6. GENERAL CONDITIONS OF CONTRACT – GOVERNMENT PROCUREMENT

1. DEFINITIONS

The following terms shall be interpreted as indicated:

1.1. “Closing time” means the date and hour specified in the bidding documents for the receipt of bids.

1.2. “Contract” means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

1.3. “Contract price” means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.

1.4. “Corrupt practice” means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.

1.5. "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally

1.6. “Country of origin” means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.

1.7. “Day” means calendar day.

1.8. “Delivery” means delivery in compliance of the conditions of the contract or order.

1.9. “Delivery ex stock” means immediate delivery directly from stock actually on hand

1.10. “Delivery into consignees store or to his site” means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.

1.11. "Dumping" occurs when a private enterprise abroad markets its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.

1.12. ”Force majeure” means an event beyond the control of the supplier and not involving the supplier’s fault or negligence and not foreseeable.

1.13. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

1.14. “Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.

1.15. “GCC” means the General Conditions of Contract.

1.16. “Goods” means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.

1.17. “Imported content” means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.

1.18. “Local content” means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

1.19. "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.

1.20. "Order" means an official written order issued for the supply of goods or works or the rendering of a service.

1.21. "Project site" where applicable, means the place indicated in bidding documents.

1.22. "Purchaser" means the organization purchasing the goods.

1.23. "Republic" means the Republic of South Africa.

1.24. "SCC" means the Special Conditions of Contract.

1.25. "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.

1.26. "Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.

1.27. "Tort" means in breach of contract.

1.28. "Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.

1.29. "Written" or "in writing" means handwritten in ink or any form of electronic or mechanical writing.

2. Application

2.1. These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.

2.2. Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.

2.3. Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

3.1. Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.

3.2. Invitations to bid are usually published in locally distributed news media and on the municipality / municipal entity website.

4. Standards

4.1. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

5.1. The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.

5.2. The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.

5.3. Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

5.4. The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

6.1. The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.

6.2. When a supplier develops documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.

7. Performance security

7.1. Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

7.2. The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.

7.3. The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:

7.3.1. bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or

7.3.2. a cashier's or certified cheque

7.4. The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.

8. Inspections, tests and analyses

8.1. All pre-bidding testing will be for the account of the bidder. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspections tests and analysis, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser.

8.2. If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.

8.3. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.

8.4. Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.

8.5. Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.6. Any contract goods may, on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods which do comply with the requirements of the contract. Failing such removal the rejected goods shall be returned at the supplier's cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.

8.7. The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.

9. Packing

9.1. The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2. The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, and in any subsequent instructions ordered by the purchaser.

10. Delivery

Delivery of the goods shall be made by the supplier in accordance with the documents and terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified.

11. Insurance

The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation

Should a price other than an all-inclusive delivered price be required, this shall be specified.

13. Incidental

13.1. The supplier may be required to provide any or all of the following services, including additional services, if any:

13.1.1. performance or supervision of on-site assembly and/or commissioning of the supplied goods;

13.1.2. furnishing of tools required for assembly and/or maintenance of the supplied goods;

13.1.3. furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;

13.1.4. performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

13.1.5. training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2. Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1. As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

14.1.1. such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;

14.1.2. in the event of termination of production of the spare parts:

14.1.2.1. advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

14.1.2.2. following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1. The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2. This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3. The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4. Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5. If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1. The method and conditions of payment to be made to the supplier under this contract shall be specified.

16.2. The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3. Payments shall be made by the purchaser **no later than thirty (30**) days after submission of an **invoice, statement** or claim by the supplier.

16.4. Payment will be made in Rand unless otherwise stipulated.

17. Prices

Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

18. Variation orders

In cases where the estimated value of the envisaged changes in purchase does not vary more tha15% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price and such offers, may be accepted provided that there is no escalation in price.

19. Assignment

The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract, if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1. Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2. If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.4. Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22 without the application of penalties.

21.5. Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1. The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

23.1.1. if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

23.1.2. if the Supplier fails to perform any other obligation(s) under the contract; or

23.1.3. if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2. In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3. Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4. If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.

23.5. Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchase actively associated.

23.6. If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

23.6.1. the name and address of the supplier and / or person restricted by the purchaser;

23.6.2. the date of commencement of the restriction

23.6.3. the period of restriction; and

23.6.4. the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7. If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

When, after the date of bid, provisional payments are required, or antidumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped of subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.

25. Force Majeure

25.1. Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2. If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3. Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4. Notwithstanding any reference to mediation and/or court proceedings herein,

27.4.1. the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

27.4.2. the purchaser shall pay the supplier any monies due for goods delivered and / or services rendered according to the prescripts of the contract.

28. Limitation of liability

28.1. Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

28.1.1. the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

28.1.2. the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment

29. Governing language

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31. Notices

31.1. Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice

31.2. The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

32.1. A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

32.2. A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3. No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.

32.4. No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.

33. Transfer of contracts

The contractor shall not abandon, transfer, cede, assign or sublet a contract or part thereof without the written permission of the purchaser.

34. Amendment of contracts

No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

35. Prohibition of restrictive practices.

35.1. In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding.

35.2. If a bidder(s) or contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 0f 1998.

35.3. If a bidder(s) or contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

7. GENERAL CONDITIONS OF TENDER

1. Sealed tenders, with the **"Tender Number and Title"** clearly endorsed on the envelope, must be deposited in the **tender box** at the offices of the Stellenbosch Municipality, Plein Street, Stellenbosch.

2. The tender must be lodged by the Tenderer in the tender box in the Main Hall Entrance, Stellenbosch Municipal Offices, Plein Street, Stellenbosch

PLEASE NOTE:

2.1. Tenders that are deposited in the incorrect box will not be considered.

2.2. Mailed, telegraphic or faxed tenders will not be accepted.

2.3. Documents may only be completed in non-erasable ink.

2.4. The use of correction fluid/tape is not allowed.

2.4.1. In the event of a mistake having been made, it shall be crossed out in ink and be accompanied by an initial at each and every alteration.

2.4.2. Alterations or deletions not signed by the Tenderer may render the tender invalid.

2.5. All bids must be submitted in writing on the official forms supplied (not to be re-typed)

2.6. All prices shall be quoted in South African currency and be **INCLUSIVE of VAT.**

3. Where the value of an intended contract (or company turnover) will exceed R1 000 000, 00 (R1 million) it is the bidder's responsibility to be registered with the South African Revenue Service (SARS) for VAT purposes in order to be able to issue tax invoices. The municipality will deem the price above R 1 000 000,00 (R1 million) to be VAT inclusive even if it is indicated that no VAT is charged. Please ensure that provision is made for VAT in these instances. The TOTAL price tendered will remain fixed.

3.1 It is a requirement of this contract that the amount of value-added tax (VAT) must be shown clearly on each invoice.

3.2 The amended Value-Added Tax Act requires that a Tax Invoice for supplies in excess of R3 000 should, in addition to the other required information, also disclose the VAT registration number of the recipient, with effect from 1 March 2005. The VAT registration number of the Stellenbosch Municipality is **4700102181.**

3 Any Tender received after the appointed time for the closing of Tenders shall not be considered but shall be filed unopened with the other Tenders received or may be returned to the Tenderer at his request.

4 Tenders may not be telefaxed to the Municipality and therefore any tenders received by fax will **not** be considered.

5 Tenders shall be opened in public at the Stellenbosch Municipal Offices as soon as possible after the closing time for the receipt of tenders.

6 The Municipality shall have the right to summarily disqualify any Tenderer who, either at the date of submission of this tender or at the date of its award, is indebted to the Municipality in respect of any rental, levies, rates and/or service charges; ALTERNATIVELY;

6.1 That an agreement be signed whereby the Tenderer agrees that a percentage or fixed amount at the discretion of the Municipality, be deducted from payments due to him for this tender, until the debt is paid in full.

6.2 The tenderer shall declare **all** the Municipal account numbers in the Stellenbosch Area for which the enterprise or the proprietors or directors in their personal capacity is/ are responsible or co-responsible.

7. Negotiations for a fair market related price

7.1 The award of the tender may be subject to price negotiation with the preferred tenderers.

8 This bid will be evaluated and adjudicated according to the following criteria:

8.1 Relevant specifications
8.2 Value for money
8.3 Capability to execute the contract
8.4 PPPFA & associated regulations

9 Service Level Agreement

The award of the tender is subject to the signing of a Service Level Agreement (SLA) between the successful bidder and Stellenbosch Municipality.

10 Inclusion as a standard clause in the tender specification documents where any asset is constructed (delete which ever is not applicable)

On practical completion date, a report or certificate should be issued indicating the total costs of the project attributable to each significant component as identified within the lowest asset hierarchy level (4) as specified within the infrastructure catalogue or Annexure A of the Stellenbosch Municipality's asset management policy as approved in 2014, if not contained in the catalogue.

Where a tender runs over more than one financial year (therefore not concluded by 30 June of a year) the following provision must be included in the consultant's project management agreement – it therefore forms part of the consultant's responsibilities:

Inclusion in contract with consultants

If construction is still in progress over the year-end period of the Stellenbosch Municipality, being 30 June of each year, the Municipality should be furnished with a report / certificate at year-end (30 June), which details (a) The cumulative expenditure incurred up to 30 June for the project. (b) any details if the project is taking a significant longer period of time to complete than expected, including reasons for any delays. (c) details where construction or development has been halted either during the current or previous reporting period(s), including reasons for halting the construction or development of the asset/project.

11 Centralised Supplier Database

No Bids will be awarded to a bidder who is not registered on the Centralised Supplier Database (CSD).

The CSD supplier number starting with (MAAA) number is automatically generated by the Central Database System after successful registration and validation of a prospective service provider. This number is now a mandatory requirement, as referred to in regulation 14(1) *(b)* of the Municipal Supply Chain Management Regulations, as part of the listing criteria for accrediting a prospective service provider. Prospective suppliers should self – register on the CSD website at www.csd.gov.za Registration on the CSD will be compulsory in order to conduct business with the STELLENBOSCH MUNICIPALITY. Assistance with CSD Registration can be provided by contacting 021 808 8594 or Nicolene.Hamilton@stellenbosch.gov.za

11. MBD 9 – CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids invited.

2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).[4] Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.

3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

   3.1. take all reasonable steps to prevent such abuse;

   3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and

   3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION:

In response to the invitation for the bid made by:

STELLENBOSCH MUNICIPALITY

I, the undersigned, in submitting the accompanying bid, hereby make the following statements that I certify to be true and complete in every respect:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

[4] Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

5.1. has been requested to submit a bid in response to this bid invitation;

5.2. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and

5.3. provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium[5] will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   7.1. prices;
   7.2. geographical area where product or service will be rendered (market allocation)
   7.3. methods, factors or formulas used to calculate prices;
   7.4. the intention or decision to submit or not to submit, a bid;
   7.5. the submission of a bid which does not meet the specifications and conditions of the bid; or
   7.6. bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

15. SPECIFICATIONS

Purpose	This procurement process seeks to appoint a suitably qualified and experienced Professional Service Provider to support Stellenbosch Municipality in implementing a structured program to strengthen its disaster risk intelligence and planning. The appointment must enable the Municipality to: (1) conduct phased disaster risk assessments (2) update the existing Level 1 Disaster Management Plan, and (3) complete a comprehensive disaster risk assessment and produce a fully compliant Level 3 Disaster Management Plan.
Background and Strategic rationale	Stellenbosch Municipality requires a fully revised and integrated Disaster Management Plan (DMP) to replace the existing plan and reflect the municipality's current risk profile, development needs, climate-related challenges and operating environment. The revision is necessary to ensure that disaster risk management is effectively integrated into municipal planning, development and service delivery, while strengthening the Municipality's ability to anticipate, prevent, mitigate, prepare for, respond to and recover from disasters. The revised DMP must take account of the following strategic considerations: • Integrating disaster risk reduction into everyday municipal planning and decision-making; • Establishing and maintaining a comprehensive and dynamic municipal disaster risk register; • Responding to the increasing frequency and severity of climate-related hazards and associated risks; • Managing risks arising from development pressure, urban growth and changing land-use patterns; • Addressing risks to agricultural production, including agricultural emergencies and biosecurity threats; • Identifying infrastructure vulnerabilities and risks that may affect essential municipal services; • Strengthening coordination and collaboration between municipal departments and external stakeholders; • Ensuring alignment with the requirements and expectations of the Provincial Disaster Management Centre (PDMC); and

	• Incorporating applicable changes to disaster management legislation, regulations, frameworks and related policy requirements. The revised DMP should be practical, scientifically sound, implementable and audit-defensible, providing a clear framework for municipal officials and stakeholders to understand and manage disaster risks across the Stellenbosch municipal area. The final DMP must be more than a compliance document. It should provide a practical framework for municipal officials to understand, manage, and reduce disaster risks across Stellenbosch. It must be legally compliant, scientifically sound, and practical to implement, with risks clearly mapped and addressed at ward level. The completed plan should also be structured and documented to support a Level 3 compliance assessment.
Project Objective	The primary objective of the project is to develop and implement a comprehensive, integrated and climate-resilient Disaster Management Plan that strengthens Stellenbosch Municipality's capacity to reduce disaster risk and improve preparedness, response and recovery. The appointed service provider must ensure that the revised DMP: 1. Provides a current and evidence-based assessment of disaster risks, supported by appropriate risk identification, analysis and mapping at municipal and ward level; 2. Translates identified risks into practical risk reduction and mitigation measures, with clear responsibilities and implementation requirements; 3. Strengthens the integration of disaster risk management into the IDP, Spatial Development Framework (SDF), infrastructure planning, environmental management, budgeting and other relevant municipal processes; 4. Establishes a sustainable framework for maintaining the municipal disaster risk register and ensuring that emerging risks are continuously identified and assessed; 5. Provides practical measures for climate adaptation and resilience, taking into account current and projected climate-related hazards; 6. Strengthens institutional coordination, preparedness and response arrangements across municipal departments and relevant external stakeholders; and 7. Meets applicable legislative, regulatory and Provincial Disaster Management Centre requirements, with the completed DMP structured and documented to support a Level 3 compliance assessment.

	The completed DMP must therefore function as a practical management and decision-making tool, rather than merely a statutory compliance document, enabling Stellenbosch Municipality to proactively understand, reduce and manage risk and build a more resilient, prepared and safer municipality.
Legislative and Regulatory Framework	The revised Disaster Management Plan must demonstrate explicit alignment with legislation governing disaster risk management, environmental management, agriculture, water, biosecurity, and municipal governance. Core Disaster and Governance Legislation • Disaster Management Act 57 of 2002 (as amended) • National Disaster Management Framework 2005 • Municipal Systems Act 32 of 2000 • Municipal Finance Management Act 56 of 2003 • Western Cape PDMC Compliance Framework established in terms of section 28(3)(b) of the Disaster Management Act 57 of 2002 Climate and Environmental Legislation • South African Climate Change Act 22 of 2024 • National Environmental Management Act 107 of 1998 (NEMA) • National Environmental Management: Biodiversity Act 10 of 2004 • National Environmental Management: Air Quality Act 39 of 2004 Water Legislation • National Water Act 36 of 1998 • Water Services Act 108 of 1997 Agricultural and Biosecurity Legislation • Conservation of Agricultural Resources Act 43 of 1983 (CARA) • National Veld and Forest Fire Act 101 of 1998 • Animal Diseases Act 35 of 1984 • Agricultural Pests and Plant Health Legislation Act 35 of 2024 • Spatial Planning and Land Use Management Act 16 of 2013 (SPLUMA) • Preservation and Development of Agricultural Land Act (PDALA) Act 39 of 2024
Specific Requirements	The Disaster Management Plan must clearly identify and assess the climate-related risks facing Stellenbosch Municipality. This should include sudden events such as floods, severe storms, wildfires, and heatwaves, as well as longer-term risks such as drought, rising temperatures, water insecurity, and changes in agricultural productivity.

	Climate change should be considered a factor that increases the impact of other hazards, with reliable climate projections used to understand how risks may change towards mid-century. **The upgraded Disaster Management Plan must include as a minimum:** 1. Legislative, Policy and Institutional Compliance 2. Comprehensive Disaster Risk Assessment 3. Municipal Disaster Risk Register 4. A dedicated Climate Risk Chapter 4.1 Ward-Level Risk Identification and Mapping 4.2 Climate and Disaster Risk Prioritisation 4.3 Ward-level climate risk matrix to guide municipal planning and budgeting 5. Detailed Target Hazard Plans for the five highest-priority risks identified through the updated risk assessment. 6. Incident Management and Coordination 7. Agriculture and Rural Risk 8. Infrastructure and Essential Services Risk 9. Development, Land Use and Disaster Risk Reduction 10. Prevention, Mitigation and Risk Reduction 11. Early Warning and Monitoring 12. Preparedness, Response and Recovery 13. Community and Stakeholder Participation 14. Municipal Capacity and Resource Assessment 15. Implementation Framework 16. Integration with Municipal Planning and Budgeting 17. Monitoring, Evaluation and Review 18. As the final step before the completion of the Disaster Management Plan upgrade, the draft upgraded Disaster Management Plan must undergo a formal public participation process in accordance with applicable legislative, municipal and governance requirements with the inclusion of a comments register. **Overall Deliverable** The overarching requirement is that the appointed service provider must deliver a Level 3-compliant, climate-resilient and implementation-focused Disaster Management Plan that moves beyond a statutory compliance document and

	provides Stellenbosch Municipality with a living risk-management framework for understanding, reducing and managing current and future disaster risks. The Plan must ultimately enable the Municipality to anticipate risk, reduce vulnerability, strengthen preparedness, coordinate effectively during emergencies, recover sustainably and build long-term resilience. The plans should be included as annexures to the DMP and aligned with ICS/MAC principles and Provincial Disaster Management compliance requirements. Agriculture must also be treated as a key part of the municipality's disaster risk planning. This should include assessing agricultural vulnerability, wildfire risks, drought and irrigation pressures, livestock risks, biosecurity, and contingency planning for threats such as Foot-and-Mouth Disease (FMD) and drought. The overall outcome should be a Level 3-compliant Disaster Management Plan that is practical, measurable, audit-ready, and aligned with national and provincial disaster management requirements.
Project Structure – Two-Phase Approach	The project will be implemented over the period from appointment and MUST be concluded on or before 30 June 2029, through a structured two-phase approach, ensuring that updated risk evidence, institutional realities, and climate and agricultural risk drivers are progressively incorporated into the upgraded plan.
PHASE 1 – Enhanced Risk Analysis with Climate Integration and Agricultural Risks	In Phase 1, the service provider must conduct a comprehensive multi-hazard risk assessment that explicitly integrates climate change risks and the Municipality's agricultural exposure, while also analyzing infrastructure vulnerability, socio-economic risk drivers, and institutional capacity. This phase must establish a defensible, ward-based evidence platform and strengthen internal municipal capability to sustain ongoing risk assessment. Key focus areas must include: • Climate change impacts and climate risk amplification to 2050 • Agricultural biosecurity exposure, including FMD and Drought risk considerations • Infrastructure vulnerability and critical service exposure • Socio-economic vulnerability and risk drivers

	• Institutional capacity assessment (preparedness, response, coordination, and enabling systems) Phase 1 Deliverables must include: • Updated Ward-Based Risk Profile • Climate Risk Integration Report • Top 5 Hazard Prioritization List • Institutional Diagnostic Report • Risk Assessment Training and Capacity Building outputs (including materials and evaluation)
PHASE 2 – Target Hazard Plans and Level 3 upgrade	Phase 2 must translate the Phase 1 risk evidence into operational planning products and a fully revised Level 3 Disaster Management Plan, with a minimum of five Target Hazards Plans to be developed for the priority risks confirmed through the updated ward-based risk assessment and hazard prioritization process. These plans must be implementation ready and structured to function as operational annexures to the Level 3 DMP. Each Target Hazard Plan must include a minimum: • Scientific hazard profile. • Climate amplification analysis. • Geographic hotspot mapping. • Exposure and vulnerability assessment. • Prevention and risk reduction strategy. • Early warning mechanisms. • Activation and escalation protocols. • Sectoral responsibilities. • Resource requirements and funding pathways. • ICS integration and recovery framework. • Monitoring indicators and annual review mechanism. The final Level 3 Disaster Management Plan must include: • Governance structures. • MAC and ICS integration. • Activation triggers and escalation pathways. • Continuity of operations planning. • Emergency procurement pathways.

	• Monitoring and evaluation dashboard. • Climate adaptation mainstreaming. • Agricultural risk profiles.
Hazard Custodian Framework	To strengthen accountability and ensure implementation ability, the service provider must develop a formal Hazard Custodian Framework that clarifies sectoral responsibility and embeds hazard ownership within municipal governance and budgeting processes. This framework must: • Assign sectoral lead responsibility for each priority hazard • Define accountability mechanisms and reporting requirements • Link responsibilities to budget processes and planning instruments • Establish reporting templates to support oversight and audit trails • Clarify intergovernmental escalation pathways and support roles
Upgrade to Level 3 Disaster Management Plan	The final Level 3 Disaster Management Plan must be comprehensive, operational, and aligned to the Western Cape PDMC Level 3 compliance assessment requirements. It must include, at a minimum: • Governance structures • Multi-Agency Coordination and Incident Command System integration • Activation protocols, triggers, and escalation pathways • Continuity of operations planning • Emergency procurement pathways • Funding mobilisation framework • Data and reporting architecture • Post-disaster recovery framework • Monitoring and evaluation dashboard • Climate adaptation mainstreaming across hazards and sector plans • Sector integration annexures • Ward-level risk annexures • Agricultural risk profiles and agricultural biosecurity and FMD contingency annexure The final plan must be structured to be audit-defensible, measurable, and implementation-ready, and must support formal assessment against NDMC/PDMC Level 3 compliance criteria.

Implementation Roadmap	As part of the finalisation of Phase 2 and to ensure that the upgraded Level 3 Disaster Management Plan is operational and governance-ready, the appointed service provider must produce a comprehensive implementation package. This roadmap must translate the Plan into sequenced, costed, and accountable actions over a defined period and must strengthen institutional arrangements, compliance oversight, and inter-sectoral coordination. The implementation roadmap must not only set out projects and timelines, but must also formalise governance structures, including the regulation and establishment of a Municipal Disaster Management Forum in accordance with applicable legislation. The implementation roadmap deliverables must therefore include: ● An implementation roadmap outlining prioritised actions, sequencing, milestones, interdependencies, and accountable directorates ● A staffing and institutional capacity model that defines minimum functional requirements, organisational placement, role clarity, and cross-directorate coordination arrangements ● Clear articulation of budget implications, including indicative costing, funding prioritisation logic, and pathways for accessing provincial and national disaster grants ● A structured monitoring and compliance ladder setting minimum performance thresholds, compliance triggers, corrective action procedures, and reporting cycles ● An annual review mechanism specifying how the Disaster Management Plan, risk profile, and Target Hazard Plans will be reviewed, updated, and formally approved A Sendai-aligned reporting dashboard to support measurable outcome tracking, reporting to Council and provincial structures, and audit defensibility
Regulation and establishment of a Municipal Disaster Management Forum	As part of strengthening governance and cooperative disaster risk management, the service provider must develop a regulatory and operational framework for the formal establishment or refinement of a Municipal Disaster Management Forum, aligned with the Disaster Management Act and municipal governance requirements. The roadmap must therefore include: Regulatory framework and establishment provisions

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

	The provider must draft and develop: • The legal and policy basis for the Forum in terms of the Disaster Management Act • A proposed Council resolution framework to formally constitute the Forum • Draft Terms of Reference for the Forum • Membership criteria and appointment procedures • Reporting lines to the Municipal Manager and Council Composition of the Disaster Management Forum The implementation roadmap must clearly define who forms part of the Forum, including Representation from: • Disaster Management Unit • Fire Services • Infrastructure and Engineering • Planning and Development • Environmental Management • Agricultural sector representatives • Water and sanitation services • Community Services • Finance • Law Enforcement and Safety • Cape Winelands District Municipality • Provincial Disaster Management Centre • Key external stakeholders where appropriate (for example, agricultural associations, emergency services, utilities) 3. Roles and responsibilities The Forum's functions must be clearly articulated, including responsibility for: • Oversight of disaster risk reduction mainstreaming • Review and validation of ward-based risk assessments • Monitoring implementation of Target Hazard Plans • Supporting climate adaptation integration • Ensuring sectoral hazard custodian accountability • Reviewing post-incident reports and lessons learnt • Advising on funding motivations and risk prioritisation

	• Supporting annual review of the Disaster Management Plan
Contribution expectations	The roadmap must specify what members are required to bring to the Forum, including: • Sector-specific risk intelligence • Infrastructure and asset vulnerability data • Budget input and project pipelines • Climate and environmental data • Agricultural risk insights • Operational response feedback • Compliance and regulatory updates The Forum must be positioned as a functional coordination and governance mechanism, not merely an information-sharing platform.
Expected Outcomes	Upon completion of the programme, Stellenbosch Municipality must demonstrate enhanced planning maturity, improved governance coherence, and strengthened compliance readiness. The project must deliver a Level 3 compliant, climate-integrated, and agriculturally informed Disaster Management Plan supported by institutionalised oversight structures. Expected outcomes include: • Scientifically defensible ward-based risk intelligence • Explicitly quantified climate change risks, including amplification of priority hazards to 2050 • Agricultural biosecurity integration, including FMD and Drought preparedness considerations • Minimum of five operational, implementation-ready Target Hazard Plans • A Level 3 compliant Disaster Management Plan aligned to Western Cape PDMC standards • Institutionalised municipal risk assessment capacity • A functional Disaster Management Forum with defined governance and accountability roles • A sectoral hazard accountability framework linked to budgeting and reporting

16. PRE-QUALIFICATION

Proof of Contactable References is required, as indicated below, and must accompany each proposal, if not it will be regarded as non-responsive.

To ensure the Municipality receives a Level 3 compliant, implementable plan, the appointed service provider must demonstrate not only technical competence in disaster risk assessment and plan development but also proven training capability to build municipal capacity.

This includes demonstrable ability to deliver structured training interventions such as ICS and Multi-Agency Coordination (MAC) training and risk assessment training, with evidence of prior delivery, facilitation experience, and appropriate training materials.

1. LEAD EXPERT (TEAM LEADER)

The Team Leader must provide overall technical leadership, methodological assurance, governance alignment, and quality control, while also being capable of delivering and supervising the required training components.

Minimum requirements:

- An Honours degree in Disaster Management, Climate Science, Agricultural Sciences, Environmental Risk, or related field
- Disaster risk assessment experience (multi-hazard and spatially explicit approaches)
- Disaster Management Plan development and climate integration experience
- Experience in risk assessment training (required for Level 3 plan development)
- Ability to design and deliver training, supported by evidence of prior delivery, including:
  - Risk assessment training
  - ICS and MAC-related training or facilitation (or equivalent incident coordination and multi-agency coordination training)

Development of disaster management training materials, facilitation guides, and structured capacity-building programmes

2. SENIOR TECHNICAL DISASTER MANAGEMENT SPECIALIST

The Senior Technical Disaster Management Specialist must take day-to-day technical responsibility for the detailed drafting, structuring, and operational design of the Target Hazard Plans and the Level 3 Disaster Management Plan.
The role requires a strong applied understanding of municipal disaster governance and the ability to translate risk evidence into workable coordination arrangements, protocols, and implementable actions. The specialist must also be capable of facilitating practical training and simulation-based exercises with municipal officials to support institutional capability.

Minimum requirements:

- Degree in Disaster Management, Risk Management, Environmental Management, Public Administration, or a closely related field
- Minimum 3 years demonstrated experience in developing, reviewing, or upgrading Disaster Management Plans

STELLENBOSCH
STELLENBOSCH • PNIEL • FRANSCHHOEK
MUNISIPALITEIT • UMASIPALA • MUNICIPALITY

- Experience in risk assessment training and facilitation, including the ability to develop training materials and lead applied learning sessions
- Ability to facilitate practical coordination exercises, including ICS and Multi-Agency Coordination (MAC) aligned simulations, tabletop exercises, or operational workshops
- Competence in integrating agricultural risk considerations into municipal planning outputs, including rural exposure, agricultural infrastructure vulnerability, and biosecurity-related risk dynamics

3. SENIOR TECHNICAL AGRICULTURE SPECIALIST

The Senior Technical Agricultural Specialist must lead the agricultural risk and biosecurity components of the risk assessment and planning outputs, ensuring that agricultural production systems, rural vulnerability, and livestock disease risks are appropriately reflected in the risk profile, Target Hazard Plans, and contingency arrangements.

Minimum requirements:

- Degree in Agriculture, Agricultural Economics, or a closely related field
- Environmental and agricultural biosecurity knowledge, including livestock disease and outbreak preparedness considerations
- Understanding of agricultural risk drivers, seasonal exposure patterns, and rural vulnerability dynamics
- Minimum 3 years relevant professional experience in agricultural risk, biosecurity planning, advisory services, or applied sector work

To ensure spatial defensibility, compliance readiness, and high-quality outputs, the service provider must also include:

- A GIS specialist with experience in ward-level hazard, exposure, and vulnerability mapping and production of decision-support maps
- Demonstrated experience in developing Level 3 Disaster Management Plans, including compliance-ready annexures and operational protocols
- Demonstrated experience working within Provincial Disaster Management compliance expectations, including preparation and verification of plans.
