## **1 Proposal**

Acting on behalf of the owner of Erven 169 and Erven 270 Raithby, we propose to cancel the existing 99 year lease areas on Erf 169 Raithby and subdivide off Portion A, similar in area to the existing lease areas. In addition the Remainder of Erf 169 will be consolidated with Erf 270

A locality plan is provided as **Annexure A** and a plan of proposed subdivision as **Annexure B**.

In terms of Section 15(2)(d) and 15(2)(e) of the Stellenbosch Municipality Planning Land Use Planning By-Law, application is therefore made for the

- i. Subdivision of Portion A, in extent ±0.95 Ha of Erf 169 Raithby leaving a remainder of ±38.6 and
- ii. Consolidation of Remainder of 169 Raithby with Erf 270 Raithby with a combined area of ±48.6ha

Erf 169 is owned by Cypruslane Investments Pty Ltd

Erf 270 is owned by The Forester Family Trust

The properties are situated on Winery Road close to the Raithby Villages within the Stellenbosch Municipal Area

The property is subject to two 99 years leasehold areas measuring a total of 0.8985 ha

The two properties are zoned Agriculture and currently farmed as one unit comprising the following:

- Vineyards - 25ha
- Homestead – 1ha
- Equestrian / Stables - 1 ha
- Paddocks/Grazing - 12 ha
- Staff housing and gardens - 4 ha
- Road reserves - 6ha
- Dam - 1 ha

## **2 Reason for the proposal**

The proposal is to consolidate the farming activities into one property and replace the existing 99-year leasehold area with a separate title.

### **3 Motivation**

The existing two lease areas have already alienated the homestead from the rest of the farm.

The proposal replaces the lease areas with a subdivision and consolidated the remainder with the adjoining farm resulting in all the farming activities falling on one property.

There is a significant improvement to local agriculture as the consolidated farms now meets the requirements stipulated in the DAFF guidelines for an economic unit. The subdivision and consolidation has already been approved by th Dept. of Agriculture Western Cape and Pretoria

There is no increase in the number of properties and Portion A is similar size to the portion of the land than was already encumbered by the lease area and not utilised a part of the existing farming activities.

There is therefore no impact on agriculture in creating Portion A as a separate property.

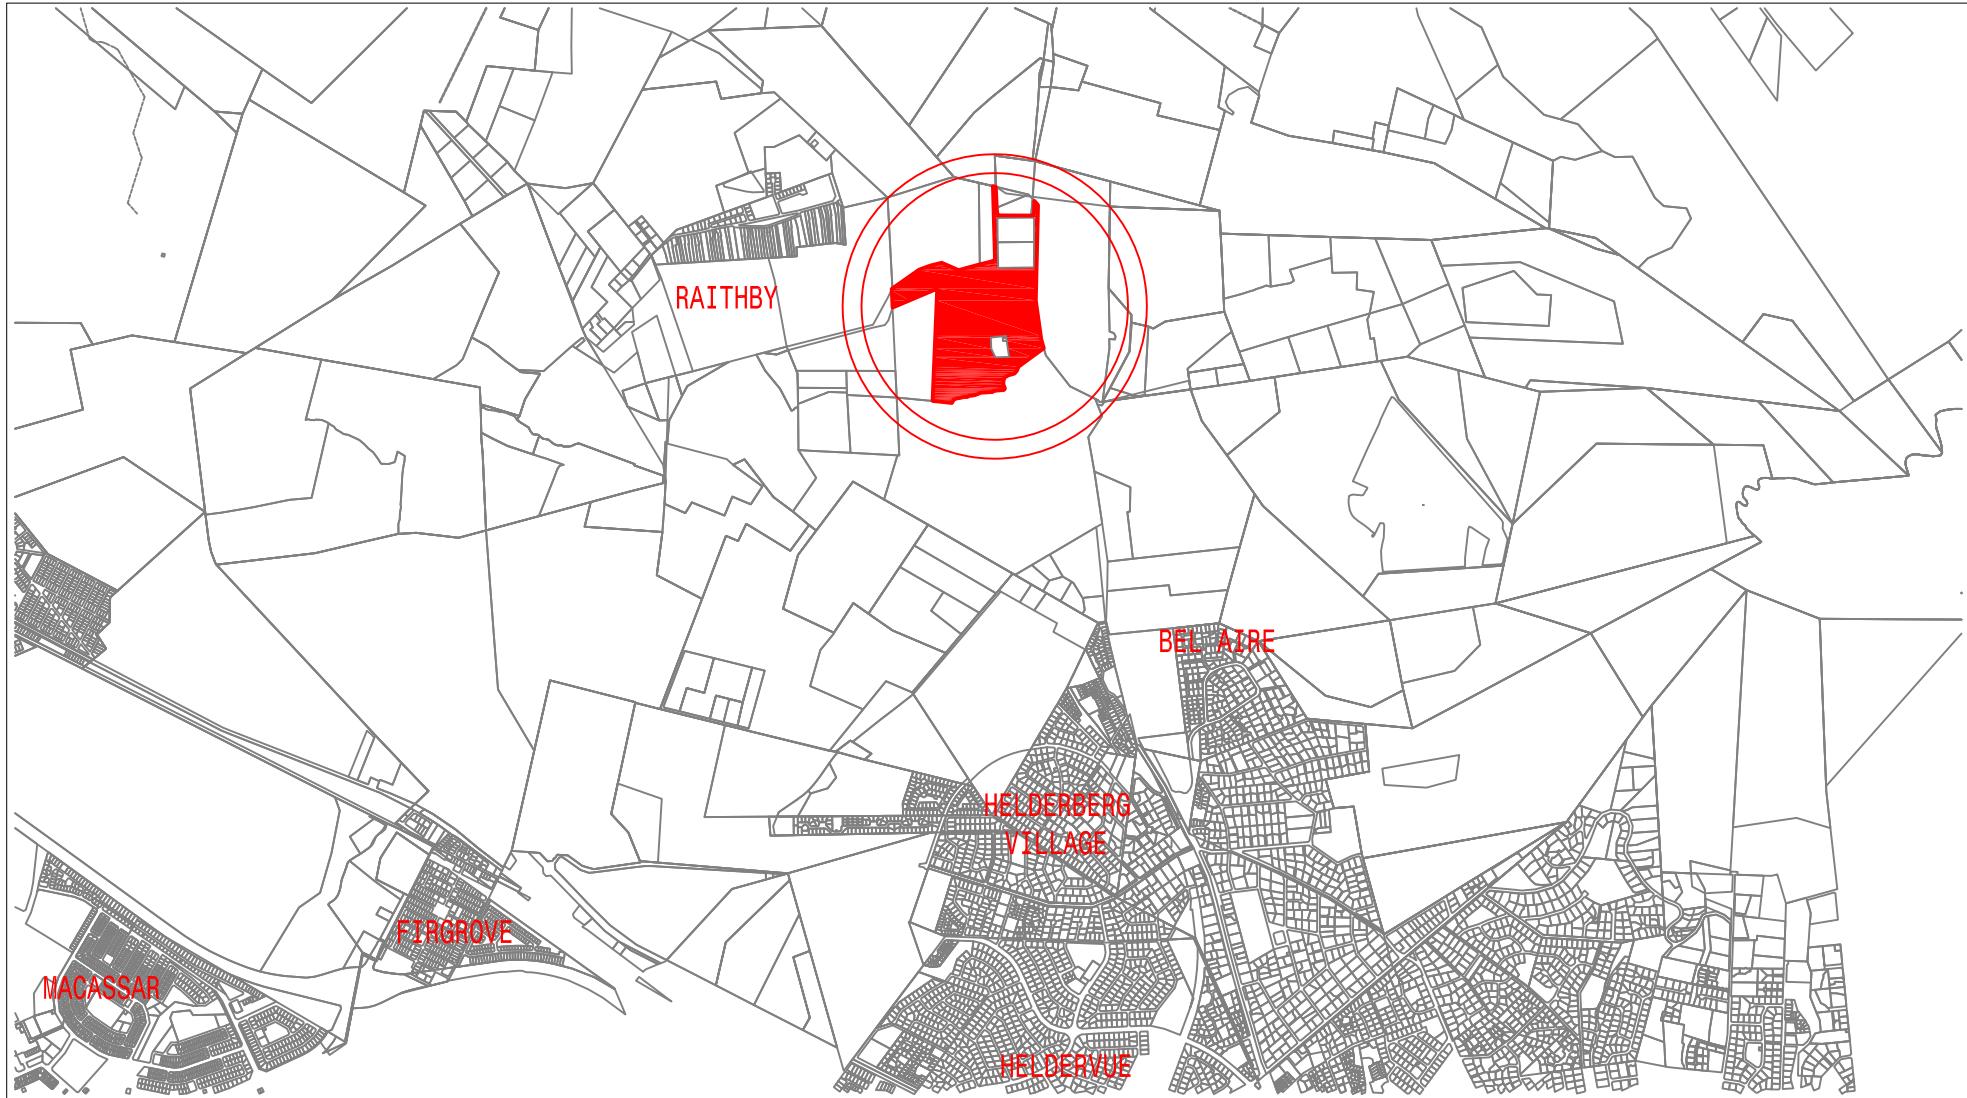

The application is in line with the principles of both the IDP and SDF.

It does not lead to the further fragmentation of agricultural land as no additional land unit is created and the existing leasehold areas is effectively replaced by the new subdivision.

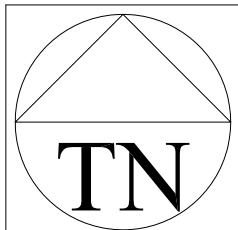

There is no negative impact on the natural environment, cultural heritage, or transport as a result of the application as there is no change to the existing situation.

There is no proposed change in land use and the consolidation will result in a larger land unit in line with the economic unit land size required by Dept. of Agriculture.
