD)
2	Portion 7 of Farm 744 Paarl, Klapmuts	IRDP/ FLISP	850 sites
3	La Colline Precinct	Social Housing	TBD

Councillor F Adams requested that his vote of dissent be minuted.

6.6 Risk Implications

This report has no risk implications for the Municipality.

6.7 Comments from Department: Spatial Planning

The Department: Spatial Planning supports the Item.

The latter department provided comprehensive comments in support of the Item. The detailed comments as well as the responses from Department: Housing Development are included under in **ANNEXURE B.**

There were also concerns raised in the comments that required further discussion between the two departments. A meeting was held on the 13th of May 2022 where the two departments resolved these concerns. The detailed comments were exhaustive and a summary of the concerns raised are provided hereunder.

Spatial Comment	Departmental Response
Funded MTREF Capital Projects that are strategic spatially aligned	
Erf 64, Kylemore [MTREF] • Located inside the approved urban edge. • Identified in the SDF as future mixed-use, community, and residential infill. • From an MSDF/CEF perspective, this project does not fall within the functional area and priority development areas and from a strategic perspective does not align spatially. Similarly, the project is not included in the Stellenbosch PHSHDA. • The strategic alignment (including DHS approval) will have to be considered and prioritized if this project is to proceed in the future. It is also noted that even though the project has been listed as falling within the pre-planning and planning phase and considering that the land is still currently being transferred (status quo report p.24) the table in the Council item 5.d should be updated as it is unlikely that land use approvals will be obtained during 2022/23. This is also noted and reflected on pages 7 and 25 of the status quo report.	The project is a priority for Council. On the 25th of October 2021, the National Department of Public Works and Infrastructure endorsed the release of Erf 64, Kylemore to Stellenbosch Municipality through the Housing Development Agency by way of a Power of Attorney. The PoA will allow for Planning to proceed while the transfer of the land is being finalized.
Kayamandi Watergang Northern Extension (2000) [MTREF] • Located within the approved urban edge. • From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. Once the project reached the planning phase, it needs to be considered within the capital planning process/CEF.	Support for the Project noted, and it must be note that the project falls within the Adam Tas Corridor Study Area, which is a catalytic development area for Council.
Stellenbosch Adam Tas Transit Oriented Development (3500) [2023/24] • Located within the approved urban edge. • Identified in SDF as a catalytic project and the ATC LSDF is currently in process. • LSDF will identify a number of inclusionary/affordable housing opportunities for this area. • From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.	Support for the Project noted, and it must note that the project falls within the Adam Tas Corridor Study Area, which is a catalytic development area for Council. It must further be noted that the Department: Spatial Planning has embarked on a process to draft an Inclusionary Zoning Policy, that is further informed by a Housing Market Study, which will assist Council and the Department with the identification of the noted housing opportunities.

Spatial Comment	Departmental Response
Funded MTREF Capital Projects that are strategic spatially aligned	
Droë Dyke [2023/2024] • Located within the approved urban edge. • Part of the Adam Tas Corridor Project as identified as strategic sites, projects, and/or infill opportunities of the MSDF. It is important to note the green areas to be retained. • From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.	Support for the Project noted, and it must note that the project falls within the Adam Tas Corridor Study Area, which is a catalytic development area for Council.
Kayamandi Town Centre • Located within the approved urban edge. • Re-development supported. • From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.	Support noted for the Project(s). The detailed site development plans will be consulted with all the municipal departments
Farm 81/2 & Farm 81/9, Stellenbosch [2022/23 – 2023/24] • Located within the approved urban edge. • From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially, however as mentioned above site constraints and characteristics might need to be incorporated within the design if this project moves past the feasibility phase. This is also noted in the status quo report on page 91. • It is also noted that even though the project has been listed as falling within the detailed planning phase in the table on Council 5.d, the status quo (page 91) mentions that the request for proposal to develop Social Housing needs to commence. The reflection of obtaining land use approvals in table 5.d in the Council item needs to be updated and reflect the project deliverables as per the status quo (p. 9 & 91).	Comment noted and amendment have been included on the Item. The social housing Item was approved by Council in April 2022. The department is in process to advertise the tender to appoint suitable SHI and/or ODA's for social housing projects.

Spatial Comment	Departmental Response
Funded MTREF Capital Projects that fall in the "Housing OUTSIDE (including partially) THE URBAN EDGE"	
Jamestown: Housing [2022/23] & Jamestown: Housing [MTREF] • The majority of the site is located inside the approved urban edge, however, portion 3 of Farm 527, falls outside the urban edge. • Inclusive development is supported in the approved SDF. • From a strategic spatial alignment perspective, this project falls within the spatially targeted areas i.e. the functional area and priority development areas, and aligns spatially, however, because the housing development includes a portion outside of the urban edge the categorization of the projects has been included in the "Housing outside the urban edge". • Even though the project has been split in the budget, no indications have been given as to which part of the property falls within which phase of the development. The status quo unfortunately also did not provide this level of detail and when updated the categorization might provide a different result. • Also note that the table on page 20 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.	The proposed amendments included the possible inclusion of Farm No. 527/3, Stellenbosch Division, and therefore this process is aimed to be completed by end 2022. The potential inclusion is therefore included in the work that must be completed by the appointed Service Provider and the specialist studies must be used to provide the detailed supporting evidence to substantiate the inclusion within the urban edge. More comments can be read in **ANNEXURE B.**
La Motte Old Forest Station (±430 services & ±430 units) [2022/2023] • The majority of the sites are located outside of the approved urban edge. • The sites within the urban edge are identified in the SDF as future mixed-use, community, and residential infill, as well as natural/wetland areas. • From an MSDF/CEF perspective, this project does not align spatially and this will have to be considered if this project is to proceed in the future. • Also note that the table on page 27 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.	The Spatial Planning Section has been tasked with the investigating the implementation of Council approved spatial, programmes and initiatives, that include the Bosdorpe as a Key Performance Indicator ("KPI") in the Draft 5th Generation IDP, therefore the feasibility studies compiled will assist with provided the Section with these investigations. The proposed housing development layout options falls within the urban edge.

Spatial Comment	Departmental Response
Unfunded MTREF Capital Projects that fall in the "Housing OUTSIDE (including partially) the URBAN EDGE	
Erf 3363 & 3393, Stellenbosch (Botmaskop) • Partially located within the approved urban edge. • The sites within the urban edge are indicated in the SDF for future mixed-use, community facilities, and residential infill. • Inclusive development is supported in the approved SDF. • From a strategic spatial alignment perspective, this project falls within the spatially targeted areas i.e. the functional area and priority development areas, and aligns spatially, however, because the housing development includes a large portion outside of the urban edge the categorization of the projects has been included in the "Housing outside the urban edge". • Once the project reaches the planning phase, it needs to be considered within the capital planning process/CEF. • Also note that the table on page 43 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.	Comment of support is noted. The project is at Feasibility Stage and an Item presenting proposed development layout options will serve before Council in July 2022.
Jonkershoek • Not identified as an urban node as there are no services available. • Refer to the Jonkershoek LSDF. • Limited infill opportunities. • From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category. Cognizance should be taken on alternative methods for providing and maintaining the existing forestry settlement and this should be further investigated.	The Spatial Planning Section has been tasked with the investigating the implementation of Council approved spatial, programmes and initiatives, that include the Bosdorpe as a Key Performance Indicator ("KPI") in the Draft 5th Generation IDP, therefore the feasibility studies compiled will assist with provided the Section with these investigations. The areas under investigations are as follows: • Jonkershoek, • Farm 1006/1, Meerlust, • Faure Agri-Village: Portions 3 and 5 of the Farm 1081, Stellenbosch, • De Novo and • A portion of the Farm Elsenburg No. 34, Stellenbosch (Vaaldraai, Elsenburg)
Farm 1006/1, Meerlust • Only a portion of the site is located inside the approved urban edge. • The portion within the urban edge has been identified in the SDF as future mixed-use, community, and residential infill as well as green areas to be retained.	

• From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category. Cognizance should be taken on alternative methods for providing and maintaining the existing forestry settlement and this should be further investigated	
Faure Agri-Village: Portions 3 and 5 of the Farm 1081, Stellenbosch • Located entirely outside the approved urban edges and does not fall in any of the urban and/or rural nodes. • From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.	
De Novo • Located outside the approved urban edge. • Not identified for urban development. • From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.	
A portion of the Farm Elsenburg No. 34, Stellenbosch (Vaaldraai, Elsenburg) • Located outside the approved urban edge. • Not identified for urban development. • From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.	

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.5.1

(a) that the reviewed annual Housing Pipeline (Projects) for the MTREF period 2022 to 2025 for Stellenbosch Municipality **be noted;**

(b) that the reviewed annual Housing Pipeline (Projects) for the MTREF period 2022 to 2025 for Stellenbosch Municipality **be approved**;

(c) that the HSDG and ISUPG allocations for human settlements development projects received from the Provincial Department of Human Settlements (PDoHS) for the (MTREF) 2022 to 2025 **be noted**;

(d) that the new strategic shifts pertaining the provision of human settlements development from the National Department of Human Settlements (NDoHS) and Provincial Departments of Human Settlements (PDoHS) **be noted**;

(e) that the submission of the revised Stellenbosch Municipality's Housing Pipeline to the Provincial Department of Human Settlements **be approved**;

(f) that the progress of the human settlements development projects that are at pre-planning, and/or planning phase as reflected in table 1 below, **be noted**:

TABLE 1: PRE-PLANNING AND/OR PLANNING PHASE

Name of Project / Settlement		Estimated Number of Opportunities	Project Phase	Project Progress Update
1	Northern Extension, Kayamandi	± 4000 – 6000 service sites (top structures TBD)	Detailed planning	Service provider has been appointed to obtain development rights for a mixed-use development on the properties known as the Northern Extension.
2	Jamestown Development: Phase 2 & 3	+400 service sites (top structures TBD)	Detailed planning	A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
3	Jamestown Development: Phase 4	+1500 - 2000 service sites and top structures	Feasibility study	A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
4	Erf 7001 Stellenbosch, Cloetesville ("Soek-mekaar")	400 service sites / top structures	Feasibility study	A service provider has been appointed to undertake planning studies and obtain development rights for middle to higher GAP housing development.
5	Erf 64 Kylemore	± 600 sites (top structures TBD)	Detailed planning	Feasibility study report has been concluded. Power of Attorney has been obtained by the HDA and will appoint a service provider to obtain development rights. Land has been transferred to the Municipality. HDA to appoint a service provider

6	Erven 412, 217 and 284 Groendal, Franschhoek	90 sites	Pre - planning	The consultant has submitted various concept layout options for the consideration by Council. Council Item was submitted to Mayco.
7	Botmaskop	TBD	Feasibility study	Service provider is currently in process to submit a feasibility study report with proposals of various development options.
8	Portion of Erf 7271 Stellenbosch, Cloetesville	170 sites / top structures	Feasibility study	Council has approved the project to proceed with detailed planning studies. Funding application to PDoHS was submitted, await outcome of the application.
9	Erven 6300, 6847, 6886 Stellenbosch, Cloetesville	279 service sites /top structures)	Feasibility study	Council has approved the project to proceed with detailed planning studies. Funding application to PDoHS was submitted, await outcome of the application.
10	Erf 8776 Stellenbosch, Cloetesville	37 service sites / top structures	Feasibility study	Council has approved the project to proceed with detailed planning studies. Funding application to PDoHS was submitted, await outcome of the application.
11	Erf 6705 Stellenbosch, Cloetesville	12 service sites	Feasibility planning	Council has approved the project to proceed with detailed planning studies. Funding application to PDoHS was submitted, await outcome of the application.
12	La Motte Old Forest Station	442 serviced sites; possible temporary relocation units	Feasibility study	Feasibility study report have been concluded. HDA has been appointed to facilitate the transfer of land to finalise planning studies for township establishment. HDA to submit PFR to PDoHS.
13	Adam Tas Corridor	TBD	LSDF	The Department: Spatial Planning is currently undertaking the development of a Local Spatial Development Framework (LSDF) for the ATC development.
14	Droë Dyke	1000 sites (type TBD)	Pre - Planning	Forms part of the Adam Tas Corridor initiative. The property is under investigating for future housing development.

SOCIAL HOUSING PROJECTS				
Name of project / settlement		**Estimated Number of opportunities**	**Project Phase**	**Project Progress Update**
1	Teen-die-bult Precinct	180 top structures (units)	Feasibility study	The terms of reference to be prepared to appoint an accredited Social Housing Institute (SHI) to develop social housing project.

2	La Colline Precinct	TBD	Feasibility study	Terms of reference to be prepared to appoint an accredited Social Housing Institute (SHI) to develop social housing project.
3	Farms 81/2 and 81/9 Stellenbosch	± 250 – 350 rental units	Detailed planning	Terms of reference to be prepared to appoint an accredited Social Housing Institute (SHI) to develop social housing project.
4	Lapland Precinct	368 top structures	Feasibility study	Terms of reference to be prepared to appoint an accredited Social Housing Institute (SHI) to develop social housing project.
FORMALISING AND UPGRADING OF EXISTING SETTLEMENTS				
1	Kayamandi Town Centre	1854 serviced sites and top structures	Detailed planning	Service provider is in the process to submit land use applications to obtain development rights for township establishment for subsidised housing (BNG).
2	Enkanini Informal Settlement	1300 sites (top structures TBD)	Detailed planning	The in-situ upgrade of Enkanini to commence in 2025.
3	Langrug, Franschhoek	1900 sites	Detailed planning	A service provide will be appointed to finalise detailed plans for the rehabilitation of the freshwater dam and implementation of an in-situ upgrade project.
4	Erf 2183 Klapmuts, La Rochelle	100 serviced sites, possible temporary relocation units	Detailed planning	Service provider is in the process to submit land use applications to obtain development rights for enhanced serviced sites.
5	Maasdorp Village, Franschhoek	+ 16 - 32 top structures	Detailed planning	The service provider is in the process to submit a land use application to obtain development rights.
6	De Novo	77 rectifications of existing structures, 300 top structures,	-	The project is being managed and implemented by PDoHS,
7	Five housing projects in Kayamandi	396 erven	Detailed planning	Rezone and subdivide the property and register at the Surveyor General (SG)'s office.
8	3460 Meerlust, Franschhoek (200)	200 units	Feasibility study	Feasibility study report has been concluded. HDA has been appointed to facilitate the transfer of land to finalise planning studies for township establishment.
9	Jonkershoek	Units and sites TBD, together with 40 existing units	Feasibility study	A feasibility study report has been concluded. HDA has been appointed to facilitate the transfer of land to finalise planning studies for township establishment.
10	Farm 34 Vaaldraai Elsenburg	283 sites	Feasibility study	The property is owned by the Department of Public Works and Infrastructure (DPW&I). There are on-going discussions between the Municipality and DPW&I to transfer land to finalise township establishment.

(g) that the projects under construction (within the implementation phase which is dealt by the Department: PMU) as reflected in table 2 below, **be noted**:

TABLE 2: HOUSING PROJECTS AT IMPLEMENTATION PHASE				
Name of project / settlement		**Estimated Number of opportunities**	**Project Phase**	**Project Progress Update**
1	Vlottenburg Longlands	144 sites and 106 top structures	Implementation	The construction of 106 top structures to commence in May 2022.
2	Erf 3229 Mooiwater	253 sites	Implementation	Development rights have been obtained. A contractor will be appointed in July 2022 to implement the project. The project will be implemented in two phases as follows: - **Phase 1** entails the bulk earth works and site rehabilitation. - **Phase 2** entails the installation of infrastructure services.
3	Idas Valley	166 sites and 166 FLISP Units	Implementation	The housing development project will be implemented over a period of two years. The construction of 166 top structures to commence in July 2022 until December 2023.
4	The Steps and Orlean Lounge, Cloetesville	161 existing houses	Implementation	Phase two of the project to commence in May 2022.
5	ISSP Kayamandi Zone O (711) UISP	178 sites	Implementation	In the process of appointing a contractor to implement the project. Approximately 55 families must be relocated to a decanting site for the project to commence.

4.6. Enkanini ABS (Planning) – Ward 12 114
4.7. Watergang Phase 2C – Erf 3603 Kayamandi – Ward 14 116

INTRODUCTION

The Provincial Department of Human Settlements (PDoHS) requires that every Municipality must have a Housing Pipeline. The Housing Pipeline is premised on a ten-year horizon and serves as planning and budgeting tool for implementation of human settlements initiatives. Each Municipality's Housing Pipeline is an integral component of the Provincial Department of Human Settlements' Business Plan. The Housing Pipeline must be review on annually to effectively articulate the Municipality project list, targets and budget allocations towards fulfilling the housing demand and its legislative mandate.

The objective of the Housing Pipeline is to provide more emphasis on the housing programmes administered by the Municipality such as:

- The provision of enhanced serviced sites;
- the upgrading of informal settlements;
- access to affordable housing (Breaking New Ground - BNG);
- Social Housing (the National Minister of Human Settlements approved Stellenbosch as a restructuring town and restructuring zones in March 2017);
- the IRDP enables the development of well-located, socially diverse projects that provide a mix of income groups and land uses; and
- Financed Linked Individual Subsidy Programme (FLISP) - for those within the gap market to acquire existing properties or to buy a serviced site.

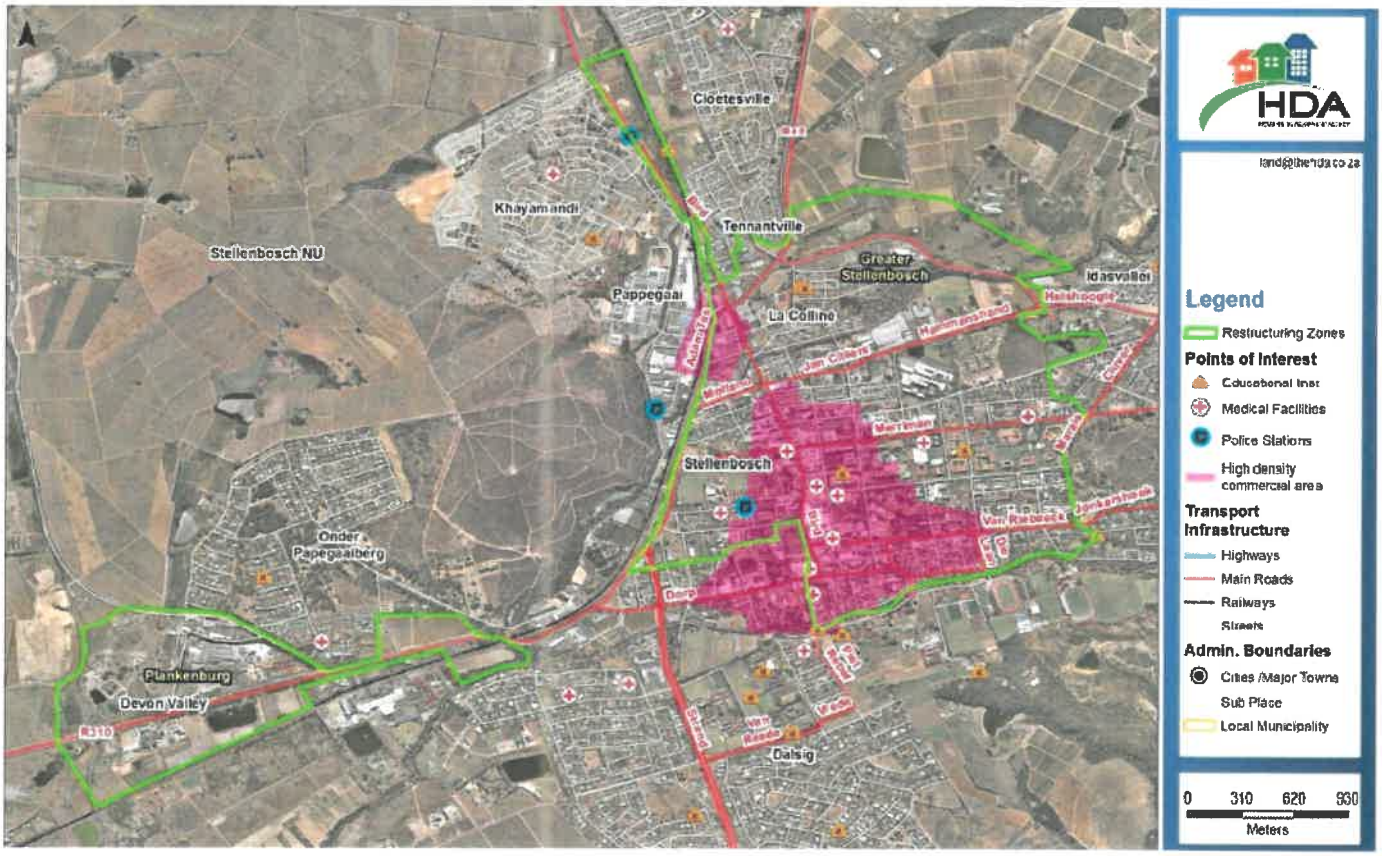
Upgrading of Informal Settlements

The Municipality manages and coordinates the upgrading of informal settlements through the following broad objectives:

- In-situ upgrading of informal settlements;
- Upgrade informal settlements by the provision of basic services;
- Develop emergency housing sites geared to accommodate evictees;
- Enumerate / undertake demographic surveys of identified informal settlements;
- Facilitate tenure security in informal settlements;
- Assist in short-term job creation through linkages with Expanded Public Works Programme (EPWP) and longer term job creation through upgrading programmes;
- Facilitate capacity-building and training for residents and stakeholders through direct service provision and partnerships with outside agencies; and
- Manage the provision of services and development programmes to informal settlements.

Informal backyard dwellings

The Municipality through the Housing Pipeline is actively attempting to address the needs and plight of backyard dwellers within the municipal area. Currently it is required to be registered on the Housing Demand Database (municipal waiting list) and hopefully this will result in a permanent dwelling in one of Council's housing projects. This process is long and tedious and the chance of actually obtaining a formal house, is very slim. Therefore, Council is actively researching ways in which the service (and basic services) to backyard dwellers can be improved through its various housing programmes.



Social Housing

Stellenbosch Municipality was approved as a Restructuring Town in March 2017, by the National Minister of Human Settlements. This approval included the confirmation of the various Restructuring Zones within the Municipality and the latter culminated in a Council decision instructing the administration to attract Social Housing Institutions (SHI's) and/or Other Development Agency (ODA's) in order to effect to the Municipality's social housing programme.

The aim of this programme is to ensure improved quality of life for communities through a Rental housing programme. This process of integration speaks to the importance of:

- Economic sustainability: affordability, access to economic opportunities, and promoting job creation via the multiplier effect associated with building medium density housing stock etc.;
- Social sustainability: social integration between various income groups, access to educational, recreational and health facilities, etc.; and
- Ecological sustainability: conservation of scarce resources.

The image below depicts areas that have been declared as Restructuring Zones for Stellenbosch Municipality.

To give effect to the Housing Pipeline, the PDoHS through the Human Settlements Business Plan, the allocation for the Human Settlement Development Grant (HSDG) and Informal Settlements Upgrading Partnership Grant (ISUPG) in the 2022/23 financial year is R35 890 000. The table below describes the human settlement development projects that have been allocated grant funding in the 2022/23 financial year:

Name of Project/ Settlement	Type of Project/ Subsidy Mechanism	Estimate Number of Opportunities
Erven 6300, 6847, 6886 Cloetesville, Stellenbosch	FLISP	279 sites (top structures TBD)
Erf 7001 Cloetesville, Stellenbosch ("Soek-mekaar")	IRDP, FLISP	±250 – 300 service sites (top structures TBD)
Vlottenburg Longlands	IRDP	106 increased to 144
Jamestown Development: Phase 2 & 3	IRDP, FLISP	+ 400 service sites / top structures

Name of Project/ Settlement	Type of Project/ Subsidy Mechanism	Estimate Number of Opportunities
Jamestown Development: Phase 4	IRDP, FLISP	± 1500 - 2000 service sites (top structures TBD)
ISSP Kayamandi Town Centre	UISP, Institutional	1854 service sites and top structures
ISSP Kayamandi Zone O	UISP	711 sites
Northern Extension, Kayamandi	IRDP, FLISP	± 4000 – 6000 service sites (top structures TBD)
Erf 8776 Cloetesville, Stellenbosch	FLISP	37 sites (top structures TBD)
Erf 6705 Cloetesville, Stellenbosch	BNG	12 service sites / top structures
La Motte Old Forest Station	IRDP, FLISP	442 sites
Erf 2183 La Rochelle, Klapmuts	UISP	100 serviced sites; possible temporary relocation units
Langrug Franschhoek Mooiwater Dam Rehab & Basic Services	UISP	253 sites (top structures TBD)

STELLENBOSCH MUNICIPALITY HOUSING DEMAND OVERVIEW

Stellenbosch Municipality's current housing demand waiting list comprise of 17 965 applicants. This list is directly linked to the Western Cape Housing Demand Database. For purposes of planning and alignment, the active demand is used to determine the backlog and opportunities that are required. The table 1 below indicates the housing products and finance options currently available based on the household income ranges.

	Housing subsidy programmes	Income bracket (Monthly Household Income)	Description
1	Government subsidised housing	<R3 500	100% government subsidy with no beneficiary contributions (Breaking New Ground units subsidised in full by government).
2	Enhanced site and Service	R3 500 or R3 501 -R7 000	100% government subsidy with no beneficiary contributions for an enhanced service site (standpipe and toilet facility).
3	GAP Housing	R 3501 – R 22 000	A bond must be obtained through a financial institution who will apply directly to the PDoHS for a top structure. The subsidy amount decreases as the monthly income increases.
4	Social Housing	R1 850 – R6 700 R6 701 - R22 000	Rental or co-operative housing option managed by an accredited SHI.
5	Finance-Liked Individual Subsidy Programme (FLISP) housing	R3 501 – R22 000	Provision of government subsidies on a sliding scale (of between R121 626 and R27 960) to reduce monthly home loan repayments (partially subsidised by government).
6	Bonded housing	> R22 000	Private financing from financial institutions for housing on the open market.

*** The Department: Spatial Planning has collaborated with the PDoHS to undertake a Housing Market Study for the Stellenbosch CBD to determine the needs and demand of affordable housing within the government housing subsidy programme and private sector housing developments. Once the Housing Market Study for the Municipality is completed, the Department: Housing Development together with Department: Housing Administration will articulate the number of active housing demand under each housing subsidy programme to provide a clearer picture of the housing demand relative to the housing subsidy programme.**

NEW HOUSING DELIVERY MODEL DEVELOPMENT

In 2020, the National Department of Human Settlements issued a letter to Provincial Department of Human Settlements regarding the new directives in human settlements projects. The letter stated that the delivery of top structures was fiscally unsustainable and therefore there is a need to downscale on the delivery of top structures to prioritise the delivery of service sites. The four newly prioritised categories for top structure on the letter were:

- The elderly;
- Military veterans;
- Persons with disabilities; and
- Child headed households.

The PDoHS added to the above its existing priority categories of:

- Backyard residents; and
- Person, longest on the waiting list.

After consultation with the National Department, the Provincial Department confirms that all new projects application received from municipalities, which include top structures, must adhere to the above criteria. All the supporting applicable beneficiary approval information must be attached to the top structure project application.

The Provincial Department of Human Settlements informed the Stellenbosch Municipality that a service provider will be appointed in the 2022/23 financial year to undertake a study and develop the **Housing Delivery Model** for the Western Cape Province in line with the directives and strategic objectives of the National Department of Human Settlements.

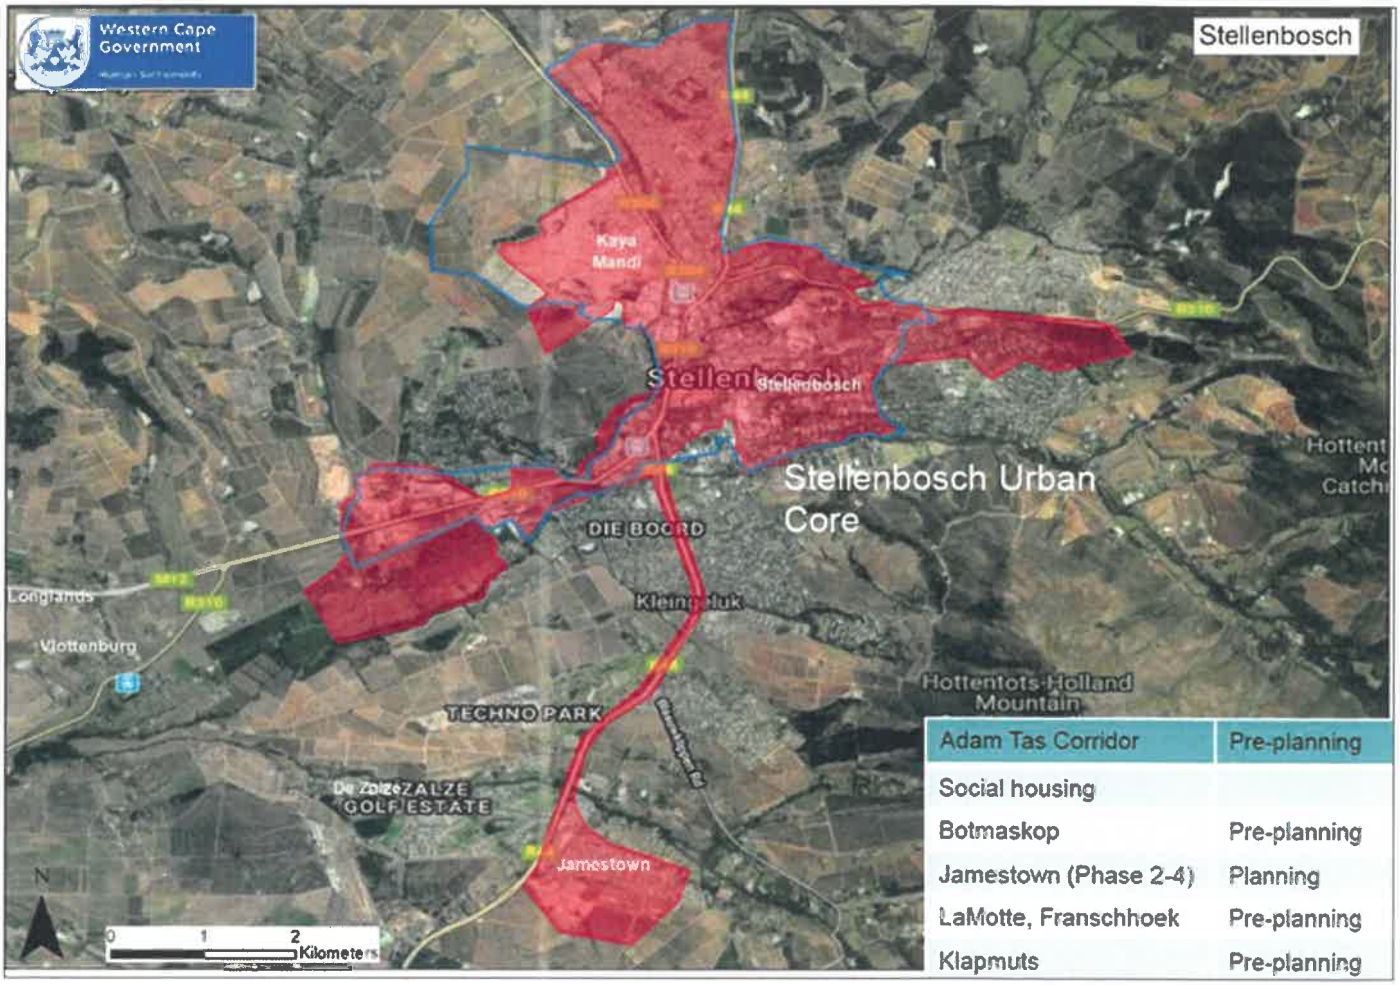
PRIORITY HUMAN SETTLEMENTS AND HOUSING DEVELOPMENT AREAS (PDSHDA)

In 2020, the Minister of Human Settlements Gazetted the declaration of the Priority Human Settlements and Housing Development Areas (PHSHDA's). The PHSHDAs intends to advance Human Settlements Spatial Transformation and Consolidation by ensuring that the delivery of housing is used to restructure and revitalise towns and cities, strengthen the livelihood prospects of households and overcome apartheid spatial patterns by fostering integrated urban forms.

The PHSHDA's are underpinned by the principles of the National Development Plan (NDP) and allied objectives on the National Spatial Development Framework (NSDF) and the Integrated Urban Development Framework (IUDF) which includes:

- **Spatial Justice:** reversing segregated development and creation of poverty pockets in the peripheral areas, integrate previously excluded groups and resuscitate declining areas;
- **Spatial efficiency:** consolidating spaces and promoting densification and efficient communicating patterns;
- **Access to connectivity, economic and social infrastructure:** ensure the attainment of basic services, job opportunities, transport networks, education, recreation, health and welfare to facilitate and catalyse increased investment and productivity;
- **Access to adequate accommodation:** emphasis is on provision of affordable and fiscally sustainable shelter in areas of high need; and

- **Provision of quality housing options:** ensure that different housing typologies are delivered to attract different market segments of appropriate quality and innovation.



Emphasis is placed on synchronising national housing programmes in these priority human settlements and housing development areas namely:

- **Integrated Residential Development Programme** provides a tool to plan, fund and develop integrated settlements that include all the necessary land uses and housing types and price categories to create integrated communities. It provides for subsidized, as well as finance linked housing, social and rental housing, commercial, institutional and other land uses to be developed;
- **Social Housing Programme in Restructuring** Zones provides for Social Housing located in specific, defined localities (mostly urban) which have been identified as areas of opportunity (largely economic) where the poor have limited or inadequate access to accommodation, and where the provision of social housing can contribute to redressing structural, economic, social and spatial dysfunctionalities. It is also aimed to improve and contribute to the overall functioning of the housing sector and in particular the rental sub - component thereof, especially insofar as social housing is able to contribute to widening the range of housing options available to the poor;
- **Informal Settlements Upgrading Programme** provides for the structured in situ upgrading of informal settlements to address the social and economic exclusion of communities. It remains evident that informal settlements provide new migrants and the urban poor an affordable point of access into towns and cities, although they are also associated with high degrees of physical and social vulnerability;
- **Finance Linked Individual Subsidy Programme** provides for the creation of an inclusive and vibrant residential property market which can provide state assistance to households who are unable to independently access housing credit to become upwardly mobile and progress up the housing ladder;
- **The Special Presidential Package (SPP) Programme on Revitalisation of Distressed Mining Communities** by developing and implementing human settlements spatial transformation plans for identified mining areas;
- **Enhanced People's Housing Process** provides for a process in which beneficiaries actively participate in decision - making over the housing process and housing product and make a contribution in such a way that: 1) Beneficiaries are empowered individually and collectively, 2) various partnerships are created, 3) social capital is retained and expanded upon, and 4) housing is valued as an asset far beyond its monetary value.

The current status of the PHSHDA for Stellenbosch Municipality, namely:

- The "Stellenbosch Urban Core Priority Human Settlements and Housing Development Area (PHSHDA) was formally gazette on 15 May 2020 (Government Gazette No. 43316) and consists of the neighborhoods of Jamestown, Kayamandi and Central Stellenbosch;
- To date the Housing Development Agency (HDA) with assistance from the Provincial Department of Human Settlements (PDoHS) have undertaken a Status Quo Analysis in preparation for the drafting of the Stellenbosch PHSHDA Development Plan. The Status Quo Analysis has been completed and will inform the Development Plan drafting going forward; and
- The PDoHS, Stellenbosch Municipality and HDA will proceed with the drafting of the Stellenbosch PHSHDA Development Plan in the near future.

The image below depicts areas that have been declared as Priority Human Settlements and Housing Development Areas (PDSHDA):

Priority Human Settlements and Housing Development Areas (PDSHDA)

BUDGET - MEDIUM TERM REVENUE AND EXPENDITURE FRAMEWORK (MTREF)

1. HUMAN SETTLEMENT DEVELOPMENT GRANT ALLOCATION

The Human Settlement Development Grant (HSDG) and Informal Settlements Upgrading Partnership Grant (ISUPG) allocation for 2022/23 financial year is R35 890 000. Stellenbosch Municipality's allocation of the HSDG and ISUPG for the Medium-Term Revenue and Expenditure Framework (MTREF) of 2022/2023 to 2024/2025 is described hereunder in table 1:

Housing Subsidy Programme	Financial Year (MTREF PERIOD)		
	2022/23	2023/24	2024/25
Human Settlement Development Grant	R15 040 000	R30 823 000	R27 900 000
Informal Settlements Upgrading Partnership Grant	R20 850 000	R27 180 000	R6 0000
Total	**R35 890 000**	**R58 003 000**	**R27 906 000**

Table 1P: Grant allocation to the Municipality for the MTREF period

The Municipality received the Gazetted Business Plan from the Provincial Department of Human Settlements (PDoHS) indicating the projects list, targets and funding allocation for the approved 2022/2023 HSDG and ISUPG Business Plans. The list of projects, targets and budget allocation for Stellenbosch Municipality in the 2022/2023 financial year as well as the MTREF period are stipulated hereunder on the table below:

3 YEAR DELIVERY PLAN 27 January 2022 Business Plan 2022/23 - 2024/25 HSDG & ISUPG	PROGRAMME	2022/2023			2023/2024			2024/2025

STELLENBOSCH MUNICIPALITY PIPELINE AND EXISTING HOUSING PROJECTS

Stellenbosch Municipality currently has numerous planned and potential housing development projects under consideration to ensure a healthy delivery pipeline towards fulfilling the housing demand and its legislative mandate. The overall Housing Pipeline of the Municipality, potential planned and current projects provided includes the formalisation and/or upgrade of informal settlements. The housing development project information is provided per town/area and described in terms of its project name, locality, subsidy mechanism, targeted units, planning timeframes and whether the projects have council approval or not. The housing development projects are at various stages of planning such as desktop studies, feasibility studies, detailed planning studies and securing development rights and implementation.

The implementation of housing projects in the Municipality is executed by the Project Management Unit (PMU). Housing Development hands over projects to the Project Management Unit for implementation after obtaining all the required development rights. Projects that have been included in the Housing Pipeline for the 2022/23 financial year are indicated in the table below.

PRE-PLANNING AND/OR PLANNING PHASE								
Name of project / settlement		**Type of project / subsidy Mechanism**	**Estimated Number of opportunities**	**Status of project**	**Project timeframes Land use approvals**			**Comment**
					2022/23	**2023/24**	**2024/25**	
1	Jamestown Development: Phase 2 & 3	IRDP, FLISP	400 service sites (top structures TBD)	Detailed planning				A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
2	Jamestown Development: Phase 4	IRDP, FLISP	+ 1500 - 2000 service sites and top structures	Detailed planning				A service provider will be appointed to undertake planning studies and obtain development rights for a mixed-used housing development.
3	Erf 7001 Stellenbosch, Cloetesville ("Soek-mekaar")	IRDP, FLISP	± 250 – 300 service sites (top structures TBD)	Detailed planning				A service provider was appointed to undertake planning studies and obtain development rights for the proposed middle to higher income GAP housing development.
4	Erf 64 Kylemore	IRDP	+ 600 service sites and top structures	Detailed planning				A feasibility study report has been concluded. A Power of Attorney has been obtained by the HDA. The HDA will appoint a team of professionals to finalise detailed planning studies and to obtain development rights.

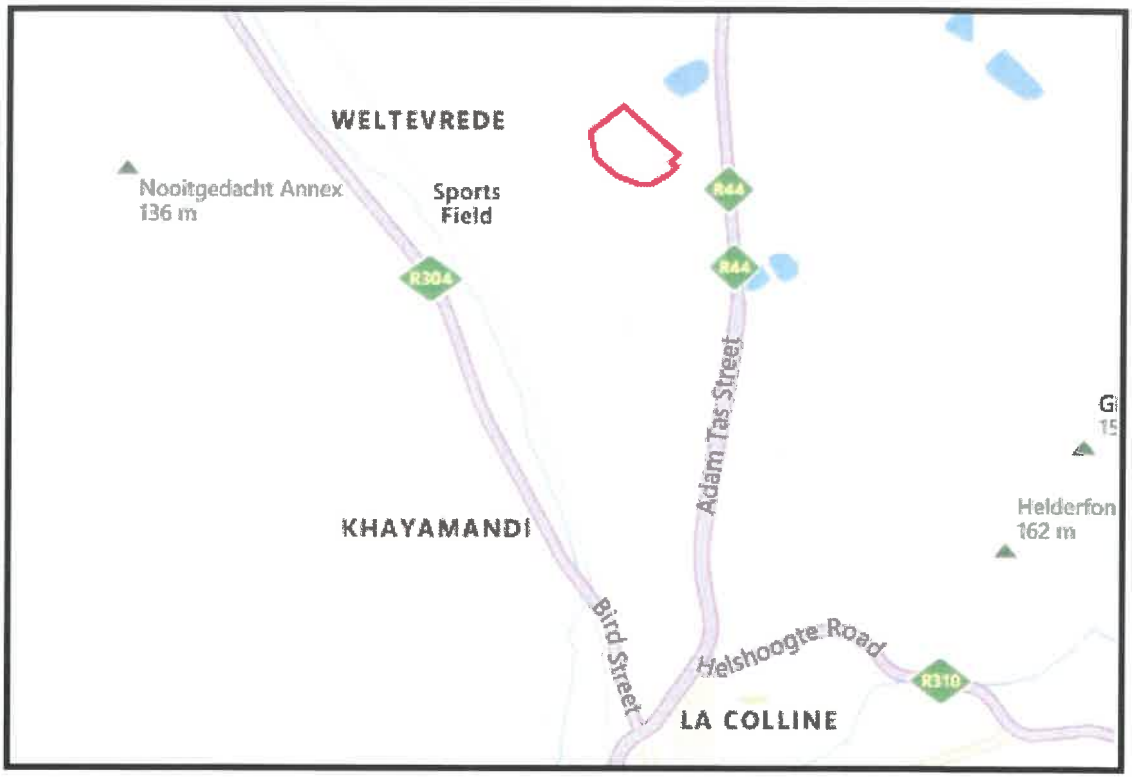
1. PRE-PLANNING AND/OR PLANNING PHASE

1.1. Jamestown Development: Phase 2 – 4 – Ward 21

Project Name		3269 Jamestown Phases 2 to 4 (1069) IRDP
Property Description		Portion of the Remainder, Portion 3 and a broader portion of Portion 7 of Farm No 527
Town		Stellenbosch
Suburb		Jamestown
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		Currently planning
% of Total need addressed by Project		12,3
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	2 000
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Large scale of project
	Readiness Score	3

Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	Majority of the proposed development is located within the approved urban edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. The appointed Service Provider and the specialist studies must be used to provide the detailed supporting evidence to substantiate the inclusion of portion of the property within the urban edge. The amendment process of the SDF will consider the inclusion of portion 3 based on the legislative criteria.
	Planning Opinion	The Planning Directorate fully support this PID application. The Planning Directorate recommends that Tranche 1.1 be released for 1044 opportunities. This implies the release of R 1 199 984.04 funding for Tranche 1.1 payment and provisional release of R 2 957 965.20 for Tranche 1.2. The release of Tranche 1.1 will allow the Stellenbosch Municipality to continue with the planning process by undertaking preliminary feasibility studies for the site. The following points serve as motivation for project support: • The project is consistent with the PSDF and Municipal SDF (2019) that promotes compaction and densification within the urban edge • The project was in principle supported by PPC in 2016 • The project forms part of the Municipality's Housing Pipeline and is incorporated in the Municipal 5-year IDP (dated 2017 – 2022) • The project is located within the proclaimed Stellenbosch PHDA • This project will provide new housing opportunities in the Gap Market which is a strategic objective of the Department.



The subject property is located on the southern edge of the suburb of Jamestown, east of the R44 between Stellenbosch and Somerset West. It is flanked by an existing cemetery on its western boundary and a sports field located centrally on its northern edge. The site falls within an area characterized by medium to high-density residential as well as non-residential uses that serve the local community of Jamestown.

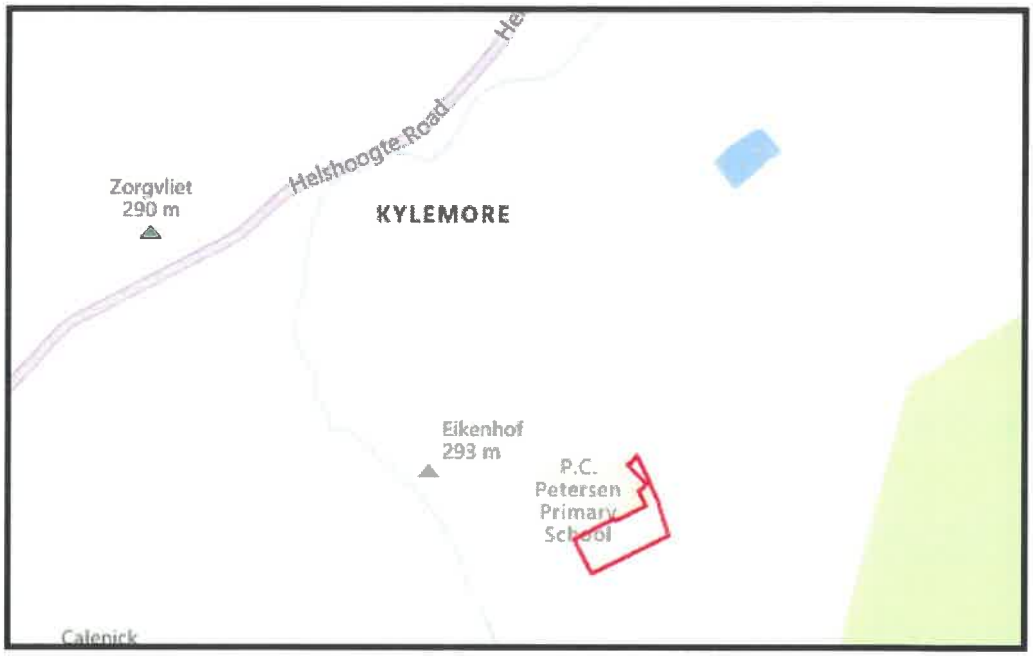
A professional team will be appointed in July 2022 to undertake a broad conceptual urban design framework for a portion of portion 7 of farm 527 and remainder farm 527, Stellenbosch, and to obtain town planning and development rights. It should be noted that development rights have also been obtained for Phases 2 and 3 on Portion 7 of Farm 527 (site and service, 2-storey walk-ups, GAP housing, high income housing and public open space) and it is proposed that these two phases be made available simultaneously for development in the short to medium term.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning studies Phase 2 - 4
2023/24	Planning studies Obtain development rights: Phase 2 - 3
2024/25	Implementation of Phase 2 – 3 Obtain development rights: Phase 4

1.2. Erf 7001 Stellenbosch ("Soek-mekaar") - Ward 17

Project Name		3694 Erf 7001 Cloetesville (360) IRDP
Property Description		Erf 7001
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		2023/24
% of Total need addressed by Project		1,5 – 1,8
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	250 – 300 sites
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	Yes
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	FLISP Beneficiaries
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - Project does fall within the approved Urban Edge of Stellenbosch (page 70), and the project is listed on page 199. MHSP 2020 - Project is included in the proposed Housing Pipeline noted on page 130. IDP 2020 - Project is listed as a priority municipal project on page 189. PHSHDA - The Project is included in the Stellenbosch PHSHDA.
	Planning Opinion	The Planning Directorate fully support this PID application. The Planning Directorate recommends that Tranche 1.1 be released for 360 opportunities. This implies the release of R413 788.00 funding for Tranche 1.1 payment and provisional release of R1 019 988.00 for Tranche 1.2. The release of Tranche 1.1 will allow the Stellenbosch Municipality to continue with the planning process by undertaking preliminary feasibility studies for the site. The following points serve as motivation for project support: • The project is consistent with the PSDF and Municipal SDF (2019) that promotes compaction and densification within the urban edge • The project was in principle supported by PPC in 2017 • The project forms part of the Municipality's Housing Pipeline and is incorporated in the Municipal 5-year IDP (dated 2017 – 2022) • The project is located within the proclaimed Stellenbosch PHDA • This project will provide new housing opportunities in the Gap Market which is a strategic objective of the Department.



A study was done by a service provider that investigated different sites to for possible developments in Cloetesville. In accordance with the recommendations which were presented to Council, Erf 7001 was identified for possible GAP/ FLISP housing. A Call for Proposal for the mix use development of Erf 7001 Stellenbosch in Cloetesville was advertised on two occasions.

A team of professionals have been appointed in April 2022 to undertake a to undertake a Broad Conceptual Urban Design framework for the Erf no 7001 and to obtain town planning and development rights. This project timeframe for completion during 2024/25 financial year.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning studies
2023/24	Planning studies
2024/25	Planning approvals

1.3. Erf 64 Kylemore - Ward 4

Project Name		2053(20) Stellenbosch Erf 64 Kylemore (171) IRDP
Property Description		Erf 64
Town		Kylemore
Suburb		Kylemore
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1.0
Housing Programme/s		IRDP
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	+600 serviced sites (top structures TBD)
	Other	0
Project Readiness	**Land Obtained**	No (currently being transferred from the Dept. of Transport and Public Works)
	EIA ROD	No
	Bulk capacity	Yes (Water is sufficient, Sewerage - Upgrades being undertaken. Link service for sewer needs to be upgrade)
	Land Use Approval	No
	DHS Approval	No (Was previously supported by PPC in 2013/14, but no applications have been submitted)
	Council Approval	Yes
	Risks / Issues	Land not in Municipal ownership, land invasion
	Readiness Score	2
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	The project falls within the approved urban edge and has been identified in the SDF as future mixed-use, community, and residential infill.
	Planning Opinion	This project was presented to the PPC in 2013 already and was in principle supported. Although the project is located on the southern periphery of Kylemore, it can be considered as well located because of the proximity of two schools adjacent to erf 64. The project will provide infill development on a site within the urban edge of Kylemore on well-located land and as such should be further investigated.

Stellenbosch Municipality identified a portion of Erf 64 Kylemore (approximately 8 hectares) as a possible site for a housing development and pre-feasibility studies were concluded a few years ago to determine the potential of this site for a proposed housing development. From the studies, and the outcome of the community meeting held, it was apparent that the site is suitable for the envisaged development.

The Remainder of Erf 64 Kylemore is located at the south-east end of the Kylemore village. Kylemore High School is situated on the northern side of Erf 64. The property is surrounded by agricultural land to the southern and western sides, immediately to the east there is undeveloped land and then a stream.

The Municipality has appointed the Housing Development Agency (HDA) via an Implementation Protocol Agreement (IPA) to assist and finalise the transfer of land from the Department of Public Works and Infrastructure (DPWI) to the Municipality. Treasury endorsed the release of Erf 64, Kylemore on25th of October 2021.

The Department of Public Works and Infrastructure (DPWI) released Erf 64, Kylemore to the HDA through SPoA on 15 November 2021. The HDA has reviewed previous planning studies and proposed layout options that were conducted more than 10 years ago. An item will be submitted to Council in July 2022, to seek approval for the revised conceptual design planning layouts. The HDA will finalise the Terms of References (ToRs) to procure a multi-disciplinary team for detailed planning and design of the preferred development option.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Public participation Item to Council of potential development options Detailed planning studies
2023/24	Detailed planning studies
2024/25	Obtain development rights

1.4. Northern Extension, Kayamandi - Ward 12

Project Name		Northern Extension, Kayamandi
Property Description		Various
Town		Stellenbosch
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA proposed to National Department of Human Settlements
Urgency (Proposed year of implementation)		2023/24
% of Total need addressed by Project		24,5 – 36,8
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	4 000 – 6 000
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Large scale, and land invasions
	Readiness Score	3
Project Suitability	**Geotech Conditions**	Mostly suitable although some steep slopes are on certain properties
	Strategic alignment	This project falls within the approved urban edge and has been Identified in the SDF as future mixed-use, community, and residential infill. Portion of the property partially forms part of the ATC LSDF project. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	This project has already been supported through the release of planning funding as well as the funding of land acquisition of the Watergang site that was subsequently invaded. This project is seen as a viable solution to the continued formalisation of Kayamandi and will be critical to the decanting of the rest of the Kayamandi housing projects. Consideration should also be given to the provision of Enhanced Serviced Sites as additional housing opportunities in this project as well.

The Northern Extension Project of Stellenbosch is situated north of Kayamandi, adjacent to Cloetesville and Welgevonden Estate. The site is located on the western side of the R304 (main arterial from the North) to Stellenbosch.

The subject properties as per the sale agreements are Remainder Farm 182 Stellenbosch, Portion 1 of Farm 182 Stellenbosch, A portion of the Remainder of Farm 183 Stellenbosch (Farm 183 A, Farm 183 B, Farm 183 C), Portion 1 of Farm 183 Stellenbosch, Portion 5 of Farm 183 Stellenbosch and Portion 23 of Farm 183 Stellenbosch. As per the Surveyor-General Database, the farms also included in the subject area are Portions 36 and 60 of the Farm 183 Stellenbosch.

The Northern Extension is a potential development of approximately 130 hectares of land located north of Kayamandi. A key factor in this proposed development is the alignment of the proposed Western Bypass which

is to form the western boundary of the project area as well as the new north-western urban edge of Stellenbosch town.

The specific site has been suggested by the Stellenbosch Municipality for the northward extension of the urban area of Stellenbosch. A feasibility study was conducted and it was determined that the potential exists to provide between 4 000 to 6 000 accommodation opportunities in the Northern Extension of Stellenbosch. The Municipality is aiming to facilitate the development of the 4 000 to 6 000 residential opportunities, as well as providing the required social amenities and public facilities required.

The feasibility study identified developable land within the study area (different farm land identified). The development potential of the said site was evaluated from an engineering, planning and environmental perspective. The subsequent planning applications following this feasibility study will include the rezoning of the given properties from Agricultural to the relevant zonings in terms of the Stellenbosch Municipality Zoning Scheme By-Law suitable for the proposed residential densities and mix use development. What remains important is the overall objective of a mixed-income development, creating housing opportunities for the income categories as identified and a range of choice to prospective owners.

A service provider was appointed by Stellenbosch Municipality to appoint the necessary multidisciplinary team of professional consultants to conduct a due diligence assessment to assess whether it is suitable for the expansion of a mixed-use development to the north of Kayamandi.

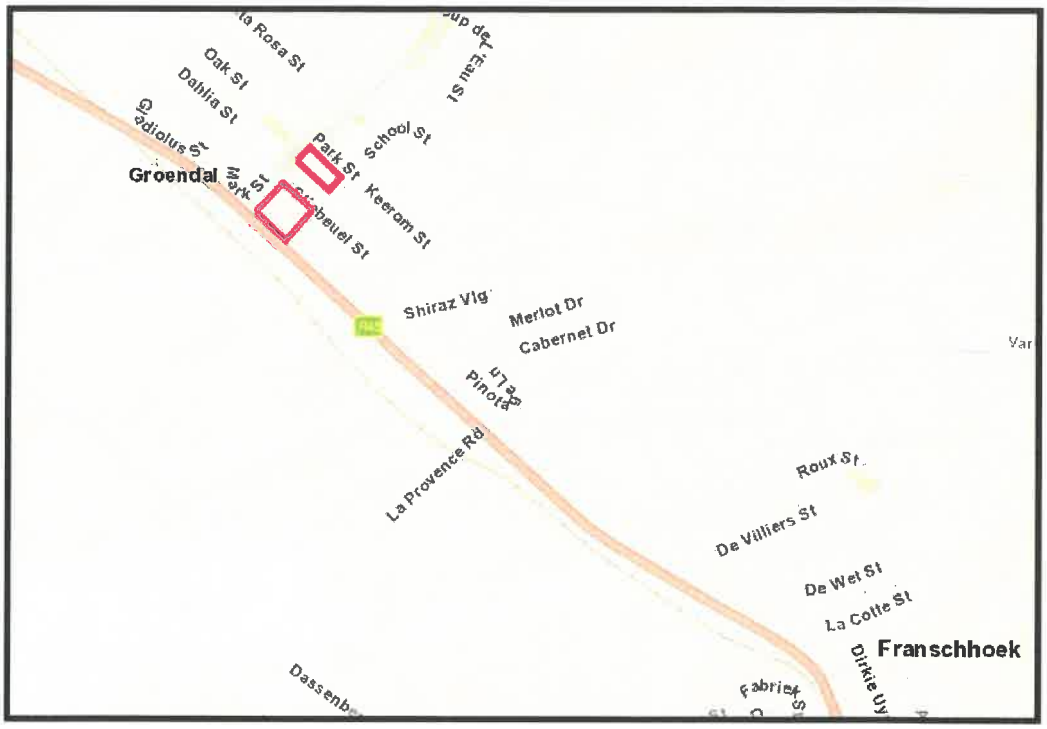
A tender was advertised, and a Service provider was appointed to undertake a Broad Conceptual Urban Design framework for the Northern Extension and to obtain town planning and development rights. This project timeframe for completion is 2022/23 financial year.

It should be noted that a portion of the development of the northern extension has been identified as a possible relocation area for the redevelopment of the Kayamandi Town Centre.

During the technical investigations done by the service provider as part of phase 2: Status Quo Assessment, the service provider informed the department that additional studies is required due to the Draft Environmental Due Diligence Report submitted by the Consultant on 2 December 2021.

The service provider indicates that a Fresh water specialist needs to be appointed to conduct a Freshwater Verification Assessment of the site in order delineate the watercourses as well as a Botanical Assessment to ensure compliance with the National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998) EIA Regulations, 2014 (as amended April 2017).

Freshwater sources are of particular importance to take into consideration when designing a development layout. Watercourses (rivers, streams and wetlands) may also require a buffer area to ensure proper functioning of these systems after development. A non-perennial watercourse was identified on the south-eastern corner of the proposed development site. Additionally, when considering the surface accumulation lines, a possible second watercourse is located in the centre of the property.



The scope of works indicate that a Town Planning design layout of the proposed development needs to be undertaken to ensure a mixed-income human settlement development. To ensure the development caters to the housing demand, it is proposed that a Housing demand and supply study assessment be undertaken. This process is currently being undertaken on Provincial level. It is expected that the study will be completed by end of May 2022. This will ensure that Human settlement projects provide housing stock directly aimed at the target market, thereby reducing the risk of a layout that is not in line with housing market.

The current scope of work does not include a concept-level financial viability assessment. This study is critical to determine the capital cost (at a high level) to ensure relevant guidance on the bankability of the project, thereby ensuring the land which will be sold in line with market related cost.

It is suggested that the following timeframes should be considered for project progression:

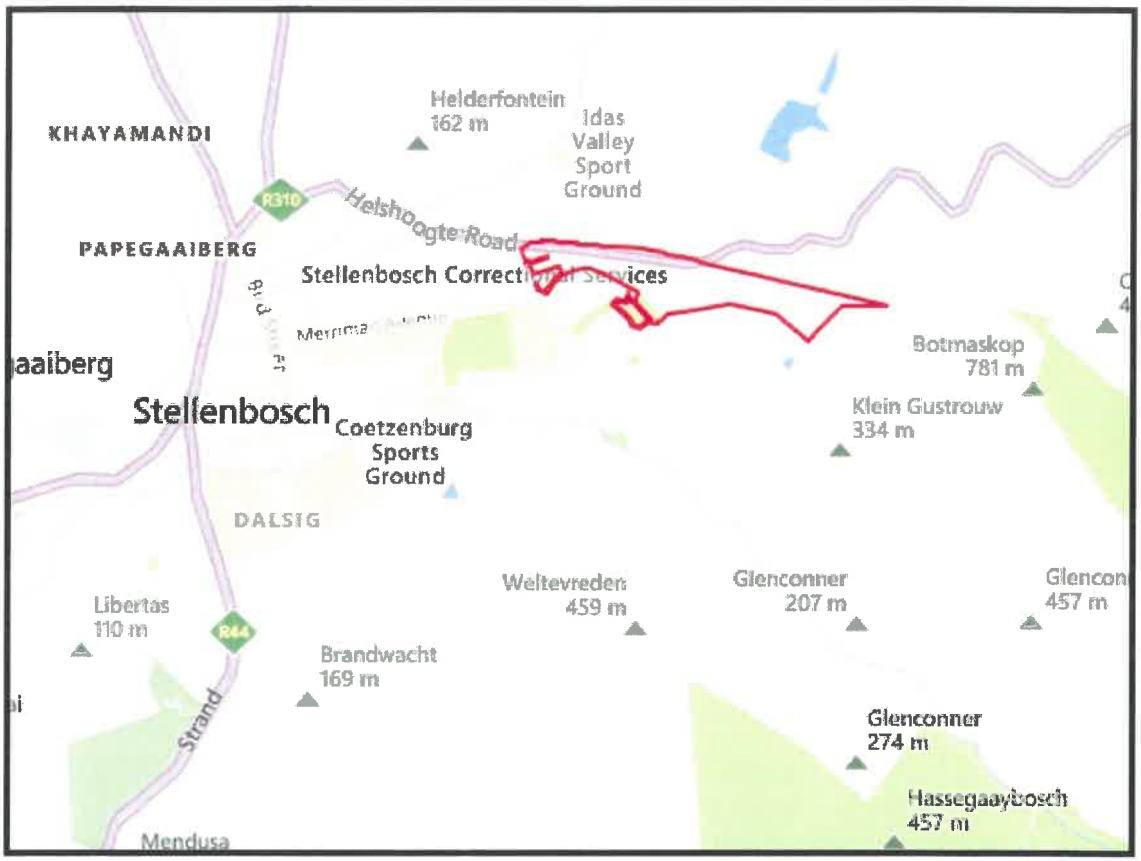
Timeframes	Project Deliverables
2022/23	Detailed planning
2023/24	Planning approvals
2024/25	Implementation

1.5. Erven 412, 217 and 284 Groendal, Franschhoek – Ward 2

Project Name		Erven 412, 217 and 284 Groendal
Property Description		Erven 412, 217 and 284 Groendal
Town		Groendal
Suburb		Groendal
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,9 – 1,2
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	150 – 200
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	TBD
	Readiness Score	2
Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	This project falls within the approved urban edge and has been identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erven 412, 217 and 284 Groendal are located along Santa Rose Street in Groendal, a suburb of Franschhoek, next to the R45. The site falls within an area characterised by medium to high-density residential as well as non-residential and light industrial uses.

Various studies have been undertaken over the years regarding the development of Erf 412. Most of the studies included extensive public participation processes. The outcome of these studies was that the property should be developed for high density residential units but also include business (light industrial) opportunities. Erf 412 has been rezoned to subdivisional area during 2016 allowing for general residential, local authority and general business. The initial plans for Erf 284 were to develop an old age home or retirement village, but due to financial constraints, this never materialised.



The Department: Property Management and the Department: Housing Development undertook a process to formulate a Call for Proposal in line with the approved agenda item. A service provider was appointed to draft different site development options.

An agenda item has been drafted and circulated by various internal departments for comment and will serve during April 2022 before Council for consideration, whereafter the procurement process will continue.

It is suggested that the following timeframes should be considered for project progression:

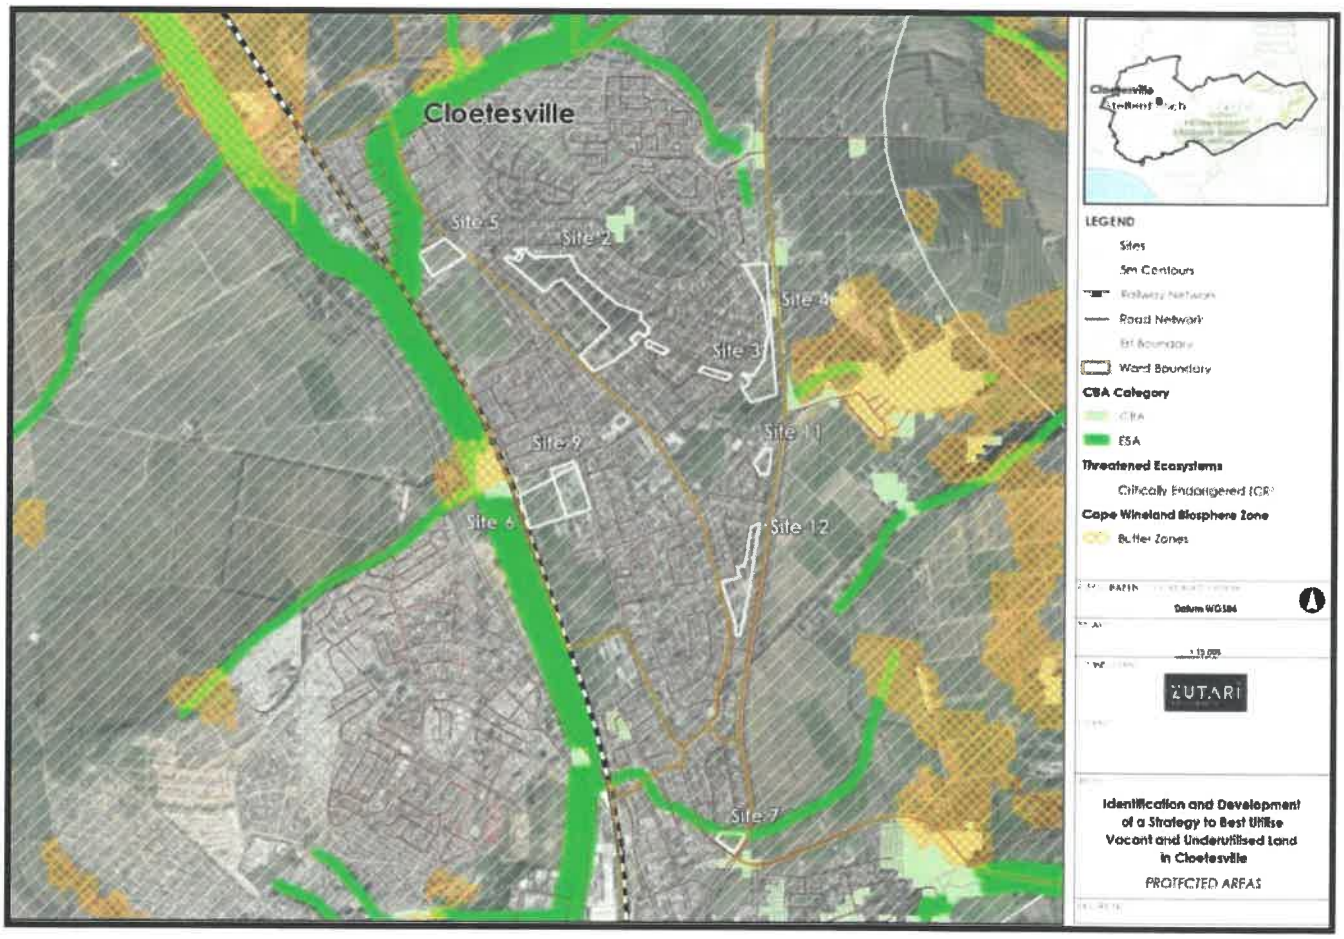
Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.6. Botmaskop Precinct – Ward 7

Project Name		Botmaskop
Property Description		Portions of Erf 3363 and 3393
Town		Stellenbosch
Suburb		Idas Valley
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		9,2
Housing Programme/s		Mixed-use development
Housing Opportunities	**Sites**	TBD
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Scale of project
	Readiness Score	2
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	This project is partially located within the approved urban edge. The sites within the urban edge are indicated in the SDF for future mixed-use, community facilities, and residential infill. Inclusive development is supported in the approved SDF. From a strategic spatial alignment perspective, this project falls within the spatially targeted areas i.e. the functional area and priority development areas, and aligns spatially.
	Planning Opinion	This project proposes to redevelop the Municipal Storage Yard located at Botmaskop into a mixed-use development opportunity. The site is located on a major arterial road with good access to socio-economic facilities in Idas Valley itself. As such this project can be supported for further investigation and possible funding of planning activities.

The Botmaskop site comprises a portion of Remainder Erf 3363 Stellenbosch and a portion of Remainder Erf 3931 Stellenbosch. The site abuts Helshoogte Pass and Simonsberg Road, between Idas Valley, Simonswyk and Uniepark/Rozendal. The study area is approximately 40 hectares in extent, with road access to two sides, without having to inconvenience existing neighbourhoods. In addition, it is within walking distance from a primary and secondary school and abuts large open spaces.

In the context of the locality of the site and immediate surrounds, as well as identified housing needs, it is believed that the Botmaskop site presents an ideal opportunity to provide housing opportunities for a variety of income groups. The exact nature and extent can only be determined after a feasibility study has been concluded. A development at Botmaskop offers a chance for reversing the segregated neighbourhood layouts in Stellenbosch as it creates an infill opportunity for social and middle-income housing.



A team of professional was appointed in July 2021 to undertake a feasibility study to determine the suitability of land for human settlement development. The consultant will investigate a mixed-use development based on different housing typologies

The feasibility study report with the proposed concept development options will be submitted to Council. The capacity of bulk services would have to be tested against a final development model. The approved Stellenbosch Municipality Spatial Development Framework earmarks the site for mixed use community and residential infill.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Feasibility studies Council Item
2023/24	TBD
2024/25	TBD

1.7. Cloetesville Infill Housing Project

The Cloetesville Infill Housing Project was implemented to serve as a means to develop vacant and underdeveloped portions of land within Cloetesville to address the housing need. A service provider was appointed to conduct a feasibility study on eight sites (11 erven) as identified by Council. The objective was to identify the development potential of each site and to provide a conceptual site development layout for the identified sites. The feasibility report served before Council during 26 May 2021 to determine if the sites is viable for housing purposes. The following sites were under investigation:

Erf 7271 is relatively flat, however the soil conditions and the permanent or perched water table, which is found less than 1,0m below the ground surface, is expecting to impact the cost of construction. The site makes allowance for a substantial number of units and is therefore a more attractive site. The proposed development of the site can potentially accommodate the following:

- Potential for mixed residential development.
- Each high-rise building is designed with an internal courtyard which provide safe recreational space.
- Concept plan makes provision for pedestrian walkways to be used by Smartie Town residents.
- Proposed development:
  - 16 serviced sites (Plot and Plan); and
  - 152 GAP/ and or FLISP units.

Erven 6847, 6886, 6300 is relatively flat, however the soil conditions and the permanent or perched water table, which is found less than 1,0m below the ground surface is expecting to impact the cost of construction since alternative construction methods are used to mitigate the risks. The site makes allowance for a substantial number of units and is therefore a more attractive site. The proposed development of the site can potentially accommodate the following:

- A small apartment block is proposed for the vacant space in the south-eastern corner of the site whilst larger high-rise buildings are proposed for the western portion of the site.
- Each high-rise building is designed with an internal courtyard which provide safe recreational space.
- Proposed development:
  - 279 GAP/ and or FLISP units.

Erf 8776 is relatively flat, however the soil conditions and the permanent or perched water table, which is found less than 1,0m below the ground surface is expecting to impact the cost of construction since alternative construction methods are used to mitigate the risks. The site makes allowance for a limited number of units and a detailed cost-benefit analysis should be undertaken. The proposed development of the site can potentially accommodate the following:

- Ideal location for a high-rise building.
- U-shaped building will provide the opportunity to develop accommodation whilst retaining many of the existing features of the site.
- Retain the pedestrian walkways.
- Play Park furniture to be relocated to the courtyard at the building.
- Proposed development:
  - 37 GAP/ and or FLISP units.

Erf 6705 is relatively flat; however, the soil conditions is expecting to impact the cost of construction. The site makes allowance for a limited number of units and a detailed cost-benefit analysis should be undertaken.

- Proposed housing typology should blend with the existing houses.
- Proposed development:
  - 12 serviced sites (Plot and Plan).

1.7.1. A portion of Erf 7271 Stellenbosch, Cloetesville

Project Name		A portion of Erf 7271 Stellenbosch, Cloetesville
Property Description		A portion of Erf 7271 Stellenbosch, Cloetesville
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1
Housing Programme/s		BNG / FLISP
Housing Opportunities	**Sites**	0
	Serviced Sites	168 (top structures TBD)
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	Environmental sensitivity; cost of construction
	Readiness Score	1
Project Suitability	**Geotech Conditions**	Soil conditions and permanent or perched water table adds to the cost of construction
	Strategic alignment	The project is located within the approved urban edge and is identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

The relevant portion of Erf 7271 Stellenbosch is located on Long Street, behind Cloetesville sports ground. It is located in close proximity to Plakenberg River, which separates Smartie Town from the site area. Opposite the subject portion of Erf 7271 is a crèche and a park. This area has previously been used as a parking lot for the sports ground, but more recently the area was earmarked to house 'Slab Town'.

This site has potential for a mixed residential development. A row of single residential or BNG units located along the northern and eastern boundary of the site with the remainder of the site comprising of high-rise GAP units. It is expected that a total of 16 BNG units and 152 GAP units can be developed on the site, however significant relaxation of the parking requirements will be required. Each proposed high-rise building is designed with an internal courtyard which provides safe recreational space. The design of the concept plan makes provision for a number of pedestrian walkways that can be used by the residents of Smartie Town.

Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.7.2. Erven 6300, 6847 and 6886 Stellenbosch, Cloetesville

Project Name		Erven 6300, 6847 and 6886 Stellenbosch, Cloetesville
Property Description		Erven 6300, 6847 and 6886 Stellenbosch, Cloetesville
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1,7
Housing Programme/s		FLISP
Housing Opportunities	**Sites**	279
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	Environmental sensitivity; construction costs
	Readiness Score	1
Project Suitability	**Geotech Conditions**	Soil conditions and the permanent or perched water table adds to the cost of construction
	Strategic alignment	The project is located within the approved urban edge and is identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erven 6300, 6847 and 6886 Stellenbosch are located between the railway line and Curry Road and adjacent to Cloetesville swimming pool and tennis courts. The swimming pool facility and the identified erven are directly situated behind the Cloetesville High School. Moreover, the swimming facility is clustered with a park and outdoor gym. Many attempts have been made to start a skateboard park in one of the tennis courts as the tennis courts are constantly affected by acts of vandalism. The outdoor gym is being used effectively and the vacant land is used as a hangout area for the youth. The area is monitored by houses on Last Street (street adjacent to swimming pool and vacant land), should matters get out of hand, law enforcement is called. Concerns raised were the lack of recreational activities for youths in the community.

The corner of Last Road and Curry Road provides good line of sight and, together with the sports facilities, provides an ideal location for a community facility. A small apartment block is proposed for the vacant space in the south-eastern corner of the site whilst larger high-rise buildings are proposed for the western portion of the site. It is expected that a total of 279 GAP/FLISP units can be developed on the site, however significant relaxation of the parking requirement will be required. Each proposed high-rise building is designed with an internal courtyard which provides safe recreational space.

Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

It is suggested that the following timeframes should be considered for project progression:

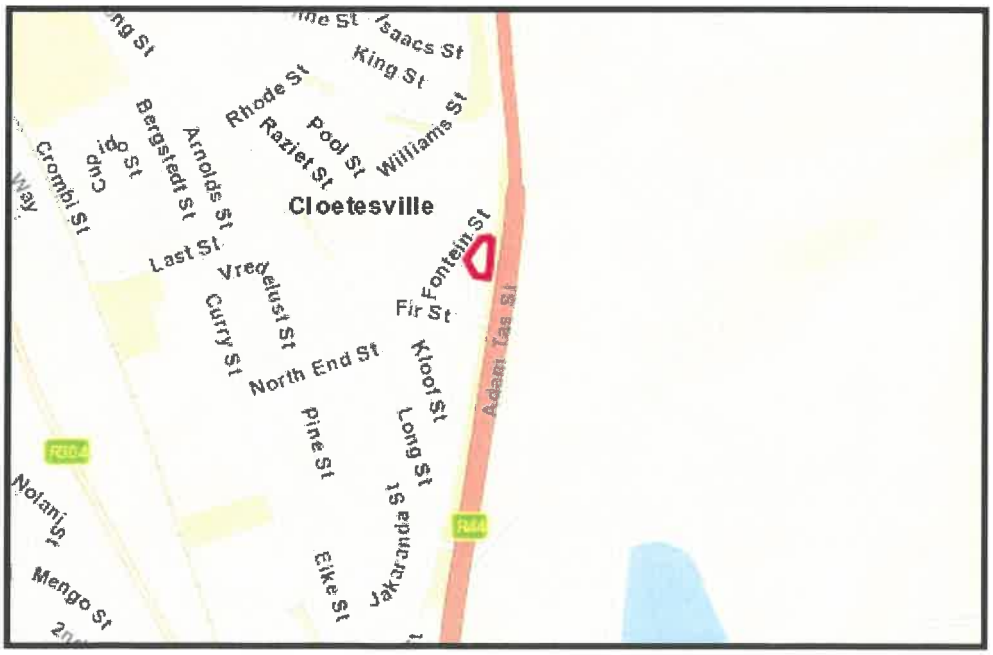
Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.7.3. Erf 8776 Stellenbosch, Cloetesville

Project Name		Erf 8776 Stellenbosch, Cloetesville
Property Description		Erf 8776 Stellenbosch, Cloetesville
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,2
Housing Programme/s		FLISP
Housing Opportunities	**Sites**	37
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	Construction costs
	Readiness Score	1

Project Suitability	**Geotech Conditions**	Soil conditions and the permanent or perched water table adds to the cost of construction
	Strategic alignment	The project is located within the approved urban edge and is identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erf 8776 Stellenbosch is located on a four-way traffic intersection, Adam Tas Road and Helshoogte Road. Concerns were raised relating to the existing park and wall that have great significance to Cloetesville as a community.



The corner of Last Road and Adam Tas Road is an ideal location for a high-rise building. It is proposed that a U-shaped building will provide the opportunity to develop accommodation whilst retaining many of the existing features of the site. The building should be located along the eastern portion of the side in order to retain the pedestrian walkways and the play park furniture can be relocated to the courtyard at the building. Parking can be provided where the existing play park furniture is located. It is expected that a total of 37 GAP/FLISP units can be developed on the site.

Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

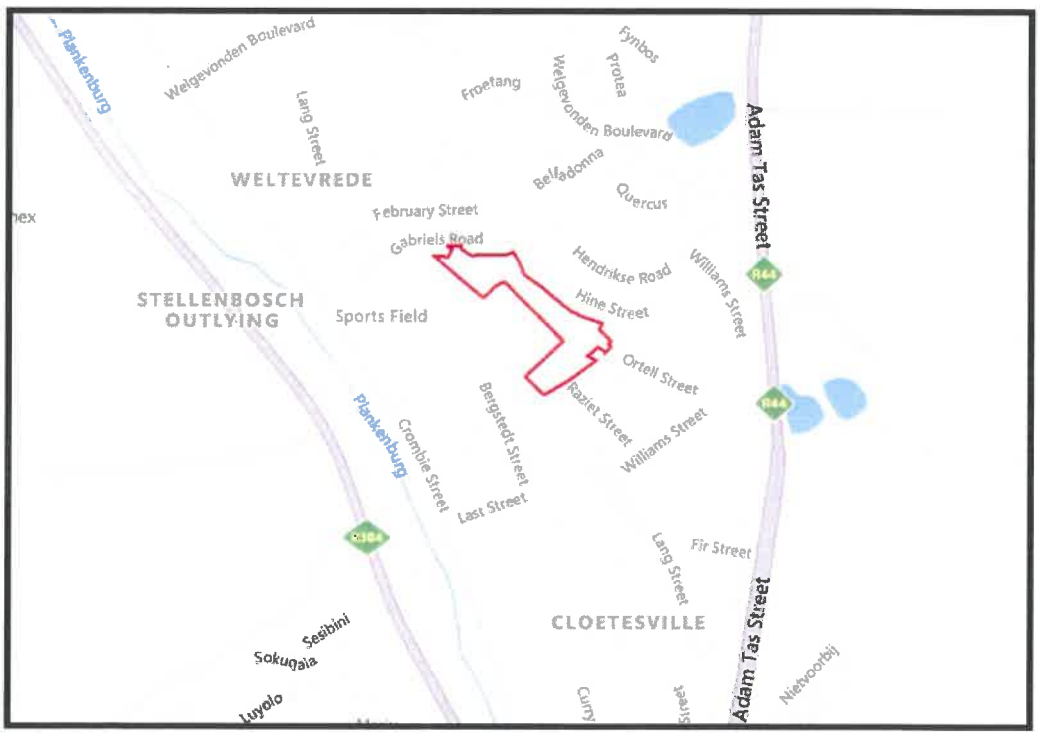
It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.7.4. Erf 6705 Stellenbosch, Cloetesville

Project Name		Erf 6705 Stellenbosch, Cloetesville
Property Description		Erf 6705 Stellenbosch, Cloetesville
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,07
Housing Programme/s		BNG
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	12
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	Soil conditions expected to impact on construction cost
	Readiness Score	1
Project Suitability	**Geotech Conditions**	Soil conditions expected to impact on construction cost
	Strategic alignment	The project is located within the approved urban edge and is identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erf 6705 Stellenbosch is a triangular shaped property with access from Wilger Road. Located to the north, north-west and south of the site are residential erven measuring between 450m² and 510m². The site is currently vacant.



The site is considered a part of an existing neighbourhood and proposed housing typologies should therefore blend with the existing houses. As such, BNG units are proposed; a total of 12 BNG units can be developed on the site. The site contains an embankment along the western boundary, and it is proposed that it should be formalised for stormwater drainage.

Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

It is suggested that the following timeframes should be considered for project progression:

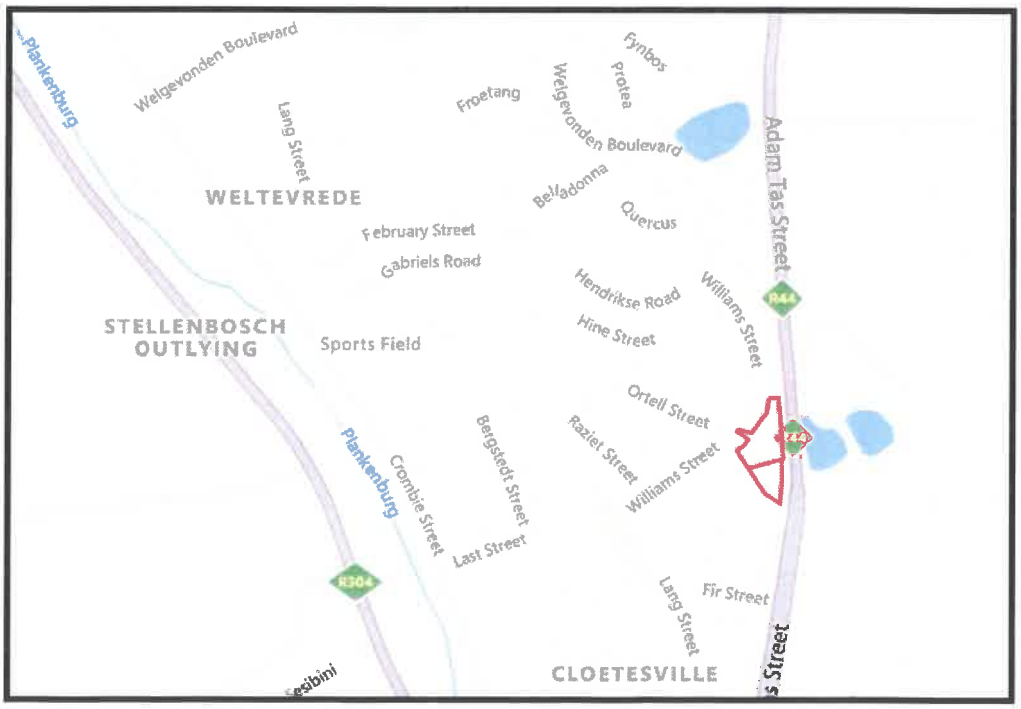
Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.7.5. Erf 8915 Stellenbosch, Cloetesville

Project Name		Erf 8915 Stellenbosch, Cloetesville
Project Description		Erf 8915 Stellenbosch, Cloetesville
Project Location		Erf 8915 is situated adjacent to and stretches behind Pieter Langeveldt Primary School. Moreover, it is situated behind one row of houses. A concern raised for this site is that the expense of servicing the land could possibly jeopardise the feasibility of providing facilities for the disadvantaged. Another concern is the number of trees on the site, especially behind the school, and their environmental and heritage impact. Currently the site is being utilised as an illegal dumping site.
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,5
Housing Programme/s		IRDP / FLISP / Other
Housing Opportunities	**Sites**	0
	Serviced Sites	84 (Top structures TBD)
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Steep slope; poor soil condition; insufficient infrastructure demand
	Readiness Score	1

Project Suitability	**Geotech Conditions**	The site is located along a steep slope
	Strategic alignment	Identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erf 8915 is situated adjacent to and stretches behind Pieter Langeveldt Primary School. Moreover, it is situated behind one row of houses. A concern raised for this site is that the expense of servicing the land could possibly jeopardise the feasibility of providing facilities for the disadvantaged. Another concern is the number of trees on the site, especially behind the school, and their environmental and heritage impact. Currently the site is being utilised as an illegal dumping site.



Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Although it is expected that this site will be very costly to develop (due to the poor soil condition and subsequent required bulk earth works), it is recommended that the Stellenbosch Municipality develops the site for either BNG units or only serviced sites, depending on the subsidy quantum.

Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

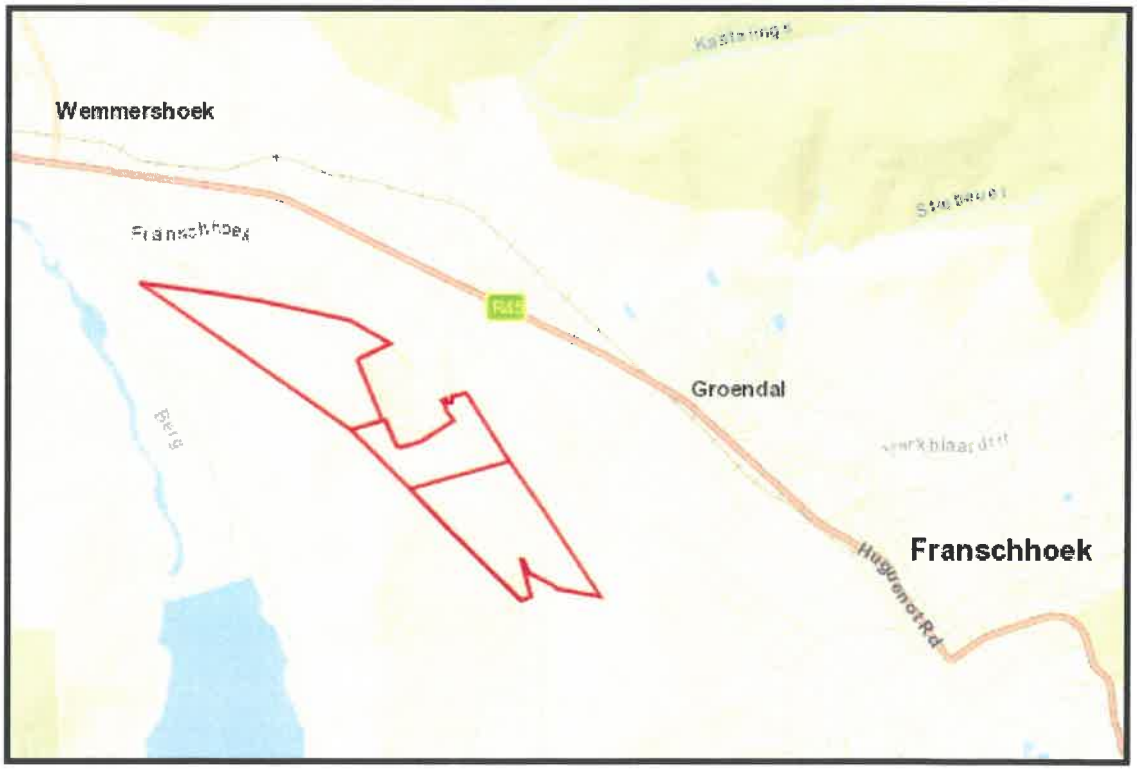
It is suggested that the following timeframe should be considered for project progression:

Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.7.6. Erven 6668 and 7181 Stellenbosch, Cloetesville

Project Name		Erven 6668 and 7181 Stellenbosch, Cloetesville
Property Description		Erven 6668 and 7181 Stellenbosch, Cloetesville
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,5
Housing Programme/s		IRDP / FLISP / Other
Housing Opportunities	**Sites**	0
	Serviced Sites	83 (Top structures TBD)
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Significant bulk earth works required
	Readiness Score	1
Project Suitability	**Geotech Conditions**	Soil conditions poor; significant bulk earth works required
	Strategic alignment	Located within the approved urban edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

Erven 6668 and 7181 Stellenbosch are situated adjacent to the R44 arterial road and are in close proximity to Rietenbosch Primary School. The old Drakenstein Road passes between the property and the R44. The site is relatively steep and located in close proximity to a wetland area. This wetland area is currently in a poor condition and there are several illegal dwelling units on the site. The current access to the site is not sufficient should development occur on site and portions of Erven 7296 and/or 7047 Stellenbosch would need to be acquired.



Only a portion of the site is developable. The developable portion of the site allows for a mix of opportunities in the form of single residential erven and high-rise apartment buildings. In total 17 BNG units and 65 GAP/FLISP units can be accommodated on the site. Depending on the socio-economic profile of the beneficiaries and the available subsidies, the site can also be developed as part of the UISP and the Stellenbosch Municipality would then be required to provide serviced sites (water, sewer and electrical connections) to the beneficiaries. The GAP units can be developed by the Municipality or the land can be sold to the Social Housing Regulatory Authority (SHRA) which provides rental accommodation to people earning between R1 850 and R22 000 per month.

Council approved the feasibility study report to proceed with the planning processes to obtain development rights for the proposed housing project. Funding application has been approved on the business plan of the Provincial Department of Human Settlements for the financial year of 2022/23. A procurement process to appoint a professional team will followed in 2022/23 for planning studies and to obtain development rights.

It is suggested that the following timeframe should be considered for project progression:

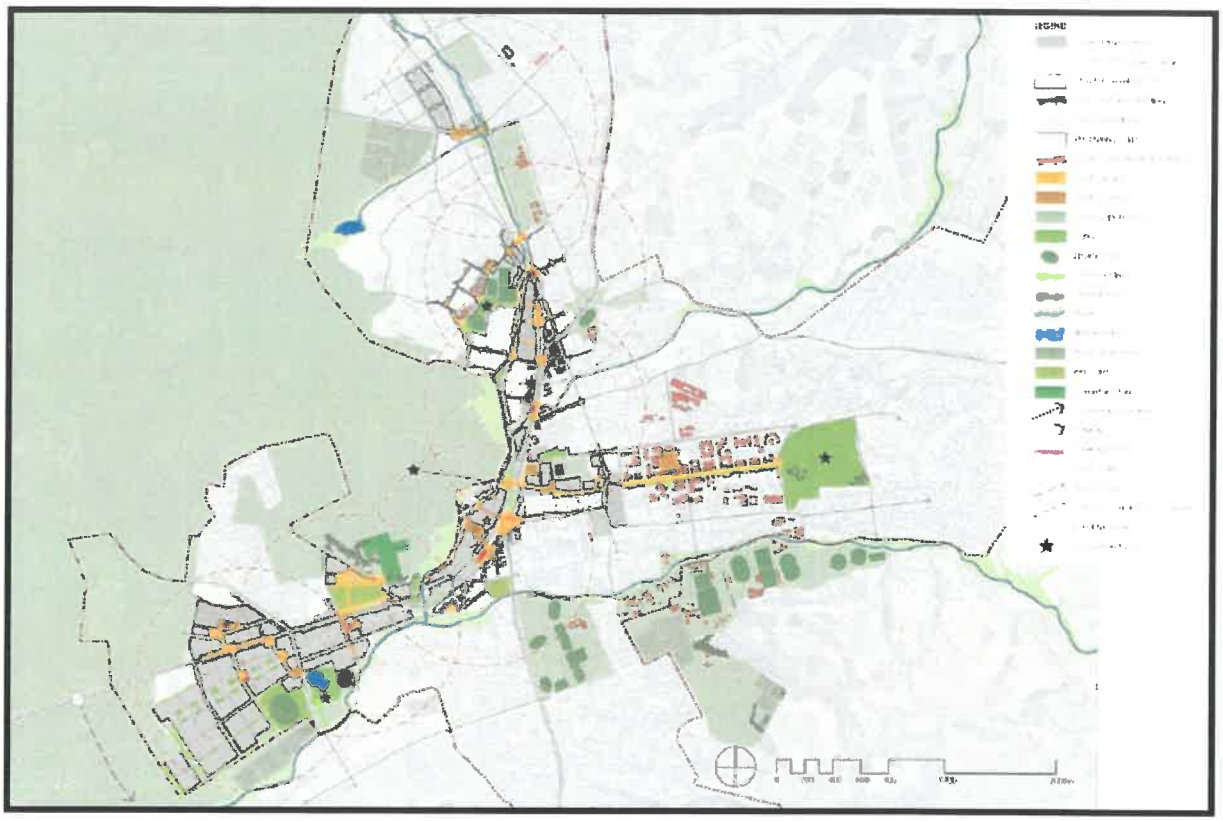
Timeframes	Project Deliverables
2022/23	A professional team will be appointed for planning studies to obtain development rights.
2023/24	Submission of development application to the relevant authorities for township establishment.
2024/25	Obtain development rights

1.8. La Motte: Farm 1339, Farm 1158 and Farm 1158/1 Paarl – Ward 2

Project Name		La Motte Old Forest Station IRDP
Property Description		Farm 1339, Farm 1158 and Farm 1158/1 Paarl
Town		Franschhoek
Suburb		La Motte
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		6,8
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	830 + 283
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	No (Currently being transferred from Dpt. Of Transport & Public Works)
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Land not in municipal ownership
	Readiness Score	2

Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - The proposed housing development layout options falls within the urban edge of La Motte (page 87), and the project is listed on page 200. MHSP 2020 - Project is included in the proposed Housing Pipeline noted on page 131. IDP 2020 - Project is listed as a current municipal project on page 245. PHSHDA - The Project is not included in the Stellenbosch PHSHDA.
	Planning Opinion	This project has been supported by the Dept. of Human Settlements with the release of Tranche 1.1 and forms part of the Municipality's approach to dealing with the Langrug Informal Settlement. The project will allow for the decanting of qualifying beneficiaries from Langrug onto the site, but care must be taken with regard to the community dynamics associated with introducing a new group into an older rural community.

La Motte is a former Bosbou Hamlet situated approximately 3.5 km north-west of Franschhoek town, on the Robertsvallei Road, close to where it intersects the R45. Originally built to house forestry workers, the village is made up of the original dwellings and a range of community facilities. During the construction phase of the Berg River Water Scheme, new houses were built adjacent to the existing settlement to temporarily house the construction workers; these houses have been transferred to identified beneficiaries.



Portions of Farm 1653, Remainder Farm 1339, Remainder Farm 1158 and Portion 1 Farm 1158 Paarl have been identified for mixed-use housing development for the expansion of La Motte. Feasibility studies and various development options have been completed for consideration. From the findings, the identified properties have sufficient capacity for the provision of an integrated housing development. Discussions with the owner of the land, the Department of Transport and Public Works, have occurred to initiate the transfer of land to the Stellenbosch Municipality for housing developments.

The La Motte properties are owned by the Department of Public Works and Infrastructure. In 2021, the Municipality entered into an Implementation Protocol (IP) with the Housing Development Agency (HDA) to assist and facilitate the process of ensuring the transfer of the above-mentioned properties for housing development. The HDA estimates that the land maybe transferred to the Municipality in 2022/23 FY, planning studies and approvals will be finalised in the year 2026 and implementation of a mixed used development will commence in 2027.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Facilitate the transfer of land to the Municipality for planning and development
2023/24	Detailed planning studies
2024/25	Detailed planning studies

1.9. Adam Tas Corridor – Ward 11

Project Name		Adam Tas Corridor
Property Description		Various
Town		Stellenbosch
Suburb		Central Stellenbosch
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		21,4% - 30,7%
Housing Programme/s		IRDP, FLISP, Social Housing
Housing Opportunities	**Sites**	0
	Serviced Sites	3 500 – 5 000 (Top structures TBD)
	Top Structures (serviced)	0
	Other	0
Project Readiness	**Land Obtained**	No (Mixed Public and Private Ownership)
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Scale, Partnerships (PRASA), Elections
	Readiness Score	1

Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - Project does fall within Urban Edge and is earmarked as a "Strategic Project" (page 70), Project is listed as a development focus in the primary settlement of Stellenbosch (page 102), uncertain if provision is made for this project in the Capital Expenditure Framework. MHSP 2020 - Project is noted on page 12 already as a priority area and referred to as part of the STOD development, but no project was listed on the proposed housing pipeline. IDP 2020 - Project is listed in the Municipal Implementation Framework on page 78, and discussed in detail on page 87. PHSHDA - Is included in the Stellenbosch Urban Core area (Gov Gazette 43316 page 61).
	Planning Opinion	Potential Catalytic Project that could redefine the housing situation within Stellenbosch's core urban area. This project is aligned with the principles of the PHSHDA as well as the Dept. of Human Settlements (WC) to develop housing opportunities on well-located land close to socio-economic facilities and opportunities. The scale of the project will require sustained support from Local, Provincial and National Government over a number of decades to ensure success. The partnership between the spheres of Government and the Private Sector interests will have to be carefully managed to ensure that all parties benefit, especially the poor living in unacceptable conditions within Kayamandi and Cloetesville.

The Adam Tas Corridor comprises an area of some 400 hectares, stretching for 5km along the R310 and R44 from the Cape Sawmills site to Kayamandi and Cloetesville. It inter alia incorporates major government and municipal landholdings (Droë Dyke and the Van Der Stel sports grounds), the Distell Adam Tas and Bergkelder complexes, and Steinhoff owned disused Sawmill site.

The Stellenbosch Spatial Development Framework 2019 states that the targeted settlements on the Baden Powel-Adam Tas-R304 corridor should be prioritised for growth and new development. Together with the Western Cape Government, inter-service investigations should be undertaken to determine the exact location, size, nature, and form of new settlement areas to accommodate new growth.

Specific development of framework planning, land use management, infrastructure, financial, and urban design provisions and directives should take place to ensure the optimal development of identified settlement areas to accommodate new growth.

Housing opportunity should be expanded for a broader range of groups – including lower income groups and students – particularly in settlements forming as part of the Baden Powell-Adam Tas-R304 corridor. The planning of infrastructure and social facilities should accommodate the likelihood of back-yarding and its contribution to livelihood strategies. It is important that an inclusionary housing policy and guidelines be developed, that infill housing opportunities on public land for the BNG, FLISP, social/ rental, and GAP markets should be prioritised and that, where possible, there should be proactively planned for back-yarding opportunities in lower income housing projects. The development of student housing in Stellenbosch town should be actively supported.

The SDF states that Focus major development energy should be focused on a few catalytic development areas that offer extensive, inclusive opportunity. One of these efforts is the Adam Tas Corridor.

It should be ensured that catalytic areas be developed as inclusive, appropriately serviced communities, negotiable through NMT and exhibiting a positive relationship with surrounding nature and agricultural land.

Land use management measures should be prepared to enable development in catalytic areas.

Catalytic areas should be defined as "restructuring" or other special-measure areas to enable benefit from national and provincial support and incentives.

The most strategically located land in Stellenbosch town comprises large industrial spaces, including land previously occupied by Cape Sawmills and Distell facilities. A significant proportion of these have been vacated or will be vacated in the foreseeable future in response to changes in the operating context of manufacturing enterprises. Thoughtful re-development of these spaces – at scale – can contribute meaningfully to meeting existing challenges and spatial objectives.

In simple terms, the concept is to launch the restructuring of Stellenbosch town through re-development of the Adam Tas Corridor, the area stretching along the R310 and R44 along the foot of Papegaaiberg from the disused Cape Sawmills site in the west to Kayamandi and Cloetesville in the north. It forms the western edge to the town but is not well integrated with the rest of Stellenbosch, largely because of the barrier/ severance effect of the R44 and the railway line. Much of the area has a manufacturing use history. It includes the disused sawmill site, the government owned Droë Dyke area, Distell's Adam Tas facility, Oude Libertas, various Remgro property assets, Bosman's Crossing, the rail station, Bergkelder complex, Van der Stel sports complex, the George Blake Road area, and parts of Kayamandi and Cloetesville. Underutilised and disused land in the area measures more than 300 hectares.

Conceptually, a linear new district within Stellenbosch is envisaged adjacent to and straddling (in places) Adam Tas Road, the R44, and railway line. Overall, development should be mixed, high density and favour access by pedestrians and cyclists. A central movement system (with an emphasis on public transport and NMT) forms the spine of the area, and is linked to adjacent districts south and west of the corridor. The corridor retains west-east and north-south vehicular movement (both destined for Stellenbosch town and through movement) as well as the rail line. Remote parking facilities will form part of the corridor concept, with passengers transferring via public transport, cycling and walking to reach destinations within the town of Stellenbosch. The R44 and rail line specifically could be bridged in parts to enable integration across the corridor to access adjacent areas. The corridor is not envisaged as homogenous along its length, with uses and built form responding to existing conditions and its relationship with surrounding areas. Conceptually, three areas could be defined, each linked through a sub-district.

- The southern district comprises the disused sawmill site, Droë Dyke, and the Adam Tas complex. It can accommodate a mix of high density residential and commercial uses, as well as public facilities (including sports fields).

- The central district is the largest, including Bosman's Crossing, the Bergkelder, and the Van der Stell Sports complex. Here, development should be the most intense, comprising a mix of commercial, institutional, and high-density residential use. The "seam" between this district and west Stellenbosch is Die Braak and Rhenish complex. The southern and central districts are linked through Oude Libertas. Oude Libertas remains a public place, although some infill development (comprising additional public/ educational facilities) is possible.

- The northern district focuses on the southern parts of Kayamandi. The central and northern districts are linked through George Blake Road. This area effectively becomes the "main street" of Kayamandi, a focus for commercial, institutional, and high-density residential use integrated with the rest of the corridor and western Stellenbosch town.

Along the corridor as a whole – depending on local conditions – significant re-use of existing buildings is envisaged. This is seen as a fundamental pre-requisite for diversity, in built character and activity (as re-use offers the opportunity for great variety of spaces). Aspects of the industrial use history of the area should remain visible. A range of housing types, in the form of apartments should be provided, accommodating different income groups and family types.

Re-development in terms of the concept offers the opportunity to:

- Grow Stellenbosch town – and accommodate existing demand – in a manner which prevents sprawl, and create conditions for efficient, creative living and working.
- Stimulate and act as a catalyst for the development of improved public transport and NMT
- Re-think and re-construct infrastructure, and particularly the movement system, including the possible partial grade separation of east-west and north-south movement systems, in turn, integrating the east and west of town and releasing land for development.
- Integrate Kayamandi and Stellenbosch town seamlessly.
- Shift new development focus to the west of town, with Die Braak and Rhenish complex forming the center and seam between the new west and east of Stellenbosch town.
- Accommodate the parking of vehicles on the edge of town whilst the corridor provides for and promotes a greater focus on pedestrianism and cycling into the core town.
- Accommodate uses which meet urgent needs, specifically higher density housing and university expansion, also assisting in establishing a compact, less sprawling town, public transport, and pedestrianism.
- Increases land value east of the R44 and in the area between Kayamandi and the Bergkelder complex.

Existing manufacturing enterprises can gradually relocate to the north, closer to the N1 logistics corridor (as planned by Distell for their operations). A spatial plan for the corridor is needed. This plan should spell out – in broad terms – what activities should ideally happen where (and in what form), where to start, and what infrastructure is anticipated by when. However, a spatial plan is not enough. The preparation of the plan has to be situated within a broader surround of development and transport objectives, institutional arrangements and agreements, and parallel professional work streams. Institutional arrangements are critical. It would include broad agreement between land owners and the Municipality to pursue the corridor development, the objectives to be sought, how to resource the work, and associated processes. It would appear that the private sector is best situated to lead the initiative. Land owners – unlike the Municipality – have the resources to undertake planning.

Parallel work streams should explore:

- Economic modelling of development options.
- Corridor access and mobility planning and scenario modelling.
- How ordinary citizens with limited material wealth can benefit from the development.
- The nature of efficient, "smart" infrastructure to support living, services, and business.

Critically, development of the corridor needs to be supported by broader strategies impacting on Stellenbosch town as a whole. These include:

- Focusing University functions on the town (as opposed to decentralisation).
- Private vehicle demand management (specifically to curtail the use of private vehicles for short trips within the town).

Critical also, both for the Adam Tas Corridor and the broader Baden Powell-Adam Tas-R304 development corridor is to explore the feasibility of introducing a more reliable and frequent rail service along the Eerste River-Stellenbosch-Muldersvlei- Klapmuts rail line. The aim should be to have a more frequent passenger service along the corridor, and connected larger and smaller settlements. Safe crossing of rail infrastructure also requires specific attention.

At the time of submission of the MSDF, considerable progress has been made by and owners, the Municipality, WCG, and the University, to prepare for joint planning of the Adam Tas Corridor. The Adam Tas Corridor is a significant opportunity, similar in potential scope and impact over generations to the establishment of the university, the Rupert-initiated drive to save and sustain historic precincts and places, and the declaration of core nature areas for preservation. It is a very large project, some five times the extent of the successful Victoria & Alfred Waterfront (V & AW) in Cape Town. It involves more stakeholders and land owners than the V & AW did, and similarly challenging obstacles. It will require sustained, committed work over a prolonged period of time, trade-offs, and a departure of current norms.

Given the scope and complexity of the project, the immediate focus is to understand what it will take to achieve mindful redevelopment of the corridor. Its feasibility, dependencies, and risks need to be fully understood with a view to making recommendations to land owners and other parties involved as to how to proceed in the most responsible way.

RESIDENTIAL DENSITY AND POPULATION

Precinct	Average Gross Density	High Density Residential (4-6 Storeys)	Medium - High Density Residential (2-4 Storeys)	Medium Density Residential (2 Storeys)	Total Number of Units	*Approximate Population	Gross Population Density
	(du/ha)	(Number of Units)	(Number of Units)	(Number of Units)	(Number of Units)	(Number of People)	(ppl/ha)

TOTAL	75	5891	6312	1412	13615	51737	281

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

1.10. Droë Dyke – Ward 11

Project Name		Droë Dyke (1000)
Property Description		Portion of Remainder Farm 279; Portion 1 of Farm 284; Remainder Farm 284; Portion 17 of the Farm 183; Remainder Portion 35 of the Farm 183; Portion 8 of Farm 283; Remainder Farm 283; Farm 281
Town		Stellenbosch
Suburb		Stellenbosch
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		6,1
Housing Programme/s		IRDP, FLISP, Social Housing
Housing Opportunities	**Sites**	1000 (type TBD)
	Serviced Sites	0
	Top Structure (serviced)	0
	Other	0
Project Readiness	**Land Obtained**	No (National Dept. of Transport and Public Works – being transferred)
	EIA ROD	No
	Bulk capacity	No (Upgrades planned and being implemented)
	Land Use Approval	No
	DHS Approval	No (Was previously supported by PPC in 2013/14, but no applications have been submitted)
	Council Approval	Yes
	Risks / Issues	Scale, dependence on Adam Tas TOD Project
	Readiness Score	1
Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	MSDF 2019 - Project does fall within Urban Edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	This project was previously presented to the Dept. of Human Settlements in 2013 and was in principle supported. The project did not proceed from the pre-planning stage because the land could not be transferred from the National Dept. of Transport and Public Works. The project was reinvigorated recently as the land issue was resolved and the project was identified as the southern node of the Adam Tas TOD Project. As such this project shares the same opportunities as the Adam Tas TOD Development. The location on the south western periphery of Stellenbosch is not ideal and the project will probably not contribute towards alleviating the needs of Kayamandi, but previous discussion with Stellenbosch indicated that FLISP opportunities will be investigated for this site. As such the project can be supported for further investigation. It will be necessary to ensure that this project could be viable even if the remainder of the Adam Tas TOD Project is not developed in future.

In terms of the Stellenbosch Municipal Spatial Development Framework Droë Dyke is seen as part of the Adam Tas Corridor Catalytic Initiative to restructure Stellenbosch Town. The land parcels which make up Droë Dyke comprise of Stellenbosch Farms Portion 17 of the Farm 183, Portion 35 of the Farm 183, Portion 8 of the Farm 238, the Farm 283 and the Farm 281. The farms are situated at the entrance to Stellenbosch town and are adjacent to the R310 and the Eerste River, with the Stellenbosch railway line and reserve splitting the site. Collectively, the land parcels making up Droë Dyke equates to approximately 103 hectares.

Droë Dyke forms part of the residential component for the redevelopment of the Adam Tas Corridor. Droë Dyke is earmarked for medium to high density residential housing and commercial as well as public facilities (including sportsfields). The site will accommodate a public transport node within the R310/Adam Tas Public Transport Corridor and is also seen as a potential park and ride location.

The identified developable area, totalling 75.86 hectares is defined as the Droë Dyke Precinct. With the precinct plan providing the context of the urban form, spatial arrangements and movement routes, the actual overall development area for the precinct is 29.85 hectares.

Droë Dyke is suitable for social housing as it is a precinct in the Stellenbosch Restructuring Zone. The site offers significant opportunity to alleviate Stellenbosch Municipality's housing demand. The site can accommodate and is attractive for a mix of social, affordable and open market housing.

The Adam Tas Corridor as part of the Spatial Development Framework, which includes land use frameworks and overlay zones, are being finalised within the financial year of 2022-2023.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

2. SOCIAL HOUSING

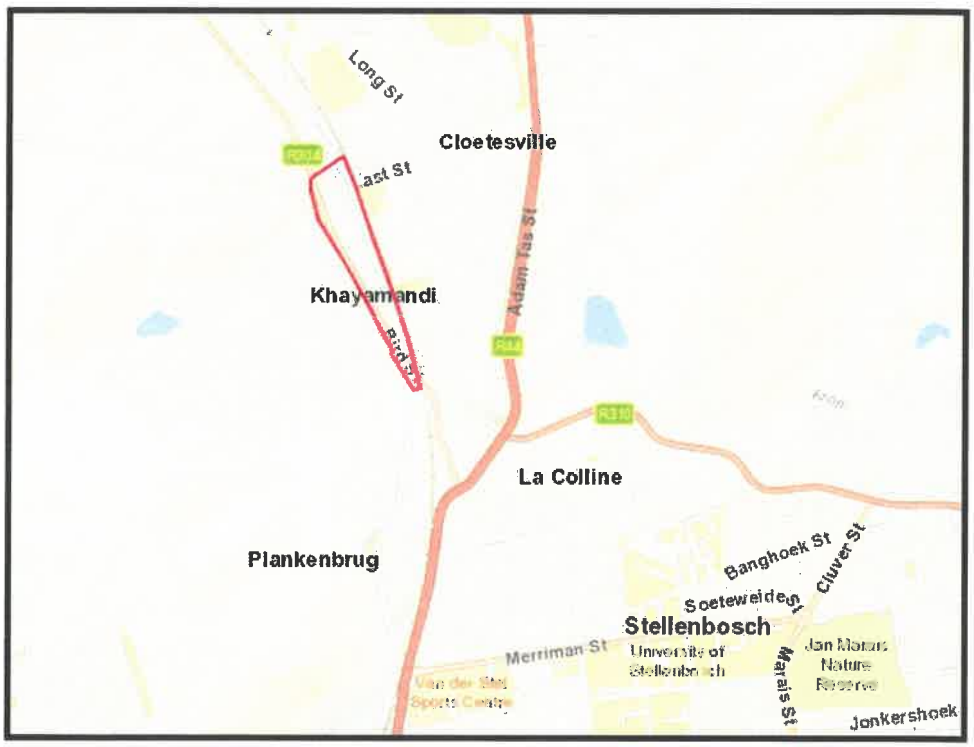
It is the intention of the Stellenbosch Municipality to give effect to the Social Housing Programme by making available land portions in the Restructuring Zones to Social Housing Institutions (SHI) and/or Other Development Agencies (ODA) who then will undertake all the necessary processes for the development of Social Housing Estates and the effective management of new rental stock. It is imperative that such SHI's and ODA's are duly accredited by the SHRA.

Social Housing is not a method for mass delivery, but a way to pursue integrated and sustainable urban development. Restructuring Zones were identified based on their close proximity to social and economic amenities and their potential to promote integration, access to economic opportunities and spatial restructuring.

Social Housing currently caters for people earning between R1 850 – R22 000 per month. It is desirable that environments created through this process should conform to health and safety principles, be liveable, vibrant, with the requisite amenities and facilities that provide a better quality of life for tenants. The proposed Social Housing Estate should optimise the utilisation of the land portions through innovative approaches in the development of a medium to high density residential estate.

Stellenbosch Municipality's Social Housing Programme aims to effect the provision of affordable, well-located housing opportunities to low and moderate-income households. It is implemented within the framework of the National Social Housing policy, legislation and regulations. The Municipality is on a drive to accelerate the pace and scale of housing delivery, maximising social housing opportunities and promoting socio, spatial and economic integration of people into its urban fabric.

This transformative aim will be fulfilled by the Municipality's continued effort to identify well located municipal owned parcels of land for infill development of Social Housing with a precinct development approach. The key purpose is the creation of socially integrated neighbourhoods providing housing for low-middle income households into areas that they would normally be excluded from due to past legacies and the prevailing property markets.



It is crucial that the Social Housing projects complement the social functionality of the neighbourhood with inclusion of other minimum ancillary and complementary uses in the development driven by the integrated development principles. Social integration should be achieved by having an urban design approach that integrates the development with the existing surroundings. The creation of an enhanced public realm with quality environments should be

promoted by designing active and passive green open space systems that link the proposed site with public facilities and amenities through safe pedestrian orientated public open space systems. Proposed layouts should consider barrier free access for physically disabled people and cater to people with special needs.

The urban design concept for such sites should be on the basis of a socially integrated development with a holistic and reasonable neighbourhood level planning approach that unfolds though the site plan. It should show some level of conformity with the character of the existing urban environment and some innovation that fosters a sense of place. The site plan must demonstrate an appropriate medium-high density approach by building height and compact site plan with minimum parking. In addition, the site plan design for the public realm, common spaces and landscaping have to facilitate social integration with existing neighbourhoods.

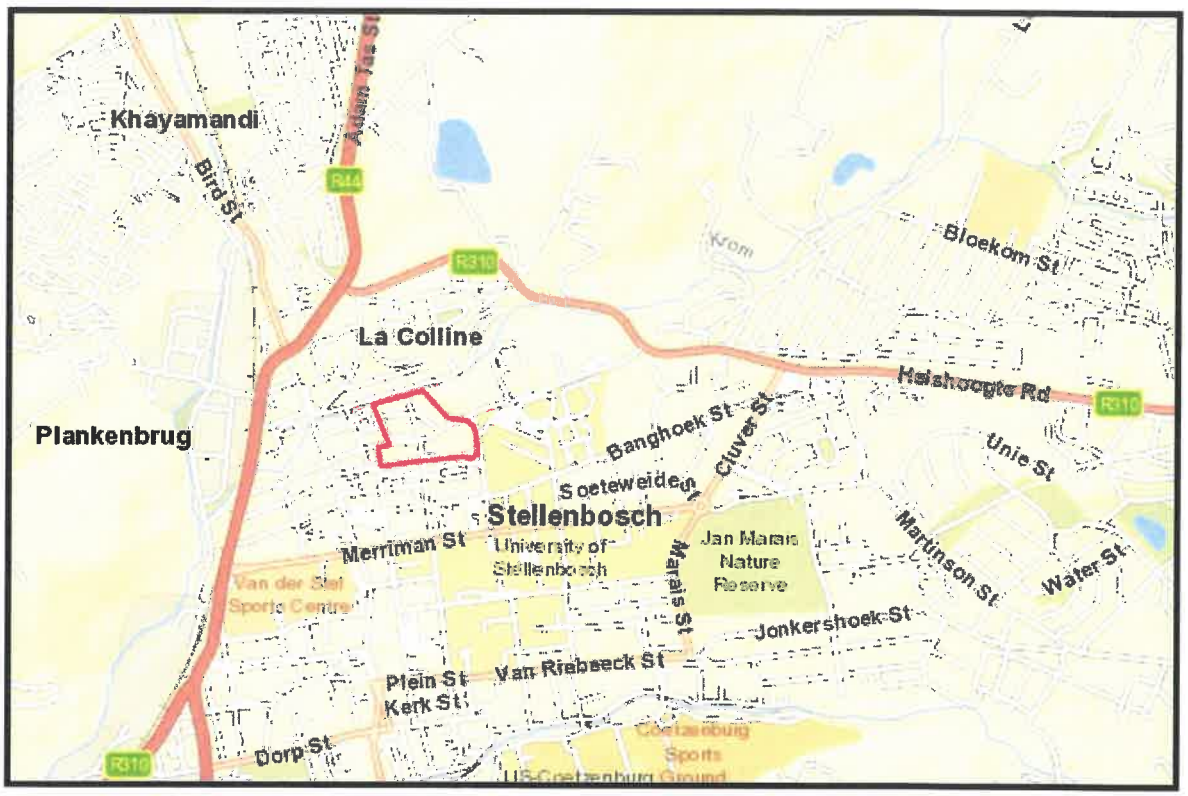
Sites situated in approved and gazetted Restructuring Zones are eligible for social housing grants. Application for the social housing grants will be the responsibility of the SHI/ ODA.

2.1. Farms 81/2 and 81/9 Stellenbosch - Ward 16

Project Name		Farms 81/2 and 81/9 Stellenbosch
Property Description		Farms 81/2 and 81/9 Stellenbosch
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		2021/2022 – Planning to commence
% of Total need addressed by Project		1,5 – 2,1
Housing Programme/s		Social Housing
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	0
	Other	± 250 – 350 rental units
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes (feasibility study)
	Risks / Issues	Various site constraints; significance as gateway
	Readiness Score	2
Project Suitability	**Geotech Conditions**	The property is regarded as being of favourable to poor suitability for residential development. The factors that reduce the suitability of the land for development are the extent of uncontrolled fill, the existing topography and soil corrosivity.
	Strategic alignment	This project falls within the approved urban edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

In terms of the implementation of the Social Housing Programmes, the Stellenbosch Municipality has identified Portions 2 and 9 of the Farm No 81 Stellenbosch. This site is located between the Cloetesville and Kayamandi settlements. Its boundary is framed by the R304 to the west and the railway line to the east. The Plankenburg River traverses the site along the eastern boundary. The southern boundary of property includes portions of the Kayamandi Tourism Centre, as well as a bridge over the railway line. The northern boundary is framed by the Mount Simon residential development.

A feasibility study has been done during January 2020 to determine the development potential of the site. Council approved the feasibility report on the 12 February 2020 for Social Housing (rental stock). Further planning studies were conducted by a suitable, qualified and experienced professional service providers during March 2021 to undertake a geotechnical investigation, flood line studies and a traffic impact assessment on the site.



In terms of the geotechnical investigation, the property is regarded as being of favourable to poor suitability for residential development. The factors that reduce the suitability of the land for development are the extent of uncontrolled fill, the existing topography and soil corrosivity.

An Item seeking Council's approval of the specialist studies undertaken on the property will serve before Council in April 2022. The user department is currently drafting a Request for Proposal (RFP) to invite delivery agents that can access SHRA Capital grants (SHI's & ODA's), to submit a Concept Proposal, with the Pre-Feasibility and Financial (PFF) plan, to develop Social Housing on Farm 81/2 and Farm 81/9, Stellenbosch. Approval from Supply Chain Management needs to be obtained before an advertisement can be advertised.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning studies
2023/24	Planning studies
2024/25	Approval and implementation

2.2. Lapland Precinct - Ward 10

Project Name		Lapland Precinct
Property Description		Erven 2149, 6590, 2608, 2609, 6659, 9106 Stellenbosch
Town		Stellenbosch
Suburb		Stellenbosch
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		2,3
Housing Programme/s		Social Housing
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	368
	Other	0
Project Readiness	**Land Obtained**	No (Properties owned by the Municipality and the National Department of Public Works
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Relocation of prison; construction above existing units
	Readiness Score	0
Project Suitability	**Geotech Conditions**	TBC
	Strategic alignment	This project is located within the approved urban edge and has been identified for infill development. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

The Lapland Precinct comprises Erven 2149, 6590, 2608, 2609, 6659 and 9106 Stellenbosch.

The Lapland precinct situated on the northern outskirts of the Stellenbosch CBD is ideally located in a well-connected node via the R44 and Helshoogte Roads and is in close proximity to various commercial and economic facilities. The surrounding land uses consist of residential spaces, public spaces and commercial properties. The properties located in the precinct are owned by the Stellenbosch Municipality and the National Department of Public Works. The properties have extents upwards of 1300m² to roughly 4000m², are developed on a gentle gradient and are bordered to the north by Kromriver and Teen-die-Bult, Plankenburg to the west, Stellenbosch CBD to the south and Die Rand to the east. The Lapland precinct is home to the Stellenbosch Traffic Department, the Stellenbosch Correctional Services building and three high rise municipal flats (Lavanda, Aurora and Phyllaria) with a total of 220 existing rental units. Preliminary building inspections revealed that the structures are sound with some upgrades having been performed recently.

The precinct is made up of three high rise municipal flats (Lavanda, Aurora and Phyllaria) with a total of 220 rental units, the Department of Home Affairs, the Traffic Department and the Correctional Services Prison and ancillary housing and facilities. Taking cognisance of the Status Quo Study findings and in line with densification principles, the following development concepts and land use rights are proposed for the Lapland precinct:

Two of the existing high rise buildings are proposed to be developed as mixed use eight-storey high rise tower blocks incorporating the existing governmental uses on ground floor together with retail shops and offices. Social housing with housing typologies ranging from one-bedroom to two-bedrooms are proposed for five floors. Market orientated Rental Housing Development of one bedroom and two-bedroom units are proposed for the two top floors. It is proposed that pavements be widened and street furniture and informal traders be accommodated in a predesigned format. A density of 320 dwelling units per hectare is proposed.

It is proposed that the prison be relocated to the outskirts of Stellenbosch town on a site to be identified by the Stellenbosch Municipality and approved by the Department of Correctional Services. A portion of this property is to be set aside for market orientated rental housing development of one bedroom and two-bedroom units for two floors and retail and/or office spaces to be located on the ground floor. The proposed density is 616 dwelling units per hectare.

It is proposed that infill developments be implemented on the existing vacant land in between the existing flats in order to increase the density. This would allow for spatial and architectural maximisation of the existing site and the formulation of designs in line with SHRA design standards. To achieve the desired density and enhance the quality of living in the vicinity, it is proposed that the site be set aside for Social Housing purposes only with the accommodation of a crèche. Eight-storey buildings are proposed with a proposed density of 186 dwelling units per hectare.

The Municipality will go out on a procurement process to appoint an accredited Social Housing Institutes (SHI's) and/or Other Development Agencies (ODA's) for a social housing project on the property.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	
2023/24	
2024/25	

2.3. Teen-die-Bult Precinct - Ward 10

Project Name		Teen-die-Bult Precinct
Property Description		Farm 180 and Erven 2728, 3481 – 3486 Stellenbosch
Town		Stellenbosch
Suburb		Stellenbosch
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1,1
Housing Programme/s		Social Housing
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	180
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	Construction above existing units
	Readiness Score	1
Project Suitability	**Geotech Conditions**	TBC
	Strategic alignment	This project falls within the approved urban edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially,
	Planning Opinion	TBD

The Teen-die-Bult Precinct comprises the Remainder Farm 180 and Erven 2728, 3481 – 3486 Stellenbosch (portions of the Remainder Farm 180).

Less than 2km north of the Lapland precinct properties are the eight Teen-die-Bult erven. Situated close to major transport corridors in Helshoogte road and the R44, the Teen-die-Bult precinct is bordered to the west by Tenantville (a designated Restructuring Zone), by the La Colline precinct to the north and Simonswyk to the east. The surrounding land uses are predominantly residential with some commercial properties. As earlier mentioned, the Teen-die-Bult precinct consists of eight erven on gradually sloping terrain with the exception of

Farm 180 that has a comparatively steep gradient. Six of the properties are developed with existing duplex flats and low-rise flats that are in good condition and are known as Bellerive and Teen-die-Bult. Two properties are undeveloped Open Spaces which offer opportunities for developments. The properties are owned by the Stellenbosch Municipality.

It is proposed that new development be carried out on the consolidated site consisting of Farm 180 and Erf 2728 (Open Spaces) only. This is motivated by the maximisation of existing infrastructure capacity by the proposed development on the open spaces. It is also proposed that existing buildings in the precincts receive cosmetic upgrades (beautification) as a trade-off for maximising development on the parcels. This may ensure the community support of the project.

Eight-storey buildings are proposed with a proposed density of 184.27 dwelling units per hectare. A housing typology mix is proposed with Social Housing being the primary mix and market orientated rental housing development to cross subsidise the development of one-bedroom and two-bedroom units on the top floors.

The following is proposed for the Teen-die-Bult Precinct:

Precinct	Unit Type	Number	Expected Rental	Monthly Rental Income	Annual Rental Income
Teen-die-Bult	32m² 1 Bedroom	50	R7 000,00	R350 000,00	R4 200 000,00
	34m² 1 Bedroom	50		R350 000,00	R4 200 000,00
	45m² 2 Bedroom	40	R8 500,00	R340 000,00	R4 080 000,00
	47m² 2 Bedroom	40		R340 000,00	R4 080 000,00
	Total	180			R16 560 000,00

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	
2023/24	
2024/25	

2.4. La Colline - Ward 10

Project Name		La Colline Precinct
Property Description		Erven 2644, 2645, 2660, 2661, 2666, 2667, 2683, 2684, 2727 and 2729 Stellenbosch
Town		Stellenbosch
Suburb		Stellenbosch
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		TBD
Housing Programme/s		Social Housing
Housing Opportunities	**Sites**	TBD
	Serviced Sites	TBD
	Top Structures (Units)	TBD
	Other	TBD
Project Readiness	**Land Obtained**	No (properties owned by the Municipality and the Department of Local Government and Housing)
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	TBD
	Readiness Score	0
Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	This project falls within the approved urban edge. The two public open spaces are important to be retained and upgraded. There are densification opportunities available. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. Once the project reaches the planning phase, it needs to be considered within the capital planning process/CEF.
	Planning Opinion	TBD

The La Colline Precinct comprises Erven 2644, 2645, 2660, 2661, 2666, 2667, 2683, 2684, 2727 (General Residential) and 2729 Stellenbosch (Public Open Space). The La Colline Precinct, just a short walk north from the Teen-die-Bult and Lapland Precincts, is easily accessible via Helshoogte Road from the east, Ryneveld Street from the south and the R44 from the north. The La Colline Precinct consists of residential properties built around a public open space, Tobruk Park (which forms part of the La Colline Precinct erven) and an additional public open space called La Colline Park. The residential properties are developed with low rise duplex flats that appear to be structurally sound with some minor cosmetic remedial work required. The properties are owned by the Department of Local Government and Housing and the Stellenbosch Municipality.

It is proposed that the residential properties remain as is and be the trade-off for the density maximisation development on the consolidated Teen-die-Bult sites. The open spaces should be developed as active open space for the enjoyment of the residents.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

2.5. Simonsig Village: Portion 39 and 40 of the Farm Koelenhof No 66 Stellenbosch – Ward 19 (Private Housing Development)

Project Name		Simonsig Village
Property Description		Farm Koelenhof No 66/39 and 66/40 Stellenbosch
Town		Stellenbosch
Suburb		Rural
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,5
Housing Programme/s		IRDP
Housing Opportunities	**Sites**	75
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	No – private developer
	EIA ROD	TBC
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	No
	Council Approval	No
	Risks / Issues	TBD
	Readiness Score	0
Project Suitability	**Geotech Conditions**	TBC
	Strategic alignment	This project is within the approved urban edge and has been identified in the SDF as future mixed-use, community, and residential infill. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBC

In November 2019 an item served before Council for the authorisation to include the Simonsig Farmworker Housing Project in the Stellenbosch Municipality Housing Pipeline for the development of 75 residential opportunities for farm workers on the Farm De Hoop. This will enable Simonsig Wine Farm to apply for development rights and subdivision of the land for the provision of farmworker housing.

The Simonsig Agri Village proposal is in line with the Stellenbosch Municipality's view of Rural Settlements with a focus on housing for farm workers. This proposal also embraces the need of partnerships between Government and the private sector for the provision of housing, especially for farm workers.

Simonsig Wine Estate currently employs 110 permanent farm workers, many of them living on the farm for generations. There are 55 laborer houses on the property and the community consists of 260 people. Simonsig Wine Estate consists of two properties, both in die Koelenhof area, about 10 km to the north-west of Stellenbosch. The workers are currently residing on the properties but have no prospect of ownership of the houses they currently live in. As part of the Estate's empowerment plan, the owner wants to provide the workers an opportunity to own a house.

A high-level report regarding the provision of basic civil engineering services to the proposed development was conducted.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

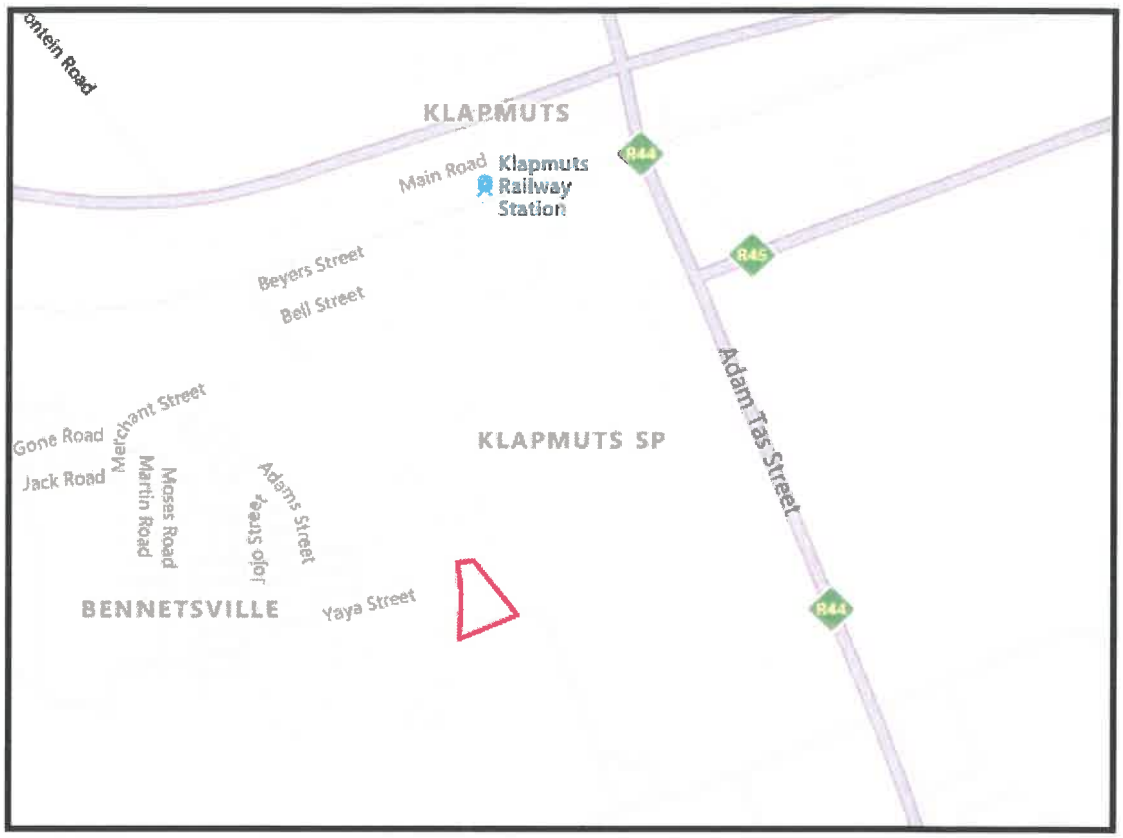
2.6. Faure Agri-Village: Portions 3 and 5 of the Farm 1081 Stellenbosch Ward 20 (Private Housing Development)

Project Name		3691 Faure Agri-Village
Property Description		Farm 1081/3 and 1081/5 Stellenbosch
Town		Faure
Suburb		Croydon
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		2,7
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	448
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	No (Property in Private ownership)
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Land ownership and project dependent on partnership
	Readiness Score	2

Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	The Spatial Planning Section will undertake a Local Spatial Development Framework (LSDF) to determine potential and future development of this property.
	Planning Opinion	This project is supported because of the following reasons, namely: • The project proposes the accommodation of farm residents in a Municipality that suffers from large numbers of farm evictions. This project will therefore not only align with the Department's strategic objective of addressing farm resident housing, but it will also positively contribute towards alleviating some of the tension in the agricultural industries of Stellenbosch • This project will entail a partnership between government, both Provincial and Municipal, and the private sector aimed at addressing the needs of farm residents in and around Faure and Croydon. As such this project also aligns with the Department's own strategic goal of promoting better cooperation and partnerships between government and the private sector. This project is supported with the following conditions, namely: • A formal agreement must be reached between the City of Cape Town and Stellenbosch Municipality regarding the bulk infrastructure capacity needed for this project before implementation can be considered. • The developer needs to indicate how the 16 residential structures, and their owners, currently on site will be accommodated in the project going forward.

Portions 3 and 5 of the Farm 1081 Stellenbosch are located on the corner of two major roads namely Baden Powel Drive (R310) and Old Main Road (R102). The Faure Agri-Village will become part of Croydon.

A project initiation document has been submitted to the Provincial Department of Human Settlements in October 2019 relating to obtain funding approval for the Faure Agri-Village project on a portion of Portions 3 and 5 of the Farm 1081 Stellenbosch to enable farm worker housing by means of an IRDP Programme.



The approximate development footprint for the proposed development is 16.2 hectares. The current proposed development layout provides for approximately 448 residential erven and ancillary uses. The service provider is currently busy with the environmental process and to obtain approval in terms of the Subdivision of Agricultural Land Act No 70 of 1970.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

3. FORMALISING AND UPGRADING OF EXISTING SETTLEMENTS

3.1. Erf 2183 Klapmuts, La Rochelle – Ward 18

Project Name		La Rochelle Klapmuts
Property Description		Erf 2183 Klapmuts
Town		Klapmuts
Suburb		Klapmuts
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		2023/24
% of Total need addressed by Project		0,6
Housing Programme/s		UISP
Housing Opportunities	**Sites**	0
	Serviced Sites	100
	Top Structures (Units)	Possible Temporary Relocation Units
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	Yes
	Bulk capacity	Yes (Water supply is being upgraded ETA 18 months, Sewerage will require upgrades)
	Land Use Approval	No
	DHS Approval	No (Was previously supported by PPC in 2016/17, but no applications have been submitted
	Council Approval	Yes
	Risks / Issues	Small size of project, possible land invasion high risk
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - Project does fall within the approved Urban Edge of Klapmuts (page 74), and the project is listed on page 199. MHSP 2020 - Project is included in the proposed Housing Pipeline noted on page 129. IDP 2020 - Project is not indicated in the IDP. PHSHDA - The Project is not included in the Stellenbosch PHSHDA.
	Planning Opinion	This project was previously presented to the PPC in 2016 and in principle supported for further studies. The specific type of housing program to be used was not confirmed by the Municipality. The site is located within in walking distance of socio-economic facilities in Klapmuts and development will increase the urban density of Klapmuts. The site is relatively small and will only be able to assist a small number of beneficiaries.

Klapmuts is situated on the N1 transport corridor and has significant potential to serve as centre for economic activity and residence within the metropolitan region and Stellenbosch Municipality. Erf 2183 Klapmuts is located along Gomas Street, Klapmuts, approximately 1.5km off the R310 that links Stellenbosch to the N1. The site is located on the south-eastern edge of the town of Klapmuts and is bordered by vacant land to its southern and eastern boundaries, with a proposed new housing development on the western and northern boundaries towards Mandela City, Klapmuts. To provide in the dire housing need in the Klapmuts area, especially for current backyarders, this property was identified as a possible option for a "site-and-service" housing project.

Erf 2183 Klapmuts is zoned Subdivisional Area for the following uses: Less Formal Residential Zone, Public Open Space Zone, Public Road and Parking Zone. A team of professional service providers have been appointed to attend to the subdivision of the property into residential erven of approximately 40m² to 50m², the submission of all diagrams to the Surveyor-General's office for approval and registration as well as the submission of all documents to the Provincial Department Human Settlements to obtain the relevant funding for this incremental housing project.

The service provider drafted conceptual subdivisional layouts and presented it to various internal departments for inputs. The formal LUA application will be submitted during April 2022 for approval.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning application will be submitted for approval
2023/24	Planning Approval
2024/25	Implementation

3.2. Langrug, Franschhoek (Planning P1) - Ward 1 and 2

Langrug informal settlement is located in the north-eastern area of Franschhoek and falls within the jurisdiction of the Stellenbosch Municipality. On the southern side of the settlement is Groendal formal housing developments down to Franschhoek town. On the eastern side is the Mooiwater low-cost housing development. On the northern side of Langrug is a nature reserve that is located on the upper part of the mountain slope on which Langrug informal settlement encroaches.

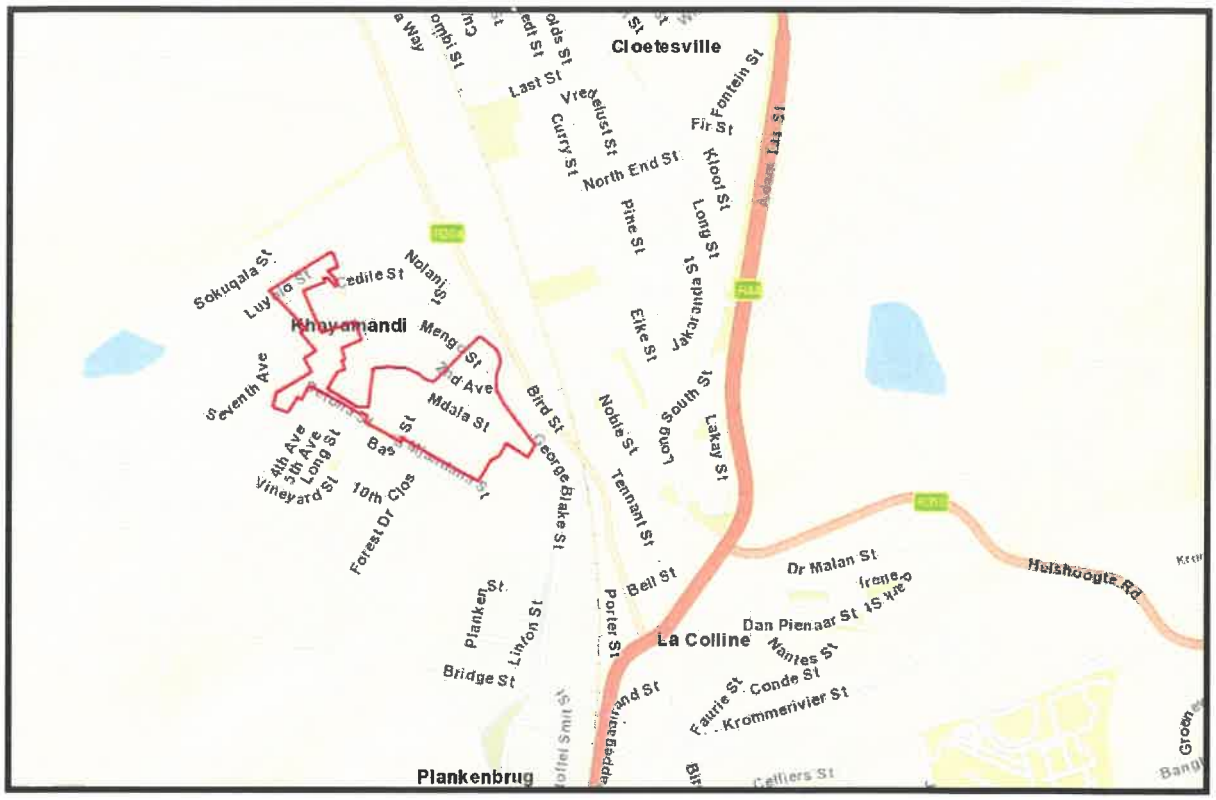
Project Name		3256 Franschhoek Langrug (1900) UISP
Property Description		Erven 959 – 1120 and Erf 2901
Town		Franschhoek
Suburb		Langrug
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		2024/25 – Rehabilitation of freshwater dam
% of Total need addressed by Project		TBD
Housing Programme/s		UISP
Housing Opportunities	**Sites**	0
	Serviced Sites	1900
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Dense informal settlement that will require a large decanting site
	Readiness Score	3

Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area, although structures are being constructed on steep mountain slopes.
	Strategic alignment	MSDF 2019 - Project does fall within the approved Urban Edge of Franschhoek (page 77), and the project is listed on page 200. MHSP 2020 - Project is included in the proposed Housing Pipeline noted on page 131. IDP 2020 - Project is listed as a current municipal project on page 245. PHSHDA - The Project is not included in the Stellenbosch PHSHDA.
	Planning Opinion	This project has been supported by the Dept. of Human Settlements with the release of Tranche 1.1 and is a critical priority for the Dept. of Human Settlements. Addressing the Langrug Informal Settlement must be a major priority for both local and provincial government. Decanting of Langrug Informal Settlement must be detail with carefully so as to avoid damaging the local community.

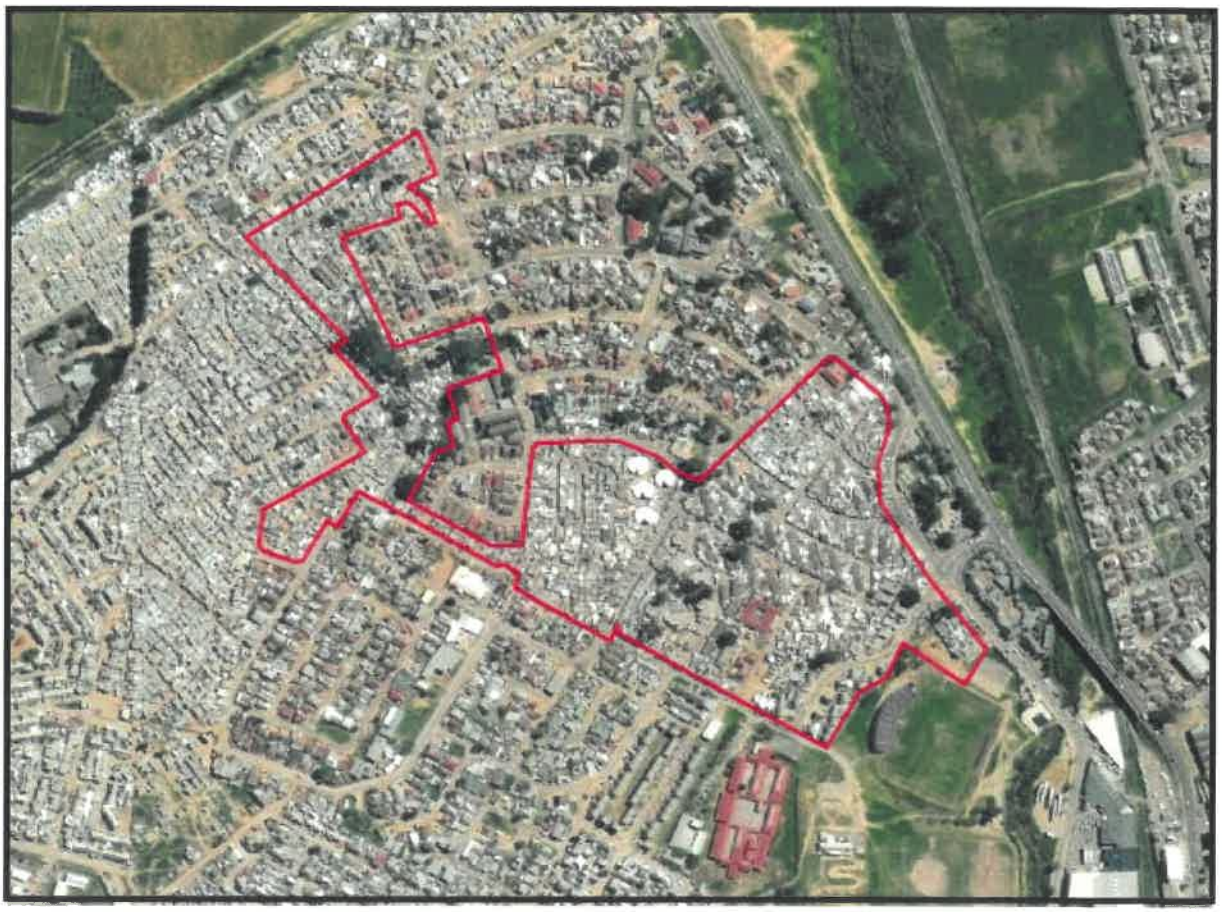
Living conditions at informal settlements are typically poor with residents facing a range of basic livelihood challenges, such as poor access to basic sanitation, low to no potable water supply, inadequate electricity provision, detrimental solid waste accumulation in public spaces, frequent shack fires, safety and security risks; to name a few. Langrug informal settlement is no exception to these deplorable living conditions. Furthermore, and due to the growing number of informal housing and population in the settlement coupled with the lack of availability of land for housing in the Franschhoek Area, there is a growing need at Langrug for additional basics services and amenities (roads, water, sanitation, electricity etc.), the management of grey and black water emanating from households, and the development of housing projects in the settlement.

In light of the above challenges, there are various projects and interventions which have been identified for planning and eventual implementation. The objective of these projects is to upgrade Langrug incrementally and to, as far as possible, formalise existing development patterns to improve the delivery of basic services.

Hereunder is a summary of the medium to long term projects:



- The construction of phase 2 emergency access road and the installation of underground services.
- Relocation and subsequent rehabilitation of the dam area.
- Cancellation of the existing General Plan and consolidation to create one land unit.



The Municipality is planning to undertake detailed planning studies to unlock housing development opportunities, develop a phased approach implementation plan premised on detailed designs for the provision of basic services and formalisation of Langrug, apply for development rights and installation of basic services, and identify suitable land for decanting.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Detailed planning freshwater dam,
2023/24	Implementation of upgrading projects
2024/25	Implementation of upgrading projects

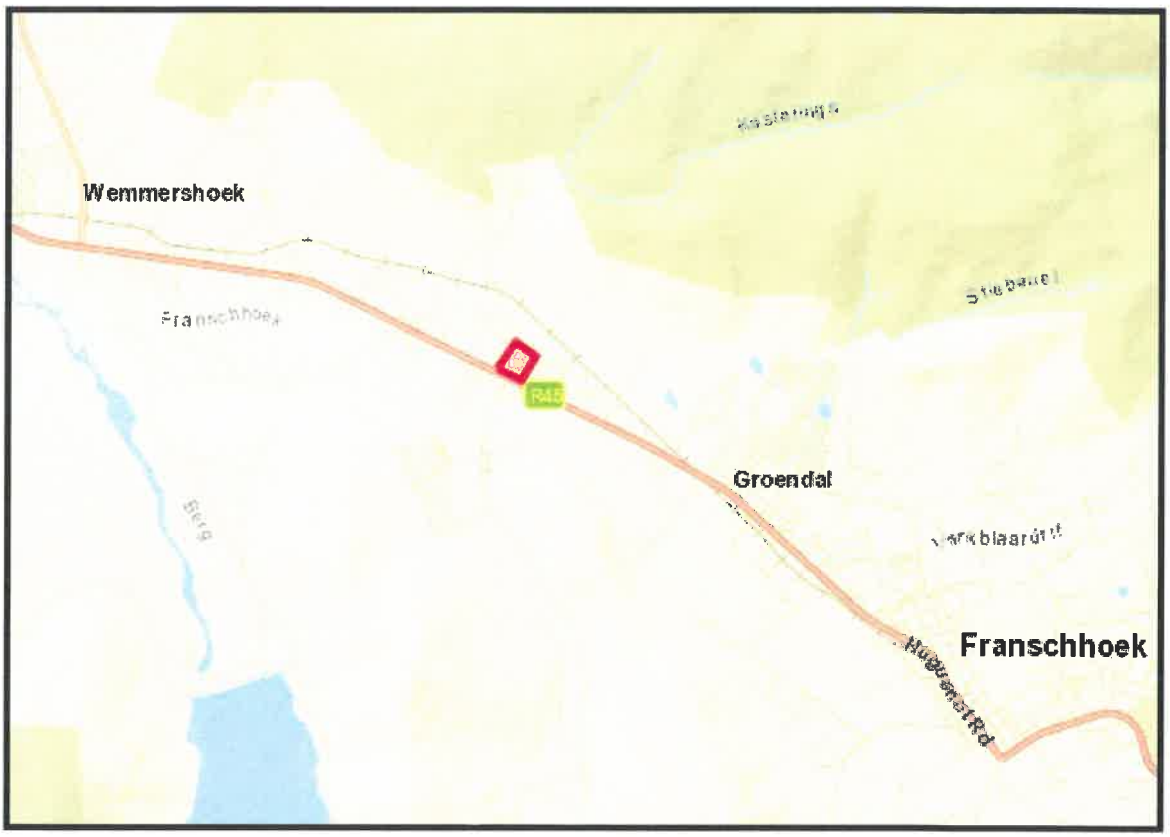
3.3. Kayamandi Town Centre Ward 12, 13, 14

Project Name		3258 ISSP Kayamandi Town Centre (1000) UISP
Property Description		Various
Town		Stellenbosch
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		2024/2025
% of Total need addressed by Project		11,3
Housing Programme/s		UISP / Institutional
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	1 847
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	Yes
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Large scale of project and need for decanting onto a non-existent TRA
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - Project does fall within the approved Urban Edge of Stellenbosch (page 70), and the project is listed on page 200. MHSP 2020 - Project is included in the proposed Housing Pipeline noted on page 130. IDP 2020 - Project is listed as a current municipal project on page 179. PHSHDA - The Project is included in the Stellenbosch PHSHDA.
	Planning Opinion	This project has already been supported by the release of Tranche 1.1 and the Dept. of Human Settlements is waiting for the PFR application currently. The project will entail the redevelopment of the older town centre of Kayamandi that is in desperate need of attention. The project will require a decanting site. This project can be further supported for feasibility studies.

A service provider has been appointed by Municipality to conduct a feasibility report to assess the redevelopment of the Town Centre of Kayamandi. The scope of their work during the feasibility phase consisted of determining the existing status quo, contextual assessment of the site, planning policy directives, site development plan with housing placing thereon, indicating the development patterns, proposed land uses and residential densities.

The feasibility studies were completed in December 2017 and Council approved the development at a Council Meeting on 28 March 2018. The objective has since been to prepare and submit a detailed planning application for the Town Centre of Kayamandi, to determine the civil services bulk capacity for the Kayamandi Town Centre, to compile engineering designs and submit for approval and to apply for funding approval to install services and build multi-storey top structures. The Environmental and Heritage studies have been completed for the Town Centre and draft layouts and draft house typologies have been concluded. A Geotechnical study of the area has been conducted and a funding application has been submitted to the Provincial Department of Human Settlements during June 2020 for the detailed planning of 1854 units. The planning layout has been approved by Council on 24 August 2020.

The consultant revised the previously Council approved feasibility report and planning layout of 24 August 2020. In September 2021, the consultants submitted the draft urban design framework and typologies for the redevelopment of the Town Centre. The draft submissions were workshopped with internal departments as



well as the PDoHS for comments and/or inputs. An item will serve at Council during May 2022, to seek approval for the revised conceptual design planning layouts.

The Town Centre development is linked to the Northern Extension development. A consultant team has been appointed for the Northern Extension development. The required studies and further actions will commence shortly, which will be required to submit the land use applications. A new funding application was submitted to the Provincial Department of Human Settlements and the Municipality awaits approval.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning studies Submit Item to Council
2023/24	Planning Approval
2024/25	Implementation

3.4. Maasdorp Village, Franschhoek – Ward 2

Project Name		Maasdorp Village, Franschhoek
Property Description		Farm La Motte 1041/27 and 1041/28 Paarl
Town		Rural
Suburb		Rural
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		Current - planning
% of Total need addressed by Project		0,1
Housing Programme/s		Township Establishment
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	0
	Other	16 existing units
Project Readiness	**Land Obtained**	No
	EIA ROD	Yes - Checklist completed; EA not applicable
	Bulk capacity	No
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes – with respect to a Memorandum of Understanding with the Dept. of Public Works
	Risks / Issues	Costly sites
	Readiness Score	2

Project Suitability	**Geotech Conditions**	Suitable, already built-up area
	Strategic alignment	This project falls within the approved urban edge and has been identified in the SDF as future mixed-use, community, and residential infill. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	TBD

The Maasdorp Forest Village comprises portions 27 and 28 of Farm La Motte No 1041 Paarl is located north of the intersection of Main Road 191 (R45) and Divisional Road 1351 approximately four kilometres northeast of Franschhoek.

The site currently accommodates approximately 32 formal houses and outbuildings. The property is currently zoned for Agricultural purposes and must be rezoned and subdivided to enable formal township establishment accommodating the existing households and as otherwise may be determined by further investigations and community engagements.

In June 2018 a service provider was appointed to attend to the township establishment process for Maasdorp Forest Village, Franschhoek: portions 27 and 28 of Farm La Motte No 1041 Paarl, and future expansion on Portions 3 and 7 of Farm La Motte No 1041, Franschhoek; the project has later been referred to only as the detailed planning and design for the Township Establishment of Maasdorp Forest Village.

Community engagements, a traffic impact study, engineering services reports and a geotechnical investigation have been completed together with draft plans of subdivision for further consideration. The required process for Township Establishment took longer than anticipated primarily due to the impact of Covid-19 on processes, the challenges on the ability to interact with relevant stakeholders and also certain aspects in the planning process that arose and now requires additional input. Due to the socio-economic impact of Covid-19 and the relevancy of the socio-economic profile on the feasibility of proposed property extents and accommodation of original Maasdorp residents on these properties, the necessity to update the socio-economic survey and engineering services costing for efficient decision-making purposes on the development proposal, was identified. The submission of the land use applications, is pending, requiring only a mere update of a socio-economic survey and engineering services costing required.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Submission of LUPA
2023/24	-
2024/25	-

3.5. De Novo – Ward 19

Project Name		3539 De Novo (377) IRDP
Property Description		Portions 10 and 18 of Farm 727
Town		Rural
Suburb		De Novo
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		2,3
Housing Programme/s		IRDP
Housing Opportunities	**Sites**	0
	Serviced Sites	300
	Top Structures (Units)	0
	Other	77
Project Readiness	**Land Obtained**	No (Property owned by Dept. Transport & Public Works. Power of Attorney obtained by Dept. of Human Settlements who is acting as the developer at this stage.
	EIA ROD	No (currently being obtained, busy with WULA)
	Bulk capacity	No (Requires formal agreement between Stellenbosch Municipality and City of Cape Town)
	Land Use Approval	No (LUPA approval dependent on a formal decision regarding the agricultural land use on site and the long term support thereof)
	DHS Approval	Yes (PID)
	Council Approval	No (Project no listed on latest approved Housing Pipeline)
	Risks / Issues	Land invasion, Water Supply, Bulk Capacity, Community dynamics, Design concept
	Readiness Score	0
Project Suitability	**Geotech Conditions**	Suitable, subject to Geotech investigation
	Strategic alignment: The Spatial Planning Section will undertake a Local Spatial Development Framework (LSDF) to determine potential and future development of this property.	
	Planning Opinion: This project is conditionally supported because of the following reasons, namely: • Project entails an "agri-village" type development aimed at providing a sustainable and innovative agricultural development with a residential component that is full aligned with this Departments own strategic goals; • Project will provide opportunities to surrounding farm residents that would find difficulty adjusting to other opportunities in more urban settings; and • Project will formalize existing land uses to the better management of the whole De Novo. The project is supported with the following conditions, namely: • Obtaining water rights to support the proposal towards the agricultural component of the development; • Incorporation of beneficiary selection criteria that will act in support of the agricultural nature of this proposed development; and • Provision of sufficient bulk capacity to support the proposed development. Also, through this PID, allow for further feasibility work to be undertaken in the geo-tech and the soil analysis for agricultural use.	

The De Novo Site comprises the full extent of Portion 10 and Portion 18 of Farm 727 Joostenbergs Vlakte in Stellenbosch Rural and falls under the jurisdiction of the Stellenbosch Municipality. The site is located approximately 14.5km from Stellenbosch, 11km from Klapmuts and 2.3km from the existing Bloekombos residential area in Cape Town. The site can be accessed from the Old Paarl Rd (R101), and is close to the intersection of the R101 and the R304 roads north of Stellenbosch. Although the site falls within the Stellenbosch Municipality, it is very close to the urban expanse of the City of Cape Town and most activities gravitate towards the City of Cape Town. The site is in a rural setting, surrounded by farms, but within walking distance of the urban fabric of the City of Cape Town.

The De Novo property is owned by the Western Cape Department of Transport and Public Works (DTPW) and this Department has provided a Power of Attorney to the Provincial Department of Human Settlements (PDoHS) to proceed with the obtaining of development rights for the future development of De Novo.

Various land uses are located on the De Novo site, including offices and facilities of the Western Cape Department of Social Development (DSD) as well as the Lawrencia Primary School and 77 formal residential structures being rented from the DTPW. A dilapidated hostel building is also located in the centre of the study area housing approximately 22 inhabitants. Forty-four (44) backyard dwellers have also been identified residing at some of the residential structures.

The intention of the project is to formalise the current institutional and residential land uses found on the De Novo site through subdivision, rezoning and township establishment. It is also the aim to establish and develop 300 new housing opportunities (in addition to the existing 77 residential structures), aimed at partially accommodating the housing demand on the site and in the surrounding farming communities in Stellenbosch Municipality. The establishment of a Child Care Village on the De Novo site is also facilitated.

This project has been undertaken by the PDoHS in conjunction with the Stellenbosch Municipality. Following the initial round of preliminary investigations in 2016, the PDoHS proposed that the land be developed with some 2800 housing opportunities. The initial assessments of this proposal found that due to issues such as, environmental sensitive areas on the site and the bulk services constraints, the opportunity costs would be too high for the housing subsidy to cover. The number of housing opportunities was then reduced to a more realistic 300 opportunities.

In 2017, the Western Cape Government received a request from a private institution, Liv Village, to establish a child/youth care facility. The De Novo site was identified for the establishment of such a child/youth care facility, and this proposed land use was then incorporated into the layout design. Various development options were considered and tabled at a meeting held on 20 July 2017 between Stellenbosch Municipality and relevant Provincial Departments of Human Settlements.

The following resolutions were agreed upon by all participants of this meeting, namely:

- The development of De Novo site would include the Child/youth-care facility.
- Existing houses will be refurbished and retained for use by rightful/current occupants.
- Current institutional uses are to be retained and formalised, namely rehabilitation centres, offices and school.
- Additional new 300 housing opportunities to be provided to cater for the farming community from the immediate surrounding area.
- Balance of site to be used for commercial/economic activity e.g., agricultural.

PDoHS proceeded in 2018 to appoint a Professional Team led by SMEC SA (Pty) Ltd to undertake the necessary feasibility studies and to package the project to obtain all necessary development rights to enact the resolutions taken on 20 July 2017.

At present, the obtaining of development rights has been stalled due to fundamental issues that must be addressed.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

3.6 Five housing projects in Kayamandi, Stellenbosch

In 1995, to direct and accommodate the accelerated growth and severe development pressure that prevailed in the Kayamandi Township, the former Stellenbosch Transitional Council commissioned the drafting of a Spatial Development Framework for Kayamandi and the immediate surrounding area. During 1996 and 1997 Special Council Meetings and workshops were held do deal with the Development Framework of Kayamandi with the aim to identify and implement priority projects within the area. The Spatial Development Framework was formally approved on 11 September 1996 and the priority projects plan during January 1997. Although the projects were implemented during the period, majority of the erven however have not been formally registered at the Surveyor General and the deeds office to proceed with the individual transfers of the properties to the respective end users/beneficiaries. For various reasons, the formal township establishment process for certain projects was not completed. Stellenbosch Municipality is now in a position to finalise the required statutory land use management approvals required for formal township establishment.

A service provider has been appointed to finalise township establishment by obtaining the necessary land use rights for each of the five projects situated in Kayamandi, Stellenbosch as well as submission of all diagrams in the Surveyor-General's office for registration and approval.

Five of these properties are now the subject of a township establishment process.

The said provisions applied to the following projects:

- *Project 4 A (Erven 1080 to 1112, Kayamandi) (Ward 12)*

  The 146 units were developed as rental stock units. The relevant statutory approvals (consolidation of land units) are required in order to enable the registration of the sectional title scheme on the consolidated properties. A service provider appointed to entail the amendment of the approved General Plan.

- ***Project 4 B (Red Bricks Hostels - Erven 112, 114, 115, 116) (Ward13)***

The project formed part of the hostel upgrading programme for Kayamandi and was implemented and constructed during 2004. It comprised the consolidation of erven 112, 114, 115 and 116 as registered in terms of General Plan.

Satonast
Mdalast
Birdst
Plankenburg
RE/288
RE/5/183
RE/288
RE/288
RE/288

- ***Project 5 B* (137 Units – Erven 513-522, 67 and 69 and portion of Erf 523) (Ward 12 and 15)**

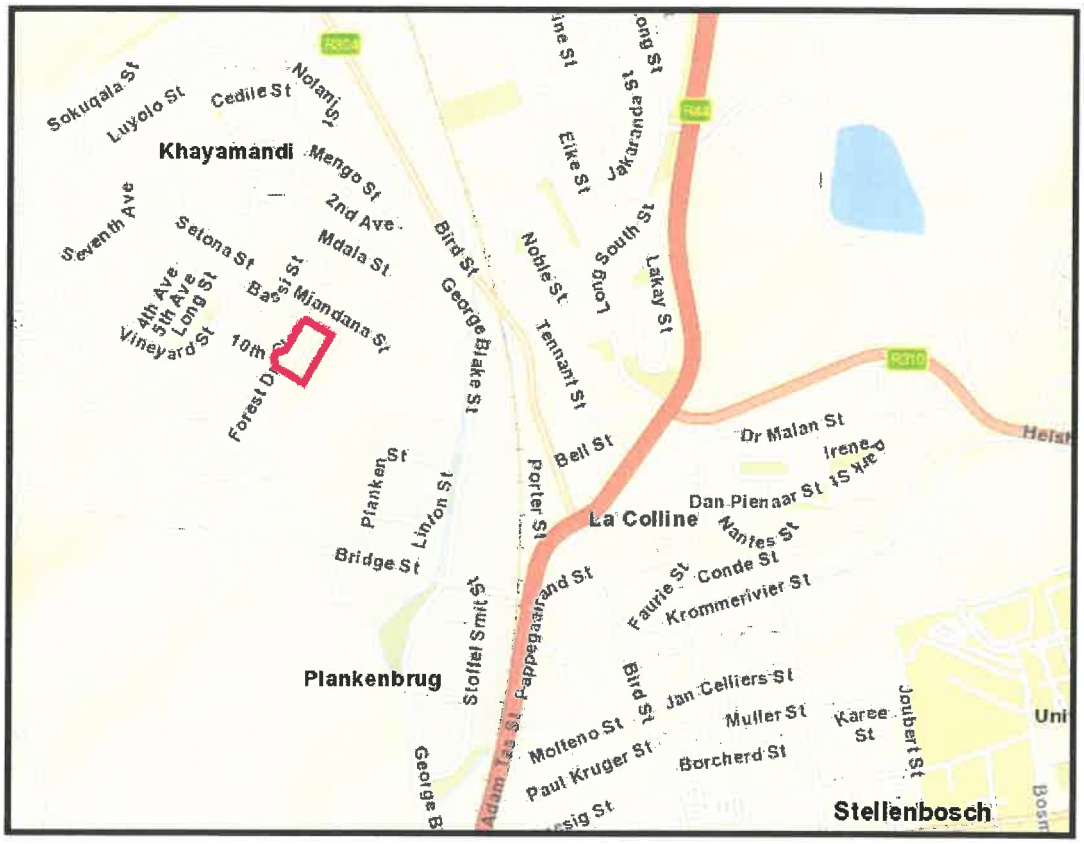
  Project 5B formed part of the Kayamandi Town Centre urban renewal project as funded in terms of the overall hostel project upgrading programme. The development made provision for 137 higher density units, a new road and several open spaces.

The development entails the consolidation of Erven 67, 69, a portion of Erf 523 and Erven 513-522 and the re-subdivision thereof into individual higher density units. The project was implemented and constructed during 2004. The project was partially completed due to the construction of informal structures on the remainder of the property. A total of 42 units have been built. It is recommended that the amendments of the General Plans (149/1987 and 290/1989) be done.

- **Project 8 (Mpelazwe – *Remainder Erf 288 Kayamandi - 65 units) (Ward 13)***

  Mpelazwe is one of the oldest parts of the Kayamandi town and was identify as priority projects considering its historic character and response from the community.

The development forms part of the hostel upgrading programme and comprised the development of 54 residential units.



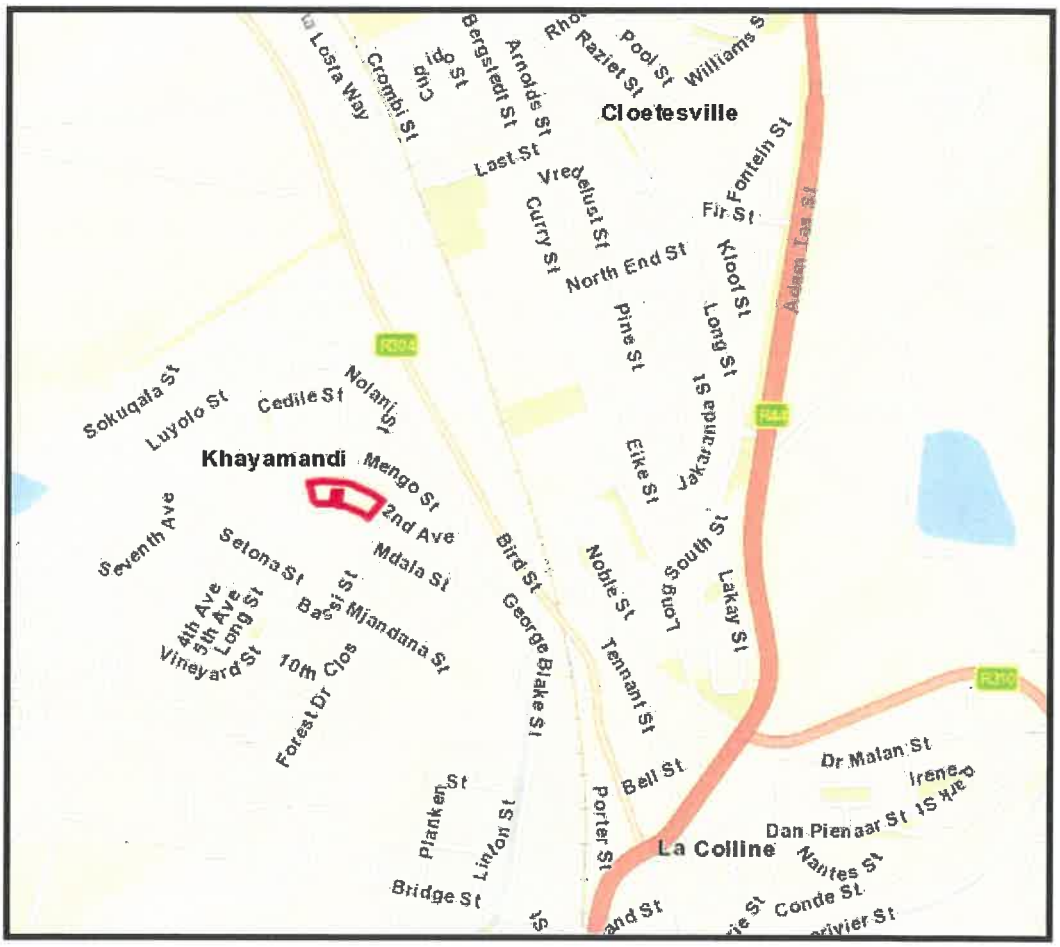
Although approval was previously granted for the relay out of the area it still forms part of Remainder Erf 288 as per General Plan.

Although erf numbers (Erven 2392-2446) have been allocated, the formal rezoning and subdivision and closure of public roads have not been completed to date.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning application will be submitted for approval
2023/24	-
2024/25	-

3.5.1. Erven 1080 - 1112 Kayamandi (33 erven) – Ward 12



Project Name		Erven 1080 - 1112 Kayamandi (33 erven)

	Strategic alignment	TBD
	Planning Opinion	TBD

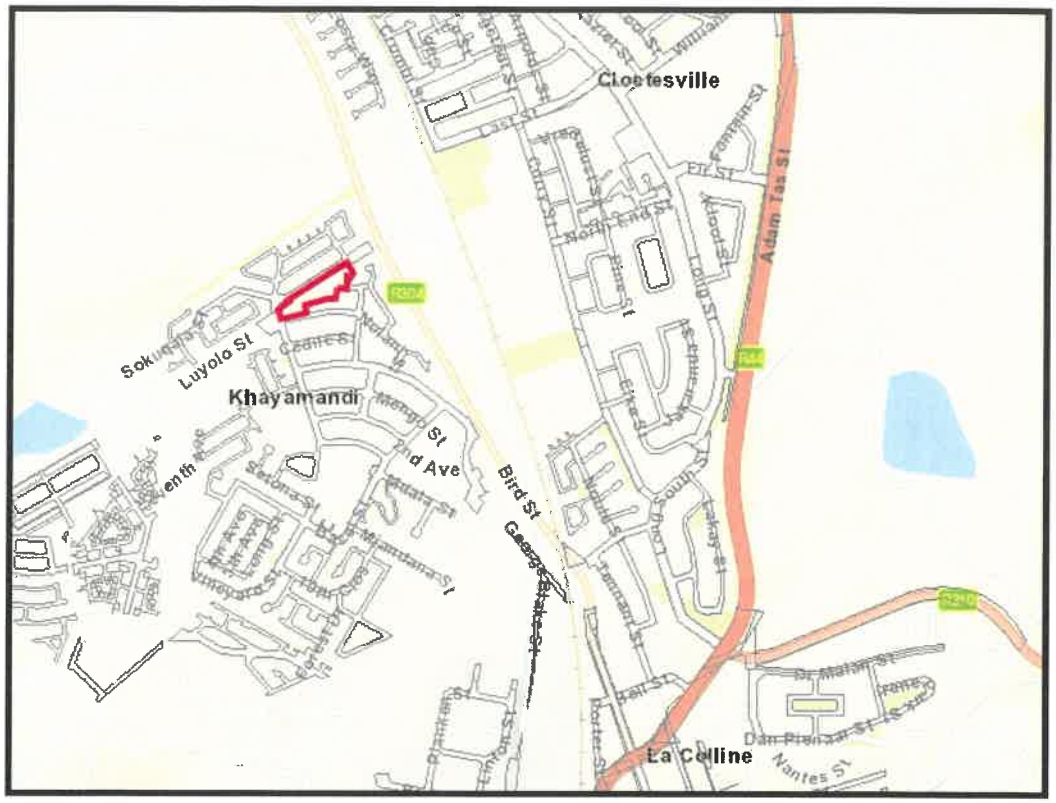
The project entailed the consolidation of Erven 1123 and 1152 as well as Erven 1113 and 1122 as registered in terms of General Plan 3343/1993. The project entails the subdivision of the property into 175 higher density units and public open spaces. Although the General Plan (Erven 1982 – 2165) was submitted to the Provincial government Western Cape, the registration of the plan was not done to date due to the fact that Erf 1120 (public place) was not closed.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning application will be submitted for approval
2023/24	-
2024/25	-

3.5.4. Erven 513-522, 66, 67, 69 and Portion of Erf 523 Kayamandi – Wards 12 and 15



Project Name		Erven 513-522, 66, 67, 69, a portion of Erf 523 Kayamandi
Property Description		Erven 513-522, 66, 67, 69, a portion of Erf 523 Kayamandi
Town		Kayamandi
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA

	Council Approval	Yes
	Risks / Issues	Community challenges and possible encroachments
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	TBD
	Planning Opinion	TBD

This project formed part of the Kayamandi Town Centre urban renewal project as funded in terms of the overall hostel project upgrading programme. The development made provision for 137 higher density units, a new road and several open spaces. The underlying erven forms part of General Plan 149/1987 and General Plan 290/1989. The development entails the consolidation of Erven 67, 69, a portion of Erf 523 and Erven 513-522 and the re-subdivision thereof into individual higher density units. The project was implemented and constructed during 2004. The project was partially completed due to the construction of informal structures on the remainder of the property. A total of 42 units have been built. It is recommended that the amendments of the General Plans (149/1987 and 290/1989) be done.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning application will be submitted for approval
2023/24	-
2024/25	-

3.5.5. Mpelazwe: Remainder Erf 288 Kayamandi - Ward 13

Project Name		Mpelazwe: Remainder Erf 288 Kayamandi
Property Description		Mpelazwe: Remainder Erf 288 Kayamandi
Town		Kayamandi
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		2021/2022 Planning to commence
% of Total need addressed by Project		0,3 – 0,4
Housing Programme/s		Township Establishment
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	0
	Other	54 - 65
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	Yes
	Land Use Approval	No
	DHS Approval	Yes (previous)
	Council Approval	Yes
	Risks / Issues	Community challenges and possible encroachments
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	TBD
	Planning Opinion	TBD

Mpelazwe is one of the oldest parts of the Kayamandi town and was identify as priority project considering its historic character and response from the community. The development formed part of the hostel upgrading programme and comprised the development of 54 residential units. Although approval was previously granted for the re-layout of the area, it still forms part of Remainder Erf 288 as per General Plan 149/1987. Erf numbers (Erven 2392-2446) have been allocated; however, the formal rezoning, subdivision and closure of public roads have not been completed to date.

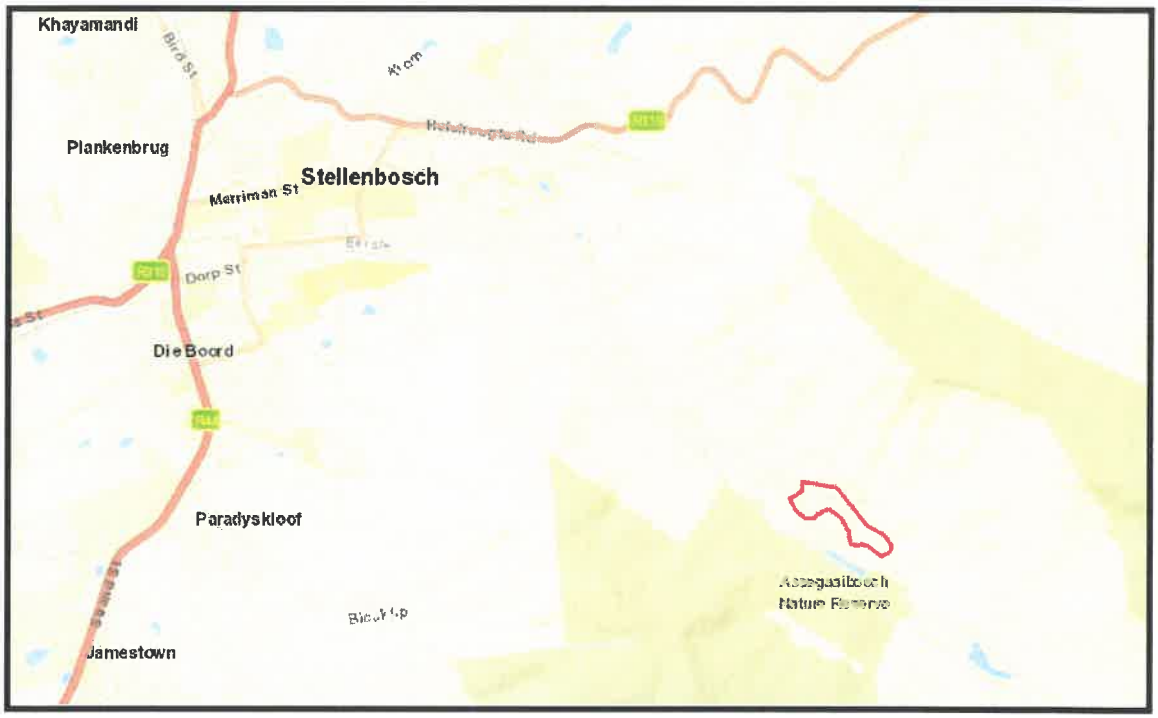
It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Planning application will be submitted for approval
2023/24	-
2024/25	-

3.6. Portion 1 of the Farm Meerlust No 1006 Paarl, Franschhoek – Ward 3

Project Name		3460 Meerlust, Franschhoek (200)
Property Description		Portion 1 of the Farm Meerlust 1006
Town		Meerlust
Suburb		Meerlust
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1,2
Housing Programme/s		IRDP
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (serviced)	200
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No
	Bulk capacity	TBD
	Land Use Approval	No
	DHS Approval	Yes (PID)
	Council Approval	Yes
	Risks / Issues	Location, site is not located close to any urban settlements and extreme small scale of project
	Readiness Score	3
Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	This property is partially located within the the approved urban edge. The portion within the urban edge has been identified in the SDF as future mixed-use, community, and residential infill as well as green areas to be retained. The Spatial Planning Section will undertake a Local Spatial Development Framework (LSDF) to determine potential and future development of this property.
	Planning Opinion:	TBD

In accordance with the housing need, Stellenbosch Municipality has identified a portion of land, Portion 1 of the Farm Meerlust No 1006 Paarl, in the Franschhoek Valley known as Meerlust for residential development. Ownership of the property currently vests with the National Department of Public Works and Infrastructure.



The site is located on the southern edge of the R45 close to the intersection of the R45 and the R310 and lies between Werda in the north-west and Allee Bleue, Lekkerwyn and the Pickstones to the east. The site is located on a sub-regional corridor linking the towns of Franschhoek and Paarl.

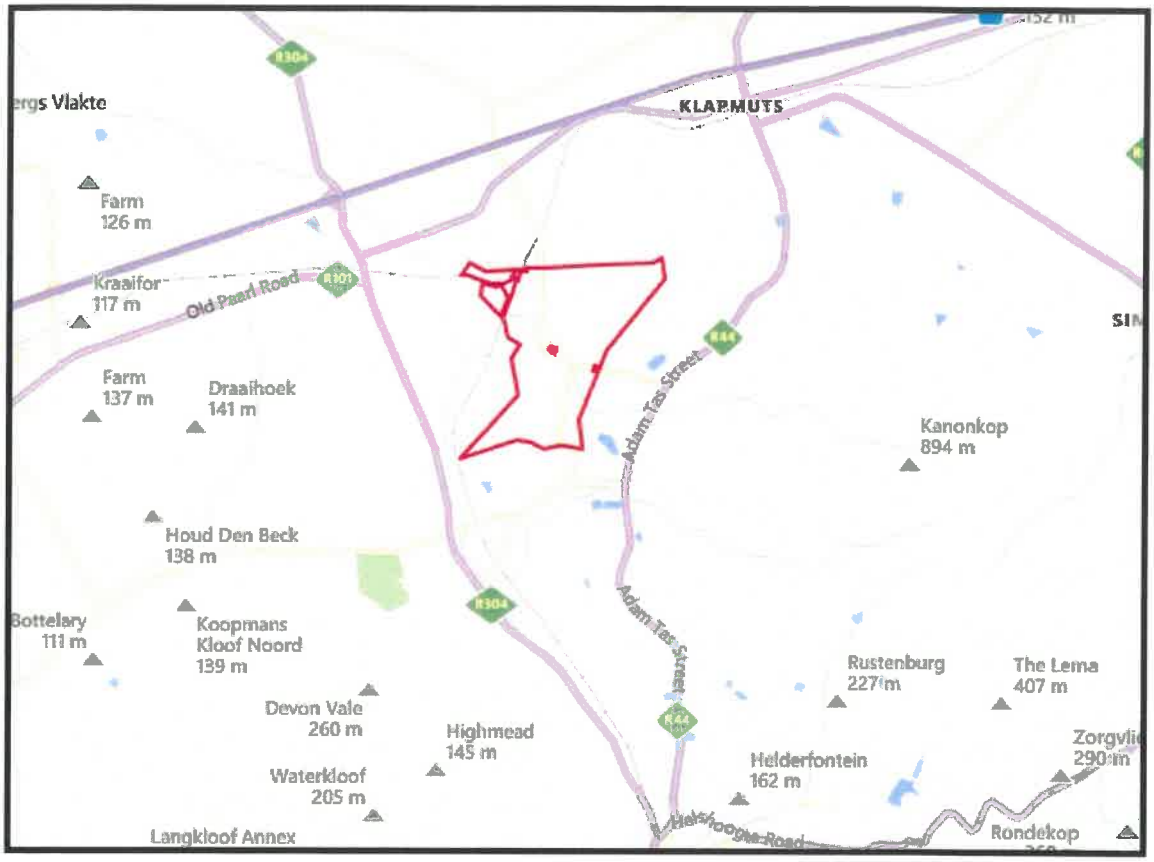
The Municipality has appointed the Housing Development Agency (HDA) via an Implementation Protocol Agreement (IPA) to assist and finalise the transfer of land from the National Department of Public Works and Infrastructure (DPWI) to the Municipality. The HDA has reviewed previous planning studies and proposed layout options that were conducted on the property. An item will be submitted to Council in July 2022, to seek approval for the revised conceptual design planning layouts. The HDA is further required to appoint a professional team to finalise planning studies and attend to the required applications to obtain land use rights, the registration of diagrams / general plans with the Surveyor General and the relevant applications to the Provincial Department of Human Settlements

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Review of previous planning studies; Presenting proposed development options to Council for approval;
2023/24	Detailed planning studies; Transfer of land from DPW&I;
2024/25	Development rights;

3.7. Jonkershoek – Ward 5

Project Name		Jonkershoek
Property Description		Various
Town		Stellenbosch
Suburb		Jonkershoek
Catalytic / PHDA Project		N/A
Urgency (Proposed year of implementation)		2021/2022 Planning to commence
% of Total need addressed by Project		0,7
Housing Programme/s		Township Establishment / IRDP / FLISP
Housing Opportunities	**Sites**	TBD
	Serviced Sites	TBD
	Top Structures (Units)	TBD
	Other	40 existing units
Project Readiness	**Land Obtained**	No
	EIA ROD	No
	Bulk capacity	No
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes- with respect to a Memorandum of Understanding
	Risks / Issues	Conservation status and bulk service provision restraints
	Readiness Score	0
Project Suitability	**Geotech Conditions**	TBD
	Strategic alignment	The Spatial Planning Section will undertake a Local Spatial Development Framework (LSDF) to determine potential and future development of this property.
	Planning Opinion	TBD



The Jonkershoek Valley is located about 10km east of Stellenbosch, below the imposing Hottentots-Holland Mountains. The valley is relatively narrow (3-5 km) and approximately 13 kilometres in length. The upper Jonkershoek Valley has been conserved as part of the Jonkershoek Nature Reserve to preserve the mountain fynbos ecosystems; however, large areas have been converted to plantation forestry. Besides the original Jonkershoek farmyard, Jonkershoek has a bosdorp, which historically accommodated the labour force of forestry and catchment management.

The Municipality has appointed the Housing Development Agency (HDA) via an Implementation Protocol Agreement (IPA) to assist and finalise the transfer of land from the National Department of Public Works and Infrastructure (DPWI) to the Municipality. The HDA has reviewed previous planning studies and proposed layout options that were conducted on the property. An item will be submitted to Council in July 2022, to seek approval for the revised conceptual design planning layouts. The HDA is further required to appoint a professional team to finalise planning studies and attend to the required applications to obtain land use rights, the registration of diagrams / general plans with the Surveyor General and the relevant applications to the Provincial Department of Human Settlements

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Review of previous planning studies; Presenting proposed development options to Council for approval;
2023/24	Detailed planning studies; Transfer of land from various property owners;
2024/25	Development rights;

3.8. A portion of the Farm Elsenburg A No 34 Stellenbosch (Vaaldraai, Elsenburg) – Ward 19

Project Name		Farm 34 Vaaldraai Elsenburg
Property Description		A portion of the Farm Elsenburg A No 34 Stellenbosch
Town		Rural
Suburb		Elsenburg
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		1,7
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	283
	Other	0
Project Readiness	**Land Obtained**	No (Transfer from Provincial Department of Public Works – have power of attorney)
	EIA ROD	No
	Bulk capacity	No (Water supply is from Wemmershoek System, but upgrades will be needed; Sewerage – is a problem need further studies)
	Land Use Approval	No
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Location, site is located outside the urban edge
	Readiness Score	1
Project Suitability	**Geotech Conditions**	A review of the geological map of Cap Town reveals that Farm 34 is mostly underlain by quaternary deposits which are underlain by rock mass comprising either of Stellenbosch granite and Tygerberg Formation rock mass. Geotechnical Investigation concluded that the development is considered a low risk in terms of structural complexity and load scenarios.
	Strategic alignment	The Spatial Planning Section will undertake a Local Spatial Development Framework (LSDF) to determine potential and future development of this property.
	Planning Opinion	This project's location has not been precisely mapped and as such it is difficult to provide a planning assessment. But the general location seems to be close to Elsenburg. Thus, the site will not be close to any urban settlements and will have to be an "Agri-village" type of development. This type of project is currently not a high priority for the Dept. of Human Settlements and should only be considered once inroads have been made in dealing with the pressing needs in Kayamandi and Langurg.

In May 2019 Council resolved that a feasibility study must be undertaken for a portion of the Farm No 34 Stellenbosch (known as Vaaldraai) which is managed by the Provincial Department of Transport and Public Works. A feasibility study was requested to determine how developable the portion of land is to guide the final decision to transferring the land to the Stellenbosch Municipality for further management.

During August 2019, a site inspection was done in order to prepare specifications to appoint a service provider to attend to the required feasibility study.

The property analysis and findings from the feasibility study confirmed that the property is zoned for Rural purposes, with the main land use function on the farm to be the Elsenburg College and its associated supporting

agricultural land uses. The study area has a gradual slope with the Vaaldraai Settlement situated on a steeper slope. The contextual assessment showed that there are some natural elements of dense vegetation, a dam close by and some natural sensitive area strips (waterlogging). The study area is not within an urban edge, with no spatial policies and strategic development guidelines for the Elsenburg farm. It was deemed necessary that the Stellenbosch Municipality Rural Area Plan be updated to include spatial development guidelines for the Elsenburg farm. The feasibility study was submitted to Council and was approved. Further discussions with the Provincial Department of Transport and Public Works are currently ongoing, given the fact that the said area is outside the urban edge with bulk infrastructure challenges.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	TBD
2023/24	-
2024/25	-

4. IMPLEMENTATION PHASE

4.1. Longlands Village Phase 3 – Ward 20

Project Name		Vlottenburg Longlands IRDP
Property Description		Various – Farm 393
Town		Stellenbosch
Suburb		Vlottenburg
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		Current – In process with installation of services
% of Total need addressed by Project		100%
Housing Programme/s		IRDP
Housing Opportunities	**Sites**	144 sites
	Serviced Sites	38 services sites
	Top Structures (Units)	106 top structures
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	Yes
	Bulk capacity	Yes
	Land Use Approval	Yes
	DHS Approval	Yes (PIRR)
	Council Approval	Yes
	Risks / Issues	N/A
	Readiness Score	Current
Project Suitability	**Geotech Conditions**	Suitable
	Strategic alignment	This project is located within the approved urban edge and has been identified for infill development. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	N/A

Longlands Village Phase 3 is located along the M12 road, approximately 3 kilometres outside and to the west of Stellenbosch town.

The phase provides a total number of 144 erven of which 106 of these erven have been internally serviced. In order to attend to the servicing of the remaining 37 erven, the existing inhabitants located on the site need to be relocated to already serviced erven. Families on the low-cost housing site must be moved to their new erven once the temporarily electricity supply from the Municipality is available.

It is anticipated that the servicing of the remaining sites will commence during May 2021, subject to the families being relocated, and completed by the end of July 2021. The bulk and link services are to commence during the 2021/2022 financial year. An anticipated 138 top structures will be built as funding has been approved by the Provincial Department of Human Settlements. The practical completion of the project is anticipated to be by the end of March 2022.

It is suggested that the following timeframe should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Construction 106 top structures
2023/24	
2024/25	

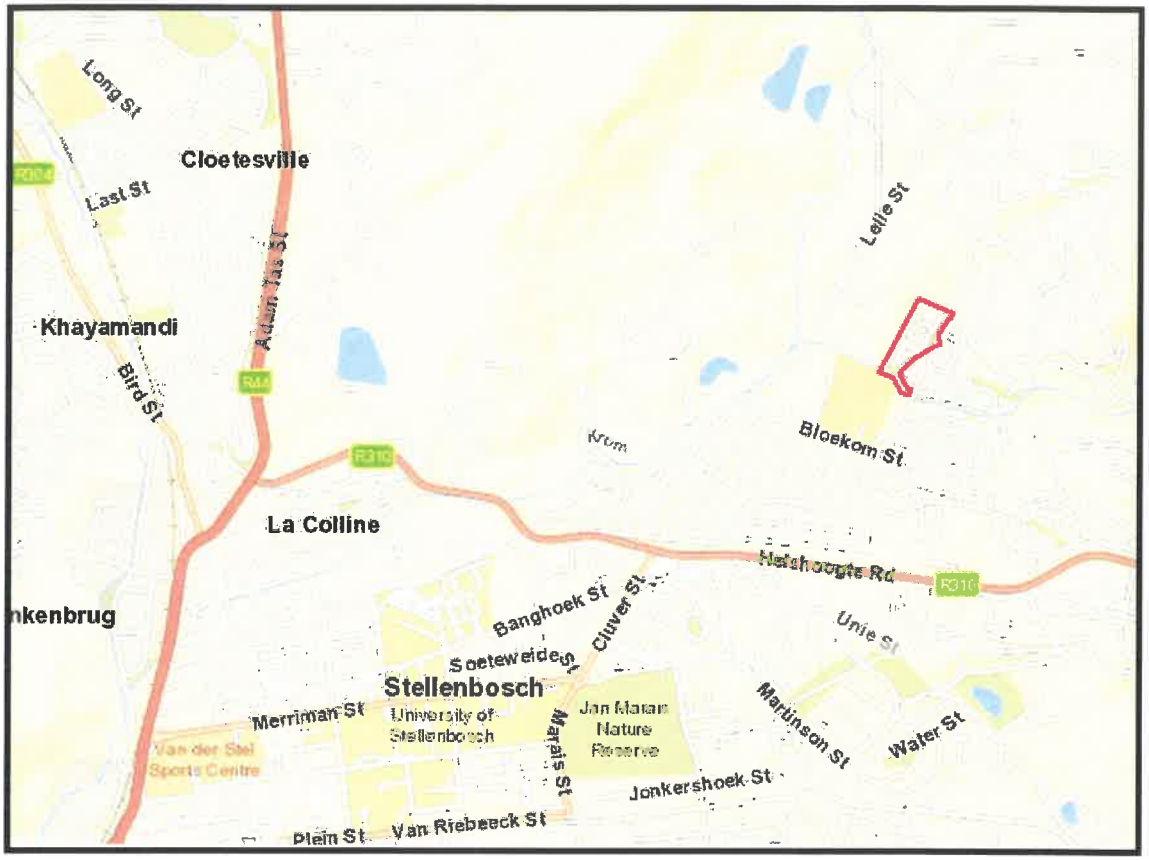
4.2. Erf 3229 Franschhoek (Mooiwater) – Ward 1

Project Name		Erf 3229 Mooiwater, Franschhoek TRA
Property Description		Erf 3229
Town		Franschhoek
Suburb		Mooiwater
Catalytic / PHDA Project		No
Urgency (Proposed year of implementation)		Current
% of Total need addressed by Project		1,6
Housing Programme/s		UISP
Housing Opportunities	**Sites**	258
	Serviced Sites	0
	Top Structures (Units)	0
	Other	Provision of communal basic services 51 standpipes and waterborne toilets
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No (Directive from DEADP was issues two years ago, SM needs to address this before processing with EIA process – DEADP & SM to engage)
	Bulk capacity	Yes (Water supply sufficient, Sewerage needs some upgrades)
	Land Use Approval	No (But shorter LUPA process will be followed)
	DHS Approval	No
	Council Approval	Yes
	Risks / Issues	Decanting of beneficiaries, invasion is a high risk
	Readiness Score	1

Project Suitability	**Geotech Conditions**	Suitable, location in an already built-up area
	Strategic alignment	MSDF 2019 - Project does fall within the approved Urban Edge, but is not indicated specifically. MHSP 2020 - Project is not included in the HSP. IDP 2020 - Erf 3229 is noted as necessary for the decanting of Langrug, but the project is not specifically mentioned. PHSHDA - Not included in the Stellenbosch PHSHDA, although Langrug Informal Settlement is included.
	Planning Opinion	This project will allow for the partial decanting of the Langrug Informal Settlement and as such can be supported by the Dept. of Human Settlements. The location of the decanting site is within the urban area of Franschhoek and within walking distance of the Langrug settlement. Consideration should be given to a long term solution for this site, as experience with the Langrug Informal Settlement has been that addressing this settlement will not be a speedy process.

Erf no. 3229 at Mooiwater was identified as a temporary decanting site for the relocation of families residing and impacted by the freshwater dam at Langrug informal settlement. Their livelihoods are under constant threat during winter and rainy session as the freshwater dam fills up and flood structures within the dam area. The freshwater dam was flagged as a risk and unsafe for human settlement purposes. It was recommended that the dam wall be rehabilitated.

Erf no. 3229 is currently vacant and is being used for illegal dumping. A consultant was appointed in 2019 to undertake a Geotechnical Study to assess the feasibility of establishing a decanting site on Erf no. 3229. The outcome of the study indicates that the property is suitable for human settlement purposes subject to undertaking site works and rehabilitation of the property.



The Municipality appointed a team of professional to undertake planning studies for the proposed development of a Temporary Development Area (TRA) on Erf 3229 Franschhoek. The primary purpose of this project is to create a decanting site (TRA) for the relocation of households residing and impacted by the freshwater dam at Langrug informal settlement.

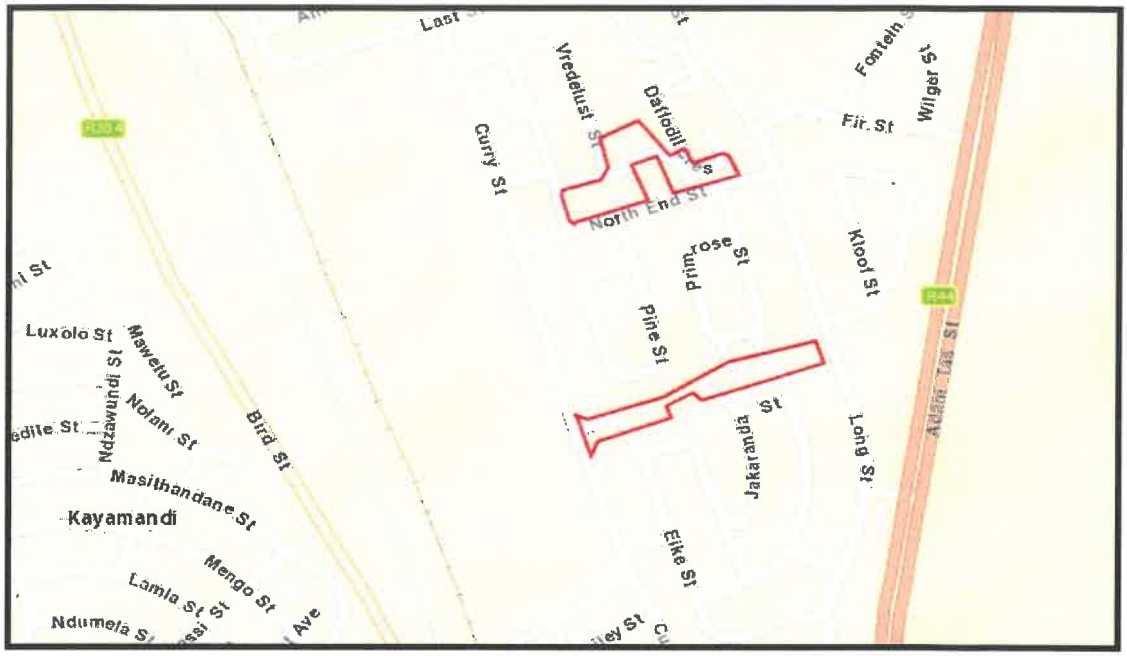
The design of the layout plan for the proposed development has been completed. The land use application to use the property as a decanting site was Approved by the Municipal Tribunal in February 2022. It is projected that environmental authorisation from DEA&DP will be obtained in July 2022. The Project Management Unit is in the process of appointing a contractor for site work and rehabilitation.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Environmental authorisation Implementation of site works
2023/24	Installation of basic services and relocation of households
2024/25	-

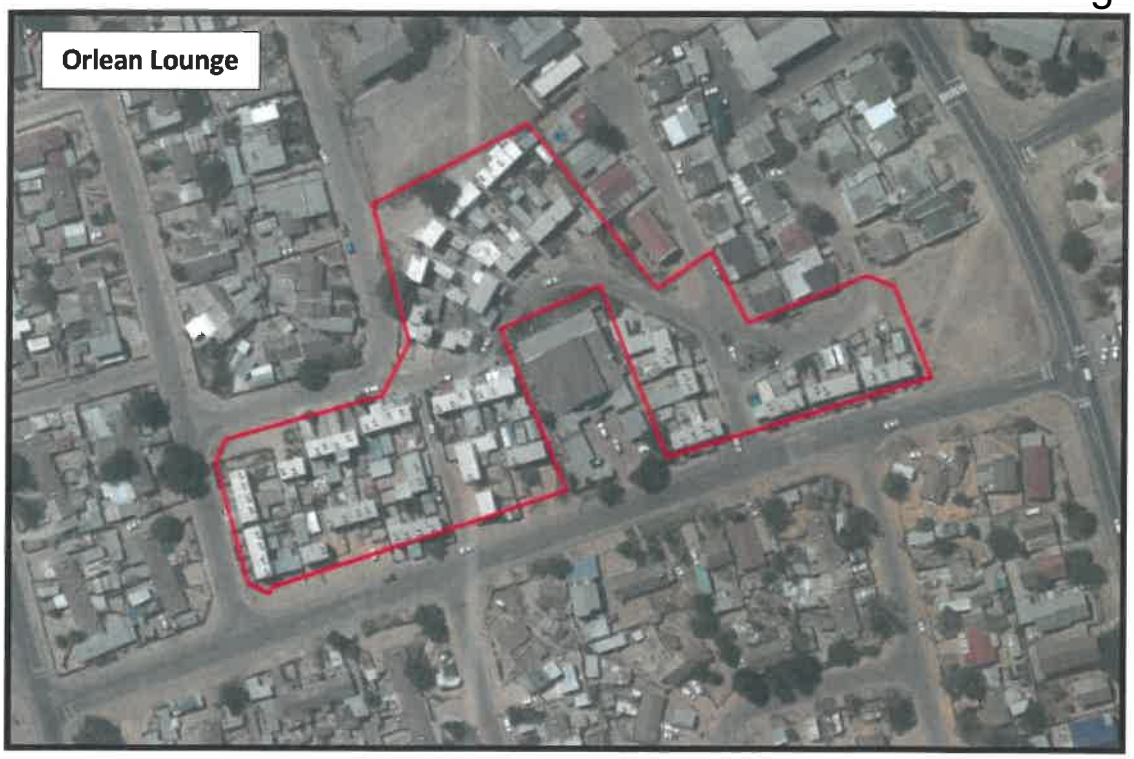
4.3. A portion of Erf 9445 Stellenbosch: (Oak Tree Village, Idas Valley) – Ward 5

Project Name		Stellenbosch Idas Valley IRDP
Property Description		Erf 9445
Town		Stellenbosch
Suburb		Idas Valley
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		Current
% of Total need addressed by Project		1
Housing Programme/s		IRDP / FLISP
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	166
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	Yes
	Bulk capacity	Yes
	Land Use Approval	Yes
	DHS Approval	Yes (PIRR)
	Council Approval	Yes
	Risks / Issues	Community cooperation and land invasion
	Readiness Score	Current
Project Suitability	**Geotech Conditions**	Suitable
	Strategic alignment	N/A
	Planning Opinion	Development rights obtained



The subject site is located on the original Erf 9445 Stellenbosch in Idas Valley. The required approvals were obtained for the creation of 166 erven which will provide residential opportunities for the GAP market and by means of the FLISP programme.

The 166 erven are to be provided with engineering services and houses to be built by the Developer. Given the site-specific conditions requiring construction of services to commence during the summer season, it is anticipated that the construction of services will commence in September 2021 for completion by the end of March 2022.

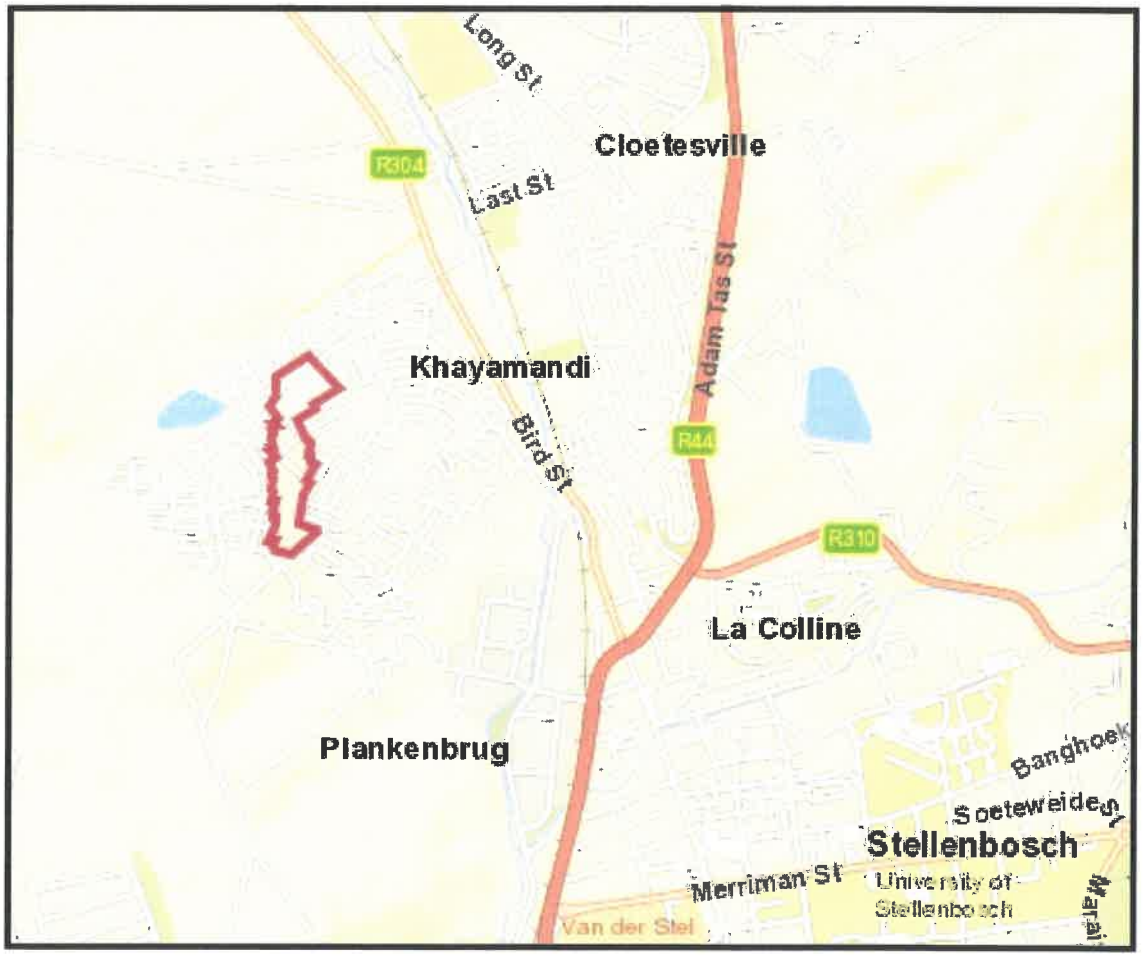


It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Construction of top structures
2023/24	Construction of top structures
2024/25	-

4.4. The Steps and Orlean Lounge, Cloetesville – Ward 16

Project Name		The Steps and Orlean Lounge: Rectification of existing units
Property Description		Erven 6846, 8667, 6852, 8937 Stellenbosch
Town		Stellenbosch
Suburb		Cloetesville
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		Current
% of Total need addressed by Project		1
Housing Programme/s		Rectification (Municipal)
Housing Opportunities	**Sites**	0
	Serviced Sites	0
	Top Structures (Units)	0
	Other	Rectification of 161 existing units
Project Readiness	**Land Obtained**	N/A
	EIA ROD	N/A
	Bulk capacity	Yes
	Land Use Approval	N/A
	DHS Approval	N/A
	Council Approval	Yes
	Risks / Issues	Community cooperation, decanting
	Readiness Score	N/A
Project Suitability	**Geotech Conditions**	Suitable location in an already urban area
	Strategic alignment	This project is located within the approved urban edge and has been identified for infill development. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	N/A



In 2003, the Municipality identified a portion of land in Cloetesville to address the numerous housing challenges in the area. A number of 161 units were built to specifically address overcrowding and backyarders. The project was implemented through the People's Housing Programme and many defects and challenges were experienced on these sites (sub-standard buildings).

A Contractor was appointed to the rectification of various defects and commenced work in July 2020. The aim is to upgrade 161 units. A total of 38 units have been rectified with a further 4 to 6 units to be completed per month, with final completion scheduled for December 2023. Title deeds will be handed over on completion of the project.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	Implementing Phase 2 of the project
2023/24	-
2024/25	-

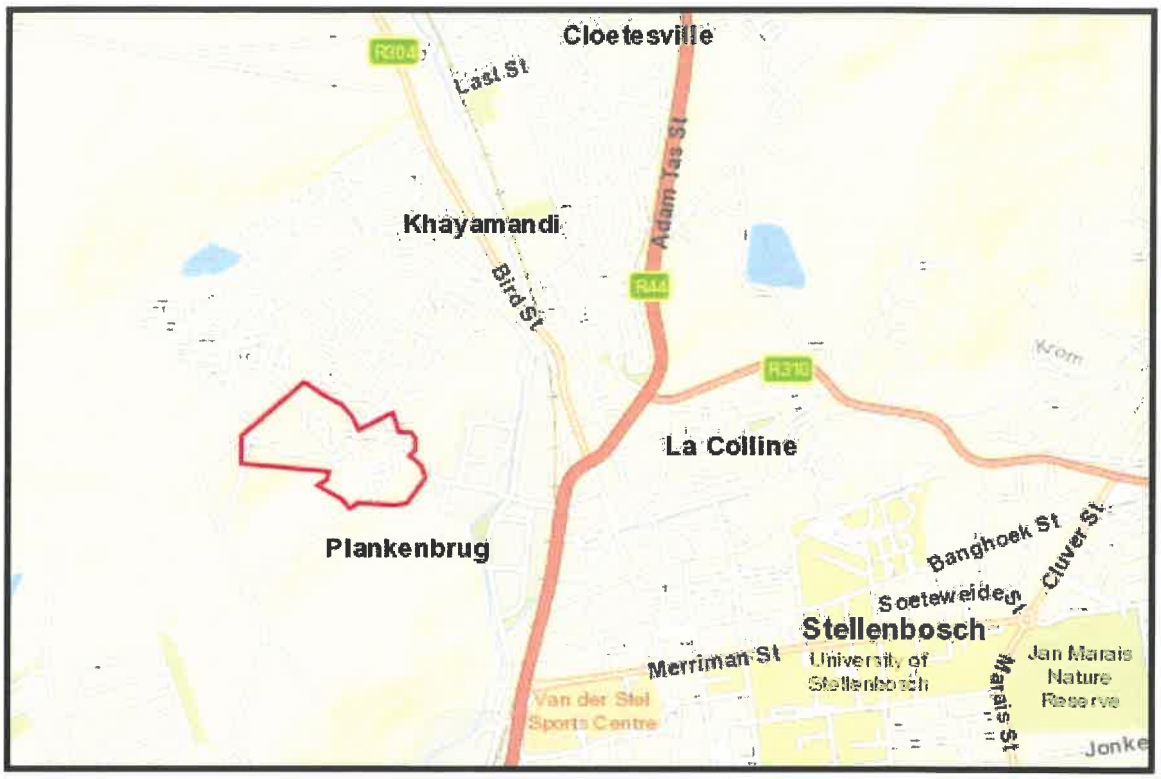
4.5. Zone O, Kayamandi – Wards 14 and 15

Project Name		ISSP Kayamandi Zone O (711) UISP
Property Description		Erf 2991
Town		Kayamandi
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		Current
% of Total need addressed by Project		4,4
Housing Programme/s		UISP
Housing Opportunities	**Sites**	711
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	Yes
	Bulk capacity	Yes
	Land Use Approval	Yes
	DHS Approval	Yes (PIRR)
	Council Approval	Yes
	Risks / Issues	Risk of land invasion and community cooperation
	Readiness Score	Current

Project Suitability	**Geotech Conditions**	Suitable
	Strategic alignment	This project is located within the approved urban edge. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	Development rights obtained (MPT approval)

The property is located on the western side of Kayamandi, on the slope leading up to the school and reservoir. The access to the land is through Kayamandi, with the most direct route being from the R304 (Bird Street extension) via the northern entrance to Kayamandi (Sokuqala Street). Zone O comprises an original portion of Remainder Erf 2183, Portion of Erf 1714, Unregistered Erven 863 and 873 (Portions of Erf 707) Kayamandi.

The civil designs and drawings for project have been approved by the relevant competent authorities. The project will be implemented in phases as indicated in the map above (i.e. phase 1, phase 2 and phase 3). For technical reasons, the implementation of the project will commence at phase 3 which comprises of 178 sites. The Project Management Unit (PMU) is project co-ordinating and managing the implementation of 178 internal services for phase 3. The PMU is in the final stages of appointing a contractor for the installation of internal services.



The budget of the project was approved by the Provincial Department of Human Settlements in March 2022 for the installation of 178 internal services over two financial years of 2022/23 and 2023/24.

The PDoHS have approved the development of Zone O for 711 sites over three phases. The procurement documentation for a contractor is to be finalised during this financial year, while the appointment for the installation of the civil services and the relocation of families residing on Phase 1 will be after 1 July 2021.

It is suggested that the following timeframes should be considered for project progression:

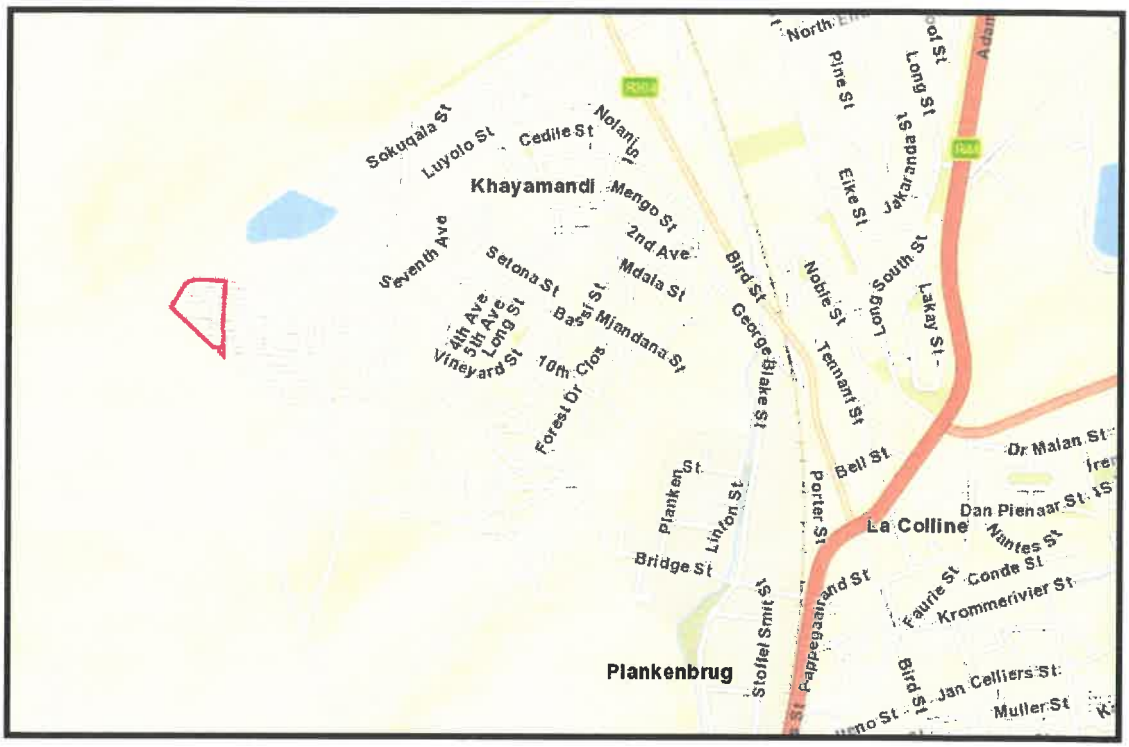
Timeframes	Project Deliverables
2022/23	Implementation of 78 internal services
2023/24	Implementation of 100 internal services
2024/25	-

4.6. Enkanini ABS (Planning) – Ward 12

Project Name		3259 ISSP Kayamandi Enkanini (1300) UISP
Property Description		Various
Town		Stellenbosch
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		Current (planning and service installation)
% of Total need addressed by Project		8
Housing Programme/s		UISP
Housing Opportunities	**Sites**	1 300
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	No (Busy with 24G application)
	Bulk capacity	Yes
	Land Use Approval	No
	DHS Approval	Yes (PRF)
	Council Approval	Yes
	Risks / Issues	Large scale of project and need for decanting onto a non-existent TRA
	Readiness Score	4
Project Suitability	**Geotech Conditions**	Steep slopes, increased cost of development
	Strategic alignment	This project is located within the approved urban edge and has identified in the SDF as future mixed-use, community, and residential infill. From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
	Planning Opinion	This project has already been supported by the release of Tranche 1.1 and the Dept. of Human Settlements is waiting for the PFR application currently. The project will entail the formalisation of the Enkanini Informal Settlement in Kayamandi. The project will require a decanting site. This project can be further supported for feasibility studies.

Enkanini is an informal settlement located to the north-west of Stellenbosch town. It abuts light industrial areas, informal settlements such as Zone O, the Town Centre and Watergang. The footprint of the Enkanini Informal Settlement covers an area of approximately 17.9 hectares of land located on portions of five properties being the Remainder of the Farm 183, the Farm 181, Portion 5 of the Farm 175, Portion 33 of the Farm 175 Stellenbosch and Erf 2175 Kayamandi. The informal settlement has a total number of structures estimated at approximately 3300 units and approximately 10 000 inhabitants.

Urban Dynamics Western Cape has been appointed as lead consultant to obtain the statutory land use planning, environmental and related approvals to enable the formalisation of the Enkanini Informal Settlement.



The environmental process is now in its final stage. The Department of Environmental Affairs and Development Planning is reviewing all information submitted in order to make a decision on whether to grant or refuse Environmental Authorisation, where an appeal period will be concluded. On receipt of the Environmental Department's decision, the same will be provided to the Municipality's Land Use Department to finalise the land use planning approval process accordingly and to subsequently finalise the approval of the diagrams and registration in the Deeds Office.

The Department Infrastructure Services is currently busy with the installation of 1 000 electrical connections. Integrated National Electrification Programme (INEP) approved and funded the project. It should be noted that the Programme is rolled out over the next three to four years, which will result in the installation of additional electrical connections.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

4.7. Watergang Phase 2C – Erf 3603 Kayamandi – Ward 14

Project Name		Watergang Phase 2C
Property Description		Erf 3603 Kayamandi
Town		Kayamandi
Suburb		Kayamandi
Catalytic / PHDA Project		PHDA
Urgency (Proposed year of implementation)		TBD
% of Total need addressed by Project		0,5
Housing Programme/s		UISP
Housing Opportunities	**Sites**	87
	Serviced Sites	0
	Top Structures (Units)	0
	Other	0
Project Readiness	**Land Obtained**	Yes
	EIA ROD	Yes
	Bulk capacity	Yes
	Land Use Approval	Yes
	DHS Approval	Yes
	Council Approval	Yes
	Risks / Issues	Cost to install services and rehabilitate site
	Readiness Score	Current
Project Suitability	**Geotech Conditions**	TBC
	Strategic alignment	N/A
	Planning Opinion	Development rights have been obtained

Erf 3603 Kayamandi was subdivided and the General Plan approved by the Surveyor-General. The property provides for 87 residential opportunities and has been serviced. It has been determined that the cost to rehabilitate the site to make it liveable is extremely high, especially considering the retaining walls to be constructed. This project is thus pending further discussions on the way forward.

The development of Erf 3603 is directly linked with the upgrade/development of the Zone O informal settlement. There are approximately 60 residents that do not qualify for a government subsidy programme. It has been resolved by the Department to temporally relocate the 60 residents from Zone O to Erf 3603 to create

space for the implementation of the Zone O upgrading project. The implementation of the Zone O upgrading project is set to commence in July 2022.

It is suggested that the following timeframes should be considered for project progression:

Timeframes	Project Deliverables
2022/23	-
2023/24	-
2024/25	-

Spatial Planning

To	:	**Programme Manager: Housing Development**
From	:	**Acting Manager: Spatial Planning**
Reference	:	**Stellenbosch Municipality Housing Pipeline 2021 - 2024**
Date	:	**6 May 2022**
Re	:	**Comments on Stellenbosch Municipality Housing Pipeline properties (2021 – 2024)**

I refer to your request for comment on the 2022/23 – 2024/25 housing pipeline.

Please note the report captures and further elaborates on the initial Spatial Planning Department's comments on 5 May 2021 and as noted in the 26 May 2021 Council meeting (Item: Stellenbosch Municipality: Housing Pipeline – annual review 2021/22).

The comments below follow the prioritization metrics concerning the following, namely:

- Strategic spatial alignment, namely, the project respects the urban edge, functional areas, and priority development areas or spatial targeted investment areas (STIAs) in terms of the MSDF. The intent is to ensure that capital spending is focused on strategic spatial structuring areas to drive the spatial transformation agenda for a more inclusive, efficient, and equitable spatial form.
- The other area will note "Housing outside urban edge" which highlights housing projects that are partially or totally outside the Urban Edges of Stellenbosch.

The abovementioned prioritization metrics follow the capital prioritization model as contained in the Capital Expenditure Framework (CEF) and in addition, the housing pipeline projects below are listed and commented on in the following categories, namely;

- **Funded** projects for the MTREF period that are in the pre-planning and/or planning phase (HSDG and/or municipal funding), Social Housing Projects, Formalising and upgrading of existing settlements, which are **strategic spatially aligned and supported by Spatial Planning;**
- **Funded projects** for the MTREF period that are in the pre-planning and/or planning phase (HSDG and/or municipal funding), Social Housing Projects, and Formalising and upgrading of existing settlements (UISP and/or municipal funding), which are **"Housing partially outside the urban edge, strategic spatially aligned, and supported by Spatial Planning";**
- **Unfunded** and long-term projects that are in the pre-planning and/or planning phase (HSDG and/or municipal funding), Social Housing Projects, and Formalising and upgrading of existing settlements (UISP and/or municipal funding) that are **strategic spatially aligned and supported by Spatial Planning;**

- **Unfunded** and long-term projects that are in the pre-planning and/or planning phase (HSDG and/or municipal funding), Social Housing Projects, and Formalising and upgrading of existing settlements (UISP and/or municipal funding) which are **"Housing outside the urban edge".**

The further categorization intends to at a high level reflect from an MSDF implementation perspective on the spatial alignment and technical alignment aspects, which can impact project readiness and pipeline prioritization, and sequencing considerations. The assessment of the technical alignment concerning project readiness i.e. implementation readiness such as township establishment, re-zoning, land acquisition, ownership status, feasibility study, etc. has been covered in detail in the status quo report and the department should be commended for the thorough evaluation.

The following information and datasets are used in the analysis:

- Municipal Spatial Development Framework, 2019 (MSDF);
- Capital Expenditure Framework, 2021 (CEF);
- Consolidated CEF inputs 2022 - 2032;
- Draft Capital Budget 2022-2025; and -
- Draft Council Housing Pipeline and status quo reports 2022/23.

Funded MTREF capital projects that are strategic spatially aligned and supported by Spatial Planning

1. Erf 7001 and other possible sites for mix-used development in Cloetesville [2022/2023 – 2023/2024]

- Located within the approved urban edge.
- Approved SDF identifies property for mixed-use development, community facilities, and residential infill.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

2. Erf 64, Kylemore [MTREF]

- Located inside the approved urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.
- From an MSDF/CEF perspective, this project does not fall within the functional area and priority development areas and from a strategic perspective does not align spatially. Similarly, the project is not included in the Stellenbosch PHSHDA.
- The strategic alignment (including DHS approval) will have to be considered and prioritized if this project is to proceed in the future. It is also noted that even though the project has been listed as falling within the pre-planning and planning phase, and considering that the land is still currently being transferred (status quo report p.24) the table in the Council item 5.d should be updated as it is unlikely that land use approvals will be obtained during

2022/23. This is also noted and reflected on pages 7 and 25 of the status quo report.

3. Cloetesville Infill (738) FLISP [2022/2023] & Cloetesville (380) FLISP [2022/2023]

3.1. Erf 8915, Cloetesville

- Located within the approved urban edge.
- Identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
- **Note** that the status quo report's strategic alignment located in the table on page 31 can be updated.

3.2. Erven 6668 & 7181, Cloetesville

- Located within the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
- **Note** that the strategic alignment located in the table on page 33 of the status quo report can be updated.

3.3. Portion of Erf 7271, Cloetesville

- Located within the approved urban edge.
- Identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
- **Note** that the strategic alignment located in the table on page 35 of the status quo report can be updated.

3.4. Erven 6300, 6847, 6886, Cloetesville

- Located within the approved urban edge.
- Identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
- **Note** that the strategic alignment located in the table on page 37 of the status quo report can be updated.

3.5. Erf 8776, Cloetesville

- Located within the approved urban edge.
- Please note that this is an important access gateway to Cloetesville and should not be developed.

- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.
- **Note** that the strategic alignment located in the table on page 39 of the status quo report can be updated.

3.6. Erf 6705, Cloetesville

- Located within the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. Once the project reached the planning phase, it needs to be considered within the capital planning process/CEF.
- **Note** that the status quo report's strategic alignment located in the table on page 41 can be updated.

4. Kayamandi Watergang Northern Extension (2000) [MTREF]

- Located within the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. Once the project reached the planning phase, it needs to be considered within the capital planning process/CEF.

5. Stellenbosch Adam Tas Transit Oriented Development (3500) [2023/24]

- Located within the approved urban edge.
- Identified in SDF as a catalytic project and the ATC LSDF is currently in process.
- LSDF will identify several inclusionary/affordable housing opportunities for this area.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

6. Droë Dyke [2023/2024]

- Located within the approved urban edge.
- Part of the Adam Tas Corridor Project as identified as strategic sites, projects, and/or infill opportunities of the MSDF. It is important to note the green areas to be retained.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

7. Kayamandi Town Centre:

- Located within the approved urban edge.
- Re-development supported.

- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

8. Langrug Franschhoek Mooiwater Dam Rehab & Basic Services
- Located within the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

9. Erf 2183, Klapmuts (La Rochelle) [2022/23 – 2023/24]
- Located within the approved urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

10. Farm 81/2 & Farm 81/9, Stellenbosch [2022/23 – 2023/24]
- Located within the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially, however as mentioned above site constraints and characteristics might need to be incorporated within the design if this project moves past the feasibility phase. This is also noted in the status quo report on page 91.
- It is also noted that even though the project has been listed as falling within the detailed planning phase in the table on Council 5.d, the status quo (page 91) mentions that the request for proposal to develop Social Housing needs to commence. The reflection of obtaining land use approvals in table 5.d in the Council item needs to be updated and reflect the project deliverables as per the status quo (p. 9 & 91).

11. Lapland Precinct (Erf 2149, Stellenbosch) [2022/23 – 2023/24]
- Located inside the approved urban edge.
- Opportunity for infill development.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

12. Kayamandi Zone O
- Located within the approved urban edge.
- Re-development required
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

13. The Steps and Orlean Lounge, Cloetesville: (Erf 6846, Cloetesville)

- Located within the urban edge.
- Upgrading of buildings necessary.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

14. Vlottenburg/Longlands: (Farm 393, Stellenbosch) [2021/22]

- Located within the urban edge.
- From an MSDF/CEF perspective, the strategic alignment of the project has been considered and supported.

Funded MTREF capital projects that fall in the "Housing partially outside the urban edge", strategic spatially aligned and supported by Spatial Planning

15. Jamestown: Housing [2022/23] & Jamestown: Housing [MTREF]

- The majority of the site is located inside the approved urban edge, however, portion 3 of Farm 527, falls outside the urban edge.
- Inclusive development is supported in the approved SDF.
- From a strategic spatial alignment perspective, this project falls within the spatially targeted areas i.e. the functional area and priority development areas, and aligns spatially.
- Based on the points above and the considerations in the planning phase of the project, the amendment process of the SDF will consider the inclusion of portion 3 based on the legislative criteria, etc.
- Also note that the table on page 20 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.

16. La Motte Old Forest Station (±430 services & ±430 units) [2022/2023]

- The majority of the sites as indicated in the status quo report are located outside of the approved urban edge.
- Portions of the sites do fall within the urban edge, and they are identified in the SDF as future mixed-use, community, and residential infill, as well as natural/wetland areas.
- The department has confirmed that the planning footprint does not cover the entire property and falls within the urban edge. This confirmation and level of detail will be communicated to this department, which when updated the categorization from partial to falling within the urban edge, can be confirmed. As well as its strategic spatially alignment with the MSDF.
- Also, note that the table on page 27 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.

Unfunded MTREF capital projects that are strategic spatially aligned and supported by Spatial Planning

17. Northern Extension, Kayamandi (feasibility)

- Located inside the approved urban edge.
- Forms partially part of the ATC LSDF project.
- Identified in the SDF as future mixed-use, community, and residential infill.
- Portion identified as a green area to be retained.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. It appears that the project has not been included in the MTREF period although it has been regarded as a high priority development.

18. Erven 412, 417 & 284, Groendal

- Located inside the approved urban edge.
- Identified in the SDF as strategic sites, projects, and/or infill opportunities of the MSDF.
- Gateway to Franschhoek and green areas as identified in SDF to be retained.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. It appears that the project has not been included in the MTREF period although it has been regarded as a high priority development.

19. Five housing projects in Kayamandi

19.1. Erven 1080 – 1112 Kayamandi
19.2. Red Bricks Hostels: Erven 112, 114 – 116, Kayamandi
19.3. Erven 1123 – 1154 and 1113 – 1120, Kayamandi
19.4. Erven 513 – 522. 66, 67, 69, and Portion of Erf 523, Kayamandi
19.5. Mpelazwe: Remainder Erf 288, Kayamandi

- All the sites above, are located within the approved urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.
- From an MSDF/CEF perspective, these projects fall within the functional area and priority development areas and from a strategic perspective align spatially. It appears that the projects have not been included in the MTREF period although it has been regarded as a high priority development.

20. Maasdorp Village (Farm 1041/27)

- Located within the approved urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

21. Simonsig Village: Portion 39 and 40 of the Farm Koelenhof No. 66, Stellenbosch

- Located within the approved urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.

- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

22. Teen die Bult Precinct (Farm 180, Stellenbosch)
- Located inside the approved urban edge.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially, however, the spatial planning categories (green area to be retained) of the SDF should be considered in the planning of this site.

23. La Colline Precinct
- Located inside the approved urban edge.
- Two public open spaces are important to be retained and upgraded.
- Densification opportunities available.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially. Once the project reaches the planning phase, it needs to be considered within the capital planning process/CEF.

24. Enkanini Kayamandi
- Located within the urban edge.
- Identified in the SDF as future mixed-use, community, and residential infill.
- In-situ upgrading supported.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially.

25. Idas valley (Erf 9445)
- Located within the urban edge.
- Located adjacent to a Grade I Heritage site.
- From an MSDF/CEF perspective, this project falls within the functional area and priority development areas and from a strategic perspective aligns spatially, however as mentioned above site constraints and characteristics will have to be incorporated within the design of this project.

Unfunded MTREF capital projects that fall in the "Housing partially outside the urban edge, strategic spatially aligned, and partially supported by Spatial Planning"

26. Erf 3363 & 3393, Stellenbosch (Botmaskop):

- Partially located within the approved urban edge.
- The sites within the urban edge are indicated in the SDF for future mixed-use, community facilities, and residential infill.
- Inclusive development is supported in the approved SDF.
- From a strategic spatial alignment perspective, this project falls within the spatially targeted areas i.e. the functional area and priority development areas, and aligns spatially, however, because the housing development includes a large portion outside of the urban edge the categorization of the projects has been included in the "Housing outside the urban edge".
- Once the project reaches the planning phase, it needs to be considered within the capital planning process/CEF.
- Also note that the table on page 43 in the section strategic alignment incorrectly refers to the project falling within the urban edge and should be updated accordingly.

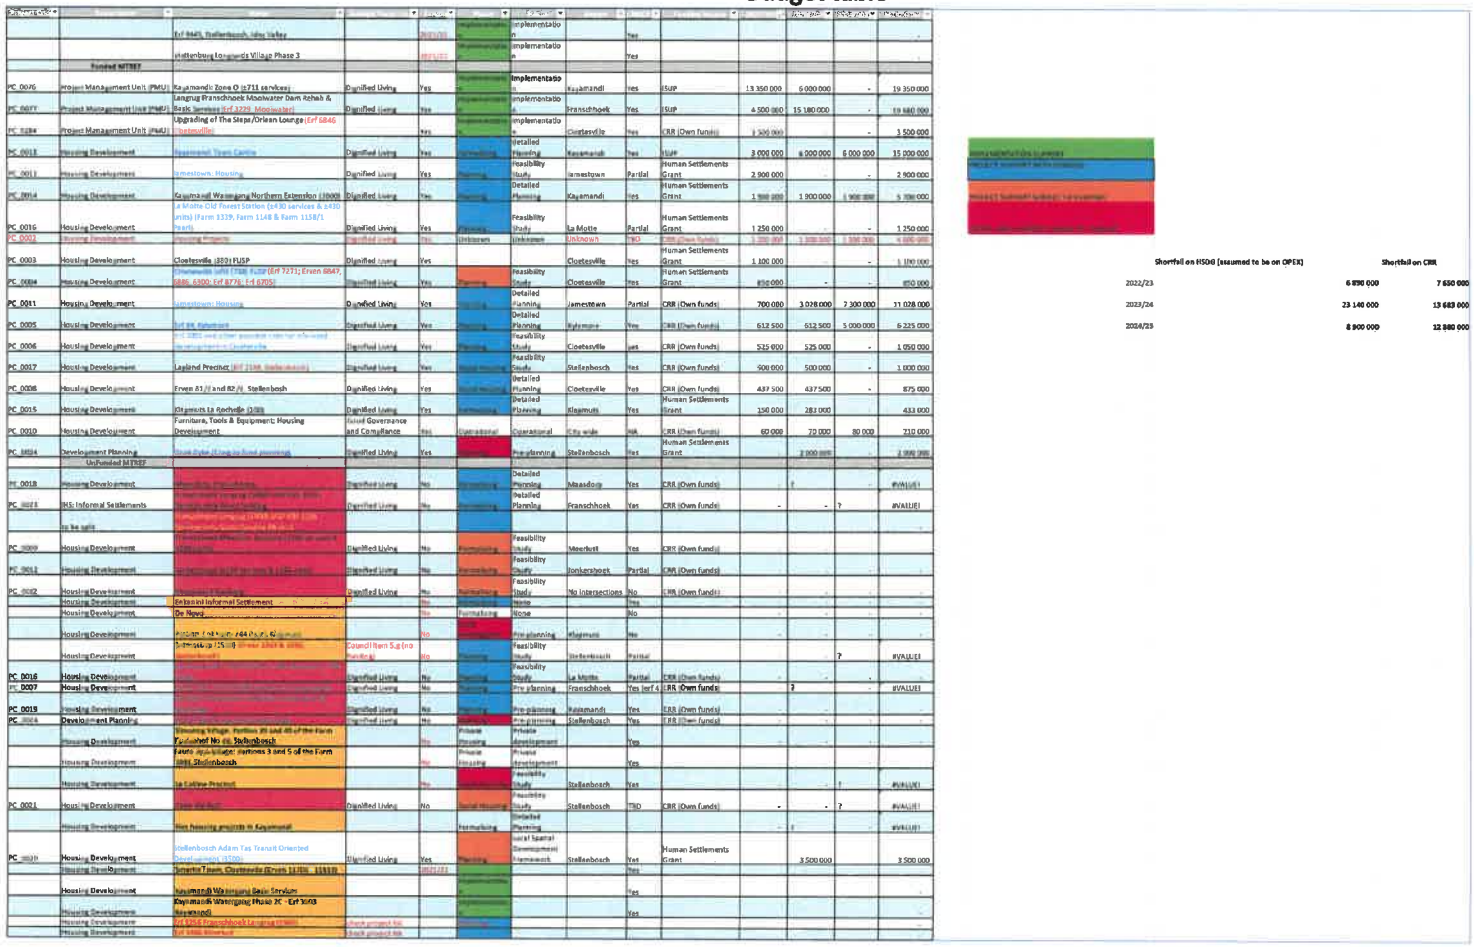
Unfunded MTREF capital projects that fall in the "Housing outside the urban edge"

27. Jonkershoek

- Not identified as an urban node as there are no services available.
- Refer to the Jonkershoek LSDF.
- Limited infill opportunities.
- From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category. Cognizance should be taken on alternative methods for providing and maintaining the existing forestry settlement and this should be further investigated.

28. Farm 1006/1, Meerlust

- Only a portion of the site is located inside the approved urban edge.
- The portion within the urban edge has been identified in the SDF as future mixed-use, community, and residential infill as well as green areas to be retained.
- From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category. Cognizance should be taken on alternative methods for providing and maintaining the existing forestry settlement and this should be further investigated.



29. Faure Agri-Village: Portions 3 and 5 of the Farm 1081, Stellenbosch

- Located entirely outside the approved urban edges and does not fall in any of the urban and/or rural nodes.
- From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.

30. De Novo
- Located outside the approved urban edge.
- Not identified for urban development.
- From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.

31. A portion of the Farm Elsenburg A No. 34, Stellenbosch (Vaaldraai, Elsenburg)
- Located outside the approved urban edge.
- Not identified for urban development.
- From a strategic spatial alignment perspective, this project does not fall within the spatially targeted areas i.e. the functional area and priority development areas, and does not align spatially and is included in the "Housing outside the urban edge" category.

Collaborator No: **729645**
IDP KPA Ref No: **Good Governance and Compliance**
Meeting Date: **18 May 2022**

1. SUBJECT: EXTENSION OF THE EXISTING APPOINTMENT OF WASTE CARRIERS FOR THE AWARDED TENDER 66/20 FOR THE PROVISION OF WASTE CONTAINERS AND WASTE TRANSPORTATION SERVICES BETWEEN WASTE DISPOSAL FACILITIES FOR THE STELLENBOSCH MUNICIPALITY(S116).

2. PURPOSE

To obtain the necessary approval for the extension of the contract for waste transportation services between waste disposal facilities for the Stellenbosch Municipality.

3. DELEGATED AUTHORITY

Council.

4. EXECUTIVE SUMMARY

BSM 66/20 was awarded in the 2019/20 financial year as a rates tender for a three (3) year contract period. The Directorate has drafted a new tender specification which has been approved (B/SM 39/22) and was advertised on 30 April 2022. There will not be sufficient time to conclude the Supply Chain process that entails evaluation, award and appeal period of 21 days thereafter, to enable the new contractor to commence services on 01 July 2022. The Directorate wishes to extend the current period of the tender by two (2) months or until the new service provider is appointed, whichever comes first. This will ensure for continued service delivery until such time a new service provider is in place.

5. RECOMMENDATIONS

(a) that Council note in terms of MFMA Section 116(3) the reasons for the increase of the tender term;

(b) that the tender amount (B/SM 66/20) will increase due to the 3 year tender period going beyond 30 June 2022;

(c) That Council give reasonable notice of the intention to amend the contract or agreement i.t.o. Section 116(3) (b)(i);

(d) That the local community be invited to submit representations to the Municipality in terms of Section 116 (3)(b)(ii).

6. DISCUSSION / CONTENTS

6.1 Background

BSM 66/20 was awarded in the 2019/20 financial year as a rates tender for a three (3) year contract period (Annexure A). Continued service delivery in terms of daily transportation of waste between waste disposal facilities that includes Vissershok Landfill, is needed to ensure proper waste management as per Local Government mandate.

6.2 Discussion

The intention of B/SM 66/20 was for waste containers and waste transportation services between waste disposal facilities for the Stellenbosch Municipality for the period from date of award until 30 June 2022. The tender was awarded for a 3 year term and in 2021/22 financial year the directorate initiated a new tender process, to replace B/SM 66/20 on 01 July 2022.

The specifications served at the Bid Specifications Committee on 17 March 2022, approved on 31 March 2022, and advertised on 30 April 2022, with the closing date being 06 June 2022. After conclusion of evaluation process and award made, the Directorate must allow for a 21 day appeal period before the service provider may commence. If appeals are received, the appeal must be considered and a final award can only be made once the appeal(s) has / have been resolved. Advertisements will be placed during May 2022 (**ANNEXURE A**) to invite comments from the community.

6.3. Financial Implications

Approved three-year budget allows for the expenditure.

6.4 Legal Implications

The recommendations in this report comply with Council's policies and all applicable legislation.

6.5 Staff Implications

This report has no staff implications to the Municipality.

6.6 Previous / Relevant Council Resolutions:

Not applicable

6.7 Risk Implications

If no service provider is in place, household and business refuse will not be transported to a waste disposal facility. The Municipality will thus not fulfil their Constitutional obligations in terms of rendering essential services.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.6.1

(a) that Council notes in terms of MFMA Section 116(3) the reasons for the increase of the tender term;

(b) that the tender amount (B/SM 66/20) will increase due to the 3 year tender period going beyond 30 June 2022;

(c) that Council give reasonable notice of the intention to amend the contract or agreement i.t.o. Section 116(3) (b)(i);

(d) that the local community be invited to submit representations to the Municipality in terms of Section 116 (3)(b)(ii).

ANNEXURE A

STELLENBOSCH
STELLENBOSCH • PNIEL • FRANSCHHOEK
MUNISIPALITEIT • UMASIPALA • MUNICIPALITY

NOTICE

NOTICE IN TERMS OF SECTION 116(3) OF THE LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT, 2003 (ACT 56 OF 2003) FOR THE PROPOSED AMENDMENTS TO THE TENDER AWARDED TO WASTE CARRIERS (PTY) LTD (B/SM 66/20) FOR THE PROVISION OF WASTE CONTAINERS AND WASTE TRANSPORTATION SERVICES BETWEEN WASTE DISPOSAL FACILITIES FOR THE STELLENBOSCH MUNICIPALITY FOR THE PERIOD FROM DATE OF AWARD UNTIL 30 JUNE 2022

Notice is hereby given in terms of Section 116 (3) (a) and (b) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) that it is the intention of the Stellenbosch Municipality to amend the existing contract:

Number: B/SM 66/20

Description: EXTENSION OF THE TENDER AWARDED TO WASTE CARRIERS (PTY) LTD (B/SM 66/20) FOR THE PROVISION OF WASTE CONTAINERS AND WASTE TRANSPORTATION SERVICES BETWEEN WASTE DISPOSAL FACILITIES FOR THE STELLENBOSCH MUNICIPALITY FOR THE PERIOD FROM DATE OF AWARD UNTIL 30 JUNE 2022.

Contractor : WASTE CARRIERS (PTY)LTD

Reasons for the proposed amendment: To extend the current contract period to beyond 30 June 2022, to allow the Municipality to conclude the procurement process for a new service provider. A new tender (B/SM 39/22) has been advertised and will close on 06 June 2022. This extension is to ensure continued service delivery in the WC024 areas.

The original approved rate will be charged for the duration of the extension.

Notice is hereby further given in terms of Section 21 and 21A of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) that the local community and interested / affected parties are invited to submit comments or representations to the Municipality in respect of the above, such comments or representations must be received within 14 days of advertisement via electronic mail to the e-mail address provided below, or be delivered to the undersigned to the mailing address provided hereunder. Persons who are physically disabled or who cannot read or write but wish to participate in the process, may come during office hours to the Municipal Offices, Supply Chain Department, Plein Street, Stellenbosch where a staff member will assist that person to transcribe that person's comments or representations.

Comments and/or representations must be submitted to the following email address: s116.contracts@stellenbosch.gov.za, with the subject line entitled **"B/SM 66/20: COMMENTS ON NOTICE OF AMENDMENT TO THE TENDER AWARDED TO WASTE CARRIERS (PTY) LTD (B/SM 66/20) FOR THE PROVISION OF WASTE CONTAINERS AND WASTE TRANSPORTATION SERVICES BETWEEN WASTE DISPOSAL FACILITIES FOR THE STELLENBOSCH MUNICIPALITY FOR THE PERIOD FROM DATE OF AWARD UNTIL 30 JUNE 2022".**

The closing time for the submission of representations and/or comments must be received within 14 days of advertisement **at 12:00**. Any comments or representations received after this time and date will not be considered.

All enquiries regarding this intent can be directed to the following official:

1. SUBJECT:REQUEST TO PERMIT THE ROLLOVER OF THE PROVISION OF TRAINING TO SMALL, MICRO AND MEDIUM ENTERPRISES ("SMME") TO THE 2022/ 2023 FINANCIAL YEAR IN LIEU OF 30 JUNE 2022

2. PURPOSE OF REPORT

To provide Council with the pertinent facts to consider the rollover of the funding allocated to the Non-Profit Companies ("NPC") specifically related to SMME Traing for the 2021 / 2022 financial year, to the 1st Quarter of the 2022 / 2023 fincnail year.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Stellenbosch Network and Ranyaka are the approved Non-Profit Organisations to perform the SMME Training function on behalf of Council for the 4th quarter of the 2021 / 2022 financial year. The breakdown of funding is as follows:

Non-Profit Organistions	**2021 / 2022**
Stellenbosch Network	235 000.00
Ranyaka	228 600.00
Total Funding Paid	**463 600.00**

The funding was only received early May 2022 and as a result they will not be able to complete all their training as envisaged by 30 June 2022.

5. RECOMMENDATIONS

(a) that Council approved the rollover of the SMME Training Programmes envisaged by Ranyaka up to end September 2022 in lieu of 30 June 2022; and

(b) that Council approve the rollover of the SMME Training Programmes envisaged by Stellenbosch Network up to end August 2022 in lieu of 30 June 2022.

6. DISCUSSION / CONTENTS

6.1 Background

On 30 March 2022 at the 3rd Council Meeting resolved the Ranyaka and Stellenbosch Network be approved to perform the function of Council in terms of the approved Policy for the Financing of External Bodies Performing a Municipal Function for the 2021 / 2022 financial, which end on 30 June 2022.

The proposals from the NPC's indicated that approximately 12 and 14, respective training events would be completed by 30 June 2022. It must however be noted that the Memorandum of Agreement ("MOA") and the funding was only transferred during May 2022, and therefore both NPCs' will not be reasonable able to perform all of the training events by the stipulated timeframe.

The Department therefore proposed that the events as listed below for Ranyaka and Stellenbosch Network be roll-out during the 1st quarter of the 2022 / 2023 financial year.

The following training events with a cost implication of R15 000 for Stellenbosch Network will be rolled over and be implemented by end August 2022:

Category	**Intervention / Programme**	
Marketing	Digital Marketing	Website, Social Media Marketing, Digital design, Online event
Business Training	Website / App design and / or update	Website designing and / or App design training

The following training events with a cost implication of R89 500 for Ranyaka will be rolled over and implemented by end September 2022:

2022 / 2023 Training Workshops and Support Services	1. Training: Marketing Plan Development (July) 2. Training: Retailing and Wholesaling session 2, 3, 4 (July – Aug) 3. Training: Business Plan Development (July) 4. Support Business Compliance (June – Aug) 5. Support CSD Registration (Aug)

The NPC's will therefore complete the following training events by 30 June 2022:

Stellenbosch Network

Category	**Intervention / Programme**	
Mentorship	USB Mentorship during SBA programme	Mentorship included in training

Mentorship	Stellenbosch Network Mentorship	2022 Mentorship Programme
Marketing	CANVA design Digital design	Morning session, event
Legal Support	IP Registration	Morning session, event
Technology	Google training: 5 morning sessions	Google App Training (Gmail, Docs, Sheets, Slides) over 5 sessions
Access to market	Business Network subscription: Stellenbosch Network	Training to register / Manage profile
Marketing	Google my Business Profile	Presented to Adbot and monthly marketing sponsored
Marketing	Google my Business Profile	Sponsoring 5 SME's Google profile for 10 months

Ranyaka

2021 / 2022 Training Workshops and Support Services	1. Training: SARS Compliance (May) 2. Training and Support: Financial Record keeping support (May) 3. Training: Costing, Pricing, Breakeven (June) 4. Training: Retailing and wholesaling session 1(June) 5. Training: Marketing Plan Development CoCREATE Hub vendors (June)

6.2 Financial Implications

The proposed roll-over will not require any additional funding, and all the funds was transferred to the NPCs.

6.3 Legal Implications

There are no legal implications.

6.4 Previous / Relevant Council Resolutions:

3RD COUNCIL MEETING: 2022-03-30: ITEM 11.11.3

RESOLVED (nem con)

(a) that the amount of R235 000.00 be allocated to Stellenbosch Network for the 4th quarter of the 2021 / 2022 financial year; and

(b) that the amount of R228 600.00.00 be allocated to Ranyaka Community Transformation NPC for the 3rd and 4th quarter of the 2021 / 2022 financial year.

6.5 Risk Implications

The are no risks identified in the implementation of the request rollover of the funding.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.8.1

(a) that Council approved the rollover of the SMME Training Programmes envisaged by Ranyaka up to end September 2022 in lieu of 30June 2022; and

(b) that Council approve the rollover of the SMME Training Programmes envisaged by Stellenbosch Network up to end August 2022 in lieu of 30 June 2022.

APPENDICES

Appendix 1:	Memorandum of Agreement
Appendix 2:	Letter dated 05 May 2022 from Stellenbosch Network
Appendix 3:	Letter dated 05 May 2022 from Ranyaka

APPENDIX 1

MEMORANDUM OF AGREEMENT

Entered into by and between:

THE MUNICIPALITY OF STELLENBOSCH
Herein represented by GARALDINE METTLER in her capacity as MUNICIPAL MANAGER, she being duly authorized thereto (hereinafter referred to as "the Municipality")

AND

STELLENBOSCH NETWORK

Herein represented by **HANLI BRINK** in her capacity as **OPERATIONS MANAGER,** she being duly authorized thereto (hereinafter referred to as "**the Beneficiary")**

WHEREAS the **Municipality** has agreed to allocate the sum of **R235 000.00 (Two Hundred and Thirty Five Thousand Rand)** to the **Beneficiary** and the **Beneficiary** has agreed to accept the money, subject to the conditions stipulated hereinafter;

WHEREAS the **Beneficiary** agrees to apply such allocated fund for the purposes of funding as set out in Appendix 1.

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

1. The **Municipality** shall effect payment of the sum of **R235 000.00 (Two Hundred and Thirty Five Thousand Rand)** to the **Beneficiary** in a lump sum and the **Beneficiary** accepts the funds allocated, subject to the following terms and conditions:

2. The Beneficiary undertakes to provide **the Municipality** with the details of a separate bank account opened at any registered bank within the Republic of South Africa within fourteen (14) days of the date of signing of this agreement in order to allow **the Municipality** to deposit the funds directly into such bank account.

3. The **Beneficiary** herewith confirms that effective, efficient and transparent financial management and internal controls systems are in place to guard against fraud. Theft and financial mismanagement.

4. The **Beneficiary** is obliged to provide the **Municipality** with a copy of its most recent audited financial statements or audit certificate, prior to the signing of this agreement, as part of the **Municipality's** assessment process.

5. The **Beneficiary** undertakes to prepare financial statements in respect of the financial year(s) for which the agreement is or remains in force and undertakes to have these financial statements audited by a registered accountant.

6. The **Beneficiary** herewith confirms and acknowledges that the funds may only be used for the purpose for which it was approved.

7. The **Beneficiary** must ensure that the funds earn interest at competitive rates until it can be used for the purposes it was approved.

8. Interest earned must be credited to the account opened in terms of clause 2 and may only be utilized for the purposes / expenditure as listed in **Appendix 1**.

9. The parties agree that in the event that the funds are not used for the purpose for which it was allocated within three (3) months after the funds were deposited into the bank account of the **Beneficiary**, all funds paid by the **Municipality** must immediately be refunded to the **Municipality**, with all interest accrued.

10. The **Beneficiary** undertakes to retain all expenditure vouchers, including cashed cheques, indicating the expenditure, etc for auditing purposes.

11. The **Beneficiary** undertakes to submit to the **Municipality (Director: Planning and Economic Development)** monthly reports reflecting expenditure incurred

against the funds deposited. The **Municipality** retains the right to request more frequent expenditure reports, if deemed necessary.

12. Audited financial statements, which disclose the total allocation of funds from the **Municipality**, total interest earned and total expenditure, must be forwarded to the **Municipality** (for Attention: **Director: Planning and Economic Development**) within three (3) months of the end of the **Beneficiary's** financial year in respect of the financial year(s) for which this agreement is or remains in force.

13. The Beneficiary, at least annually, must submit a comprehensive report, prepared by its Chief Executive Officer or other most senior member of its management team, as the case may be, pertaining to the funds allocated and which refers to:

- The functions and objectives of the **Beneficiary** organisation provided for by law or in terms of this agreement;
- The extent to which the **Beneficiary** achieved the objectives for which the funds have been provided; and
- Any other appropriate performance information regarding the economical, effective, efficient and appropriate utilization of the funds.

14. In the event that the **Beneficiary** does not comply with any or all of the conditions as set out in this agreement including Appendix 1 attached thereto, the **Municipality** shall be entitled to immediately and without notice cancel this agreement and claim back all funds allocated together with interest accrued, without detriment to any other remedy which may be available to it in law.

15. Each of the parties chooses its *domicilium citandi et executandi* for the purposes of the giving of any notice, the serving of any legal process and for any purposes arising from this Agreement at their respective addresses set forth hereunder:

The Beneficiary:	**15 de Beer Street** **Stellenbosch** **7600**

The Municipality:	**Office of the Municipal Manager** **Third Floor** **Town Hall Complex** **17 Plein Street** **Stellenbosch** **7600**

Any notice to any party shall be addressed to it at its *domicilium* aforesaid and be sent either by pre-paid registered post or be delivered by hand. In the case of any notice:

- Sent by pre-paid registered post, it shall be deemed to have been received, unless the contrary is proved, on the seventh day after posting; and
- Delivered by hand, it shall be deemed to have been received, unless the contrary is proved, on the date of delivery, provided such date is a business day or otherwise on the next following business day.

Any party shall be entitled by notice in writing to the other, to change its *domicilium* to any other address within the Republic of South Africa, provided that the change shall become effective only fourteen (14) working days after the service of the notice in question;

Any notice addressed to the Municipality shall be required to be addressed to the Municipal Manager, to be deemed to have effectively delivered or served.

16. This agreement constitutes the entire agreement between the parties regarding the subject matter hereof. No agreements, guarantees or representations, whether verbal or in writing, have been concluded, issued or made, upon which either party is relying in concluding this Agreement, save to the extent set out herein.

17. No variation of, or addition or agreed cancellation to this Agreement shall be of any force or effect unless it is reduced to writing and signed by or on behalf of the parties.

JM

18. If any of the clauses of this Agreement or Appendix thereto are found to be invalid or not binding on the parties, such finding will not affect the validity of this agreement and the parties agree to be bound by the other provisions of the agreement.

Collaborator No: 724100
IDP KPA Ref No: Good Governance and Compliance
Meeting Date: 23 March 2022 and 30 March 2022

1. SUBJECT: CONSIDERATION ON APPLICATIONS RECEIVED: FUNDING OF EXTERNAL BODIES PERFORMING A MUNICIPAL FUNCTION AS PROVIDED BY THE POLICY FUNDING OF BODIES PERFORMING A MUNICIPAL FUNCTION, READ WITH SECTION 80(2) OF THE LOCAL GOVERNMENT SYSTEMS ACT, 32 OF 2000, FINANCIAL YEAR 2021 / 2022: (Provision of training to Small Micro Medium Enterprises ("SMME")

2. PURPOSE OF MEETING

To discuss and consider the funding applications for the 3rd and 4th Quarter of the 2021 / 2022 financial year received from external bodies performing a Municipal function as provided by the Policy for the Funding of External Bodies Performing a Municipal Function, read with Section 80(2) of the Municipal Systems Act No. 32 of 2000.

3. DELEGATED AUTHORITY

In terms of Section 7(2) of said policy the Grants Committee is delegated to allocate funds to External Bodies Performing a Municipal Function.

4. EXECUTIVE SUMMARY

In terms of Section 7(2) of the Policy relating to External Bodies Performing a Municipal Function of which budget allocation are delegated to the Grants Committee to make recommendations to Council, as approved by Council.

The notices of the applications for the funding of bodies performing a municipal function was advertised in the Eikestadnuus and the PaarlPost dated 09 December 2021, attached as **APPENDIX 1** of which the closing date to submit such applications was at 12:00 midday on 17 December 2021.

The following bodies submitted applications by the closing date for funding to perform the SMME Training function for Council for the 3rd and 4th quarter of the 2021 / 2022 financial year:

Applicant	2021 / 2022 Funding Requested in Rand Value
Stellenbosch Network	253 000.00
Re-Ignite Business Afrika	319 200.00
Ranyaka	228 600.00
Total Funding Requested	**800 800.00**

3RD COUNCIL MEETING: 2022-03-30: ITEM 11.11.3

RESOLVED (nem con)

(a) that the amount of R235 000.00 be allocated to Stellenbosch Network for the 4th quarter of the 2021 / 2022 financial year; and

(b) that the amount of R228 600.00.00 be allocated to Ranyaka Community Transformation NPC for the 3rd and 4th quarter of the 2021 / 2022 financial year

5 May 2022

Dear Ms van Gensen,

RE: Stellenbosch Network funding spend
Training programmes for SMME's
Database management of SMME's

As discussed during our telephone conversation on 4th May 2022. Due to the fact that the funding received from the Municipality has only been received in May 2022, some of our training programmes will have to be delayed.

The following training events and programmes are in process/ongoing or will be presented before end of June 2022:

Category	Intervention / Programme		Date presented	Budget
Mentorship	USB Mentorship during SBA programme	Mentorship included in training	Apr - Nov 2022*	R20 000
Mentorship	Stellenbosch Network Mentorship	2022 Mentorship Programme	Apr - Nov 2022*	R20 000
Marketing	CANVA design Digital design	Morning session, online event	May-22	R7 500
Legal support	IP Registrations	Morning session, event	Jun-22	R15 000
Technology	Google training: 5 morning Sessions	Google App Training (Gmail, Docs, Sheets, Slides) over 5 sessions	May - Jun 2022	R50 000
Access to Market	Business Network subscription: Stellenbosch Network	Training to register/manage profile	Jun-22	R15 000
Marketing	Google my Business Profile	Presented by Adbot and monthly marketing sponsored	Jun-22	R7 500
Marketing	Google my Business Profile	Sponsoring 5 SME's Google profile for 10 months	Start June 2022	R35 000

*Both mentorship programmes started in April 2022 and they are 8 month ongoing programmes.

The following training events will be hosted in July 2022:

Category	Intervention / Programme		Date presented	Budget
Marketing	Digital Marketing	Website | Social Media marketing | Digital design, online event	Jul-22	R7 500
Business training	Website /App design and/or update	Website designing and/or App design training	Jul-22	R7 500

SME's Database / Procurement Platform:

Our Procurement Platform is live on our website. We will now start with the marketing and listing of businesses on the platform. This will be an ongoing programme for Stellenbosch Network.

Do not hesitate to contact me should you need any further information.

Yours sincerely

Hanli Brink

5 May 2022

Dear Ms van Gensen

RE: Funding disbursement: FY 21/22 Training of SMMEs

Thank you for the payment received for training of SMMEs for the 2021/2022 financial year. The funding was received on the 3rd of May 2022. Due to the funds only being received on this date, we have had to adjust our implementation schedule accordingly and will only be able to fit five of the six training sessions into the 2021/2022 financial year. Below please find a new schedule indicating which of the funded activities will stand over to the 2022/2023 financial year.

Relevant Municipal Function applied for:	Training of SMMEs. *Note: We are not applying to Establish and Update the SMME Database for the Stellenbosch Municipal Area.*
Original timeframe	January – June 2022
Adjusted timeframe	May – Aug 2022
Amount received	R228 600
2021/2022 Training Workshops & Support services	1. Training: SARS Compliance (May) 2. Training & Support: Financial Recordkeeping support (May) 3. Training: Costing, Pricing, Breakeven (June) 4. Training: Retailing & Wholesaling session 1 (June) 5. Training: Marketing Plan Development CoCREATE Hub vendors (June)
2022/2023 Training Workshops & Support services	1. Training: Marketing Plan Development (General) July 2. Training: Retailing & Wholesaling session 2,3,4 (July – Aug) 3. Training: Business Plan development (July) 4. Support Business Compliance (June – Aug) 5. Support CSD Registration (Aug)

We trust you find this application sufficient and acceptable.

Warm regards

Marli Goussard
Enterprise Development Manager

11.11	**MUNICIPAL MANAGER**

11.11.1	**REPORT BACK ON THE REMOVAL OF RESTRICTIVE CONDITIONS AND FALL-BACK CLAUSE: ERF 6128, STELLENBOSCH**

Collaborator No:
IDP KPA Ref No: **Good Governance**
Meeting Date: **18 and 26 May 2022**

1. SUBJECT: REPORT BACK ON THE REMOVAL OF RESTRICTIVE CONDITIONS AND FALLBACK CLAUSE: ERF 6128, STELLENBOSCH

2. PURPOSE

To report back on the mandate given by Council to enter into discussions with the Owners of Erf 6128 as well to request Council to consider a request for the removal of restrictive conditions from the Title Deed of erf 6128, Stellenbosch, to allow the owner to apply for the rezoning of the erf from Light Industrial to General Business Zone, in order to accommodate the planned retail shops and offices, as per their application.

3. DELEGATED AUTHORITY

The Municipal Council must consider the matter.

4. EXECUTIVE SUMMARY

The current owners of erf 6128, Stellenbosch bought the property in 2013 for an amount of R12 000 000. The property was registered in their name on 3 March 2014.

They have subsequently demolished the existing buildings, with the view of redeveloping the site for retail shops and offices which will service the community and upgrade the visual impact of the entrance to Stellenbosch.

With the submission of their building plans, they were, however informed that the property must first be rezoned from Light Industrial to General Business Zone to accommodate the proposed development. They have subsequently submitted a rezoning application to this effect, together with an application for the relaxation of the restrictive title deed conditions B.1 and 2, i.e. that the property may only be used for industrial purposes, failing which the property shall revert to the Municipality, subject to certain conditions. It should also be noted that the restriction on the title deed condition in terms of the fall-back clause is only applicable on a portion of the property. The proposed development also is in line with the Municipalities SDF.

The Planning and Development Department has requested that Council consider the matter, i.e. whether they are going to enforce the title deed conditions (buy back the property) or whether the conditions can be removed from the title deed of the erf.

Council at a Special In-Committee meeting of 2021-09-29 item 12.4.2 mandated the Municipal Manager to enter into discussions with landowners to facilitate an amicable solution given by the buy-back clause. The Municipal Manager subsequently met with the owner on 10 March 2022. An agreement, subject to council approval, was reached that an item will be re-submitted to Council to request Council to approve that the restrictive conditions contained in paragraph 2.B.1 and 2.B.2 of the title Deed T10083/2014, as set out in paragraph 6.2.1, be removed, subject thereto that the necessary processes set out in Section 33(4) of the Stellenbosch Land-use Planning By-law be followed.

The re-development of the property is in line with Council's approved SDF as well as the broader objectives of the IDP. It will service the Community of Stellenbosch, upgrade the visual impact of the entrance to Stellenbosch and help with the prevention of crime and security in the area. It should also be noted that the property is currently on the market to be sold.

The matter served before Council on 26 April 2022 and was referred back for further discussion.

Following further discussions, it was established and confirmed by both Infrastructure Services (**APPENDIX 5**) as well as die Developer's Consultant in its Site Development Plan (**APPENDIX 6**) that the planned dualling of Bird Street were taken into consideration. See **APPENDIX 6**, page 5/11 ***Diagram 1: Bird Street dualling with Tennant Road link – extract of Conceptual Design***.

5. RECOMMENDATION

(a) that Council notes the feedback from the Municipal Manager;

(b) that council agrees not to invoke the fallback condition provided that a written agreement is reached that: the development applied for (**APPENDIX 2**) is completed within a period of 24 months and in accordance with the prevailing planning provisions; and

(c) that should the property be sold prior to the development as per (b) above the fallback clause will be invoked and the property will fall back to the municipality as per the existing restrictive condition in the title deed.

6. DISCUSSION / CONTENT

6.1 BACKGROUND

6.1.1 Acquisition of erf 6128

During 2013 Lorax Property Investment (Pty) Ltd acquired erf 6128 at a purchase price of R12 000 000. The property was registered in their name on 2014.03.03. See Windeed record attached as **APPENDIX 1**.

6.1.2 Demolition of buildings

During 2018 the owner demolished the buildings on the site, due to vandalism, security as well as with the view of re-developing the site for retail shops and offices.

6.1.3 Building plan

Following the demolition of the buildings, building plans were submitted, with the view of redeveloping the site which will service the community and upgrade the visual impact of the entrance to Stellenbosch. The owner, however, was informed that they must first submit a rezoning application, allowing for retail shops and offices.

6.1.4 Rezoning application

During January 2019 the owner submitted a rezoning application to enable them to do the redevelopment. A copy of their application is attached as **APPENDIX 2**.

6.1.5 Restrictive conditions

Following the submission of the rezoning application, it became evident that there are specific restrictive title deed conditions prohibiting the rezoning of the property.

There are 2 title conditions:

1. Servitudes registered for access in favour of properties that does not belong to the municipality and does not exist anymore;

2. Land use restriction that indicates that the property may only be used for light industrial purposes. The planning department confirms that this restriction is a land us matter and will and can be dealt with through the normal rezoning application;

3. A fallback clause that if the zoning is changed then council may exercise its rights to reclaim the land.

For this reason, the Planning Department has decided not to consider the Land-use application until such time as the restrictive conditions have been removed.

On legal advise it is recommended not to remove the fallback clause as that protect Council's right. If Council is however happy with the proposed development, Council can, by agreement, allow the process to continue and not invoke the fallback provision. Should the owners not proceed as agreed Council can then invoke the clause as it is contained in the title deed.

See correspondence in this regard, attached as **APPENDIX 3**.

6.2 DISCUSSION

6.2.1 Locality and context

Erf 6128 is situated off Bird Street, as indicated on Fig 1 and 2 below.

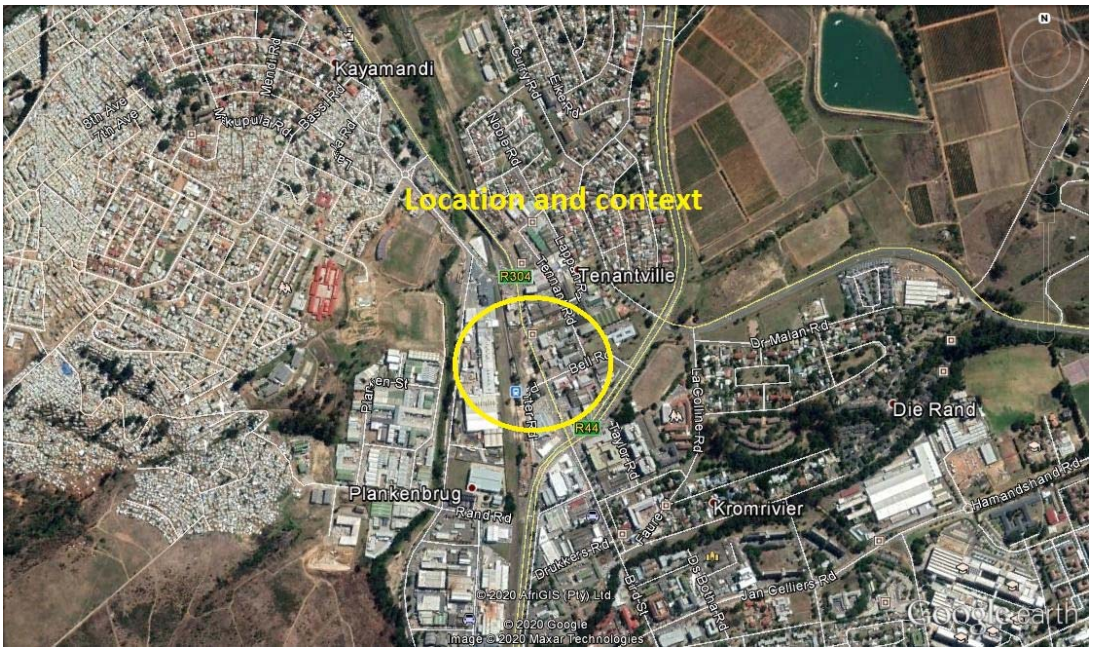

Fig 1: Location and regional context

Fig 2: Erf 6128

6.2.2 Restrictive title deed conditions

As indicated above, there are restrictive conditions registered against the title deed of the property, prohibiting it from being utilised/ developed as a General Business site, allowing for retail shops and offices, as set out in more detail below:

2.B.1 "That the said land shall be solely used for industrial purposes, provided that the Transferee and his successors in title shall have the right to erect on dwelling house on a portion thereof as a residence for the present and future owner, his manager or representative"

2.B.2 "In the event of the land being no longer used by the Transferee or his successors in title for industrial purpose and such transferee fails to dispose of land to some Company, person or persons for industrial purposes within six months thereafter, then the said land shall revert to the said Municipality, who shall have the right to dispose of same against payment to the then registered owner of the value of the buildings erected thereon, such value to be fixed by two independent Sworn Appraisers, who shall have due regard to the state of the market at the same time of making the appraisement, the purpose for which the intending purchaser requires such buildings, also any other circumstances which may detrimentally affect the value thereof"

It should also be noted that the conditions as contained in the Deed of Transfer Number T5999 dated 5 June 1942 is only applicable on a portion of the property. A copy of the Title Deed is attached as **APPENDIX 4.**

6.3 FINANCIAL IMPLICATIONS

To determine the value of the fallback provision is challenging as the buildings that was on the property has been demolished and the value of the fallback provision was dependant on that.

6.4 LEGAL IMPLICATIONS

In terms of Section 33 of the Stellenbosch Municipal Land-use By-law:

"33. (1) The Municipality may, on its own initiative or on application in terms of section 15(2), remove, suspend or amend a restrictive condition.

(2) the Municipality may remove, suspend or amend a restrictive condition—

(a) permanently;

(b) for a period specified in the approval; or

(c) subject to conditions of approval.

(3) In addition to the procedures set out in Chapter IV, the owner must

(a) submit a copy of the relevant title deed to the Municipality; and

(b) where applicable, submit the bondholder's consent to the application.

(4) The Municipality must cause a notice of an application in terms of subsection (1) to be served on

(a) all organs of state that may have an interest in the restrictive condition;

(b) a person whose rights or legitimate expectations will be affected by the approval of the application; and

(c) all persons mentioned in the title deed for whose benefit the restrictive condition applies.

(5) When the Municipality considers the removal, suspension or amendment of a restrictive condition, the Municipality must have regard to the following:

(a) the financial or other value of the rights in terms of the restrictive condition enjoyed by a person or entity, irrespective of whether these rights are personal or vest in the person as the owner of a dominant tenement;

(b) the personal benefits which accrue to the holder of rights in terms of the restrictive condition;

(c) the personal benefits which will accrue to the person seeking the removal, suspension or amendment of the restrictive condition if it is amended, suspended or removed;

(d) the social benefit of the restrictive condition remaining in place in its existing form;

(e) the social benefit of the removal, suspension or amendment of the restrictive condition; and

(f) whether the removal, suspension or amendment of the restrictive condition will completely remove all rights enjoyed by the beneficiary or only some of those rights.

(6) An approval to remove, suspend or amend a restrictive condition comes into operation—

(a) if no appeal has been lodged, after the expiry of the period contemplated in section 79(2) within which an appeal must be lodged; or

(b) if an appeal has been lodged, when the Appeal Authority has decided on the appeal.

(7) The Municipality must cause a notice of the decision to remove, suspend or amend a restrictive condition to be published in the Provincial Gazette after the decision comes into operation as contemplated in subsection (6) and notify the Registrar of the decision."

6.5 STAFF IMPLICATIONS

This report has no additional staff implications to the Municipality.

6.6 PREVIOUS / RELEVANT COUNCIL RESOLUTIONS

In-Committee meeting of Special meeting of Council: 2021-09-29 item 12.4.2.

Mayoral Committee**:** 2022-04-19 item 7.2.2.

EXECUTIVE MAYORAL COMMITTEE: 2022-04-19: ITEM 7.2.2

RESOLVED

that the item be referred back for input from Infrastructure Services and then be referred to Council.

4th Council Meeting: 2022-04-26 item 10.2.1. **4TH COUNCIL MEETING: 2022-04-26: ITEM 10.2.1**

RESOLVED

that this matter be referred back to the Administration for further discussions.

6.7 RISK IMPLICATIONS

The risks have been addressed in the item.

6.8 COMMENTS FROM SENIOR MANAGEMENT

The comments from Planning and the Municipal Manager were incorporated in the item.

INPUT FROM INFRASTRUCTURE SERVICES:

The site development plans, building plans ect. compiled by the developer must make adequate provision for future road widening on Bird Steet, also taking into account restrictions on turning movements. Pedestrian movements along Bird Street must also be adequately accommodated. Provisions for the road widening on Bird Street will be dealt with through the planning approval process and all Municipal conditions stipulated must be met to the satisfaction of the Municipality. These provisions do not have to form part of any decision by Council now as it will be dealt with in the planning approvals.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2022-05-18: ITEM 7.11.1

(a) that Council notes the feedback from the Municipal Manager;

(b) that council agrees not to invoke the fallback condition provided that a written agreement is reached that: the development applied for (**APPENDIX 2**) is completed within a period of 24 months and in accordance with the prevailing planning provisions; and

(c) that should the property be sold prior to the development as per (b) above the fallback clause will be invoked and the property will fall back to the municipality as per the existing restrictive condition in the title deed.

Rezoning Application Erf 6128, Stellenbosch

To Whom it may Concern

Dear Sir/Madam

Our rezoning application refers. Please find below the motivation for changing the current of Light Industrial to Commercial 1.

MOTIVATION

Stellenbosch is under pressure as the population has increased dramatically without the needed retail outlets to support this increase.

The site is highly visible and very strategically located at the "Gateway" to Stellenbosch, adjacent Bird Street, the main arterial providing access to the town from the north. Additionally, the site is located directly adjacent the Du Toit Street Railway Station, where large numbers of pedestrians and commuters access the railway network.

This strategic location makes it ideal for commercial and retail development, to serve the growing urban population of Stellenbosch. The character of the area is changing – from light industrial, which historically acted as a buffer between the historically white and coloured and black townships of Stellenbosch, to land uses which includes commercial and residential which in future can act as integrators of the previously disadvantaged areas, with the historic centre of town.

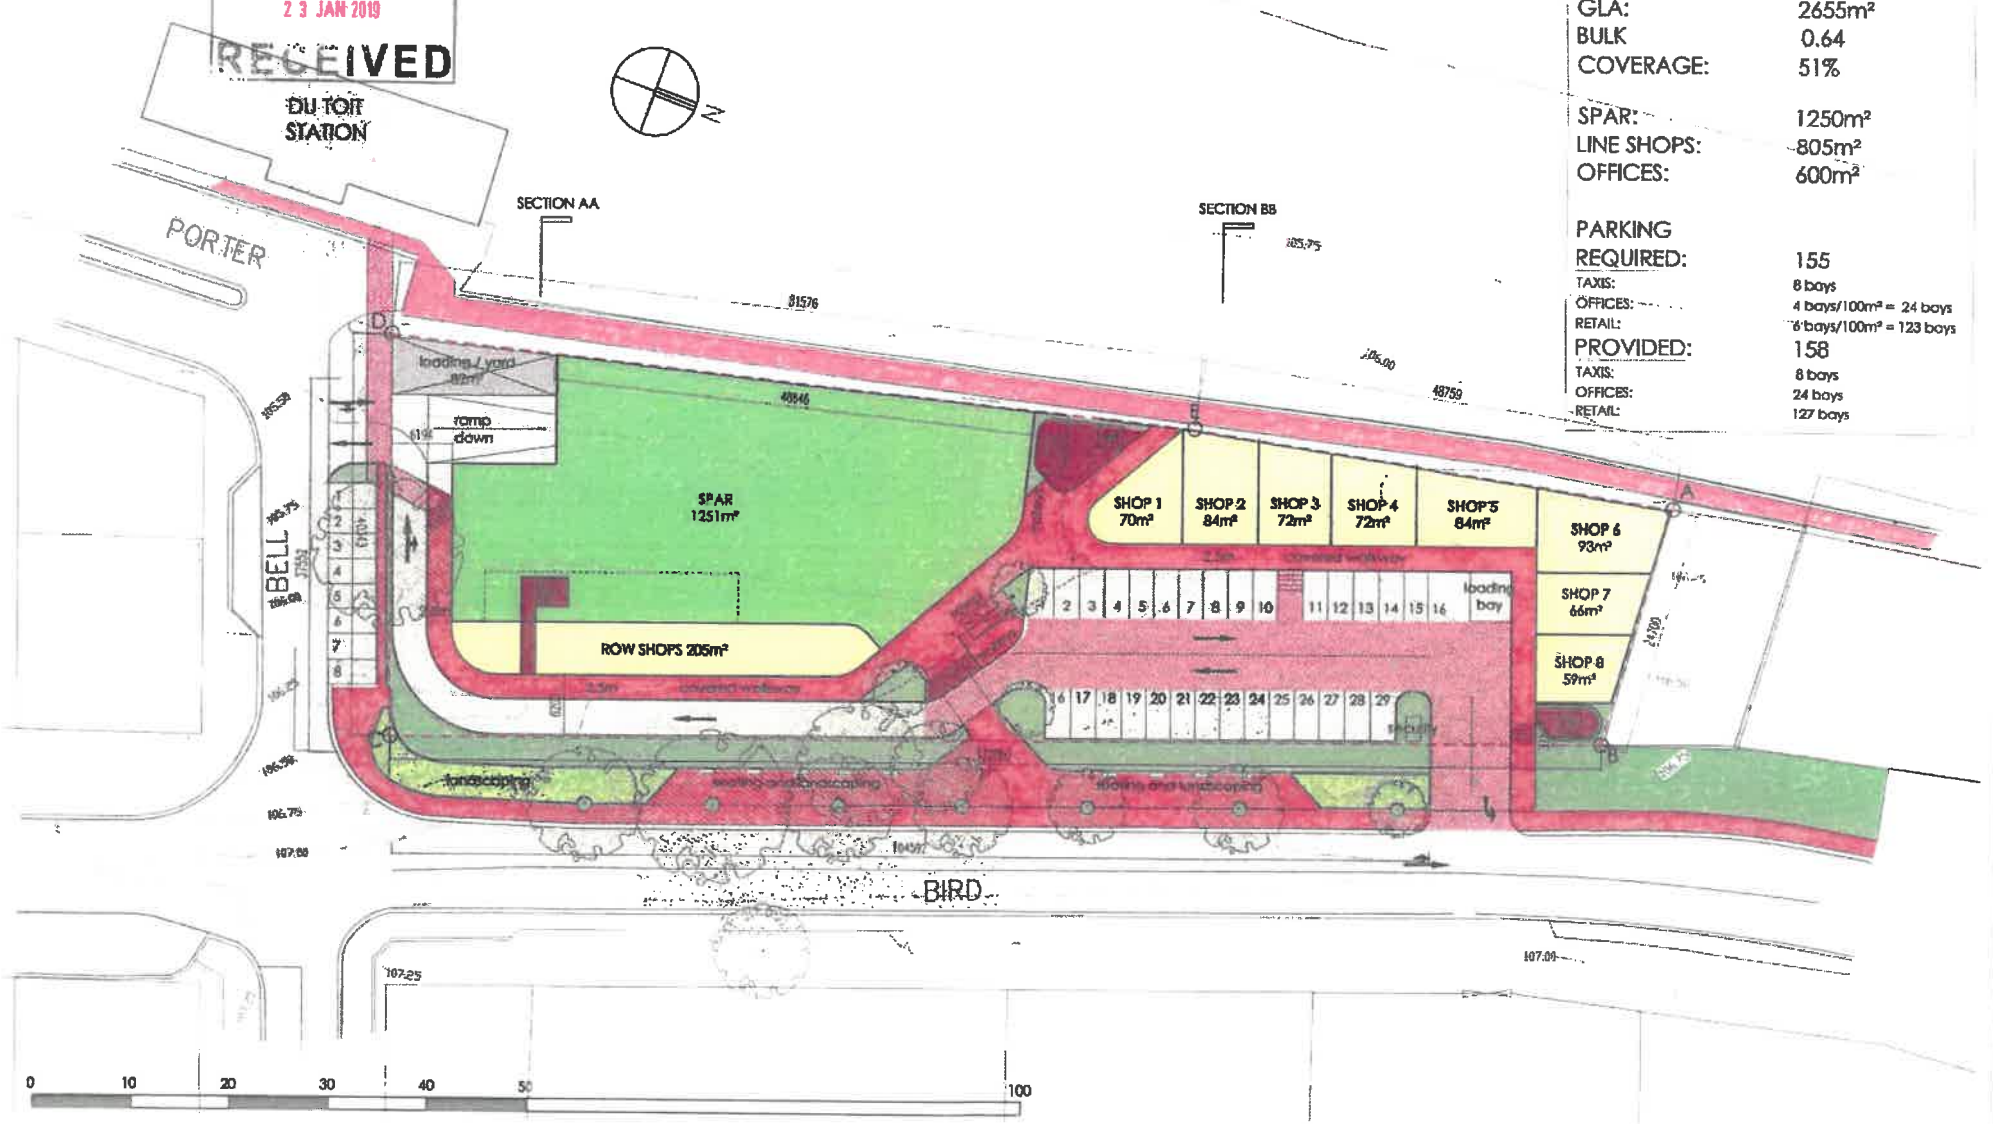
To this end, the current light industrial zoning is considered inappropriate to accommodate this changing character. It is therefore argued that a Commercial 1 zoning, and the development of a small convenience retail centre on this site, would not only be in line with the broader objectives of the Stellenbosch IDP, but would serve the broader population of Stellenbosch and be a more appropriate development response along one of the main entrance points to this historic town.

Commercial zone 1 zoning has the following advantages:

1. **Servicing the Community**: the communities of Kyamandi, Cloetesville and Koelenhof are under serviced by retail facilities.
2. **Upgrade the Visual Impact of Entrance to Stellenbosch**: main ingress from the N1 to Stellenbosch needs improving and changing the zoning from light industrial to people oriented business and attractive buildings is important.
3. **Opportunity for Road Upgrade**: Bird Street is heavily congested and needs to be enlarged and the retail development can accommodate this.
4. **Major movement hub**: the area serves at a major node of human movement including the informal taxi rank (Kyamandi Bridge), the train station (Du Toit Station), road traffic (Bird Street) and walking route industrial zoning does not enhance this
5. **Crime and Security**: the upgrading of the area including lighting, tree planting will fix 'the broken window syndrome' prevalent in the area.

6. **Jobs:** both temporary (construction) and permanent jobs will be created by a retail environment.
7. **Green Energy and sustainable use of resources**: PV solar power is going to produce at least 50% of the energy requirements and rainwater water tanks will be used to ensure most efficient use of water.

We hope that our application will be seen in the positive way it is intended for the overall betterment of Stellenbosch and our communities.



Yours faithfully,

Rosemary Jordaan

Sent: 02 July 2020 12:13 PM
To: Piet Smit
Cc: Robert Fooy; Stiaan Carstens
Subject: RE: Erf 6128, Stellenbosch - Removal of Restrictions & Rezoning application
Attachments: SMFD-Eikest20070211570.pdf

Dear Piet,

The application at hand is for:

1. The removal of the following restrictive title deed conditions:

1.C. "Registrasie van serwituut. Restant Para.1 Kragtens Akte Transport No. 9611 gedateer 10 September 1937 is 'n reg van die weg oor die restant van die grond gehou onder Para 1hiervan langs die 9,45meter pad gemerk e m op die kaart daaraan geheg gegee aan die eienaar en sy opgevolgers in titel van die grond daaronder gehou soos meer breedvoerig blyk uit die gesegde Akte"

2.B.1 "That the said land shall be solely used for industrial purposes, provided that the Transferee and his successors in title shall have the right to erect on dwelling house on a portion thereof as a residence for the present and future owner, his manager or representative"

2.B.2 *"In the event of the land being no longer used by the Transferee or his successors in title for industrial purpose and such transferee fails to dispose of the land to some Company, person or persons for industrial purposes within six months thereafter, then the said land shall revert to the said Municipality, who shall have the right to dispose of the same against payment to the then registered owner of the value of the buildings erected thereon, such value to be fixed by two independent Sworn Appraisers, who shall have due regard to the state of the market at the same time of making the appraisement, the purpose for which the intending purchaser requires such buildings, as also any other circumstances which may detrimentally affect the value thereof"*

2. Rezoning of Erf 6128, Stellenbosch from Light Industrial to General Business Zone in order to accommodate retail shops and offices.

Kind regards,

Piet,

Thank you for your e-mail.

This matter is within the realm of managing the property portfolio of Council and indeed the responsibility of the Property Management section.

When we receive a draft item we will gladly provide you with input.

Regards

Stiaan,

I am aware of the application. The discussions with Robert was that ,seeing that this is in essence a planning issue, that your Department refer the matter to Council.

If you do not want to take it up in your item to Council,you must provide me with your departments inputs on the matter,i.e.whether you are in support of the removal of the restrictive condition.I will then prepare an item to Council.

Piet

Subject: RE: Erf 6128, Stellenbosch - Removal of Restrictions & Rezoning application

Morning Piet,

There is a restrictive title condition in favour of Council that the property may only be used for Industry, and if not, it must revert in ownership to Council.

To proceed and finalise the application, we will consequently need the consent of Council to remove the Title Condition to proceed with the application.

We therefore enquire if such consent was indeed granted, and if not we kindly request you to proceed with such process to obtain the necessary consent from Council.

I consequently do not think it is necessary to have a meeting on this, but should you want to discuss any of the above you are welcome to contact me.

Kind regards

I am confused now, I was at the point of setting up a meeting with Robert to discuss this, when he indicated that it is not necessary anymore.

I will again ask my secretary to set up a meeting with Robert Fooy to get clarity on a way forward.

Dear Piet,

I refer to the above application and an email from Mr. R Fooy that was sent to you on the 26 February 2020.

Please be advised that this Department is still waiting for Council resolution with regards to the restrictive title deed Condition B.2 on page 4 of the Title deed no. T. 10083/2014 as well as Condition no. 2 as contained in the Deed of Transfer no. T. 5999/1942.

This application can only be finalised upon receiving the above resolution.
Your assistance in this regard will be greatly appreciated.

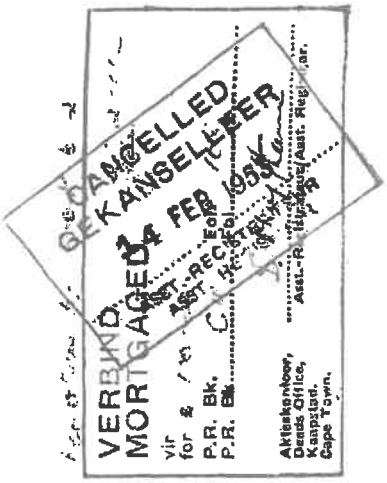
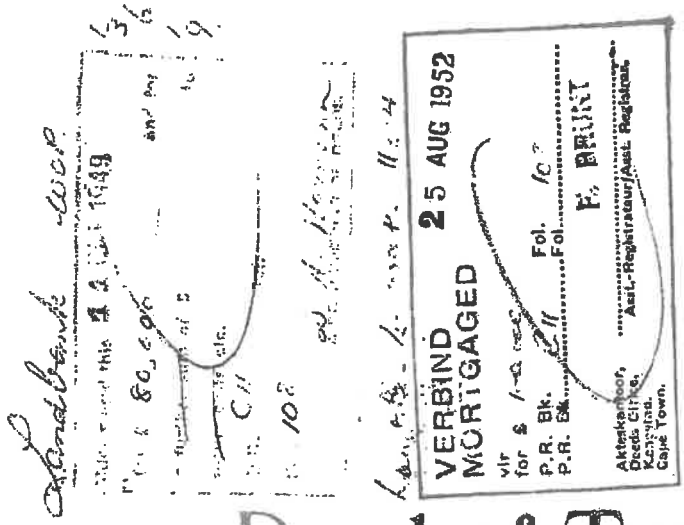
DEED OF TRANSFER

PASSED IN FAVOUR OF



3.7.6 c)



15/ DE BOEREN KO-OPERATIEVE MOLEN MAATSCHAPPY BEPERKT
Registered under Act No. 18 of 1922

1a Registered at Deeds Office,

Cape Town, on the day of 194

C.H. Brand,
Attorney Notary & Conveyancer,
117 St. George's Street,
Cape Town.

Deed of Transfer

Drawn by me

Conveyancer

BY VIRTUE OF A POWER OF ATTORNEY.

Know all Men whom it may concern

That Christoffel Hendrik Brand

appeared before me, Registrar of Deeds,

He, the said Appearer, being duly authorised thereto by a Power of Attorney executed at Stellenbosch on the 5th day of May 194 2, by

HENRY CHARLES ADSHADE, (born on 27th April 1901).

which power, witnessed in accordance with law, was exhibited to me on this day;

And that the said Appearer declared that his said Principal had truly and legally sold on 29th March 1942 and that he, in his capacity as Attorney aforesaid did, by these presents, Cede and Transfer in full and free Property to and on behalf of

DE BOEREN KO-OPERATIEVE MOLEN MAATSCHAPPY BEPERKT. Registered under Act No. 18 of 1922.

or its ~~Heirs, Executors, Administrators, or~~ Assigns,

Certain.../

Certain piece of freehold land situate in the Municipality and Division of Stellenbosch, called "THE MARKET PLACE" - Du Toit's Ville, portion of Kromme Rivier.

Measuring Thirty one thousand six hundred and eighty eight (31,688) square feet.-

Extending as the Deed of Transfer with a diagram annexed made in favour of J.J.C. von Wielligh on the 26th January 1933 No. 247, and subsequent Deeds of transfer the last of which made in favour of the Appearer's Principal on the 30th April 1937 No. 4332, will more fully point out and subject to such conditions as are referred to in such lastmentioned Deed of Transfer, the above land is also subject to, and entitled to the benefit of, the following special conditions mentioned in the said Deed of Transfer No. 247 dated 26th January 1933, imposed by, and in favour of, the Council of the Municipality of Stellenbosch, which said conditions shall be binding on the said Transferee and his successors in title:-

"1. That the said land shall be solely used for industrial purposes, provided that the Transferee and his successors in title shall have the right to erect one dwelling house on a portion thereof as a residence for the present and future owner, his manager or representative.

2. In the event of the above land being no longer used by the Transferee or his successors in title for industrial purposes, and such transferee fails to dispose of the land to some Company, person or persons for industrial purposes within six months thereafter, then the said land shall revert to the said Municipality, who shall have the right to dispose of the same against payment to the then registered owner of the value of the buildings erected thereon, such value to be fixed by two independent Sworn Appraisers, who shall have due regard to the state of the market at the time of making the appraisement, the purpose for which the intending purchaser requires such buildings, as also any other circumstances which may detrimentally affect the value thereof."-

APR 1954

Wherefore

Wherefore the Appearer, *q.q.*, renouncing all the Right and Title which his said Principal heretofore had to the Premises, on behalf as aforesaid, did in consequence, also acknowledge his said Principal to be entirely dispossessed of, and disentitled to the same; and that, by virtue of these presents, the said

DE BOEREN KO-OPERATIEVE MOLEN MAATSCHAPPY BEPERKT
Registered under Act No. 18 of 1922.

or ~~Heirs, Executors, Administrators, or~~ Assigns, now is and henceforth shall be, entitled thereto conformably to local Custom;—Government, however, reserving its Right;—and finally, acknowledging his said Principal to have been satisfactorily paid the whole of the Purchase Money, amounting to a sum of One Thousand Three hundred and forty five Pounds (£1345).-

In Witness whereof I, the said Registrar, together with the Appearer, *q.q.* have subscribed to these Presents, and have caused the Seal of Office to be affixed thereto.

Thus done and executed at the Office of the Registrar of Deeds, in Cape Town, in the Province of the Cape of Good Hope on the 6th day of the Month of June, in the Year of our Lord One Thousand Nine Hundred and Forty two (1942).

q.q. his Principal.

In my presence,

Registrar of Deeds.

   D. ENTITLED to the benefits of the reservation of certain rights that relates to the conducting of certain businesses and the sale of alcohol referred to in the following endorsement dated 2 June 1939 on the aforesaid Deed of Transfer Number 492 dated 10 December 1932 namely:

"Registrasie van Serwituut. Restant van Paras 1,2,3 en 4. Deur die ondergenoemde Aktes van Transport van erwe in die Kromme Rivier C Dorp is deur die eienaar en sy opvolgers in titel van die restant van die eiendomme paras 1,2,3 and 4 van hierdie akte al sy bestaande regte as oewereienaar uitgehou en die grond deur die gesegde Aktes oorgedra is onderhewig ten gunste van die gemelde eiendomme hieronder gehou aan sekere regte wat betref die bedryf van sekere besighede en verkoop van sterk drank: soos meer volledig sal blyk uit Transporte Nos. 5594 ged. 2/6/1939, 9842 ged. 8/9/1939, 536 ged. 25/1/1940, No. 4379 ged. 9/5/1940, No. 9997 ged. 10/10/1940, 10520 ged. 24/10/1940, 11365 ged. 19/11/1940, 1656 dd 1/3/1941, maar sonder die voordele van die voorbehoud van waterregte vanweë die voorbehoud in paragraaf B hierbo."

E. ENTITLED to be benefits of the reservation of certain rights relating to the conducting of certain businesses referred to in the following endorsement dated 5 June 1939 on the said Deed of Transfer Number 7492/1932, namely:

Registrasie van Serwituut. Restant van Parras. 1,2,3, en 4 Deur die ondergenoemde Aktes van Transport is deur die eienaar en sy opgevolgers in titel van die restant van die eiendomme paras 1,2,3 en 4 van hierdie Akte al sy bestaande regte as oewereienaar uitgehou, en die grond duer die gesegde Aktes oorgedra is onderhewig, ten gunste van die gemelde eiendomme hieronder gehou, aan sekere regte wat betref die bedryf van sekere besighede soos meer volledig sal blyk uit Transporte Nos 5668 ged. 5/6/1939, No. 4379 ged. 9/5/1940.

F. SUBJECT FURTHER to the following conditions imposed by the Administrator in terms of Section of Ordinance Number 33 of 1934 as contained in Deed of Transfer Number T27533/1977, namely:

(a) die eienaar van hierdie erf is verplig om sonder betaling van vergoeding, toe te laat dat elektrisiteitskabels en/of –drade, hoof- en ander waterpype en die rioolvuil en dreinering, insulitende stormwater van enige ander erf of erwe, oor hierdie erf gevoer word indien dit deur die plaaslike owerheid nodig geag word, en wel op die wyse en plek wat van tyd tot tyd redelikerwys vereis word. Dit sluit die reg op toegang te alle redelike tye tot die eiendom in met die doel om enige werke met betrekking tot bogenoemde aan te lê te wysig, te verwyder of te inspekteer.

(b) Die eienaar van hierdie erf is verplig om sonder vergoeding op die erf die materiaal te ontvang of uitgrawings op die erf toe te laat al na vereis word, sodat die volle breedte van die straat gebruik kan word en die wal veilig en behoorlik skuins gemaak kan word weens die verskil tussen die hoogte van die straat soos finaal aangelê en die erf tensy hy verkies om steunmure te bou tot genoeë van en binne 'n tydperk wat die plaaslike owerheid bepaal.

2 AS REGARDS the figure fBCD on the attached Diagram Number 3298/74

A. SUBJECT to such conditions as contained in Deed of Transfer Number T5999 dated 5th June 1942.

B. SUBJECT and ENTITLED to the benefit of the following special conditions as stated in Deed of Transfer Number 247 dated 26th January 1933, imposed by and in favour of the Council of the Municipality of Stellenbosch, which conditions shall be binding on the transferee and his successors in title:

1. "That the said land shall be solely used for industrial purposes, provided that the Transferee and his successors in title shall have the right to erect one dwelling house on a portion thereof as a residence for the present and future owner, his manager or representative.

2. In the event of the above land being no longer used by the Transferee or his successors in title for industrial purpose, and such transferee fails to dispose of the land to some Company, person or persons for industrial purposes within six months thereafter, then the said land shall revert to the said Municipality, who shall have the right to dispose of the same against payment to the then registered owner of the value of the buildings erected thereon, such value to be fixed by two independent Sworn Appraisers, who shall have due regard to the state of the market at the time of making the appraisement, the purpose for which the intending purchaser requires such buildings, as also any other circumstances which may detrimentally affect the value thereof."

WHEREFORE the said Appearer, renouncing all right and title which the said

1. **NEIL GELB, Married as aforesaid**
2. **RICHARD ALAN GELB, Married as aforesaid**

heretofore had to the premises, did in consequence also acknowledge them to be entirely dispossessed of, and disentitled to the same, and that by virtue of these presents, the said

LORAX PROPERTY INVESTMENTS PROPRIETARY LIMITED
Registration Number 2012/040080/07

or assigns, now is and henceforth shall be entitled thereto, conformably to local custom, the State, however reserving its rights, and finally acknowledging the purchase price to be the sum of R12 000 000,00 (TWELVE MILLION RAND).

IN WITNESS WHEREOF, I the said Registrar, together with the Appearer, have subscribed to these presents, and have caused the Seal of Office to be affixed thereto.

THUS DONE and EXECUTED at the Office of the REGISTRAR OF DEEDS at Cape Town on 3 March 2014.

Hi Annelene

See attached TIA and Memorandum from Infrastructure Services to Planning Department.

- Conditions stipulated by Infrastructure Services (in the attached memo) will ensure compliance to Roads and Transport requirements.
- The site development plans, and concept plans ect compiled by the developer does make adequate provision for the road widening / dualling on Bird Steet.

Kind Regards

Johan Fullard

Dear Annelene

We confirmed with the engineers which undertook the traffic impact assessment (UDSAfrica, then ICE), that the widening of Bird Street was taken into consideration and the design of the development done accordingly. A full engineering services and traffic impact assessment report was submitted in support of the application and is on record with the Municipality.

Good afternoon

Kindly note the underneath Council resolution:

"4TH COUNCIL MEETING: 2022-04-26: ITEM 10.2.1

RESOLVED

that this matter be referred back to the Administration for further discussions."

In order to assist the Administration with giving Council enough information to make an informed a decision, please confirm that the site development plans, building plans ect. compiled make adequate provision for future road widening on Bird Steet, also taking into account restrictions on turning movements.

Awaiting your response.

Kind regards

Annelene

Sir

APPLICATION FOR REZONING FROM INDUSTRIAL TO COMMERICAL, AND SITE DEVELOPMENT PLAN SUBMISSION FOR ERF 6128, STELLENBOSCH: TRAFFIC IMPACT ASSESSMENT

This company was appointed to prepare a Traffic Impact Assessment (TIA) for the proposed commercial development on Erf 6128, Stellenbosch.

1. BACKGROUND AND LOCALITY

The subject property is situated on the corner of Bird Street and Bell Street, adjacent to the Du Toit Railway Station, Stellenbosch. See the ***Locality Plan*** attached.

Line shops were previously accommodated on-site, however, these buildings have since been demolished and the property is currently vacant. According to information, the property is currently zoned for light industrial use.

The conceptual design of the dualling of Bird Street (R304/Main Road 174) between the R44 and Welgevonden Boulevard was conducted by this company, which also addresses access management along Bird Street, all of which will be taken into consideration hereafter.

This TIA accompanies the Application for Rezoning from Industrial to Commercial and Site Development Plan Submission for Erf 6128, Stellenbosch.

2. PROPOSED DEVELOPMENT

2.1 Proposed Development

The proposed commercial development will consist of the following:

Retail ('Anchor')	1 307 m^2 Gross Leasable Area (GLA)
Line Shops	722 m^2 GLA
Offices	786 m^2 GLA
Total	**2 815 m^2 GLA**

See the proposed layout on the attached ***Site Plan*** and ***Basement*** layout prepared by *Meyer & Associates Architects*.

Stellenbosch office:
Tel: 021 8800 443
Fax: 021 8800 390

Directors:
P.J.Van Blerk, PrEng.

iCE Group (Overberg) t/a
iCE Group (Stellenbosch)

Reg No: 2006/133238/23

2.2 Access to the Property

Access to the property was previously obtained from Bird Street and Bell Street– see the photo below. Access to the redeveloped property will be obtained from these streets in line with the AMP. Detail on access will be discussed in *paragraph 4* below.

Photo 1 : Existing and proposed access(es)

3. TRAFFIC

3.1 Existing Traffic

To obtain information regarding existing weekday peak hour traffic, counts were conducted at the Bird Street/Bell Street intersection on Tuesday, 23 July 2019 from 06h30 to 08h30 and again from 16h00 to 18h00. Pedestrian activity and cyclists were also included with the said counts. The peak hour volumes derived from these counts are indicated in ***Figure 1*** attached.

3.2 Traffic Growth

Based on historic counts (2016) and the updated counts (2019), an average growth rate of ± 3% was calculated along Bird Street (at its intersection with Bell Street) and ± 1% along the Bell street-approaches.

For the purpose of traffic analyses, a five (5) year forecast was assessed. The existing 2019 peak hour traffic volumes were thus increased as per abovementioned growth rates for five (5) years to obtain the estimated 2024 peak hour volumes as indicated in ***Figure 2*** attached.

3.3 Traffic Generation

Trip generation rates as contained in the TMH17 *South African Trip Data Manual* were consulted to calculate the potential peak hour traffic generated by the proposed development. The said manual suggests the following rates for the proposed land uses:

	AM Peak Hour Rate	*Split (in/out)*	*PM Peak Hour Rate*	*Split (in/out)*
*Retail**	2,88 trips per 100 m^2 GLA	65/35	16,31 trips per 100 m^2 GLA	50/50
Office	2,1 trips per 100 m^2 GLA	85/15	2,1 trips per 100 m^2 GLA	20/80

**Based on the TMH17 formulas:* $0{,}6 \times \left[1 + \frac{6}{1 + m^2/3500}\right]$ & $3{,}4 \times \left[1 + \frac{6}{1 + m^2/3500}\right]$

Based on the above, the proposed development could potentially generate the following peak hour trips:

	AM Peak Hour Trips			PM Peak Hour Trips		
	Total	In	Out	Total	In	Out
Retail (*2 029 m^2 GLA*)	58	38	20	330	165	165
Office (*786 m^2 GLA*)	18	15	3	18	4	14
Total	**76**	**53**	**23**	**348**	**169**	**179**

As mentioned in *paragraph 1* above, according to information, the property is currently zoned for light industrial use. The potential peak hour trips tabled above will thus not all be new to the road network, as the facilities previously operating on-site (prior to the demolition thereof), contributed to the peak hour traffic in the area.

3.4 Traffic Distribution

The peak hour traffic that can potentially be generated as calculated above was distributed to the road network based on the existing directional split in peak hour traffic in the vicinity of the subject property, as well as knowledge of the area.

As indicated on the attached plans, the majority of parking will be provided on basement level (which obtains access via Bell Street, whilst the ground floor parking obtains access via Bird Street). The traffic that can potentially be generated by the proposed development was therefore distributed via the two accesses based on the ratio of parking provided on the relevant level vs the total parking.

The said distribution is indicated in ***Figure 3*** attached.

3.5 Traffic Analysis

Traffic analyses of the intersections were done by means of the Sidra Intersection 8.0 software. Service levels A to D are considered acceptable, with D the critical. The link volumes were analysed by means of the methods contained in the Highway Capacity Manual.

<u>Bird Street/Bell Street intersection:</u>

This intersection is currently stop-controlled on the side streets (Bell Street), with free-flow conditions along Bird Street. A short dedicated right-turn lane exists along the southern Bird Street-approach. See the lane layout in the photo below.

Photo 2 : Existing Bird Street/Bell Street intersection lane layout

3.5.1 Analyses of Existing and Estimated Peak Hour Volumes (excluding proposed development)

Link Volumes:

As indicated in ***Figure 1*** and ***Figure 2*** attached, the following link volumes (total two-way traffic) are experienced/expected along Bird Street in the vicinity of the subject property:

Existing 2019 (AM/PM)	1 665/1 794
Estimated 2024 (AM/PM)	1 910/2 052

As per the above volumes, the dualling of Bird Street in the vicinity of the subject property is already required.

It can thus be concluded that the dualling of Bird Street in the vicinity of the subject property is required to accommodate the background traffic (existing and estimated peak hours).

Bird Street/Bell Street intersection:

According to the Sidra analyses, acceptable service levels A and B are currently experienced along the Bird Street-approaches, whilst unacceptable service levels F are experienced along the side streets (Bell Street) during the existing 2019 AM and PM peak hours. According to the Sidra analyses, the average queuing experienced on the eastern Bell Street-approach is beyond its intersection with Tennant Road. The conceptual design plans for the dualling of this section of Bird Street includes a left-in/left-out link between Tennant Road and Bird Street – see an extract below (***Diagram 1***) and the layout attached (***Diagram 5***). With this link in place, an alternative route will be created for right-turning vehicles struggling to access Bird Street via Bell Street.

Diagram 1 : Bird Street dualling with Tennant Road link – extract of Conceptual Design

During the estimated 2024 peak hours, these service levels are anticipated to remain, with further increase in queuing along the side streets.

As mentioned above, an alternative opportunity to accommodate right-turning movements from the side streets will exist with the dualling of Bird Street. However, as the dualling of Bird Street (although required) is not realistically expected to be implemented within the short term, it is suggested that the provision of traffic signals at this intersection be considered to address the abovementioned unacceptable service levels and excessive queuing. According to the Sidra analyses, service levels on the side streets can be expected to improve, however, the provision of the potential traffic signals will result in some queuing along Bird Street opposed to the free-flow conditions currently experienced.

From an intersection spacing perspective the potential traffic signals could be problematic. This will be further discussed in *paragraph 4* below.

It can thus be concluded that to accommodate the background traffic at the Bird Street/Bell Street intersection, the provision of traffic signals be considered as a short term solution until such a time that Bird Street is dualled.

3.5.2 Analyses of Expected Peak Hour Volumes (including proposed development)

The traffic that can potentially be generated by the proposed development (***Figure 3***) was added to the estimated 2024 peak hour volumes, i.e. background traffic (***Figure 2***), to obtain the expected 2024 peak hour volumes (***Figure 4***).

Link Volumes:

As indicated in ***Figure 4*** attached, the following link volumes (total two-way traffic) are expected along Bird Street in the vicinity of the subject property:

Expected 2024 (AM/PM) 1 950/2 277

As per the previous paragraph, the dualling of Bird Street in the vicinity of the subject property is already required to accommodate the existing peak hour traffic, prior to the implementation of the proposed development. With the addition of the proposed development traffic, no additional dualling is required.

It can thus be concluded that no dualling, additional to that required to accommodate the background traffic, is considered necessary as result of the proposed development.

Bird Street/Bell Street intersection:

With the increase in right-turning traffic towards Bell Street, it is suggested that a dedicated right-turn lane be provided along the northern Bird Street-approach, similar to the existing dedicated right-turn lane along the southern Bird Street-approach, to accommodate the proposed development traffic. This is addressed in the conceptual plans for the dualling of Bird Street (extract attached as ***Diagram 5***).

It can thus be concluded that to accommodate the addition of the proposed development traffic at the Bird Street/Bell Street intersection, a dedicated right-turn lane be provided along the northern Bird Street-approach (similar to the existing lane along the southern Bird Street-approach).

Bird Street/Access intersection:

According to the Sidra analyses, unacceptable service levels F can be expected on the access-approach to the intersection during the expected AM and PM peak hours. Acceptable service levels A can be expected along Bird Street (both approaches) during the AM peak hour, whilst service level A can be expected along the southern Bird Street-approach, and C along the northern Bird Street-approach during the PM peak hour. The service level C expected is as result of the potential right-turning traffic towards the proposed development (sharing the lane with the through traffic). As previously mentioned, access to Bird Street will initially be that of a full access for the interim, as the proposed access has been identified as future left-in/left-out when the road is dualled. The construction of a dedicated right-turn lane will thus at this stage result in abortive work. It is therefore suggested that the access operate as full access until such a time that the road is dualled, but that dedicated turning lanes (resulting in abortive work) not be constructed at this stage as vehicles struggling to turn right into the subject property will have the opportunity to do so at the alternative access (Bell Street).

It can thus be concluded that no upgrades are considered necessary to the Bird Street/Access intersection to accommodate the proposed development traffic.

Bell Street/Access intersection:

According to the Sidra analyses, acceptable service levels can be expected on all approaches to this intersection.

It can thus be concluded that no upgrades are considered necessary to the Bell Street/Access intersection to accommodate the proposed development traffic.

4. GEOMETRY

As previously mentioned, access will remain to Bird Street and Bell Street. According to the *Road Network Information System* (RNIS) of WCG, Bird Street (north of its intersection with the R44) can be classified as a Class 2-road. Bell Street can be classified as a Class 5-road.

As mentioned with the analyses of the background traffic, it is suggested that the signalisation of the Bird Street/Bell Street intersection be considered. According to information, the said intersection used to operate as a signalised intersection years ago. As also mentioned, the spacing of signalised intersections along Bird Street is of concern when considering replacing the traffic signals at the Bird Street/Bell Street intersection. According to the *Road Access Guidelines* (RAG) of WCG, spacing required between signalised intersections along Class 2-roads in intermediate areas are 540 metres. The subject intersection is situated ± 155 metres from the R44/Bird Street intersection (centre-to-centre), which is currently a signalised intersection.

Substandard spacing thus exists along this section of Bird Street for the provision of traffic signals at the Bird Street/Bell Street intersection.

The abovementioned accesses will be provided in line with the AMP. The proposed access to Bird Street will provide access to the ground floor parking area, whilst an access to Bell Street will provide access to the basement parking area. A one-way link is proposed from the ground floor parking to the basement parking/Bell Street-access. The said link will also facilitate right-turning outbound traffic in future when the R304 (i.e. Bird Street) is dualled and the Bird Street-access (initially full access) changed to a left-in/left-out (as per the AMP).

Two-way traffic is facilitated within the isle width of the ground floor parking area, whilst one-way traffic flow is proposed within the basement.

With the design of the accesses it is suggested that minimum 6,0 metre bellmouth radii be provided.

Deliveries and refuse removal are proposed to be handled adjacent to the basement-access (Bell Street). A loading bay is indicated to accommodate delivery- and refuse vehicles on-site as to not obstruct traffic flow along Bell Street.

5. PARKING

According to the Stellenbosch Zoning Scheme Regulations, 4 bays per 100 m^2 GLA are required for shops and offices. Based on this, a total of 113 parking bays are required (for the 2 815 m^2 GLA).

It is proposed to provide parking at the abovementioned rate for the offices, but to provide 6 bays per 100 m^2 GLA for the retail components. As indicated on the attached plan, a total of 152 parking bays are proposed (39 ground floor and 113 basement), which is in excess of the required parking and thus sufficient.

Parking bays as indicated consist of dimensions in line with normal parking standards – 2,5 by 5,0 metre bays, with bays adjacent to walls 2,85 metres wide. The isle widths behind 90-degree parking bays are 7,0 metres and minimum 5,0 metres behind angled parking bays, both of which are considered sufficient. The parallel parking bays proposed consist of minimum 2,5 by 6,0 metre dimensions which is also considered sufficient.

6. PUBLIC AND NON-MOTORISED TRANSPORT

6.1 Public Transport

Traffic counts conducted as mentioned in *paragraph 3.1* above also identified taxis. These volumes are indicated in ***Diagram 2*** below. From these volumes it can be noted that very few taxis turn towards the railway station, and that some taxis use this road link (i.e. Bell Street) between the R44 and Bird Street as rat run during the PM peak hour to avoid the R44/Bird Street signalised intersection.

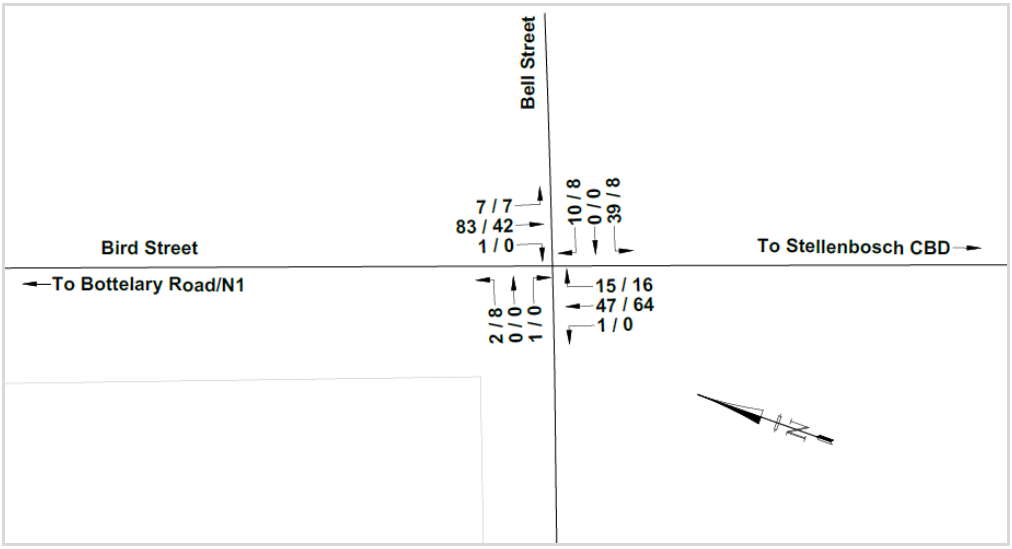

Diagram 2 : Existing AM/PM peak hour taxi volumes

As indicated on the attached plan, the eight (8) 90-degree parking bays along Bell Street are proposed to be marked for taxis.

The Conceptual Design plans for the dualling of Bird Street included parallel parking along Bird Street (including the extent of the property boundary abutting the road), as parking did not previously exist on-site. However, as indicated on the attached layout plans, sufficient on-site parking will be provided with the proposed development, and it is the intention of the developer to provide a paved surface (possibly with public seating areas) within the space previously considered for potential parallel public parking. Traffic flow along Bird Street can thus be expected to improve with the exclusion of the parallel parking.

As previously mentioned, the subject property is situated adjacent to the Du Toit Railway Station.

Based on the above, it is not considered necessary to provide additional public transport facilities to accommodate the proposed development.

6.2 Non-motorised Transport (NMT)

As mentioned in *paragraph 3.1* above, pedestrians and cyclists were also included in the traffic count conducted. Refer to ***Diagram 3*** and ***Diagram 4*** below:

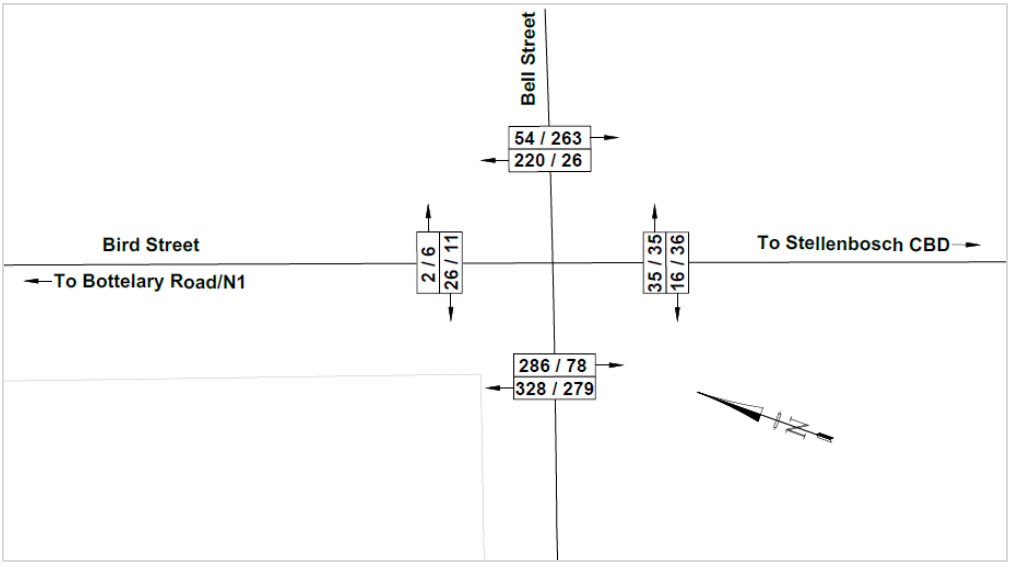

Diagram 3 : Existing AM/PM peak hour pedestrian volumes

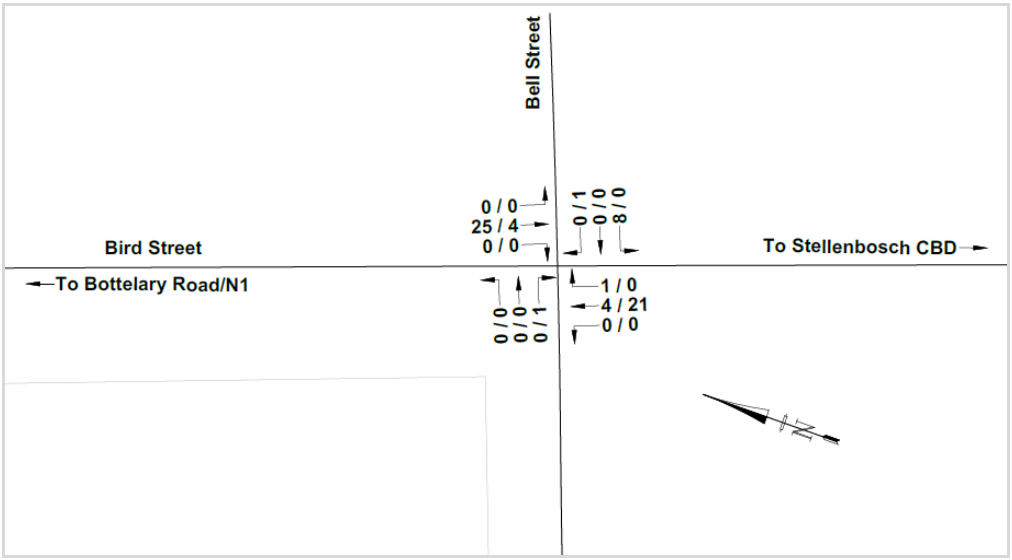

Diagram 4 : Existing AM/PM peak hour bicycle volumes

As per the above diagrams, the main movement of pedestrians and cyclists is along Bird Street, however some pedestrians cross Bird Street in the vicinity of its intersection with Bell Street (assumed to travel to/from the railway station). Should traffic signals be considered at the intersection, provision should be made for pedestrians at the intersection.

Sidewalks currently exist along both sides of Bird Street and Bell Street, in the vicinity of the subject property. With the dualling of the R304 (i.e. Bird Street), a 2,0 metre wide sidewalk is proposed along the eastern side of the road and a 3,5 metre wide NMT facility along the western side of the road.

As mentioned above, it is the intention to surface the area between the property boundary and the edge of Bird Street. This will tie in with existing facilities accommodating pedestrians, as well as with the future planned NMT-facility along this section of Bird Street.

It is not considered necessary to provide NMT facilities additional to the abovementioned, as result of the proposed development.

7. CONCLUSIONS

The following can be concluded from the report:

1) That this TIA accompanies the Application for Rezoning from Industrial to Commercial and Site Development Plan Submission for Erf 6128, situated on the corner of Bird Street and Bell Street, adjacent to the Du Toit Railway Station, Stellenbosch;

2) That the proposed development will consist of 1 307 m^2 GLA retail anchor, 722 m^2 GLA line shops and 786 m^2 GLA offices, with access to Bell Street and to Bird Street in line with the AMP of the R304 (i.e. Bird Street);

3) That the proposed development has the potential to generate 76 AM peak hour trips (53 in, 23 out) and 348 PM peak hour trips (169 in, 179 out);

4) That to accommodate the background traffic, the dualling of Bird Street in the vicinity of the subject property is required, and that it is suggested that the potential signalisation of the Bird Street/Bell Street intersection be considered;

5) That to accommodate the proposed development traffic, it is suggested that a dedicated right-turn lane be provided along the northern Bird Street-approach to the Bird Street/Bell Street intersection (similar to the existing right-turn lane along the southern-approach);

6) That the proposed development access to Bird Street will initially be a full access, and with the future dualling of the R304, operate as left-in/left-out access as per the AMP;

7) That deliveries and refuse removal will be handled adjacent to the basement-access to Bell Street;

8) That parking is proposed (152 bays) in excess of the Municipal minimum requirement (113 bays), with dimensions in line with normal parking standards;

9) That the Du Toit Railway Station is situated adjacent to the subject property and that accommodation for taxis are proposed along Bell Street, and no additional public transport facilities thus considered necessary as result of the proposed commercial development; and

10) That sidewalks currently exist along both sides of Bird Street and Bell Street, in the vicinity of the subject property, and that with the dualling of the R304 a 2,0 metre sidewalk is proposed along the eastern side of the road and a 3,5 metre NMT facility along the western side and that no additional NMT-facilities are thus considered necessary as result of the proposed development.

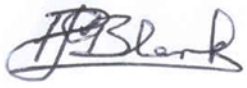
8. RECOMMENDATIONS

From the above the following are recommended:

1) That to accommodate the background traffic:

    a) The dualling of Bird Street in the vicinity of the subject property is required to accommodate the existing traffic; and

    b) The potential signalisation of the Bird Street/Bell Street intersection be considered and that should it be provided provision should be made for pedestrians;



2) That to accommodate the proposed development traffic, it is suggested that a dedicated right-turn lane be provided along the northern Bird Street-approach to the Bird Street/Bell Street intersection (similar to the existing right-turn lane along the southern-approach).

We trust that the Traffic Impact Assessment will be to your satisfaction and will gladly provide any additional information required on request.

Yours faithfully

Yolandi Obermeyer (B. Eng Civil)

Meeting Date:

---

1. SUBJECT: CORRECTION OF TABLES 20 AND 28 WITHIN THE APPROVED STELLENBOSCH MUNICIPALITY SPATIAL DEVELOPMENT FRAMEWORK, 2019 ("MSDF")

2. PURPOSE

The report aims to provide the Council with the context and purpose, and accordingly to note the correction of the following tables within the approved MSDF:

- Table 20: "Plan Elements and Proposals for Stellenbosch Town" (p.69); and –
- Table 28: "Proposed Settlement Hierarchy" (p.102)

3. DELEGATED AUTHORITY

Council.

4. EXECUTIVE SUMMARY

The request to notify the Council of the correction of tables 20 and 28 of the approved MSDF to align to the context and purpose as stated and gazetted in Section 5.3 (p.67) and Appendix B (p.151, 157, 163, 169 & 180) of the Stellenbosch MSDF. In addition, the request to obtain approval from the Council to communicate the corrected tables on the municipal website.

5. RECOMMENDATIONS

a) that Council notes the correction of tables 20 (p.69) and 28 (p.102) of the approved Stellenbosch MSDF, as per the attached Appendix 1 to this report.

b) that Council approves the placement of the corrected tables on the municipal website as part of the approved Stellenbosch MSDF, as per the attached **APPENDIX 2** to this report.

6. DISCUSSION / CONTENTS

6.1 Background

A land-use application for rezoning within Technopark was submitted to the Stellenbosch Municipality and during the planning process came before the Municipal Planning Tribunal and the Appeal Authority for decision-making. The Appeal Authority dismissed the applicant's appeal, after which the decision was taken on review.

The High Court Judgment dated 11 May 2022 noted that the Council's policy intent and statements as noted and gazetted with specific reference to the MSDF envisioning Technopark as a specialised business hub and not including it from the focus on infill opportunities within Stellenbosch Town (i.e. existing local districts, specifically Cloetesville, Ida's Valley, Stellenbosch Central, and edges of Jamestown), did not carry through to Table 20 (p.69) and Table 28 (p.102).

Correcting the text in the tables will align the context and purpose as noted in the abovementioned sections of the MSDF, and ensure that Council adheres to and complies with the principle of good administration and the provisions of the Local Government Systems Act 32 of 2000 (MSA), the Spatial Planning and Land Use Management Act 16 of 2013 (SPLUMA), Western Cape Land Use Planning Act, Act No. 3 of 2014 (LUPA), and the Stellenbosch Municipal Land Use Planning By-law (MPBL).

6.2 Discussion

Council adopted its Stellenbosch MSDF in November 2019, copy of Council resolutions attached in Appendix 3, which was subsequently gazetted in the Provincial Gazette dated 31 January 2020, as required in terms of Section 20 of the Spatial Planning and Land Use Management Act, Act 16 of 2013 ("SPLUMA").

During the adoption of the MSDF, the Council's policy intent and statements as noted and gazetted in Section 5.3 (p.67) and Appendix B (p.151, 157, 163, 169 & 180) with specific reference to the MSDF envisioning Technopark as a specialised business hub and not including it from the focus on infill opportunities within Stellenbosch Town (i.e. existing local districts, specifically Cloetesville, Ida's Valley, Stellenbosch Central, and edges of Jamestown), did not carry through to Table 20 (p.69) and Table 28 (p.102). This was highlighted by the High Court Judgement dated 11 May 2022, and accordingly, the corrected MSDF tables are herewith attached in **APPENDIX 2**.

The intent, therefore, is to correct the text to align to the context and purpose as noted in the abovementioned sections of the MSDF and ensure that the MSDF adheres to Section 26(e)[1] of the Local Government Systems Act 32 of 2000,

[1] A spatial development framework must 'include the provision of basic guidelines for a land use management system for the municipality'.

Sections 35(1)(a)[2], 12(2)(b)[3], 22(1)[4] of the Spatial Planning and Land Use Management Act 16 of 2013 (SPLUMA).

The rectifications also ensure compliance with the principle of good administration in Section 7 of SPLUMA which states that policies, legislation, and procedures must be clearly set to inform and empower members of the public. Section 12(1)(g) of SPLUMA also prescribes that the MSDF must provide clear and accessible information to the public and private sectors and provide direction for investment purposes. It is required to promote a rational and predictable land development environment to create trust and stimulate investment[5], and provide direction for strategic developments, and infrastructure investment, promote efficient, sustainable, and planned investments by all sectors and indicate priority areas for investment in land development[6].

6.3 Financial Implications

None

6.4 Legal Implications

The rectification of the two tables will ensure compliance to the legislative requirements in accordance with the provisions of the Local Government: Municipal Systems Act, Act No. 32 of 2000 (MSA), Spatial Planning and Land Use Management Act, Act No. 16 of 2013 (SPLUMA), Western Cape Land Use Planning Act, Act No. 3 of 2014 (LUPA), and the Stellenbosch Municipal Land Use Planning By-law (MPBL).

6.5 Staff Implications

There are no additional staff implications should the recommendation as set out above be accepted.

6.6 Previous / Relevant Council Resolutions

The following Council approvals are applicable:

URGENT COUNCIL MEETING: 2019-08-02

RESOLVED (majority vote)

URGENT COUNCIL MEETING: 2019-11-11

RESOLVED (majority vote)

6.7 Risk Implications

None

[2] The MSDF as the principal strategic planning instrument which guides and informs all planning and development, and all decisions with regard to planning, management and development, in the municipality.

[3] The MSDF must guide and inform the exercise of any discretion or any decision taken in terms of the Act or any other law relating to land use and development of land by the Stellenbosch Municipality.

[4] The Municipal Planning Tribunal or any other authority required or mandated to make a land development decision… may not make a decision which is inconsistent with a MSDF.

[5] Section 12(1)(l) of SPLUMA.

[6] Section 12(1)(k) of SPLUMA.

APPENDIX 1

Table 20. Plan Elements and Proposals for Stellenbosch Town

TYPE OF ACTION	SDF ELEMENT	SPATIAL PROPOSALS	RELATED NON SPATIAL PROPOSALS
Protective Actions	CBAs, ESA's, Protected areas	• Maintain and improve the nature areas surrounding Stellenbosch town. • Work to increasingly connect and integrate nature areas, also with the urban green areas, to form an integrated green web or framework across the town and its hinterland area.	• Implement management actions contained in the SEMF.
	Water courses	• Improve public continuity, access, and space along the Kromrivier, Plankenbrug, Eerste River, and Blaauklippen River corridors.	• Improve water quality in the Plankenbrug River (through infrastructure improvements in Kayamandi).
	Agricultural land	• Retain and improve the relationship between Stellenbosch town and surrounding agricultural land.	
	Urban edge	• As a general principle, contain the footprint of Stellenbosch town as far as possible within the existing urban edge (while enabling logical, small extensions).	
	Scenic landscapes, scenic routes, special places	• Retain the strong sense of transition between agriculture and human settlement at the entrances to the town.	
	Historically and culturally significant precincts and places	• Maintain the integrity of historically and culturally significant precincts and places (as indicated in completed surveys). • Improve public space and movement routes within historically and culturally significant precincts, with a focus on pedestrianism. • Work to grow the extent of historically and culturally significant precincts and places in daily use and accessible to the public (through appropriate re-design and use of specifically disused industrial buildings along the Adam Tas Corridor).	
Change Actions	Informal settlements to be upgraded	• Define and hold the northern and eastern edges of Kayamandi. • Support land use change along George Blake Road to enable the integration of Kayamandi with the Adam Tas Corridor and Stellenbosch central area.	• Utilise government land assets to enable integration between informal settlements and established areas.
	Areas for residential densification and infill	• Pro-actively support higher density infill residential opportunity in the town centre, areas immediately surrounding it, and along major routes (with consideration of historic areas and structures).	• Utilise government land assets to enable residential densification and infill development.
	Areas for mixed land use and improved economic opportunity	• Retain and actively support mixed use redevelopment and building within the town centre and surrounding areas, comprising living space above active street fronts. • Actively support pedestrianism and improved public space within the old town centre	• Support private sector led institutional arrangements assist with urban management in the town centre.
	Improved access and mobility	• Pro-actively improve conditions for walking and NMT within Stellenbosch town. • Improve access to the Techo Park, specifically from the north-west.	• Pro-actively, and in partnership with key corporations/ institutions, introduce transport mode demand measurements favouring public and NMT. • Ensure that the design of all roads within and surrounding the town provides for appropriate NMT movement.
	Community/ institutional use	• Cluster community facilities together with commercial, transport, informal sector and other activities so as to maximise convenience, safety and socio-economic potential. • Retain, as far as is possible, University and other educational uses within Stellenbosch town.	• Actively support the shared use of community facilities.
	Improved landscaping and public amenity	• As far as possible, focus investment in parks, open space, and social facilities accessible by public and NMT, in this way also increasing the surveillance of these facilities.	• Actively involve local communities in the development and management of public amenities.
New Development Actions	Significant new mixed use development	• Develop the Adam Tas Corridor as a mixed-use, high density urban district, with strong internal and external public and NMT connections.	• Support private sector led institutional arrangements to enable joint planning and redevelopment. • Support redevelopment by making available government land assets.
	Significant new residential development	• Support inclusive infill development on vacant public land within Cloetesville, Idas Valley, Central Stellenbosch, and Jamestown. • Support infill development on private land within Stellenbosch town in a manner which serves to compact the town, expand residential opportunity, and rationalize the edges between built and unbuilt areas. • ~~Support the further development of Techo Park as a balanced community, emphasizing residential opportunity.~~	
	Significant change to access and mobility provision	• Explore the feasibility of changing/ complementing the rail service along the Baden Powell Drive-Adam Tas-R304 corridor to a system providing a more frequent, flexible service better integrated into the urban realm. Alternatively, a regular bus service should be explored serving the same route.	• Support private sector led institutional arrangements to enable joint planning and unlocking of the opportunity.

Table 28. Proposed Settlement Hierarchy

SETTLEMENT	ROLE	DEVELOPMENT AND LAND USE MANAGEMENT FOCUS
PRIMARY SETTLEMENTS		
Stellenbosch Town	• A significant centre comprising extensive education, commercial and government services with a reach both locally and beyond the borders of the municipality, tourism attractions, places of residence, and associated community facilities.	• Broadening of residential opportunity for lower income groups, students, and the lower to middle housing market segments. • Upgrade of informal settlements. • Retention of University functions in town. • Enablement of the Adam Tas Corridor. • Sensitive residential infill and compaction. • Drive to established "balanced" precincts (e.g. ~~Techno Park~~ Cloetesville). • Public transport development, travel demand management, parking controls, and NMT improvements.
Klapmuts	• Focus for economic development (utilizing a favorable location for manufacturing, logistics, and warehousing enterprises) and associated residential opportunity.	• Support for development of RE/Farm 736 as a lever to economic development utilising a favorable location for manufacturing, logistics, and warehousing enterprises. • Balanced housing provision in Klapmuts South, focused on those who can benefit from employment provision through unlocking Klapmuts North. • Establishing the Klapmuts town centre. • NMT improvements.
Franschhoek	• Secondary service centre, significant tourist destination, and place of residence.	• Upgrade of informal settlements • NMT improvements. • Sensitive infill within urban edge providing inclusive housing and extended commercial opportunity (also for small and emerging entrepreneurs). • Retention of historic character.
SECONDARY SETTLEMENTS		
La Motte	• Contained rural settlement.	• Diversification of existing activities to curtail the need for movement. • Sensitive location of diversified uses closer to the R45. • Limited further housing development.
Wemmershoek	• Contained rural settlement.	• Possible extension of residential opportunity linked to re-use of saw-mill site and local employment opportunity.
Groot Drakenstein	• Contained historic rural settlements.	• Accommodation of sensitive private and public sector initiatives offering expanded livelihood (including tourism) and residential opportunity.
Dwars River Valley	• Contained historic rural settlements.	• Accommodation of sensitive private and public sector initiatives offering expanded livelihood (including tourism) and residential opportunity.
Jonkershoek	• Contained, but dispersed collection of institutional, recreational and residential uses.	• Rationalisation and containment of existing occupation rights.
Muldersvlei	• Contained rural settlement.	• Potential future consolidated, inclusive settlement linked to rail/bus.
Koelenhof	• Contained rural settlement.	• Potential future consolidated, inclusive settlement linked to rail/bus.
Vlottenburg	• Contained rural settlement.	• Potential future consolidated, inclusive settlement linked to rail/bus.
Lynedoch	• Contained village and institutional cluster.	• Gradual expansion of unique development model based focused on sustainable living and education.
Spier	• Contained tourism and cultural centre.	• Containment and limited expansion of existing offering.
Raithby	• Contained historic rural settlement.	• Protection of unique historic settlement structure and form.

1.	OPENING AND WELCOME

The Speaker, Cllr WC Petersen (Ms) welcomed all present.

Her communication can be summarized as follows:

- "Allow me to welcome all to the Urgent Council meeting:
  - Executive Mayor
  - Municipal Manager
  - All Directors and other Officials
  - All members of the public
- A special welcome to all women in the Council, meaning:
  - All women Councillors
  - All women in employment of Council
  - And all women in the WCO24 area of jurisdiction.

  May we as women remember our past and use this month to reconcile with the future.

- REASONS FOR THIS SPECIAL COUNCIL MEETING

- Aldermen and Councillors will recall that during the approval of the IDP and Budget at the Council meeting dated 2019-06-12, a request was made to have another public participation on the MSDF process with the closing date for comments on 5 July 2019.
- An very important Statutory Inter-Governmental Steering Committee meeting took place 5 June 2019 to discuss certain inputs.

Based on the above:

- a special meeting was called for the approval of the Revised Stellenbosch Spatial Development Framework (SDF) after the extended public participation process.
- the Approval of the Integrated Development Plan (IDP) to update the newly included proposals from the communities.

Moment of silence:

- WF Ortell – Alderman and previous Mayor on three (3) occasions, passed away at the age of 89 years. May His Soul Rest In Peace.
- Council also notes the passing on of other people within the WCO24 and think of the families during this cold winter days.
- A student died and another has been paralysed through unknown student activities at the University of Stellenbosch. Lets keep their families and the university itself in our prayers during these times.
- Another brutal attack took place on a 88-year old farmer of Stellenbosch in the Koelenhof area. Request that the agencies of safety do everything human possible to secure our voters lifes against this evil attacks.
- Two people in Jamestown lost their lives in a mysterious way.
- Let us think of all people within WCO24.
- Let us stand for a moment of silence, please.

Thank You".

2. APPLICATION FOR LEAVE OF ABSENCE

2.1 The following applications for leave of absence were approved in terms of the Rules of Order By-law of Council:-

Cllr LK Horsband (Ms)	– 2 August 2019
Cllr N Jindela	– 2 August 2019
Cllr DD Joubert	– 2 August 2019
Cllr N Mananga-Gugushe (Ms)	– 2 August 2019
Cllr NE Mcombring (Ms)	– 2 August 2019
Cllr XL Mdemka	– 2 August 2019
Cllr RS Nalumango (Ms)	– 2 August 2019
Cllr N Olayi	– 2 August 2019
Cllr P Sitshoti (Ms)	– 2 August 2019

2.2 Permission was granted to Councillor F Adams to leave the meeting earlier (at 11:00), because he did not feel well.

3. DISCLOSURE OF INTEREST

NONE

4.	STATUTORY MATTERS

4.1	APPROVAL OF THE DRAFT MUNICIPAL SPATIAL DEVELOPMENT FRAMEWORK IN RESPONSE TO COMMENT AND INPUT RECEIVED FROM THE PUBLIC AND OTHER KEY PLATFORMS

Collaborator No:
IDP KPA Ref No: *Valley of Possibility*
Meeting Date: **2 August 2019**

1. SUBJECT: APPROVAL OF THE DRAFT MUNICIPAL SPATIAL DEVELOPMENT FRAMEWORK IN RESPONSE TO COMMENT AND INPUT RECEIVED FROM THE PUBLIC AND OTHER KEY PLATFORMS

2. PURPOSE

To submit to council the final draft municipal Spatial Development Framework (*m*SDF) in terms of the Municipal Systems Act, no 32 of 2000 (MSA) for formal approval.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

The purpose of the item is to inform Council of the comments received during the period that the *m*SDF was re-advertised in terms of the Stellenbosch Municipal Land Use Planning By-law, 2015 and Section 20(3) of the Spatial Planning and Land Use Planning Act, No 16 of 2013 (SPLUMA) and the MSA for a further period of 21 days and to obtain Council approval of the *m*SDF for inclusion in the 2019/20 Integrated Development Plan (IDP).

URGENT COUNCIL MEETING: 2019-08-02: ITEM 4.1

The Administration handed out a map in the meeting, which replaces page 79 in the Agenda (see attached **APPENDIX**). A presentation on the document was done by the Director: Planning and Economic Development, Mr T Mfeya and the Manager: Spatial Planning, Mr B De La Bat.

During deliberations on the matter, the DA requested a caucus, which the Speaker allowed.

When the meeting resumed, it was

RESOLVED (majority vote)

(a) that Council notes input and comments received on the Draft Municipal Spatial Development Framework attached as **ANNEXURE 1** of the agenda;

(b) that Council approves the final draft *m*SDF as attached as **ANNEXURE 1** to the agenda item; with the exclusion of Erf 1049/3 from the urban edge, as this is currently zoned agriculture;

(c) that the final draft Municipal Spatial Development Framework be included in the 2019/20 Integrated Development Plan (IDP); and

(d) that the Municipal Manager be mandated to investigate the approvals of Brandwacht Hotel outside the urban edge and how this proposal was now included in the Brandwacht urban edge.

Cllr DA Hendrickse requested that his vote of dissent be minuted and that an Official confirmed that there is an other rezoning on the land apart from agriculture.

REPORT DATE	20 July 2019

4.2	APPROVAL OF THE DRAFT FIRST AMENDMENT OF THE FOURTH GENERATION IDP 2017 – 2022

Collaborator No: 654776
IDP KPA Ref No: Good Governance and Compliance
Meeting Date: 2 August 2019

1. SUBJECT: APPROVAL OF THE DRAFT FIRST AMENDMENT OF THE FOURTH GENERATION IDP 2017 – 2022

2. PURPOSE

To submit the draft First Amendment of the Fourth Generation IDP 2017 – 2022 to Council to be released for public comment.

3. DELEGATED AUTHORITY

In terms of Section 34 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000) (MSA) prescribes that the Municipal Council:–

"(b) may amend its integrated development plan in accordance with a prescribed process.

The process referred to in Section 34(b) of the MSA are further regulated by Regulations 3(1) – (6) of the Local Government: Municipal Planning and Performance Management Regulations, 2001.

4. EXECUTIVE SUMMARY

The Municipality concluded an extensive process to review its Municipal Spatial Development Framework (*m*SDF). The *m*SDF is regarded as a core component to the IDP, as noted in Section 26(e) of the MSA. The *m*SDF is regarded as a critical developmental tool as an enabler for development, hence the *m*SDF must be incorporated into the IDP to give expression to its developmental focal.

URGENT COUNCIL MEETING: 2019-08-02: ITEM 4.2

RESOLVED (majority vote)

(a) that the draft First Amendment of the Fourth Generation IDP (2017 –2022) of the Stellenbosch Municipality be tabled in terms of section 34(b) of the MSA read together with Regulations 3(1) – (6) of the Local Government: Municipal Planning and Performance Management Regulations, 2001;

(b) that the draft First Amendment of the Fourth Generation IDP (2017 –2022) be released for public comment;

(c) that the period of 21 days shall commence from the date of the Council resolution;

(d) that an advertisement be placed on the official website of the Municipality, municipal notice boards and in the local newspapers notifying the public that the draft First Amendment of the Fourth Generation IDP 2017 – 2022 is open for public inputs and comments during August 2019; and

(e) that the draft First Amendment of the Fourth Generation IDP 2017 – 2022 be submitted to the Department of Local Government, Provincial Treasury, National Treasury and the Cape Winelands District Municipality.

Cllr DA Hendrickse requested that his vote of dissent be minuted.

5.	MATTERS SUBMITTED BY THE MUNICIPAL MANAGER
5.1	2019-2020 GRANT IN AID DONATIONS: EDMUND RICE CAMPS

Collaborator No: 654789
IDP KPA Ref No: Dignified Living: Municipal Focus Area 21
Meeting Date: 2 August 2019

1. SUBJECT: 2019-2020 GRANT IN AID DONATIONS: EDMUND RICE CAMPS

2. PURPOSE

To inform council of the status of the approved Grant in Aid donation for the 2019-2020 financial year.

3. DELEGATED AUTHORITY

FOR DECISION BY MUNICIPAL COUNCIL

4. EXECUTIVE SUMMARY

Council approved Grant in Aid donations as part of the Draft MTREF (Budget) 2019-2022 item at the 27th Council meeting on 29 May 2019. After approval of the donations, the Grant in Aid policy requires that a Memorandum of Agreement be signed with each of the recipient organizations prior to making payment. Agreements were signed with all approved organisations apart from Edmund Rice Camps and documentation have been prepared to give effect to the intended donations.

URGENT COUNCIL MEETING: 2019-08-02: ITEM 5.1

NOTED

that the approved donation of R 40 000.00 for Edmund Rice Camps will not be paid.

5.2	2019-2020 GRANT IN AID DONATIONS

Collaborator No: 529636
IDP KPA Ref No: Dignified Living: Municipal Focus Area 21
Meeting Date: 02 August 2019

1. **SUBJECT: 2019-2020 GRANT IN AID DONATIONS**

2. **PURPOSE**

To obtain approval for a Grant in Aid donation for the 2019-2020 financial year.

3. **DELEGATED AUTHORITY**

FOR DECISION BY MUNICIPAL COUNCIL

4. **EXECUTIVE SUMMARY**

Council approved Grant in Aid donations as part of the Draft MTREF (Budget) 2019-2022 item at the 27th Council meeting on 29 May 2019. A further donation is being recommended for approval after it became apparent that the appeal of Nietvoorbij United Football Club was not included in the documents presented to Council on 29 May 2019.

URGENT COUNCIL MEETING: 2019-08-02: ITEM 5.2

RESOLVED (majority vote)

that a Grant in Aid donation to the amount of R 40 000.00 to Nietvoorbij United Football Club be approved.

5.3	FINAL GRANT ALLOCATIONS OF TOURISM FUNDING TO TOURISM ENTITIES

1. SUBJECT: FINAL GRANT ALLOCATIONS OF TOURISM FUNDING TO TOURISM ENTITIES

2. PURPOSE

To make the final grant allocations on applications received from entities/external bodies performing a municipal function.

3. DELEGATED AUTHORITY

COUNCIL

4. EXECUTIVE SUMMARY

In terms of section 6(2) of the Policy for The Financing of External Bodies Performing a Municipal Function, "the Grant Committee will have the power to make recommendations to Council for final appointments and financial allocations", and in terms of section 6(3), "the Grant Committee must submit a report on its decisions to the Council for final approval".

This item deals with the applications received from tourism organisations who applied for funding in terms of the Policy for The Financing of External Bodies Performing a Municipal Function.

URGENT COUNCIL MEETING: 2019-08-02: ITEM 5.3

RESOLVED (majority vote with abstentions)

(a) that Council takes note of the R 2 071 489 grant allocation available for distribution to tourism organisations; and

(b) that Council approves the allocation as recommended by the Grant Committee (as per its meeting of 2019-07-12 and contained in this report), to the organisations below as follows:

Franschhoek Wine Valley Tourism	R 1 202 075
Stellenbosch Economic Enterprise Development	R 417 000
Dwarsrivier Tourism Office	R 452 414

5.4	2019/20 WATER AND REFUSE REMOVAL TARIFF ADJUSTMENTS

Collaborator No:
IDP KPA Ref No:
Meeting Date: **2 August 2019**

1. SUBJECT: 2019/20 WATER AND REFUSE REMOVAL TARIFF ADJUSTMENTS

2. PURPOSE

To obtain Council's approval to adjust the 2019/20 water and refuse removal tariffs in line with the increases approved by council.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

The water tariffs structure is based on a punitive structure. The purpose of a punitive structure is to force high-volume water users to reduce demand and to bring the municipality's water usage down. This means that the higher block tariffs will increase with a higher percentage.

After assessing the outstanding debt it's evident that water debt substantially increased over last year and considering the outcry from the public about the high water accounts coupled with the improved dam levels. It is recommended that all water block tariffs be adjusted to increase with only 6.5% for the 2019/2020 financial year.

The refuse removal tariffs also need to be adjusted. A calculation error in the input sheet for the refuse removal tariffs resulted in tariffs increasing with 20% and not 16.5% as recommended to council. These tariffs need to be adjusted to reflect the correct increase of 16.5%.

The refuse removal revenue modelling was done on a 16.5% increase, therefor the budgeted refuse removal revenue is correct.

URGENT COUNCIL MEETING: 2019-08-02: ITEM 5.4

During debate on the matter, the ANC requested a caucus, which the Speaker allowed.

When the meeting resumed, it was

RESOLVED (majority vote)

that Council approves the adjusted water and refuse removal tariffs in **APPENDIX 1**.

Cllr DA Hendrickse requested that his vote of dissent be minuted.

1. OPENING AND WELCOME

The Speaker, Ms WC Petersen, welcomed all present at the Urgent Council meeting and expressed the hope that all will enjoy the various deliberations and fruitful discussions from the different speakers on the topics at hand.

It is with sadness that she informed Council of the passing of **Ex. Mayor, Mr Willie Meyer** at the age of 86 years and **Ex Deputy Mayor, Mr Cameron Mcako** (56 years) as well as Mr **Peter Mapira** (44 years), who worked in Ecclessia Building. She asked the meeting to remember them for their services to our broader communities. Today is Remembrance Day and she asked that we remember our heroes who have died in the end of the world war. Let us join in keeping the family and friends of the departed in our thoughts and prayers during this difficult time. A moment of silence was observed.

2. APPLICATION FOR LEAVE OF ABSENCE

2.1 The following applications for leave of absence were approved in terms of the Rules of Order By-law of Council:-

Cllr F Adams	–	11 November 2019
Cllr G Cele (Ms)	–	11 November 2019
Cllr JG Hamilton	–	11 November 2019
Cllr LK Horsband (Ms)	–	11 November 2019
Cllr DD Joubert	–	11 November 2019
Cllr MD Oliphant	–	11 November 2019
Cllr WF Pietersen	–	11 November 2019
Cllr M Mananga-Gugushe (Ms)	–	11 November 2019
Cllr P Sitshoti (Ms)	–	11 November 2019

2.2 Permission was granted to Councillors N Sinkinya (Ms) and NE Mcombring (Ms) to leave the meeting earlier (at 11:30 and 12:00 respectively).

2.3 ABSENT

Cllr JG Hanekom	–	11 November 2019

3. DISCLOSURE OF INTERESTS

NONE

4.	URGENT MATTERS SUBMITTED BY THE MUNICIPAL MANAGER
4.1	CONFIRMATION OF THE MUNICIPAL SPATIAL DEVELOPMENT FRAMEWORK IN RESPONSE TO THE COUNCIL DECISION OF 2 AUGUST 2019

Collaborator No:
IDP KPA Ref No:
Meeting Date: **Urgent Council: 11 November 2019**

1. **SUBJECT: CONFIRMATION OF THE MUNICIPAL SPATIAL DEVELOPMENT FRAMEWORK IN RESPONSE TO THE COUNCIL DECISION OF 2 AUGUST 2019**

2. **PURPOSE**

To obtain Council's confirmation of the maps contained in the *m*SDF after the final approval of the *m*SDF on 2 August 2019.

3. **DELEGATED AUTHORITY**

Council.

4. **EXECUTIVE SUMMARY**

After submission of the *m*SDF to the province, we received a letter dated 4 November 2019 (see **ANNEXURE 1**) requesting Council to confirm the urban edge maps, in particular figure 28 (see page 70 of the *m*SDF) in line with the Council resolution w.r.t. the *m*SDF adoption dated 2 August 2019. This is due to Council's request to exclude erf 1049/3, i.e. Brandwacht, from the urban edge. On the basis of the Council resolution taken on 2 August 2019, it is required that Council confirm the maps, in particular figure 28 in line with the Council decision.

The letter from the provincial government also indicated an error with the urban edge in the northern extension regarding the farm 81/33 which should be included within the urban edge.

Once Council has had an opportunity to confirm the 2019 *m*SDF with the urban edges, the *m*SDF together with the related IDP Amendment which takes the new *m*SDF into account, will be submitted to Minister Anton Bredell (Minister of Local Government, Environmental Affairs and Development Planning) in accordance with section 14 of the Western Cape Land Use Planning Act, 2014 (LUPA).

URGENT COUNCIL MEETING: 2019-11-11: ITEM 4.1

RESOLVED (majority vote)

(a) that the corrected maps aligned with the approved IDP Amendment as contained in the *m*SDF attached as **ANNEXURE 2** be approved and confirmed as the final maps outlining the urban edge, as per Council decision of 2 August 2019; and

(b) that the approved *m*SDF and IDP Amendment be submitted within 10 working days to the Minister of Local Government, Environmental Affairs and Development Planning, as required in accordance with section 14 of the Western Cape Land Use Planning Act, 2014 (LUPA).

Councillor DA Hendrickse requested that his vote of dissent be minuted.

4.2	PROPOSED SETTLEMENT AGREEMENT IN THE MATTER BETWEEN LA CONCORDE SOUTH AFRICA (PTY) LTD ("LA CONCORDE") VS STELLENBOSCH MUNICIPALITY IN REGARD TO FARM 369P AND FARM 370 STELLENBOSCH

Collaborator No:
IDP KPA Ref No: Good Governance
Meeting Date: Urgent Council: 11 November 2019

1. **SUBJECT: PROPOSED SETTLEMENT AGREEMENT IN THE MATTER BETWEEN LA CONCORDE SOUTH AFRICA (PTY) LTD ("LA CONCORDE") VS STELLENBOSCH MUNICIPALITY IN REGARD TO FARM 369P AND FARM 370 STELLENBOSCH**

2. **PURPOSE**

To get Council approval for the proposed settlement agreement in the legal proceedings between La Concorde and Stellenbosch Municipality.

3. **DELEGATED AUTHORITY FOR DECISION BY COUNCIL**

As the proposed settlement agreement the lease of land Council must approve the agreement.

4. **EXECUTIVE SUMMARY**

Stellenbosch Municipality entered into a long term lease agreement with KWV in terms of which Farm 369P and Farm 370 Stellenbosch (also known as "Grondves") was leased to KWV, copies of which is annexed as **ANNEXURE "A"**. KWV was converted to a company called KWV (Pty) Ltd on 2 December 1997 and further changed to KWV South Africa (Pty) LTD on 7 August 1999. There was a further name change on 5 January 2017 to La Concorde South Africa (Pty) LTD (page 3 **ANNEXURE B**). There was never a request to cede the agreement to La Concorde.

A private developer approached the Municipality to construct a road over Grondves Farm in light of the Provincial Department of Transport and the Engineering Department of the Municipality supporting the developer's development on condition that the road should be constructed over Grondves Farm. In light of the aforesaid, the Manager: Property Management informed La Concorde of the request that a portion of the lease area be utilized for purposes of a road and gave notice that a portion of 1.66ha will be excluded from the lease property. This decision was taken by the Manager Property Development under delegated authority in terms of Delegation 541 (of the 2015 delegations) read with clause 20 of the lease agreement. The decision of the Manager: Property Management was taken on appeal in terms of section 62 of the Municipal Systems Act. The appeal authority (municipal Manager) upheld the decision of the Manager: Property Management pursuant to considering all the relevant facts of the matter. La Concorde brought a High Court application challenging the decision taken by the Manager: Property Management as confirmed on appeal to have a portion of lease property excluded from the lease property for purposes of a road as well as the validity of the exemption certificate issued by the Director: Planning and Economic Development. The application further challenges the constitutionality of section 24(1)(e) of the By-law and section 61(2)(c) of LUPA, a copy of the application is attached hereto as **ANNEXURE "B"**.

The Municipality obtained verbal advice from senior advocate that the decision of the Municipality to exclude a portion of 1.66ha from the lease area does not amount to administrative action but is a decision based on a contract. In light of the aforesaid and in an attempt to settle the ongoing dispute with La Concorde, the Municipality made a settlement offer to settle the matter.

La Concorde made a counter settlement proposal which consists of the following:

"The matter is settled on the following terms:

a. that an addendum to the lease agreement be entered into on the basis that the land comprising the extension of Schuilplaats Road and the portion of land between Schuilplaats Road and the R44 be excluded from the current lease agreement.
b. That the lease agreement be ceded by La Concorde to KWV.
c. Each party to pay its own costs.

2. Alternatively, the matter is settled on the following terms:
a. That an addendum to the lease agreement be entered into on the basis that the land comprising the extension of Schuilplaats Road and the portion of land between Schuilplaats Road and the R44 be excluded from the lease agreement.
b. Your client agrees to amend the lease agreement.
   i. to allow our client to sublet the leased property to KWV, alternatively a lessee of our client's choosing.
   ii. Our client has the right to cancel the lease agreement if it so chooses during the remaining term of the lease agreement.
   iii. Each party to pay its own costs."

A copy of the letter is annexed hereto as **ANNEXURE "C"**:

URGENT COUNCIL MEETING: 2019-11-11: ITEM 4.2

During debate on the matter, Councillor DA Hendrickse requested that it be minuted that the Asset Transfer Regulations has not been complied with.

RESOLVED (majority vote)

(a) that the matter is settled on the following terms:

(aa) that an addendum to the lease agreement be entered into on the basis that the land comprising the extension of Schuilplaats Road and the portion of land between Schuilplaats Road and the R44 be excluded from the lease agreement;

(bb) that the Municipality agrees to amend the lease agreement:

(i) to allow La Concord to sublet the leased property to KWV, alternatively a lessee of La Concorde's choosing for a period of not more than 5 years;

(ii) that La Concorde has the right to cancel the lease agreement if it so chooses during the remaining term of the lease agreement.

(b) that the agreement is in full and final settlement of the entire High Court Application launched under case 22807/2018; and

(c) each party to pay its own costs.

Councillor DA Hendrickse requested that his vote of dissent be minuted.

REPORT DATE	8 NOVEMBER 2019

4.3	ACQUISITION OF ERF 1852, STELLENBOSCH (IN-COMMITTEE)

The Speaker **RULED** that this matter is withdrawn.

4.4	RESIGNATION OF THE SPEAKER: CLLR WC PETERSEN (MS) AND ELECTION OF AN ACTING SPEAKER

The Municipal Manager, Ms G Mettler, informed Council that she received a letter from the Speaker, Cllr WC Petersen (Ms), wherein she resigned as Speaker of Council on 2019-11-11 and requested that this matter be dealt with as an Urgent matter, in terms of Rule 8.2 of Council's Rules of Order By-Law.

The Municipal Manager took over the Chair from the Speaker and read the resignation letter of Cllr WC Petersen (Ms) into the records. In line with Section 39(a) a vacancy has occurred.

Therefore, in line with Section 41 of the Structures Act, the Municipal Manager called for the nominations for an Acting Speaker and referred Council to the procedures set out in Schedule 3 of the Structures Act.

The DA requested a caucus, and the Municipal Manager, as Presiding Officer of the meeting, allowed the caucus.

When the meeting resumed, the Municipal Manager in line with Schedule 3(2) called for the nomination of candidates as Acting Speaker.

Two (2) duly signed nominations were received, i.e. Councillor N Jindela and Councillor C Moses (Ms).

Councillor N Jindela announced that he resigns as Deputy Executive Mayor of Council before he accepts the nomination as Acting Speaker, as is also indicated on the nomination form.

A secret ballot in terms of item 6 of Schedule 3 of the Local Government: Municipal Structures Act took place, yielding the following results:

Councillor N Jindela = 28 votes

Councillor C Moses (Ms) = 3 votes

31 ballot papers were handed out of which 0 were spoilt.

The Municipal Manager then

DECLARED

Councillor N Jindela as duly elected Acting Speaker.

The Municipal Manager handed over the Chair to the Acting Speaker, Cllr N Jindela.

The Acting Speaker announced that a Special Meeting will be held on Thursday, 14 November 2019 at 16:00 to elect a Speaker and Deputy Executive Mayor. A notice of the Special Council meeting will be distributed in due course.

The meeting adjourned at 12:30.

13.2	INVESTIGATION WITH REGARDS TO THE VARIOUS RESIDENTIAL PROPERTIES IN MONT ROCHELLE NATURE RESERVE

Collaborator No: 15/10
IDP KPA Ref No:
Meeting Date: 25 May 2022

1. SUBJECT: INVESTIGATION WITH REGARDS TO THE VARIOUS RESIDENTIAL PROPERTIES IN MONT ROCHELLE NATURE RESERVE

2. PURPOSE

The purpose of this item is to put forward a recommendation as to the conclusion of the investigation with regards to the various residential properties in Mont Rochelle Nature Reserve.

3. DELEGATED AUTHORITY

Council of Stellenbosch Municipality (Council).

4. EXECUTIVE SUMMARY

Council decided to investigate all possible options in dealing with the residential properties located in the Mont Rochelle Nature Reserve (the reserve) in an effort to achieve the most effective environmental outcome, address potential negative impact associated with possible development of the various properties whilst at the same time maintaining and preserving the use of the reserve for recreation by the broader public.

The above options investigated included maintaining the *status quo* (trust that no further development within the reserve take place), expropriation or buying-back of the 14 sold (but undeveloped) erven, exchange of land (swop of erven within the reserve from sensitive to less-sensitive locations) or a redesign of the current layout of erven clustered around the current access roads, within the existing layout footprint. Experience gained from the above investigation has now led to a proposed development of a set of architectural design guidelines to guide the development of any of the privately-owned erven in a manner that will ensure minimum impact of potential development on the reserve (visually and ecologically), the surrounding environment and the experience of visitors to the area. These architectural design guidelines will, among other, address aspects such as erf coverage, building style, building orientation, building height, finishes (material and color) and lighting.

The proposals of this Directorate are:

(a) the following architectural design guidelines for any future development on privately-owned erven located within Mont Rochelle Nature Reserve be applied;

(i) Building footprint per erf to be limited to a maximum of 150m².
(ii) Buildings to be single storey only.
(iii) Building design must be sensitive to receiving environment in terms of finishes, material and colours.

(iv) New structures or any related infrastructure must be sensitively placed in terms of environmental features and existing structures / residence.
(v) Pollution of any nature must be kept to a minimum and must be considered as part of the any building design.
(vi) Each property must provide its own services which must be environmentally sustainable.

(b) that the unsold erven be de-proclaimed and consolidated into Mont Rochelle Nature Reserve;

(c) that the Municipal Manager be duly authorised to apply for the amendment of conditions of approval of the relevant erven located within Mont Rochelle Nature Reserve; and

(d) that Municipal Manager be duly authorised to apply for the de-proclamation and consolidation of the remaining unsold erven into Mont Rochelle Nature Reserve.

5. RECOMMENDATION

For Council's consideration.

6. DISCUSSION / CONTENTS

6.1 Background

A total of 62 erven were proclaimed in Mont Rochelle Nature Reserve in 1910, 16 of which have been sold on auction to private individuals. The purpose of the auction was to generate funds for improving the Franschhoek sports facilities and water provision infrastructure to the town. Informal access roads to the erven were constructed by the municipality. During 1997 the (then) Franschhoek Council decided not to sell any of the remaining erven due to the possible negative environmental impact posed by the development of the erven and the lack of services to the properties. Houses have been built on 2 of the sold erven, with the remainder (14) lying vacant. None of the remaining 46 erven were, however, de-proclaimed and remain the property of Stellenbosch Municipality. The rights of the owners to develop their properties are still in place. There are no limiting conditions that prevent the owners from constructing any residential buildings.

Council has since made the decision to ensure that the potential negative environmental impact posed by the development of the erven be limited by investigating the possibilities available to it in this regard.

In January 2014 Council requested the appointment of and environmental specialist to investigate the various options available, from an environmental management perspective, but also taking into account legal rights of the current owners and, to advise Council on a way forward. During June 2015 service providers were invited to submit quotes to conduct an investigation in the above regard. Bids received ranged between R934 321.20 and R2 652 196.00. Given the high cost of the above investigation Council reconsidered it's January 2014 resolution and decided that the funds rather be spent on consolidating the 46 un-sold erven with reserve and negotiations be entered into with the owners of the 14 sold (but undeveloped) erven regarding the possibility to exchange current erven within the reserve with erven in a more suitable area. Most owners of residential property within the reserve expressed their willingness to enter into negotiations for a possible land exchange. All the erven

were surveyed and marked on-site and the various owners approached with proposals based on a “like-for-like” (erf size) basis. Owners responded with demands such as redesign of the current lay-out of erven, provision of access roads, provision of services, reimbursement of expenses on current property and the deregistration of bordering erven. In the light of the above it became clear that an erf-for-erf land exchange within the current layout of erven will likely not succeed. After investigating the option of a redesign of the current layout of the private erven (clustered around the current access roads, within the existing layout footprint) a conclusion was reached that this option may also result in a cost to Council that may not justify the purpose of the 2014 decision to investigate a more environmentally friendly approach to the potential development of the privately-owned erven located within Mont Rochelle Nature Reserve.

6.2 Discussion

Based on the background described above Council is requested to consider the proposed development of a set of architectural design guidelines applicable to any future development on the private erven located within Mont Rochelle Nature Reserve. The latter guidelines are proposed to guide development on any of the privately-owned erven in a manner that will ensure minimum impact on development of the nature reserve (visually and ecologically), the surrounding environment and the experience of visitors to the area. These design guidelines will, among other, address aspects such as:

- erf coverage,
- building style,
- building orientation,
- building height,
- finishes (material and color) and
- lighting.

In addressing the above design guidelines, the following principles must be considered:

- Building footprint per erf to be limited to a maximum of 150m²,
- Buildings to be single storey only.
- Building design must be sensitive to receiving environment in terms of finishes, material and colours.
- New structures or any related infrastructure must be sensitively placed in terms of environmental features and existing structures / residence.
- Pollution of any nature must be kept to a minimum and must be considered as part of the any building design.
- Each property must provide its own services which must be environmentally sustainable.

The above proposal is in line with the below Council Resolution (October 2015) with specific reference to point (iii) *that any other feasible alternative that can limit the impact on the nature reserve that might be identified in the process be considered*.

6.3 Financial Implications

The Municipality endeavours to develop the proposed architectural design guidelines inhouse. Should the need arise, however, a consultant may have to be appointed for the finalisation thereof.

6.4 Legal Implications

6.4.1 General

The rights of the owners to develop their properties are in place. There are no limiting conditions that prevent the owners from constructing any buildings. Council will have to consider building plans submitted from landowners, should any of the private land owners choose to submit the same.

6.4.2 Stellenbosch Municipality: Land Use Planning By-Law

In terms of the Stellenbosch Municipality: Land Use Planning By-Law, Section 66 (12) *The Municipality may, on its own initiative in terms of section 15(6) or on application in terms of section 15(2), amend, delete or impose additional conditions after having given due notice to the owner and any persons whose rights may be affected.*

6.5 Staff Implications

This report has no staff implications to the Municipality.

6.6 Previous / Relevant Council Resolutions

17th Council Meeting: 2014-01-16: Item 7.2: Resolved

(a) that the Municipal Manager be requested to appoint an environmental specialist to investigate the various options, from an environmental management perspective, but also taking into account legal rights of the current owners and, to advise Council on a way forward, in general, but also regarding the specific properties facing the Franschhoek Valley;

(b) that the views of the Advisory Board for the Mont Rochelle Nature Reserve and current land owners also be solicited during this investigation; and

(c) that the Municipal Manager be requested to report on progress within 3 months.

35th Council Meeting: 28-10-2015: Item 7.6: Resolved

(a) that Council reconsider its resolution of its meeting dated 2014-01-16, with regards to Item 7.2.

(b) That the funds allocated to be spent on conducting the proposed investigation rather be spent on consolidating the 46 un-sold erven with Mont Rochelle Nature Reserve and negotiating with the owners of the 14 sold (but undeveloped) erven (the priority being erven 342, 307, 314, 322, 355, 336, located in a visually sensitive area north-eastern slope of “Du Toits Kop” facing the Franschhoek valley) regarding the possibility to exchange current erven within Mont Rochelle Nature Reserve with erven in a more suitable area (suitable in terms of environmental, visual and service delivery perspective).

(c) That any other feasible alternative that can limit the impact on the nature reserve that might be identified in the process be considered.

39TH Council Meeting: 2020-11-25: Item 11.6.1

Resolved

(a) that Council approves Option 3: the redesign of the existing layout of erven in Mont Rochelle Nature Reserve;
(b) that Option 3 be implemented once budget for this purpose becomes available;
(c) that existing landowners of erven in sensitive areas be offered a like-for-like (with reference to erf size) proposal in a less sensitive location within the revised layout, as provided for in Paragraph 9.2.3 of the Property Management Policy;
(d) that the Municipal Manager be authorised to finalise the above process insofar as an agreement between the relevant landowners can be reached; and
(e) that the remaining unsold erven be de-proclaimed and consolidated into Mont Rochelle Nature Reserve.

6.7 Risk Implications

The risk to the Municipality is the potential that a development application, for the realisation of the development rights associated with the privately-owned residential property in the reserve, is received with the municipality having no option but to consider an application, in the absence of architectural design guidelines, that might ultimately have a detrimental impact on the relevant surrounding environment.
