6. GENERAL CONDITIONS OF CONTRACT – GOVERNMENT PROCUREMENT

1. DEFINITIONS

The following terms shall be interpreted as indicated:

- 1.1. "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
- 1.2. "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- 1.3. "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
- 1.4. "Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
- 1.5. "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally
- 1.6. "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7. "Day" means calendar day.
- 1.8. "Delivery" means delivery in compliance of the conditions of the contract or order.
- 1.9. "Delivery ex stock" means immediate delivery directly from stock actually on hand
- 1.10. "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
- 1.11. "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
- 1.12. "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable.
- 1.13. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.14. "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.15. "GCC" means the General Conditions of Contract.
- 1.16. "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.17. "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.18. "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

-
- 1.19. "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.20. "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.21. "Project site" where applicable, means the place indicated in bidding documents.
- 1.22. "Purchaser" means the organization purchasing the goods.
- 1.23. "Republic" means the Republic of South Africa.
- 1.24. "SCC" means the Special Conditions of Contract.
- 1.25. "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.26. "Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
- 1.27. "Tort" means in breach of contract.
- 1.28. "Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
- 1.29. "Written" or "in writing" means handwritten in ink or any form of electronic or mechanical writing.

2. Application

- 2.1. These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2. Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3. Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

- 3.1. Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2. Invitations to bid are usually published in locally distributed news media and on the municipality / municipal entity website.

4. Standards

- 4.1. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

- 5.1. The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
- 5.2. The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3. Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

- 5.4. The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

- 6.1. The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 6.2. When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.

7. Performance security

- 7.1. Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
- 7.2. The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3. The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- 7.3.1. bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - 7.3.2. a cashier's or certified cheque
- 7.4. The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.

8. Inspections, tests and analyses

- 8.1. All pre-bidding testing will be for the account of the bidder. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspections tests and analysis, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser.
- 8.2. If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.3. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.4. Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.5. Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.6. Any contract goods may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods which do comply with the requirements of the contract. Failing such removal the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.

8.7. The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.

9. Packing

9.1. The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2. The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, and in any subsequent instructions ordered by the purchaser.

10. Delivery

Delivery of the goods shall be made by the supplier in accordance with the documents and terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified.

11. Insurance

The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation

Should a price other than an all-inclusive delivered price be required, this shall be specified.

13. Incidental

13.1. The supplier may be required to provide any or all of the following services, including additional services, if any:

13.1.1. performance or supervision of on-site assembly and/or commissioning of the supplied goods;

13.1.2. furnishing of tools required for assembly and/or maintenance of the supplied goods;

13.1.3. furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;

13.1.4. performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

13.1.5. training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2. Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1. As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

14.1.1. such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;

14.1.2. in the event of termination of production of the spare parts:

14.1.2.1. advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

14.1.2.2. following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1. The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2. This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3. The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4. Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5. If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1. The method and conditions of payment to be made to the supplier under this contract shall be specified.

16.2. The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3. Payments shall be made by the purchaser **no later than thirty (30) days** after submission of an **invoice, statement** or claim by the supplier.

16.4. Payment will be made in Rand unless otherwise stipulated.

17. Prices

Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

18. Variation orders

In cases where the estimated value of the envisaged changes in purchase does not vary more than 15% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price and such offers, may be accepted provided that there is no escalation in price.

19. Assignment

The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract, if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1. Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2. If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.4. Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22 without the application of penalties.

21.5. Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1. The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

23.1.1. if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

23.1.2. if the Supplier fails to perform any other obligation(s) under the contract; or

23.1.3. if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2. In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3. Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4. If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.
- 23.5. Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchase actively associated.
- 23.6. If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
- 23.6.1. the name and address of the supplier and / or person restricted by the purchaser;
 - 23.6.2. the date of commencement of the restriction
 - 23.6.3. the period of restriction; and
 - 23.6.4. the reasons for the restriction.
- These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.
- 23.7. If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

When, after the date of bid, provisional payments are required, or antidumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.

25. Force Majeure

- 25.1. Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2. If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3. Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4. Notwithstanding any reference to mediation and/or court proceedings herein,

27.4.1. the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

27.4.2. the purchaser shall pay the supplier any monies due for goods delivered and / or services rendered according to the prescripts of the contract.

28. Limitation of liability

28.1. Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6;

28.1.1. the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

28.1.2. the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment

29. Governing language

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31. Notices

31.1. Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice

31.2. The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

32.1. A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

32.2. A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3. No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.

32.4. No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.

33. Transfer of contracts

The contractor shall not abandon, transfer, cede, assign or sublet a contract or part thereof without the written permission of the purchaser.

34. Amendment of contracts

No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

35. Prohibition of restrictive practices.

35.1. In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding.

35.2. If a bidder(s) or contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 Of 1998.

35.3. If a bidder(s) or contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

General Conditions of Contract (revised July 2010)

7. GENERAL CONDITIONS OF TENDER

1. Sealed tenders, with the **“Tender Number and Title”** clearly endorsed on the envelope, must be deposited in the **tender box** at the offices of the Stellenbosch Municipality, Plein Street, Stellenbosch.
2. The tender must be lodged by the Tenderer in the tender box in the Main Hall Entrance, Stellenbosch Municipal Offices, Plein Street, Stellenbosch

PLEASE NOTE:

- 2.1. Tenders that are deposited in the incorrect box will not be considered.
 - 2.2. Mailed, telegraphic or faxed tenders will not be accepted.
 - 2.3. Documents may only be completed in non-erasable ink.
 - 2.4. The use of correction fluid/tape is not allowed.
 - 2.4.1. In the event of a mistake having been made, it shall be crossed out in ink and be accompanied by an initial at each and every alteration.
 - 2.4.2. Alterations or deletions not signed by the Tenderer may render the tender invalid.
 - 2.5. All bids must be submitted in writing on the official forms supplied (not to be re-typed)
 - 2.6. All prices shall be quoted in South African currency and be **INCLUSIVE of VAT**.
- 3. Where the value of an intended contract will exceed R1 000 000, 00 (R1 million) it is the bidder's responsibility to be registered with the South African Revenue Service (SARS) for VAT purposes in order to be able to issue tax invoices. The municipality will deem the price above R 1 000 000,00 (R1 million) to be VAT inclusive even if it is indicated that no VAT is charged. Please insure that provision is made for VAT in these instances.**
- 3.1 It is a requirement of this contract that the amount of value-added tax (VAT) must be shown clearly on each invoice.
 - 3.2 The amended Value-Added Tax Act requires that a Tax Invoice for supplies in excess of R3 000 should, in addition to the other required information, also disclose the VAT registration number of the recipient, with effect from 1 March 2005. The VAT registration number of the Stellenbosch Municipality is **4700102181**.
- 3 Any Tender received after the appointed time for the closing of Tenders shall not be considered but shall be filed unopened with the other Tenders received or may be returned to the Tenderer at his request.
 - 4 Tenders may not be telefaxed to the Municipality and therefore any tenders received by fax will **not** be considered.
 - 5 Tenders shall be opened in public at the Stellenbosch Municipal Offices as soon as possible after the closing time for the receipt of tenders.
 - 6 The Municipality shall have the right to summarily disqualify any Tenderer who, either at the date of submission of this tender or at the date of its award, is indebted to the Municipality in respect of any rental, levies, rates and/or service charges; **ALTERNATIVELY**;
 - 6.1 That an agreement be signed whereby the Tenderer agrees that a percentage or fixed amount at the discretion of the Municipality, be deducted from payments due to him for this tender, until the debt is paid in full.
 - 6.2 The tenderer shall declare **all** the Municipal account numbers in the Stellenbosch Area for which the enterprise or the proprietors or directors in their personal capacity is/ are responsible or co-responsible.

7. Negotiations for a fair market related price

7.1 The award of the tender may be subject to price negotiation with the preferred tenderers.

8 This bid will be evaluated and adjudicated according to the following criteria:

- 8.1 Relevant specifications
- 8.2 Value for money
- 8.3 Capability to execute the contract
- 8.4 PPPFA & associated regulations

9 Service Level Agreement

The award of the tender is subject to the signing of a Service Level Agreement (SLA) between the successful bidder and Stellenbosch Municipality.

10 Inclusion as a standard clause in the tender specification documents where any asset is constructed

On practical completion date, a report or certificate should be issued indicating the total costs of the project attributable to each significant component as identified within the lowest asset hierarchy level (4) as specified within the infrastructure catalogue or Annexure A of the Stellenbosch Municipality's asset management policy as approved in 2014, if not contained in the catalogue.

Where a tender runs over more than one financial year (therefore not concluded by 30 June of a year) the following provision must be included in the consultant's project management agreement – it therefore forms part of the consultant's responsibilities:

11 Centralised Supplier Database

No Bids will be awarded to a bidder who is not registered on the Centralised Supplier Database (CSD).

The CSD supplier number starting with (MAAA) number is automatically generated by the Central Database System after successful registration and validation of a prospective service provider. This number is now a mandatory requirement, as referred to in regulation 14(1) (b) of the Municipal Supply Chain Management Regulations, as part of the listing criteria for accrediting a prospective service provider. Prospective suppliers should self – register on the CSD website at www.csd.gov.za Registration on the CSD will be compulsory in order to conduct business with the STELLENBOSCH MUNICIPALITY. Registration on CSD can be done by contacting 021 808 8594 or Nicolene.Hamilton@stellenbosch.gov.za

1. This Municipal Bidding Document (MBD) must form part of all bids invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).⁴ Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION:

In response to the invitation for the bid made by:

STELLENBOSCH MUNICIPALITY

I, the undersigned, in submitting the accompanying bid, hereby make the following statements that I certify to be true and complete in every respect:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

⁴ Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

- 5.1. has been requested to submit a bid in response to this bid invitation;
 - 5.2. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - 5.3. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium⁵ will not be construed as collusive bidding.
 7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - 7.1. prices;
 - 7.2. geographical area where product or service will be rendered (market allocation)
 - 7.3. methods, factors or formulas used to calculate prices;
 - 7.4. the intention or decision to submit or not to submit, a bid;
 - 7.5. the submission of a bid which does not meet the specifications and conditions of the bid; or
 - 7.6. bidding with the intention not to win the bid.
 8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
 10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

PART B – SPECIFICATIONS AND PRICING SCHEDULE

15. SPECIFICATIONS

1. Appointing of an experienced service provider to read meters remotely, via Automated Meter Reading (AMR) system and manage metering services for Large Power Users, metered Streetlight points and Small Scale Embedded Generation consumers

1.1 Purpose

To appoint a reputable and experienced metering and consumption software and associated service provider to read meters remotely, via Automated Metering Reading (AMR) system and manage the Stellenbosch Municipality metering services for Large Power Users, metered Streetlight points and Small Scale Embedded Generation consumers from date of appointment till 30th June 2027.

1.2 Background

Stellenbosch Municipality is a local municipality located in the WC024 area which includes the towns and rural areas of Stellenbosch, Franschhoek, Klapmuts, Koelenhof, Kylemore, Johannesdal, Pniel, Jamestown, and Raithby. The Municipality's electricity distribution network covers Stellenbosch CBD and nearby farms, Franschhoek CBD and nearby farms, Pniel and nearby farms, Johannesdal, De Hollandsche Molen in Wemmershoek. Bidders will have to familiarize themselves with the Stellenbosch Municipal electricity supply areas in order to ensure that it is properly catered for in their tenders.

The municipality has a total existing installed AMR meters of 750 from the following meter manufactures:

- Itron SL7000. Make about 85% of the total installed meters.
- Landis&Gyr ZMG/ZMD; E460S. Make about 10% of the total installed meters.
- Elster A1140; AS230; AS220. Make about 4% of the total installed meters.
- Strike Technologies Enermax+ meter. Make about 1% of the total installed meters.

Bidders should note that other meters from different manufactures will be purchased by the municipality depending who the tender for supply of electronic demand meters has been awarded to and therefore, should make all necessary arrangements to ensure that their AMR software is able to connect and read the meters remotely.

1.3 Scope and description of project

1.3.1 System Information

1.3.2 The current municipality existing electricity network consists of the networks of:

- a. Stellenbosch Town
- b. Kayamandi
- c. Cloetesville
- d. Idas Valley
- e. Franschhoek
- f. Pniel and Johannesdal
- g. Hollandsche Molen in Wemmershoek

1.3.3 The following statistics are relevant:

- a. Low Voltage Large Power Users 395
- b. Medium Voltage Large Power Users 57
- c. Metered streetlight points 298
- d. TOTAL meters on AMR 750
- e. ESKOM bulk supply meters to be monitored: 6 meters (3 units)

1.3.4 The system consists of:

- a. Municipal Access Point Name (APN)
- b. Communication Protocol: GSM/GPRS
- c. Communication medium provided by Vodacom
- d. Server at the service provider's premises
- e. Existing AMR equipment at all metering points
- f. Main System Control and backup data storage systems to be supplied by the Service Provider as per requirements for Municipal Data Systems

1.3.5 Scope of Tender

In brief, the following services will be required:

1.3.5.1 To manage software and existing associated equipment for metering and communication systems for large power users, ESKOM check metering and other internal metering points identified by and on behalf of Stellenbosch Municipality.

a. Existing AMR Hardware:

1.3.5.2 To add AMR units on any additional identified LPU s metering installations and adjust software to cater for additional units.

1.3.5.3 To add AMR units on all Small Scale Embedded Generation (SSEG) customer monitoring and report. The requirements of NRS 097: Grid Interconnection of Embedded Generation will apply.

1.3.5.4 To manipulate SSEG data for all forms of conditions in terms of importing or exporting of energy from the network and provide the necessary billing and technical data.

1.3.5.5 To test, inspect all new installation, hardware installed by Stellenbosch Municipality.

1.3.5.6 To monitor all communication, equipment and other functional related problems and be able to do field resets and manual readings when software cannot read a meter on the AMR software.

CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- 1.3.5.7 To collect, process, monitor, publish consumption and profile data on the internet on a 4 hour basis for the above metering points on behalf of Stellenbosch Municipality with appropriate internet protection for users.
- 1.3.5.8 To effectively deal with and manage customer queries related to the service. The service provider will receive such customer queries via the municipality. There will be no direct contact between the customer and the service provider, unless requested by the municipality.
- 1.3.5.9 To certify existing metering installations to ensure that it complies to the minimum requirements of NRS 057 – Code of practice for electricity metering and NRS 071 Automated meter reading for large power users.
- 1.3.5.10 To audit all new installations and all metering installations where alterations have been made to any part of the particular meter system.
- 1.3.5.11 To electronically interrogate and transfer of data from the field installation over a communications network to a metering database (situated at the premises of the bidder) and a suitable backup situated at a location geographically separate from the premises of the bidder.
- 1.3.5.12 To provide accessibility to a billing and associated technical and financial database to end users on a dedicated site on the Internet. The latest NRS 071:2013 and NRS 057 specifications will be adhered to in full, by the bidder.
- 1.3.5.13 To export all billing data in a file format compatible with the current municipal financial system (SAMRAS).
- 1.3.5.14 To export all data in a file format compatible with the current municipal electricity system.
- 1.3.6 Technical Detail
- 1.3.6.1 The whole installation shall be in accordance to NRS 071:2013 – Automated Meter Reading for Large Power users as well as NRS057: Code of practice for electricity metering. The hardware (Meter, Current Transformer, Modem, wiring and SIM Card) has been installed by the municipality and the appointed service provider will then inspect, test and certify the installation as correct before uploading the metering point onto the services reading provider's platform.
- 1.3.6.2 Software must be compatible to support managing all forms of Small Scale Embedded Generation customer monitoring and report.
- 1.3.6.3 The entire time-of-use tariff readings and billing process, as well as a number of kVA tariff will be provided by the successful bidder. In addition to the meter reading function, it is the aim of Stellenbosch Municipality to provide an excellent and transparent service to its time-of-use and other large power users by displaying pertinent billing and technical information on the internet, both accurately and timeously.
- 1.3.6.4 The successful service provider will assume responsibility for the integrity, measurement and data, of the entire functionality metering installation down line from the instrumentation transformers including, but not limited to, meters, test terminal blocks, fuses, and all wiring and communication equipment.
- 1.3.6.5 All personnel that will work on any metering installation of the municipality must be an authorized person with at least an Operating Regulations for High Voltage Systems (ORHVS), proof of certification of such person/s must be submitted with this tender document. Failure to submit proof will prejudice the tender as being submitted by an insufficiently equipped tenderer and will be rejected for such cause.
- 1.3.6.6 The software must be cloud based with no local PC software installations support web and mobile access to end users.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

1.3.6.7 Software must be compatible to support managing all forms of Small Scale Embedded Generation customer monitoring and report.

1.3.6.8 Software must support Quasi real time display/dashboard (interactive)

1.3.6.9 All software upgrades and licensing cost will be included in the tender amounts and must not be separately charged to the municipality.

1.3.6.10 Bidders who qualify for further evaluation will be contacted to come and demonstrate the following:

- Accuracy test and report/certificate.
- Process of setting up new meters on the metering platform.
- Show alarm for faulty meter including notification to support and send email.
- The dash board of the backend software and all functions available to the users including the municipal staff, the staff of the service provider and the municipal clients.
- Available reports and graphs.
- Export file showing the structure of the file.

1.4. Exclusions from the scope

The following does not form part of the scope of work

1.4.1 Supply of electricity meters and all metering equipment including SIMCARDS.

1.4.2 Installation of new metering and replacing of meters and meter equipment.

2. General conditions of tender

2.1 Compulsory briefing meeting

A Compulsory Virtual Teams meeting will be held.

The Tenderer must be represented at the briefing meeting by a person who is suitably qualified and experienced to comprehend the implications of the request in the tender. The attendee must be authorised by his company to attend. Should a Tenderer or his representative not attend the briefing meeting, his tender offer will be disqualified.

2.2 This tender document must not be dismembered (Do not take it apart or put documents between its pages). The tender document and all relevant specifications and attachments thereto must be bound together in a suitable binder.

2.3 Tenders shall submit with their tender a schedule listing clause-by clause, specific details indicating compliance or non-compliance with the requirements of the specification.

2.4 Tenderer who qualified for further evaluation will be contacted to come and demonstrate the functionality of their software.

2.5 Stellenbosch Municipality reserves the right to scale down on the Scope of Work in order for the tender value to fit into the available budget for the third financial year. The evaluation of the tender offers, will however, be based on the full tender amounts as received.

2.6 During the technical evaluation stage all bidders that complies with all the pre-qualifications of this tender will be requested to come to Electricity Department offices at Stellenbosch at their own travelling expense to demonstrate the functionality of their AMR system and audit process. Bidders who do not demonstrate the functionality of their AMR system and audit process will be regarded as non-compliant to the specifications and will not qualify for further evaluation.

3. TECHNICAL REQUIREMENTS

Figure 2: Bidder to supply all that is in Green

The acquisition of software keys and protocols that will enable a potential service provider to communicate to any electrical meter installed in Stellenbosch Municipality boundaries will be the responsibility of the bidder. Each bidder must clearly state that they have the technical ability to electronically communicate with our base of commercially available meters.

All related electricity tariffs and tariff types will be supplied by the Municipality within May or June of each year and system shall be capable of adjustment to cater for this, from time to time.

The following standards will be applicable:

- NRS 057 - Code of practice for electricity metering (SANS 474)
- NRS 071 - Automated meter reading for large power users (SANS 473)
- NRS 096 - Electricity metering - Ancillary specifications
- NRS 097 - Grid Interconnection of Embedded Generation

3.1 Communication infrastructure

3.1.1 The communication method is via the municipal APN.

3.1.2 The service provider shall be responsible for all direct and indirect operating costs of the communication with the meters involved. The APN and SIM card cost will be the responsibility of the Stellenbosch municipality, but any and all other associated costs will be for the account of the service provider.

Notwithstanding the fact that the service provider will make use of the Municipal APN, the service provider shall be entirely responsible for data which cannot be read from the meter due to communication failure with a meter (or even all meters). Data will be retrieved by the service provider using manual means if necessary.

The quoted monthly amount should make provision for this eventually. This should not constitute a second tendered amount, but be included in the amount tendered.

- 3.1.3 Data shall be read from each meter as given in Table 3 at the stipulated minimum frequency according to the nominal capacity of the customer.

Table 3: Data to be read from meters and frequency of reading

Item	Description	Minimum Frequency (hours)
1	Load profile data with active and reactive energy half hour readings, each reading time- stamped at the end of the kW-hour period.	> 10MVA: 4 hours >= 1 MVA: 12 hours < 1 MVA: 24 hours
2	Instantaneous data to create phasor diagram and for error detection	> 10MVA: 24 hours >= 1 MVA: 72 hours < 1 MVA: 120 hours
3	Meter event log	> 10MVA: 24 hours >= 1 MVA: 72 hours < 1 MVA: 120 hours
4	Billing registers (active and reactive energy)	Once per month
5	Demand registers (kVA)	Once per month

- 3.1.4 It is the responsibility of the service provider to ensure that all meters are programmed to record the required data as given in Table 3.
- 3.1.5 Both leading and lagging reactive energy shall be recorded in the load profile.
- 3.1.6 It is the responsibility of the successful tenderer to ensure that data read in Table 3 is stored in their data base or cloud for the duration of this contract and be made available upon request.
- 3.1.7 A back up file of data read in Table 3 must be provided in an excel format to the municipality monthly.
- 3.1.8 In cases where it is possible that a customer may co-generate energy back into the grid, the Council may require full four- quadrant metering to be recorded in the load profile and billing registers with both import and export active energy and both leading and lagging reactive energy for each active state (a total of 6 energy registers).
- 3.1.9 Meters must be programmable to record and report billing data for various tariff groups such as:
- Time of use MV > 1 MVA,
 - Time of use MV < 1 MVA,
 - Time of use LV,
 - Two and three part tariffs
- 3.1.10 Meters shall be programmed to store the maximum average over ½ hour period demand in kVA recorded during the billing period.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- 3.1.11 Meters shall not be programmed to calculate or display time-of-use energy or demand registers. The allocation of energy and demand into time-of-use registers for billing purposes shall be done off-site from the load profile data.

3.2 System outputs

3.2.1 Required billing information

- a) Total active energy (kWh) consumed in the billing period.
- b) Total reactive energy (kVAr) consumed in the billing period.
- c) Total energy(kWh) consumed for each time-of-use period (peak, standard and off-peak). This shall be calculated by applying the current Stellenbosch Municipality tariff to the load profile data received for each customer.
- d) Maximum average per ½ hour period demand (kVA) as recorded in the relevant time-of-use periods applicable to each customer.

- 3.2.2 Start and end register readings for total active and reactive energy (kVAr) for the billing period.

- 3.2.3 In some cases billing systems used by the Council may require energy (kWh) to be provided in terms of start and end readings as opposed to consumption. In these cases, the service provider shall create pseudo registers to contain start and end readings for energy consumed in each time-of-use period.

- 3.2.4 It is the responsibility of the service provider to ensure that the correct tariff is applied to each customer as provided by the Council.

3.3 Billing information

- 3.3.1 The municipality shall, by not later than close of work on the fifth working (5) day of every month, receive all final billing data of the previous calendar month in an electronic off-line format which has been digitally signed and certified by the successful bidder.

- 3.3.2 This data will be in a format acceptable to Council's specified software. This format will be provided by the council and is subject to change as and when required by the Council with no additional cost to Council.

- 3.3.3 The service provider will be responsible to ensure that this data is correct and is received by the Office of the Chief Financial Officer.

- 3.3.4 A list of meters on which the readings were not remotely or manually read due to unforeseen reasons by the end of the 3rd working day of each calendar month must accompany, with reasons in every case, the final billing data mentioned in paragraph 3.3.1

- 3.3.5 Meters not read for reasons attributable to the service provider will incur penalties after the fifth (5) working day of the calendar month.

- 3.3.6 Accounts not yet finalized must be clearly indicated as such on the website (and printed account), so as to prevent confusion.

3.4 Alarms

Alarms will be used to provide early warning of any problem areas. Technicians will visit the site and attempt to rectify the problem, regardless of whether the reason for the problem can be attributed to the

Council. The Council will only be required to intervene in exceptional circumstances such as failure of equipment.

3.5 Trial Billing Run

A trial billing run will be performed on the third last working day of the month to ensure that any problem areas are identified well in advance of the required date.

3.6 Meter Installation Audit/Testing/Certification

- 3.6.1 Successful bidder is to ensure that the person doing metering installation audits onsite meets, in terms of qualifications and work experience, the minimum requirements in point number 2.6.2 of this tender document.
- 3.6.2 The municipality reserves all rights to terminate the contract should an incompetent person doing the meter audits be provided and the successful bidder cannot provide a suitable person to perform the meter audits according to the requirements of this tender document.
- 3.6.3 All metering installations shall be audited and tested by the service provider for accuracy and compliance to the requirements of SANS474:NRS057 prior to uploading the metering point to the platform. An audit report with a meter accuracy certificate attached shall be issued for each metering point and submitted to the municipality.
- 3.6.4 Meter installation audit shall entail;
- Checking the installation for compliance to SANS747: NRS 057 Code of practice for electricity metering.
 - Checking for any signs of tampering.
 - Checking for correctness of the meter configuration using a meter specific software.
 - Verification of current transformer (CT) and voltage transformer (VT) ratios programmed into the meter versus the installed CT and VT ratios.
 - Verification of notified maximum demand in the billing files versus the installed main circuit breaker size(in kVA). This step should only be included for customers only indicated by the municipality to be having notified maximum demand based on the main circuit breaker size of the customer's installation.
- 3.6.5 All problems with the installation shall be reported to the municipality within 24 hours. The municipality will rectify the faulty installation and the contractor will then test the installation again and certify within 24 hours.
- 3.6.6 All new meter installations shall also be tested and certified by the service provider as and when new meters are installed. The tenderer shall allow for any and all costs to achieve certification of a meter including arranging access, possible after hours testing etc.
- 3.6.7 On completion of a meter installation audit, colour coded seals which will be provided by the municipality, must be put on the meter, test block terminal, fuse holder and circuit breaker, where possible to prevent tampering with metering circuit by an unauthorized person.
- 3.6.8 Under no circumstances will the services provider be allowed to switch off any customer in the process of testing the meter installation. Any and all switching will be done by the municipality and must be arranged in accordance with the municipality's outage request procedures.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- 3.6.9 The municipality will only pay the successful bidder for completed meter installation audits where an audit report has been provided for each meter installation.

3.7 Test Equipment

- 3.7.1 Test equipment must have a valid calibration certificate. The test apparatus shall be able to verify the installed Current Transformers, operation of the meter and the entire meter installation wiring.
- 3.7.2 A brochure of the proposed test equipment shall accompany the tender. The municipality holds the right to request the use of compliant test equipment at no additional cost to the municipality if the proposed equipment does not meet the minimum requirements.

Minimum requirements:

- The equipment must be able to test 2, 3 and 4 wire meter installations.
- Clamp on CT's will be at least Class 0,5
- An optical eye must be used to communicate with the meter.
- Phasor diagrams must be part of the printed report.
- Be able to inject current into the current transformers on both Low Voltage and High Voltage metering installation

3.8 Meter Installation Audit Report

- 3.8.1 After completion of a meter installation audit, the successful bidder must submit to the municipality an audit report showing the following data:
- Business name or Customer name
 - Physical address
 - Clearly visible picture of meter- Indicate Brand name
 - Clearly visible picture of meter- Indicate all seal numbers
 - Clearly visible picture of complete Installation
 - GPS coordinates of meter
 - GPS coordinates of kiosk feeder
 - GPS coordinates of mini-sub feeder
 - Name of Mini-sub Feeder
 - Circuit breaker Size
 - Circuit breaker Rating
 - CT Ratio
 - CT Class
 - Modem information that includes, manufacture, make, model, serial number
 - SIM card : Cell number (picture of the SIM card installed is to be taken)
 - Measure phase voltage and currents on all phases
 - Must add remarks if needed
 - Name of person that audited the meter
 - Date the metering installation was audited

- 3.8.2 The meter audit report must be in a pdf format and must be signed by the successful bidder's project manager as indicated in Table 1 of this tender document.

3.9 Software Capabilities

- 3.9.1 Software shall be a web base application which can be accessed by any standard web browser via internet and compatible with all windows and MAC operating systems

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- 3.9.1 Users shall only be able to access the web based application by means of username and password. The user must also be able to change his/her password.
- 3.9.2 Shall allow multiply user access at the same time
- 3.9.3 User groups shall be definable to ensure certain users have access to only certain information.
- 3.9.4 Software shall be able to backup data daily in a data base on a hosted server provided by the successful bidder.
- 3.9.5 Data recorded must be in accordance with Table 3.
- 3.9.6 The software shall have a user friendly dash board / landing page. A print screen shall be submitted with the tender document and the operation demonstrated at a demonstration session.
- 3.9.7 Report shall be customizable and at least 10 customized reports to be set up for the municipality.
- 3.9.8 Shall be able to plot the following graphs:
- Load profile for a period ranging from 1 day to 365 days (366 days on 2020)
 - Time-of-Use period Load Profiles
 - Maximum Demand
 - Voltage profile
 - Current Profile
 - kVA profile
 - kWh profile
 - kVAr profile
 - Quasi Real Time display
 - PV Reporting on Import and Export
 - Pre-paid Vending (Compatibility)
 - Web Portal and Mobile Cloud View capability
- 3.9.9 Shall have an option to export data in table 3 into CSV format and PDF format
- 3.9.10 Shall be able to interface to SAMRAS financial system – and must demonstrate integration capability.
- 3.10 Programing of AMR meters and GPRS modems**
- 3.10.1 The municipality may request, in writing, the successful bidder to assign a technician to come out on site to program the AMR compatible meters and GPRS modems within Stellenbosch Municipality's electricity supply area at a cost determined by the bidder.
- 3.10.2 Meters to be configured are only those that are or will form part of this tender which will then be read remotely by the successful bidder.
- 3.10.3 A configuration template to be programed into the meters and modems will be provided to the successful bidder by the municipality.
- 3.10.4 Bidders are to provide, in the pricing schedule of this tender document, a costing for the technician to come out and do the programming of the AMR compatible meter. Therefore, fuel and time taken to configure one meter must be taken into consideration when doing the costing. The costing shall be fixed for the duration of each municipal financial year.
