6. GENERAL CONDITIONS OF CONTRACT – GOVERNMENT PROCUREMENT

1. DEFINITIONS

The following terms shall be interpreted as indicated:

- 1.1. "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
- 1.2. "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- 1.3. "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
- 1.4. "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
- 1.5. "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally
- 1.6. "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7. "Day" means calendar day.
- 1.8. "Delivery" means delivery in compliance of the conditions of the contract or order.
- 1.9. "Delivery ex stock" means immediate delivery directly from stock actually on hand
- 1.10. "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
- 1.11. "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
- 1.12. "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable.
- 1.13. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.14. "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.15. "GCC" means the General Conditions of Contract.
- 1.16. "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.17. "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.18. "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.

-
- 1.19. "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.20. "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.21. "Project site" where applicable, means the place indicated in bidding documents.
- 1.22. "Purchaser" means the organization purchasing the goods.
- 1.23. "Republic" means the Republic of South Africa.
- 1.24. "SCC" means the Special Conditions of Contract.
- 1.25. "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.26. "Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
- 1.27. "Tort" means in breach of contract.
- 1.28. "Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
- 1.29. "Written" or "in writing" means handwritten in ink or any form of electronic or mechanical writing.

2. Application

- 2.1. These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2. Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3. Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

- 3.1. Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2. Invitations to bid are usually published in locally distributed news media and on the municipality / municipal entity website.

4. Standards

- 4.1. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

- 5.1. The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
- 5.2. The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3. Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

- 5.4. The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

- 6.1. The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 6.2. When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.

7. Performance security

- 7.1. Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
- 7.2. The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3. The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- 7.3.1. bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
- 7.3.2. a cashier's or certified cheque
- 7.4. The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.

8. Inspections, tests and analyses

- 8.1. All pre-bidding testing will be for the account of the bidder. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspections tests and analysis, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser.
- 8.2. If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.3. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.4. Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.5. Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.

8.6. Any contract goods may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods which do comply with the requirements of the contract. Failing such removal the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.

8.7. The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.

9. Packing

9.1. The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2. The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, and in any subsequent instructions ordered by the purchaser.

10. Delivery

Delivery of the goods shall be made by the supplier in accordance with the documents and terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified.

11. Insurance

The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation

Should a price other than an all-inclusive delivered price be required, this shall be specified.

13. Incidental

13.1. The supplier may be required to provide any or all of the following services, including additional services, if any:

13.1.1. performance or supervision of on-site assembly and/or commissioning of the supplied goods;

13.1.2. furnishing of tools required for assembly and/or maintenance of the supplied goods;

13.1.3. furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;

13.1.4. performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

13.1.5. training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2. Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1. As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

14.1.1. such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;

14.1.2. in the event of termination of production of the spare parts:

14.1.2.1. advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and

14.1.2.2. following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1. The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2. This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3. The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4. Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5. If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1. The method and conditions of payment to be made to the supplier under this contract shall be specified.

16.2. The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.

16.3. Payments shall be made by the purchaser **no later than thirty (30) days** after submission of an **invoice, statement** or claim by the supplier.

16.4. Payment will be made in Rand unless otherwise stipulated.

17. Prices

Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

18. Variation orders

In cases where the estimated value of the envisaged changes in purchase does not vary more than 15% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price and such offers, may be accepted provided that there is no escalation in price.

19. Assignment

The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract, if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1. Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2. If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.4. Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22 without the application of penalties.

21.5. Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1. The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

23.1.1. if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;

23.1.2. if the Supplier fails to perform any other obligation(s) under the contract; or

23.1.3. if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2. In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3. Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4. If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.
- 23.5. Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchase actively associated.
- 23.6. If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
- 23.6.1. the name and address of the supplier and / or person restricted by the purchaser;
 - 23.6.2. the date of commencement of the restriction
 - 23.6.3. the period of restriction; and
 - 23.6.4. the reasons for the restriction.
- These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.
- 23.7. If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

When, after the date of bid, provisional payments are required, or antidumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.

25. Force Majeure

- 25.1. Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2. If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3. Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4. Notwithstanding any reference to mediation and/or court proceedings herein,

27.4.1. the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

27.4.2. the purchaser shall pay the supplier any monies due for goods delivered and / or services rendered according to the prescripts of the contract.

28. Limitation of liability

28.1. Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

28.1.1. the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

28.1.2. the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment

29. Governing language

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31. Notices

31.1. Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice

31.2. The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

32.1. A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

32.2. A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3. No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.

32.4. No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.

33. Transfer of contracts

The contractor shall not abandon, transfer, cede, assign or sublet a contract or part thereof without the written permission of the purchaser.

34. Amendment of contracts

No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

35. Prohibition of restrictive practices.

35.1. In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding.

35.2. If a bidder(s) or contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 Of 1998.

35.3. If a bidder(s) or contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

General Conditions of Contract (revised July 2010)

12. MBD 9 – CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).⁴ Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION:

In response to the invitation for the bid made by:

STELLENBOSCH MUNICIPALITY

I, the undersigned, in submitting the accompanying bid, hereby make the following statements that I certify to be true and complete in every respect:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

⁴ Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

- 5.1. has been requested to submit a bid in response to this bid invitation;
 - 5.2. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - 5.3. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium⁵ will not be construed as collusive bidding.
 7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - 7.1. prices;
 - 7.2. geographical area where product or service will be rendered (market allocation)
 - 7.3. methods, factors or formulas used to calculate prices;
 - 7.4. the intention or decision to submit or not to submit, a bid;
 - 7.5. the submission of a bid which does not meet the specifications and conditions of the bid; or
 - 7.6. bidding with the intention not to win the bid.
 8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
 10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

13. MBD 10 – CERTIFICATE FOR PAYMENT OF MUNICIPAL SERVICES

DECLARATION IN TERMS OF CLAUSE 112(1) OF THE MUNICIPAL FINANCE MANAGEMENT ACT (NO.56 OF 2003)

I, _____, _____ (full name and ID no.), hereby acknowledge that according to SCM Regulation 38(1)(d)(i), the Municipality may reject the tender of the tenderer if any municipal rates and taxes or municipal service charges owed by the Tenderer or any of its directors/members/partners to the Stellenbosch Municipality, or to any other municipality or municipal entity, are in arrears for more than 3 (three) months.

I declare that I am duly authorised to act on behalf of _____ (name of the firm) and hereby declare, that to the best of my personal knowledge, neither the firm nor any director/member/partner of said firm is in arrears on any of its municipal accounts with any municipality in the Republic of South Africa, for a period longer than 3 (three) months.

I further hereby certify that the information set out in this schedule and/or attachment(s) hereto is true and correct. The Tenderer acknowledges that failure to properly and truthfully complete this schedule may result in the tender being disqualified, and/or in the event that the tenderer is successful, the cancellation of the contract.

PART B – SPECIFICATIONS AND PRICING SCHEDULE

16. SPECIFICATIONS

Specification for the supply, delivery and off-loading of type B miniature substations and distribution transformers with rating up to 1000kVA

1 Introduction

The Stellenbosch Municipality utilised miniature substations throughout its distribution network for the supply and distribution of power to its customers. The purpose of this document is for the requirement specification when type B miniature substations are needed to be procured for new expansions and replacements. It is the objective of this tender to appoint a service provider for the supply and delivery of type B miniature substations and distribution transformers with rating up to 1000kVA

2 Background

The Electrical Services has implemented a replacement program to be able to carry out identified replacements of existing obsolete miniature substations which has reach the end of their life cycle or are in need to be upgraded due to load growth in the supply areas of such miniature substations. This is to ensure the growing demand of electricity is accommodated and to improve network stability and quality of the electrical service.

3 Scope

This document sets out the minimum requirements for the selection, manufacture, testing and supply of outdoor type B miniature substations. The design voltage rating is at 11kV with a rating not exceeding 1000kVA.

It should be notes that preference will be given to offers that will meet the consideration to rationalize the design of miniature substations. This will affect the direct and indirect costs to the Municipality and the manufacturer's delivery times.

4 Special conditions of tender

The Municipality will not be bound to consider alternative offers.

4.1 All relevant specifications of equipment offered and supporting documentation of the tender must be attached at the back of this document.

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

- 4.2 This tender document must not be dismembered (Do not take it apart or put documents between its pages). The tender document and all relevant specifications and attachments thereto must be binded together in a suitable binder.
- 4.3 A copy of the completed returnable documents in PDF electronic file format included on USB only with tender is requested but not compulsory.
- 4.4 Stellenbosch Municipality does not bind itself to accept the lowest or any tender.
- 4.5 Stellenbosch Municipality reserves the right to adjust the quantities and scope of this tender should it be necessary due to budget considerations and other related reasons.
- 4.6 Nothing in this specification shall lessen the obligations of the supplier. The supplier shall be fully responsible for the design and its satisfactory performance in service.
- 4.7 Approval by Stellenbosch Municipality shall not relieve the supplier of the responsibility for the adequacy of the design

Project insurance

- 4.8 The insured amount shall be 100 % of the final contract price, including replacement values of the equipment.
- 4.9 A third-party insurance provided by the Tenderer must remain in full force for the duration of this project. It will be required that evidence of this insurance must be submitted by the successful Tenderer within 14 days after official appointment.

5 Pre-Qualification

- 5.1 Manufacturers and or supplier must submit proof of original equipment manufacturer (OEM) or appointed agent for the items offered in this tender.
- 5.2 The Miniature substations and distribution transformers must comply with the general specification of this tender.
- 5.3 Quality accreditation:

The switchgear manufacturers and suppliers must have a valid SABS ISO 9001 – 2008 or higher accreditation for their manufacturing process to be eligible for qualification for this tender.

5.4 Similar projects successfully completed

Requirement for Submission of References with Tender Submission

Purpose:

The submission of references is a critical part of the tender process to demonstrate the bidder's experience, reliability, and ability to meet the requirements of the project. Bidders must provide a minimum of 3 (Three) references to support their tender submission.

References for projects must be based on completed projects within the last 10 years.

Reference Content:

Each reference must include the following details:

Client Name: The name of the organization or individual for whom the work was completed.

Project Title/Description: A brief description of the project, including the scope of work and key deliverables.

Project Value: The total value of the project or contract.

Completion Date: The start and completion dates of the project.

Eligibility of References:

References must be completed on the schedule provided in the tender document (Completed Contracts)

References must be submitted with the tender proposal by the tender submission deadline.

Bidders may be required to provide additional details or clarification about the references upon request.

6 Tender Evaluation

6.1 All tenders received will be evaluated in terms of the Specification and the requirements of this tender document as well as the Supply Chain Management Regulations, and the Stellenbosch Municipality Supply Chain Management Policy.

6.2 The Tenderer may submit for either Miniature Substations or Distribution Transformers or both.

6.3 The tender will be awarded to the bidder(s) scoring the highest points for the specific item (Item A – Miniature Substations / Item B – Distribution Transformers), as per the pricing schedule. The bidder with the highest number of points per Item

PRINT NAME:			
CAPACITY:		Name of firm	
SIGNATURE:		DATE:	

will be appointed as preferred bidder, the bidder with the second highest number of points will only be appointed on an ad hoc basis, should the bidder with the highest number of points be unavailable to deliver.

6.4 The tenders will be evaluated in terms of the low losses' calculations. Miniature substations and distribution transformers with the lowest losses and the lowest cost of ownership to the Municipality will be considered.

7 Pricing conditions

Prices shall be fixed for the duration of each financial year. The bidder shall offer prices in this bid that will be valid and fixed as from commencement date of the end of first contractual municipal financial year. During the first month of each financial year (July), the successful bidder will have the opportunity to adjust the offered prices in this bid based on SEIFSA's CPA (Consumer Price Adjustment). The bidder shall offer supporting documentation to the Municipality to justify any price adjustment that might be required. The successful bidder shall be responsible to contact the client to ensure that any price adjustment requests are requested and implemented accordingly. The price adjustment phase will only be valid during the first month of each financial year. Should this opportunity be missed by the successful bidder, the Municipality will deem the previous financial year's rates as valid for the duration of the following financial year and same rates will be used as a base rate for the next price adjustment the following year. The successful bidder will under these circumstances be forced to accept these conditions as part of this contract commitment.

Miniature substation transformer interchangeability:	All miniature substation transformers must be able to easily be exchanged with the minimum disassembly of the miniature substation and must be able to be done on site where the miniature substation is installed. The following transformer ratings must be the same physical sizes: - 315, 500, 630, 800kVA. The 1000 and miniature substation is excluded from this requirement. Proof of this must be submitted in the form of proposed drawings with the tender returnable documents.	
Compartment assembly	A 5 mm thick cork packing shall be installed between the miniature substation end compartments and the transformer tank section, between the base and the end compartments, and between the base and the transformer tank section.	
Doors	The doors shall be designed to be closing flush with the body of the miniature substation and the stainless-steel door hinges shall be the concealed type. A door hinge stop shall be provided on the inside of the doors to prevent the door from swinging. The doorstop shall be designed and manufactured strong enough not to easily bend or deform in case of strong winds. Ventilation louvers shall be provided on the miniature substation doors. Louvers shall not be provided on the roof section of the miniature substation. A 6 mm vermin mesh shall be provided on the inside of the louver.	
Standard door locking mechanism	Compartment doors fastening/locking (pad lockable) three points locking with 10mm sunken captive socket heptagon type Allen cap screw to lock the handle in the closed position.

Total mass	As per supplier's design. Not exceeding 5600 kg up to the 1000 kVA rated	
Dimensions	As per supplier's design and Stellenbosch Municipality approval. All miniature substations must be able to fit on the standard plinths in use by the Municipality. (Typical B – type minisub station design)	
MV switchgear, LV panel, LV metering and transformer	Required to be housed in separate constructed compartments with dedicated doors. The MV side must have double doors hinges on the sides of the compartments and opening from the middle outwards.	
Lifting lugs for miniature substation	Provision for lifting of complete miniature substation onto a concrete plinth without need for dismantling. The position of the lugs shall take the centre of gravity of the entire miniature substation into consideration so that the unit is evenly balanced. It shall not be necessary to remove the roof of the mini substation for moving of the unit.	

Materials and corrosion protection

Complete enclosure: (Roof, compartments, doors and transformer tank)	The units shall be manufactured from 3CR12 stainless steel with thickness of 3 to 6 mm. The latter thickness shall apply to mild steel parts as well. The thickness of the material must be indicated in the tender offers.	
Transformer tank (inside)	Shall be manufactured from sheet steel and zinc metal sprayed in accordance with SANS 780.	
Radiator	Hot –dipped galvanized mild steel	
Base	Hot-dipped galvanized steel channel coated with black epoxy tar paint.	
All compartments inside panels	3CR12 powder coated with white paint.

Routine test certificates (2 sets) as per SANS 780	Full routine test certificates shall be provided with the miniature substations and transformers supplied. Original manufacturer's test certificates/reports for bought-out (out-sourced) equipment shall be provided with the equipment supplied. The above is required for each miniature substation and transformer supplied. Test certificates for each unit shall be traceable by reference to the manufacturer's serial reference number marked on the unit.	
Operating and maintenance manuals for ring main unit,	Installation, operating and maintenance instructions (3 sets)	
Metering	Calibration certificate for the electronic meters from a SANAS accredited lab.	
Testing of complete miniature substations and transformers	<p>The Engineer reserves the right to witness any or all these tests. The supplier or manufacturer shall demonstrate an ability to provide means to enable the Engineer or his duly representative to witness such tests.</p> <p>Suppliers are requested to indicate their compliance with the relevant standard at the tendering stage and shall submit all the required type tests and design drawings.</p> <p>If the equipment offered has been tested for compliance with an internationally accepted standard, The Engineer may accept those test reports in place of the tests covered by this specification.</p> <p>Type tests as specified in SANS 780 and SANS 60076-1/3 (temperature rise, voltage withstand dielectric), tank stiffness and, if applicable, corrugated tank fatigue type tests) shall be carried out on the transformer.</p> <p>The insulation levels of the transformer windings shall be tested in accordance with table 1.</p> <p>The transformer temperature rise test shall be carried out on the complete mini sub in accordance with SANS 61330 with the compartment doors closed.</p> <p>Short-circuit withstand test in accordance with SANS 60076-5.</p>

16 MV Ring main unit:

	<p>Specifications:</p> <p>The MV ring main unit shall comply with the specifications of the Stellenbosch Municipality for non-extensible ring main units.</p> <p>The design and construction of the miniature substation shall complement the internal arc-test requirements of the RMU. The miniature substation shall be tested to assess the effects of arcing due to an internal fault inside the RMU. The minimum fault current inside the RMU shall be equal to the rated short time withstand current of the RMU. The minimum duration of the fault shall be 0, 5 seconds. The miniature substation is intended to be installed in a site of unrestricted public accessibility and shall thus be tested with indicators placed in the front, lateral and rear sides (AB classification) of the miniature substation as per clause 6.106 and Annex A of SANS 62271-200.</p> <p>1. Connections between ring main unit and transformer For connections between RMU circuit breaker and transformer, MV, type C bushings shall be screened, Type B, 35mm² copper/aluminium, single-core XLPE cables that comply with SANS 1339. The screens shall be earthed on the RMU side only. Type 4 SSC terminations as per NRS 012 shall be supplied. Fully screened separable connectors complying with NRS 053 shall be installed at both ends of the above screened tails.</p> <p>Venting of the internal arc emissions (i.e., gas flow) shall be directed upwards as miniature substations are normally installed on concrete plinths with the MV cable entry through the concrete plinth sealed with a sand-cement (10:1mix) screed. Individual cable compartment and SF₆ switchgear chamber venting ducts are not required. The designation of IAC classification shall be clearly shown on a label provided in the MV compartment of the miniature substation. The label shall be clearly visible to the operator.</p>

Specification for distribution transformers with rating to the maximum of

1. General			
	<p>The specification covers the requirements for Distribution Transformers. Distribution Transformers shall be manufactured in accordance with SANS 780. The specific requirements for Stellenbosch Municipality are specified below. Where conflicting requirements with the SANS 780 occur, this specification shall take precedence.</p> <p>The unit shall be three-phase, oil-immersed or dry naturally cooled. The insulating oil shall comply with the requirements of SANS 780.</p> <p>Nothing in this specification shall lessen the obligations of the supplier. The supplier shall be fully responsible for the design and its satisfactory performance in service. Approval by Stellenbosch Municipality shall not relieve the supplier of the responsibility for the adequacy of the design.</p> <p>Load and no-load losses, the percentage impedance and the X/R ratio of the transformer shall be stated in returnable schedules of this tender document. The load losses and the percentage impedance shall be stated at 80°C, in accordance with SANS 780.</p>

Tap Settings	Range of $\pm 6\%$ with incremental steps of 3% - 6%, -3%, 0%, +3%, +6%	
Tapping selection (Rotary type)	Off load with locking facilities	
Oil level indicator	A robust oil level indicator shall be fitted on the LV side of the transformer. It shall not be subject to discolouration or deformity when exposed to heat generated within the MSS. Perspex or plastic oil level indicators shall not be accepted. The oil level indicator shall be clearly visible to the operator when standing at the open MSS door.	
MV bushings –	Bolted type with an M16 x 2 thread. Internal screens which shall be earthed are required. Type C EN 50180	
Dimensions	As per supplier's design and Stellenbosch Municipalities approval.	
Transformer tank (inside)	Shall be manufactured from sheet steel and zinc metal sprayed in accordance with SANS 780.

Lifting lugs – all transformers:	Provision for lifting of transformers shall be welded on the main tank for installing and removing thereof. The position of the lugs shall take the centre of gravity of the transformers into consideration so that the unit is evenly balanced.	
Pole mounting: Only for 100, 200 kVA rating	The design for pole mounting shall be for a single pole construction. There shall be a top and bottom clamp type so that the transformers can be mounted on a single transmission pole.	
Surge arrestor brackets: Pole mount only	Standard “L” type surge arrestor brackets shall be welded under the MV bushing side for the fitment of 12 kV silicon type surge arrestors.	
Wheels for Free Standing Units: only 315, 500, 630, 800,1000kVA rating	Steel wheels suitable for the weight of the transformers shall be fitted on the base frame of the transformers in order to move the latter in place. The wheel shall be mounted on solid steel shafts running through the base channel of the transformers. The wheels shall be locked on the shaft by means of a minimum 6mm split pin which shall fit through a drilled hole in the shaft not further that 20 mm from the end of the shaft.	
Earthing	The transformer earth terminal shall be a 30 mm long stainless-steel stud with an M12 thread throughout, welded to the transformer tank. The earth stud shall be fitted with a M12 stainless steel nut of grades 304 and 316 respectively, washer and spring washer. There shall be identical earth studs on the MV side and on the LV side. These studs shall be welded in the centre on the tank and 100mm from the bottom of the tank.
