MONTHLY BUDGET STATEMENT FOR AUGUST 2021

1. Recommendations

These recommendations are linked to the responsibilities of the Mayor under Section 54 of the MFMA.

- (a) That the content of the monthly budget statement and supporting documentation be noted.

2. Executive Summary

2.1 Introduction

This report is a summary of the main budget issues arising from the monitoring process. It compares the progress of the budget to the projections contained in the Service Delivery and Budget Implementation Plan (SDBIP).

Section 54 of the MFMA requires the Mayor to consider the Section 71 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.

It should be noted that the C schedule and related monthly data string does not align to the operating expenditure transactional detail encapsulated in the financial system. The matter has been reported to the system vendor and a re-submission will be done as soon as the alignment issues have been addressed. Differences will therefore be noted between the tables in this S71 Monthly Budget Monitoring Report and the C schedule data encapsulated therein.

Composition of own revenue

Operating Revenue Variance Report

The variances between actual operating revenue and the planned operating revenue contained in the SDBIP are explained per revenue source and are as follow:

Revenue by Source

3.1 Property Rates and Service charges - refuse

Property rates and service charges refuse are billed monthly. However, some consumers applied to have their property rates and service charges billed annually. This has resulted in an over performance when compared to the year-to-date budget projections.

3.2 Service charges - water revenue

The municipality has billed R5 391 594 less water than initially anticipated. Water usage fluctuates according to seasonal trends. An increase will be noted over the summer months. The largest under performances were noted for the water sales relating to conventional users.

3.3 Service charges - sanitation revenue

The municipality has billed R4 316 274 more sanitation than initially anticipated. The largest over performances were noted for pump/removal of wastewater (R1 569 496) and sanitation charges (R1 876 255).

3.4 Interest earned – external investments

An under performance was noted for interest earned – external investments to the amount of R3 147 276. The variance is mainly due to the Covid- 19 pandemic which resulted in the prime interest rate being reduced. This reduction has resulted in a significant decrease in our call accounts and primary bank account interest rates. Furthermore, we have received lower rates on offer from investing institutions than the previous financial year.

3.5 Interest earned - outstanding debtors

An over performance was noted for the interest levied on outstanding debtors to the amount of R323 637. The increase in interest levied is directly attributable to the outstanding debtors depicted on page 27 of this report.

3.6 Fines, penalties and forfeits

An underperformance was noted to the amount of R24 031 306. The recognition of traffic fines in terms of iGRAP 1 will be done on a monthly basis, including the journal processed on the financial system. It should be noted that the budget projections will be re-assessed during the Mid-year adjustment budget process as the past three

MONTHLY BUDGET STATEMENT FOR AUGUST 2021

financial years yielded an average income of R100 294 857. Considering the latter as well, as the current Covid-19 lock down regulations which increases the visibility of traffic and law enforcement officials, it renders the original budget to the amount of R147 425 010 unattainable.

3.7 Licences and permits

An over performance is noted for licences and permits to the amount of R948 857. The over performance is due to more licence and permit renewals and applications being received than initially anticipated.

3.8 Agency services

An over performance is noted for agency services to the amount of R441 236. The over performance is due to no revenue being anticipated for the agency service (vehicle registrations) until September 2021.

3.9 Other revenue

An under performance is noted for other revenue to the amount of R2 580 590. The underperformance is largely due to no revenue being recognised in respect of parking fees. Capacity constraints are being experienced by the relevant section and are being attended to.
