As per e-mail:

Dear Sir /Madam

NOTICE TO BIDDERS

ADDENDUM: TENDER B/SM 14/22: Various Training Programmes ending June 2024

The virtual compulsory clarification meeting held on **18 November 2021 at 10h00** via MS Teams, has reference.

1. Replace the Item 13. (Page 53):

13. Weed Control

This short course provides the learner with the essential skills to handle, transport, store and utilise hazardous materials. The hazardous materials can include but are not limited to fuel, flammable gasses, cement etc.

The following exit level outcomes must be covered:

- Identify and describe hazardous materials
- Identify suitable transport for hazardous materials and related legislation
- Identify storage facilities of hazardous materials
- Describe the proper application procedures for the various hazardous materials used
- Identify training requirements for unskilled workers working with hazardous materials
- Plan and implement emergency

Venue Preference : In-house (Stellenbosch Municipality)

Pricing Schedule:

The quoted prices must be indicated in the pricing schedule below. The award will be on the total price per learner.

Detailed cost analysis: Pricing for 3 financial years (VAT Included)				
The price per learner must include pre-assessments (where required), Facilitation, Assessment, Moderation, Verification (where required), Certification and any other training related costs, including travelling & accommodation.				
Handle Transport and store hazardous Materials (Short Course)				
Training Activities	Price Per Learner			Total over 3 years
	2021/2022	2022/2023	2023/2024	
Pre-Assessment	R	R	R	R
Training (5 – 7 learners per group)	R	R	R	R
Training (8 – 10 learners per group)	R	R	R	R
Re-Assessment	R	R	R	R
Total				R

Tender will be evaluated and appointed in terms of the total price per person over the 3 years.

The tender will be awarded to one service provider per training/learning programme. Bidders who do not provide bids for the full scope of the training/learning programme will not be considered and will be non-responsive.

With:

13. Weed Control

This **short course** provides the learner with the essential skills to control weeds using a manual sprayer and complying with safety procedures when working with chemicals.

The following exit level outcomes must be covered:

- Explain the reasons for controlling weeds
- Identify and classify weeds
- Decide on what methods of weed control to use
- Prepare to apply herbicides with manual sprayer
- Comply with safety procedures at end of herbicide application
- Prepare for chemical weed control
- Apply chemical weed control
- Maintain equipment

Venue Preference : In-house (Stellenbosch Municipality)

Pricing Schedule:

The quoted prices must be indicated in the pricing schedule below. The award will be on the total price per learner.

Detailed cost analysis: Pricing for 3 financial years (VAT Included)				
The price per learner must include pre-assessments (where required), Facilitation, Assessment, Moderation, Verification (where required), Certification and any other training related costs, including travelling & accommodation.
