We would like to notify you regarding an infrastructure upgrade in your area. The existing mid-block water pipeline that supplies properties in Luyolo Street, Lamla Street, Manyano Street, Masithandane Street, and Luxolo Street in Kayamandi will be decommissioned and replaced with a new 50mm pipeline installed in front of the respective properties.

This upgrade is being undertaken to enhance service delivery and ensure a more efficient and reliable water supply system.

The new pipeline will:
