stats sa

Department:
Statistics South Africa
REPUBLIC OF SOUTH AFRICA

Dear Sir/Madam

CONTINUOUS POPULATION SURVEY – HOUSEHOLD SURVEY PROGRAMME REDESIGN (CPS-HSPR) FRAME UPDATE

The bearer of this letter, Mr/Ms Field staff detail, Persal no.: Employment No is employed by Statistics South Africa (Stats SA) to conduct publicity for the Continuous Population Survey – Household Survey Programme Redesign (CPS-HSPR) Frame Update.

Stats SA is mandated in terms of the Statistics Act (Act No. 6 of 1999) to collect relevant information from the South African public, which is used for planning, decision-making, monitoring and the assessment of policies by government, businesses and other institutions.

In line with its mandate, Stats SA will be conducting the CPS-HSPR Frame Update from May to September 2025. This frame update will enable Stats SA to have an accurate representation of every structure throughout the country to enable the facilitation of accurate and reliable data collection from eligible persons.

A team of Listing and Publicity Officers will visit every sampled area to ensure that every yard/stand has been visited to accurately record every structure within that yard/stand. This will ensure that Stats SA has an accurate and updated Master Sample Frame that will be used for current and future data collection activities. We would like to assure you that any information provided will remain strictly confidential, in accordance with section 17 of the Statistics Act. Any staff member found guilty of divulging confidential information to unauthorised persons will face severe legal penalties.

As an influential person in this community, we appeal to you for support in facilitating access to the area for Stats SA fieldwork teams to conduct their activities. We would also like to call on your support to assist these teams in convincing the community of the importance of their participation in this survey, should this be required.

Our field staff are easily identified through their Stats SA ID cards and Stats SA bibs. Should you wish to verify the authenticity of any Stats SA representative working on the CPS-HSPR Frame Update or have any other related questions, please contact the Provincial Field Operations Director,

Mr/Mrs Mahier Hattas at 0795103249. You can also verify any member of our field staff through the fieldworker verification webpage on the Stats SA website (www.statssa.gov.za), or by calling the Stats SA call centre on 0800 110 248.

We thank you in advance for your participation.

Yours sincerely

Risenga Maluleke
Statistician-General
