Why take part in a by-election? * Waarom deelneem aan Tussen-verkiesings? Kutheni uthatha inxaxheba kunyulo lovalo-sikhewu?

1. Municipalities are the closest sphere of government to communities. Ward councillors represent their communities in Municipal Councils hence it's important to participate in their election.
2. Municipalities are responsible for service delivery to communities, which includes water, electricity, sanitation, refuse and waste removal, roads and many others.
3. Your participation enables you to choose the ward councillor who will represent your interests and those of your community in your local municipality.
4. Voting in by-elections gives you the opportunity to take part in the decision-making process that affects the quality of your life and that of your community.

5. Is the best way to make your voice heard and make a positive input on the issues that concern you? Your power is in your vote.
6. Participation in elections comes with the responsibility of being a citizen. If citizens don't vote in elections, it is impossible to formulate a democratic government.
