3. Legislative Framework

Paragraph 4.6 of Circular 51 of the MFMA states that:

“The MFMA and the Municipal Budget and Reporting Regulations seek to move municipalities away from the traditional approach of appropriating/approving budgets by line item. The aim is to give the heads of municipal departments and programmes greater flexibility in managing their budgets. To further facilitate this, each municipality must put in place a council approved virements policy, which should provide clear guidance to managers of when they may shift funds between items, projects, programmes and votes.”

4. Objective of Policy

This policy shall give effect to the requirements and stipulations of the Municipal Finance Management Act and Municipal Budget and Reporting Framework in terms of the Approved budget.

The policy sets out the virement principles and processes which Stellenbosch Municipality will follow during a financial year.

These virements will represent a flexible mechanism to effect budgetary amendments within a municipal financial year.

The policy shall apply to all staff and councillors of the Stellenbosch Municipality that are involved in budget implementation.

5. Virement Clarification

Virement is the process of transferring budgeted funds from one line item number to another, with the recommendation of the relevant Director to the CFO or delegated finance official, to enable the Budget Office to effect the adjustments.

6. Virement Procedure

- a) All virement proposals must be completed on the appropriate documentation and forwarded to the relevant Finance Officer for checking and implementation. (See annexure 1 and 2)

- b) All virements must be signed and supported by the relevant Director of the directorate within which the vote is allocated. (Section 79 MFMA)
- c) Projected cash flows in the SDBIP should be attached to all virement request and be adjusted in line with the virement.
- d) Relevant corroborating documentation must be attached on the virement form to support the transfer.
- e) All documentation must be in order and approved before any expenditure can be committed and incurred.
- f) All virementations must be motivated and need to be approved by the CFO or a delegated official after the Director of the department has recommended said transfer. The latter requires that such application reaches the office of the CFO prior to incurring expenditure.
- g) The turnaround time for processing of virementations are 72 hours, only if the virement request meets all the necessary requirements.
- h) No virementations will be considered if it equates to facilitating fiscal dumping
- i) No virements after the closing of orders as stipulated in the financial protocol and/or formally communicated in line with the financial year-end preparation will be considered unless in an absolute emergency that could reasonably not have been foreseen.

7. Virement Restrictions

- a) Virements are not permitted in relation to the revenue side of the budget.
- b) No virements of funds across votes (directorates) will be accommodated during the year; unless within the adjustments budget.
- c) Virements from the capital budget to the operating budget are not permitted.
- d) Virements will not result in adding 'new' projects to the Capital Budget.

- e) Virements of conditional grant funds to purposes outside of that specified in the relevant conditional grant framework will not be permitted.
- f) The budget savings from the following line items (necessary adjustments) may only be considered and transferred by the CFO:
 - (i) Employee Related Cost
 - (ii) Remuneration of councillors
 - (iii) Depreciation and asset impairment
 - (iv) Finance Charges (Interest on Loan)

8. General Principle

Virements will only be approved if they facilitate and promote sound risk and financial management.

9. Accountability
