MUNICIPAL NOTICE/MUNISIPALE KENNISGEWING 186/2025

Dear Homeowner

SMOKE TESTING EXERCISE OF LOCAL SEWER AND STORMWATER SYSTEMS: LINDIDA, IDASVALLEY

Please be informed that the Department will be testing the sewer- and stormwater pipelines in **your area (Lindida) from 29 – 31 October 2025 from 08h00 until 16h00** as part of its current assessment of the drainage systems. We will be using a pump to fill the sewer lines with smoke and where there are defects, smoke will exit via the stormwater manholes. This process is being used successfully globally to detect leaks and cross-connections. The smoke should not enter your premises unless a leak or cross connection is present.

The presence of smoke in your property coming from the stormwater pipeline should be reported immediately to the personnel conducting the tests, or by calling any of the numbers below.

The smoke is relatively harmless but may temporarily be irritating to nasal passages and should quickly disappear after exposure has ceased.

Project staff contact numbers:

Marcus Swart 060 966 0207

Glorio Windvogel 064 863 4788

Wade Basson 021 879 4992

Thank you for your cooperation and understanding
