MSA Section 25(1)(a)(b)

Each municipal council must, within a prescribed period after the start of its elected term, **adopt a single, inclusive and strategic plan for the development of the municipality which –**

(a) links, integrates and co-ordinates plans and considers proposals for the development of the municipality; and

(b) aligns the resources and capacity of the municipality with the implementation of the plan.

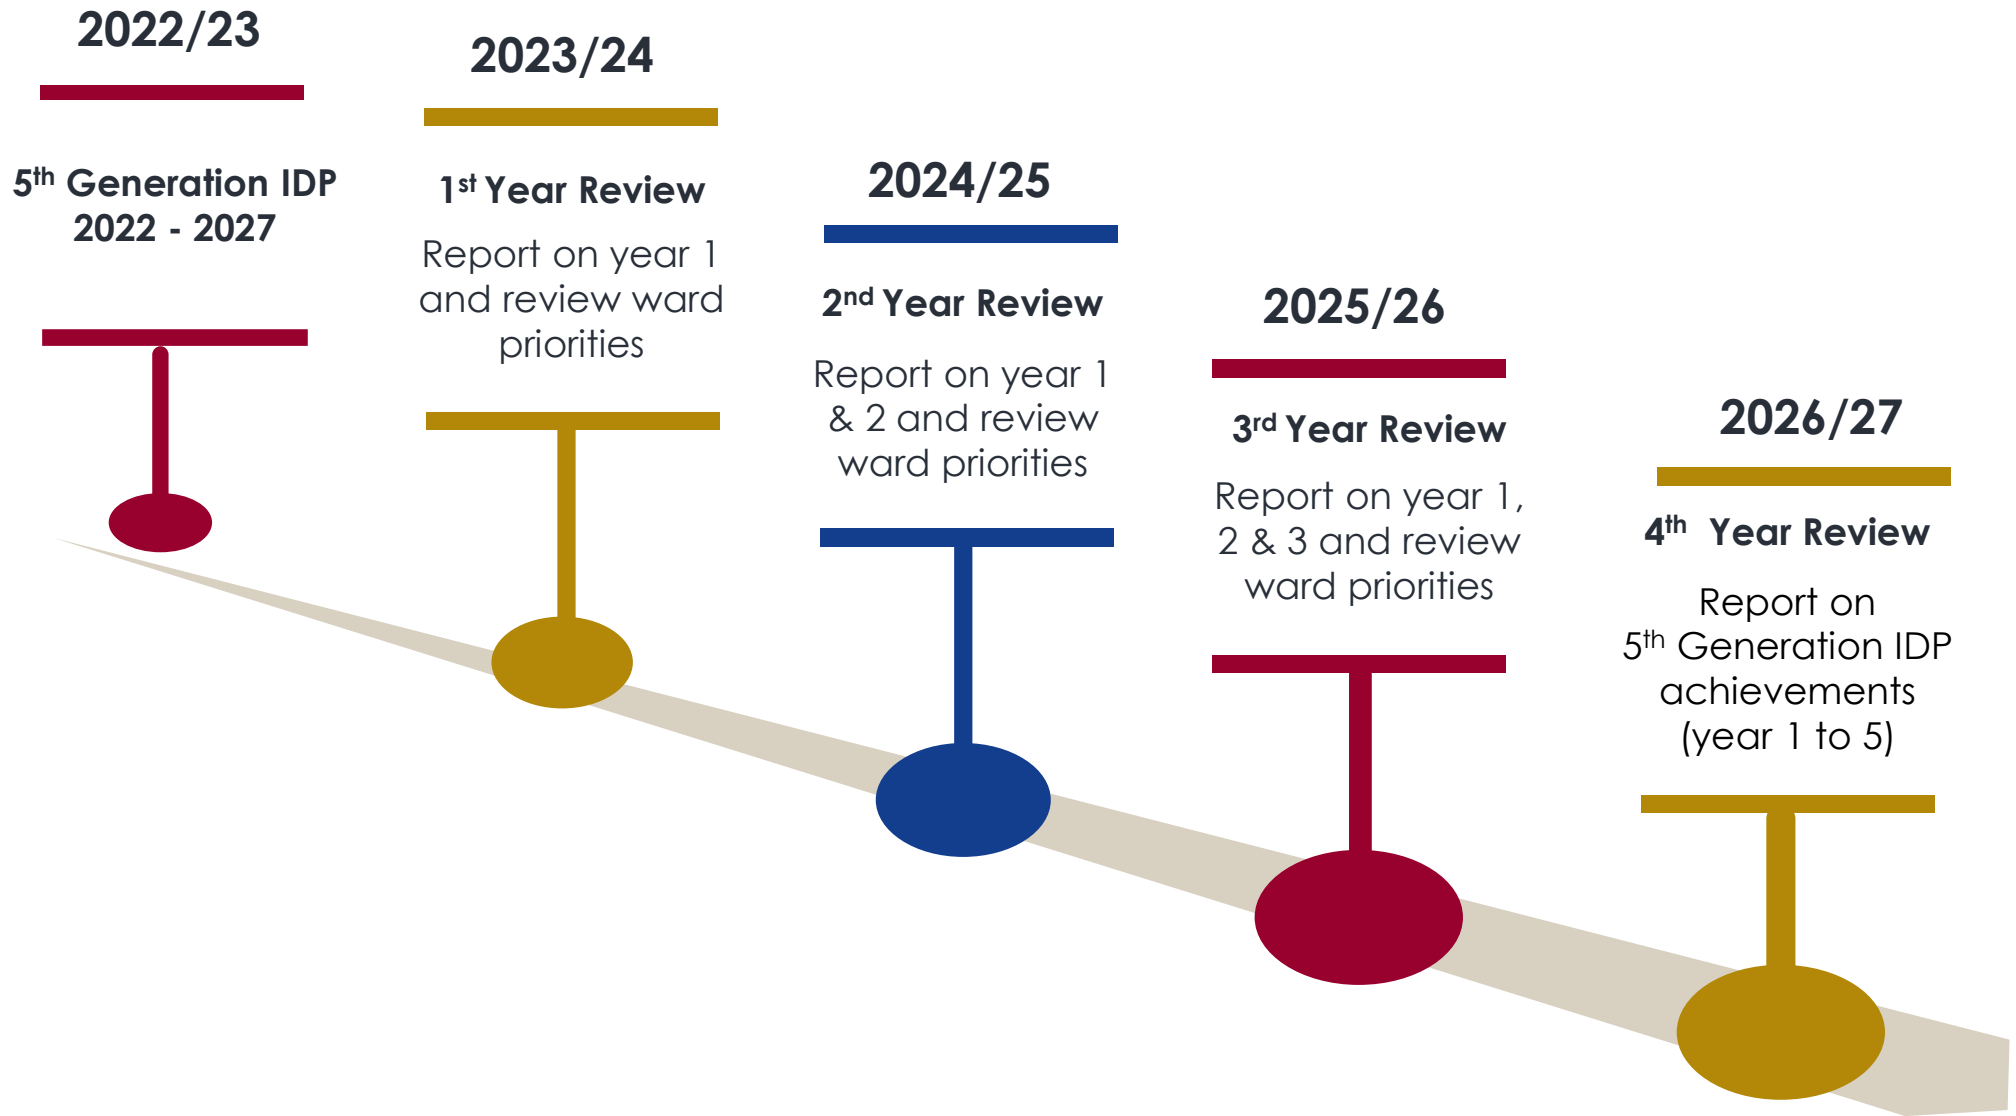

MSA Section 29(1)(b)

The process followed by a municipality to draft its Integrated Development Plan, including its consideration and adoption of the draft plan, must through appropriate mechanisms, processes and procedures established in terms of Chapter 4, allow for –

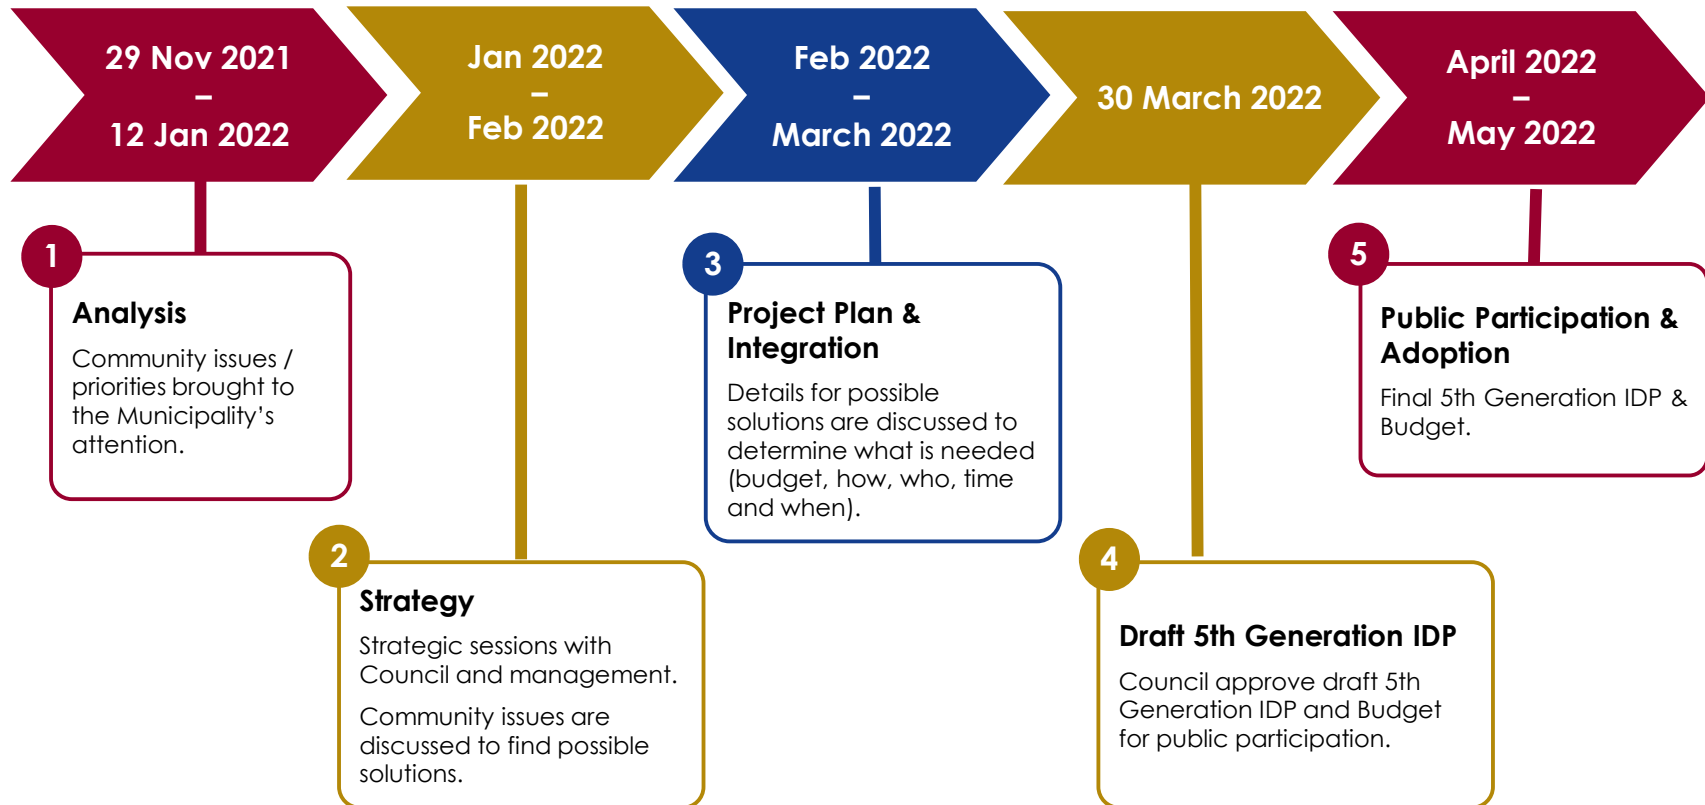

- (i) The local community to be consulted on its development needs and priorities; and
- (ii) the local community to participate in the drafting of the Integrated Development Plan; and organs of state, including traditional authorities, and other role players to be identified and consulted on the drafting of the integrated development plan.

Unemployment and Job Creation

Job creation, though a serious concern at local government level, is not a municipal mandate, however, the Stellenbosch Municipality continue to create an enabling environment for investment to contribute to job creation through economic development strategies and business development

Currently, the number of Expanded Public Works Programme (EPWP) Projects have been increased and additional funding provided to ensure that more job opportunities are created.

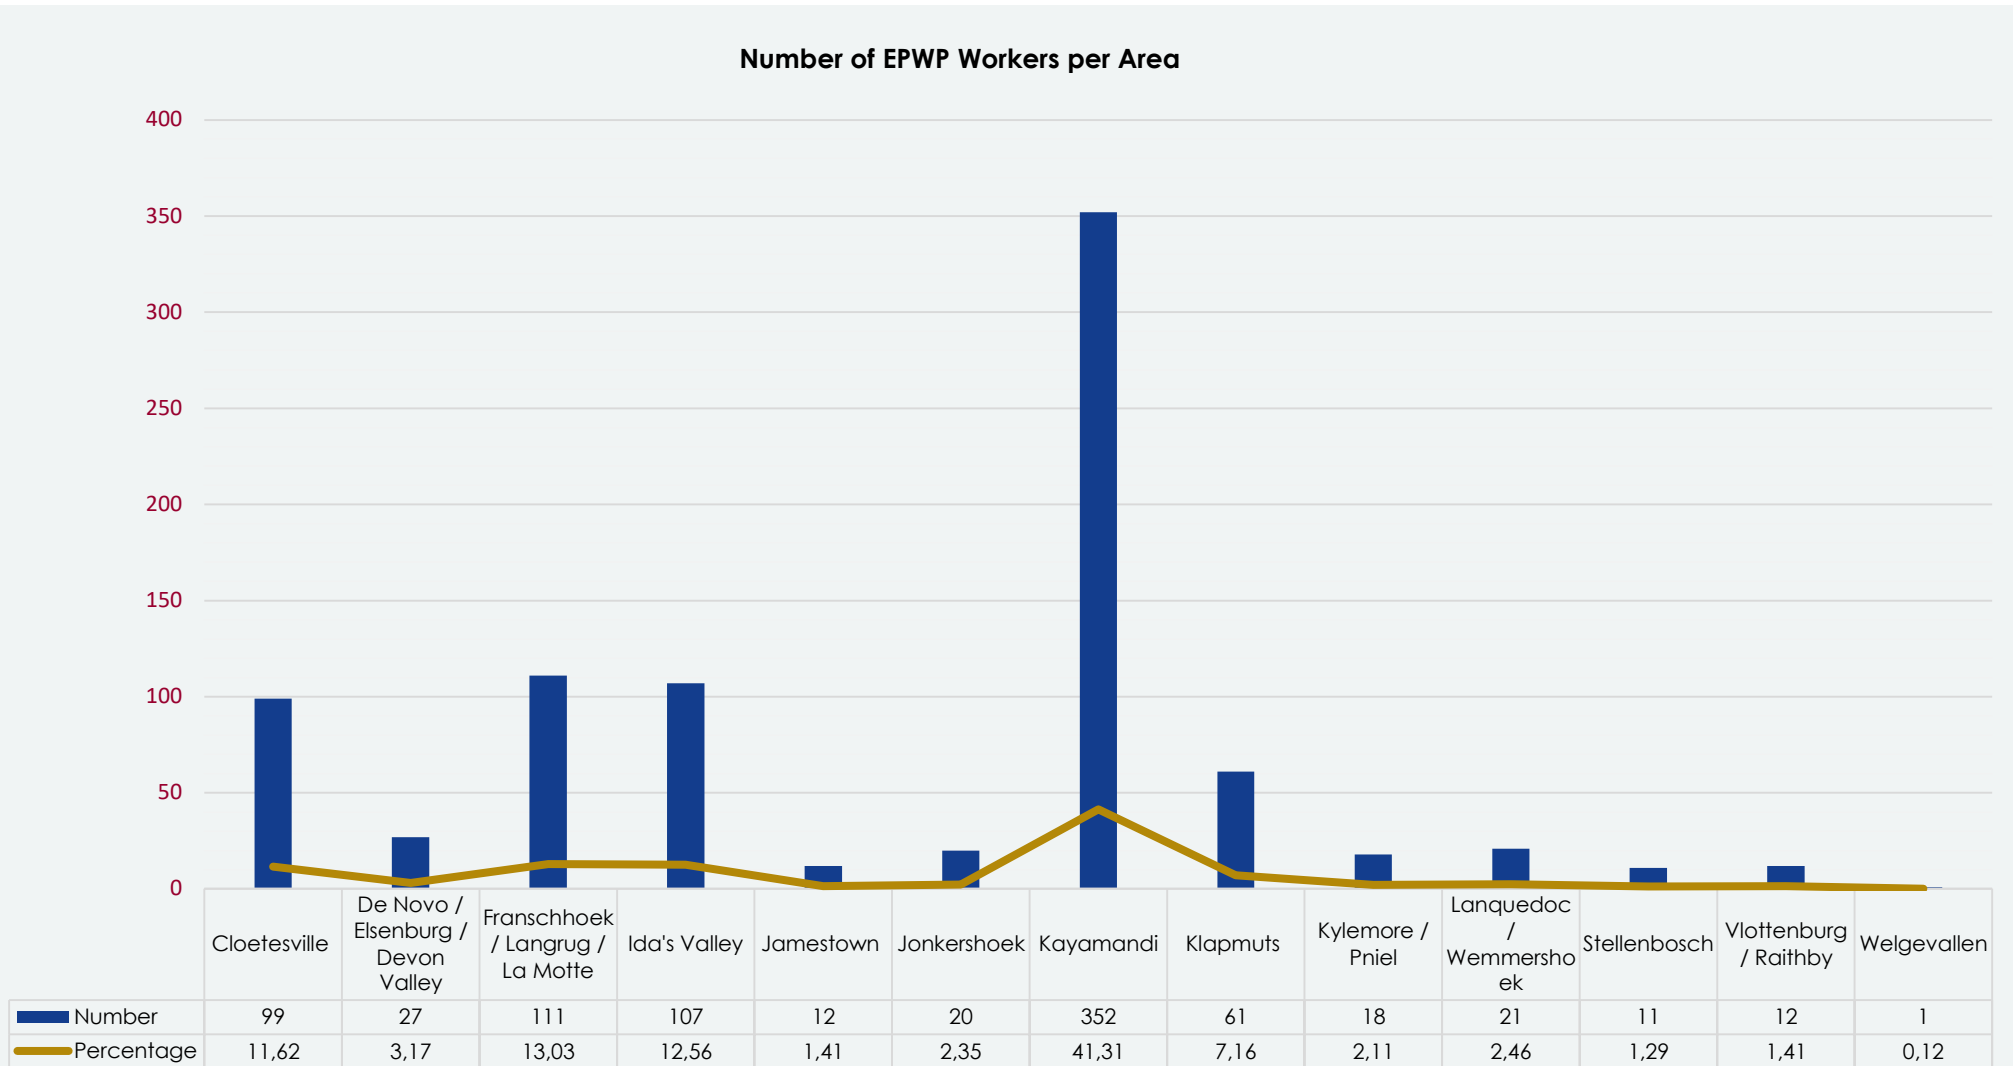

EPWP contracts are awarded in terms of the Memorandum of Agreement (MOA) between the municipality and National Public Works (NPW). The EPWP is therefore different from the Fixed-Term Contracts offered by the municipality.

The municipality will provide EPWP contracts for residents registered on the Municipal Jobseekers Database, and through the database, the municipality can accurately monitor the manner the contracts are allocated by each user department.

Currently, all employment opportunities within the municipality are made available through the Human Resources Policy governing recruitment and selection. There are also other employment mechanisms that are implemented within the municipality through various funding resources, e.g. EPWP, Provincial and National Government funded internships, etc.

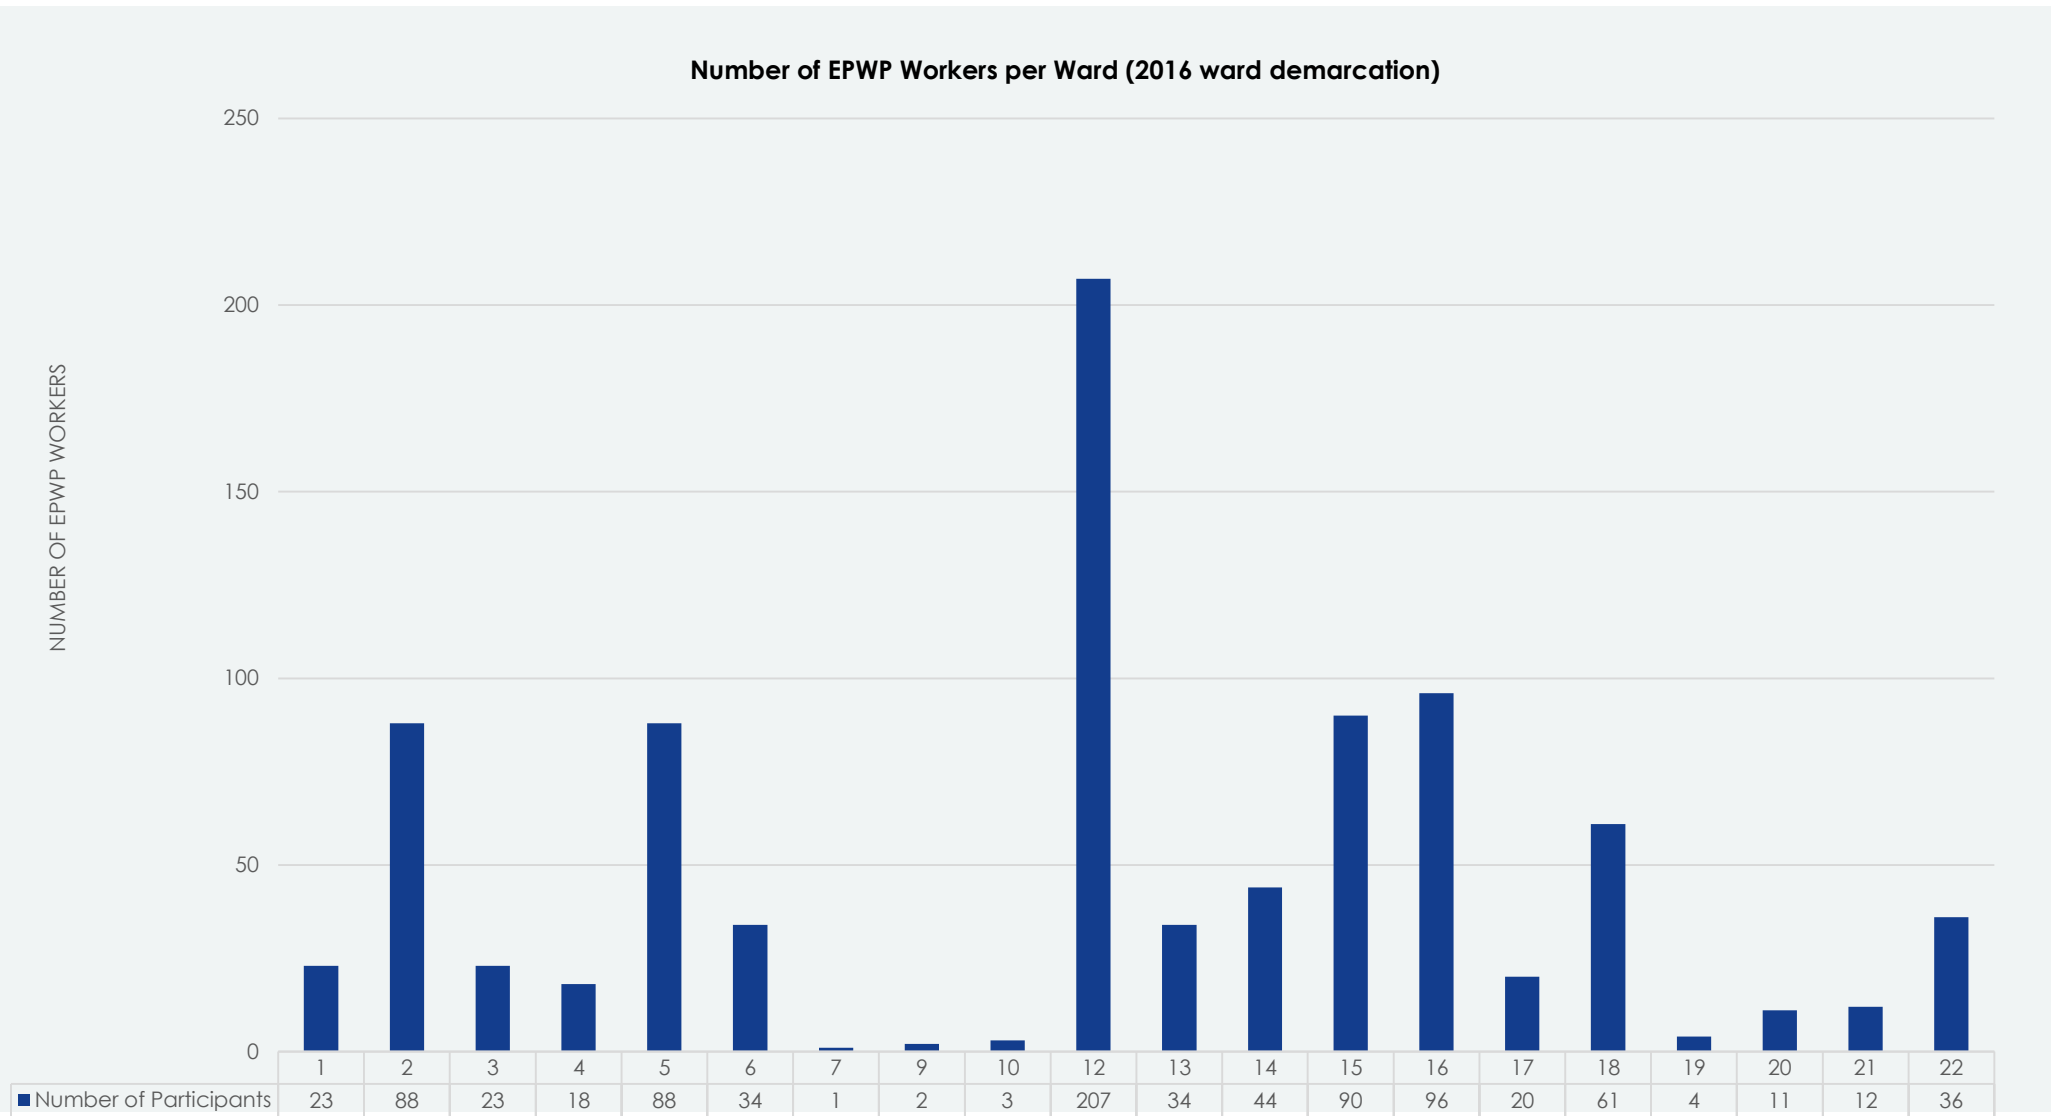

Number of EPWP Workers Per Area (Q1 and Q2 of 2021/22)

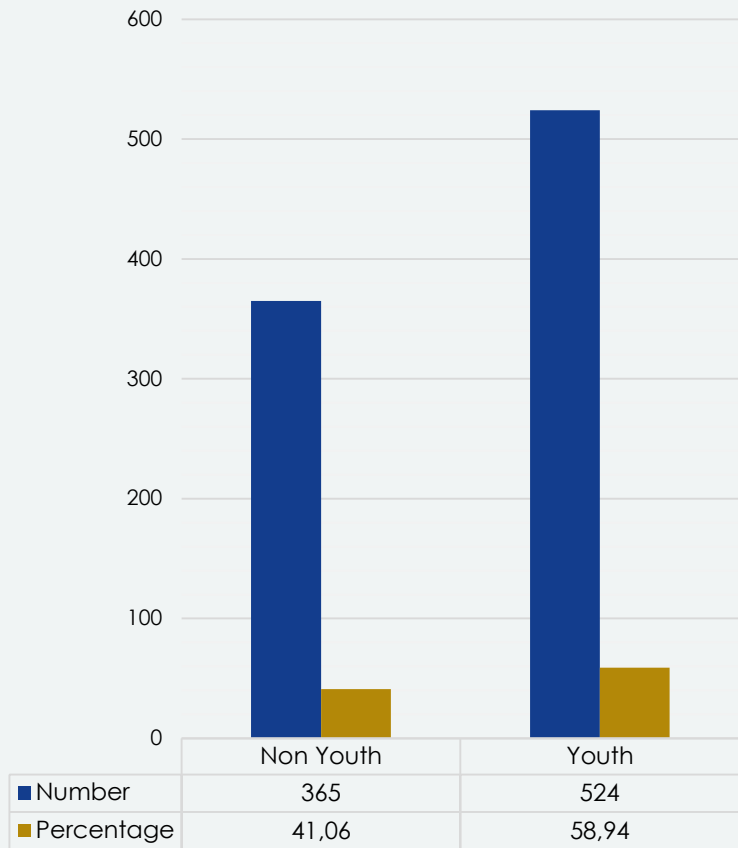

Number of EPWP Workers per Ward (Q1 and Q2 of 2021/22)

Tourism

- The municipality is currently finalising the draft Stellenbosch Municipality Economic Development Strategy, which will undergo a public participation process as part of the IDP process.
- Funding is provided for qualifying Local Tourism Organisations ("LTO"). The request for LTOs to submit proposals for the 2022/23 financial year will be advertised during January 2022.

Local Economic Development

- Industrial park areas are designated within Klapmuts, Cloetesville, and Kayamandi.
- The need for additional light industrial parks must be evaluated and must be informed by the Economic Development Strategy.

Housing Development

Housing is a challenge as resources and allocations from the National and Provincial governments remain limited, and the backlog is tremendous.

Backyard Dwellers

- ✦ The Directorate: Infrastructure Services has launched an investigation into the possibilities of providing basic services for backyarders, by taking into account the necessary legislation that prohibits the municipality from working on privately owned land.
- ✦ The Department: Informal Settlements is in the process of appointing a service provider to undertake a backyard dwellers survey of Groendal and Mooiwater. The estimated commencement of this project is January / February 2022.

La Motte, Vietnam and Robertsvei

- ✦ A funding application was submitted to the Provincial Department of Human Settlements, Western Cape, to obtain development rights in La Motte (Robertsvei Road).
- ✦ The Housing Development Agency (HDA) has been appointed to assist the municipality to transfer the land currently owned by the National Department of Public Works and Infrastructure to the municipality.
- ✦ The Department: Housing Development has undertaken several feasibility studies in accordance with the guidelines of Municipal Spatial Development Framework (MSDF) for the Franschhoek Valley.
- ✦ As a result of the outcomes of the feasibility studies, the La Motte project is currently the only active project for future development.

Housing Development

Land for housing plots

- ✦ The Housing Pipeline takes into account the entire housing backlog of the municipality. Housing opportunities identified in strategic areas could possibly accommodate the housing need in the Stellenbosch Municipal area.
- ✦ For the municipality to provide sustainable human settlements, it has become apparent when taking into account economy of scale, that mega-developments could address housing needs more effectively.

Back of Kobout next to La Province Street

- ✦ Utilising the erf at the back of Kobout next to La Province Street for housing development. This request will be investigated and feedback will be provided during the quarterly reports.
- ✦ All housing projects must be linked to the Housing Pipeline and approved by the Council as well as the Provincial Department of Human Settlements.

Relocation of Mooiwater

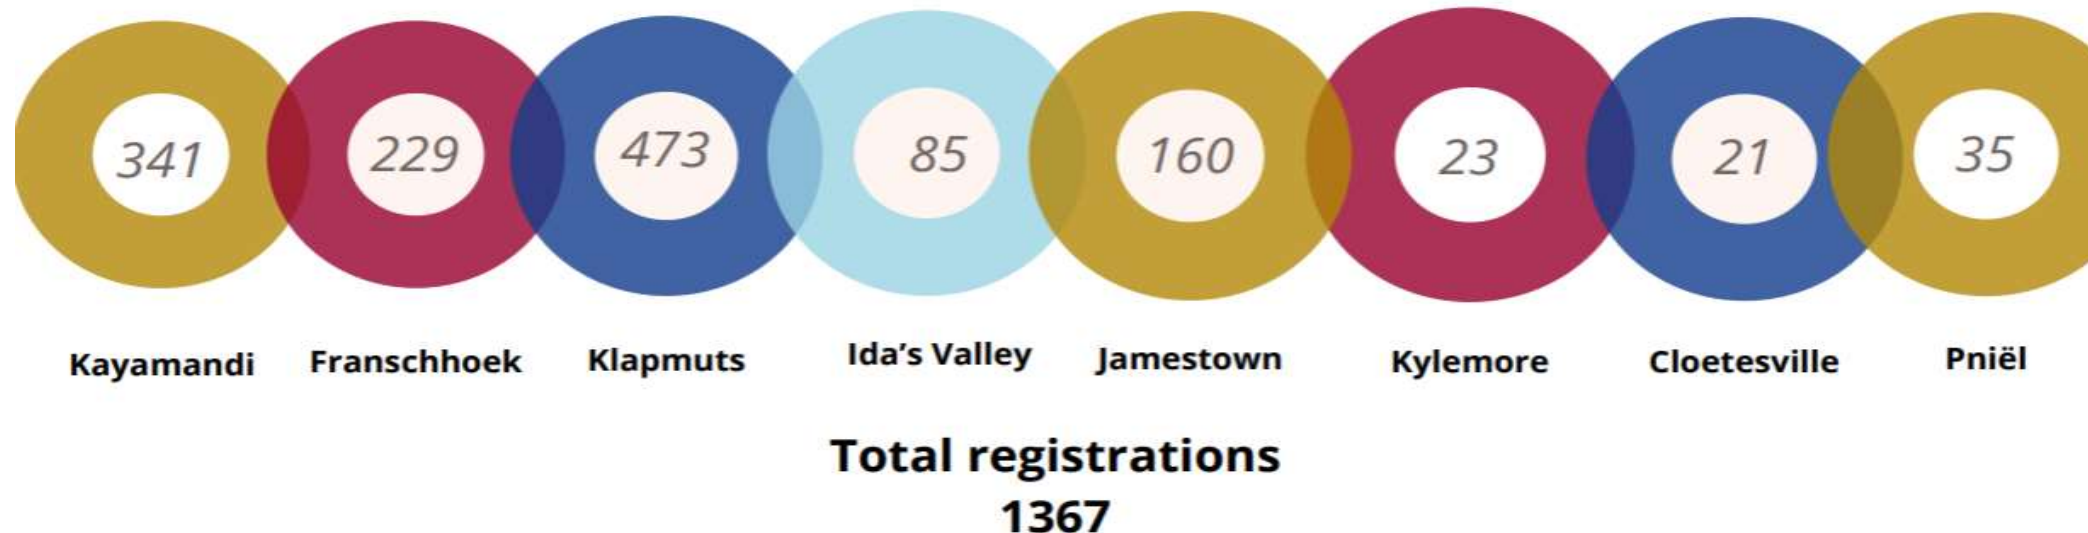

- ✦ Final designs were submitted to the Department: Project Management Unit (PMU) for upgrading of the road.
- ✦ The Department: PMU is regularly monitors the project and after funding and planning approvals, it will implement the project by installing basic services.

Title Deeds

- ✦ The Title Deeds Restoration Programme is currently ongoing. However, challenges have been encountered with deceased owners who have passed on without having a Will in place and dependents failing to report deceased estates at the Office of the Master of the High Court for an estate administrator to be appointed to commence with the transfer process.
- ✦ There were no title deeds handed over in these wards during the 1st & 2nd Quarters of the 2021/22 financial year.
- ✦ The handover of historical and new title deeds to their rightful beneficiaries is a continuous and ongoing process.

Number of title deeds issued from 2016 - 2021

Safety and Security

Neighbourhood Watches (NHW)

NHW volunteers are being sought. The department assists with the registration of new NHWs. CPF establishment is a SAPS competency.

- Franschhoek South (La Motte, Dennegeur, Groendal) neighbourhood watches are accredited;
- The department has also assisted the accredited NHWs with safety equipment to enable them with their operational duties such as warm jackets, reflective bibs, stun batons, torches, fire extinguishes, bicycles; and
- La Motte is the only neighbourhood watch that did not receive bicycles. However, they received all the other equipment.

The training of NHW members have been prioritised in conjunction with the Department of Community Safety and Stellenbosch Municipality and is in progress. When this is done, the focus will shift to school safety.

- Franschhoek South, La Motte, Dennegeur and Groendal received Broken Window training.

Safety and Security

School Patrols

- ✦ Traffic Services do random patrols in all areas.
- ✦ However, due to limited staff resources, regular patrols around schools cannot be guaranteed continuously.
- ✦ The municipality does assist with the training of scholar patrols where it is required and safe to do so.
- ✦ Discussions took place between Stellenbosch Municipality and the Western Cape Department of Community Safety for the implementation of the walking bus project in the area.

Installation of CCTV cameras

Cameras are monitored. A Masterplan has been developed which will guide the placing and installation of future CCTV cameras.

- ✦ CCTV camera installation at Main Road: The Department: Electrical Services is busy with the installation of the electricity, thereafter the Department: ICT will install the network followed by the cameras.
- ✦ All cameras are already installed and operational at the Groendal Community Centre.
- ✦ The Groendal Waterworks camera is in progress with the electricity to be installed, thereafter the Department: ICT will install the network to be followed by the cameras.

Safety and Security

Risk assessment

- Disaster risk assessments were conducted in all wards.

Criminal and illegal activities

- Safety and security is a primary function of SAPS.
- The Municipal Law Enforcement is there to assist.
- Weekly operations are performed throughout the Greater Stellenbosch area, and it includes Wards 1 and 2.

Spatial Development Framework (SDF) Amendment Process

STELLENBOSCH

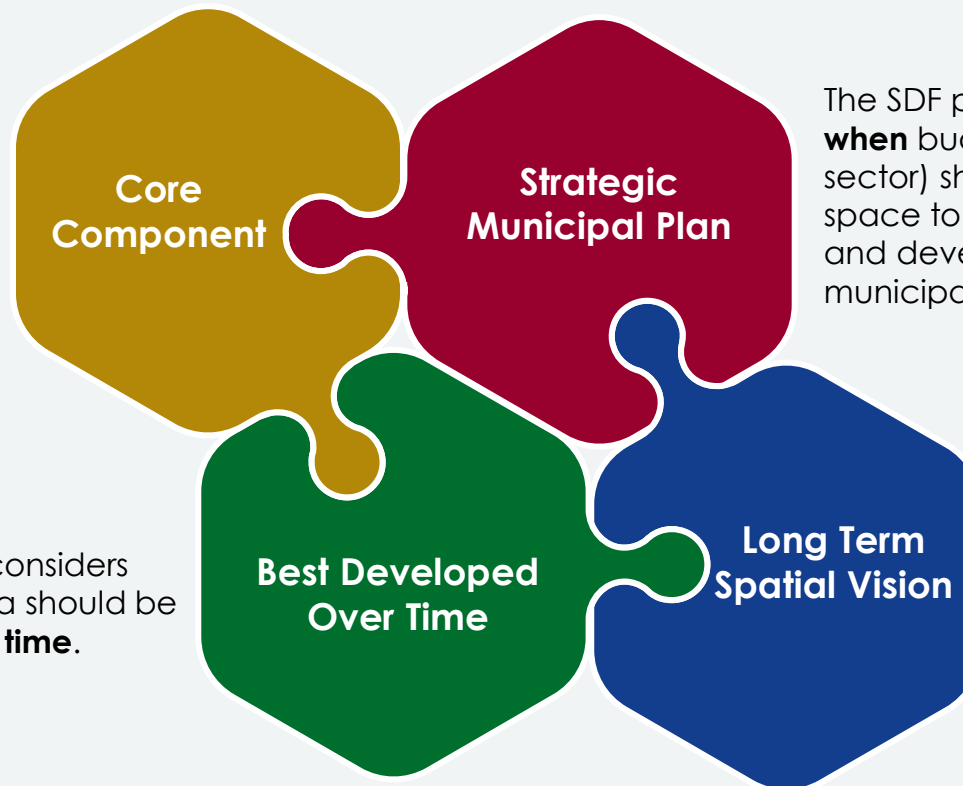

STELLENBOSCH • PNIEL • FRANSCHHOEK

MUNISIPALITEIT • UMASIPALA • MUNICIPALITY

Relationship between the SDF & IDP

The SDF is a **core component** that is part of the IDP. Council adopted to amend the SDF for the **new 5-year IDP term** → **29 September 2021**.

The SDF provides guidance on **where** and **when** budget (of all government & private sector) should be spent in the municipal space to **achieve** spatial transformation and developmental outcomes of the municipality.

Importantly the SDF considers how a municipal area should be **best developed over time**.

The SDF provides a map of the **long-term spatial vision** and a path to get there.

SDF Amendment Process

The need to amend the SDF arose from the review of the SDF and other municipal strategic plans, policies, and decisions (i.e. Housing Pipeline, Inclusionary Housing, ATC etc.).

The changing circumstances requires an amendment of the 2019 adopted SDF to ensure strategic alignment with the new Council's delivery compact which is informed by the needs, interests & priorities of communities and service delivery departments.

The amendment of an SDF will be prepared as part of the municipality's IDP in accordance with the legislative provisions, namely – MSA, SPLUMA, WC: LUPA, & SM: MPBL.

The process that will be followed as set out & approved in the 2022 – 2023 IDP Process Plan will be the Project Steering Committee and not an IGR.

All stakeholders, government departments & the public will be consulted & afforded opportunities to make representations during the process.

SDF Amendment Actions - Next 12 Months
