## QUARTERLY BUDGET STATEMENT FOR SEPTEMBER 2023

Own revenue consists mainly of service charges at 64.36 per cent of the R 2 044 016 828 billion own revenue budget.

**Funding of the 2023/24 operating budget**

**Composition of own revenue**

## **Operating Revenue Variance Report**

The variances between actual operating revenue and the planned operating revenue contained in the SDBIP are explained per revenue source and are as follows:

### **Revenue by Source**

#### **3.1 Property Rates**

Property rates are billed monthly, and service charges water are billed monthly. However, some consumers applied to have their property rates and service charges billed annually. This has resulted in an underperformance of R17 299 102 for property rates when compared to the year-to-date budget projections as the annual applications did not form part of the monthly budgeted revenue projections.

#### **3.2 Service charges - electricity revenue**

The municipality has billed R49 514 661 more electricity charges than initially anticipated. The largest overperformance relates to the Time of Use Tariffs (R10 240 291) and Domestic High prepaid (R36 719 830). The overperformance is due to reduced loadshedding stages, an influx of students following the mid-year holiday period and the fluctuations in the weather resulting in increased consumption.

#### **3.3 Service charges - water revenue**

The municipality has billed R4 238 494 less water charges than initially anticipated. The largest underperformance was noted for the sale of conventional water (R3 803 666). This decline in billings is a result of a decrease in consumption than initially anticipated.

#### **3.4 Transfers and subsidies**

The municipality has noted an overperformance of R10 282 525 than initially anticipated. The over performance is due to an inflow of tranche payments from the beginning of the financial year to date from both the National and provincial treasuries and departments.

#### **3.5 Operational Revenue**

The municipality has noted an overperformance of R11 068 636 than initially anticipated. The items that attributed to the overperformance are as follows:

##### **3.5.1 Revenue: Exchange Revenue: Operational Revenue: Development Charges**

The municipality noted and overperformance of R12 140 739 for Development charges. This is a result of more payments being received from developments carried out by the municipality than initially anticipated.

## QUARTERLY BUDGET STATEMENT FOR SEPTEMBER 2023

### **3.6 Fines, penalties, and forfeits**

The municipality has noted an overperformance of R5 288 624 than initially anticipated. The recognition of traffic fines in terms of interpretation generally recognised accounting practice (iGRAP) 1 is done monthly, including the journal processed on the financial system
