1.	**OPENING AND WELCOME**

The Speaker, Cllr Q Smit extended a warm welcome to all present at the 44th Council meeting.

2.	MAYORAL ADDRESS

"Honourable Speaker, Deputy Mayor Cllr. Buys, Chief Whip Cllr. Crawley, Councillors, Municipal Manager Ms. Geraldine Mettler, Directors, managers and officials, Residents and members of the public and everyone joining us online via Microsoft Teams.

Goeiemore, good morning, molweni, as-salamu alaykum

Councillors, today is a particularly significant occasion as we meet for the final time as this Council. After today, our attention will turn to the upcoming Local Government Elections.

Once again, our communities will have the opportunity to go to the polls and choose the leaders they want to take our municipality forward over the next five years.

Looking back, these past five years have certainly been an interesting journey. We have welcomed many new faces into Council and said goodbye to colleagues who have moved on.

We have had our fair share of heated debates, difficult discussions and differing opinions.

But we have also celebrated tremendous successes, made important decisions and created many wonderful leaps forward for our towns.

That is the nature of local government. We may not always agree, but we share a responsibility to serve the people who have entrusted us with that privilege.

To our Speaker, I want to express my appreciation for the outstanding manner in which you have presided over this Council. You have led with dignity, applied the rules firmly and fairly and ensured that the business of Council could proceed in an orderly and constructive manner.

Chairing Council is not always an easy task, particularly when debates become passionate, but your leadership has helped guide us through these moments. Thank you for your commitment, your patience and the work you have done throughout this term.

To our Chief Whip, Cllr. Crawley, a very special word of thanks to you as well. The work of Council does not happen only in this chamber. Much of it takes place behind the scenes, through countless discussions, coordination, preparation and long hours of work, between the Whips of the different parties.

Thank you for the firm yet fair hand you have brought to your role, for helping the business of Council run smoothly and for your dedication throughout this term. Your contribution is appreciated.

Members from my Mayoral Committee as well as my Deputy Mayor Cllr. Rudi Buys. Thank you for standing together with me in service to our communities. Your hard work, patience and dedication to your portfolios turned our shared vision into real action.

Public Service is a True Test of Character and to have been able to share this journey with you, has been an absolute honour and privilege and I want to close with a quote from Margaret Mead –

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has".

Thank you for changing our municipality with me and building a better town for our residents.

To all councillors, I want to thank each and every one of you for the role you have played during this Council term.

We may sit on different sides of the chamber, hold different political views and disagree on matters of policy, but we all have a responsibility to the communities we represent.

Some of you will return to Council after the elections. Others will move on to new opportunities and different chapters in your lives.

To those returning, I wish you strength and renewed energy for the work ahead.

To those who will not be returning, thank you for your service and the contribution you have made to our municipality.

I wish all of you good health, happiness and success in whatever lies ahead. And, of course, good luck with the final push before we head to the polls!

Honourable Speaker, while we prepare for a new Council, we are also preparing to welcome a new generation of young leaders through our Stellenbosch Junior Town Council. Applications are now open for learners who will be in Grade 10 in 2027. This is a wonderful opportunity for young people to develop leadership skills, share their ideas but also become a voice for young people in our communities.

The Junior Town Council is a non-political civic programme that encourages self-confidence, responsibility, civic participation and community leadership. I want to encourage young people from all our communities and across all areas of our municipality to apply. We need young people who are prepared to step forward, contribute ideas and help shape the future of Stellenbosch. Application details are available on the Municipality's website and social media platforms.

We are also looking forward to the return of Garden Town Stellenbosch, taking place from 23 October to 1 November 2026. Now in its fifth year, this initiative celebrates our gardens, horticultural heritage, creativity, food, wine and outdoor lifestyle. Through our collaboration with Visit Stellenbosch, we continue to showcase what makes our municipality such a distinctive destination. Residents and visitors will be able to explore gardens, discover nature reserves, learn about threatened plant species and experience the work being done by local farms and conservation partners to protect biodiversity. The programme includes private gardens rarely open to the public, workshops, markets, food and wine experiences and the colourful Grand Flower Parade on Tuesday, 27 October. Events across our streets, gardens, businesses and creative spaces will bring the destination to life. Initiatives such as these are about more than tourism. They support local businesses, create economic opportunities and help sustain jobs across our valley. I encourage residents to explore the programme and experience Stellenbosch in new ways this spring.

On a more serious note - Water security, Every Drop Counts. As we approach the summer season, water conservation remains an important priority. At 12 October 2026, the combined storage levels of the City of Cape Town's dams, which supply approximately 60% of Stellenbosch Municipality's bulk water, stood at 74.9%. This is 15.8 percentage points lower than at the same time last year. Current forecasts also point to the possibility of a drier-than-normal summer. Therefore, Honourable Speaker, these figures are a reminder that we cannot afford to become complacent about our water resources. I appeal to every household, business, institution and visitor to use water responsibly. Fix leaking taps, avoid unnecessary water use and make water-wise choices wherever possible. Every small action makes a difference when an entire community works together. Let us save water while we can, rather than wait until we are faced with greater pressure on our resources.

The month of October is Breast Cancer Awareness month. An important reminder of the need to prioritise our health and support those affected by cancer. Early detection can make a significant difference. I encourage residents to know what is normal for their bodies, attend regular check-ups and seek medical advice if they notice unusual changes. We must also continue to support individuals and families navigating a cancer diagnosis. Awareness, early intervention and compassion all matter. At the end Honourable Speaker, it is our combined efforts to stand together and beat cancer in our town.

Supporting our community organisations, applications are now open for the Municipality's Grant-in-Aid funding for the 2027/28 financial year. This programme provides an opportunity for eligible non-profit organisations and community-based organisations operating within our municipal area to apply for financial support. These organisations often do invaluable work in areas such as community development, social support and improving the lives of vulnerable residents. We recognise the important role they play in extending the reach of community initiatives and responding to local needs. I encourage eligible organisations to submit their applications and to attend the compulsory clarification meetings. Full details and application requirements are available through our Community Development Department, the municipal website and our social media platforms.

Another important development this month has been the formal establishment of the partnership between Cape Town Tourism and Visit Stellenbosch, our tourism management agency. This partnership creates exciting opportunities to strengthen collaboration between two of the Western Cape's most prominent tourism destinations.

The recent Toyota Stellenbosch Woordfees was once again a tremendous success. This annual festival brings together literature, theatre, music, live performances, ideas and creative expression. It attracts thousands of visitors and showcases the remarkable cultural and creative talent that exists in our town. But its impact extends well beyond the stages and festival venues. Our restaurants, coffee shops, accommodation establishments, guesthouses, wine farms, retailers and smaller businesses all benefitted from the increased activity. Events such as Woordfees demonstrate how arts and culture can contribute meaningfully to local economic development. Congratulations to the organisers, performers, partners, sponsors and everyone who helped make this year's Woordfees festival a success.

As part of our efforts to strengthen law enforcement, we marked another important milestone with the launch of our new Tactical Response Unit (TRU) and K9 units. Supported by significant provincial investment in equipment and training, these units will strengthen our capacity to support SAPS in crime prevention and law enforcement. Stellenbosch Municipality continues to invest in practical measures to improve public safety and strengthen our presence on the ground.

Although we are approaching the end of the year, our work is far from over. We are already preparing for a busy festive season and a number of important community initiatives. These include our much-anticipated Festival of Lights, the festive market at the Town Hall and the annual 16 Days of Activism campaign. These initiatives bring communities together, support local economic activity and provide opportunities to raise awareness about important social issues. At the same time, our municipal teams will continue with the essential work of maintaining services, supporting communities and responding to the needs of residents. The coming weeks will require continued commitment, coordination and hard work from our officials and councillors alike.

Honourable Speaker, as we reach the end of this Council term, I am reminded that public service is ultimately about the people we serve. Councils change. Political terms come to an end. New leaders emerge and new priorities do take shape. But the needs, hopes and aspirations of our residents remain. Our responsibility to serve our communities does not end with an election, nor does our commitment to building a municipality where people have opportunities to live, work, learn and prosper. We may look back on this term with different perspectives, and we may have different views on what we achieved or what could have been done differently. But I hope that each of us can look back knowing that we played a part in the ongoing story that shapes Stellenbosch. To those who will return, may the next term bring renewed purpose and a continued commitment to public service. Today, we close one chapter, but the work of building a better Stellenbosch continues. Let us finish this term with the same commitment with which we began it and let us continue putting our residents and our communities at the forefront of this municipality.

Thank you, Speaker. I look forward to seeing you again soon."

1. SUBJECT: ERASMUS+ CAPACITY BUILDING IN YOUTH SUB-SAHARAN AFRICA PROGRAMME

2. PURPOSE

To obtain approval to submit an application to the Erasmus+ Capacity Building in Youth Sub-Saharan Africa Programme in partnership with Swedish and Sub-Saharan Municipalities.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Stellenbosch and Jönköping Municipality entered into a partnership agreement on the topic of Human Rights on 17 December 2020. This agreement culminated in a collaborative extension application to the Swedish International centre for Local Democracy (ICLD). The extension programme was however short lived as the Swedish government stopped funding to the ICLD. The extension application centred around youth leadership development and during the short period of collaboration valuable lessons were learned and networks established. Not just between Stellenbosch and Jönköping but also among municipalities across Sub-Saharan Africa. In the absence of the ICLD programme, the value of the networks continued on a virtual basis, whilst looking for funding opportunities to further strengthen the work that was already being done. This item is in support of such a funding application.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.1.2

RESOLVED (nem con)

(a) that Council notes the intent of Stellenbosch Municipality through the Community Development Department to collaborate on an application to the Erasmus+ CBY Sub-Saharan Africa Programme with Jönköping and Karlskrona Municipalities in Sweden, Palapye Municipality in Botswana and Saldanha Bay Municipality in South Africa.

(b) that Council endorses and approves the submission of a collaborative project application to Erasmus+ CBY Sub-Saharan Africa Programme; and

10.3.2	CONSENT TO SALE AND TRANSFER: ERF 1209 FRANSCHHOEK TO W & HB DANIELS

Collaborator No:
IDP KPA Ref No: Good Governance
Meeting Date: 21 October 2026

1. SUBJECT: CONSENT TO SALE AND TRANSFER: ERF 1209 FRANSCHHOEK TO W & HB DANIELS

2. PURPOSE

For Council to authorise the implementation of the Deed of Sale concluded with W & HB Daniels in respect of Erf 1209 Franschhoek (1 Boonzaaier Road, Groendal), notwithstanding that the purchase price of R44 472.00 reflected in the 2007 Deed of Sale is below current market value, on the basis that:

(a) the Municipality is contractually bound by the agreement;

(b) the delay in effecting transfer is attributable to administrative failures on the part of the Municipality; and

(c) the purchasers have maintained the property at their own cost throughout the period of delay and cannot equitably be penalised for the Municipality's administrative inefficiencies.

3. DELEGATED AUTHORITY

Council.

4. EXECUTIVE SUMMARY

Erf 1209 Franschhoek was allocated to Mr W Daniels as staff housing in 2004. In 2007, Mr and Mrs Daniels signed a Deed of Sale to purchase the property at R44 472.00, consistent with the 1998 Council resolution permitting employees to acquire municipal properties at below market value. Despite the parties having signed the Deed of Sale and the purchaser securing bond approval, the Municipality failed to finalise the transfer. Between 2007 and 2026, the Daniels family made repeated attempts to have the transfer concluded. The Municipality has been unable to provide any explanation for the administrative failures that caused this prolonged delay. Throughout this period, the purchasers have occupied and maintained the property at their own expense. They have acted in good faith at every stage.

The Municipality is contractually bound by the 2007 Deed of Sale. The delay in finalising transfer is attributable to the Municipality's own administrative failures, not to any conduct or omission on the part of the purchasers. It would be unlawful and manifestly unjust to now seek to revisit the agreed purchase price or to withhold transfer on account of the appreciation in market value that occurred during a period of delay for which the Municipality bears sole responsibility. Council is accordingly requested to authorise implementation of the Deed of Sale at the agreed purchase price, and to direct the Municipal Manager to take all necessary steps to effect transfer without further delay.

10.3.3	PROPOSED AMENDMENTS TO THE POLICY ON THE MANAGEMENT OF STELLENBOSCH MUNICIPALITY'S IMMOVABLE PROPERTY

Collaborator No:
IDP KPA Ref No: *Good Governance*
Meeting Date: 21 October 2026

---

1. SUBJECT: PROPOSED AMENDMENTS TO THE POLICY ON THE MANAGEMENT OF STELLENBOSCH MUNICIPALITY'S IMMOVABLE PROPERTY

2. PURPOSE

For Council to note the review of the Policy on the Management of Stellenbosch Municipality's Immovable Property, which was adopted on 28 March 2018 (**Annexure A).** Subject to public participation, Council is asked to approve the reviewed (amended) draft Policy **(Annexure B)** for publication for public participation.

3. DELEGATED AUTHORITY

Council.

4. EXECUTIVE SUMMARY

Council adopted the Policy on the Management of Stellenbosch Municipality's Immovable Property on 28 March 2018. It has not been reviewed since. The administration reviewed the Policy and the immovable asset register for compliance. The review found the Policy's structure is broadly sound. However, it currently fails to meet several mandatory requirements of the Local Government: Municipal Finance Management Act, 56 of 2003 (MFMA) and the Municipal Asset Transfer Regulations, 2008 (MATR) **(see Annexure C).**

The amended Policy will be supported by a Draft Standard Operating Procedure **(Annexure D).** The amendments also call for meaningful public participation before the Municipality decides to dispose of property and before it signs any contracts. They further require the Municipality to inform and consult other spheres of government about well-located or high-value property.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.3.3

RESOLVED (nem con)

(a) that Council notes the review of the Policy on the Management of Stellenbosch Municipality's Immovable Property adopted on 28 March 2018 (Annexure A);

(b) that Council approves the amended draft Policy (Annexure B) for public comment in accordance with the Municipality's public participation processes and the Local Government: Municipal Systems Act, 32 of 2000;

(c) that Council notes that, after the public participation process, a report on the comments received, together with a final draft Policy, will be submitted to Council for consideration and adoption; and

(d) that Council directs the Municipal Manager to conduct the public participation process, and to prepare the implementation actions set out in Section 6.3 of this report for the final Policy.

10.3.4	DRAFT RECORDS MANAGEMENT POLICY, REVISED FILE PLAN AND RECORDS CONTROL SCHEDULE

Collaborator No:
IDP KPA Ref No: Good Governance
Meeting Date: 21 October 2026

1. SUBJECT: DRAFT RECORDS MANAGEMENT POLICY, REVISED FILE PLAN AND RECORDS CONTROL SCHEDULE

To obtain Council's in-principle re: review of the Draft Records Management Policy, Revised File Plan and Records Control Schedule.

2. PURPOSE

To obtain Council's in principle approval of the Records Management Policy, and its endorsement of the revised File Plan and Records Control Schedule for submission to the Head of the Western Cape Archives and Records Service for approval, to ensure that the Municipality complies with the legislation governing records management.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

The Municipality must maintain a records management framework that ensures that records are created, maintained, preserved and disposed of in accordance with applicable legislation and archival requirements.

During the 2023/24 financial year, the Western Cape Archives and Records Service advised the Municipality to update its Records Management Policy to integrate electronic records management into its records management framework. The Draft Records Management Policy, File Plan and Records Control Schedule have been revised accordingly.

Council's approval is required to implement the Policy across all directorates. The File Plan and Records Control Schedule may, however, only be applied once approved by the Head of the Western Cape Archives and Records Service, and no record may be disposed of without that office's written authorisation, as required by section 9(2)(a) of the Provincial Archives and Records Service of the Western Cape Act, 2005 (Act 3 of 2005).

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.3.4

RESOLVED (nem con)

(a) that Council approves the Review of the Records Management Policy attached as Annexure A;

(b) that Council approves the revised File Plan (Annexure B) and Records Control Schedule (Annexure C), and authorises the Municipal Manager to submit them to the Head of the Western Cape Archives and Records Service for approval and, where required, the issuing of disposal authority in terms of section 9 of Provincial

Archives and Records Service of the Western Cape Act, 2005 (Act 3 of 2005) and its regulations;

(c) that the revised File Plan and Records Control Schedule be implemented only once approved by the Head of the Western Cape Archives and Records Service, and that no public record be transferred, destroyed, erased or otherwise disposed of except in terms of a written disposal authority issued by that office;

(d) that the Records Management Policy be reviewed at least every three years, or earlier if required by legislative amendments or directives of the Western Cape Archives and Records Service.

10.3.5	ADOPTION OF AMENDED SYSTEM OF DELEGATIONS

Collaborator No:
IDP KPA Ref No: Good Governance
Meeting Date: Council: 21 October 2026

1. SUBJECT: ADOPTION OF AMENDED SYSTEM OF DELEGATIONS

2. PURPOSE

To submit the amended System of Delegations for adoption by Council in terms of Section 59 of the Local Government: Municipal Systems Act.

3. DELEGATED AUTHORITY

Council to approve.

4. EXECUTIVE SUMMARY

In terms of Section 59 of the Local Government: Municipal Systems Act, 32/2000, a Municipal Council must develop a System of Delegations that will maximize administrative and operational efficiency and provide for adequate checks and balances, and, in accordance with such system, may:

(a) delegate appropriate powers, excluding the powers referred to in section 160(2) of the Constitution and the power to set tariffs, to decide to enter into a service delivery agreement in terms of section 76(b) and to approve or amend the municipality's integrated development plan, to any of the municipality's other political structures, political office bearers, councillors, or staff members;

(b) instruct any such political structure, political office bearer, councillor, or staff member to perform any of the Municipality's duties; and

(c) withdraw any delegation or instruction.

Section 59(2)(f) provides inter alia that the System of Delegations developed in terms of Section 59(1) by Council must be reviewed when a new council is elected.

The System of Delegations was last adopted by Council on 22 June 2022. Section 59(2)(f) of the Systems Act requires that the System of Delegations be reviewed when a new Council is elected. With elections scheduled for 4 November 2026, the delegations framework has been reviewed to address gaps that could disable administration in a scenario where no Executive Mayor is elected and Council is unable to constitute itself (a hung council). The amendments are confined to those matters that fall within the administration's delegable authority under the Constitution and applicable legislation and do not purport to amend Council's non-delegable functions. The Council should also take note of the Administrative Continuity During Coalition Instability Guidelines (developed by the Dullah Omar Institute, UWC, 2026), endorsed by the Western Cape Department of Local Government, as a reference framework for the municipality's administrative continuity planning.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.3.5

RESOLVED (nem con)

(a) that Council adopts the attached amended System of Delegations as set out in APPENDIX 1,

(b) that Council notes the Administrative Continuity During Coalition Instability Guidelines (Dullah Omar Institute, UWC, 2026), endorsed by the Western Cape Department of Local Government, as a reference framework for the municipality's administrative continuity planning.

10.3.6	RETURN ITEM: POSSIBLE DISPOSAL OF TWO PORTIONS OF LAND IN THE KAYAMANDI NORTHERN EXTENSION

Collaborator No:
IDP KPA Ref No: Good Governance
Meeting Date: 21 October 2026

1. SUBJECT: RETURN ITEM: POSSIBLE DISPOSAL OF TWO PORTIONS OF LAND IN THE KAYAMANDI NORTHERN EXTENSION

2. PURPOSE

To provide feedback after public participation after the in-principle approval for the disposal of two portions of land in the Kayamandi Northern Extension for Educational purposes and for Council to consider the final decision on the disposal.

3. DELEGATED AUTHORITY

Council.

4. EXECUTIVE SUMMARY

On 25 October 2025 Council resolved in-principle to, *inter alia,* dispose of two portions of land in the Kayamandi Northern Extension that has been earmarked for educational purposes. Council further resolved that a valuator be appointed to determine the fair market value and that the land be made available to a Non-Profit Organisation at a percentage of the market related value. Lastly, Council authorised the administration to attend to the public participation proceed whereafter the item had to return to Council for a final decision.

A valuation report has now been received, and a public participation process was followed. Council needs to consider the valuation report and note that no comments were received during the public participation process.

Only one portion (portion 11 of Farm 183 Stellenbosch) has enough services available to it so that it can be sold on auction. Portion 17 of Farm 183 Stellenbosch does not have access to sufficient services, and it is therefore not recommended that this portion be sold on auction at this stage.

Collaborator No :
IDP KPA Ref No : Good Governance & Compliance
Meeting Date : 21 October 2026

1. SUBJECT: APPROVAL OF THE BULK WATER SUPPLY AGREEMENT BETWEEN THE CITY OF CAPE TOWN AND STELLENBOSCH MUNICIPALITY

2. PURPOSE

For Council to approve the new Bulk Water Supply Agreement between City of Cape Town and Stellenbosch Municipality for a period of 10 (ten) years from commencement date of 01 July 2027 to 30 June 2037 and to authorise the Accounting Officer to conclude the Agreement on behalf of Stellenbosch Municipality.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Stellenbosch Municipality (SM) is the Water Services Authority (WSA) and is responsible for supplying potable water to its residents, as well as to ensure the future water security of the Municipality and the Province.

An interim 18-month Addendum agreement was approved by Council in November 2025 to ensure continuity of supply and legal compliance, until such time that the new 10-year agreement would be negotiated and entered into by both parties, which is the purpose of this Item.

Stellenbosch Municipality has three water treatment plants, namely Paradyskloof WTW, Idas Valley WTW and Franschhoek package WTW. The three treatment works supply approximately 40% of the total Stellenbosch Municipality water demand, of which the remaining 60% is supplied through bulk water purchase from the City of Cape Town's Bulk Water Supply system (BWSS), a system of dams, water treatment works, reservoirs, pumpstations and bulk pipelines that supplies drinking water to Stellenbosch Municipality.

The Water Services Act, 1997 (Act No 108 of 1997), requires a Water Services Provider to enter into a contract with the Water Services Authority. In the case of this Bulk Water Supply Agreement, the City of Cape Town is the Water Services Provider, and Stellenbosch Municipality is the Water Services Authority. While the Agreement is primarily required to comply with legislation, the Agreement will also serve to consolidate and replace any past or existing agreements that were entered into between previous administrations on bulk water supply by the City of Cape Town within the Stellenbosch municipal area.

The City of Cape Town and Stellenbosch Municipality's respective Water and Wastewater departments have jointly prepared this Bulk Water Supply Agreement, to comply with the requirements of the legislation. The duration of the agreement shall be the period of 10 years from date of commencement of 01 July 2027 to 30 June 2037.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.6.1

RESOLVED (nem con)

(a) that Council approves the Bulk Water Supply Agreement between the City of Cape Town and Stellenbosch Municipality for a period of ten years, from 01 July 2027 to 30 June 2037;

(b) that Council authorises the Municipal Manager or delegated authority to sign the Water Supply Agreement between the City of Cape Town and Stellenbosch Municipality; and

(c) that Council mandates the Municipality to manage the Bulk Water Supply Agreement between the City of Cape Town and Stellenbosch Municipality to ensure effective service delivery and adherence to conditions of the agreement by both parties.

Collaborator No:
IDP KPA Ref No:
Meeting Date: 21 October 2026

1. SUBJECT: STELLENBOSCH MUNICIPALITY WATER OPERATORS PARTNERSHIP WITH GERMAN WATER UTILITY: HAMBURGER STATDENTWASSERUNG AND HAFENCITY UNIVERSITY HAMBURG

2. PURPOSE

To report back to Council on the Study Visit to Germany as part of the Council-approved Water Operators Partnership (WOP) with Stellenbosch Municipality, and for Council to note the progress on the partnership to date.

3. DELEGATED AUTHORITY

Municipal Council.

4. EXECUTIVE SUMMARY

4.1 Potable water is fast-becoming our most important natural resource, as well as the protection of our riverine systems and ecological habitats. In May 2025, Council approved for Stellenbosch Municipality to enter into a partnership with Hamburger Stadtentwasserung AoR and HafenCity University Hamburg, both based in Germany, called the Water Operators' Partnership (WOP) via a signed Memorandum of Understanding (**Annexure A**).

The partnership falls within the NEU-Water: Nature Engineered Urban Design for Water Recycling and Re-use initiative, which is a research initiative funded by the German Federal Ministry of Education and Research and develops solutions and processes that promote the efficient use of stormwater and greywater as part of Water Sensitive Urban Design (WSUD).

The aim of the partnership is to share knowledge and expertise through peer support and working together on defined areas, in order to progressively strengthen utilities' capacity and performance on aspects particularly relating to stormwater management, drinking water supply and sanitation.

The Municipality benefits from learning methods and techniques regarding water filtration, treatment of greywater run-off from settlements, incorporating water-sensitive urban design techniques into current and future developments and human settlement initiatives.

4.2 The aim of this Item is to inform Council of the benefits and learnings of the Study Visit to Germany of different Municipalities, including Stellenbosch Municipality, in October 2025.

The Municipal delegation from Stellenbosch, was joined by a small delegation of representatives from GIZ-supported municipalities (urban planners from George, and uMhlathuze Municipalities). The other two municipalities participation was facilitated by GIZ. All Municipalities gained valuable insight from the Study Visit.

Officials were exposed the following topics and site visits:

- Water-Sensitive Urban design and real-life examples of this in practice.
- Urban Planning and design of waterfronts and flood-mitigation efforts.
- Examples of rooftop construction and urban design to accommodate water runoff amelioration.

- Ecological design for households; sanitation systems and stormwater runoff.
- Exposure to integrated transport systems, public transport and non-motorised transport (although not a study visit sphere of study).
- Tour of a Mega-wastewater treatment facility of Hamburg.
- Tour of the Hamburg Wasser Utility campus and operations.
- Hafencity University workshops on sustainable water sensitive urban design and research.

4.3 The progress of the Partnership to date:

(a) The Municipality and HafenCity University are scoping a nature-based stormwater filtration installation pilot project in Langrug. Scoping sessions were held with the community and the Hafencity University has appointed consultants at their own cost, to assist with the design of the facility.

The design is almost complete and approvals are currently being sought from the Western Cape Education Department; and the Department of Environmental Affairs and Development Planning has expressed their interest and support for the project.

(b) Hamburg Wasser officials and experts have visited the Municipality in January and September 2026 and have contributed immensely towards the draft Stormwater Management Plan of the Municipality.

(c) The Hamburg officials have also held multiple sessions with the Housing Administration officials regarding the stormwater plan and urban design of the Northern Extension Housing project, among others.

(d) Officials have visited the River restoration sites and flood rehabilitation sites for review and engineering input from all parties.

(e) Officials from the partnership have provided input into the draft Climate Change Adaption Strategy of the Municipality.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.6.2

NOTED

(a) the feedback from the Study Visit to Germany as part of the Water Operators Partnership (WOP) with Stellenbosch Municipality;

10.8.3	APPROVAL OF THE CORE FESTIVE PERIOD AND ARRANGEMENTS FOR THE PROCESSING OF LAND USE AND BUILDING PLAN APPLICATIONS AND ASSOCIATED PUBLIC PARTICIPATION

Collaborator No:
IDP KPA Ref No:
Meeting Date: 21 October 2026

1. SUBJECT: APPROVAL OF THE CORE FESTIVE PERIOD AND ARRANGEMENTS FOR THE PROCESSING OF LAND USE AND BUILDING PLAN APPLICATIONS AND ASSOCIATED PUBLIC PARTICIPATION

2. PURPOSE

To seek approval for arrangements for the processing and associated public participation pertaining to land use planning and building plan applications over the festive period.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Land use and building development applications are subject to prescribed legislative timeframes and associated public participation processes. During the festive season most families undertake extended holiday breaks away from home, which presents a challenge when most staff are also on holiday breaks and during which notices are not received by potential interested and affected parties on land use applications. For this purpose, it has become a practice to determine a core festive period during which public participation is not permitted or, alternatively, that such periods are disregarded with the extension of notice periods, and that such core festive period is also not taken into account in the prescribed timeframes for the processing for such applications. It is consequently proposed to adopt these arrangements to ensure ongoing compliance with legislative prescripts on timeframes as well as fair administrative processes regarding public participation for any potential interested and affected parties.

44TH COUNCIL MEETING: 2026-10-21: ITEM 10.8.3

RESOLVED (nem con)

1. that the core festive season will start on 12 December 2026 and end on the close of 10 January 2027.

   Accordingly, the following arrangements will apply regarding the submission and processing of any applications for land use and building development management:

   (a) The final day for the submission of any applications will be 11 December 2026 at 16h00. The portal for the submission of all applications will be closed from the 12th of December 2026 and will reopen on the morning of 11 January 2027.

   (b) The last day for any request for building inspections and certificates of occupancy will be 8 December 2026, after which new request for building inspections and certificates of occupancy will only be entertained from the 11 January 2027.

(c) The final day on which any land use and land development decision will be communicated is 24 November 2026, which will permit a fair opportunity for the submission of any appeal within the stipulated 21-day period before the start of the holidays and the closing of businesses. Any decision on a land use and land development application that is taken after this date will only be communicated when the core festive period ends on 11 January 2027.

(d) If the period of any advertisement for a land use and land development application coincides with the core festive period, the period of the core festive season will be disregarded and the advertisement period accordingly extended in order to permit a fair opportunity for any interested and affected party to consider and submit inputs on the subject application.

(e) The core festive period will also be disregarded for the purpose of the calculation of any prescribed period in the processing of a subject application.
