5. GENERAL CONDITIONS OF CONTRACT – GOVERNMENT PROCUREMENT

1. DEFINITIONS

The following terms shall be interpreted as indicated:

- 1.1. "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
- 1.2. "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- 1.3. "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
- 1.4. "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
- 1.5. "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally
- 1.6. "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7. "Day" means calendar day.
- 1.8. "Delivery" means delivery in compliance of the conditions of the contract or order.
- 1.9. "Delivery ex stock" means immediate delivery directly from stock actually on hand
- 1.10. "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
- 1.11. "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
- 1.12. "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable.
- 1.13. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.14. "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.15. "GCC" means the General Conditions of Contract.
- 1.16. "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.17. "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.18. "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

-
- 1.19. "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.20. "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.21. "Project site" where applicable, means the place indicated in bidding documents.
- 1.22. "Purchaser" means the organization purchasing the goods.
- 1.23. "Republic" means the Republic of South Africa.
- 1.24. "SCC" means the Special Conditions of Contract.
- 1.25. "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.26. "Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
- 1.27. "Tort" means in breach of contract.
- 1.28. "Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
- 1.29. "Written" or "in writing" means handwritten in ink or any form of electronic or mechanical writing.

2. Application

- 2.1. These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2. Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3. Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

- 3.1. Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2. Invitations to bid are usually published in locally distributed news media and on the municipality / municipal entity website.

4. Standards

- 4.1. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

- 5.1. The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
- 5.2. The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3. Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

- 5.4. The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

- 6.1. The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 6.2. When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.

7. Performance security

- 7.1. Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
- 7.2. The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3. The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- 7.3.1. bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - 7.3.2. a cashier's or certified cheque
- 7.4. The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.

8. Inspections, tests and analyses

- 8.1. All pre-bidding testing will be for the account of the bidder. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspections tests and analysis, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser.
- 8.2. If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.3. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.4. Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.5. Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.6. Any contract goods may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods which do comply with the requirements of the contract. Failing such removal the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.

8.7. The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.

9. Packing

9.1. The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2. The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, and in any subsequent instructions ordered by the purchaser.

10. Delivery

Delivery of the goods shall be made by the supplier in accordance with the documents and terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified.

11. Insurance

The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation

Should a price other than an all-inclusive delivered price be required, this shall be specified.

13. Incidental

13.1. The supplier may be required to provide any or all of the following services, including additional services, if any:

13.1.1. performance or supervision of on-site assembly and/or commissioning of the supplied goods;

13.1.2. furnishing of tools required for assembly and/or maintenance of the supplied goods;

13.1.3. furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;

13.1.4. performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

13.1.5. training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2. Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1. As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

14.1.1. such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;

14.1.2. in the event of termination of production of the spare parts:

14.1.2.1. advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

14.1.2.2. following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1. The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2. This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3. The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4. Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5. If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1. The method and conditions of payment to be made to the supplier under this contract shall be specified.

16.2. The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3. Payments shall be made by the purchaser **no later than thirty (30) days** after submission of an **invoice, statement** or claim by the supplier.

16.4. Payment will be made in Rand unless otherwise stipulated.

17. Prices

Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

18. Variation orders

In cases where the estimated value of the envisaged changes in purchase does not vary more than 15% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price and such offers, may be accepted provided that there is no escalation in price.

19. Assignment

The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract, if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1. Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2. If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.4. Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22 without the application of penalties.

21.5. Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1. The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

23.1.1. if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

23.1.2. if the Supplier fails to perform any other obligation(s) under the contract; or

23.1.3. if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2. In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3. Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4. If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.
- 23.5. Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchase actively associated.
- 23.6. If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
- 23.6.1. the name and address of the supplier and / or person restricted by the purchaser;
 - 23.6.2. the date of commencement of the restriction
 - 23.6.3. the period of restriction; and
 - 23.6.4. the reasons for the restriction.
- These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.
- 23.7. If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

When, after the date of bid, provisional payments are required, or antidumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.

25. Force Majeure

- 25.1. Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2. If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3. Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4. Notwithstanding any reference to mediation and/or court proceedings herein,

27.4.1. the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

27.4.2. the purchaser shall pay the supplier any monies due for goods delivered and / or services rendered according to the prescripts of the contract.

28. Limitation of liability

28.1. Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

28.1.1. the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

28.1.2. the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment

29. Governing language

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31. Notices

31.1. Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice

31.2. The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

32.1. A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

32.2. A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3. No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.

32.4. No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.

33. Transfer of contracts

The contractor shall not abandon, transfer, cede, assign or sublet a contract or part thereof without the written permission of the purchaser.

34. Amendment of contracts

No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

35. Prohibition of restrictive practices.

35.1. In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding.

35.2. If a bidder(s) or contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 Of 1998.

35.3. If a bidder(s) or contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

General Conditions of Contract (revised July 2010)

6. GENERAL CONDITIONS OF TENDER

1. Sealed tenders, with the “**Tender Number and Title**” clearly endorsed on the envelope, must be deposited in the **tender box** at the offices of the Stellenbosch Municipality, Plein Street, Stellenbosch.
2. The tender must be lodged by the Tenderer in the tender box in the Main Hall Entrance, Stellenbosch Municipal Offices, Plein Street, Stellenbosch

PLEASE NOTE:

- 2.1. Tenders that are deposited in the incorrect box will not be considered.
 - 2.2. Mailed, telegraphic or faxed tenders will not be accepted.
 - 2.3. Documents may only be completed in non-erasable ink.
 - 2.4. The use of correction fluid/tape is not allowed.
 - 2.4.1. In the event of a mistake having been made, it shall be crossed out in ink and be accompanied by an initial at each and every alteration.
 - 2.4.2. Alterations or deletions not signed by the Tenderer may render the tender invalid.
 - 2.5. All bids must be submitted in writing on the official forms supplied (not to be re-typed)
 - 2.6. All prices shall be quoted in South African currency and be **INCLUSIVE of VAT**.
- 3. Where the value of an intended contract (or company turnover) will exceed R1 000 000, 00 (R1 million) it is the bidder's responsibility to be registered with the South African Revenue Service (SARS) for VAT purposes in order to be able to issue tax invoices. The municipality will deem the price above R 1 000 000,00 (R1 million) to be VAT inclusive even if it is indicated that no VAT is charged. Please ensure that provision is made for VAT in these instances. The TOTAL price tendered will remain fixed.**
- 3.1 It is a requirement of this contract that the amount of value-added tax (VAT) must be shown clearly on each invoice.

The VAT registration number of the Stellenbosch Municipality is **4700102181**.
- 3 Any Tender received after the appointed time for the closing of Tenders shall not be considered but shall be filed unopened with the other Tenders received or may be returned to the Tenderer at his request.
 - 4 Tenders may not be telefaxed to the Municipality and therefore any tenders received by fax will **not** be considered.
 - 5 Tenders shall be opened in public at the Stellenbosch Municipal Offices as soon as possible after the closing time for the receipt of tenders.
 - 6 The Municipality shall have the right to summarily disqualify any Tenderer who, either at the date of submission of this tender or at the date of its award, is indebted to the Municipality in respect of any rental, levies, rates and/or service charges; ALTERNATIVELY;
 - 6.1 That an agreement be signed whereby the Tenderer agrees that a percentage or fixed amount at the discretion of the Municipality, be deducted from payments due to him for this tender, until the debt is paid in full.
 - 6.2 The tenderer shall declare **all** the Municipal account numbers in the Stellenbosch Area for which the enterprise or the proprietors or directors in their personal capacity is/ are responsible or co-responsible.

7. Negotiations for a fair market related price

7.1 The award of the tender may be subject to price negotiation with the preferred tenderers.

8 This bid will be evaluated and adjudicated according to the following criteria:

- 8.1 Relevant specifications
- 8.2 Value for money
- 8.3 Capability to execute the contract
- 8.4 PPPFA & associated regulations

9 Service Level Agreement

The award of the tender is subject to the signing of a Service Level Agreement (SLA) between the successful bidder and Stellenbosch Municipality.

10 Inclusion as a standard clause in the tender specification documents where any asset is constructed (delete which ever is not applicable)

On practical completion date, a report or certificate should be issued indicating the total costs of the project attributable to each significant component as identified within the lowest asset hierarchy level (4) as specified within the infrastructure catalogue or Annexure A of the Stellenbosch Municipality's asset management policy as approved in 2014, if not contained in the catalogue.

Where a tender runs over more than one financial year (therefore not concluded by 30 June of a year) the following provision must be included in the consultant's project management agreement – it therefore forms part of the consultant's responsibilities:

Inclusion in contract with consultants

If construction is still in progress over the year-end period of the Stellenbosch Municipality, being 30 June of each year, the Municipality should be furnished with a report / certificate at year-end (30 June), which details (a) The cumulative expenditure incurred up to 30 June for the project. (b) any details if the project is taking a significant longer period of time to complete than expected, including reasons for any delays. (c) details where construction or development has been halted either during the current or previous reporting period(s), including reasons for halting the construction or development of the asset/project.

11 Centralised Supplier Database

No Bids will be awarded to a bidder who is not registered on the Centralised Supplier Database (CSD).

The CSD supplier number starting with (MAAA) number is automatically generated by the Central Database System after successful registration and validation of a prospective service provider. This number is now a mandatory requirement, as referred to in regulation 14(1) (b) of the Municipal Supply Chain Management Regulations, as part of the listing criteria for accrediting a prospective service provider. Prospective suppliers should self – register on the CSD website at www.csd.gov.za Registration on the CSD will be compulsory in order to conduct business with the STELLENBOSCH MUNICIPALITY. Assistance with CSD Registration can be provided by contacting 021 808 8594 or Nicolene.Hamilton@stellenbosch.gov.za

10. MBD 9 – CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).⁴ Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION:

In response to the invitation for the bid made by:

STELLENBOSCH MUNICIPALITY

I, the undersigned, in submitting the accompanying bid, hereby make the following statements that I certify to be true and complete in every respect:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

⁴ Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

- 5.1. has been requested to submit a bid in response to this bid invitation;
 - 5.2. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - 5.3. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium⁵ will not be construed as collusive bidding.
 7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - 7.1. prices;
 - 7.2. geographical area where product or service will be rendered (market allocation)
 - 7.3. methods, factors or formulas used to calculate prices;
 - 7.4. the intention or decision to submit or not to submit, a bid;
 - 7.5. the submission of a bid which does not meet the specifications and conditions of the bid; or
 - 7.6. bidding with the intention not to win the bid.
 8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
 10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

PART B – SPECIFICATIONS AND PRICING SCHEDULE

14. SPECIFICATIONS

THE APPOINTMENT OF A SUITABLE AND HIGHLY QUALIFIED CONTRACTOR FOR THE SUPPLY, DESIGN AND INSTALLATION OF OPTIC FIBER NETWORK FROM HQ to WASTEWATER TREATMENT PLANT OFFICES

Introduction

Stellenbosch Municipality is expanding---optic (fiber) networks to adapt to the changing digital landscape in the workplace. As more municipal functions are carried out online or require interconnectivity, these networks help Stellenbosch Municipality to meet the growing demands of the public it serves and the internal department demand.

Stellenbosch Municipality currently has minimal installed Fiber network covering our Emergency services. This infrastructure would need to be replaced as part of this tender. The ICT strategy is to connect all their office buildings with a Fiber network. Additional sites could be added as new buildings are occupied. The Fiber network expansion will also include Fiber build to support other flagship projects requiring connectivity.

The Stellenbosch Municipality requires the services of suitably and highly qualified Contractor who will provide a full turnkey solution in extending the current Fiber optic network between the office buildings. This is to create additional redundancy for the current network and to add additional sites as new buildings are occupied.

High Level Requirement

Bidders are invited to build an underground dark fibre-optic solution between the Stellenbosch Wastewater Treatment Plant and its Main Office building in Plein Street to allow the Municipality to transmit multiple wavelengths of a bit rate of at least 10 Gbps between the end points specified. Bidders must provide an end-to-end solution, i.e. from one Optical Distribution Framework (ODF) to the next ODF. Build the entire link exclusively for the use of the Stellenbosch Municipality. The bidders must ensure that their solution adheres to all the requirements specified in the sections that follow.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

The bidder must provide dark fibre between its Main Office building and the end point specified in the Table below using 48F fibre cable.

The address, coordinates and site contacts for each endpoint is provided.

Priority	End Point	Address	GPS Coordinates	Contact Details
1	Waste Water Treatment Plant	Adam Tas Road and Vredenburg Road	<u>-33.944176,</u> <u>18.825299</u>	Adean Williams / 0218088970

The fibre must be routed in such a way as to minimise the total distance of the build.

Scope of work

1. Geotechnical Survey

Bidders may carry out their own survey to more accurately determine the requirements of this build. The SM encourages bidders to scope the build as accurately as possible to minimize variations to the cost of the build during implementation.

2. Civil Works Procedure and Requirements (SANS 2001-DP3)

Prior to the excavation for the duct, the bidder shall ensure that the route is cleared of any obstruction, such as trees, shrub, tree roots, rocks, etc, to allow for minimum safe working area for trenching as per safety plan.

- Trenching in Soft Soil: trenching to be done within road reserves 1 meter away from the fence line. The minimum depth of the trench to be 1000mm and at least 200mm width.
- Trenching in medium hard rock: trenching to be done within road reserves 1 meter away from the fence line. The minimum depth of the trench to be 600mm and at least 200mm width.
- Trenching in Hard Rock conditions i.e. dolerite or mudrock, a trench depth of 400mm is required. Sharp edges in the trench to be removed and the trench must be padded with soft-soil of at least 100mm of approved material or imported soil before laying of the sub-duct.
- No trench must be left open for longer than a day on roads' edges, unless barricaded and warning signs erected of possible danger. In line with the agreed upon safety plan and traffic management plan.

3. Laying of duct, sub-duct, hauling of FOC Procedure (SANS 10340-2:2006 & SANS 2001-DP3)

Bidders must use underground sub-ducting for this build; direct buried fibre cable shall not be acceptable. Sub-ducts shall be laid and jointed, and shall be evenly supported for their full

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

lengths on the bedding, which shall have been evenly and thoroughly compacted. If lengths of ducting are jointed along the trench, care shall be taken to avoid straining the joints when the ducting is lowered into the trench. Bidders are encouraged to minimise the number of sub-duct joints along the route, e.g. by procuring full-length sub-duct.

4. Padding, Bedding and Backfilling and Compaction (SANS 2001-DP3)

Bedding material shall be placed around and over the duct(s), and thoroughly and evenly compacted. Compaction shall be done in such a way that ducts are not disturbed and joints are not impaired.

5. Crossings

While boring, bidders must utilise directional drilling technology, except in the areas where the geography allows thrust-boring techniques (generally only applicable to some minor road crossings or driveways). Backfilling must be done in compliance with the sections above and completed within the same day. In case of bridge crossing where directional drilling is not possible, the duct must be attached securely onto an appropriate part of the bridge (top, side, bottom). The best method will be determined, agreed with the bidder and approved by Project Manager and obtain authorization from structural engineer from the Municipality/Provincial authorities prior to implementation. The bidder must detail how they plan to handle the bridges and culverts that exist along the route

6. Asset Identification

6.1 Electronic Markers/Passive Transponders

In order to identify and locate underground assets, electronic markers must be placed in all handholes and manholes. To mark the change of direction of the fibre cable e.g. road, river or creek crossing, electronic markers must be placed above the fibre cable.

6.2 Route Markers

An approved marker post type must be installed on all areas where fibre is buried along the route at regular intervals. Marker posts must also be installed at cable deviations or change of direction to enable the accurate location of the cable.

6.3 Detectable/marker Tape

An approved laminated colour tape of at least 50mm wide must be placed along the geometric centre of the cable route in the trench 300mm above the fibre cable.

7. General Fibre Infrastructure requirements

a. Splicing kits

All optical splices in the network are to be made using the fusion type method. A fusion splice kit must be used for all splices and the specific kit in use shall be capable of achieving splices of 0.05 dB loss or better at 1310nm, 1550nm and 1625nm on single-mode fibre cable.

b. Fibre optic connectors

The single mode connectors furnished on optical patch cords and pigtails must be high specification LC/APC type. All optical connectors supplied will be factory installed on patch cords or pigtails. No field installation of connectors shall be permitted.

c. Pigtails

The optical pigtails are to consist of a section of single mode fibre, jacketed cable of sufficient length, equipped with a factory installed LC/APC type connector at one end. The other end can be stripped and prepared for fusion splicing. Pigtails are to be fusion spliced to the main cable, have an appropriate splice protector applied and installed in splice trays to the manufacturer's specifications.

d. Fibre-Optic Termination Panel

All fibre on the micro-cable must be terminated onto a Fibre-Optic Termination Panel at the end points. Provision must be made to allow specific fibre cores to be spliced all the way through to the terminal equipment, if needed. The following requirements must be adhered to:

- The SM requires the use of high specification LC/APC connectors. The connector specifications and type used by the bidder must be provided.
- All terminated fibre spans must be clearly and accurately labelled.
- Sufficient fibre slack must be provided for at all points where the fibre connects to a patch panel. All slack must be neatly coiled and secured in a manner that does not exceed the minimum bend radius of the pigtail.
- The Fibre-Optic Termination Panel must terminate on the SM provided racks at the end points, and at the bidder provided 19" rack.
- Any unused ports on the panel must be covered with suitable plugs or protective covers.

8. Underground Fibre infrastructure requirements

a. Duct/micro duct requirements

The Stellenbosch Municipality requires a (1) 4-way micro-duct fibre route exclusively for our use. The micro-duct inner diameter must be 10mm or larger. The Stellenbosch Municipality prefers direct buried micro-ducts to minimize costs.

b. Fibre Optic Cores

The Stellenbosch Municipality requires a fibre-optic micro-cable with at least forty eight (48) single-mode fibre cores to be blown through one of the available micro-ducts between each of the end-points specified above.

c. Manhole/Handhole requirements

The SM prefers the use of high strength Sheet Moulding Compound (SMC) manholes due the life expectancy and ease of installation. However, bidders may offer alternatives that exceed the typical characteristics of the SMC manholes. The SM is not prescriptive about the type of handholes to be used. The bidders must comply with the following requirements:

- Each manhole and handhole must be buried at a top depth of 200mm
- The maximum distance between manholes must not exceed 1Km.
- Each manhole needs to cater for about 30 m of total fibre slack (15 m from either direction), which must be neatly managed (stored) on slack management trays.
- Handholes must be strategically placed between manholes and the maximum distance between 2 consecutive handholes must not exceed 500 m.
- Each handhole must cater for at least 5 m of total fibre slack.
- The type of splice enclosure selected must be compatible with the specific manhole used. Also, the splice enclosures must be firmly mounted to the manhole.
- All manholes and handholes must have a drainage hole/plug.
- Access to manholes and handholes must be controlled using either a mechanical lock or a smart lock.
- A location marker is required at each handhole and manhole and must be clearly documented.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

d. Fibre-Optic Splice enclosures

All splices shall be contained within a suitable splice enclosure. This enclosure must be watertight and weatherproof and must cater for the full number of fibre cores in a fibre micro-cable that it is being spliced. The Stellenbosch Municipality is not prescriptive about which splice enclosure to be used, but the specifications for the splice enclosure must be provided together with the bidder's response.

9. Optical Specifications

a. Fibre Specification

Bidders shall provide either G.652D or G.657 fibre in compliance to the cable specifications (including chromatic and polarization mode dispersion) specified by the ITU. Over and above the requirements detailed in the ITU specifications, the Stellenbosch Municipality expects the provided fibre to be on par with current industry norms regarding long haul dark fibre. In particular, on the date of delivery, the Stellenbosch Municipality expects the fibre to comply with the follow specifications:

Attenuation

Wavelength	Expected Value (db/km)
1550 nm	<0.20
1625 nm	<0.22

Chromatic Dispersion

Wavelength	Expected Value (ps/(nm.km))
1550 nm	4-10
1625 nm	17

Polarization mode dispersion

Expected Value (ps / $\sqrt{\text{km}}$)	<0.06
---	-------

b. Splicing specifications

Overall, the splices on the network must comply with the following:

- The two-way average splice loss at 1550nm for all splices on a fibre span shall not exceed 0.08dB per splice.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- The two-way average splice loss at 1550nm shall not exceed 0.10dB for any individual splice.

10. Fibre Testing

a. Pre-installation Tests

Suppliers need to comply with industry standards in pre-testing the fibre prior to installation to ensure that the losses due to laying/blowing the fibre are within accepted tolerances.

b. Post-installation Tests

Bidder must comply with the following:

- Bidders must provide bi-directional test results of all of the installed fibre cores from the Main Building Server room
- Tests for the Attenuation, Chromatic dispersion and Polarization mode dispersion must be conducted. The Stellenbosch Municipality is not prescriptive about the specific tests that must be conducted, but bidders must ensure that the tests adhere to the relevant SABS standard. Specifically, SANS 60793-1-42:2018, SANS 60793-1-48:2007 and SANS 60793-1-40:2001.
- The specific test procedure including details of the test equipment used by the bidder must be documented and included as part of the bidder's response.

11. As-Build Documentation

On completion of the works and prior to handover the Contractor must provide as-built documentation and complete system descriptions. Sample of as-built documentation should be submitted together with the bidder's tender response.

Following approval of the draft documentation the Contractor must provide a final copy of the "As Built" documentation in electronic format compatible to any personal computer. Hard copies and electronic copies of all drawings must also be supplied. As built documentation must include the following:

a. As built drawings

Drawings in AutoCAD or Microsoft Visio format suitable for uploading to AutoCAD must be supplied in addition to PDF format pages complete with title sheet and index sheet. During the construction of the cable route the Contractor must progressively and as soon as reasonably practicable prepare and submit the 'as-built drawings' identifying the location and type of cable route installation. These drawings shall be accurate, of professional quality and reflect the true nature of the cable route installation. The as built drawings shall include but are not limited to the following:

PRINT NAME:			
CAPACITY:		Name of firm

- Important Geographical Features
- Major earthworks (e.g. abutments, cuttings, embankments, drainage features, culverts).
- Natural features (e.g. treed and cropped areas, water courses, water bodies etc.).
- Existing infrastructure particularly within easements (e.g. edge of bitumen, sealed and unsealed roads, fence lines, access gates, major existing signs, power poles, transmission tower bases, stanchions).
- Other features of the built environment external to easements (e.g. houses, commercial and industrial premises).
- Other parties' services.
- Roads and access roads.
- All features must include relationship and proximity to the cable route and depths.

b. OTHER DETAILS INCLUDING

- Building termination details including rack, patch panel information.
- GPS co-ordinates of all trenches locations, changes in direction of cable route, changes in construction technique, start and end of large crossings (e.g. roads, railways, watercourse etc.).
- Photo pack containing minimum 12 Megapixel resolution digital photo of every access pit/manhole/trench (1 photo internal, 1 photo looking in each direction in the line of the cable route from the pit/manhole with the lid in place).
- Photos should be in .jpg format and must be clearly named according to the manhole name/number that will appear on the as built drawing.
- The cable route as installed shall be recorded in a format that will allow the Municipality to onward supply this information to relevant municipal, provincial and national authorities as needed. The Municipality recommends that the MapInfo TAB file format be used.
- The GPS coordinates must be at least ± 1 meter accuracy to determine all locations.
- Fibre optic cable test results. This must be provided in both raw OTDR output files as well as summarised in a suitable format e.g. Excel spreadsheet, PDF, etc.

12. Quality Assurance

Bidder must establish quality management procedures in conjunction with Municipality to ensure that installation, equipment, material and workmanship conform to the standards required in the contract documents.

Contractor must submit a quality assurance plan as part of the bid response for review and approval by Municipality within one (1) week before the commencement of the agreement.

13. Civil Works Warranty

The bidder must provide a 2-year warranty in respect to the overall installed fibre infrastructure. Any defects, deterioration or deformation on civil work within a 2 year period must be repaired/restored at the cost of the contractor.

14. Warranty of materials

All materials, including ducts, optical fibre cable, manholes, splice-enclosures must be supported under warranty by the Contractor, for the performance as specified by the manufacturer, for a period of no less than five (5) years from the time of practical completion of the works.

15. Occupational Health and Safety Standards

I. The contractor must comply with the provisions of the Occupational Health and Safety, OHS Act 85 of 1993 and all other regulations and specifically the Construction Regulations 2014 requirements when budgeting and quoting. The Municipality having considered the size of the project and the degree of risk, will require the contractor to appoint a competent health and safety officer [CR 6(6)] in writing to assist in the control of health and safety hazards inherent in the construction work.

II. The bidder to provide Health and Safety Management Plan outlining the approach in mitigation of Health and Safety risks.

III. The Bidder shall ensure at all times that it has full regard for the health and safety of all its employees, contractor and/or users of the roads, premises, and where relevant, its own premises, vehicles, equipment and machinery (whether lawful or not), in accordance with all Laws including those relating to safety, health and environment, and Good Industry Practice.

IV. Prior to the execution of any works the bidder shall make himself familiar with the safety requirements as explained in the Municipality's health and safety management guidelines. The Municipality's SHE management guidelines must be read in conjunction with the appropriate acts and regulation pertaining to occupational health and safety.

V. In compliance to Health and Safety Specification bidder to be aware that Safety File will be required and audited by the Municipality SHE Department and safety induction conducted prior to the start of project execution. The bidder shall appoint safety officer who will periodically be on site to ensure safety compliance. A competent first aider will also be required to be on site at all times.

VI. The bidder will be required to observe the Safe Working Practice and comply with the following:

- Incident Management (Reporting and Investigation)
- Daily safety Talk Register

VII. The OHS Act Section 37.2 agreement shall be signed with the winning bidder to indemnifies SM free and harmless from and against any and all proceedings, claims, demands, liabilities, losses and legal and associated costs incurred in respect of or in connection with:

- any damage or loss to property, real or personal;
- any injury to any individual, including injury resulting in death;
- violation of any third-party rights, including without limitation any right of privacy or Intellectual Property rights; and arising out of or in connection with the actions of or omissions by it or its Designated Employees, employees or sub-contractors, or any breach of its obligations herein.

VIII. The bidder must provide proof of good standing with Workers compensation Commissioner or other recognized insurer.

16. Environmental Management Requirements

I. Due to the nature of work involving excavation of earth, river crossing, swamp and possible bush clearing. The bidders must ensure that all Environmental Impact Assessment (EIA) and the requirements for Water Use License (WUL) are considered and factored in their project planning and implementation.

II. The bidder is hereby made aware that it will be expected of them to comply/do with the following:

- Implement, manage and maintain the construction elements of the EIA and WUL for the duration of the contract;

- b. Designate, appoint and/or assign tasks to SHE Officer who will be responsible for managing all or parts of the construction EMP.
- c. Ensure that all sub-contractors and other workers appointed by the Contractor are aware of their environmental responsibilities while on site or during the provision of their services off site;
- d. Ensure that all sub-contractors and other workers appointed by the Contractor are complying with, and implementing the operational EMP during the duration of their specific contracts; and
- e. Submit a comprehensive risk register that outlines the management approach to mitigate the anticipated environmental impacts emanating from the construction work.
- f. Reduce the environmental impact of civil and fibre works through the proactive employment of sound and effective working practices, including but not limited to the rehabilitation, disposal of rubbles and refuse as outlined in the operational EMP.
- g. Bidders shall submit a detailed environmental awareness plan as required by NEMA.

III. Environmental Management Acts:

- a. In conjunction with EIA and operational EMP the Bidder shall comply with the following environmental legal and statutory requirements, but does not negate compliance with the other relevant legal requirements;
 - i. The Constitution of the Republic of South Africa 1996
 - ii. National Environment Management Act, Act 107 of 1998
 - iii. Conservation of Agricultural Resources Act - Act 45 of 1983
 - iv. National Forests Act – Act 84 of 1998

17. References

All bidders must provide details for three (3) references for similar civil projects. The references must cumulatively be able to testify to the bidder's capability in:

- I. Executing civil works for fibre installation.
- II. Supplying, installing and commissioning long distance optical fibre cable; and
- III. Providing support and maintenance to clients.

The following details need to be available per reference:

- I. Name of Company/Projects

1. COMPULSORY REQUIREMENTS FROM BIDDERS

Bidders will be disqualified for failure to comply to the following requirements

- 1.1. The Bidders must complete the Pricing Schedule.
- 1.2. The minimum acceptable Fiber optic qualification is the industry recognized Fiber Optic Certification. Bidders are required to submit copies of the industry recognized FO certification of all splicers that will be allocated to this contract.
- 1.3. Successful bidders must make use of local (WC024 area of jurisdiction) labour on the following basis
 - Unskilled labour = 100%
 - Semi-skilled labour = 40%
 - Skilled labour = 10%
- 1.4. The table below provides a listing of all possible scenarios in completing the project/s as requested. This is to assist us evaluating your bids in a fair and transparent manner. Kindly complete only the lines pertaining to the route in question.
