

NOTICE FOR PUBLIC COMMENT

INTENTION TO START PARKING MANAGEMENT ALONG THE MAIN ROAD IN FRANSCHHOEK

Notice No. 8/2023

Notice is hereby given, in terms of the **Municipal Council's Resolution, Item 11.6.1 taken at the 7th Council Meeting held on 24 August 2022**, of the Municipality's intention to start with parking management along the Main Road in Franschhoek.

Parking Management comprises the implementation of parking tariffs, the collection of fees and other associated tasks. Recent commercial developments in the Franschhoek Central Business District, have led to an increase in the demand for parking, necessitating the need to implement parking tariffs. The municipality therefore intends to implement parking tariffs from 1 July 2023 on approximately 146 parking bays located on the Main Road. The parking tariff amount will be determined through a separate municipal process, and these will be made known in subsequent publications. It is noted that free parking is still available at the municipal parking area located at the corner of Dirkie Uys and La Rochelle Streets.

The public is invited to provide comment / input to the municipality, on its intention to start with parking management along the Main Road in Franschhoek.

Any inputs may be forwarded to: engineering.services@stellenbosch.gov.za or submitted at the following address: Second Floor; Ecclesia Building; 71 Plein Street; Stellenbosch.

Comments / inputs must be submitted on or before 1 March 2023. Any person who is unable to read and write or have any sight disability, will be assisted by an official at the above-mentioned address, should they not be able to provide comments on their own accord.

Geraldine Mettler
Municipal Manager
